Dear Mr. Gregg and Mr. Mickler,

As you know, the Chief Clerk's Office has referred this matter over to the State Office of Administrative Hearings (SOAH) for a contested case hearing on your application.

SOAH will conduct a preliminary hearing via Zoom video conference at:

10:00 a.m. – February 28, 2023

You are now required to publish notice for this hearing. To help you meet the requirements associated with this notice, we have enclosed the following items:

- Notice for Newspaper Publication
- Instructions for Notice of Hearing
- Affidavit of Publication

Please note that it is VERY IMPORTANT that you follow ALL directions in the ENCLOSED INSTRUCTIONS. If you do not, you may be required to republish the notice. One of the most common mistakes we see is the unauthorized changing of notice wording or font. If you have any questions, please contact us before you proceed with publication.

The following items and time limitations are also described in the enclosed instructions. However, due to their importance, we want to highlight them for you.

1. Publish the enclosed notice within at least **30 calendar days** prior to the date of the hearing.
2. Return **acceptable proof of publication** of the complete notice, which shows publication date and newspaper name, to the TCEQ Office of the Chief Clerk within **10 business days** after notice is published in the newspaper.
3. File the original enclosed *Affidavit of Publication* with the TCEQ Office of the Chief Clerk within **30 calendar days** after the notice is published in the newspaper.

If you do not comply with all requirements described in the instructions, further processing of your application may be suspended or the commission may take other actions.

As required by 30 TAC § 80.118(c), the TCEQ Office of the Chief Clerk (OCC) will provide the administrative record to SOAH, and will retain one copy for its files. In addition, one copy of the administrative record will be provided to you by the OCC on CD. Neither SOAH nor TCEQ is responsible for providing additional copies to the parties. However, the OCC can provide copies upon request.

The administrative record is not in evidence until properly offered by motion of a party, and subsequently admitted by the Administrative Law Judge, pursuant to 30 TAC § 80.127(h). The party seeking admission of the administrative record must supply copies to the other parties in the proceeding at the time it is offered, or by agreement of the parties.

If you have any questions regarding publication requirements, or obtaining copies of the administrative record, please contact the SOAH Docket Clerk in the OCC at 512-239-3300. If you have any other questions, please contact Kathy Humphreys at 512-239-3417.

Sincerely,

Laurie Gharis

NOTICE OF HEARING
FM 2920 Land Company, Ltd.
SOAH Docket No. 582-23-09206
TCEQ Docket No. 2022-0939-MWD
Permit No. WQ0015977001

APPLICATION.

FM 2920 Land Company, Ltd., 2000 West Parkwood Avenue, Friendswood, Texas 77546, has applied to the Texas Commission on Environmental Quality (TCEQ) for new Texas Pollutant Discharge Elimination System (TPDES) Permit No. WQ0015977001, to authorize the discharge of treated domestic wastewater at a daily average flow not to exceed 120,000 gallons per day.

The facility will be located on Farm-to-Market Road 2920 approximately 550 feet east of the intersection of Farm-to-Market Road 2920 and Three Pines Drive, in Harris County, Texas 77447. The treated effluent will be discharged to a man-made ditch, thence to Spring Creek in Segment No. 1008 of the San Jacinto River Basin. The unclassified receiving water uses are minimal aquatic life use for the man-made ditch and high aquatic life use for Spring Creek. The designated uses for Segment No. 1008 are primary contact recreation, public water supply, and high aquatic life use.

In accordance with 30 Texas Administrative Code §307.5 and the TCEQ implementation procedures (June 2010) for the Texas Surface Water Quality Standards, an antidegradation review of the receiving waters was performed. A Tier 1 antidegradation review has preliminarily determined that existing water quality uses will not be impaired by this permit action. Numerical and narrative criteria to protect existing uses will be maintained. A Tier 2 review has preliminarily determined that no significant degradation of water quality is expected in Spring Creek, which has been identified as having high aquatic life use. Existing uses will be maintained and protected. The preliminary determination can be reexamined and may be modified if new information is received. This link to an electronic map of the site or facility's general location is provided as a public courtesy and is not part of the application or notice. For the exact location, refer to the application.

The TCEQ Executive Director has completed the technical review of the application and prepared a draft permit. The draft permit, if approved, would establish the conditions under which the facility must operate. The Executive Director has made a preliminary decision that this permit, if issued, meets all statutory and regulatory requirements. The permit application, Executive Director's preliminary decision, and draft permit are

available for viewing and copying at Northwest Branch Library, 11355 Regency Green Drive, Cypress, Texas.

CONTESTED CASE HEARING.

Considering directives to protect public health, the State Office of Administrative Hearings (SOAH) will conduct a preliminary hearing via Zoom videoconference. A Zoom meeting is a secure, free meeting held over the internet that allows video, audio, or audio/video conferencing.

The purpose of a preliminary hearing is to establish jurisdiction, name the parties, establish a procedural schedule for the remainder of the proceeding, and to address other matters as determined by the judge. The evidentiary hearing phase of the proceeding, which will occur at a later date, will be similar to a civil trial in state district court. The hearing will address the disputed issues of fact identified in the TCEQ order concerning this application issued on September 15, 2022. In addition to these issues, the judge may consider additional issues if certain factors are met.

The hearing will be conducted in accordance with Chapter 2001, Texas Government Code; Chapter 26, Texas Water Code; and the procedural rules of the TCEQ and SOAH, including 30 TAC Chapter 80 and 1 TAC Chapter 155. The hearing will be held unless all timely hearing requests have been withdrawn or denied.

