Laurie Gharis, Chief Clerk
Texas Commission on Environmental Quality
P.O. Box 13087
Austin TX 78711-3087

Dear Ms. Gharis:

Thank you for your service to the Texas Commission on Environmental Quality (TCEQ) and the State of Texas. This is to request that TCEQ hold a public meeting regarding the proposed modification of Corpus Christi Liquefaction's air quality permit #105710 in San Patricio County, which we represent in the Texas Legislature.

Two environmental groups, the Coastal Alliance to Protect our Environment and Portland Citizens United, and some San Patricio residents have expressed concerns regarding this permit application. Consistent with our goal of encouraging communication to address important community issues, we believe a public meeting would provide a valuable opportunity to enhance transparency, communicate effectively about this project, and enable those who would be affected by the permit's approval to submit comments and have their questions answered. In the process, we urge TCEQ to examine all concerns thoroughly and to resolve any problems identified.

Your favorable consideration of this request would be appreciated greatly. Feel free to contact us regarding this issue or whenever we can be of assistance.

May God bless you.

Very truly yours,
