ADDRESS: 20085 Hoya Lane
Garden Ridge, TX 78266

PHONE: 2102409698

FAX:

COMMENTS: Good evening, I'm writing to plead with you not to pass this air quality permit. The air quality in our area due to Heidelberg is damaging our health, our roads and our vehicles. I have two children with asthma. It's getting worse and worse as this company increases their footprint in our area. I drive past this company's operations multiple times a day taking kids to and from school. Many days I have to dodge rocks on the road, huge trucks plowing through the roads without giving proper right of

way, trucks going into my lane on the wrong side of the road and sometimes the dust is so thick you can't see the road. Every time I take my car into the shop for maintenance they recommend changing my air filters instead of at the normal intervals one would change the filters out due to the excessive amount of pollution this company is putting out onto the roads in our community. We have three schools in our area. It's damaging the health and well being of our community. Please protect us.

COMMENTS: The expansion of the quarry has hurt our small community. First driving down what use to be a nice country road on the way to the local middle school is now nothing but 18 wheelers leaving the quarry and so much dust you can barely see while driving. Very curious what all this dust from the quarry affects our health. Especially with all three Comal schools so close by.