Code § 155.401(a), Notice of Hearing, “Parties that are not represented by an attorney may obtain information regarding contested case hearings on the public website of the State Office of Administrative Hearings at www.soah.texas.gov, or in printed format upon request to SOAH.”

Texas Commission on Environmental Quality
COMBINED NOTICE OF PUBLIC MEETING, NOTICE OF RECEIPT OF APPLICATION AND INTENT TO OBTAIN WATER QUALITY PERMIT AND NOTICE OF APPLICATION AND PRELIMINARY DECISION FOR TPDES PERMIT FOR MUNICIPAL WASTEWATER NEW PERMIT NO. WQ0015977001

APPLICATION AND PRELIMINARY DECISION. FM 2920 Land Company, Ltd., 2000 West Parkwood Avenue, Friendswood, Texas 77546, has applied to the Texas Commission on Environmental Quality (TCEQ) for new Texas Pollutant Discharge Elimination System (TPDES) Permit No. WQ0015977001, to authorize the discharge of treated domestic wastewater at a daily average flow not to exceed 120,000 gallons per day. TCEQ received this application on April 15, 2021.

This combined notice is being issued to ensure all persons on the county wide mailing list for Harris County receive notice of draft TPDES Permit No. WQ0015977001. The Notice of Receipt of Application and Intent to Obtain Water Quality Permit and Notice of Application and Preliminary Decision for TPDES Permit for Municipal Wastewater New were previously mailed to the county wide mailing list for Galveston County.

The facility will be located on Farm-to-Market Road 2920 approximately 550 feet east of the intersection of Farm-to-Market Road 2920 and Three Pines Drive, in Harris County, Texas 77447. The treated effluent will be discharged to a man-made ditch, thence to Spring Creek in Segment No. 1008 of the San Jacinto River Basin. The unclassified receiving water uses are minimal aquatic life use for the man-made ditch and high aquatic life use for Spring Creek. The designated uses for Segment No. 1008 are primary contact recreation, public water supply, and high aquatic life use. In accordance with 30 Texas Administrative Code §307.5 and the TCEQ implementation procedures (June 2010) for the Texas Surface Water Quality Standards, an antidegradation review of the receiving waters was performed. A Tier 1 antidegradation review has preliminarily determined that existing water quality uses will not be impaired by this permit action. Numerical and narrative criteria to protect existing uses will be maintained. A Tier 2 review has preliminarily determined that no significant degradation of water quality is expected in Spring Creek, which has been identified as having high aquatic life use. Existing uses will be maintained and protected. The preliminary determination can be reexamined and may be modified if new information is received. This link to an electronic map of the site or facility's general location is provided as a public courtesy and is not part of the application. For the exact location, refer to the application. <https://tceq.maps.arcgis.com/apps/webappviewer/index.html?id=0b5bac4446c468b1dd1350f8168250f&marker=-95.743055%2C-30.079772&level=12>

The TCEQ Executive Director has completed the technical review of the application and prepared a draft permit. The draft permit, if approved, would establish the conditions under which the facility must operate. The Executive Director has made a preliminary decision that this permit, if issued, meets all statutory and regulatory requirements. The permit application, Executive Director's preliminary decision, and draft permit are available for viewing and copying at Northwest Branch Library, 11355 Regency Green Drive, Cypress, Texas.

PUBLIC COMMENT/PUBLIC MEETING. You may submit public comments about this application. The TCEQ will hold a public meeting on this application because it was requested by a local legislator.

The purpose of a public meeting is to provide the opportunity to submit comments or to ask questions about the application. A public meeting will be held and will consist of two parts, an Informal Discussion Period and a Formal Comment Period. A public meeting is not a contested case hearing under the Administrative Procedure Act. During the Informal Discussion Period, the public will be encouraged to ask questions of the applicant and TCEQ staff concerning the permit application. The comments and questions submitted orally during the Informal Discussion Period will not be considered before a decision is reached on the permit application and no formal response will be made. Responses will be provided orally during the Informal Discussion Period. During the Formal Comment Period on the permit application, members of the public may state their formal comments orally into the official record. A written response to all timely, relevant and material, or significant comments will be prepared by the Executive Director. All formal comments will be considered before a decision is reached on the permit application. A copy of the written response will be sent to each person who submits a formal comment or who requested to be on the mailing list for this permit application and provides a mailing address. If the request for contested case hearing is filed on behalf of a group or association, the request must designate the group's representative for receiving future correspondence; identify by name and physical address an individual member of the group who would be adversely affected by the proposed facility or activity; provide the information discussed above regarding the affected member's location and distance from the facility or activity; explain how and why the member would be affected; and explain how the interests the group seeks to protect are relevant to the group's purpose.

Following the close of all applicable comment and request periods, the Executive Director will forward the application and any requests for reconsideration or for a contested case hearing to the TCEQ Commissioners for their consideration at a scheduled Commission meeting.

The Commission may only grant a request for a contested case hearing on issues the requestor submitted in their timely comments that were not subsequently withdrawn. If a hearing is granted, the subject of a hearing will be limited to disputed issues of fact or mixed questions of fact and law relating to relevant and material water quality concerns submitted during the comment period. TCEQ may act on an application to renew a permit for discharge of wastewater without providing an opportunity for a contested case hearing if certain criteria are met.

