Date(s) of NOE(s): October 18, 2022

Executive Summary – Enforcement Matter – Case No. 63354
Trinity Rural Water Supply Corporation
RN102687134
Docket No. 2022-1583-PWS-E

Violation Information

1. Failed to plug an abandoned public water supply well with cement or submit test results proving that the well is in a non-deteriorated condition. Specifically, Well No. 2 has been out of service since September 2016 and has not been plugged [30 TEX. ADMIN. CODE § 290.46(u)].
2. Failed to ensure that clearwells and potable water storage tanks, including associated appurtenances such as valves, pipes, and fittings, are thoroughly tight against leakage. Specifically, the West standpipe had holes in the roof [30 TEX. ADMIN. CODE § 290.43(c)(6)].
3. Failed to ensure that all clearwells, ground storage tanks, standpipes, and elevated storage tanks are painted, disinfected, and maintained in strict accordance with current American Water Works Association ("AWWA") standards. Specifically, the West standpipe had a significant amount of mildew and rust [30 TEX. ADMIN. CODE § 290.43(c)(8)].
4. Failed to maintain water works operation and maintenance records and make them readily available for review by the Executive Director upon request. Specifically, the records of the amount of each chemical used each day were not maintained on-site for review [30 TEX. ADMIN. CODE § 290.46(f)(3)(A)(i)(II)].
5. Failed to ensure that the electrical wiring is securely installed in compliance with a local or national electrical code. Specifically, the electrical wiring was not properly installed in the conduit near the caustic container and near the floor vent in the chlorine room [30 TEX. ADMIN. CODE § 290.46(v)].
6. Failed to comply with the minimum production capacity. Specifically, in a letter dated September 22, 2016, the Facility was granted an alternative capacity requirement of 0.32 gallons per minute ("gpm") per connection. The Facility had 464 connections requiring 148.48 gpm. However, only 100 gpm of production capacity was provided, indicating a 33% deficiency [30 TEX. ADMIN. CODE § 290.45(b)(1)(D)(i) and TEX. HEALTH & SAFETY CODE § 341.0315(c)].

Corrective Actions/Technical Requirements

Corrective Action(s) Completed:

N/A

Technical Requirements:

The Order will require the Respondent to:

- a. Within 30 days:

Executive Summary – Enforcement Matter – Case No. 63354
Trinity Rural Water Supply Corporation
RN102687134
Docket No. 2022-1583-PWS-E

- i. Compile and maintain properly completed water works operation and maintenance records, including but not limited to the amount of each chemical used each day; and
 - ii. Secure the electrical wiring in compliance with a local or national code for the conduit near the caustic container and near the floor vent in the chlorine room.
- b. Within 45 days, submit written certification to demonstrate compliance with a.
- c. Within 60 days, ensure that the Facility's West standpipe is painted, disinfected, and maintained in strict accordance with current AWWA standards.
- d. Within 75 days, submit written certification to demonstrate compliance with c.
- e. Within 90 days:
- i. Plug the abandoned public water supply Well No. 2 with cement or submit test results proving that the well is in a non-deteriorated condition; and
 - ii. Ensure that clearwells and potable water storage tanks, including associated appurtenances such as valves, pipes, and fittings, are thoroughly tight against leakage, including but not limited to repairing the holes that were observed on the roof of the West standpipe.
- f. Within 105 days, submit written certification to demonstrate compliance with e.
- g. Within 180 days, provide a total production capacity of at least 0.32 gpm per connection.
- h. Within 195 days, submit written certification to demonstrate compliance with g.

