COMMENTS: Morning, I sent in questions on 6-623 @ 11:58am concerning this treatment plant / wastewater permit. I have not received any feedback from TCEQ. I asked for an example of this wastewater plant to visit that has been built recently in our area...So the neighborhood can go and look @. I would also like to see the plat of where exactly this treatment plant is going in relations to our water wells.

COMMENTS: good morning, This treatment plant and subsequent discharge elimination system is going to be built up against my back yard, along with 3 other houses. I would like to see the plan presented to the TCEQ and where this purposed Septic facility falls in the development...in relations to our homes. Can I get a copy of the plat /survey of the development? Can we visit an example of this purposed facility, that has recently been built (in our area) to look at?
**This potentially will affect the value of our homes. Brad
