10/3/2024

Public Interest Counsel

I would like to file the motion to over turn the permit #175198 Name North Texas Natural Select Materials in Denison Texas on Fannin Ave 75021. Due to all of the health problems it can cause. It will be built less than 440 yds from our home. Our home across from it.

The dust from this plant can cause silicosis lung disease and massive fibrosis resulting in shortness of breath, due to silica dust, and much more, and also trucks will be running day after day. The plant can operate 24 hrs a day.

I sent a letter certified mail on 5/14/2024 to TCEQ.

I am asking the Executive Director whom issued the permit, to ~~please~~ reconsider this decision.

Thank you

Public Trust Counsel

I would like to file a leave.

My paper work was late. I called to speak to the person, I was told I needed to speak to. I left a message, and waited two days.

I received a call on Sept 27/2024. I did not have time to file my motion to our team.

I ask you to please read my information).

Thank you

I and my family oppose
Denison Crush permit #175198
from building a rock & concrete
Crusher & Rock plant. We are very
close to it, just across the road.

This can lead to silicosis a
disease of the lungs, with
massive fibrosis resulting
in shortness of breath, caused by
prolonged inhalation of silica dust.

1. The number of trucks will increase in the neighborhood
2. The trucks will be bigger and heavier filled with concrete
3. The roads cannot handle these loads and the County doesn't have the money to build new ones
4. The plant can operate 24 hours a day
5. This area is residential, not industrial (the dust can be absorbed in the ground, ponds, pools, and water supply)

Denison Crush
Permit #175198 ← We Oppose