TEXAS COMMISSION ON ENVIRONMENTAL QUALITY

IN THE MATTER OF AN
ENFORCEMENT ACTION
CONCERNING
TRINITY RURAL WATER SUPPLY
CORPORATION
RN102687134

§
§
§
§
§

BEFORE THE
TEXAS COMMISSION ON
ENVIRONMENTAL QUALITY

AGREED ORDER DOCKET NO. 2022-1583-PWS-E

I. JURISDICTION AND STIPULATIONS

On _____, the Texas Commission on Environmental Quality ("the Commission" or "TCEQ") considered this agreement of the parties, resolving an enforcement action regarding Trinity Rural Water Supply Corporation (the "Respondent") under the authority of TEX. HEALTH & SAFETY CODE ch. 341. The Executive Director of the TCEQ, through the Enforcement Division, and the Respondent together stipulate that:

1. The Respondent owns and operates a public water supply located at 4188 Farm-to-Market 355 near Groveton, Trinity County, Texas (the "Facility"). The Facility provides water for human consumption, has approximately 464 service connections, and serves at least 25 people per day for at least 60 days per year. As such, the Facility is a public water system as defined in 30 TEX. ADMIN. CODE § 290.38(73).
2. The Executive Director and the Respondent agree that the TCEQ has jurisdiction to enter this Order pursuant to TEX. WATER CODE § 7.002 and TEX. HEALTH & SAFETY CODE § 341.049, and that the Respondent is subject to TCEQ's jurisdiction. The TCEQ has jurisdiction in this matter pursuant to TEX. WATER CODE § 5.013 and TEX. HEALTH & SAFETY CODE § 341.031 because it alleges violations of TEX. HEALTH & SAFETY CODE ch. 341 and the rules of the TCEQ.
3. The occurrence of any violation is in dispute and the entry of this Order shall not constitute an admission by the Respondent of any violation alleged in Section II ("Allegations"), nor of any statute or rule.
4. An administrative penalty in the amount of \$8,300 is assessed by the Commission in settlement of the violations alleged in Section II ("Allegations"). The Respondent paid \$6,640 of the penalty and \$1,660 is deferred contingent upon the Respondent's timely and satisfactory compliance with all the terms of this Order. The deferred amount shall be waived only upon full compliance with all the terms and conditions contained in this Order. If the Respondent fails to timely and satisfactorily comply with any of the terms or requirements contained in this Order, the Executive Director may demand payment of all or part of the deferred penalty amount.
5. The Executive Director and the Respondent agree on a settlement of the matters alleged in this enforcement action, subject to final approval in accordance with 30 TEX. ADMIN. CODE § 70.10(a). Any notice and procedures, which might otherwise be authorized or

required in this action, are waived in the interest of a more timely resolution of the matter.

6. The Executive Director may, without further notice or hearing, refer this matter to the Office of the Attorney General of the State of Texas ("OAG") for further enforcement proceedings if the Executive Director determines that the Respondent has not complied with one or more of the terms or conditions in this Order.
7. This Order represents the complete and fully integrated agreement of the parties. The provisions of this Order are deemed severable and, if a court of competent jurisdiction or other appropriate authority deems any provision of this Order unenforceable, the remaining provisions shall be valid and enforceable.
8. This Order shall terminate five years from its effective date or upon compliance with all the terms and conditions set forth in this Order, whichever is later.

II. ALLEGATIONS

During a record review for the Facility conducted on September 21, 2022, an investigator documented that the Respondent:

1. Failed to plug an abandoned public water supply well with cement in accordance with 16 TEX. ADMIN. CODE ch. 76 or submit test results proving that the well is in a non-deteriorated condition, in violation of 30 TEX. ADMIN. CODE § 290.46(u). Specifically, Well No. 2 has been out of service since September 2016 and has not been plugged.
2. Failed to ensure that clearwells and potable water storage tanks, including associated appurtenances such as valves, pipes, and fittings, are thoroughly tight against leakage, in violation of 30 TEX. ADMIN. CODE § 290.43(c)(6). Specifically, the West standpipe had holes in the roof.
3. Failed to ensure that all clearwells, ground storage tanks, standpipes, and elevated storage tanks are painted, disinfected, and maintained in strict accordance with current American Water Works Association ("AWWA") standards, in violation of 30 TEX. ADMIN. CODE § 290.43(c)(8). Specifically, the West standpipe had a significant amount of mildew and rust.
4. Failed to maintain water works operation and maintenance records and make them readily available for review by the Executive Director upon request, in violation of 30 TEX. ADMIN. CODE § 290.46(f)(3)(A)(i)(II). Specifically, the records of the amount of each chemical used each day were not maintained on-site for review.
5. Failed to ensure that the electrical wiring is securely installed in compliance with a local or national electrical code, in violation of 30 TEX. ADMIN. CODE § 290.46(v). Specifically, the electrical wiring was not properly installed in the conduit near the caustic container and near the floor vent in the chlorine room.
6. Failed to comply with the minimum production capacity, in violation 30 TEX. ADMIN. CODE § 290.45(b)(1)(D)(i) and TEX. HEALTH & SAFETY CODE § 341.0315(c). Specifically, in a letter dated September 22, 2016, the Facility was granted an alternative capacity requirement of 0.32 gallons per minute ("gpm") per connection. The Facility had 464 connections

