RE: Notice of Hearing Package
Applicant Name: Green Valley Special Utility District
Facility Location: Bexar County, Texas
Permit Number: WQ0015917001
Type of Authorization: New

Dear Mr. Rutherford and Mr. Allen,

As you know, the Chief Clerk's Office has referred this matter over to the State Office of Administrative Hearings (SOAH) for a contested case hearing on your application.

SOAH will conduct a preliminary hearing via Zoom video conference at:

10:00 a.m. – July 6, 2022

You are now required to publish notice for this hearing. To help you meet the requirements associated with this notice, we have enclosed the following items:

- Notice for Newspaper Publication
- Instructions for Notice of Hearing
- Affidavit of Publication

Please note that it is VERY IMPORTANT that you follow ALL directions in the ENCLOSED INSTRUCTIONS. If you do not, you may be required to republish the notice. One of the most common mistakes we see is the unauthorized changing of notice wording or font. If you have any questions, please contact us before you proceed with publication.

The following items and time limitations are also described in the enclosed instructions. However, due to their importance, we want to highlight them for you.

1. Publish the enclosed notice within at least **30 calendar days** prior to the date of the hearing.
2. Return **acceptable proof of publication** of the complete notice, which shows publication date and newspaper name, to the TCEQ Office of the Chief Clerk within **10 business days** after notice is published in the newspaper.
3. File the original enclosed *Affidavit of Publication* with the TCEQ Office of the Chief Clerk within **30 calendar days** after the notice is published in the newspaper.

If you do not comply with all requirements described in the instructions, further processing of your application may be suspended or the commission may take other actions.

As required by 30 TAC § 80.118(c), the TCEQ Office of the Chief Clerk (OCC) will provide the administrative record to SOAH, and will retain one copy for its files. In addition, one copy of the administrative record will be provided to you by the OCC on CD. Neither SOAH nor TCEQ is responsible for providing additional copies to the parties. However, the OCC can provide copies upon request.

The administrative record is not in evidence until properly offered by motion of a party, and subsequently admitted by the Administrative Law Judge, pursuant to 30 TAC § 80.127(h). The party seeking admission of the administrative record must supply copies to the other parties in the proceeding at the time it is offered, or by agreement of the parties.

If you have any questions regarding publication requirements, or obtaining copies of the administrative record, please contact the SOAH Docket Clerk in the OCC at 512-239-3300. If you have any other questions, please contact Kathy Humphreys at 512-239-3417.

Sincerely,

Laurie Gharis
Chief Clerk

TEXAS COMMISSION ON ENVIRONMENTAL QUALITY

**NOTICE OF HEARING
GREEN VALLEY SPECIAL UTILITY DISTRICT
SOAH Docket No. 582-22-2394
TCEQ Docket No. 2022-0091-MWD
Permit No. WQ0015917001**

APPLICATION.

Green Valley Special Utility District, P.O. Box 99, Marion, Texas 78124, has applied to the Texas Commission on Environmental Quality (TCEQ) for new Texas Pollutant Discharge Elimination System (TPDES) Permit No. WQ0015917001, to authorize the discharge of treated domestic wastewater at a daily average flow not to exceed 400,000 gallons per day. TCEQ received this application on August 31, 2020.

The facility will be located at 4060 Stapper Rd., Saint Hedwig, in Bexar County, Texas 78152. The treated effluent will be discharged to Womans Hollow Creek, thence to Martinez Creek, thence to the Lower Cibolo Creek in Segment No. 1902 of the San Antonio River Basin. The unclassified receiving water use is limited aquatic life use for Womans Hollow Creek. The designated uses for Segment No. 1902 are primary contact recreation and high aquatic life use. In accordance with 30 Texas Administrative Code (TAC), Section 307.5 and the TCEQ's *Procedures to Implement the Texas Surface Water Quality Standards* (June 2010), an antidegradation review of the receiving waters was performed. A Tier 1 antidegradation review has preliminarily determined that existing water quality uses will not be impaired by this permit action. Numerical and narrative criteria to protect existing uses will be maintained. This review has preliminarily determined that no water bodies with exceptional, high, or intermediate aquatic life uses are present within the stream reach assessed; therefore, no Tier 2 degradation determination is required. No significant degradation of water quality is expected in water bodies with exceptional, high, or intermediate aquatic life uses downstream, and existing uses will be maintained and protected. The preliminary determination can be reexamined and may be modified if new information is received. As a public courtesy, we have provided the following Web page to an online map of the site or the facility's general location. The online map is not part of the application or the notice:

<https://tceq.maps.arcgis.com/apps/webappviewer/index.html?id=db5bac44afbc468bbddd360f8168250f&marker=-98.1904%2C29.4705&level=12>. For the exact location, refer to the application.

The TCEQ Executive Director has prepared a draft permit which, if approved, would establish the conditions under which the facility must operate. The Executive Director has made a preliminary decision that this permit, if issued, meets all statutory and regulatory requirements. The permit application, Executive Director's preliminary

decision, and draft permit are available for viewing and copying at St. Hedwig City Hall, 13065 Farm-to-Market Road 1346, St. Hedwig, Texas.

CONTESTED CASE HEARING.

Considering directives to protect public health, the State Office of Administrative Hearings (SOAH) will conduct a preliminary hearing via Zoom videoconference. A Zoom meeting is a secure, free meeting held over the internet that allows video, audio, or audio/video conferencing.

10:00 a.m. – July 6, 2022

To join the Zoom meeting via computer:

<https://soah-texas.zoomgov.com/>

**Visit the SOAH website for registration at: <http://www.soah.texas.gov/>
or call SOAH at 512-475-4993.**

The purpose of a preliminary hearing is to establish jurisdiction, name the parties, establish a procedural schedule for the remainder of the proceeding, and to address other matters as determined by the judge. The evidentiary hearing phase of the proceeding, which will occur at a later date, will be similar to a civil trial in state district court. The hearing will address the disputed issues of fact identified in the TCEQ order concerning this application issued on February 28, 2022. In addition to these issues, the judge may consider additional issues if certain factors are met.

The hearing will be conducted in accordance with Chapter 2001, Texas Government Code; Chapter 26, Texas Water Code; and the procedural rules of the TCEQ and SOAH, including 30 TAC Chapter 80 and 1 TAC Chapter 155. The hearing will be held unless all timely hearing requests have been withdrawn or denied.

To request to be a party, you must attend the hearing and show you would be adversely affected by the application in a way not common to members of the general public. Any person may attend the hearing and request to be a party. Only persons named as parties may participate at the hearing.

In accordance with 1 Tex. Admin. Code § 155.401(a), Notice of Hearing, “Parties that are not represented by an attorney may obtain information regarding contested case hearings on the public website of the State Office of Administrative Hearings at www.soah.texas.gov, or in printed format upon request to SOAH.”

INFORMATION.

If you need more information about the hearing process for this application, please call the Public Education Program, toll free, at 800-687-4040. General information about the TCEQ can be found at our web site at www.tceq.texas.gov.

Further information may also be obtained from Green Valley Special Utility District at the address stated above or by calling Mr. Pat Allen at 830-914-2330.

Persons with disabilities who need special accommodations at the hearing should call the SOAH Docketing Department at 512-475-4993, at least one week prior to the hearing.

INSTRUCTIONS FOR PUBLIC NOTICE For Water Quality Permit

NOTICE OF HEARING

A hearing was requested on issues related to your application and the Commission granted this request. The matter has been referred to the State Office of Administrative Hearings. Now you must comply with the following instructions:

Please Review Notice

We have included in the hearing notice all of the information which we believe is necessary. Please read it carefully and notify us immediately if it contains any errors or omissions. You are responsible for ensuring the accuracy of all information published. You may not change the text of the notice without prior approval from the TCEQ.

Newspaper Notice

- You must publish the enclosed Notice of Hearing no less than **30** days before the hearing.
- You must publish the enclosed Notice of Hearing at least once and at your expense, in a newspaper that is regularly published or circulated in each county where, by virtue of the county's geographical relation to the subject matter of the hearing, a person may reasonably believe persons reside who may be affected by the action that may be taken as a result of the hearing. A list of the appropriate counties provided by the executive director is described in the cover letter.

Proof of Publication

- For each published notice, you must submit proof of publication that shows the notice, the date of publication, and the name of the newspaper to the Office of the Chief Clerk within **10 business days** after the date of publication. Acceptable proof of publication is 1) a copy of the published notice or 2) the original newspaper clipping of the published notice. If you choose to submit a copy of the published notice to the Office of the Chief Clerk, the copy must be on standard-size 8¹/₂" x 11" paper and must show

the actual size of the published notice (do not reduce the image when making copies). Published notices longer than 11" must be copied onto multiple 8½" x 11" pages. Please note, submitting a copy of your published notice could result in faster processing of your application. It is recommended that you maintain the original newspaper clipping or tear sheet of the notice for your records.

- You must submit a **publisher's affidavit** to the Office of the Chief Clerk within **30 calendar days** after the date of publication. **You must use the enclosed affidavit form.** The affidavit must clearly identify the applicant's name and permit number.
- You are encouraged to submit the affidavit with the proof of publication described above; however, the affidavit must be submitted no later than **30 calendar days** after publication of notice.
- The **publisher's affidavit** and **proof of publication of the published notice** may be filed with the Chief Clerk electronically at www.tceq.texas.gov/goto/efilings or mailed to:

TCEQ
Office of the Chief Clerk, MC 105
Attn: SOAH Docket Clerk
P.O. Box 13087
Austin, Texas 78711-3087

- Please ensure that the affidavit you send to the Chief Clerk is original and that all blanks on the affidavit are filled in correctly.

Failure to Publish and Submit Proof of Publication

You must meet all publication requirements. **If you fail to publish the notice or submit proof of publication on time**, the TCEQ may suspend further processing of your application or take other actions.

General Information

When contacting the Commission regarding this application, please refer to the permit number and TCEQ Docket number at the top of the Notice of Hearing.

If you have questions or need assistance regarding this notice, please contact the staff attorney listed in the cover letter or the SOAH Docket Clerk in the Office of the Chief Clerk at (512) 239-3300.

Hurricane season's forecast just got worse

By **Andrea Leinfelder**
STAFF WRITER

Don't be lulled by the quiet start to this year's hurricane season in Texas. NOAA is maintaining its forecast for an above-average year and has upped the number of storms it's expecting.

The National Oceanic and Atmospheric Administration said Wednesday there could be 15 to 21 named storms. Between seven and 10 of those could become hurricanes and three to five could be major hurricanes of Category 3 or higher, according to the agency's Climate Prediction Center.

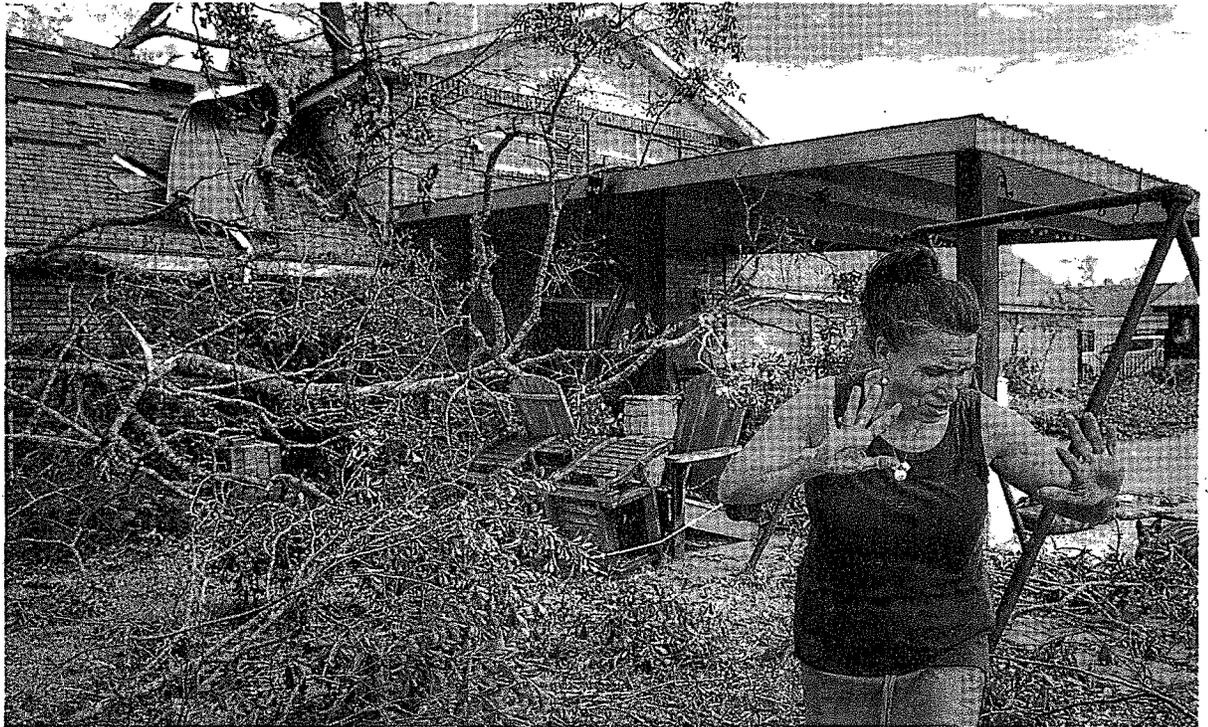

It had previously predicted 13 to 20 named storms, including six to 10 hurricanes and three to five major hurricanes.

Although no storms have reached Texas, NOAA said there have been five named storms this year. Hurricane Elsa became the earliest fifth named storm on record.

"After a record-setting start, the 2021 Atlantic hurricane season does not show any signs of relenting as it enters the peak months ahead," NOAA Administrator Rick Spinrad said in a news release.

This time last year, there had been nine named storms. But 2020 was a record-breaking year that ultimately saw 30 named storms.

NOAA said Atlantic sea surface temperatures are not expected to be as warm as they were last year. However, other conditions are indicating this could be an active hurricane season.

Bob Owen / Staff file photo

Monica Stinson stayed at home with her husband, Donny, in Vinton, La., as Hurricane Laura damaged most of the homes and businesses in the small town on Aug. 27 last year. Forecasters on Wednesday raised the number of Atlantic storms expected this year.

For starters, there is an enhanced West African monsoon. Disturbances that become tropical storms often come from Africa, and a stronger monsoon (more moisture being pulled into western Africa) means these disturbances are better positioned to become tropical storms or hurricanes.

La Niña could return in the coming months, and there is reduced vertical wind shear. These provide conditions more favorable

for storms to develop whereas their opposites — strong vertical wind shear and El Niño — could impede storm development.

All of this is set against the backdrop of the ongoing warm phase of the Atlantic Multi-Decadal Oscillation. The surface temperature in the North Atlantic Ocean has naturally occurring cool and warm phases that may last 20 to 40 years. This current warm phase began in 1995 and has favored more, stronger

and longer-lasting storms.

"A mix of competing oceanic and atmospheric conditions generally favor above-average activity for the remainder of the Atlantic hurricane season," Matthew Rosencrans, lead seasonal hurricane forecaster at NOAA's Climate Prediction Center, said in the news release.

