Docket No.: 2022-1736-MIS

Subject: Commission Approval for Adoption of Rules Review and Readoption of Rules
Chapter 33, Consolidated Permit Processing
Rules Review of 30 Texas Administrative Code Chapter 33
Non-Rule Project No. 2023-054-090-AD

What the adopted action would do:

This action will approve the rules review of Chapter 33, and readopt the chapter.

This action constitutes a determination by the Texas Commission on Environmental Quality, after opportunity for public review and comment, that the initial reasons for adopting the rules of this chapter continue to exist.

Applicable law:

The review of the rules is authorized under the requirements of Texas Government Code, §2001.039; and the General Appropriations Act, Article IX, §9-10.13, 76th Texas Legislature, 1999, which require state agencies to review and consider for re adoption each of their rules every four years.

Reason rules are needed:

Executive director's staff conducted a review of the rules in Chapter 33 and determined that the reasons for adopting these rules continue to exist. The rules in Chapter 33 implement House Bill 1228, 75th Texas Legislature, 1997, codified in the Texas Water Code, Chapter 5, Subchapter J, Consolidated Permit Processing. Chapter 33 allows the commission to issue, on the request of the applicant, a consolidated permit. If the plant, facility, or site is required to have more than one permit and the applications for all permits are filed within a 30-day period, the commission may conduct coordinated application reviews. Federal operating permits may not be consolidated with other permits under this chapter.

Rules found to be obsolete:

None.

Public comment:

A public hearing was not offered for this review. The comment period for the rules review closed on June 6, 2023. No comments were received.

Texas Commission on Jail Standards

Title 37, Part 9

In accordance with Texas Government Code §2001.039, the Texas Commission on Jail Standards proposes to review all its rules, Texas Administrative Code Title 37, Part 9. The Administrative Rules Advisory Committee will review the rules and consider which, if any, need to be amended or repealed. The Committee will consider the following:

- Do current facts, law, policy, and experience support retaining this rule?
- Are the initial factual, legal, and policy reasons for adopting this rule still relevant?
- Is this rule commonly violated? Would amending the rule improve compliance?
- Does this rule still reflect current practices?
- Rule Vagueness:
 - Is this rule so vague that it impedes jails' ability to understand comply with it or it creates inconsistent rule interpretations? For example, does it use words such as "promptly," "regularly," or "as soon as possible?"
 - Can you amend the rule to reflect informal policies and guidance that staff created to enable jails to comply with this rule?

Comments on the review may be submitted to any of the following: TCJS Rule Review, attention: William Turner, P.O. Box

The Texas Commission on Environmental Quality (commission) has completed its Rule Review of 30 Texas Administrative Code (TAC) Chapter 33, Consolidated Permit Processing, as required by Texas Government Code, §2001.039. Texas Government Code, §2001.039, requires a state agency to review and consider for re-adoption, re-adoption with amendments, or repeal each of its rules every four years. The commission published its Notice of Intent to Review these rules in the May 5, 2023, issue of the *Texas Register* (45 TexReg 3054).

The review assessed whether the initial reasons for adopting the rules continue to exist and the commission has determined that those reasons exist. The rules in 30 TAC Chapter 33 are required because they implement House Bill 1228, 75th Texas Legislature, 1997, codified in the Texas Water Code, Chapter 5, Subchapter J, Consolidated Permit Processing. Chapter 33 allows the commission to issue, on the request of the applicant, a consolidated permit. If the plant, facility, or site is required to have more than one permit and the applications for all permits are filed within a 30-day period, the commission may conduct coordinated application reviews. Federal operating permits may not be consolidated with other permits under this chapter.

Public Comment

The public comment period closed on June 6, 2023. The commission did not receive comments on the rules review of this chapter.

As a result of the review the commission finds that the reasons for adopting the rules in 30 TAC Chapter 33 continue to exist and readopts these sections in accordance with the requirements of Texas Government Code, §2001.039.
