## Interoffice Memorandum

**To:** Commissioners **Date:** April 21, 2023

**Thru:** Laurie Gharis, Chief Clerk  
Erin E. Chancellor, Interim Executive Director

**From:** Beth Seaton, Director   
Office of Waste

**Docket No.:** 2022-1599-MIS

**Subject:** Commission Approval for Adoption of Rules Review and Readoption of Rules  
Chapter 337, Dry Cleaner Environmental Response  
Rules Review of 30 TAC Chapter 337  
Non-Rule Project No. 2023-015-337-WS

**What the adopted action would do:**

This action will approve the rules review of Chapter 337, and readopt the chapter.

This action constitutes a determination by the Texas Commission on Environmental Quality, after opportunity for public review and comment, that the reasons for initially adopting the rules of this chapter continue to exist.

**Applicable law:**

The review of the rules is authorized under the requirements of Texas Government Code, §2001.039; and the General Appropriations Act, Article IX, §9-10.13, 76th Texas Legislature, 1999, which require state agencies to review and consider for re adoption each of their rules every four years.

**Reason rules are needed:**

Executive director's staff conducted a review of the rules in Chapter 337 and determined that the reasons for initially adopting these rules continue to exist. Texas Health and Safety Code, Chapter 374 requires the agency to adopt rules necessary to administer and enforce that chapter to ensure protection of the environment and to provide for corrective action of releases from dry cleaning facilities.

The rules establish registration requirements and performance standards for dry cleaning facilities; provide for the use of risk-based corrective action to address releases from dry cleaning facilities; and establish the criteria under which the agency may determine that corrective action is considered complete.

**Rules found to be obsolete:**

None.

**Public comment:**

A public hearing was not offered for this review. The comment period for the rules review opened on January 6, 2023 and closed on February 7, 2023 (48 TexReg 57). No comments were received.

*Texas Register* publication of Proposed Rule Review Notice

cc: Chief Clerk, 7 copies

The Texas Commission on Environmental Quality (commission) has completed its Rule Review of 30 TAC Chapter 337, Dry Cleaner Environmental Response, as required by Texas Government Code, §2001.039. Texas Government Code, §2001.039, requires a state agency to review and consider for readoption, readoption with amendments, or repeal each of its rules every four years. The commission published its Notice of Intent to Review these rules in the January 6, 2023, issue of the *Texas Register* (48 TexReg 57).

The review assessed whether the reasons for initially adopting the rules continue to exist, and the commission has determined that those reasons do continue to exist. The rules in Chapter 337 are required because Texas Health and Safety Code, Chapter 374 requires the agency to adopt rules necessary to administer and enforce that chapter to ensure protection of the environment and to provide for corrective action of releases from dry cleaning facilities. The rules fulfill this statutory mandate and include provisions which establish registration requirements and performance standards for dry cleaning facilities; provide for the use of risk-based corrective action to address releases from dry cleaning facilities; and establish the criteria under which the agency may determine that corrective action is considered complete.

#### Public Comment

The public comment period opened on January 6, 2023 and closed on February 7, 2023. The commission did not receive comments on the rules review of this chapter.

As a result of the review, the commission finds that the reasons for initially adopting the rules in 30 TAC Chapter 337 continue to exist and readopts these sections in accordance with the requirements of Texas Government Code, §2001.039.

# REVIEW OF AGENCY RULES

This section contains notices of state agency rule review as directed by the Texas Government Code, §2001.039.

Included here are proposed rule review notices, which invite public comment to specified rules under review; and adopted rule review notices, which summarize public comment received as part of the review. The complete text of an agency's rule being reviewed is available in the *Texas Administrative Code* on the Texas Secretary of State's website.

For questions about the content and subject matter of rules, please contact the state agency that is reviewing the rules. Questions about the website and printed copies of these notices may be directed to the *Texas Register* office.

## Proposed Rule Reviews

Texas Commission on Environmental Quality

### Title 30, Part 1

The Texas Commission on Environmental Quality (commission) files this Notice of Intention to Review 30 TAC Chapter 91, Alternative Public Notice and Public Participation Requirements for Specific Designated Facilities.

This proposal is *limited* to the review in accordance with the requirements of Texas Government Code, §2001.039, which requires a state agency to review and consider its rules for readoption, readoption with amendments, or repeal every four years. During this review, the commission will assess whether the reasons for initially adopting the rules in Chapter 91 continue to exist.

Comments regarding suggested changes to the rules in Chapter 91 may be submitted during this review but comments will not be considered for rule amendments as part of this review. Any such comments may be considered in a future rulemaking action by the commission.

#### Submittal of Comments

The commission invites public comment on this preliminary review of the rules in Chapter 91.
