TEXAS COMMISSION ON ENVIRONMENTAL QUALITY

IN THE MATTER OF AN	§	BEFORE THE
ENFORCEMENT ACTION	8	
CONCERNING	S	TEVAC COMMICCIONI ON
TRINITY RIVER AUTHORITY OF	S	TEXAS COMMISSION ON
TEXAS	§	
RN102004355	§	ENVIRONMENTAL QUALITY

AGREED ORDER DOCKET NO. 2023-0228-MWD-E

On	, the Texas Commission on Environmental Quality ("the
Commission" or "	ΓCEQ") considered this agreement of the parties, resolving an enforcement
action regarding 7	rinity River Authority of Texas (the "Respondent") under the authority of Tex.
WATER CODE chs. 7	and 26. The Executive Director of the TCEQ, through the Enforcement
Division, and the	Respondent presented this Order to the Commission.

The Respondent understands that it has certain procedural rights at certain points in the enforcement process, including the right to formal notice of violations, notice of an evidentiary hearing, the right to an evidentiary hearing, and a right to appeal. By entering into this Order, the Respondent agrees to waive all notice and procedural rights.

It is further understood and agreed that this Order represents the complete and fully-integrated agreement of the parties. The provisions of this Order are deemed severable and, if a court of competent jurisdiction or other appropriate authority deems any provision of this Order unenforceable, the remaining provisions shall be valid and enforceable. The duties and responsibilities imposed by this Order are binding upon the Respondent.

The Commission makes the following Findings of Fact and Conclusions of Law:

I. FINDINGS OF FACT

- 1. The Respondent owns and operates a wastewater treatment plant located 1687 United States Highway 377 north of Roanoke, approximately 1.5 miles north-northeast of the intersection of State Highway 114 and United States Highway 377 in Roanoke, Denton County, Texas (the "Facility"). The Facility is near or adjacent to water in the state as defined in Tex. Water Code § 26.001(5).
- 2. During an investigation at the Facility conducted on August 26, 2022, an investigator documented that on August 25, 2022, approximately 60,000 gallons of wastewater was discharged from a manhole in the vicinity of 3183 North White Chapel Boulevard into Kirkwood Branch Creek, resulting in a fish kill of 763 fish.
- 3. The Executive Director recognizes that on August 25, 2022, the Respondent cleaned and remediated the affected area, flushed Kirkwood Branch creek, restarted the pumps, and repaired the lift station electrical issues.

II. CONCLUSIONS OF LAW

- 1. As evidenced by Finding of Fact No. 1, the Respondent is subject to the jurisdiction of the TCEQ pursuant to Tex. Water Code ch. 26 and the rules of the TCEQ.
- 2. As evidenced by Finding of Fact No. 2, the Respondent failed to prevent an unauthorized discharge of sewage into or adjacent to any water in the state, in violation of 30 Tex. Admin. Code § 305.125(1) and (4), Tex. Water Code § 26.121(a)(1), and Texas Pollutant Discharge Elimination System Permit No. WQ0013457001, Permit Conditions No. 2.g.
- 3. Pursuant to Tex. Water Code § 7.051, the TCEQ has the authority to assess an administrative penalty against the Respondent for violations of state statutes within the TCEQ's jurisdiction, for violations of rules adopted under such statutes, or for violations of orders or permits issued under such statutes.
- 4. An administrative penalty in the amount of \$24,750 is justified by the facts recited in this Order, and considered in light of the factors set forth in Tex. Water Code § 7.053. Pursuant to Tex. Water Code § 7.067, \$24,750 of the penalty shall be conditionally offset by the Respondent's timely and satisfactory completion of a Supplemental Environmental Project ("SEP") as defined in the attached SEP Agreement ("Attachment A" incorporated herein by reference). The Respondent's obligation to pay the conditionally offset portion of the penalty shall be discharged upon full compliance with all the terms and conditions of this Order, which includes the timely and satisfactory completion of all provisions of the SEP Agreement, as determined by the Executive Director.

