RE: IN THE MATTER OF THE PETITION FOR CREATION OF BUFFALO  
HILLS MUNICIPAL UTILITY DISTRICT OF JOHNSON COUNTY  
TCEQ DOCKET NO. 2023-1410-DIS

Karen Anderson's RESPONSE TO THE EXECUTIVE DIRECTOR'S RESPONSE TO HEARING REQUEST

- 1) Ms. Anderson's interest is one protected by the law under which this application is being considered.
- 2) The map created by the ED, on its face states "represents only the approximate relative location of property boundaries". This map used the postal delivery location/911 address. This distance calculation is incorrect. There are no distance restrictions or other limitations imposed by law on my Health and Safety interests, either by state or federal law.
- 3) More than a reasonable relationship exists between my concerns and the proposed districts regulated activities. My concerns regarding effects on human health and safety, runoff and drainage are directly related to the regulated entity's activities.
- 4) The proposed district will impact the use and enjoyment of natural resources.

Incorrect data regarding the distance to the proposed district was used by the ED in making their recommendations. The ED's recommendation was based solely on this Map and incorrect data.

**Conclusion:**

For the reasons set forth above, Karen Anderson respectfully request the Commission find that Ms. Anderson qualify as an affected person, grant his hearing request, and refer the matter to SOAH for a contested case hearing.

Respectfully submitted,

Karen Anderson

Grandview, TX 76050-5110
