**COMMENTS:** I am in opposition of TCEQ proposed permit WQ0016189001. Proposed Permit WQ0016189001 will infringe on future tax dollars for Grayson County, prohibiting usage by the general public of US Corps of Engineer Land along Buck Creek. Lake Ray Roberts and its subsidiaries infringe on Grayson County land, but it is imperative that Grayson County uses this land to benefit our wildlife, environment, and the general public. Future homes could be built along the US Corps of Engineers land, driving higher taxes for Residents in the area, especially those outside of Grayson

County, being so close to Collin and Denton Counties. A proposed Waste Water Facility would ruin this area and the quality of life for Grayson, Collin, and Denton county Residents as well as wildlife.

**COMMENTS:** Please do not consider putting this wastewater treatment plant near all these homes on Scoggins that have been here for many years. The proposed location is too close to our home and I do not wish to smell this every day of my life and potentially make me sick. Our wastewater is buried in tanks in the ground and doesn't bother anyone. How about putting the plant near the homes that it will benefit, at least then they will know before they buy what they are getting into.

TCEQ Public Meeting Form  
January 5, 2023

Buck Creek WWTP, LLC  
TPDES Permit for Municipal Wastewater  
Permit No. WQ0016189001

# 1

PLEASE PRINT

Name: Dale + Cherie Connor

Mailing Address: PO Box 856 Gunter TX 75058

Physical Address (if different): 626 Scoggins Rd

City/State: Tioga Zip: 76271

**COMMENTS:** To whom it may concern, I am writing to give notice that there are several homeowners that live off of Scoggins Road that are not happy with the proposed site of this plant. I am also concerned that I and my neighbor did not receive a letter. The only way we found out about this project is that a neighbor who did receive a letter informed us. This appears as though someone is trying to sneak this project by homeowners. We are going to rally together in our

area and find out who knows and who does not. We will also put together a letter signed by residents in this area to express our opposition to this project. Please feel free to contact me.

**COMMENTS:** A portion of our property is located within the restrictions area of Lake Ray Roberts as the run off from Buck Creek and its tributaries runs onto our property and directly affects our well water. We have well for our home and it's inhabitants as well as for the livestock. The water also runs into our livestock tank. Run off from this treatment plant would negatively affect our well water and cause serious health affects to our family and livestock. We do not have

access to any other water supply. This treatment plant could leave our land uninhabitable for humans and livestock. Please consider the health implications that this plant will cause to our family and children.

**COMMENTS:** Requesting that this waste water treatment plant be denied. All property owners in this area use private water wells. We do not want our water aquifer contaminated. In addition to aquifer Buck Creek is a major waterway into Lake Ray Roberts. This plant would contribute to environmental pollutants to a heavily fished and hunted area.