III. ORDERING PROVISIONS

NOW, THEREFORE, THE TEXAS COMMISSION ON ENVIRONMENTAL QUALITY ORDERS that:

1. The Respondent is assessed a penalty as set forth in Conclusion of Law No. 4 for violations of state statutes and rules of the TCEQ. The payment of this penalty and the Respondent's compliance with all the requirements set forth in this Order resolve only the matters set forth by this Order in this action. The Commission shall not be constrained in any manner from requiring corrective actions or penalties for violations that are not raised here. Penalty payments shall be made payable to "TCEQ" and shall be sent with the notation "Re: Trinity River Authority of Texas, Docket No. 2023-0228-MWD-E" to:

Financial Administration Division, Revenue Operations Section Attention: Cashier's Office, MC 214 Texas Commission on Environmental Quality P.O. Box 13088 Austin, Texas 78711-3088

2. The Respondent shall implement and complete the SEP as set forth in Conclusion of Law No. 4. The amount of \$24,750 of the assessed penalty is conditionally offset based on the Respondent's implementation and completion of the SEP pursuant to the terms of

the SEP Agreement, as defined in Attachment A. Penalty payments for any portion of the SEP deemed by the Executive Director as not complete shall be paid within 30 days after the date the Executive Director demands payment

- 3. All relief not expressly granted in this Order is denied.
- 4. The duties and provisions imposed by this Order shall apply to and be binding upon the Respondent. The Respondent is ordered to give notice of this Order to personnel who maintain day-to-day control over the Facility operations referenced in this Order.
- 5. The Executive Director may grant an extension of any deadline in this Order or in any plan, report, or other document submitted pursuant to this Order, upon a written and substantiated showing of good cause. All requests for extensions by the Respondent shall be made in writing to the Executive Director. Extensions are not effective until the Respondent receives written approval from the Executive Director. The determination of what constitutes good cause rests solely with the Executive Director.
- 6. The Executive Director may, without further notice or hearing, refer this matter to the Office of the Attorney General of the State of Texas ("OAG") for further enforcement proceedings if the Executive Director determines that the Respondent has not complied with one or more of the terms in this Order.
- 7. This Order shall terminate five years from its effective date or upon compliance with all the terms and conditions set forth in this Order, whichever is later.
- 8. This Order, issued by the Commission, shall not be admissible against the Respondent in a civil proceeding, unless the proceeding is brought by the OAG to: (1) enforce the terms of this Order; or (2) pursue violations of a statute within the Commission's jurisdiction, or of a rule adopted or an order or permit issued by the Commission under such a statute.
- 9. This Order may be executed in separate and multiple counterparts, which together shall constitute a single instrument. Any page of this Order may be copied, scanned, digitized, converted to electronic portable document format ("pdf"), or otherwise reproduced and may be transmitted by digital or electronic transmission, including but not limited to facsimile transmission and electronic mail. Any signature affixed to this Order shall constitute an original signature for all purposes and may be used, filed, substituted, or issued for any purpose for which an original signature could be used. The term "signature" shall include manual signatures and true and accurate reproductions of manual signatures created, executed, endorsed, adopted, or authorized by the person or persons to whom the signatures are attributable. Signatures may be copied or reproduced digitally, electronically, by photocopying, engraving, imprinting, lithographing, electronic mail, facsimile transmission, stamping, or any other means or process which the Executive Director deems acceptable. In this paragraph exclusively, the terms: electronic transmission, owner, person, writing, and written, shall have the meanings assigned to them under Tex. Bus. Org. Code § 1.002.
- 10. The effective date of this Order is the date it is signed by the Commission. A copy of this fully executed Order shall be provided to each of the parties.

TEXAS COMMISSION ON ENVIRONMENTAL QUALITY

For the Commission	Date
For the executive Director	_4/4/2025 Date
I, the undersigned, have read and understan	d the attached Order. I am authorized

I, the undersigned, have read and understand the attached Order. I am authorized to agree to the attached Order, and I do agree to the terms and conditions specified therein. I further acknowledge that the TCEQ, in accepting payment for the penalty amount, is materially relying on such representation.

I also understand that failure to comply with the Ordering Provisions, if any, in this Order and/or failure to timely pay the penalty amount, may result in:

- A negative impact on compliance history;
- Greater scrutiny of any permit applications submitted;
- Referral of this case to the OAG for contempt, injunctive relief, additional penalties, and/or attorney fees, or to a collection agency;
- Increased penalties in any future enforcement actions;
- Automatic referral to the OAG of any future enforcement actions; and
- TCEQ seeking other relief as authorized by law.

In addition, any falsification of any compliance documents may result in criminal prosecution.

Attachment A

Docket Number: 2023-0228-MWD-E

SUPPLEMENTAL ENVIRONMENTAL PROJECT

Respondent:	Trinity River Authority of Texas		
Payable Penalty Amount:	\$24,750		
SEP Offset Amount:	\$24,750		
Type of SEP:	Contribution to a Third-Party Administrator SEP		
Third-Party Administrator:	Texas Water Development Board		
Project Name:	Water-Level Recorder Data in Every Texas County		
Total Project Budget:	\$997,500		
Location of SEP:	Statewide; preference for Denton County		

The Texas Commission on Environmental Quality ("TCEQ") agrees to offset the administrative penalty amount assessed in this Agreed Order for the Respondent to contribute to a Supplemental Environmental Project ("SEP"). The offset is equal to the SEP Offset Amount set forth above and is conditioned upon completion of the project in accordance with the terms of this Attachment A.

