**COMMENTS:** SEE ATTACHED

BUFFALO HILLS DEVELOPMENT LLC, WQ0016216001

During the Public Meeting, disturbing information was provided regarding this application.

I respectfully request that this application be reviewed again before it goes any farther through the approval process. The application appears to be missing information that would have been needed to issue the Draft Permit.

**COMMENTS:** I am a property owner in Maypearl, Texas. The proposed wastewater treatment plant will contribute additional water into cottonwood and north chambers creek which merge on my property. The additional flow will increase flooding on my property as well as on neighbors and the city of maypearl itself. A local meeting needs to be held to present this to the public.

**FAX:**

**COMMENTS:** I request that a meeting be held in the Maypearl, Texas area as my property and that of others are downstream of this proposed treatment plant are prone to flooding. The convergence of Cottonwood creek and north chambers creek is adjacent to the city of Maypearl. Hence, the city could also be impacted.

At what point do we stop considering  
the quality of life of those ~~res~~ pre  
existing residents?

Most of us do not want our peace  
and quiet to be interrupted. We are  
used to living without any problems.

We have been on our property for  
over 20 years. 19 years peacefully, then  
we have had this last year. We have  
had our cars burglarized and our  
mailbox destroyed. We have neighbors  
that have the same problem.

We are between two small towns.  
Neither has the infrastructure to  
support uncontrolled growth.

We had to raise our house due to  
being in a 100 year flood plain. ~~Can~~ Will  
I now expect this to be more of an issue?

I oppose this ~~will~~.

Shirley Kegley

**COMMENTS:** see attached

BUFFALO HILLS DEVELOPMENT LLC, WQ0016216001

During the Public Meeting, disturbing information was provided regarding this application.

I respectfully request that this application be reviewed again before it goes any farther through the approval process. The application appears to be missing information that would have been needed to issue the Draft Permit.