More broadly, researchers expect that warmer ocean and air temperatures, rising sea levels and other effects of climate

change will fuel stronger hurricanes. The flooding from storm surge could be higher, rainfall could be heavier and winds could be stronger. The percent of storms that reach Category 4 or Category 5, with sustained winds of at least 130 mph, is expected to increase.

Scientists at NOAA are studying how climate change is impacting the strength and frequency of tropical cyclones, though earlier this year Rosen-

crans said climate change had not directly impacted the number of named storms. Much of that increase comes from better technology, such as satellites, used to detect storms

Hurricane season began June 1 — though the first named storm, Tropical Storm Ana, formed in late May — and continues through Nov. 30.

cratic member who isn't on the floor of the Texas House is helping kill this voter suppression bill," she tweeted

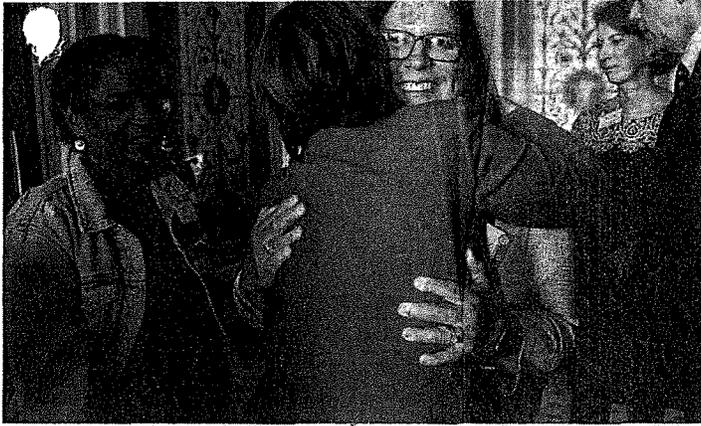

lez won't confirm or deny that she and another House Democrat, Rep. Julie Johnson, have left Washington, D.C., for a vacation abroad.

Reports began circulating early Tuesday that the two representatives had left their colleagues and jetted off to Europe — possibly Portugal — during the last week of the special session in Austin. Both González and Johnson were among the more than 50 House Democrats who fled to the nation's capital last month to deny a quorum and stall a GOP elections bill.

"I don't respond to rumors," González, of Dallas, said in a text Tuesday evening.

Texas Monthly had reported just minutes earlier that González and her fiancé, as well as Johnson and her wife, set off for Portugal on a non-refundable vacation that had been planned for a year and a half.

When pressed on the issue, González replied: "No

one has shown proof. These are rumors, period. End of story."

A representative for Johnson, of Farmers Branch, did not respond to a request for comment. A spokeswoman for the House Democratic Caucus would not confirm the reports.

The relative silence from the caucus is a marked departure from when some members publicly shamed Rep. Phillip Cortez, of San Antonio, for returning to Austin mid-quorum break. Cortez has since made his way back to the nation's capital after what he described

as a failed negotiation attempt, as caucus chair Rep. Chris Turner in a statement welcomed him with "open arms," touting Democrats as "united and unrelenting in our commitment."

Republicans, for their part, have been castigating the representatives in the

are still in Austin working, González and Johnson "are off on private jets and luxury European vacations," tweeted Rep. Jared Patterson, R-Frisco. "How disgusting is this? Come home and get to work!"

His statement echoes what Republicans have been repeating for weeks, especially those who liken the Democrats' stay in Washington to a summer vacation. GOP politicians have mocked Democrats' escape and a few slip-ups along the way — say a viral photo of a crowded airport van and a 12-pack of Miller Lite that Johnson posted as they left for D.C., or an awkward donation request from a local Democratic Party that sought to send care packages to the fugitive legislators.

Rep. Erin Zwiener, D-Driftwood, was among those who came to the missing members' defense, calling the disparagement by Republicans a "distraction" on social media.

"Real talk: Every Demo-

cracy, how's about the reports started coming out. "None of us have any obligation to be Greg Abbott's hostages. Republicans are trying to erode the freedom to vote. Everything else is a distraction."

Zwiener added in an interview that she disagreed with comparisons to U.S. Sen. Ted Cruz flying to Cancun during Texas' blackout in February.

"They're fundamentally different," she said. "They're not fleeing during a crisis. Nobody's fleeing during a crisis."

The rest of the Democrats remain in Washington this week as they hope to keep momentum alive on federal voting rights legislation. Friday is the last day of the special legislative session in Austin, but Gov. Greg Abbott has pledged to continue calling them until a voting bill passes.

Texas Commission on Environmental Quality

NOTICE OF PUBLIC MEETING
FOR TPOES PERMIT FOR MUNICIPAL WASTEWATER
NEW
PERMIT NO. W00015917001

APPLICATION. Green Valley Special Utility District, P.O. Box 99, Marion, Texas 78124, has applied to the Texas Commission on Environmental Quality (TCEQ) for a new Texas Pollutant Discharge Elimination System (TPDES) Permit No. W00015917001, to authorize the discharge of treated domestic wastewater at a daily average flow not to exceed 400,000 gallons per day. TCEQ received this application on August 31, 2021.

The facility will be located at 4300 Surber Rd., Saint Hedwig, in Bexar County, Texas 78152. The treated effluent will be discharged to Womens Hollow Creek, thence to Martinez Creek, thence to the Lower Cibolo Creek in Segment No. 1392 of the San Antonio River Basin. The unclassified receiving water use is limited aquatic life use for Womens Hollow Creek. The designated uses for Segment No. 1392 are primary contact recreation and high aquatic life use. In accordance with 30 Texas Administrative Code, section 307.5 and the TCEQ's Procedures to Implement the Texas Surface Water Quality Standards (June 2010), an anti-degradation review of the receiving waters was performed. A Tier 1 anti-degradation review has preliminarily determined that existing water quality uses will not be impaired by this permit action. Numerical and narrative criteria to protect existing uses will be maintained. This review has preliminarily determined that no water bodies with exceptional, high, or intermediate aquatic life uses are present within the stream reach assessed; therefore, no Tier 2 degradation determination is required. No significant degradation of water quality is expected in water bodies with exceptional, high, or intermediate aquatic life uses downstream, and existing uses will be maintained and protected. The preliminary determination can be reexamined and may be modified if new information is received. This link to an electronic map of the site or facility's general location is provided as a public courtesy and is not part of the application or notice. For the exact location, refer to the application. <https://www.maps.arcgis.com/apps/webappviewer/index.html?id=052ac448bc469b0d63308182250&marker=38,1304522,28.47053,level=12>

The TCEQ Executive Director has completed the technical review of the application and prepared a draft permit. The draft permit, if approved, would establish the conditions under which the facility must operate. The Executive Director has made a preliminary decision that this permit, if issued, meets all statutory and regulatory requirements.

PUBLIC COMMENT/PUBLIC MEETING. A public meeting will be held and will consist of two parts, an Informal Discussion Period and a Formal Comment Period. A public meeting is not a contested case hearing under the Administrative Procedure Act. During the Informal Discussion Period, the public will be encouraged to ask questions of the applicant and TCEQ staff concerning the permit application. The comments and questions submitted orally during the Informal Discussion Period will not be considered before a decision is reached on the permit application and no formal response will be made. Responses will be provided orally during the Informal Discussion Period. During the Formal Comment Period on the permit application, members of the public may state their formal comments orally into the official record. A written response to all timely, relevant and material, or significant comments will be prepared by the Executive Director. All formal comments will be considered before a decision is reached on the permit application. A copy of the written response will be sent to each person who submits a formal comment or who requested to be on the mailing list for this permit application and provides a mailing address. Only relevant and material issues raised during the Formal Comment Period can be considered if a contested case hearing is granted on this permit application.

The Public Meeting is to be held:
Tuesday, September 14, 2021 at 7:30 PM
Lubiano's Dance Hall
(Note: The Dance Hall is behind the Feed Store)
13540 FM 1346
St Hedwig, Texas 78152

INFORMATION. Citizens are encouraged to submit written comments anytime during the meeting or by mail before the close of the public comment period to the Office of the Chief Clerk, TCEQ, Mail Code MC-105, P.O. Box 13087, Austin, TX 78711-3087 or electronically at <https://www11.tceq.texas.gov/epic/Comment/>. If you need more information about the permit application or the permitting process, please call the TCEQ Public Education Program, Toll Free, at 1-800-887-4040. *Si desea información en Español, puede llamar 1-800-887-4040.* General information about the TCEQ can be found at our web site at <https://www.tceq.texas.gov/>. The permit application, Executive Director's preliminary decision, and draft permit are available for viewing and copying at St. Hedwig City Hall, 13055 Farm-to-Market Road 1346, St. Hedwig, Texas. Further information may also be obtained from Green Valley Special Utility District at the address stated above or by calling Mr. Pat Allen at 830-914-2300.

Persons with disabilities who need special accommodations at the meeting should call the Office of the Chief Clerk at (512) 239-3300 or 1-800-RELAY-TX (TDD) at least five business days prior to the meeting.

Lee's gold inspires community

By Sam González Kelly
STAFF WRITER

HOUSTON — As he watched Suni Lee compete at the Tokyo Olympics, Nicolas Xiong could relate to the 18-year-old gymnast on at least one level. He knows what it's like to be the only Hmong in the room, and he knows what it's like when people don't even know who the Hmong are.

But when Lee burst to fame in a gold medal performance, he saw what it was like for a Hmong athlete to become a household name.

"The amount of people searching about it and talking about it, even friends who have reached out about it saying 'hey, you're Hmong right?'... it's been amazing, seeing the impact she's had," Xiong said.

It's a stark contrast from his childhood as a engineering prodigy, when people

would regularly question him about his ethnicity and even accuse him of making something up when he replied he was Hmong.

Lee, who finished her Olympic debut with a gold, silver and bronze medal, was the first Hmong American to compete in the games. Xiong, one of the few Hmong Americans living in the Houston area, often found himself in the same position competing in robotics competitions across the country.

Lee's performance in the women's individual all-around competition, for which she won a gold medal, made her an overnight sensation in the United States. Lee also won a silver medal in the team all-around competition and bronze on the uneven bars, before narrowly missing out on the podium in her final competition, the balance beam, on Tuesday.

For Hmong Americans, seeing Lee shine on a global stage was a breath of fresh air.

"It's really empowering to see a woman who is Hmong being so successful and being a role model for my little sister and my cousins," said Xiong, a Katy resident who grew up in Spring. "Seeing the outpouring of support in our own community as well, it's gotten us talking about our heritage a lot more than we normally do."

Many Hmong came to the United States as refugees following the Vietnam War, after they were targeted by communist forces for fighting on behalf of the U.S. in Laos, where much of the ethnic group settled after fleeing southwest China in the 19th century, according to Lee Pao Xiong, director of the Center for Hmong Studies at Concordia University.

The TCEQ Executive Director has completed the technical review of the application and prepared a draft permit. The draft permit, if approved, would establish the conditions under which the facility must operate. The Executive Director has made a preliminary decision that this permit, if issued, meets all statutory and regulatory requirements.

PUBLIC COMMENT/PUBLIC MEETING. A public meeting will be held and will consist of two parts, an Informal Discussion Period and a Formal Comment Period. A public meeting is not a contested case hearing under the Administrative Procedure Act. During the Informal Discussion Period, the public will be encouraged to ask questions of the applicant and TCEQ staff concerning the permit application. The comments and questions submitted orally during the Informal Discussion Period will not be considered before a decision is reached on the permit application and no formal response will be made. Responses will be provided orally during the Informal Discussion Period. During the Formal Comment Period on the permit application, members of the public may state their formal comments orally into the official record. A written response to all timely, relevant and material, or significant comments will be prepared by the Executive Director. All formal comments will be considered before a decision is reached on the permit application. A copy of the written response will be sent to each person who submits a formal comment or who requested to be on the mailing list for this permit application and provides a mailing address. Only relevant and material issues raised during the Formal Comment Period can be considered if a contested case hearing is granted on this permit application.

The Public Meeting is to be held:

Tuesday, September 14, 2021 at 7:00 PM
Lubianski Dance Hall
(Note: The Dance Hall is behind the Feed Store)
13640 FM 1346
St Hedwig, Texas 78152

INFORMATION. Citizens are encouraged to submit written comments anytime during the meeting or by mail before the close of the public comment period to the Office of the Chief Clerk, TCEQ, Mail Code MC-105, P.O. Box 13087, Austin, TX 78711-3087 or electronically at <https://www14.tceq.texas.gov/epic/eComment/>. If you need more information about the permit application or the permitting process, please call the TCEQ Public Education Program, Toll Free, at 1-800-687-4040. *Si desea información en Español, puede llamar 1-800-687-4040.* General information about the TCEQ can be found at our web site at <https://www.tceq.texas.gov>.

The permit application, Executive Director's preliminary decision, and draft permit are available for viewing and copying at St. Hedwig City Hall, 13065 Farm-to-Market Road 1346, St. Hedwig, Texas. Further information may also be obtained from Green Valley Special Utility District at the address stated above or by calling Mr. Pat Allen at 830-914-2330.

Persons with disabilities who need special accommodations at the meeting should call the Office of the Chief Clerk at (512) 239-3300 or 1-800-RELAY-TX (TDD) at least five business days prior to the meeting.

TEXAS COMMISSION ON ENVIRONMENTAL QUALITY

Instructions to Publish Notice for Public Meeting

The Executive Director has determined that a public meeting should be held for your permit application. The Chief Clerk has issued mailed notice, and now you must publish notice of the meeting in a newspaper.

Newspaper Notice

Please publish the enclosed notice of public meeting, at your expense, in a newspaper that is regularly published or circulated within each county where the proposed facility is located and in each county affected by the discharge. **The entire notice must be published once, including all text from 'NOTICE OF PUBLIC MEETING . . .'** through the issued date. While it is not required, we recommend that the notice be at least 15 square inches (96.8 square centimeters), with the shortest dimension at least three inches (7.6 centimeters) in size. Also, if feasible, we recommend that the notice be published in a regular section of the paper, rather than in the classified advertising section. Please publish the notice as soon as possible, but not later than 30 calendar days prior to the date of the public meeting.

Proof of Publication

Please submit an **original newspaper clipping** of the published notice, and a sworn affidavit completed by the newspaper giving the date on which the notice was published and listing the pertinent counties of newspaper circulation. The enclosed affidavit includes all the information needed. Therefore, please ask the newspaper to use this form. Please file the newspaper clipping and affidavit of publication with the Office of the Chief Clerk within 10 days after the notice is published.

Submission Requirements

The newspaper clipping and affidavit should be mailed to:

TCEQ
Office of the Chief Clerk, MC 105
P.O. Box 13087
Austin, Texas 78711-3087

Please send an original newspaper clipping, rather than photocopies. Also, please be sure the affidavit of publication is completely filled out and is properly executed.

