## TEXAS COMMISSION ON ENVIRONMENTAL QUALITY

§

IN THE MATTER OF AN ENFORCEMENT ACTION CONCERNING TRI-CON, INC. DBA EXXPRESS MART 14 RN102469095 **BEFORE THE** 

TEXAS COMMISSION ON

ENVIRONMENTAL QUALITY

#### AGREED ORDER DOCKET NO. 2023-0790-PST-E

## I. JURISDICTION AND STIPULATIONS

On \_\_\_\_\_\_\_, the Texas Commission on Environmental Quality ("the Commission" or "TCEQ") considered this agreement of the parties, resolving an enforcement action regarding TRI-CON, INC. dba Exxpress Mart 14 (the "Respondent") under the authority of TEX. WATER CODE chs. 7 and 26. The Executive Director of the TCEQ, through the Enforcement Division, and the Respondent together stipulate that:

- 1. The Respondent owns and operates, as defined in 30 TEX. ADMIN. CODE § 334.2(78) and (75), an underground storage tank ("UST") system and a convenience store with retail sales of gasoline located at 383 North LHS Drive in Lumberton, Hardin County, Texas (the "Facility"). The UST system at the Facility is not exempt or excluded from regulation under the Texas Water Code or the rules of the Commission, and contains or contained a regulated petroleum substance as defined in the rules of the TCEQ.
- 2. The Executive Director and the Respondent agree that the TCEQ has jurisdiction to enter this Order pursuant to TEX. WATER CODE §§ 7.002, 7.051, and 7.073, and that the Respondent is subject to TCEQ's jurisdiction. The TCEQ has jurisdiction in this matter pursuant to TEX. WATER CODE § 5.013 because it alleges violations of TEX. WATER CODE ch. 26 and the rules of the TCEQ.
- 3. The occurrence of any violation is in dispute and the entry of this Order shall not constitute an admission by the Respondent of any violation alleged in Section II ("Allegations"), nor of any statute or rule.
- 4. An administrative penalty in the amount of \$11,076 is assessed by the Commission in settlement of the violations alleged in Section II ("Allegations"). The Respondent paid \$8,861 of the penalty and \$2,215 is deferred contingent upon the Respondent's timely and satisfactory compliance with all the terms contained in this Order. The deferred amount shall be waived only upon full compliance with all the terms and conditions of this Order. If the Respondent fails to timely and satisfactorily comply with any of the terms or requirements contained in this Order, the Executive Director may demand payment of all or part of the deferred penalty amount.
- 5. The Executive Director and the Respondent agree on a settlement of the matters alleged in this enforcement action, subject to final approval in accordance with 30 Tex. ADMIN. CODE § 70.10(a). Any notice and procedures, which might otherwise be authorized or

required in this action, are waived in the interest of a more timely resolution of the matter.

- 6. The Executive Director may, without further notice or hearing, refer this matter to the Office of the Attorney General of the State of Texas ("OAG") for further enforcement proceedings if the Executive Director determines that the Respondent has not complied with one or more of the terms or conditions in this Order.
- 7. This Order represents the complete and fully integrated agreement of the parties. The provisions of this Order are deemed severable and, if a court of competent jurisdiction or other appropriate authority deems any provision of this Order unenforceable, the remaining provisions shall be valid and enforceable.
- 8. This Order shall terminate five years from its effective date or upon compliance with all the terms and conditions set forth in this Order, whichever is later.
- 9. The Executive Director recognizes that the Respondent implemented the following corrective measures at the Facility:
  - a. Conducted the annual operability testing of the automatic line leak detector ("ALLD") equipment and the automatic tank gauging ("ATG") equipment at the Facility on May 8, 2023; and
  - b. Conducted the annual walkthrough inspection of the UST system's containment sumps on November 21, 2023.

## **II. ALLEGATIONS**

During an investigation at the Facility conducted on April 27, 2023, an investigator documented that the Respondent:

- 1. Failed to monitor the USTs in a manner which will detect releases at a frequency of at least once every 30 days, in violation of 30 Tex. ADMIN. CODE § 334.50(b)(1)(A) and Tex. WATER CODE § 26.3475(c)(1).
- 2. Failed to conduct a test of the proper operation of the release detection equipment at least annually, in violation of 30 Tex. ADMIN. CODE § 334.48(e)(1) and Tex. WATER CODE § 26.3475(c)(1). Specifically, the Respondent did not conduct the annual operability testing of the ALLD equipment and the ATG equipment for the USTs.
- 3. Failed to conduct the annual walkthrough inspection of the UST system's containment sumps, in violation of 30 Tex. ADMIN. CODE § 334.48(h)(1)(B)(ii) and Tex. WATER CODE § 26.3475(c)(2).
