Dear Ms. Gharis,

I am writing to formally request a public meeting regarding proposed permit number WQ0016247001. I believe that a public meeting is necessary to provide an opportunity for concerned citizens and stakeholders to discuss the potential environmental impacts of this permit and express their opinions and concerns.

As you are aware, permit number WQ0016247001, if granted, would allow for the discharge of treated wastewater at a volume not to exceed a daily average flow of 250,000 gallons per day. Given the potential impact of this activity on the environment and the surrounding community, it is important that the public has an opportunity to learn more about the proposed permit and provide feedback to the TCEQ.

I request that the public meeting be held at a time and location that is convenient for the public, and that it be widely advertised to ensure maximum participation. I also request that TCEQ representatives be present to answer questions and address concerns.

I appreciate your attention to this matter and look forward to hearing back from you soon.

Sincerely,

A handwritten signature in black ink, appearing to read "Stan Kitzman".