Failure to Publish and Submit Proof of Publication

Proper notice of the public meeting must be given before the public meeting can be held. If you fail to publish the notice or submit the affidavit, we may have to postpone the public meeting, and delay issuance of your permit. Ultimately, your application could be returned. If your application is returned, and you wish to continue with your project, you will need to submit a new application.

If you are unable publish the notice according to the instructions above, please notify us immediately so that we may reschedule the public meeting.

Please Review the Notice

We have included in the notice all the information which we believe is necessary. Please read it carefully and notify us immediately if it contains any errors or omissions.

Please Attend the Public Meeting

The Commission asks that you or your representative appear at the public meeting. Unless you are represented at the meeting, processing of your application may be suspended.

When contacting the Commission regarding this application, please refer to the permit number. If you have questions or need assistance regarding this notice, please contact the Office of the Chief Clerk at (512)239-3300.

Texas Commission on Environmental Quality

NOTICE OF APPLICATION AND PRELIMINARY DECISION FOR TPDES PERMIT FOR MUNICIPAL WASTEWATER NEW

PERMIT NO. WQ0015917001

APPLICATION AND PRELIMINARY DECISION. Green Valley Special Utility District, P.O. Box 99, Marlin, Texas 78124, has applied to the Texas Commission on Environmental Quality (TCEQ) for new Texas Pollutant Discharge Elimination System (TPDES) Permit No. WQ0015917001, to authorize the discharge of treated domestic wastewater at a daily average flow not to exceed 400,000 gallons per day. TCEQ received this application on August 31, 2020.

The facility will be located at 4060 Stapper Rd., Saint Hedwig, in Bexar County, Texas 78152. The treated effluent will be discharged to Womans Hollow Creek, thence to Martin Creek, thence to the Lower Cibola Creek in Segment No. 1902 of the San Antonio River Basin. The unclassified receiving water use is limited aquatic life use for Womans Hollow Creek. The designated uses for Segment No. 1902 are primary contact recreation and high aquatic life use in accordance with 30 TAC §307.5 and the TCEQ's Procedures to Implement the Texas Surface Water Quality Standards (June 2010), an antidegradation review of the receiving waters was performed. A Tier 1 antidegradation review has preliminarily determined that existing water quality uses will not be impaired by this permit action. Numerical and narrative criteria to protect existing uses will be maintained. This review has preliminarily determined that no water bodies with exceptional, high, or intermediate aquatic life uses are present within the stream reach assessed; therefore, no Tier 2 degradation determination is required. No significant degradation of water quality is expected in water bodies with exceptional, high, or intermediate aquatic life uses downstream, and existing uses will be maintained and protected. The preliminary determination can be reexamined and may be modified if new information is received. This link to an electronic map of the site or facility's general location is provided as a public courtesy and is not part of the application or notice. For the exact location, refer to the application. <https://tceq.maps.arcgis.com/apps/webappviewer/index.html?id=0959e4410c246b6d49d9495018168250f&markers=98.1904562%2C29.4705486e1612>

The TCEQ Executive Director has completed the technical review of the application and prepared a draft permit. The draft permit, if approved, will establish the conditions under which the facility must operate. The Executive Director has made a preliminary decision that this permit, if issued, meets all statutory and regulatory requirements. The permit application, Executive Director's preliminary decision, and draft permit are available for viewing and copying at St. Hedwig City Hall, 13065 Farm-to-Market Road 1346, St. Hedwig, Texas

PUBLIC COMMENT / PUBLIC MEETING. You may submit public comments or request a public meeting about this application. The purpose of a public meeting is to provide the opportunity to submit comments or to ask questions about the application. TCEQ holds a public meeting if the Executive Director determines that there is a significant degree of public interest in the application or if requested by a local legislator. A public meeting is not a contested case hearing.

OPPORTUNITY FOR A CONTESTED CASE HEARING. After the deadline for submitting public comments, the Executive Director will consider all timely comments and prepare a response to all relevant and material or significant public comments. Unless the application is directly referred for a contested case hearing, the response to comments will be mailed to everyone who submitted public comments and to those persons who are on the mailing list for this application. If comments are received, the mailing will also provide instructions for requesting a contested case hearing or reconsideration of the Executive Director's decision. A contested case hearing is a legal proceeding similar to a civil trial in a state district court.

TO REQUEST A CONTESTED CASE HEARING, YOU MUST INCLUDE THE FOLLOWING ITEMS IN YOUR REQUEST: your name, address, phone number, applicant's name and proposed permit number; the location and distance of your property/activities relative to the proposed facility; a specific description of how you would be adversely affected by the facility in a way not common to the general public; a list of all disputed issues of fact that you submit during the comment period; and the statement "[I/we] request a contested case hearing." If the request for contested case hearing is filed on behalf of a group or association, the request must designate the group's representative for receiving future correspondence; identify by name and physical address an individual member of the group who would be adversely affected by the proposed facility or activity; provide the information discussed above regarding the affected member's location and distance from the facility or activity; explain how and why the member would be affected; and explain how the interests the group seeks to protect are relevant to the group's purpose.

Following the close of all applicable comment and request periods, the Executive Director will forward the application and any requests for reconsideration or for a contested case hearing to the TCEQ Commissioners for their consideration at a scheduled Commission meeting.

The Commission may only grant a request for a contested case hearing on issues the requestor submitted in their timely comments that were not substantially withdrawn. If a hearing is granted, the subject of a hearing will be limited to disputed issues of fact or mixed questions of fact and law relating to relevant and material water quality concerns submitted during the comment period.

EXECUTIVE DIRECTOR ACTION
The Executive Director may issue final approval of the application unless a timely contested case hearing request or request for reconsideration is filed. If a timely hearing request or request for reconsideration is filed, the Executive Director will not issue final approval of the permit and will forward the application and request to the TCEQ Commissioners for their consideration at a scheduled Commission meeting.

MAILING LIST. If you submit public comments, a request for a contested case hearing or a reconsideration of the Executive Director's decision, you will be added to the mailing list for this specific application to receive future public notices mailed by the Office of the Chief Clerk. In addition, you may request to be placed on: (1) the permanent mailing list for a specific applicant name and permit number; and/or (2) the mailing list for a specific county. If you wish to be placed on the permanent and/or the county mailing list, clearly specify which list(s) and send your request to TCEQ Office of the Chief Clerk at the address below.

All written public comments and public meeting requests must be submitted to the Office of the Chief Clerk, 4001 Texas Commission on Environmental Quality, P.O. Box 13087, Austin, TX 78711-3087 or electronically at www.tceq.texas.gov/office/communications within 30 days from the date of newspaper publication of this notice.

Public Notice Q&A

What is a public notice?

It's information about important government activities. Notice in the newspaper is required for a good reason — to make sure it's NOTICED. It's crucial to government transparency...and government accountability.

Your local paper is the most visible, independent source for this crucial service. We not only print notices in the paper, but post them on our website and a statewide website at no extra charge. And they're archived forever, so there's a permanent and unalterable record.

Texas newspapers have published public notices since 1836. As your hometown paper, we're proud to provide this service to our communities.

What makes newspapers the best source for public notice?

Newspapers are independent, credible, and can guarantee readership. Newspaper readers pay attention to what's going on in the community.

Newspapers are read both in print and online. So are the public notices we publish. And after they're published, we archive them. Forever.

Since 1836, Texans have relied on their newspapers to provide public notices. They still do...for lots of good reasons.

Who benefits from public notice?

You do. Public notices are required because a government body or corporation wants to do something you need to know about.

When government is about to change your life, or your property or assets are about to be taken, newspaper notices are there to keep you informed.

Public Notice Q&A

What is a public notice?

It's information about important government activities. Notice in the newspaper is required for a good reason — to make sure it's NOTICED. It's crucial to government transparency...and government accountability.

Your local paper is the most visible, independent source for this crucial service. We not only print notices in the paper, but post them on our website and a statewide website at no extra charge. And they're archived forever, so there's a permanent and unalterable record.

Texas newspapers have published public notices since 1836. As your hometown paper, we're proud to provide this service to our communities.

What makes newspapers the best source for public notice?

Newspapers are independent, credible, and can guarantee readership. Newspaper readers pay attention to what's going on in the community.

Newspapers are read both in print and online. So are the public notices we publish. And after they're published, we archive them. Forever.

Since 1836, Texans have relied on their newspapers to provide public notices. They still do...for lots of good reasons.

Comisión De Calidad Ambiental Del Estado De Texas

AVISO DE LA SOLICITUD Y DECISION PRELIMINAR PARA EL PERMISO DEL SISTEMA DE ELIMINACION DE DESCARGAS DE CONTAMINANTES DE TEXAS (TPDES) PARA AGUAS RESIDUALES MUNICIPALES

NUEVO PERMISO NO. WQ0015917001

SOLICITUD Y DECISION PRELIMINAR. Green Valley Special Utility District, P.O. Box 99, Marion, Texas 78124, ha solicitado a la Comisión de Calidad Ambiental del Estado de Texas (TCEQ) por un nuevo propuesto permiso para autorizar la descarga de aguas residuales tratadas en un volumen que no sobrepasa un flujo promedio diario de 400,000 galones por día. La TCEQ recibió esta solicitud el día 31 de Agosto, 2020.

La planta está ubicada en 4060 Stapper Road, Saint Hedwig, en el Condado de Bexar, Texas. El efluente tratado es descargado al Arroyo Womens Hollow, de al Arroyo Martinez de allí al Arroyo Lower Cibola en el Segmento No. 1902 de la Cuenca del Río San Antonio. Los usos no clasificados de las aguas receptoras son limitados usos de la vida acuática para al Arroyo Womens Hollow. Los usos designados para el Segmento No. 1902 son elevados uso de vida acuática y recreación con contacto primario. De acuerdo con el 30 TAC, 53075 y los procedimientos de implementación de la TCEQ (Enero 2010) para las Normas de Calidad de Aguas Superficiales en Texas, fue realizada una revisión de la antidegradación de las aguas recibidas. Una revisión de antidegradación del Nivel 1 ha determinado preliminarmente que los usos de la calidad del agua existente no serán perjudicados por la acción de este permiso. Se mantendrá un criterio narrativo y numérico para proteger los usos existentes. Esta revisión ha determinado preliminarmente que ninguno de los cuerpos de agua con usos intermedio, alto o excepcional de vida acuática están presentes dentro del acceso para llegar a la corriente; por lo tanto, no se requiere ninguna determinación de degradación del Nivel 2. No se espera ninguna degradación significativa de la calidad del agua en los cuerpos de agua con usos intermedios, elevados o excepcionales de la vida acuática río abajo y que los usos existentes serán mantenidos y protegidos. La determinación preliminar puede ser reexaminada y puede ser modificada, si se recibe alguna información nueva. Este enlace a un mapa electrónico de la ubicación general del sitio o de la instalación es proporcionado como una cortesía y no es parte de la solicitud o del aviso. Para la ubicación exacta, consulte la solicitud.

El Director Ejecutivo de la TCEQ ha completado la revisión técnica de la solicitud y ha preparado un borrador del permiso. El borrador del permiso, si es aprobado, establecería las condiciones bajo las cuales la instalación debe operar. El Director Ejecutivo ha tomado una decisión preliminar que si este permiso es emitido, cumple con todos los requisitos técnicos y legales. La solicitud del permiso, la decisión preliminar del Director Ejecutivo y el borrador del permiso están disponibles para leer y copiar en St. Hedwig City Hall, 13065 Farm-to-Market Road 1346, St. Hedwig, Texas.

COMENTARIO PUBLICO / REUNION PUBLICA. Usted puede presentar comentarios públicos o pedir una reunión pública sobre esta solicitud. El propósito de una reunión pública es dar la oportunidad de presentar comentarios o hacer preguntas acerca de la solicitud. La TCEQ realiza una reunión pública si el Director Ejecutivo determina que hay un grado de interés público suficiente en la solicitud o si un legislador local lo pide. Una reunión pública no es una audiencia administrativa de lo contencioso.

OPORTUNIDAD DE UNA AUDIENCIA ADMINISTRATIVA DE LO CONTENCIOSO. Después del plazo para presentar comentarios públicos, el Director Ejecutivo considerará todos los comentarios apropiados y preparará una respuesta a todo los comentarios públicos esenciales, pertinentes, o significativos. A menos que la solicitud haya sido referida directamente a una audiencia administrativa de lo contencioso, la respuesta a los comentarios y la decisión del Director Ejecutivo sobre la solicitud serán enviados por correo a todos los que presentaron un comentario público y a las personas que están en la lista para recibir avisos sobre esta solicitud. Si se reciben comentarios, el aviso también proveerá instrucciones para pedir una reconsideración de la decisión del Director Ejecutivo y para pedir una audiencia administrativa de lo contencioso. Una audiencia administrativa de lo contencioso es un procedimiento legal similar a un procedimiento legal civil en un tribunal de distrito del estado.

PARA SOLICITAR UNA AUDIENCIA DE CASO IMPUGNADO, USTED DEBE INCLUIR EN SU SOLICITUD LOS SIGUIENTES DATOS: su nombre, dirección, y número de teléfono; el nombre del solicitante y número del permiso; la ubicación y distancia de su propiedad/actividad con respecto a la instalación; una descripción específica de la forma como usted sería afectado adversamente por el sitio de una manera no común al público en general; una lista de las cuestiones de hecho en disputa que usted presente durante el periodo de comentarios; y la declaración "(Yo/nosotros) solicitamos una audiencia de caso impugnado". Si presenta la petición para una audiencia de caso impugnado de parte de un grupo o asociación, debe identificar una persona que representa al grupo para recibir correspondencia en el futuro; identificar el nombre y la dirección de un miembro del grupo que sería afectado adversamente por la planta o la actividad propuesta; proveer la información indicada anteriormente con respecto a la ubicación del miembro afectado y su distancia de la planta o actividad propuesta; explicar cómo y porqué el miembro sería afectado; y explicar cómo los intereses que el grupo desea proteger son pertinentes al propósito del grupo.

Después del cierre de todos los periodos de comentarios y de petición que aplican, el Director Ejecutivo enviará la solicitud y cualquier petición para reconsideración o para una audiencia de caso impugnado a los Comisionados de la TCEQ para su consideración durante una reunión programada de la Comisión.

La Comisión solo puede conceder una solicitud de una audiencia de caso impugnado sobre los temas que el solicitante haya presentado en sus comentarios oportunos que no fueron retirados posteriormente. Si se concede una audiencia, el tema de la audiencia estará limitado a cuestiones de hecho en disputa o cuestiones mixtas de hecho y de derecho relacionadas a intereses pertinentes y materiales de calidad del agua que se hayan presentado durante el periodo de comentarios.

ACCIÓN DEL DIRECTOR EJECUTIVO. El Director Ejecutivo puede emitir una aprobación final de la solicitud a menos que exista un pedido antes del plazo de vencimiento de una audiencia administrativa de lo contencioso o se ha presentado un pedido de reconsideración. Si un pedido ha llegado antes del plazo de vencimiento de la audiencia o el pedido de reconsideración ha sido presentado, el Director Ejecutivo no emitirá una aprobación final sobre el permiso y enviará la solicitud y el pedido a los Comisionados de la TCEQ para consideración en una reunión programada de la Comisión.

