How this will affect me + my
property: I live less than a mile
East of this project. I will have to
drive by every time I go in or out
of our area. Our road are not made
to accomadate this kind of project
of this magnatide. They can say they
will take care of roads + just about
everything pertaining to this project -
I say no they won't. The road runs
from FM 86 - FM 713. Won't happen.

This is a "city" built right in the
middle of our quiet - safe - beautiful
neighborhood. We live here for that
reason. My property has been in my
family for 5 generation. I am # 5.
What about fire - the sheriff, protection?
Our water also, we have wells which if
they drill wells for that many people
our wells will be affected. 1497 lots