EXECUTIVE DIRECTOR ACTION. The Executive Director may issue final approval of the application unless a timely contested case hearing request or request for reconsideration is filed. If a timely hearing request or request for reconsideration is filed, the Executive Director will not issue final approval of the permit and will forward the application and request to the TCEQ Commissioners for their consideration at a scheduled Commission meeting.

MAILING LIST. If you submit public comments, a request for a contested case hearing or a reconsideration of the Executive Director's decision, you will be added to the mailing list for this specific application to receive future public notices mailed by the Office of the Chief Clerk. In addition, you may request to be placed on: (1) the permanent mailing list for a specific applicant name and permit number; and/or (2) the mailing list for a specific county. **COMBINED
 NOTICE OF PUBLIC MEETING,
 NOTICE OF RECEIPT OF APPLICATION AND
 INTENT TO OBTAIN WATER QUALITY PERMIT
 AND
 NOTICE OF APPLICATION AND PRELIMINARY
 DECISION
 FOR TPDES PERMIT FOR MUNICIPAL
 WASTEWATER**

**NEW
 PERMIT NO. WQ0015977001**

APPLICATION AND PRELIMINARY DECISION. FM 920 Land Company, Ltd., 2000 West Parkwood Avenue, Friendswood, Texas 77546, has applied to the Texas Commission on Environmental Quality (TCEQ) for new Texas Pollutant Discharge Elimination System (TPDES) Permit No. WQ0015977001, to authorize the discharge of treated domestic wastewater at a daily average flow not to exceed 120,000 gallons per day. TCEQ received this application on April 15, 2021.

This combined notice is being issued to ensure all persons on the county wide mailing list for Harris County receive notice of draft TPDES Permit No. WQ0015977001. The Notice of Receipt of Application and Intent to Obtain Water Quality Permit and Notice of Application and Preliminary Decision for TPDES Permit for Municipal Wastewater New were previously mailed to the county wide mailing list for Galveston County.

The facility will be located on Farm-to-Market Road 920 approximately 550 feet east of the intersection of Farm-to-Market Road 2920 and Three Pines Drive, in Harris County, Texas 77447. The treated effluent will be discharged to a man-made ditch, thence to Spring Creek Segment No. 1008 of the San Jacinto River Basin. The unclassified receiving water uses are minimal aquatic life use for the man-made ditch and high aquatic life use for Spring Creek. The designated uses for Segment No. 1008 are primary contact recreation, public water supply, and high aquatic life use. In accordance with 30 Texas Administrative Code §307.5 and the TCEQ implementation procedures (June 2010) for the Texas Surface Water Quality Standards, an antidegradation review of the receiving waters was performed. A Tier 1 antidegradation review has preliminarily determined that existing water quality uses will not be impaired by this permit action. Numerical and narrative criteria to protect existing uses will be maintained. A Tier 2 review has preliminarily determined that no significant degradation of water quality is expected in Spring Creek, which has been identified as having high aquatic life use. Existing uses will be maintained and protected. The preliminary determination can be reexamined and may be modified if new information is received. This link to an electronic map of the site or facility's general location is provided as a public courtesy and is not part of the application or notice. For the exact location, refer to the application. <https://tceq.maps.arcgis.com/apps/webappviewer/index.html?id=db5bac4afbc468b3cd360f8168250&mapId=-95.743055%7C-30.079772&level=12>

The TCEQ Executive Director has completed the technical review of the application and prepared a draft permit. The draft permit, if approved, would establish the conditions under which the facility must operate. The Executive Director has made a preliminary decision that his permit, if issued, meets all statutory and regulatory requirements. The permit application, Executive Director's preliminary decision, and draft permit are available for viewing and copying at Northwest Branch Library, 11355 Regency Green Drive, Cypress, Texas.

PUBLIC COMMENT/PUBLIC MEETING. You may submit public comments about this application. The TCEQ will hold a public meeting on this application because it was requested by a local legislator.

The purpose of a public meeting is to provide the opportunity to submit comments or to ask questions about the application. A public meeting will be held and will consist of two parts, an Informal Discussion Period and a Formal Comment Period. A public meeting is not a contested case hearing under the Administrative Procedure Act. During the Informal Discussion Period, the public will be encouraged to ask questions of the applicant and TCEQ staff concerning the permit application. The comments and questions submitted orally during the Informal Discussion Period will not be considered before a decision is reached on the permit application and no formal response will be made. Responses will be provided orally during the Informal Discussion Period. During the Formal Comment Period on the permit application, members of the public may state their formal comments orally into the official record. A written response to all timely, relevant and material, or significant comments will be prepared by the Executive Director. All formal comments will be considered before a decision is reached on the permit application. A copy of the written response will be sent to each person who submits a formal comment or who requested to be on the mailing list for this permit application and provides a mailing address. Only relevant and material issues raised during the Formal Comment Period can be considered if a contested case hearing is granted on this permit application.

OPPORTUNITY FOR A CONTESTED CASE HEARING. After the deadline for submitting public comments, the Executive Director will consider all timely comments and prepare a response to all relevant and material, or significant public comments. Unless the application is directly referred for a contested case hearing, the response to comments will be mailed to everyone who submitted public comments and to those persons who are on the mailing list for this application. If comments are received, the mailing will also provide instructions for requesting a contested case hearing or reconsideration of the Executive Director's decision. A contested case hearing is a legal proceeding similar to a civil trial in a state district court.

