Thank you for your comments.

A copy of your email will be forwarded to the Texas Commission on Environmental Quality (TCEQ) staff responsible for reviewing the application. All timely filed comments will be considered by the staff prior to the final decision on the application. You will be added to the mailing list for this application. After the opportunity to submit comments ends, a copy of the formal written response to all timely filed comments will be mailed to you.

All requests for hearings, if timely filed and authorized by statute or rule, are considered by the Commissioners. The Commissioners will consider your request during a regularly scheduled Commission meeting that is open to the public, and a determination will be made as to whether or not the request will be granted. You will be notified in writing when your request is scheduled for consideration. If your request is granted, the matter will be referred to the State Office of Administrative Hearings (SOAH). The SOAH hearing will be a formal, legal proceeding, conducted in a manner similar to

civil trials in state district court. While not required, parties are usually represented by legal counsel. In order for an issue to be considered at a contested case hearing, it must have been first raised in a comment or in a request for a contested case hearing during the public comment period by the affected person or group requesting the hearing.

The TCEQ appreciates your interest in environmental issues. You may track the status of matters pending before the Commission for approval or view comments and requests by visiting the following website:

<https://www14.tceq.texas.gov/epic/eCID/>. If you have any further questions, please feel free to contact the Public Education Program staff at 800-687-4040.

Sincerely,
Office of the Chief Clerk