LISTA DE CORREO. Si somete comentarios públicos, un pedido para una audiencia administrativa de lo contencioso o una reconsideración de la decisión del Director Ejecutivo, la Oficina del Secretario Principal enviará por correo los avisos públicos en relación con la solicitud. Además, puede pedir que la TCEQ ponga su nombre en una o más de las listas de correos siguientes (1) la lista de correo permanente para recibir los avisos de el solicitante indicado por nombre y número del permiso específico y/o (2) la lista de correo de todas las solicitudes en un condado específico. Si desea que se agregue su nombre en una de las listas designe cual lista(s) y envíe por correo su pedido a la Oficina del Secretario Principal de la TCEQ.

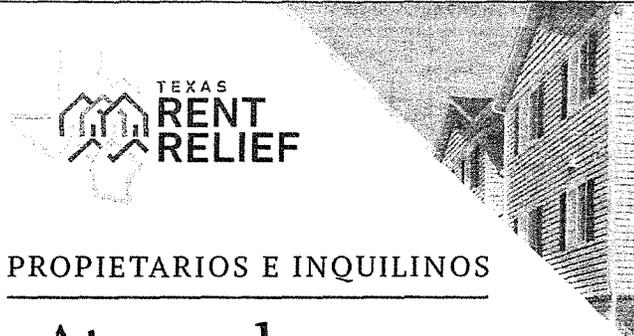

Todos los comentarios públicos por escrito y las solicitudes de reuniones públicas deben enviarse a la Oficina de Chief Clerk, MC 105, Texas Commission on Environmental Quality, P.O. Box 13087, Austin, TX 78711-3087 o electrónicamente en www.tceq.texas.gov/speciaComment dentro de los 30 días posteriores a la fecha de publicación de este aviso en el periódico.

INFORMACION DISPONIBLE EN LINEA. Para obtener detalles sobre el estado de la solicitud, visite la base de datos integrada de los comisionados en www.tceq.texas.gov/info/cid. Busque en la base de datos utilizando el número de permiso para esta solicitud, que se proporciona en la parte superior de este aviso.

CONTACTOS E INFORMACIÓN DE LA TCEQ. Todos los comentarios escritos del público y los pedidos deben ser presentados a la Oficina del Secretario Principal, MC 105, TCEQ, P.O. Box 13087, Austin, TX 78711-3087 o por el internet al <https://www.tceq.texas.gov/speciaComment>. Tenga en cuenta que cualquier información personal que usted proporcione, incluyendo su nombre, número de teléfono, dirección de correo electrónico y dirección física pasarán a formar parte del registro público de la Agencia. Si necesita más información en Español sobre esta solicitud para un permiso o el proceso del permiso, por favor llame a El Programa de Educación Pública de la TCEQ, sin cobro, al 1-800-687-4040. La información general sobre la TCEQ puede ser encontrada en nuestro sitio de la red: www.tceq.texas.gov/info/isp.

NOTICE OF APPLICATION AND PRELIMINARY DECISION FOR TPDES PERMIT FOR MUNICIPAL WASTEWATER

NEW

PERMIT NO. WQ0015917001

APPLICATION AND PRELIMINARY DECISION. Green Valley Special Utility District, P.O. Box 99, Marion, Texas 78124, has applied to the Texas Commission on Environmental Quality (TCEQ) for new Texas Pollutant Discharge Elimination System (TPDES) Permit No. WQ0015917001, to authorize the discharge of treated domestic wastewater at a daily average flow not to exceed 400,000 gallons per day. TCEQ received this application on August 31, 2020.

The facility will be located at 4060 Stapper Rd., Saint Hedwig, in Bexar County, Texas 78152. The treated effluent will be discharged to Womans Hollow Creek, thence to Martinez Creek, thence to the Lower Cibolo Creek in Segment No. 1902 of the San Antonio River Basin. The unclassified receiving water use is limited aquatic life use for Womans Hollow Creek. The designated uses for Segment No. 1902 are primary contact recreation and high aquatic life use. In accordance with 30 TAC §307.5 and the TCEQ's *Procedures to Implement the Texas Surface Water Quality Standards* (June 2010), an antidegradation review of the receiving waters was performed. A Tier 1 antidegradation review has preliminarily determined that existing water quality uses will not be impaired by this permit action. Numerical and narrative criteria to protect existing uses will be maintained. This review has preliminarily determined that no water bodies with exceptional, high, or intermediate aquatic life uses are present within the stream reach assessed; therefore, no Tier 2 degradation determination is required. No significant degradation of water quality is expected in water bodies with exceptional, high, or intermediate aquatic life uses downstream, and existing uses will be maintained and protected. The preliminary determination can be reexamined and may be modified if new information is received. This link to an electronic map of the site or facility's general location is provided as a public courtesy and is not part of the application or notice. For the exact location, refer to the application.

<https://tceq.maps.arcgis.com/apps/webappviewer/index.html?id=db5bac44afbc468bbddd36of816825of&marker=-98.1904%2C29.4705&level=12>

The TCEQ Executive Director has completed the technical review of the application and prepared a draft permit. The draft permit, if approved, would establish the conditions under which the facility must operate. The Executive Director has made a preliminary decision that this permit, if issued, meets all statutory and regulatory requirements. The permit application, Executive Director's preliminary decision, and draft permit are available for viewing and copying at St. Hedwig City Hall, 13065 Farm-to-Market Road 1346, St. Hedwig, Texas.

PUBLIC COMMENT / PUBLIC MEETING. You may submit public comments or request a public meeting about this application. The purpose of a public meeting is to provide the opportunity to submit comments or to ask questions about the application. TCEQ holds a public meeting if the Executive Director determines that there is a significant degree of public interest in the application or if requested by a local legislator. A public meeting is not a contested case hearing.

OPPORTUNITY FOR A CONTESTED CASE HEARING. After the deadline for submitting public comments, the Executive Director will consider all timely comments and prepare a response to all relevant and material or significant public comments. **Unless the application is directly referred for a contested case hearing, the response to comments will be mailed to everyone who submitted public comments and to those persons who are on the mailing list for this application. If comments are received, the mailing will also provide instructions for requesting a contested case hearing or reconsideration of the Executive Director's decision.** A contested case hearing is a legal proceeding similar to a civil trial in a state district court.

TO REQUEST A CONTESTED CASE HEARING, YOU MUST INCLUDE THE FOLLOWING ITEMS IN YOUR REQUEST: your name, address, phone number; applicant's name and proposed permit number; the location and distance of your property/activities relative to the proposed facility; a specific description of how you would be adversely affected by the facility in a way not common to the general public; a list of all disputed issues of fact that you submit during the comment period; and the statement "[I/we] request a contested case hearing." If the request for contested case hearing is filed on behalf of a group or association, the request must designate the group's representative for receiving future correspondence; identify by name and physical address an individual member of the group who would be adversely affected by the proposed facility or activity; provide the information discussed above regarding the affected member's location and distance from the facility or activity; explain how and why the member would be affected; and explain how the interests the group seeks to protect are relevant to the group's purpose.

Following the close of all applicable comment and request periods, the Executive Director will forward the application and any requests for reconsideration or for a contested case hearing to the TCEQ Commissioners for their consideration at a scheduled Commission meeting.

The Commission may only grant a request for a contested case hearing on issues the requestor submitted in their timely comments that were not subsequently withdrawn. **If a hearing is granted, the subject of a hearing will be limited to disputed issues of fact or mixed questions of fact and law relating to relevant and material water quality concerns submitted during the comment period.**

EXECUTIVE DIRECTOR ACTION. The Executive Director may issue final approval of the application unless a timely contested case hearing request or request for reconsideration is filed. If a timely hearing request or request for reconsideration is filed, the Executive Director will not issue final approval of the permit and will forward the application and request to the TCEQ Commissioners for their consideration at a scheduled Commission meeting.

MAILING LIST. If you submit public comments, a request for a contested case hearing or a reconsideration of the Executive Director's decision, you will be added to the mailing list for this specific application to receive future public notices mailed by the Office of the Chief Clerk. In addition, you may request to be placed on: (1) the permanent mailing list for a specific applicant name and permit number; and/or (2) the mailing list for a specific county. If you wish to be placed on the permanent and/or the county mailing list, clearly specify which list(s) and send your request to TCEQ Office of the Chief Clerk at the address below.

All written public comments and public meeting requests must be submitted to the Office of the Chief Clerk, MC 105, Texas Commission on Environmental Quality, P.O. Box 13087, Austin, TX 78711-3087 or electronically at www14.tceq.texas.gov/epic/eComment/ within 30 days from the date of newspaper publication of this notice.

INFORMATION AVAILABLE ONLINE. For details about the status of the application, visit the Commissioners' Integrated Database at www.tceq.texas.gov/goto/cid. Search the database using the permit number for this application, which is provided at the top of this notice.

AGENCY CONTACTS AND INFORMATION. Public comments and requests must be submitted either electronically at www14.tceq.texas.gov/epic/eComment/, or in writing to the Texas Commission on Environmental Quality, Office of the Chief Clerk, MC-105, P.O. Box 13087, Austin, Texas 78711-3087. Any personal information you submit to the TCEQ will become part of the agency's record; this includes email addresses. DEAR MR ALLEN :

The executive director has completed the technical review of the above referenced application and has prepared a preliminary decision and draft permit.

You are now required to publish another notice of your proposed activity. To help you meet the requirements associated with this notice, we have included the following items:

- Instructions for Public Notice
- Notice for Newspaper Publication
- Publisher's Affidavit
- Draft Permit
- Executive Director's Preliminary Decision
- Public Notice Verification Form

You must follow all the directions in the enclosed instructions. The most common mistakes are the unauthorized changing of notice, wording, or font. If you fail to follow these instructions, you may be required to republish the notices.

The following requirements are also described in the enclosed instructions. However, due to their importance, they are highlighted here as well.

- You must publish the enclosed notice as soon as possible, but no later than 45 days from the date on the cover letter. **You may be required to publish the notice in more than one newspaper, including a newspaper published in an alternative language, to satisfy all of the notice requirements.**
- On or before the date you publish notice, you must place the following items in a public place in the county where the facility is or will be located: (a) a copy of your permit application, including any subsequent revisions; (b) the executive director's preliminary decision as contained in the technical summary and fact sheet; and (c) the draft permit, including any subsequent revisions. These items must be accessible to the public for review and copying, must be updated to reflect changes to the application, and must remain in place until the commission has taken action on the application or the commission refers issues to the State Office of Administrative Hearings.
- For each publication, submit proof of publication of the notice that shows the publication date and newspaper name to the Office of the Chief Clerk within **30 calendar days** after notice is published in the newspaper.
- Return the original enclosed Public Notice Verification and the Publisher's Affidavits to the Office of the Chief Clerk within **30 calendar days** after the notice is published in the newspaper.

If you do not comply with all the requirements described in the instructions, further processing of your application may be suspended or the agency may take other actions.

If you have any questions regarding publication requirements, please contact the Office of Legal Services at 512-239-0600. If you have any questions regarding the content of the notice, please contact the individual in the permitting area assigned to your application.

Sincerely,

Laurie Gharis
Chief Clerk

Texas Commission on Environmental Quality
Instructions for Public Notice for a Water Quality Permit
Notice of Application and Preliminary Decision (NAPD)

The executive director has completed the technical review of your application and issued a preliminary decision. You must comply with the following instructions. There are seven (7) steps involved in publishing notice. Complete each step.

1. REVIEW THE NOTICE FOR ACCURACY

Read the enclosed notice carefully and notify the Wastewater Permitting Section at 512-239-4671 immediately if it contains any errors or omissions. You are responsible for ensuring the accuracy of all information published. Do not change the text or formatting of the notice or affidavit of publication without prior approval from the TCEQ. Changing the text or formatting of the notice may require new publication at your expense and delay processing of your application.

2. PUBLISH THE NOTICE IN THE NEWSPAPER

You must publish the enclosed notice as soon as possible, but no later than 45 days from the date on the cover letter.

For renewal applications, you must publish at least once in the same newspaper that you published the Notice of Receipt of Application and Intent to Obtain Permit.

For all other applications, you must publish at least once in a newspaper regularly published or circulated within each county where the facility and discharge point are located or proposed to be located.

The bold text of the enclosed notice must be printed in the newspaper in a font style or size that distinguishes it from the rest of the notice (i.e., bold, italics). Failure to do so may require re-notice.

3. PUBLISH THE NOTICE IN AN ALTERNATIVE LANGUAGE

You must publish notice in an alternative language IF: either the elementary or middle school nearest to the facility or proposed facility is required to provide a "bilingual education program" (BEP) as required by Texas Education Code (TEC), Chapter 29, Subchapter B, and 19 Tex. Admin. Code §89.1205(a) AND one of the following conditions is met:

- students are enrolled in a program at that school;
- students from that school attend a bilingual education program at another location; or
- the school that otherwise would be required to provide a bilingual education program has been granted an exception from the requirements to provide the program as provided for in 19 Tex. Admin. Code §89.1207(a).

A "bilingual education program" is different from an "English as a second language program" (ESL). An ESL program alone, will not require public notice in an alternative language.

If triggered, you must publish the notice in a newspaper or publication primarily published in the alternative language taught in the bilingual education program. Publication in an alternative language section or insert within a large publication which is not printed primarily in that alternative language does not satisfy these

requirements. The newspaper or publication must be of general circulation in the county in which the facility and discharge point are located or proposed to be located. If the facility and discharge point are located or proposed to be located in a municipality, and there exists a newspaper or publication of general circulation in the municipality, you must publish the notice only in the newspaper or publication in the municipality.

You must demonstrate a good faith effort to identify a newspaper or publication in the required language. If there is no general circulation newspaper or publication printed in such language, then publishing in that language is not required. You have the burden to demonstrate compliance with these requirements.

If you are required to publish notice in Spanish, you must translate the site-specific information in the notice that is specific to your application, at your own expense. You may then insert the Spanish translation of your site-specific information into a Spanish template developed by the TCEQ. The Spanish templates are available on the TCEQ website at www.tceq.texas.gov/permitting/wastewater/review/napd/wqspanish_napd.html. If you are required to publish notice in a language other than Spanish, you must translate the entire public notice, at your own expense.

4. PUT THE APPLICATION IN A PUBLIC PLACE

You must put a copy of the following documents in the public place identified in the enclosed notice:

- the complete application,
- the executive director's preliminary decision as contained in the technical summary and fact sheet,
- the draft permit, and
- any subsequent revisions to these documents.

This copy must be accessible to the public for review and copying beginning on the first day of newspaper publication and remain in place until the commission has taken action on the application or the commission refers issues to the State Office of Administrative Hearings.

For confidential information contained in the application, you must indicate which specific portions of the application cannot be made available to the public. These portions of the application must be accompanied with the following statement: "Any request for portions of this application that are marked as confidential must be submitted in writing, pursuant to the Public Information Act, to the TCEQ Public Information Coordinator, MC 197, P.O. Box 13087, Austin, Texas 78711-3087."