HOW TO REQUEST A CONTESTED CASE HEARING, YOU MUST INCLUDE THE FOLLOWING ITEMS IN YOUR REQUEST: your name, address, phone number; applicant's name and proposed permit number; the location and distance of your property/activities relative to the proposed facility; a specific description of how you would be adversely affected by the facility in a way of common to the general public; a list of all disputed issues of fact that you submit during the comment period; and the statement "(I/we) request a contested case hearing." If the request for contested case hearing is filed on behalf of a group or association, the request must designate the group's representative for receiving future correspondence; identify by name and physical address an individual member of the group who would be adversely affected by the proposed facility or activity; provide the information discussed above regarding the affected member's location and distance from the facility or activity; explain how and why the member would be affected; and explain how the interests the group seeks to protect are relevant to the group's purpose.

Following the close of all applicable comment and request periods, the Executive Director will forward the application and any requests for reconsideration or for a contested case hearing to the TCEQ Commissioners for their consideration at a scheduled Commission meeting.

The Commission may only grant a request for a contested case hearing on issues the requestor submitted in their timely comments that were not subsequently withdrawn. If a hearing is granted, the subject of a hearing will be limited to disputed issues of fact or mixed questions of fact and law relating to relevant and material water quality concerns submitted during the comment period. TCEQ may act on an application to renew a permit for discharge of wastewater without providing an opportunity for a contested case hearing if certain criteria are met.

EXECUTIVE DIRECTOR ACTION. The Executive Director may issue final approval of the application unless a timely contested case hearing request or request for reconsideration is filed. If a timely hearing request or request for reconsideration is filed, the Executive Director will not issue final approval of the permit and will forward the application and request to the TCEQ Commissioners for their consideration at a scheduled Commission meeting.

PERMIT NO. WQ0015977001

APPLICATION AND PRELIMINARY DECISION. FM 2920 Land Company, Ltd., 2000 West Parkwood Avenue, Friendswood, Texas 77546, has applied to the Texas Commission on Environmental Quality (TCEQ) for new Texas Pollutant Discharge Elimination System (TPDES) Permit No. WQ0015977001, to authorize the discharge of treated domestic wastewater at a daily average flow not to exceed 120,000 gallons per day. TCEQ received this application on April 15, 2021.

This combined notice is being issued to ensure all persons on the county wide mailing list for Harris County receive notice of draft TPDES Permit No. WQ0015977001. The Notice of Receipt of Application and Intent to Obtain Water Quality Permit and Notice of Application and Preliminary Decision for TPDES Permit for Municipal Wastewater New were previously mailed to the county wide mailing list for Galveston County.

The facility will be located on Farm-to-Market Road 2920 approximately 550 feet east of the intersection of Farm-to-Market Road 2920 and Three Pines Drive, in Harris County, Texas 77447. The treated effluent will be discharged to a man-made ditch, thence to Spring Creek in Segment No. 1008 of the San Jacinto River Basin. The designated uses for Segment No. 1008 are primary contact recreation, public water supply, and high aquatic life use. In accordance with 30 Texas Administrative Code §307.5 and the TCEQ implementation procedures (June 2010) for the Texas Surface Water Quality Standards, an antidegradation review of the receiving waters was performed. Numerical and narrative criteria to protect existing uses will be maintained. A Tier 2 review has preliminarily determined that no significant degradation of water quality is expected in Spring Creek, which has been identified as having high aquatic life use. Existing uses will be maintained and protected. The preliminary determination can be reexamined and may be modified if new information is received. requesting a contested case hearing or reconsideration of the Executive Director's decision. A contested case hearing is a legal proceeding similar to a civil trial in a state district court.

TO REQUEST A CONTESTED CASE HEARING, YOU MUST INCLUDE THE FOLLOWING ITEMS IN YOUR REQUEST: your name, address, phone number; applicant's name and proposed permit number; the location and distance of your property/activities relative to the proposed facility; a specific description of how you would be adversely affected by the facility in a way not common to the general public; a list of all disputed issues of fact that you submit during the comment period; and the statement "[I/we] request a contested case hearing." If the request for contested case hearing is filed on behalf of a group or association, the request must designate the group's representative for receiving future correspondence; identify by name and physical address an individual member of the group who would be adversely affected by the proposed facility or activity; provide the information discussed above regarding the affected member's location and distance from the facility or activity; explain how and why the member would be affected; and explain how the interests the group seeks to protect are relevant to the group's purpose.

Following the close of all applicable comment and request periods, the Executive Director will forward the application and any requests for reconsideration or for a contested case hearing to the TCEQ Commissioners for their consideration at a scheduled Commission meeting.

The Commission may only grant a request for a contested case hearing on issues the requestor submitted in their timely comments that were not subsequently withdrawn. **If a hearing is granted, the subject of a hearing will be limited to disputed issues of fact or mixed questions of fact and law relating to relevant and material water quality concerns submitted during the comment period. TCEQ may act on an application to renew a permit for discharge of wastewater without providing an opportunity for a contested case hearing if certain criteria are met.**

EXECUTIVE DIRECTOR ACTION. The Executive Director may issue final approval of the application unless a timely contested case hearing request or request for reconsideration is filed. If a timely hearing request or request for reconsideration is filed, the Executive Director will not issue final approval of the permit and will forward the application and request to the TCEQ Commissioners for their consideration at a scheduled Commission meeting.

MAILING LIST. If you submit public comments, a request for a contested case hearing or a reconsideration of the Executive Director's decision, you will be added to the mailing list for this specific application to receive future public notices mailed by the Office of the Chief Clerk. In addition, you may request to be placed on: (1) the permanent mailing list for a specific applicant name and permit number; and/or (2) the mailing list for a specific county. If you wish to be placed on the permanent and/or the county mailing list, clearly specify which list(s) and send your request to TCEQ Office of the Chief Clerk at the address below.

