NOW, THEREFORE, this permit, designated Water Use Permit No. 13630, is issued to Port of Corpus Christi Authority of Nueces County subject to the following terms and conditions:

1. USE

Permittee is authorized to divert and use not to exceed 101,334 acre-feet of water per year from Corpus Christi Bay, San Antonio-Nueces Coastal Basin, for industrial purposes in San Patricio County.

2. DIVERSION

Permittee is authorized to divert from a point on Corpus Christi Bay, located at Latitude 27.873741° N, Longitude 97.294987° W, at a maximum diversion rate of 140.12 cfs (62,890 gpm) in San Patricio County.

Such plans shall include a requirement that every water supply contract entered into on or after the effective date of this permit, including any contract extension or renewal, that each successive wholesale customer develop and implement conservation measures. Any adjustments shall be made in accordance with the provisions of Texas Water Code § 11.147(e-1).
- B. Permittee shall implement reasonable measures in order to reduce impacts to aquatic resources due to entrainment or impingement. Such measures shall include, but shall not be limited to, the installation of screens at the diversion structure(s).
- C. Permittee shall install and maintain a measuring device, which accounts for, within 5% accuracy, the quantity of water diverted from the point authorized above in Paragraph 2. DIVERSION and maintain measurement records.
- D. Permittee shall allow representatives of the South Texas Watermaster reasonable access to the property to inspect the measuring device and records.

E. Permittee shall contact the South Texas Watermaster prior to diversion of water authorized by this permit.