5. PROVIDE PROOF OF PUBLICATION

For each newspaper in which you published, you must submit proof of publication. Proof of publication must include the following:

- a completed Publisher's Affidavit (enclosed); and
- a copy of the published notice which shows the notice, the date published, and the newspaper name. The copy must be on standard-size 8½ x 11" paper and must show the actual size of the published notice. Do not reduce the image when making copies. Published notices longer than 11" must be

copied onto multiple 8½ x 11" pages. Or you can submit the original newspaper clipping.

If you are required to publish notice in an alternative language and are unable to do so, complete and submit the Alternative Language Exemption form (enclosed).

6. PROVIDE PROOF OF APPLICATION VIEWING LOCATION

You must submit a completed Public Notice Verification Form (enclosed), which certifies that the complete application and draft permit were placed at the public place identified in the enclosed notice.

7. SUBMIT PROOFS TO TCEQ

Scan and email the proof of publication documents (Step 5) and the completed Public Notice Verification Form (Step 6) within 30 days of publication to PROOFS@tceq.texas.gov;

Or Mail to:

TCEQ
Office of the Chief Clerk, MC 105
Attn: Notice Team
P.O. Box 13087
Austin, Texas 78711-3087

Additional Information

If you fail to publish the notice or submit proofs within the timeframes noted above, the TCEQ may suspend further processing on your application or take other actions in accordance with 30 Tex. Admin. Code §39.405(a).

If you have any questions regarding publication requirements, please contact the Office of Legal Services at 512-239-0600. If you have any questions regarding the content of the notice, please contact the Wastewater Permitting Section at 512-239-4671. When contacting TCEQ regarding this application, please refer to the permit number at the top of the enclosed notice.

If you wish to obtain an electronic copy of the notice, please visit our web site at www.tceq.texas.gov/agency/decisions/cc/cc_db.html or www.tceq.texas.gov/agency/decisions/cc/eda.html. Please be aware that formatting codes may be lost and that any notices downloaded from these web sites must be reformatted by you so that your downloaded copy looks like the notice document you received from us.

TEXAS COMMISSION ON ENVIRONMENTAL QUALITY

AMENDED NOTICE OF RECEIPT OF APPLICATION AND INTENT TO OBTAIN WATER QUALITY PERMIT

PROPOSED PERMIT NO. WQ0015917001

APPLICATION. Green Valley Special Utility District, P.O. Box 99, Marion, Texas 78124, has applied to the Texas Commission on Environmental Quality (TCEQ) for proposed Texas Pollutant Discharge Elimination System (TPDES) Permit No. WQ0015917001 (EPA ID No. TX0040546) to authorize the discharge of treated wastewater at a volume not to exceed a daily average flow of 400,000 gallons per day. The domestic wastewater treatment facility will be located at 4060 Spatter Road, Saint Hedwig, in Bexar County, Texas 78152. The discharge route will be from the plant site to Worms Hollow Creek; thence to Martinez Creek; thence to the Lower Cibolo Creek. TCEQ received this application on August 31, 2020. The permit application is available for viewing and copying at St. Hedwig City Hall, 13065 Farm-to-Market Road 1555, St. Hedwig, Texas. This link to an electronic map of the site or facility's general location is provided as a public courtesy and not part of the application or notice. For the exact location, refer to the application.

TABC Notices

Application has been made with Texas Alcoholic Beverage Commission for a BQ-Beer & Wine Retailers Off Premise

REMARKS: After the deadline for submitting public comments, the Executive Director will consider all timely comments and prepare a response to all relevant and material, or significant public comments. Unless the application is directly referred for a contested case hearing, the response to comments, and the Executive Director's decision on the application, will be mailed to everyone who submitted public comments and to those persons who are on the mailing list for this application. If comments are received, the mailing will also provide instructions for requesting reconsideration of the Executive Director's decision and for requesting a contested case hearing. A contested case hearing is a legal proceeding similar to a civil trial in state district court.

TO REQUEST A CONTESTED CASE HEARING, YOU MUST INCLUDE THE FOLLOWING ITEMS IN YOUR REQUEST: your name, address, phone number; applicant's name and proposed permit number; the location and distance of your property/activities relative to the proposed facility; a specific description of how you would be adversely affected by the facility in a way not common to the general public; a list of all disputed issues of fact that you submit during the comment period and, the statement "[I/we] request a contested case hearing." If the request for contested case hearing is filed on behalf of a group or association, the request must designate the group's representative for receiving future correspondence; identify by name and physical address an individual member of the group who would be adversely affected by the proposed facility or activity; provide the information discussed above regarding the affected member's location and distance from the facility or activity; explain how and why the member would be affected; and explain how the interests the group seeks to protect are relevant to the group's purpose.

Following the close of all applicable comment and request periods, the Executive Director will forward the application and any requests for reconsideration or for a contested case hearing to the Commissioners for their consideration at a scheduled Commission meeting.

The Commission may only grant a request for a contested case hearing on issues the requestor submitted in their timely comments that were not subsequently withdrawn. If a hearing is granted, the subject of a hearing will be limited to disputed issues of fact or mixed questions of fact and law relating to relevant and material water quality concerns submitted during the comment period.

MAILING LIST: If you submit public comments, a request for a contested case hearing, or a reconsideration of the Executive Director's decision, you will be added to the mailing list for this specific application to receive future public notices mailed by the Office of the Chief Clerk. In addition, you may request to be placed on: (1) the permanent mailing list for a specific applicant name and permit number; and/or (2) the mailing list for a specific county. If you wish to be placed on the permanent and/or the county mailing list, clearly specify which list(s) you want your request to TCEQ Office of the Chief Clerk at the address below.

INFORMATION AVAILABLE ONLINE: For details about the status of the application, visit the Commissioners' Integrated Database at www.tceq.texas.gov/epic/cld. Search the database using the permit number for this application, which is provided at the top of this notice.

AGENCY CONTACTS AND INFORMATION: Public comments and requests must be submitted either electronically at <http://www.tceq.texas.gov/epic/cld> or in writing to the Texas Commission on Environmental Quality, Office of the Chief Clerk, MC-105, P.O. Box 13087, Austin, Texas 78711-3087. Please be aware that any contact information you provides, including your name, phone number, email address, and physical address will become part of the agency's public record. For more information about this permit application or the permitting process, please call the TCEQ Public Education Program, Toll Free, at 1-800-687-4040 or visit their website at www.tceq.texas.gov. Si desea informacion en Español, puede llamar al 1-800-687-4040.

Q&A

What makes newspapers the best source for public notice?

Newspapers are independent, credible, and can guarantee readership. Newspaper readers pay attention to what's going on in the community.

Newspapers are read both in print and online. So are the public notices we publish. And after they're published, we archive them. Forever.

Since 1836, Texans have relied on their newspapers to provide public notices. They still do...for lots of good reasons.

Public Notice

Q&A

What makes newspapers the best source for public notice?

Newspapers are independent, credible, and can guarantee readership. Newspaper readers pay attention to what's going on in the community.

Newspapers are read both in print and online. So are the public notices we publish. And after they're published, we archive them. Forever.

Since 1836, Texans have relied on their newspapers to provide public notices. They still do...for lots of good reasons.

Who benefits from public notice?

You do. Public notices are required because a government body or corporation wants to do something you need to know about.

Candlewood Suites Lackland AFB Area to be located at 6439 W. US Hwy 90, San Antonio, Bexar County, Texas, 78227. Owner, Girish Patel.

Public Notice
Q&A

What is a public notice?

It's information about important government activities. Notice in the newspaper is required for a good reason — to make sure it's NOTICED. It's crucial to government transparency...and government accountability.

Your local paper is the most visible, independent source for this crucial service. We not only print notices in the paper, but post them on our website and a statewide website at no extra charge. And they're archived forever, so there's a permanent and available record.

Texas newspapers have published public notices since 1836. As your hometown paper, we're proud to provide this service to our communities.

CENSO 2020

CENSO sigue de pág. 10

“Esto pasa en todos los estados y tal vez incidió más en Texas”, señaló Potter. “Tenemos muchas zonas rurales y una importante población hispana, que sigue creciendo”.

Los republicanos de Texas emitieron un comunicado tras conocerse los resultados que decía que “la representación (legislativa) debe tomar en cuenta a los ciudadanos” y se preguntaba por qué “la izquierda quiere llenar a Texas de miles de ilegales”.

En Florida, la portavoz del gobernador Ron DeSantis no respondió a pedidos de comentarios enviados por correo electrónico.

Paul Mitchell, experto en redistribución de distritos electorales de California —estado que invirtió 187 millones de dólares en la promoción de la participación en el censo— dijo que hay un patrón claro en las cifras. Sostuvo que a los estados que invirtieron en la promoción de la participación les fue bien, mientras que a los que son gobernados por republicanos, que veían esas iniciativas como un cuestionamiento de Trump, les fue mal.

“En Texas, Florida y Arizona no hubo campañas importantes para mejorar el conteo”, manifestó Mitchell. “En Texas, sobre todo, estuvo mal visto decir algo en la Legislatura que pudiese ser considerado una crítica a Trump”.

Mitchell opinó que la dinámica con los hispanos está clara si se analiza las poblaciones de los estados a los que no les fue bien. Destacó que algunos estados que tuvieron buenos resultados, como el suyo propio,

California, habían prometido proteger a los inmigrantes, algo que no se dio en los estados republicanos. “Es obvio”, expresó.

La población de Arizona resultó un 3,3% inferior a lo anticipado. En Florida fue un 0,7% más baja y en Texas un 0,5%.

Nueva York, por otro lado, perdió un escaño por 89 residentes y ahora analiza la posibilidad de hacer algún reclamo.

“Son sólo 89. Puede haber habido un pequeño error en la cuenta”, declaró el gobernador Andrew Cuomo.

El estrecho margen por el que Nueva York perdió una banca, Alabama y Rhode Island conservaron las suyas y Florida, Texas y Arizona sacaron menos que las esperadas hace pensar que “algo no está bien”, según Arturo Vargas, CEO del Fondo Educativo de NALEO (la Asociación Nacional de Funcionarios Latinos Elegidos y Nominados). “Habrá que esperar unos meses para ver qué hay”.

Los cambios poblacionales repercuten en la política y la información del censo desata un proceso de redistribución de distritos electorales ajustados a las nuevas cifras.

El crecimiento de California no alcanzó para que retuviese sus 53 bancas en la cámara baja. El estado más poblado del país perdió un escaño por primera vez en su historia y hay quienes se preguntan si fue consecuencia de que los demócratas controlan el gobierno.

Las novedades generalmente favorecen a los republicanos, que controlan los procesos de redistribución en Texas, Florida y Carolina del Norte, que recibieron cuatro de las siete bancas nuevas. Los dos estados

demócratas que obtuvieron escaños, Colorado y Oregón, no aumentarán su control de las legislaturas. En Oregón, los demócratas se comprometieron a dar igual voz a los republicanos a cambio de que no bloqueen legislaciones. Y los votantes de Colorado dejaron la redistribución de distritos en manos de una comisión no partidista.

Los nuevos escaños son sólo un aspecto de la feroz batalla en torno a la redistribución de distritos. Se espera que tal vez en agosto la Oficina del Censo ofrezca información detallada, que revele cuadro por cuadro dónde vive cada persona. Se elaborarán entonces mapas electorales que garanticen la misma representación para todos. Pero un partido puede sacar ventaja reuniendo rivales en un solo distrito o desperdigándolos de modo tal que nunca puedan ganar una elección.

Los republicanos controlan más legislaturas estatales y tienen ventaja en los estados de mayor crecimiento. Sólo necesitan ganar unos pocos escaños para recuperar el control de la Cámara de Representantes y Adam Kincaid, director ejecutivo del Fondo Nacional Republicano de Redistribución y que coordina los esfuerzos de su partido en relación a la redistribución de distritos, cree que tienen buenas posibilidades de lograrlo.

Pero muchos de los nuevos residentes de esos estados son jóvenes y de minorías, dos bloques electorales que se inclinan mayormente por los demócratas. A los republicanos les costará mucho mantener la ventaja que tienen, sin importar cómo redistribuyen los distritos.

Comisión de Calidad Ambiental del Estado de Texas

ENMENDADO AVISO DE RECIBO DE LA SOLICITUD Y EL INTENTO DE OBTENER PERMISO PARA LA CALIDAD DEL AGUA PERMISO PROPUESTO NO. WQ0015917001

SOLICITUD. Green Valley Special Utility District, P.O. Box 99, Marion, Texas 78124, ha solicitado a la Comisión de Calidad Ambiental del Estado de Texas (TCEQ) para el propuesto Permiso No. WQ0015917001 (EPA I.D. No. TX0140546) del Sistema de Eliminación de Descargas de Contaminantes de Texas (TPDES) para autorizar la descarga de aguas residuales tratadas en un volumen que no sobrepasa un flujo promedio diario de 400,000 galones por día. La planta está ubicada en 4060 Swinner Road, Saint Hedwig, en el Condado de Bexar, Texas, 78152. La ruta de descarga es del sitio de la planta al Arroyo Womans Hollow; de allí al Arroyo Martinez; de allí al Arroyo Lower Cibola. La TCEQ recibió esta solicitud el día 31 de Agosto, 2020. La solicitud para el permiso está disponible para leerla y copiarla en <https://tceq.maps.arcgis.com/apps/webappviewer/index.html?id=d5bac44efbc468bbdd4360f8168250f8&marker=38.1904%2C29.4795&level=12>

AVISO ADICIONAL. El Director Ejecutivo de la TCEQ ha determinado que la solicitud es administrativamente completa y conducirá una revisión técnica de la solicitud. Después de completar la revisión técnica, el Director Ejecutivo puede preparar un borrador del permiso y emitirá una Decisión Preliminar sobre la solicitud. El aviso de la solicitud y la decisión preliminar serán publicados y enviados a los que están en la lista de correo de las personas a la largo del condado que desean recibir los avisos y los que están en la lista de correo que desean recibir avisos de esta solicitud. El aviso dará la fecha límite para someter comentarios públicos.

COMENTARIO PUBLICO / REUNION PUBLICA. Usted puede presentar comentarios públicos o pedir una reunión pública sobre esta solicitud. El propósito de una reunión pública es dar la oportunidad de presentar comentarios o hacer preguntas acerca de la solicitud. La TCEQ realiza una reunión pública si el Director Ejecutivo determina que hay un grado de interés público suficiente en la solicitud o si un legislador local lo pide. Una reunión pública no es una audiencia administrativa de lo contencioso.

OPORTUNIDAD DE UNA AUDIENCIA ADMINISTRATIVA DE LO CONTENCIOSO. Después del plazo para presentar comentarios públicos, el Director Ejecutivo considerará todos los comentarios apropiados y preparará una respuesta a todos los comentarios públicos esenciales, pertinentes, o significativos. A menos que la solicitud haya sido referida directamente a una audiencia administrativa de lo contencioso, la respuesta a los comentarios y la decisión del Director Ejecutivo sobre la solicitud serán enviados por correo a todos los que presentaron un comentario público y a las personas que están en la lista para recibir avisos sobre esta solicitud. Si se reciben comentarios, el aviso también proveerá instrucciones para pedir una reconsideración de la decisión del Director Ejecutivo y para pedir una audiencia administrativa de lo contencioso. Una audiencia administrativa de lo contencioso es un procedimiento legal similar a un procedimiento legal civil en un tribunal de distrito del estado.

