TEXAS COMMISSION ON ENVIRONMENTAL QUALITY
NOTICE OF HEARING
HARRIS COUNTY MUNICIPAL UTILITY DISTRICT NO. 495
SOAH Docket No. 582-22-2346
TCEQ Docket No. 2022-0148-MWD
Permit No. WQ0015222001

APPLICATION.

Harris County Municipal Utility District No. 495, c/o ABHR, 3200 Southwest Freeway, Suite 2600, Houston, Texas 77027, has applied to the Texas Commission on Environmental Quality (TCEQ) for a major amendment to Texas Pollutant Discharge Elimination System (TPDES) Permit No. WQ0015222001, to authorize an increase in the discharge of treated domestic wastewater from a daily average flow not to exceed 900,000 gallons per day (gpd) to an annual average flow not to exceed 1,500,000 gpd. TCEQ received this application on March 10, 2020.

The facility is located at 5455 1/2 Porter Road, in Harris County, Texas 77493. The treated effluent is discharged to South Mayde Creek, thence to Buffalo Bayou, thence to Buffalo Bayou Above Tidal in Segment No. 1014 of the San Jacinto River Basin. The unclassified receiving water use is minimal aquatic life use for South Mayde Creek. The designated uses for Segment No. 1014 are primary contact recreation and limited aquatic life use. In accordance with 30 Texas Administrative Code (TAC) § 307.5 and the TCEQ's Procedures to Implement the Texas Surface Water Quality Standards (June 2010), an antidegradation review of the receiving waters was performed. A Tier 1 antidegradation review has preliminarily determined that existing water quality uses will not be impaired by this permit action. Numerical and narrative criteria to protect existing uses will be maintained. This review has preliminarily determined that no water bodies with exceptional, high, or intermediate aquatic life uses are present within the stream reach assessed; therefore, no Tier 2 degradation determination is required. No significant degradation of water quality is expected in water bodies with exceptional, high, or intermediate aquatic life uses downstream, and existing uses will be maintained and protected. The preliminary determination can be reexamined and may be modified if new information is received. As a public courtesy, we have provided the following Web page to an online map of the site or the facility's general location. The online map is not part of the application or the notice: <https://tceq.maps.arcgis.com/apps/webappviewer/index.html?id=cb5bac44afbc468bbddd360f8168250f&marker=-95.791144%2C29.852741&level=12>. For the exact location, refer to the application.

The TCEQ Executive Director has prepared a draft permit which, if approved, would establish the conditions under which the facility must operate. The TCEQ Executive Director has made a preliminary decision that this permit, if issued, meets all statutory and regulatory requirements. The permit application, Executive Director's Preliminary Decision, and draft permit are available for viewing <https://www.hia.com/tpdes-permits/>.

CONTESTED CASE HEARING.

Considering directives to protect public health, the State Office of Administrative Hearings (SOAH) will conduct a preliminary hearing via Zoom videoconference. A Zoom meeting is a secure, free meeting held over the internet that allows video, audio, or audio/video conferencing.

10:00 a.m. - June 7, 2022

To join the Zoom meeting via computer:

Visit the SOAH website for registration at: <http://www.soah.texas.gov/>
 or call SOAH at 512-475-4993.

The purpose of a preliminary hearing is to establish jurisdiction, name the parties, establish a procedural schedule for the remainder of the proceeding, and to address other matters as determined by the judge. The evidentiary hearing phase of the proceeding, which will occur at a later date, will be similar to a civil trial in state district court. The hearing will address the disputed issues of fact identified in the TCEQ order concerning this application issued on March 11, 2022. In addition to these issues, the judge may consider additional issues if certain factors are met.

The hearing will be conducted in accordance with Chapter 2001, Texas Government Code; Chapter 26, Texas Water Code; and the procedural rules of the TCEQ and SOAH, including 30 TAC Chapter 80 and 1 TAC Chapter 155. The hearing will be held unless all timely hearing requests have been withdrawn or denied.

To request to be a party, you must attend the hearing and show you would be adversely affected by the application in a way not common to members of the general public. Any person may attend the hearing and request to be a party. Only persons named as parties may participate at the hearing.

In accordance with 1 Tex. Admin. Code § 155.401 (a), Notice of Hearing, "Parties that are not represented by an attorney may obtain information regarding contested case hearings on the public website of the State Office of Administrative Hearings at www.soah.texas.gov, or in printed format upon request to SOAH."

INFORMATION.

If you need more information about the hearing process for this application, please call the Public Education Program, toll free, at 8006874040. General information about the TCEQ can be found at our web site at www.tceq.texas.gov.

Further information may also be obtained from Harris County Municipal Utility District No. 495 at the address stated above or by calling Mr. Gregg Haan, P.E., LJA Engineering, Inc., at 713-953-5061.

Persons with disabilities who need special accommodations at the hearing should call the SOAH Docketing Department at 512-475-4993, at least one week prior to the hearing.

Public Notice

Q&A

What is a public notice?

It's information about important government activities. Notice in the newspaper is required for a good reason -- to make sure it's NOTICED. It's crucial to government transparency...and government accountability.

Your local paper is the most visible, independent source for this crucial service. We not only print notices in the paper, but post them on our website and a statewide website at no extra charge. And they're archived forever, so there's a permanent and unalterable record.

Texas newspapers have published public notices since 1836. As your hometown paper, we're proud to provide this service to our communities.

What makes newspapers the best source for public notice?

Newspapers are independent, credible, and can guarantee readership. Newspaper readers pay attention to what's going on in the community.

Newspapers are read both in print and online. So are the public notices we publish. And after they're published, we archive them. Forever.

Since 1836, Texans have relied on their newspapers to provide public notices. They still do...for lots of good reasons.

Who benefits from public notice?

You do. Public notices are required because a government body or
