② Two Creeks Crossing Resort, LLC
TPDES permit # W00016056001

③ I Connie Griffin request a
contested case hearing

My business is mainly for
fishermen - who catch the fish
in Kickapoo creek and Rocky Creek
in Lake Livingston TX.
and EAT THEM - for Food!!

I'm not concerned about
pollution. But concerned about
the amount of chlorine that
will be added to ~~the~~ Rocky
Creek. AS A Disinfectant

"I look at it as - if the amt.
of chlorine used to kill all
contaminant shit, before going in to
the creek - It will kill everything
in the creek. - all wild life!

would you want to eat fish
out of this little creek, soaked
in chlorine? - see next page 3.

11/9/22
Pg. 3

TO: TCEQ

In the matter of this waste treatment plant. It is located in Rocky Creek.

This particular water way sits for long time period of time without any flow. Introducing the amount of chlorinated effluent will destroy the wildlife living in the creek.

Therefore that will destroy over 50% of my income.

It will directly influence my business.

Certainly there could be enough way to discharge such LARGE amt. of deadly ~~but~~ disfectant

Come see in person what I'm talking about.

This is a very bad way to take care of - SHIT - Discharge

WQ 2016056001

11/9/77
Pg 4.

My father purchased this property
in 1969.

This is my only income, and
if I have to follow rules,
Everyone else should have
to.

I couldn't handle my
sewer the way they are
planning to use.

They have 80 acres of land.
- Why can't they
USE AROBIC - SYSTEM. !

Very Concerned.

COMMENTS: As a property owner in the Twin Creeks Subdivision just north of the proposed permit site, I am very concerned of the impact of the proposed sewage treatment and wastewater dump site into Rocky Creek. The concerns are legitimate and could be costly to property owners in the Twin Creeks Subdivision. From well water contamination, to environmental destruction of vegetation, to property devaluation, to the smell, to wildlife health and/or evacuation, to recreational activities of water sports and fishing. Also, there are great concerns of exposure to treated and dumped