requiring 148.48 gpm. However, only 100 gpm of production capacity was provided, indicating a 33% deficiency.

III. DENIALS

The Respondent generally denies each allegation in Section II ("Allegations").

IV. ORDERING PROVISIONS

NOW, THEREFORE, THE TEXAS COMMISSION ON ENVIRONMENTAL QUALITY ORDERS that:

1. The Respondent is assessed a penalty as set forth in Section I, Paragraph No. 4. The payment of this penalty and the Respondent's compliance with all of the requirements set forth in this Order resolve only the allegations in Section II. The Commission shall not be constrained in any manner from requiring corrective action or penalties for violations which are not raised here. Penalty payments shall be made payable to "TCEQ" and shall be sent with the notation "Re: Trinity Rural Water Supply Corporation, Docket No. 2022-1583-PWS-E" to:

Financial Administration Division, Revenue Operations Section
Attention: Cashier's Office, MC 214
Texas Commission on Environmental Quality
P.O. Box 13088
Austin, Texas 78711-3088

2. The Respondent shall undertake the following technical requirements:
 - a. Within 30 days after the effective date of this Order:
 - i. Compile and maintain properly completed water works operation and maintenance records, including but not limited to the amount of each chemical used each day, in accordance with 30 TEX. ADMIN. CODE § 290.46; and
 - ii. Secure the electrical wiring in compliance with a local or national code for the conduit near the caustic container and near the floor vent in the chlorine room, in accordance with 30 TEX. ADMIN. CODE § 290.46.
 - b. Within 45 days after the effective date of this Order, submit written certification as described in Ordering Provision No. 2.h below, and include detailed supporting documentation including photographs, receipts, and/or other records to demonstrate compliance with Ordering Provision Nos. 2.a.i and 2.a. ii.
 - c. Within 60 days after the effective date of this Order, ensure that the Facility's West standpipe is painted, disinfected, and maintained in strict accordance with current AWWA standards, in accordance with 30 TEX. ADMIN. CODE § 290.43.
 - d. Within 75 days after the effective date of this Order, submit written certification as described in Ordering Provision No. 2.h below, and include detailed supporting documentation including photographs, receipts, and/or other records to demonstrate compliance with Ordering Provision No. 2.c.

- e. Within 90 days after the effective date of this Order:
 - i. Plug the abandoned public water supply Well No. 2 with cement in accordance with 16 TEX. ADMIN. CODE ch. 76 or submit test results proving that the well is in a non-deteriorated condition, in accordance with 30 TEX. ADMIN. CODE § 290.46; and
 - ii. Ensure that clearwells and potable water storage tanks, including associated appurtenances such as valves, pipes, and fittings, are thoroughly tight against leakage, including but not limited to repairing the holes that were observed on the roof of the West standpipe, in accordance with 30 TEX. ADMIN. CODE § 290.43.
- f. Within 105 days after the effective date of this Order, submit written certification as described in Ordering Provision No. 2.h below, and include detailed supporting documentation including photographs, receipts, and/or other records to demonstrate compliance with Ordering Provision Nos. 2.e.i and 2.e.ii.
- g. Within 180 days after the effective date of this Order, provide a total production capacity of at least 0.32 gpm per connection, in accordance with 30 TEX. ADMIN. CODE § 290.45.
- h. Within 195 days after the effective date of this Order, submit written certification, and include detailed supporting documentation including photographs, receipts, and/or other records to demonstrate compliance with Ordering Provision No. 2.g. The certification shall be signed by the Respondent and shall include the following certification language:

