Request for a Public Hearing

Ms. Keel:

I recently received TCEQ's notice that there has been an application for an Air Quality Standard Permit, Registration No. 174578, Customer Reference Number CN606200376, Regulated Entity Number RN111842803, for construction of a concrete batch plant in Van Alstyne, Texas. I have been contacted by numerous residents and stakeholders of the community as well as local city leaders who have concerns about the location of this plant.

It is crucial for the community to be informed and engaged in this decision-making process. A decision of this nature could impact the environment and the communities overall well-being and I feel it is necessary for the public to have an opportunity to ask questions and provide feedback.. I respectfully request that TCEQ hold a public meeting regarding this application.

Please contact Joshua Garrett in my office at 512-463-0297 if you have any questions or need to discuss further.

Best regards,