All written public comments and public meeting requests must be submitted to the Office of the Chief Clerk, MC 105, Texas Commission on Environmental Quality, P.O. Box 13087, Austin, TX 78711-3087 or electronically at www14.tceq.texas.gov/epic/eComment/ within 30 days from the date of newspaper publication of this notice or by the date of the public meeting, whichever is later.

- Instructions for Public Notice
- Notice for Newspaper Publication
- Publisher's Affidavit
- Public Notice Verification Form

Please note that it is VERY IMPORTANT that you follow ALL directions in the ENCLOSED INSTRUCTIONS. If you do not, you may be required to republish the notice. The following items and time limitations are also described in the enclosed instructions. However, due to their importance, we want to highlight them for you.

1. Publish the enclosed notice at least **30 calendar days** before the **February 07, 2022** public meeting.
2. Place a copy of your complete application (including any subsequent revisions) and the executive director's preliminary decision as contained in the technical summary and/or fact sheet, and the draft permit, in a public place in the county where the facility is or will be located. These copies must be accessible to the public for review and copying and remain in place until the commission has taken action on the application or the commission refers issues to the State Office of Administrative Hearings. These documents must be placed in the viewing location on or before the date you publish notice.
3. For each publication, return an original newspaper clipping of the notice that shows the publication date and newspaper name to the Office of the Chief Clerk within **10 business days** after notice is published in the newspaper.

If you do not comply with all requirements described in the instructions, further processing of your application may be suspended or the agency may take other actions.

TEXAS COMMISSION ON ENVIRONMENTAL QUALITY

INSTRUCTIONS FOR PUBLIC NOTICE For Water Quality Permit

NOTICE OF APPLICATION AND PRELIMINARY DECISION AND NOTICE OF PUBLIC MEETING

We have completed the technical review of your application and issued a preliminary decision. You must comply with the following instructions:

Please Review Notice

We have included in the notice all of the information which we believe is necessary. Please read it carefully and notify us immediately if it contains any errors or omissions. You are responsible for ensuring the accuracy of all information published. You may not change the text of the notice or affidavit of publication without prior approval from the TCEQ.

Newspaper Notice

- You must publish the enclosed Notice of Application and Preliminary Decision and Notice of Public Meeting no later than **30 calendar** days before the date of the public meeting of **February 7, 2022**.
- You must publish the enclosed Notice of Application and Preliminary Decision and Notice of Public Meeting at your expense.
- For renewal applications, you must publish in the same newspaper in which you published the Notice of Receipt of Application and Intent to Obtain Permit.
- For all other applications, you must publish at least once in a newspaper regularly published or circulated within each county where the proposed facility or discharge is located and in each county affected by the discharge (see cover letter for further information relating to affected counties).
- You must publish this notice in one issue of any applicable newspaper.
- The bold text of the enclosed notice must be printed in the newspaper in a font style or size that distinguishes it from the rest of the notice (i.e., **bold**, *italics*). **Failure to do so may require re-notice.**

Alternative Language Notice

If your application was received on or after November 30, 2005, you must publish notice in an alternative language if the following criteria are met.

- You must publish the public notice in an alternative language if either the elementary or middle school nearest to the facility or proposed facility is required to provide a bilingual education program as required by Texas Education Code, Chapter 29, Subchapter B, and 19 TEX. ADMIN. CODE ' 89.1205(a) and one of the following conditions is met:
 - students are enrolled in a program at that school;
 - students from that school attend a bilingual education program at another location; or
 - the school that otherwise would be required to provide a bilingual education program waives out of this requirement under 19 TEX. ADMIN. CODE ' 89.1205(g).
- If triggered, you must publish the notice in the alternative language taught in the bilingual education program. You must publish this notice in a newspaper or publication primarily published in that alternative language. The newspaper or publication must be of general circulation in the county in which the facility is located or proposed to be located. If the facility is located or proposed to be located in a municipality, and there exists a newspaper or publication of general circulation in the municipality, you must publish the notice only in the newspaper or publication in the municipality.
- You must demonstrate a good faith effort to identify a newspaper or publication in the required language. If there is no general circulation newspaper or publication printed in such language, then publishing in that language is not required. Publication in an alternative language section or insert within a large publication which is not printed primarily in that alternative language does not satisfy these requirements.
- You have the burden to demonstrate compliance with these requirements. To assist you in meeting these requirements, the TCEQ has provided a Public Notice Verification Form (enclosed). You must fill out the attached Public Notice Verification Form indicating your compliance with the requirements regarding publication in an alternative language.
- If you are required to publish notice in Spanish, you must translate the site-specific information in the notice that is specific to your application, at your own expense. You may then insert the Spanish translation of your site-specific information into a Spanish template developed by the TCEQ. You may obtain the electronic version of the Spanish template from the TCEQ website at www.tceq.state.tx.us/goto/templates/spanish/wq/napd.
- If you are required to publish notice in a language other than Spanish, you

must translate the entire public notice, at your own expense.

Proof of Publication

Check each publication to ensure that the notices were accurately published. If a notice was not published correctly, you may have to republish.

