Thanks, Dennise!

I should have asked you to send a copy of the letter from Kacal, also, so that it can be put into CID and connected to the permit (unless he asks for it back).

Sincerely,

Laurie

#48386

TEXAS HOUSE OF REPRESENTATIVES  
KYLE KACAL  
DISTRICT 12

September 1, 2022

Mr. Toby Baker  
Executive Director  
TCEQ  
P.O. Box 13087  
Austin, Texas 78711

Re: Wastewater Permit WQ0016077001

Dear Mr. Baker,

I'm writing to you today in regards to the application submitted by Smiling Mallard Development, Ltd. for a wastewater permit. I am aware that the public comment period has closed, however, I would respectfully request that you reconsider the denial of a public meeting.

As I'm sure you can imagine, there is tremendous concern among those in the immediate neighborhood and surrounding area. For this reason, I believe there is greater room for discussion of this permit application and would, again, request that you reconsider your decision to deny a public meeting so that the Texas Commission on Environmental Quality can address all of the pertinent questions and concerns of those seeking additional information about the permit application as well as provide public comment.

Thank you for your consideration of this request and I look forward to working with you to address the concerns of my constituency. Should you have any questions, please don't hesitate to contact my Chief of Staff, Terra Willett, at (512)463-0412 or [Terra.Willett@house.texas.gov](mailto:Terra.Willett@house.texas.gov).

Sincerely,

A handwritten signature in black ink, appearing to be "Kyle Kacal", written over a horizontal line.

Kyle Kacal  
State Representative

Hey Ferrell!

We received the below email from a constituent concerned about a waste water treatment plant. Have you guys heard the same things from other Indian Lakes residents? My understanding is that absent local zoning to the contrary, the waste water treatment plant can go near their neighborhood and treat water from a different neighborhood, is that correct?

We may request a public meeting on this. Can you let us know where the permit is in the process? I've cc'd our District Director, Kassie.

Thanks so much!

Potential waste water treatment plant

Message:

We were notified of a potential waste water treatment plant near our neighborhood. It is number WQ0016077001. Our neighborhood, Indian Lakes is on septic. This would be waste water from a competing neighborhood, Millican Reserve - they need it for further expansion plans for their neighborhood. Why are we expected to suffer the traffic, stench and mess of this treatment plant when we are all on septic systems. This will plummet our property taxes. We need this treatment plant to not be located by our neighborhood - let Millican Reserve deal with their own water. Thank you.

## CHARLES SCHWERTNER

STATE SENATOR • DISTRICT 5

COMMITTEES: BUSINESS AND COMMERCE, CHAIR • EDUCATION • FINANCE • STATE AFFAIRS

September 12, 2022

Mr. Jon Niermann  
Texas Commission on Environmental Quality  
P. O. Box 13087  
Austin, Texas 78711-30878

Re: Waste Water Treatment Plant (Permit # WQ0016077001)

Dear Chairman Niermann,

As Chair of the Texas Commission on Environmental Quality, you have been tasked with the tremendous responsibility of protecting our state's air, water, and natural resources, while balancing that duty with sustainable economic development policies. I too share those values, while also ensuring the voices of Senate District 5 residents are heard whenever a TCEQ related permit directly impacts their lives.

With that in mind, I respectfully request that TCEQ hold a public meeting at the earliest convenience for all related parties regarding Waste Water Treatment Plant (Permit # WQ0016077001). Thank you for your service to the state. If you have any questions, please do not hesitate to contact me.

Sincerely,

A handwritten signature in black ink, appearing to read "C. Schwertner", with a stylized flourish at the end.

Charles Schwertner  
State Senator