PARA SOLICITAR UNA AUDIENCIA DE CASO IMPUGNADO, USTED DEBE INCLUIR EN SU SOLICITUD LOS SIGUIENTES DATOS: su nombre, dirección, y número de teléfono; el nombre del solicitante y número del permiso; la ubicación y distancia de su propiedad/actividad con respecto a la instalación; una descripción específica de la forma cómo usted sería afectado adversamente por el sitio de una manera no común al público en general; una lista de todas las cuestiones de hecho en disputa que usted presente durante el período de comentarios; y la declaración “(Yo/nosotros) solicito/solicitamos una audiencia de caso impugnado”. Si presenta la petición para una audiencia de caso impugnado de parte de un grupo o asociación, debe identificar una persona que representa al grupo para recibir correspondencia en el futuro; identificar el nombre y la dirección de un miembro del grupo que sería afectado adversamente por la planta o la actividad propuesta; proveer la información indicada anteriormente con respecto a la ubicación del miembro afectado y su distancia de la planta o actividad propuesta; explicar cómo y porqué el miembro sería afectado; y explicar cómo los intereses que el grupo desea proteger son pertinentes al propósito del grupo.

Después del cierre de todos los periodos de comentarios y de petición que aplican, el Director Ejecutivo enviará la solicitud y cualquier petición para reconsideración o para una audiencia de caso impugnado a los Comisionados de la TCEQ para su consideración durante una reunión programada de la Comisión.

La Comisión sólo puede conceder una solicitud de una audiencia de caso impugnado sobre los temas que el solicitante haya presentado en sus comentarios oportunos que no fueron retirados posteriormente. Si se concede una audiencia, el tema de la audiencia estará limitado a cuestiones de hecho en disputa o cuestiones mixtas de hecho y de derecho relacionadas a intereses pertinentes y materiales de calidad del agua que se hayan presentado durante el período de comentarios.

LISTA DE CORREO. Si somete comentarios públicos, un pedido para una audiencia administrativa de lo contencioso o una reconsideración de la decisión del Director Ejecutivo, la Oficina del Secretario Principal enviará por correo los avisos públicos en relación con la solicitud. Además, puede pedir que la TCEQ ponga su nombre en uno o más de las listas de correos siguientes: (1) la lista de correo permanente para recibir los avisos de el solicitante indicado por nombre y número del permiso específico y/o (2) la lista de correo de todas las solicitudes en un condado específico. Si desea que se agregue su nombre en una de las listas designe cual lista(s) y envía por correo su pedido a la Oficina del Secretario Principal de la TCEQ.

INFORMACIÓN DISPONIBLE EN LÍNEA. Para obtener más información sobre el estado de la solicitud, visite la base de datos integrada de los Comisionados en www.tceq.texas.gov/goto/cid. Busque en la base de datos utilizando el número de permiso para esta aplicación, que se proporciona en la parte superior de este aviso.

CONTACTOS E INFORMACIÓN DE LA TCEQ. Todos los comentarios escritos del público y los para pedidos una reunión deben ser presentados a la Oficina del Secretario Principal, MC 105, TCEQ, P.O. Box 13087, Austin, TX 78711-3087 o por el internet at <https://www14.tceq.texas.gov/onlineComment>. Tenga en cuenta que cualquier información personal que usted proporcione, incluyendo su nombre, número de teléfono, dirección de correo electrónico y dirección física pasará a formar parte del registro público de la Agencia. Si necesita más información en Español sobre esta solicitud para un permiso o el proceso del permiso, por favor llame a El Programa de Educación Pública de la TCEQ, sin cobro, al 1-800-687-4040. La información general sobre la TCEQ puede ser encontrada en nuestro sitio de la red: www.tceq.texas.gov/goto/pep.

TEXAS COMMISSION ON ENVIRONMENTAL QUALITY

AMENDED NOTICE OF RECEIPT OF APPLICATION AND INTENT TO OBTAIN WATER QUALITY PERMIT

PROPOSED PERMIT NO. WQ0015917001

APPLICATION. Green Valley Special Utility District, P.O. Box 99, Marion, Texas 78124, has applied to the Texas Commission on Environmental Quality (TCEQ) for proposed Texas Pollutant Discharge Elimination System (TPDES) Permit No. WQ0015917001 (EPA I.D. No. TX0140546) to authorize the discharge of treated wastewater at a volume not to exceed a daily average flow of 400,000 gallons per day. The domestic wastewater treatment facility will be located at 4060 Stapper Road, Saint Hedwig, in Bexar County, Texas 78152. The discharge route will be from the plant site to Womans Hollow Creek; thence to Martinez Creek; thence to the Lower Cibolo Creek. TCEQ received this application on August 31, 2020. The permit application is available for viewing and copying at St. Hedwig City Hall, 13065 Farm-to-Market Road 1346, St. Hedwig, Texas. This link to an electronic map of the site or facility's general location is provided as a public courtesy and not part of the application or notice. For the exact location, refer to the application.

<https://tceq.maps.arcgis.com/apps/webappviewer/index.html?id=db5bac44afbc468bbddd360f8168250f&marker=-98.1904%2C29.4705&level=12>

ADDITIONAL NOTICE. TCEQ's Executive Director has determined the application is administratively complete and will conduct a technical review of the application. After technical review of the application is complete, the Executive Director may prepare a draft permit and will issue a preliminary decision on the application. **Notice of the Application and Preliminary Decision will be published and mailed to those who are on the county-wide mailing list and to those who are on the mailing list for this application. That notice will contain the deadline for submitting public comments.**

PUBLIC COMMENT / PUBLIC MEETING. You may submit public comments or request a public meeting on this application. The purpose of a public meeting is to provide the opportunity to submit comments or to ask questions about the application. TCEQ will hold a public meeting if the Executive Director determines that there is a significant degree of public interest in the application or if requested by a local legislator. A public meeting is not a contested case hearing.

OPPORTUNITY FOR A CONTESTED CASE HEARING. After the deadline for submitting public comments, the Executive Director will consider all timely comments and prepare a response to all relevant and material, or significant public comments. **Unless the application is directly referred for a contested case hearing, the response to comments, and the Executive Director's decision on the application, will be mailed to everyone who submitted public comments and to those persons who are on the mailing list for this application. If comments are received, the mailing will also provide**

instructions for requesting reconsideration of the Executive Director's decision and for requesting a contested case hearing. A contested case hearing is a legal proceeding similar to a civil trial in state district court.

TO REQUEST A CONTESTED CASE HEARING, YOU MUST INCLUDE THE FOLLOWING ITEMS IN YOUR REQUEST: your name, address, phone number; applicant's name and proposed permit number; the location and distance of your property/activities relative to the proposed facility; a specific description of how you would be adversely affected by the facility in a way not common to the general public; a list of all disputed issues of fact that you submit during the comment period and, the statement "[I/we] request a contested case hearing." If the request for contested case hearing is filed on behalf of a group or association, the request must designate the group's representative for receiving future correspondence; identify by name and physical address an individual member of the group who would be adversely affected by the proposed facility or activity; provide the information discussed above regarding the affected member's location and distance from the facility or activity; explain how and why the member would be affected; and explain how the interests the group seeks to protect are relevant to the group's purpose.

Following the close of all applicable comment and request periods, the Executive Director will forward the application and any requests for reconsideration or for a contested case hearing to the TCEQ Commissioners for their consideration at a scheduled Commission meeting.

The Commission may only grant a request for a contested case hearing on issues the requestor submitted in their timely comments that were not subsequently withdrawn. **If a hearing is granted, the subject of a hearing will be limited to disputed issues of fact or mixed questions of fact and law relating to relevant and material water quality concerns submitted during the comment period.**

MAILING LIST. If you submit public comments, a request for a contested case hearing or a reconsideration of the Executive Director's decision, you will be added to the mailing list for this specific application to receive future public notices mailed by the Office of the Chief Clerk. In addition, you may request to be placed on: (1) the permanent mailing list for a specific applicant name and permit number; and/or (2) the mailing list for a specific county. If you wish to be placed on the permanent and/or the county mailing list, clearly specify which list(s) and send your request to TCEQ Office of the Chief Clerk at the address below.

INFORMATION AVAILABLE ONLINE. For details about the status of the application, visit the Commissioners' Integrated Database at www.tceq.texas.gov/goto/cid. Search the database using the permit number for this application, which is provided at the top of this notice.

AGENCY CONTACTS AND INFORMATION. Public comments and requests must be submitted either electronically at <https://www14.tceq.texas.gov/epic/eComment/>, or in writing to the Texas Commission on Environmental Quality, Office of the Chief Clerk, MC-105, P.O. Box 13087, Austin, Texas 78711-3087. Please be aware that any contact information you provide, including your name, phone number, email address, and physical address will become part of the agency's public record. For more information about this permit application or the permitting process, please call the TCEQ Public Education Program, Toll Free, at 1-800-687-4040 or visit their website at www.tceq.texas.gov/goto/pep. Si desea información en Español, puede llamar al 1-800-687-4040.

Further information may also be obtained from Green Valley Special Utility District at the address stated above or by calling Mr. Pat Allen at 830-914-2330.

Permit No.: WQ0015917001 (EPA I.D. No. TX0140546)
Site Name: Clearwater Creek WWTP (RN111093126)
Type of Application: New

Dear Mr. Allen:

The executive director has declared the above referenced application, received on August 31, 2020, administratively complete on October 30, 2020.

You are now required to publish notice of your proposed activity and make a copy of the application available for public review. The following items are included to help you meet the regulatory requirements associated with this notice:

- Instructions for Public Notice
- Amended Notice for Newspaper Publication
- Public Notice Verification Form
- Publisher's Affidavits

You must follow all the directions in the enclosed instructions. The most common mistakes are the unauthorized changing of notice, wording, or font. If you fail to follow these instructions, you may be required to republish the notices.

The following requirements are also described in the enclosed instructions. However, due to their importance, they are highlighted here as well.

1. Publish the enclosed notice within **30 calendar days** after your application is declared administratively complete. (See this letter's first paragraph for the declaration date.) **You may be required to publish the notice in more than one newspaper, including a newspaper published in an alternative language, to satisfy all of the notice requirements.**

Declaration of Administrative Completeness

April 30, 2021

2. On or before the date you publish notice, place a copy of your permit application in a public place in the county where the facility is or will be located. This copy must be accessible to the public for review and copying, must be updated to reflect changes to the application, and must remain in place throughout the comment period.
3. For each publication, submit proof of publication of the notice that shows the publication date and newspaper name to the Office of the Chief Clerk within **30 calendar days** after notice is published in the newspaper.
4. Return the original enclosed Public Notice Verification and the Publisher's Affidavits to the Office of the Chief Clerk within **30 calendar days** after the notice is published in the newspaper.

If you do not comply with all the requirements described in the instructions, further processing of your application may be suspended or the agency may take other actions.

If you have any questions regarding publication requirements, please contact the Office of Legal Services at (512) 239-0600. If you have any questions regarding the content of the notice, please contact Ms. Adriene McClarron at (512) 239-5137.

Sincerely,

Deirdre Sheppard, Manager

**Texas Commission on Environmental Quality
Instructions for Public Notice for a Water Quality Permit
Notice of Receipt of Application and Intent to Obtain Permit (NORI)**

Your application has been declared administratively complete. You must comply with the following instructions. There are seven (7) steps involved in publishing notice. Complete each step.

1. REVIEW THE NOTICE FOR ACCURACY

Read the enclosed notice carefully and notify the Application Review and Processing Team at 512-239-4671 immediately if it contains any errors or omissions. You are responsible for ensuring the accuracy of all information published. Do not change the text or formatting of the notice or affidavit of publication without prior approval from the TCEQ. Changing the text or formatting of the notice may require new publication at your expense and delay processing of your application.

2. PUBLISH THE NOTICE IN THE NEWSPAPER

You must publish the enclosed notice within 30 days after the date of administrative completeness. Refer to the cover letter for the date of administrative completeness.

You must publish the enclosed notice at your expense, at least once in the newspaper of largest circulation within each county where the facility and discharge point are located or will be located. If the facility and discharge point are located or will be located in a municipality, the enclosed notice must be published at least once in a newspaper of general circulation in the municipality. These requirements may be satisfied by one publication if the newspaper meets all of the above requirements.

The bold text of the enclosed notice must be printed in the newspaper in a font style or size that distinguishes it from the rest of the notice (i.e., bold, italics). Failure to do so may require re-notice.

3. PUBLISH THE NOTICE IN AN ALTERNATIVE LANGUAGE

You must publish notice in an alternative language **IF**: either the elementary or middle school nearest to the facility or proposed facility is required to provide a "bilingual education program" (BEP) as required by Texas Education Code (TEC), Chapter 29, Subchapter B, and 19 Tex. Admin. Code §89.1205(a) AND one of the following conditions is met:

- students are enrolled in a program at that school;
- students from that school attend a bilingual education program at another location; or
- the school that otherwise would be required to provide a bilingual education program has been granted an exception from the requirements to provide the program as provided for in 19 Tex. Admin. Code §89.1207(a).

A "bilingual education program" is different from an "English as a second language program" (ESL). An ESL program alone, will not require public notice in an alternative language.

If triggered, you must publish the notice in a newspaper or publication primarily published in the alternative language taught in the bilingual education program. Publication in an alternative language section or insert within a large publication which is not printed primarily in that alternative language does not satisfy these requirements. The newspaper or publication must be of general circulation in the county in which the facility and discharge point are located or proposed to be located. If the facility and discharge point are located or proposed to be located in a municipality, and there exists a newspaper or publication of general circulation in the municipality, you must publish the notice only in the newspaper or publication in the municipality.

You must demonstrate a good faith effort to identify a newspaper or publication in the required language. If there is no general circulation newspaper or publication printed in such language, then publishing in that language is not required. You have the burden to demonstrate compliance with these requirements.

If you are required to publish notice in Spanish, you must translate the site-specific information in the notice that is specific to your application, at your own expense. You may then insert the Spanish translation of your site-specific information into a Spanish template developed by the TCEQ. The Spanish templates are available on the TCEQ website at http://www.tceq.texas.gov/permitting/wastewater/review/wqspanish_nori.html. If you are required to publish notice in a language other than Spanish, you must translate the entire public notice, at your own expense.

4. PUT THE APPLICATION IN A PUBLIC PLACE

You must put a copy of the administratively complete application in the public place identified in the enclosed notice.

This copy must be accessible to the public for review and copying beginning on the first day of newspaper publication and remain in place for the publication's designated comment period.

During the technical review, you must update the publicly available application so that it includes all application revisions within 10 business days from the date the revision is transmitted to the TCEQ.

