Hi Lorenzo,

Sorry to bug again, today. Wondering if we can request a public hearing for this?

Matt

Message:

Steel Dynamics has requested an amendment to their wastewater permit from TCEQ. WQ0005283000. The original was agreed upon by Aransas Project and other concerned environmental groups. This amendment will undo much of that. Please read it and ask for a PUBLIC MEETING and an independent environmental review. Close date for comments is September 12th! We have farmland close to Chiltipin Creek and we need your help on this very serious issue!!! The proposed permit will have major impact on the waterways to Aransas Bay and the wildlife that live there as well as the people whom make their living in the Aransas River Tidal and San Antonio-Nueces Coastal Basin.
