Re: CHANGES TO THE EXECUTIVE DIRECTOR'S GIS MAP  
Harris County Municipal Utility District No. 531  
TPDES Permit No. WQ0016334001  
TCEQ Docket No. 2025-0116-MWD

Dear Ms. Gharis:

On Monday, March 10, 2025, the Executive Director (ED) filed her Response to Hearing Requests on the application by Harris County Municipal Utility District No. 531 (Applicant) for new Texas Pollutant Discharge Elimination System (TPDES) Permit No. WQ0016334001, in the above numbered docket. This filing also included the ED's GIS Map and its accompanying Appendix.

On Tuesday, March 11, 2025, the Applicant informed counsel for the ED that the GIS Map prepared by the ED's staff contained an error related to the discharge route, a relevant feature from the application. The Applicant noted that the route of the proposed discharge for TPDES Permit No. WQ0016334001 depicted on the ED's GIS Map showed a route flowing towards the west instead of the east, which is the accurate direction the proposed discharge will flow.

The ED requests that the attached revised GIS Map be substituted for the map attached to the Executive Director's Response to Hearing Requests in the above numbered docket. The substitution of the attached map does not change the Executive Director's recommendation on the hearing requests as discussed in the ED's March 10, 2025, filing.