For confidential information contained in the application, you must indicate which specific portions of the application cannot be made available to the public. These portions of the application must be accompanied with the following statement: "Any request for portions of this application that are marked as confidential must be submitted in writing, pursuant to the Public Information Act, to the TCEQ Public Information Coordinator, MC 197, P.O. Box 13087, Austin, Texas 78711-3087."

5. PROVIDE PROOF OF PUBLICATION

For each newspaper in which you published, you must submit proof of publication. Proof of publication must include the following:

- a completed Publisher's Affidavit (enclosed); and
- a copy of the published notice which shows the notice, the date published, and the newspaper name. The copy must be on standard-size 8½ x 11" paper and must show the actual size of the published notice. Do not reduce the

image when making copies. Published notices longer than 11" must be copied onto multiple 8½ x 11" pages. Or you can submit the original newspaper clipping.

If you are required to publish notice in an alternative language and are unable to do so, complete and submit the Alternative Language Exemption form (enclosed).

6. PROVIDE PROOF OF APPLICATION VIEWING LOCATION

You must submit a completed Public Notice Verification Form (enclosed) which certifies that the administratively complete application was placed at the public place identified in the enclosed notice.

7. SUBMIT PROOFS TO TCEQ

The proof of publication documents (Step 5) and the completed Public Notice Verification Form (Step 6) must be submitted to TCEQ within 30 days of publication.

By email to: PROOFS@tceq.texas.gov

OR by mail at:
TCEQ
Office of the Chief Clerk, MC 105
Attn: Notice Team
P.O. Box 13087
Austin, Texas 78711-3087

NOTE: If proofs are submitted by email, you do not have to mail in the original documents.

Additional Information

If you fail to publish the notice or submit proofs within the timeframes noted above, the TCEQ may suspend further processing on your application or take other actions in accordance with 30 Tex. Admin. Code §39.405(a).

If you have any questions regarding publication requirements, please contact the Office of Legal Services at 512-239-0600. If you have any questions regarding the content of the notice, please contact the Wastewater Permitting Section at 512-239-4671. When contacting TCEQ regarding this application, please refer to the permit number at the top of the enclosed notice.

If you wish to obtain an electronic copy of the notice, please visit our web site at http://www.tceq.texas.gov/agency/cc/cc_db.html or <http://www.tceq.texas.gov/agency/cc/eda.html>. Please be aware that formatting codes may be lost and that any notices downloaded from these web sites must be reformatted by you so that your downloaded copy looks like the notice document you received from us.

INTEROFFICE MEMORANDUM

TO: Bridget C. Bohac, Chief Clerk DATE: May 3, 2021

THRU: Travis Timm, Team Leader

FROM: Adriene McClarron, Water Quality Division

SUBJECT: **Amended Notice of Receipt of Application and Intent to Obtain a Permit**
Green Valley Special Utility District (CN600984294)
Permit No. WQ0015917001 (EPA I.D. No. TX0140546) (RN111093126)

We request that the attached amended NOTICE OF RECEIPT OF APPLICATION AND INTENT TO OBTAIN WATER QUALITY PERMIT (NORI) be mailed to the persons on the established mailing list for the above-referenced application. Also, due to the changes, the landowner information was revised. The list and labels are included in with this packet.

REASON:

The applicant requested changes to the facility location and discharge point after the NORI was filed with the OCC. Legal determined that the applicant is required to republish the NORI; a combined NORI/NAPD will not be done in this case. Also, the address for the public viewing location was incorrect.

ed an option for some employees to pursue other interests, retire early, spend more time with family or simply recharge and reset. "Still, it is bittersweet," he said. "Those who have chosen to leave will always be a part of our Express-News family, and I wish them nothing but the very best. For the balance of our team, the future is bright, our audiences are growing and our reporting has never been in higher demand."

New York-based Hearst has signed a letter of intent with real estate development firm GrayStreet Partners to take over two floors of the Light building, totaling 22,000 square feet. The space will include 105 permanent desks and 25 "hot," or unassigned, desks spaced out according to social distancing protocols, as well as a podcast and video production studio.

"It's really a great moment for the Express-News that Hearst, at a time when a lot of other publishers are retrenching, is investing in expanding and strengthening the journalism of the paper and providing a state-of-the-art, pandemic-safe work environment for our journalists," Editor Marc Duvoisin said.

The plan is to move into the new digs in mid-March, though that could change

Notice of Proposed Goals for the Participation of Airport Concessions Disadvantaged Business Enterprises in Department of Transportation Assisted Contracts at San Antonio International Airport

As required by Section 49 Code of Federal Regulations, Part 23, the City of San Antonio hereby publishes proposed overall goals for its Federal Aviation Administration (FAA) Airport Concession Disadvantaged Business Enterprise (ACDBE) Program, for San Antonio International Airport. The proposed overall goal in Federal Fiscal Year (FFY) 2021 through Federal Fiscal Year 2023 is 27% for the participation of ACDBEs in San Antonio Airport System's non-car rental concessions and a proposed goal of 2% for the participation of ACDBEs in San Antonio Airport System's car rental concession contracts for which the US Department of Transportation (DOT) provides financial assistance.

A virtual public meeting will be held for the purpose of consulting with stakeholders and obtaining public input on the goal-setting process from 1:00 pm to 3:00 pm Central Time on November 2, 2020. For more information and to RSVP for event, email: Aviation_SBO@sanantio.gov

The methodology document used in developing the FFY 2023 ACDBE proposed goals are available for inspection during normal business hours (7:45 a.m.-4:30 p.m.), until November 17, 2020, at the following location:

San Antonio International Airport, Terminal A, Mezzanine Level Barbara Patton, Chief of Staff, Director of Aviation Department Small Business Office 9800 Airport Blvd. San Antonio, Texas 78216

San Antonio Airport System will receive and consider public comments on the proposed goals until November 17, 2020 which is 30 days from the initial date of notice. Written comments may be delivered to the above address. For additional information and questions, please contact Barbara Patton at (210) 207-3592.

Comments may also be emailed to Aviation_SBO@sanantio.gov, or mailed to the following address: Federal Aviation Administration Office of Civil Rights, FAA Southwest Region, Dolores Leyva, 10101 Hillwood Parkway Fort Worth, TX 76177

All comments must be received by 4:30 p.m. on November 17, 2020.

Notice of Public Hearing

The City Council of the City of San Antonio will hold a Public Hearing earlier than 9:00 a.m. on 12/03/2020 via Videoconference, regarding a change in zoning and Plan Amendments to the Comprehensive Master Plan of certain property described herein by amending Chapter 35, Section 304 of the City Code, of the City of San Antonio. The meeting will be available to the public at AT&T channel 99, Grande channel 20, Spectrum channel 21, digital antenna 16, www.sanantonio.gov/TVSA and www.Facebook.com/COSAGOV. The meeting will also be available by calling (210) 207-5555 (English and Spanish available). Members of the public can comment on items on the agenda. Comisión de Calidad Ambiental del Estado de Texas

**AVISO DE RECIBO DE LA SOLICITUD Y
EL INTENTO DE OBTENER PERMISO PARA LA CALIDAD DEL AGUA
PERMISO PROPUESTO NO. WQ0015917001**

SOLICITUD. Green Valley Special Utility District, P.O. Box 99, Marion, Texas 78124, ha solicitado a la Comisión de Calidad Ambiental del Estado de Texas (TCEQ) para el propósito Permiso No. WQ0015917001 (EPA I.D. No. TX0140546) del Sistema de Eliminación de Descargas de Contaminantes de Texas (TPDES) para autorizar la descarga de aguas residuales tratadas en un volumen que no sobrepasa un flujo promedio diario de 400,000 galones por día. La planta está ubicada en 14738 Beyer Path, Marion en el Condado de Bexar, Texas. La ruta de descarga es del sitio de la planta al Arroyo Womans Hollow; de allí al Arroyo Martínez. La TCEQ recibió esta solicitud el día 31 de Agosto, 2020. La solicitud para el permiso está disponible para leerla y copiarla en St. Hedwig City Office, 14290 Farm-to-Market Road, 1346, St.-Hedwig, Texas Este enlace a un mapa electrónico de la ubicación general del sitio o de la instalación es proporcionado como una cortesía y no es parte de la solicitud o del aviso. Para la ubicación exacta, consulte la solicitud. <https://tceq.maps.arcgis.com/apps/webappviewer/index.html?id=d5bac44efbc468bbdd4360f8168250f&marker=98.190555%2C29.475&level=12>

AVISO ADICIONAL. El Director Ejecutivo de la TCEQ ha determinado que la solicitud es administrativamente completa y conducirá una revisión técnica de la solicitud. Después de completar la revisión técnica, el Director Ejecutivo puede preparar un borrador del permiso y emitirá una Decisión Preliminar sobre la solicitud. El aviso de la solicitud y la decisión preliminar serán publicados y enviado a los que están en la lista de correo de las personas a lo largo del condado que desean recibir los avisos y los que están en la lista de correo que desean recibir avisos de esta solicitud. El aviso dará la fecha límite para someter comentarios públicos. **COMENTARIO PUBLICO / REUNION PUBLICA.** Usted puede presentar comentarios públicos o pedir una reunión pública sobre esta solicitud. El propósito de una reunión pública es dar la oportunidad de presentar comentarios o hacer preguntas acerca de la solicitud. La TCEQ realiza una reunión pública si el Director Ejecutivo determina que hay un grado de interés público suficiente en la solicitud o si un legislador local lo pide. Una reunión pública no es una audiencia administrativa de lo contencioso.

OPORTUNIDAD DE UNA AUDIENCIA ADMINISTRATIVA DE LO CONTENCIOSO. Después del plazo para presentar comentarios públicos, el Director Ejecutivo considerará todos los comentarios apropiados y preparará una respuesta a todos los comentarios públicos esenciales, pertinentes, o significativos. A menos que la solicitud haya sido referida directamente a una audiencia administrativa de lo contencioso, la respuesta a los comentarios y la decisión del Director Ejecutivo sobre la solicitud serán enviados por correo a todos los que presentaron un comentario público y a las personas que están en la lista para recibir avisos sobre esta solicitud. Si se reciben comentarios, el aviso también proveerá instrucciones para pedir una reconsideración de la decisión del Director Ejecutivo y para pedir una audiencia administrativa de lo contencioso. Una audiencia administrativa de lo contencioso es un procedimiento legal similar a un procedimiento legal civil en un tribunal de distrito del estado.

PARA SOLICITAR UNA AUDIENCIA DE CASO IMPUGNADO, USTED DEBE INCLUIR EN SU SOLICITUD LOS SIGUIENTES DATOS: su nombre, dirección, y número de teléfono; el nombre del solicitante y número del permiso; la ubicación y distancia de su propiedad/actividad con respecto a la instalación; una descripción específica de la forma cómo usted sería afectado adversamente por el sitio de una manera no común al público en general; una lista de todas las cuestiones de hecho en disputa que usted presente durante el periodo de comentarios; y la declaración "Yo/nosotros" solicitamos una audiencia de caso impugnado". Si presenta la petición para una audiencia de caso impugnado de parte de un grupo o asociación, debe identificar una persona que representa al grupo para recibir correspondencia en el futuro; identificar el nombre y la dirección de un miembro del grupo que sería afectado adversamente por la planta o la actividad propuesta; proveer la información indicada anteriormente con respecto a la ubicación del miembro afectado y su distancia de la planta o actividad propuesta; explicar cómo y por qué el miembro sería afectado; y explicar cómo los intereses que el grupo desea proteger son pertinentes al propósito del grupo.

Después del cierre de todos los periodos de comentarios y de petición que aplican, el Director Ejecutivo enviará la solicitud y cualquier petición para reconsideración o para una audiencia de caso impugnado a los Comisionados de la TCEQ para su consideración durante una reunión programada de la Comisión. La Comisión sólo puede conceder una solicitud de una audiencia de caso impugnado sobre los temas que el solicitante haya presentado en sus comentarios oportunos que no fueron retirados posteriormente. Si se concede una audiencia, el tema de la audiencia estará limitado a cuestiones de hecho en disputa o cuestiones mixtas de hecho y de derecho relacionadas a intereses pertinentes y materiales de calidad del agua que se hayan presentado durante el periodo de comentarios.

LISTA DE CORREO. Si somete comentarios públicos, un pedido para una audiencia administrativa de lo contencioso o una reconsideración de la decisión del Director Ejecutivo, la Oficina del Secretario Principal enviará por correo los avisos públicos en relación con la solicitud. Además, puede pedir que la TCEQ ponga su nombre en una o más de las listas de correos siguientes (1) la lista de correo permanente para recibir los avisos de la solicitante indicado por nombre y número del permiso específico y/o (2) la lista de correo de todas las solicitudes en un condado específico. Si desea que se agregue su nombre en una de las listas designe cual lista(s) y envíe por correo su pedido a la Oficina del Secretario Principal de la TCEQ.

CONTACTOS E INFORMACIÓN DE LA TCEQ. Todos los comentarios escritos del público y los para pedidos una reunión deben ser presentados a la Oficina del Secretario Principal, MC 105, TCEQ, P.O. Box 13087, Austin, TX 78711-3087 o por el internet at www.tceq.texas.gov/about/comments.html. Tenga en cuenta que cualquier información personal que usted proporcione, incluyendo su nombre, número de teléfono, dirección de correo electrónico y dirección física pasarán a formar parte del registro público de la Agencia. Si necesita más información en Español sobre esta solicitud para un permiso o el proceso del permiso, por favor llame a El Programa de Educación Pública de la TCEQ, sin cobro, al 1-800-687-4040. La información general sobre la TCEQ puede ser encontrada en nuestro sitio de la red: www.tceq.texas.gov.

FÚTBOL

Triunfo del 'Tri'

Venció por 2-0 a Japón

AGENCIAS

Guillermo Ochoa fue salvador con sus atajadas en el primer tiempo y los atacantes Raúl Jiménez e Hirving Lozano anotaron goles en el complemento para que México derrotase el martes 2-0 a Japón en un partido amistoso disputado bajo una espesa neblina en Austria.

Ochoa desvió al menos cuatro remates de peligro en el primer tiempo para preservar su portería en el choque, que tuvo lugar en el Stadion Green-Liebenau. Jiménez abrió el marcador a los 63 minutos y Lozano amplió la ventaja a los 68.

Con el triunfo, el equipo que conduce el técnico argentino Gerardo Martino cerró con éxito su segunda gira por Europa este año. El sábado, 'el Tri' se impuso 3-2 sobre Corea del Sur y el mes pasado enfrentó a Holanda y Argelia, con un triunfo y un empate, respectivamente.

"Es un año difícil y terminó siendo uno que pudimos aprovechar. Empezamos 2020 con una situación difícil, no sabíamos qué tantas posibilidades tendríamos de poder jugar", dijo el 'Tata' Martino. "Disputamos cuatro partidos importantes y exigentes y los resultados fueron muy buenos, el nivel de juego fue bueno y muy productivo porque en cada uno de los cuatro partidos pasamos momentos y

Hirving Lozano, autor de un gol.

situaciones diferentes y eso les da a los futbolistas mucha experiencia".

El otro encuentro que México disputó en el año fue a inicios de octubre en el estadio Azteca, imponiéndose ante Guatemala.