"I certify under penalty of law that I have personally examined and am familiar with the information submitted and all attached documents, and that based on my inquiry of those individuals immediately responsible for obtaining the information, I believe that the submitted information is true, accurate and complete. I am aware that there are significant penalties for submitting false information, including the possibility of fines and imprisonment for knowing violations."

The certification shall be submitted to:

Enforcement Division, MC 149A
Texas Commission on Environmental Quality
P.O. Box 13087
Austin, Texas 78711-3087

with a copy to:

Water Section Manager
Beaumont Regional Office
Texas Commission on Environmental Quality
3870 Eastex Freeway
Beaumont, Texas 77703-1830

3. All relief not expressly granted in this Order is denied.
4. The duties and provisions imposed by this Order shall apply to and be binding upon the Respondent. The Respondent is ordered to give notice of this Order to personnel who maintain day-to-day control over the Facility operations referenced in this Order.
5. The Executive Director may grant an extension of any deadline in this Order or in any plan, report, or other document submitted pursuant to this Order, upon a written and substantiated showing of good cause. All requests for extensions by the Respondent shall be made in writing to the Executive Director. Extensions are not effective until the Respondent receives written approval from the Executive Director. The determination of what constitutes good cause rests solely with the Executive Director. Extension requests shall be sent to the Enforcement Division at the address listed above.
6. This Order, issued by the Commission, shall not be admissible against the Respondent in a civil proceeding, unless the proceeding is brought by the OAG to: (1) enforce the terms of this Order; or (2) pursue violations of a statute within the Commission's jurisdiction, or of a rule adopted or an order or permit issued by the Commission under such a statute.
7. This Order may be executed in separate and multiple counterparts, which together shall constitute a single instrument. Any page of this Order may be copied, scanned, digitized, converted to electronic portable document format ("pdf"), or otherwise reproduced and may be transmitted by digital or electronic transmission, including but not limited to facsimile transmission and electronic mail. Any signature affixed to this Order shall constitute an original signature for all purposes and may be used, filed, substituted, or issued for any purpose for which an original signature could be used. The term "signature" shall include manual signatures and true and accurate reproductions of manual signatures created, executed, endorsed, adopted, or authorized by the person or persons to whom the signatures are attributable. Signatures may be copied or reproduced digitally, electronically, by photocopying, engraving, imprinting, lithographing, electronic mail, facsimile transmission, stamping, or any other means or process which the Executive Director deems acceptable. In this paragraph exclusively, the terms: electronic transmission, owner, person, writing, and written, shall have the meanings assigned to them under TEX. BUS. ORG. CODE § 1.002.
8. The effective date of this Order is the date it is signed by the Commission. A copy of this fully executed Order shall be provided to each of the parties.

I, the undersigned, have read and understand the attached Order. I am authorized to agree to the attached Order, and I do agree to the terms and conditions specified therein. I further acknowledge that the TCEQ, in accepting payment for the penalty amount, is materially relying on such representation.

I also understand that failure to comply with the Ordering Provisions, if any, in this Order and/or failure to timely pay the penalty amount, may result in:

- A negative impact on compliance history;
- Greater scrutiny of any permit applications submitted;
- Referral of this case to the OAG for contempt, injunctive relief, additional penalties, and/or attorney fees, or to a collection agency;
- Increased penalties in any future enforcement actions;
- Automatic referral to the OAG of any future enforcement actions; and
- TCEQ seeking other relief as authorized by law.

In addition, any falsification of any compliance documents may result in criminal prosecution.
