

**TCEQ DOCKET NO. 2022-1733-DIS**

<b>APPLICATION FOR DENTON</b>	<b>§</b>	<b>BEFORE THE TEXAS</b>
<b>COUNTY MUNICIPAL UTILITY</b>	<b>§</b>	
<b>DISTRICT NO. 12</b>	<b>§</b>	<b>COMMISSION ON</b>
<b>INTERNAL CONTROL NO.</b>	<b>§</b>	
<b>D-06242022-058</b>	<b>§</b>	<b>ENVIRONMENTAL QUALITY</b>

**EXECUTIVE DIRECTOR’S RESPONSE TO HEARING REQUESTS**

The Executive Director (ED) of the Texas Commission on Environmental Quality (the Commission or TCEQ) files this Response to Hearing Requests (Response) on the Petition by Denton 1000 Land, LP (Petitioner) for the creation of Denton County Municipal Utility District No. 12 (District). The Office of the Chief Clerk received a hearing request from the City of Sanger (Sanger).

Attached for Commission consideration are the following:

Attachment A—Executive Director’s Satellite Map.

**I. DESCRIPTION OF DISTRICT**

Denton 1000 Land, LP applied for the creation of Denton County MUD No. 12. The proposed District is comprised of approximately 1,018.43 acres. The Petitioner requests that the Commission create the District pursuant to Chapters 49 and 54, Texas Water Code; and Chapter 293, Title 30 Texas Administrative Code. The proposed District is comprised of approximately 1,018.43 acres of land in Denton County, Texas. The District is wholly located within the extraterritorial jurisdiction of the City of Denton.

The petition states that the proposed District will: (1) construct, maintain, and operate a waterworks system, including the purchase and sale of water for domestic and commercial purposes; (2) construct, maintain, and operate a sanitary sewer collection, treatment, and disposal system for domestic and commercial purposes; (3) construct, install, maintain. Purchase, and operate drainage and roadway facilities and improvements; (4) construct, install, maintain, purchase, and operate facilities, systems, plants, and enterprises of such additional facilities as shall be consonant with the purposes for which the District is created. Additionally, the petitioner requests road powers pursuant to Texas Water Code, Section 54.234.

**II. PROCEDURAL HISTORY**

The TCEQ received the petition on June 24, 2022. The Application was declared administratively complete on June 29, 2022. On October 20, 2022, notice of the petition was posted on the bulletin board used for posting legal notices in Denton County. The Petitioner published Notice of District Petition in the *Denton Record-Chronicle*, a newspaper of general circulation in Denton County, where the district is proposed to be located, on October 30 and November 6, 2022. The period to request a contested case hearing ended on December 6, 2022.

The TCEQ received one timely hearing request on this Petition, from the City of Sanger.

In accordance with Local Government Code § 42.042 and Texas Water Code § 54.016, the Petitioner submitted a petition for consent to both the City of Denton. After 90 days passed without receiving consent, the Petitioner submitted a petition to the City of Denton to provide water or sewer services to the District. The 120-day period for reaching a mutually agreeable contract as established by Texas Water Code § 54.016(c) expired without a contract for service being agreed to. Pursuant to Texas Water Code § 54.016(d), failure to execute such an agreement constitutes authorization for the Petitioner to initiate proceedings to include the land within the district.

### III. CREATION OF MUNICIPAL UTILITY DISTRICTS

A municipal utility district (MUD) may be created under and subject to the authority, conditions, and restrictions of Article XVI, Section 59, of the Texas Constitution. TEX WATER CODE § 54.001. The District in this case is proposed to be created and organized according to the terms and provisions of Article XVI, Section 59, of the Texas Constitution, and Chapters 49 and 54 of the Texas Water Code.

A MUD may be created for the following purposes:

- (1) the control, storage, preservation, and distribution of its storm water and floodwater, the water of its rivers and streams for irrigation, power, and all other useful purposes;
- (2) the reclamation and irrigation of its arid, semiarid, and other land needing irrigation;
- (3) the reclamation and drainage of its overflowed land and other land needing drainage;
- (4) the conservation and development of its forests, water, and hydroelectric power;
- (5) the navigation of its inland and coastal water;
- (6) the control, abatement, and change of any shortage or harmful excess of water;
- (7) the protection, preservation, and restoration of the purity and sanitary condition of water within the state; and
- (8) the preservation of all natural resources of the state.

*TEX. WATER CODE § 54.012.* The commission has jurisdiction to hear this case and create the district. *TEX. WATER CODE § 54.014.*

The Commission must grant or deny a MUD creation application in accordance with Section 54.021 of the Texas Water Code. In order to grant an application, the Commission must find that organization of the district as requested is feasible and practicable and is necessary and would be a benefit to the land to be included in the district. *Tex. Water Code § 54.021(a); 30 TEX. ADMIN. CODE § 293.13(b)(1).* If the commission fails to make these findings, it shall refuse to grant the petition. *TEX. WATER CODE § 54.021(d); 30 TEX. ADMIN. CODE § 293.13(a).*

In determining if the project is feasible and practicable and if it is necessary and would be a benefit to the land included in the district, the commission shall consider:

- (1) the availability of comparable service from other systems, including but not limited to water districts, municipalities, and regional authorities;
- (2) the reasonableness of projected construction costs, tax rates, and water and sewer rates: and

- (3) whether or not the district and its system and subsequent development within the district will have an unreasonable effect on the following:
- (A) land elevation;
  - (B) subsidence;
  - (C) groundwater level within the region;
  - (D) recharge capability of a groundwater source;
  - (E) natural run-off rates and drainage;
  - (F) water quality; and
  - (G) total tax assessments on all land located within a district.

