RE: Docket No. 2025-0700-UIC; Uranium Energy Corp. Class III Underground Injection Control Area Permit UR03075 Request for Reconsideration and Request for Contested Hearing

Dear Ms Gharis:

For the record, my April 18, 2025 letter stated that our family farm operations were located within the vicinity of the planned Uranium Energy Corp ("UEC") operations. I believe the subject application Area of Review (AOR) would include our family farming operation. The specific location of our family business is 1837 Fox Road, or latitude 28.860423, longitude -97.316562.

My letter of April 18th included my personal contact information and mailing address, since we do not receive postal delivery at 1837 Fox Road in Goliad County. I apologize for the oversight, but I believe my original request for reconsideration and contested case hearing is valid since I submitted a timely request and included a plain language description of our property "within the vicinity of operations planned by UEC.

Sincerely,

Kenneth Klanika
