TCEQ 000

MAY '23 10:46

Dear Ms. Gharis:

This is to request that the Texas Commission on Environmental Quality (TCEQ) hold a public meeting regarding the application by Cherryville GP, INC. and Cherryville #5, LTD. for the proposed Texas Pollutant Discharge Elimination System (TPDES) Permit No. WQ0015738001 and wastewater treatment facility in Caldwell County, which I represent in the Texas Legislature. This is also to request that any public meeting be held after the Legislature adjourns, as the Caldwell County Commissioners have requested that my staff or I attend.

Constituents have expressed concerns regarding this permit application. Consistent with my goal of encouraging communication to address important community issues, I believe a public meeting would provide a valuable opportunity to enhance transparency, communicate effectively about this project, and enable those who would be affected by the permit's approval to submit comments and have their questions answered. In the process, I urge TCEQ to examine all concerns thoroughly and to resolve any problems identified.

Your favorable consideration of this request would be appreciated greatly. Feel free to contact my staff or me regarding this issue or whenever we can be of assistance. May God bless you.

Very truly yours,

*Judith Zaffirini*

Hello Deanna,

I have the attached public meeting requests on behalf of Senator Zaffirini.

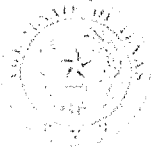

I will also be routing hard copies. Is there someone else who should receive them?  
Please let me know.

Thank you,
