### Public Participation in TCEQ Proceedings

The Commission encourages public participation. The Commission's Public Education Program provides individual members of the public information on applications, and on Commission procedures. The Public Education Program may respond to your inquiries in writing and provide you with information. They may be reached, toll free, at 1-800-687-4040.

The formal way for public participation is through the contested case hearing. The law allows for holding contested case hearings on certain types of applications; the remainder of this document provides an overview of the processing of requests for a contested case hearing. It describes the requirements for a hearing request and how the Commission processes hearing requests.

A hearing request must:

- (1) give the name, address, and daytime telephone number of the person who files the request. If the request is made by a group or association, the request must identify one person by name, address, daytime telephone number, and, where possible, fax number, who shall be responsible for receiving all official communications and documents for the group;
- (2) identify the person's personal justiciable interest affected by the application;
- (3) request a contested case hearing;
- (4) provide any other information specified in the public notice of application;
- (5) be timely filed with the Chief Clerk, as set out in the public notice; and
- (6) be pursuant to a right to hearing authorized by law.

The three Commissioners determine the validity of hearing requests, and vote to approve or deny the hearing requests during a public meeting, which are usually held every other Wednesday in Austin. Leading up to the meeting, the following occurs:

- (1) the written hearing requests are distributed to the Executive Director, the Public Interest Counsel, and the Applicant; these persons may file a response to the hearing requests 23 days before the meeting;
- (2) the hearing requester may then file a reply to the responses nine days before the meeting; this is the hearing requester's opportunity to correct any deficiencies in the hearing request that have been identified by TCEQ staff or the applicant. The hearing requester should be sure to submit any information (for example, maps or diagrams showing the requestor's location relative to the applicant's proposed activities) by this deadline he or she wishes the Commissioners to consider; and
- (3) the Commissioners read the hearing requests, the responses to the hearing requests, and the replies, before the public meeting. Then during the public meeting the Commissioners discuss the application and the hearing requests, and vote to grant or deny the hearing requests.

If the Commissioners deny the hearing requests then they often will proceed and vote to approve or deny the application. If the Commissioners grant the hearing requests they will refer the application to the State Office of Administrative Hearings (SOAH), which will conduct a contested case hearing. A SOAH judge will then submit a recommendation to the Commission to approve or deny the application.

The Commission's evaluation of a hearing request is based on Texas Water Code Chapter 5, which provides the Commission need not grant a hearing request if the requester does not have a personal justiciable interest. The Commission's rules on processing hearing requests are at 30 Texas Administrative Code, Chapter 55. The "personal justiciable interest" requirement means that a hearing requester must be impacted personally, not just as a member of the general public, by the Commission's decision on the application. Also, the hearing requester's interest must be "justiciable," meaning the Commission will grant hearing requests only if the requester complains of matters within the Commission's authority. A hearing request complaining of other matters outside the Commission's authority would be denied.

The Alternative Dispute Resolution Program may contact hearing requesters to learn if they would participate in informal discussions with the applicant and a mediator. The Public Interest Counsel may also provide information on the processing of hearing requests.

By necessity this document gives a very general description of Commission procedures. Please call 1-800-687-4040 to get answers about your specific questions.