- You must submit **original newspaper clippings** of the published notice for each newspaper. The original newspaper clipping must show the date of publication and the name of the newspaper. You must submit the original newspaper clipping to the Office of the Chief Clerk within **10 business days** after the date of publication.
- For each newspaper notice, you must submit an **original publisher's affidavit** to the Office of the Chief Clerk within **30 calendar days** after the date of publication. **For each required published notice, you must use the appropriate Publisher's Affidavit form that is enclosed with these instructions.** The affidavit must clearly identify the applicant's name and permit number.
- You are encouraged to submit the Publisher's Affidavit with the original newspaper clipping described above. However, the affidavit must be submitted no later than **30 calendar days** after publication of notice.
- You must fill out the attached Public Notice Verification Form. On this form, you must verify that you submitted the original notices and the Publisher's Affidavits as required by the TCEQ's regulations and instructions. This form must be submitted with the Publisher's Affidavit within **30 calendar days** after publication of the notice.
- The **original Publisher's Affidavit, The Public Notice Verification Form,** and the **original newspaper clippings of the published notice** must be mailed to:

TCEQ
Office of the Chief Clerk, MC 105
Attn: Notice Team
P.O. Box 13087
Austin, Texas 78711-3087

- Please ensure that the Publisher's Affidavit and newspaper clippings you send to the Chief Clerk are originals and that all blanks on the affidavit are filled in correctly. Photocopies of newspaper clippings and affidavits will not be accepted.

Failure to Publish and Submit Proof of Publication

If you fail to publish the notice or submit proof of publication by the deadlines set forth above, then the TCEQ may suspend further processing on your application or take other actions.

Application in a Public Place

- You must put a copy of the complete application (including any subsequent revisions), the executive director's preliminary decision (as contained in the technical summary and/or fact sheet), and the draft permit at a public place for review and copying by the public. This place must be in the county in which the facility is located or proposed to be located.
- A public place is one that is publicly owned or operated (ex: libraries, county courthouses, or city halls).
- This copy must be accessible to the public for review and copying beginning on the first day of newspaper publication and remain in place until the commission has taken action on the application or the commission refers issues to the State Office of Administrative Hearings.
- If the application is submitted to the TCEQ with information marked as confidential, you are required to indicate which specific portions of the application are not being made available to the public. These portions of the application must be accompanied with the following statement: "Any request for portions of this application that are marked as confidential must be submitted in writing, pursuant to the Public Information Act, to the TCEQ Public Information Coordinator, MC 197, P.O. Box 13087, Austin, Texas 78711-3087".
- You must fill out the attached Public Notice Verification form. On this Form, you must verify that a complete water quality application and all subsequent revisions are available for review and copying in a public place as required by the TCEQ's regulations and instructions. This Form must be submitted with the Publisher's Affidavit within **30 calendar days** after publication of the notice.

Diversión y precaución

Por Domingo Banda
Houston.-

Esta es la segunda vez que se vivirá el Halloween en medio de la pandemia y aunque para muchos esto dejó de ser una preocupación aún hay que seguir tomando las medidas necesarias para evitar contraer el Covid-19.

Muchos de los padres de familia se han preguntado si será una buena idea llevar a sus hijos a pedir dulces como lo marca la tradición, otros dudan en asistir a las famosas fiestas de disfraces y reuniones para pasar un buen rato con motivo de esta celebración.

"Yo creo que si usted está particularmente vacunado puede salir y disfrutar", dijo hace unos días el Dr. Anthony Fauci, uno de los expertos en el tema y quien ganó atención nacional por su trabajo como director del Instituto Nacional de Alergias y Enfermedades Infecciosas (NIAID, por sus siglas en inglés).

Sus palabras quizás para

muchos sean un aliento para poder disfrutar de esta festividad especialmente los niños.

"Este es un tiempo para los niños, es una temporada que disfrutan. Cuidense un poco más, cuiden a sus niños, familia y a su comunidad", agregó el médico en sus declaraciones.

El Centro para el Control y Prevención de Enfermedades (CDC por sus siglas en inglés) el año pasado presentó una guía a seguir, pero con la vacunación masiva que se ha llevado a cabo se prevé que este año sea menos estricta.

Eso sí, seguramente al igual que el año pasado se seguirá recomendado el uso de cubrebocas, usar gel desinfectante, lavarse las manos y tal vez asistir a eventos al exterior.

¡Cuidado!

Otras de las precauciones que tenemos que tomar en cuenta son las que dan las autoridades locales cada año para salir a pedir el famoso 'trick or treat'.

En la Oficina del Alguacil del condado Harris se toman muy en serio esta tarea y por medio de sus diversas plataformas alertan a la comunidad a ser cautelosos.

"Siempre se tienen que inspeccionar los dulces, niños no se coman los dulces hasta que sus padres revisen que no estén abiertas las envolturas, que sean dulces adquiridos en la tienda, que

no sean caseros o estén caducados", explica M. Rivers oficial del alguacil.

A la vez recomienda que si va a salir con sus hijos procure hacerlo en un área que usted conozca y esté familiarizado para ir y volver a su casa. No se olviden de

usar disfraces coloridos y si son negros pongan cinta adhesiva brillante, también recalca la importancia de llevar una lámpara de mano.

"A los niños les decimos que no entren a las casas, que le traigan dulces a la puerta, a los choferes les pedimos que esa noche manejen con precaución", agrega.

Así que es responsabilidad de todos pasar una divertida noche de brujas y juntos podemos evitar accidentes o una tragedia. Como siempre para emergencias puede llamar al 911.

Este año hay que festejar Halloween con mucha precaución, las autoridades advierten que el Covid-19 y otros peligros están muy presentes en esta celebración.