1. Project Description

A. Project

The Respondent shall contribute the SEP Offset Amount to the Third-Party Administrator named above. The contribution will be to the **Texas Water Development Board** for the *Water-Level Recorder Data in Every Texas County* project (the "Project"). The Project is to purchase, install, and maintain automatic water-level recorders in unused wells in the remaining one hundred sixty-six (166) counties. The Third-Party Administrator shall give preference to installing water-level recorders initially in counties in which there are 1) no existing automatic water-level recorder wells, 2) no groundwater conservation district, or 3) groundwater conservation districts that do not have the staff and/or the financial ability to install an automatic water-level recorder. The Project will be done in accordance with all federal, state, and local environmental laws and regulations. The contribution will be used in accordance with the SEP Agreement between the Third-Party Administrator and the TCEO.

All dollars contributed will be used solely for the direct cost of implementing the Project, including, but not limited to supplies, materials, and equipment. Any portion of this contribution that is not spent on the specifically identified SEP may, at the discretion of the Executive Director ("ED"), be applied to another pre-approved SEP.

The Respondent's signature affixed to this Agreed Order certifies that the Respondent has no prior commitment to make this contribution and that it is being contributed solely to settle this enforcement action. The Respondent shall not profit from this SEP.

B. Environmental Benefit

The groundwater stored within Texas' minor and major aquifers is an important natural resource that is relied upon to meet the water supply demands of Texans across the state. Many factors affect the availability of this resource including drought and increased demand. This Project will provide statewide comprehensive real-time groundwater level data to Texas counties, cities, groundwater conservation districts, water supply companies, and individual well owners.

Trinity River Authority of Texas Docket No. 2023-0228-MWD-E Agreed Order - Attachment A

The availability of this comprehensive data will promote awareness of the effects of drought on Texas' aquifers and assist in groundwater management planning and use throughout the state.

C. Minimum Expenditure

The Respondent shall contribute at least the SEP Offset Amount to the Third-Party Administrator and comply with all other provisions of this SEP.

2. Performance Schedule

Within 30 days after the effective date of this Agreed Order, the Respondent must contribute the SEP Offset Amount to the Third-Party Administrator. The Respondent shall make the check payable to **Texas Water Development Board SEP** and shall mail the contribution with a copy of the Agreed Order to:

Texas Water Development Board Attention: Finance P.O. Box 13231 Austin, Texas 78711-3231

3. Records and Reporting

Concurrent with the payment of the SEP Offset Amount, the Respondent shall provide the Enforcement SEP Coordinator with a copy of the check and transmittal letter indicating full payment of the SEP Offset Amount to the Third-Party Administrator. The Respondent shall mail a copy of the check and transmittal letter to:

Texas Commission on Environmental Quality Enforcement Division Attention: SEP Coordinator, MC 219 P.O. Box 13087 Austin, Texas 78711-3087

4. Failure to Fully Perform

If the Respondent does not perform its obligations under this Attachment A, including full expenditure of the SEP Offset Amount and submittal of the required reporting described in Sections 2 and 3 above, the ED may require immediate payment of all or part of the SEP Offset Amount.

In the event the ED determines that the Respondent failed to fully implement and complete the Project, the Respondent shall remit payment for all or a portion of the SEP Offset Amount, as determined by the ED, and as set forth in the attached Agreed Order. After receiving notice of failure to complete the SEP, the Respondent shall include the docket number of the attached Agreed Order and a note that the enclosed payment is for the reimbursement of a SEP, shall make the check payable to "Texas Commission on Environmental Quality," and shall mail it to:

Litigation Division Attention: SEP Coordinator, MC 175 P.O. Box 13087 Austin, Texas 78711-3087 Trinity River Authority of Texas Docket No. 2023-0228-MWD-E Agreed Order - Attachment A

5. Publicity

Any public statements concerning this SEP and/or project, made by or on behalf of the Respondent must include a clear statement that **the project was performed as part of the settlement of an enforcement action brought by the TCEQ**. Such statements include advertising, public relations, and press releases.

6. Recognition

The Respondent may not seek recognition for this contribution in any other state or federal regulatory program.

7. Other SEPs by TCEQ or Other Agencies

The SEP Offset Amount identified in this Attachment A and in the attached Agreed Order has not been, and shall not be, included as a SEP for the Respondent under any other Agreed Order negotiated with the TCEQ or any other agency of the state or federal government.