*TEX. WATER CODE § 54.021(b).*

The Commission, however, must exclude the areas that it finds would not be benefited by the creation of the district and must redefine the boundaries of the proposed district according to its findings. 30 TEX. ADMIN. CODE § 293.13(b)(2); TEX. WATER CODE § 54.021(c).

#### **IV. THE EVALUATION PROCESS FOR HEARING REQUESTS**

As the application was declared administratively complete after September 1, 1999, it is subject to the requirements of Title 30, Chapter 55, Subchapter G, Sections 55.250-55.256 of the Texas Administrative Code. The Commission, the Executive Director, the applicant or affected persons may request a contested case hearing on this application. 30 TEX. ADMIN. CODE § 55.251(a). The Commission must evaluate the hearing requests and may take on of the following actions:

- (1) determine that the hearing requests do not meet the rule requirements and act on the application;
- (2) determine that the hearing requests do not meet the rule requirements and refer the application to a public meeting to develop public comment before acting on the application;
- (3) determine that the hearing requests meet the rule requirements and refer the application to the State Office of Administrative Hearings (“SOAH”) for a hearing; or
- (4) refer the hearing request to SOAH for a hearing on whether the hearing requests meet the rule requirements.

*30 TEX. ADMIN. CODE § 55.255(a).*

The regulations provide that a hearing request made by an affected person must be in writing and must be filed with the Office of the Chief Clerk within the time provided in the Notice of District Petition. 30 TEX. ADMIN. CODE § 55.251(b) and (d). These two requirements are mandatory. The affected person’s hearing request must also substantially comply with the following:

- (1) give the name, address, and daytime telephone number of the person who files the request.
- (2) identify the person’s personal justiciable interest affected by the application, including a brief, but specific, written statement explaining in plain language the requestor’s location and distance relative to the activity that is the subject of the application and how and why the requestor

- believes he or she will be affected by the activity in a manner not common to members of the general public;
- (3) request a contested case hearing; and
  - (4) provide any other information specified in the public notice of application.

*30 TEX. ADMIN CODE § 55.251(c)*. An affected person's personal justiciable interest must be related to a legal right, duty, privilege, power, or economic interest affected by the application belonging to the requestor and not an interest common to members of the general public. *30 TEX. ADMIN. CODE § 55.256(a)*. The regulations give the Commission flexibility to determine affected person status by considering any relevant factor, including the following:

- (1) whether the interest claimed is one protected by the law under which the application will be considered;
- (2) distance restrictions or other limitations imposed by law on the affected interest;
- (3) whether a reasonable relationship exists between the interest claimed and the activity regulated;
- (4) likely impact of the regulated activity on the health and safety of the person, and on the use of property of the person; and
- (5) likely impact of the regulated activity on use of the impacted natural resource by the person.
- (6) for governmental entities, their statutory authority over or interest in the issues relevant to the application.

*30 TEX. ADMIN. CODE § 55.256(c)*. Government entities, including local governments, may be affected persons if they have authority under state law over issues contemplated by the application. *30 TEX. ADMIN. CODE § 55.256(b)*.

## V. THE HEARING REQUEST

**The following governmental entities submitted a request for a contested case hearing:**

### 1. City of Sanger

The City of Sanger submitted a timely hearing request which included all of the required information for a contested case hearing request pursuant to 30 TAC § 55.251(c)(1). The City requested a contested case hearing pursuant to 30 TAC § 55.251(c)(3) and provided the TCEQ Internal Control Number for the case as required in the notice and pursuant to 30 TAC § 55.251(c)(4). The Executive Director recommends the Commission find that the hearing request by Sanger complies with the requirements of 30 TAC § 55.251.

The hearing request states that proposed MUD is located within the sewer Certificate of Convenience and Necessity (CCN) of the City of Sanger. The City's request raised issues relating to availability of comparable service from the City of Sanger for sewer services, the feasibility, practicability, and necessity of the district, and that the district would not be a benefit to the land. Therefore, the City of Sanger identified its personal justiciable interest affected by the application in a manner not common to members of the general public pursuant to 30 TAC § 55.251(c)(2). The request identified the City's statutory authority and interest in the issues relevant to the

application pursuant to 30 TAC § 55.256(c)(6). The Executive Director recommends the Commission find that the City of Sanger is an affected person pursuant to 30 TAC § 55.256.

The Executive Director recommends the Commission grant the City of Sanger's hearing request.

## VI. RECOMMENDATION

The Executive Director recommends that the Commission find that the City of Sanger is an affected person and grant its hearing request.

Respectfully submitted,

Texas Commission on Environmental Quality

Kelly Keel, Interim Executive Director

Charmaine Backens, Deputy Director  
Environmental Law Division