Comisión de Calidad Ambiental de Texas

AVISO DE SOLICITUD Y DECISIÓN PRELIMINAR

PARA PERMISO TPDES PARA AGUAS RESIDUALES MUNICIPALES

NUEVO

PERMISO NO. WQ0015977001

SOLICITUD Y DECISIÓN PRELIMINAR. El aterrizaje en FM 2920 Land Company, Ltd., 2000 West Parkwood Avenue, Friendswood, Texas 77546, ha solicitado a la Comisión de Calidad Ambiental de Texas (TCEQ) el nuevo Permiso No. WQ0015977001 del Sistema de Eliminación de Descargas Contaminantes de Texas (TPDES), para autorizar la descarga de aguas residuales domésticas tratadas a un flujo promedio diario que no exceda los 120,000 galones por día. La TCEQ recibió esta solicitud el 15 de abril de 2021.

La instalación estará ubicada en Farm-to-Market Road 2920, aproximadamente a 550 pies al este de la intersección de Farm-to-Market Road 2920 y Three Pines Drive, en el condado de Harris County, Texas 77447. El efluente tratado se descargará a una zanja hecha por el hombre, de ahí a Spring Creek en el Segmento No. 1008 de la Cuenca de San Jacinto River. Los usos de agua receptora no clasificados con un uso mínimo de vida acuática hecho para las zanjas artificiales como para los estanques de detención, así como un uso elevado de vida acuática para Spring Creek. Los usos designados para el Segmento No. 1008 son recreación de contacto primario y uso de alta vida acuática. De acuerdo con el 307.5 del Código 30 Administrativo de Texas y los procedimientos de implementación de la TCEQ (junio de 2010) para los Estándares de Calidad del Agua Superficial de Texas, se realizó una revisión de anti-degradación de las aguas receptoras. Una revisión de anti-degradación de Nivel 1 ha determinado de manera preliminar que los usos existentes de la calidad del agua no se verán afectados por esta acción de permiso. Se mantendrán los criterios numéricos y narrativos para proteger los usos existentes. Una revisión de Nivel 2 ha determinado de manera preliminar que no se espera una degradación significativa de la calidad del agua en Spring Creek, que han sido identificados como de alta uso de vida acuática. Los usos existentes se mantendrán y protegerán. La determinación preliminar se puede volver a examinar y se puede modificar si se recibe nueva información. Este enlace a un mapa electrónico del sitio o la ubicación general de la instalación se proporciona como cortesía pública y no forma parte de la solicitud o aviso. Para conocer la ubicación exacta, consulte la aplicación.

<https://tceq.maps.arcgis.com/apps/webappviewer/index.html?id=db5bac44fbc468bdd360f8169250f8&marker=-95.240277962293,5209338&level=12>

El Director Ejecutivo de la TCEQ ha completado la revisión técnica de la solicitud y ha preparado un borrador de permiso. El borrador del permiso, si se aprueba, establecerá las condiciones bajo las cuales la instalación debe operar. El Director Ejecutivo ha tomado una decisión preliminar de que este permiso, si se emite, cumple con todos los requisitos legales y reglamentarios. La solicitud de permiso, la decisión preliminar del Director Ejecutivo y el borrador del permiso están disponibles para ver y copiar en la biblioteca Northwest Branch Library, 11355 Regency Green Drive, Cypress, Texas.

COMENTARIO PÚBLICO / ENCUENTRO PÚBLICO. Puede enviar comentarios públicos o solicitar una reunión pública sobre esta aplicación. El propósito de una reunión pública es brindar la oportunidad de enviar comentarios o hacer preguntas sobre la solicitud. La TCEQ celebra una reunión pública si el Director Ejecutivo determina que existe un grado significativo de interés público en la solicitud o si lo solicita un legislador local. Una reunión pública no es una audiencia de caso impugnado.

OPORTUNIDAD DE AUDIENCIA DE CASO CONTESTADO. Después de la fecha límite para enviar comentarios públicos, el Director Ejecutivo considerará todos los comentarios oportunos y preparará una respuesta a todos los comentarios públicos relevantes, materiales o significativos. A menos que la solicitud se remita directamente para una audiencia de caso impugnado, la respuesta a los comentarios se enviará por correo a todos los que enviaron comentarios públicos y a las personas que están en la lista de correo para esta solicitud. Si se reciben comentarios, el correo también proporcionará instrucciones para solicitar una audiencia de caso impugnado o la reconsideración de la decisión del Director Ejecutivo. Una audiencia de caso impugnado es un procedimiento legal similar a un juicio civil en un tribunal de distrito estatal.

PARA SOLICITAR UNA AUDIENCIA DE CASO CONTESTADO, DEBE INCLUIR LOS SIGUIENTES ARTÍCULOS EN SU SOLICITUD: su nombre, dirección, número de teléfono; nombre del solicitante y número de permiso propuesto; la ubicación y la distancia de su propiedad / actividades en relación con la instalación propuesta; una descripción específica de cómo se vería afectado negativamente por la instalación de una manera que no es común para el público en general; una lista de todas las cuestiones de hecho en disputa que envíe durante el período de comentarios; y la declaración "(Yo / nosotros) solicito una audiencia de caso impugnado". Si la solicitud de audiencia de caso impugnado se presenta en nombre de un grupo o asociación, la solicitud debe designar al representante del grupo para recibir correspondencia futura; identificar por nombre y dirección física a un miembro individual del grupo que se vería afectado adversamente por la instalación o actividad propuesta; proporcionar la información discutida anteriormente con respecto a la ubicación del miembro afectado y la distancia de la instalación o actividad; explicar cómo y por qué se vería afectado el miembro; y explicar cómo los intereses que el grupo busca proteger son relevantes para el propósito del grupo.