Los mexicanos no pudieron disputar más partidos en 2020 debido a la pandemia de coronavirus.

A pesar del poco tiempo de trabajo que tuvo Martino, México cada vez luce en mejor forma, con una alineación definida y sin las constantes modificaciones de jugadores que fueron el sello del ciclo anterior, con el entrenador colombiano Juan Carlos Osorio, quien salió del cargo luego de que México quedó eliminado en los octavos de final del Mundial de Rusia en 2018. Martino lo sucedió con la intención de llegar más lejos en Qatar 2022.

Martino les pidió a los dirigentes que le programaran partidos fuera de la CONCACAF y de canchas de Estados Unidos, donde la selección juega casi como local por los inmigrantes mexicanos que abarrotan las gradas en cada estadio donde se presenta.

"No afectó tanto (el parón por la pandemia)

porque pudimos corregir el año al final con los cuatro amistosos que fueron buenos y termina siendo productivo porque no sólo nosotros modificamos formas de jugar sino que enfrentamos rivales que tenían diferencias en su forma de juego", agregó.

Hasta ahora, México parece haber superado la prueba, aunque la noche del martes en la localidad de Graz, Japón fue un duro oponente que mereció mejor suerte, especialmente en la primera mitad en la que tuvo claras llegadas de gol. Recién a los 10 minutos, Daichi Kamada mandó un centro por izquierda hacia el área y Musahi Suzuki no pudo definir frente al arco.

Un par de minutos después, Genki Haraguchi sacó un potente disparo, rechazado con apuros por Ochoa, quien luego se lució con una doble atajada ante tiros a quemarropa de Suzuki.

"Fue el peor primer tiempo (en su gestión) en líneas generales, la peor parte del equipo se vio e los primeros 20, 25 minutos donde fuimos superados, nos faltó intensidad y manejos de la pelota, aunque en los últimos 15 de ese primero equipáramos y logramos neutralizar sin ser mejores porque no tuvimos llegada", agregó el estratega.

Para nivelar el encuentro, Martino utilizó doble contención, rompiendo con su tradicional esquema 4-3-3 y metió al campo a Edson Álvarez y a Luis Romo, quienes cumplieron el objetivo.

TEXAS COMMISSION ON ENVIRONMENTAL QUALITY

NOTICE OF RECEIPT OF APPLICATION AND INTENT TO OBTAIN WATER QUALITY PERMIT

PROPOSED PERMIT NO. WQ0015917001

APPLICATION. Green Valley Special Utility District, P.O. Box 99, Marion, Texas 78124, has applied to the Texas Commission on Environmental Quality (TCEQ) for proposed Texas Pollutant Discharge Elimination System (TPDES) Permit No. WQ0015917001 (EPA I.D. No. TX0140546) to authorize the discharge of treated wastewater at a volume not to exceed a daily average flow of 400,000 gallons per day. The domestic wastewater treatment facility will be located at 14738 Beyer Path, Marion, in Bexar County, Texas 78124. The discharge route will be from the plant site to Womans Hollow Creek; thence to Martinez Creek. TCEQ received this application on August 31, 2020. The permit application is available for viewing and copying at St. Hedwig City Office, 14290 Farm-to-Market Road 1346, St. Hedwig, Texas. This link to an electronic map of the site or facility's general location is provided as a public courtesy and not part of the application or notice. For the exact location, refer to the application.
<https://tceq.maps.arcgis.com/apps/webappviewer/index.html?id=db5bac44afbc468bbddd36of816825of&marker=-98.190555%2C29.475&level=12>

ADDITIONAL NOTICE. TCEQ's Executive Director has determined the application is administratively complete and will conduct a technical review of the application. After technical review of the application is complete, the Executive Director may prepare a draft permit and will issue a preliminary decision on the application. **Notice of the Application and Preliminary Decision will be published and mailed to those who are on the county-wide mailing list and to those who are on the mailing list for this application. That notice will contain the deadline for submitting public comments.**

PUBLIC COMMENT / PUBLIC MEETING. You may submit public comments or request a public meeting on this application. The purpose of a public meeting is to provide the opportunity to submit comments or to ask questions about the application. TCEQ will hold a public meeting if the Executive Director determines that there is a significant degree of public interest in the application or if requested by a local legislator. A public meeting is not a contested case hearing.

OPPORTUNITY FOR A CONTESTED CASE HEARING. After the deadline for submitting public comments, the Executive Director will consider all timely comments and prepare a response to all relevant and material, or significant public comments. **Unless the application is directly referred for a contested case hearing, the response to comments, and the Executive Director's decision on the application, will be mailed to everyone who submitted public comments and to those persons who are on the mailing list for this application. If comments are received, the mailing will also provide instructions for requesting reconsideration of the Executive Director's decision**

and for requesting a contested case hearing. A contested case hearing is a legal proceeding similar to a civil trial in state district court.

TO REQUEST A CONTESTED CASE HEARING, YOU MUST INCLUDE THE FOLLOWING ITEMS IN YOUR REQUEST: your name, address, phone number; applicant's name and proposed permit number; the location and distance of your property/activities relative to the proposed facility; a specific description of how you would be adversely affected by the facility in a way not common to the general public; a list of all disputed issues of fact that you submit during the comment period and, the statement "[I/we] request a contested case hearing." If the request for contested case hearing is filed on behalf of a group or association, the request must designate the group's representative for receiving future correspondence; identify by name and physical address an individual member of the group who would be adversely affected by the proposed facility or activity; provide the information discussed above regarding the affected member's location and distance from the facility or activity; explain how and why the member would be affected; and explain how the interests the group seeks to protect are relevant to the group's purpose.

Following the close of all applicable comment and request periods, the Executive Director will forward the application and any requests for reconsideration or for a contested case hearing to the TCEQ Commissioners for their consideration at a scheduled Commission meeting.

The Commission may only grant a request for a contested case hearing on issues the requestor submitted in their timely comments that were not subsequently withdrawn. **If a hearing is granted, the subject of a hearing will be limited to disputed issues of fact or mixed questions of fact and law relating to relevant and material water quality concerns submitted during the comment period.**

MAILING LIST. If you submit public comments, a request for a contested case hearing or a reconsideration of the Executive Director's decision, you will be added to the mailing list for this specific application to receive future public notices mailed by the Office of the Chief Clerk. In addition, you may request to be placed on: (1) the permanent mailing list for a specific applicant name and permit number; and/or (2) the mailing list for a specific county. If you wish to be placed on the permanent and/or the county mailing list, clearly specify which list(s) and send your request to TCEQ Office of the Chief Clerk at the address below.

INFORMATION AVAILABLE ONLINE. For details about the status of the application, visit the Commissioners' Integrated Database at www.tceq.texas.gov/goto/cid. Search the database using the permit number for this application, which is provided at the top of this notice.

AGENCY CONTACTS AND INFORMATION. Public comments and requests must be submitted either electronically at <https://www14.tceq.texas.gov/epic/eComment/>, or in writing to the Texas Commission on Environmental Quality, Office of the Chief Clerk, MC-105, P.O. Box 13087, Austin, Texas 78711-3087. Please be aware that any contact information you provide, including your name, phone number, email address, and physical address will become part of the agency's public record. RE: Declaration of Administrative Completeness
Green Valley Special Utility District: (CN600684294)
Permit No.: WQ0015917001 (EPA I.D. No. TX0140546)
Site Name: Clearwater Creek WWTP (RN111093126)
Type of Application: New

Dear Mr. Allen:

The executive director has declared the above referenced application, received on August 31, 2020, administratively complete on October 30, 2020.

You are now required to publish notice of your proposed activity and make a copy of the application available for public review. The following items are included to help you meet the regulatory requirements associated with this notice:

- Instructions for Public Notice
- Notice for Newspaper Publication
- Public Notice Verification Form
- Publisher's Affidavits

You must follow all the directions in the enclosed instructions. The most common mistakes are the unauthorized changing of notice, wording, or font. If you fail to follow these instructions, you may be required to republish the notices.

The following requirements are also described in the enclosed instructions. However, due to their importance, they are highlighted here as well.

1. Publish the enclosed notice within **30 calendar days** after your application is declared administratively complete. (See this letter's first paragraph for the declaration date.) **You may be required to publish the notice in more than one newspaper, including a newspaper published in an alternative language, to satisfy all of the notice requirements.**

Declaration of Administrative Completeness

2. On or before the date you publish notice, place a copy of your permit application in a public place in the county where the facility is or will be located. This copy must be accessible to the public for review and copying, must be updated to reflect changes to the application, and must remain in place throughout the comment period.
3. For each publication, submit proof of publication of the notice that shows the publication date and newspaper name to the Office of the Chief Clerk within **30 calendar days** after notice is published in the newspaper.
4. Return the original enclosed Public Notice Verification and the Publisher's Affidavits to the Office of the Chief Clerk within **30 calendar days** after the notice is published in the newspaper.

If you do not comply with all the requirements described in the instructions, further processing of your application may be suspended or the agency may take other actions.

If you have any questions regarding publication requirements, please contact the Office of Legal Services at (512) 239-0600. If you have any questions regarding the content of the notice, please contact Ms. Velma Fuller at (512) 239-3321.

Sincerely,

Deirdre Shepphard, Manager

Enclosures

**Texas Commission on Environmental Quality
Instructions for Public Notice for a Water Quality Permit
Notice of Receipt of Application and Intent to Obtain Permit (NORI)**

Your application has been declared administratively complete. You must comply with the following instructions. There are seven (7) steps involved in publishing notice. Complete each step.

1. REVIEW THE NOTICE FOR ACCURACY

Read the enclosed notice carefully and notify the Application Review and Processing Team at 512-239-4671 immediately if it contains any errors or omissions. You are responsible for ensuring the accuracy of all information published. Do not change the text or formatting of the notice or affidavit of publication without prior approval from the TCEQ. Changing the text or formatting of the notice may require new publication at your expense and delay processing of your application.

2. PUBLISH THE NOTICE IN THE NEWSPAPER

You must publish the enclosed notice within 30 days after the date of administrative completeness. Refer to the cover letter for the date of administrative completeness.

You must publish the enclosed notice at your expense, at least once in the newspaper of largest circulation within each county where the facility and discharge point are located or will be located. If the facility and discharge point are located or will be located in a municipality, the enclosed notice must be published at least once in a newspaper of general circulation in the municipality. These requirements may be satisfied by one publication if the newspaper meets all of the above requirements.

The bold text of the enclosed notice must be printed in the newspaper in a font style or size that distinguishes it from the rest of the notice (i.e., bold, italics). Failure to do so may require re-notice.

3. PUBLISH THE NOTICE IN AN ALTERNATIVE LANGUAGE

You must publish notice in an alternative language **IF**: either the elementary or middle school nearest to the facility or proposed facility is required to provide a "bilingual education program" (BEP) as required by Texas Education Code (TEC), Chapter 29, Subchapter B, and 19 Tex. Admin. Code §89.1205(a) AND one of the following conditions is met:

- students are enrolled in a program at that school;
- students from that school attend a bilingual education program at another location; or
- the school that otherwise would be required to provide a bilingual education program has been granted an exception from the requirements to provide the program as provided for in 19 Tex. Admin. Code §89.1207(a).

A "bilingual education program" is different from an "English as a second language program" (ESL). An ESL program alone, will not require public notice in an alternative language.

If triggered, you must publish the notice in a newspaper or publication primarily published in the alternative language taught in the bilingual education program. Publication in an alternative language section or insert within a large publication which is not printed primarily in that alternative language does not satisfy these requirements. The newspaper or publication must be of general circulation in the county in which the facility and discharge point are located or proposed to be located. If the facility and discharge point are located or proposed to be located in a municipality, and there exists a newspaper or publication of general circulation in the municipality, you must publish the notice only in the newspaper or publication in the municipality.

You must demonstrate a good faith effort to identify a newspaper or publication in the required language. If there is no general circulation newspaper or publication printed in such language, then publishing in that language is not required. You have the burden to demonstrate compliance with these requirements.

If you are required to publish notice in Spanish, you must translate the site-specific information in the notice that is specific to your application, at your own expense. You may then insert the Spanish translation of your site-specific information into a Spanish template developed by the TCEQ. The Spanish templates are available on the TCEQ website at http://www.tceq.texas.gov/permitting/wastewater/review/wqspanish_nori.html. If you are required to publish notice in a language other than Spanish, you must translate the entire public notice, at your own expense.

4. PUT THE APPLICATION IN A PUBLIC PLACE

You must put a copy of the administratively complete application in the public place identified in the enclosed notice.

This copy must be accessible to the public for review and copying beginning on the first day of newspaper publication and remain in place for the publication's designated comment period.

During the technical review, you must update the publicly available application so that it includes all application revisions within 10 business days from the date the revision is transmitted to the TCEQ.

For confidential information contained in the application, you must indicate which specific portions of the application cannot be made available to the public. These portions of the application must be accompanied with the following statement: "Any request for portions of this application that are marked as confidential must be submitted in writing, pursuant to the Public Information Act, to the TCEQ Public Information Coordinator, MC 197, P.O. Box 13087, Austin, Texas 78711-3087."

5. PROVIDE PROOF OF PUBLICATION

For each newspaper in which you published, you must submit proof of publication. Proof of publication must include the following:

- a completed Publisher's Affidavit (enclosed); and
- a copy of the published notice which shows the notice, the date published, and the newspaper name. The copy must be on standard-size 8½ x 11" paper and must show the actual size of the published notice. Do not reduce the

image when making copies. Published notices longer than 11" must be copied onto multiple 8½ x 11" pages. Or you can submit the original newspaper clipping.

If you are required to publish notice in an alternative language and are unable to do so, complete and submit the Alternative Language Exemption form (enclosed).

6. PROVIDE PROOF OF APPLICATION VIEWING LOCATION

You must submit a completed Public Notice Verification Form (enclosed) which certifies that the administratively complete application was placed at the public place identified in the enclosed notice.

7. MAIL PROOFS TO TCEQ

Mail the proof of publication documents (Step 5) and the completed Public Notice Verification Form (Step 6) within 30 days of publication to:

TCEQ
Office of the Chief Clerk, MC 105
Attn: Notice Team
P.O. Box 13087
Austin, Texas 78711-3087

Additional Information

If you fail to publish the notice or submit proofs within the timeframes noted above, the TCEQ may suspend further processing on your application or take other actions in accordance with 30 Tex. Admin. Code §39.405(a).

If you have any questions regarding publication requirements, please contact the Office of Legal Services at 512-239-0600. If you have any questions regarding the content of the notice, please contact the Wastewater Permitting Section at 512-239-4671. When contacting TCEQ regarding this application, please refer to the permit number at the top of the enclosed notice.

If you wish to obtain an electronic copy of the notice, please visit our web site at http://www.tceq.texas.gov/agency/cc/cc_db.html or <http://www.tceq.texas.gov/agency/cc/eda.html>. Please be aware that formatting codes may be lost and that any notices downloaded from these web sites must be reformatted by you so that your downloaded copy looks like the notice document you received from us.