Después del cierre de todos los periodos de comentarios y solicitudes aplicables, el Director Ejecutivo enviará la solicitud y cualquier solicitud de reconsideración o de una audiencia de caso impugnado a los Comisionados de la TCEQ para su consideración en una reunión programada de la Comisión.

La Comisión solo puede conceder una solicitud de audiencia de caso impugnado sobre cuestiones que el solicitante presentó en sus comentarios oportunos que no fueron retirados posteriormente. Si se concede una audiencia, el tema de la audiencia se limitará a cuestiones de hecho en disputa o cuestiones mixtas de hecho y derecho relacionadas con inquietudes relevantes y materiales sobre la calidad del agua presentadas durante el período de comentarios.

ACCIÓN DEL DIRECTOR EJECUTIVO. El Director Ejecutivo puede emitir la aprobación final de la solicitud a menos que se presente una solicitud de audiencia de caso impugnado o una solicitud de reconsideración a tiempo. Si se presenta una solicitud de audiencia o una solicitud de reconsideración a tiempo, el Director Ejecutivo no emitirá la aprobación final del permiso y enviará la solicitud y la solicitud a los Comisionados de la TCEQ para su consideración en una reunión programada de la Comisión.

LISTA DE CORREO. Si envía comentarios públicos, una solicitud para una audiencia de caso impugnado o una reconsideración de la decisión del Director Ejecutivo, se lo agregará a la lista de correo de esta solicitud específica para recibir avisos públicos futuros enviados por la Oficina del Secretario en Jefe. Además, puede solicitar que se incluyan en: (1) la lista de correo permanente para un nombre de solicitante específico y un número de permiso; y / o (2) la lista de correo de un condado específico. Si desea ser incluido en la lista de correo permanente y / o del condado, especifique claramente qué lista (s) y envíe su solicitud a la Oficina del Secretario en Jefe de la TCEQ a la dirección a continuación.

Todos los comentarios públicos por escrito y las solicitudes de reuniones públicas deben enviarse a la Oficina del Secretario en Jefe, MC 105, Comisión de Calidad Ambiental de Texas, P.O. Box 13087, Austin, TX 78711-3087 o electrónicamente en www14.tceq.texas.gov/eic/Comment/ dentro de los 30 días posteriores a la fecha de publicación de este aviso en el periódico.

INFORMACIÓN DISPONIBLE EN LÍNEA. Para obtener detalles sobre el estado de la solicitud, visite la base de datos integrada de los comisionados en www.tceq.texas.gov/golo/cid. Busque en la base de datos utilizando el número de permiso para esta solicitud, que se proporciona en la parte superior de este aviso.

INFORMACIÓN Y CONTACTOS DE LA AGENCIA. Los comentarios y solicitudes del público deben enviarse electrónicamente en www14.tceq.texas.gov/eic/Comment/ o por escrito a la Comisión de Calidad Ambiental de Texas, Oficina del Secretario en Jefe, MC-105, P.O. Box 13087, Austin, Texas 78711-3087. Cualquier información personal que envíe a la TCEQ pasará a formar parte del registro de la agencia, esto incluye direcciones de correo electrónico. Diversión y precaución

Por Domingo Banda
Houston.-

Esta es la segunda vez que se vivirá el Halloween en medio de la pandemia y aunque para muchos esto dejó de ser una preocupación aún hay que seguir tomando las medidas necesarias para evitar contraer el Covid-19.

Muchos de los padres de familia se han preguntado si será una buena idea llevar a sus hijos a pedir dulces como lo marca la tradición, otros dudan en asistir a las famosas fiestas de disfraces y reuniones para pasar un buen rato con motivo de esta celebración.

"Yo creo que si usted está particularmente vacunado puede salir y disfrutar", dijo hace unos días el Dr. Anthony Fauci, uno de los expertos en el tema y quien ganó atención nacional por su trabajo como director del Instituto Nacional de Alergias y Enfermedades Infecciosas (NIAID), por sus siglas en inglés).

Sus palabras quizás para

muchos sean un aliento para poder disfrutar de esta festividad especialmente los niños.

"Este es un tiempo para los niños, es una temporada que disfrutan. Cuidense un poco más, cuiden a sus niños, familia y a su comunidad", agregó el médico en sus declaraciones.

El Centro para el Control y Prevención de Enfermedades (CDC por sus siglas en inglés) el año pasado presentó una guía a seguir, pero con la vacunación masiva que se ha llevado a cabo se prevé que este año sea menos estricta.

Eso sí, seguramente al igual que el año pasado se seguirá recomendado el uso de cubrebocas, usar gel desinfectante, lavarse las manos y tal vez asistir a eventos al exterior.

¡Cuidado!

Otras de las precauciones que tenemos que tomar en cuenta son las que dan las autoridades locales cada año para salir a pedir el famoso 'trick or treat'.

En la Oficina del Alguacil del condado Harris se toman muy en serio esta tarea y por medio de sus diversas plataformas alertan a la comunidad a ser cautelosos.

"Siempre se tienen que inspeccionar los dulces, niños no se coman los dulces hasta que sus padres revisen que no estén abiertas las envolturas, que sean dulces adquiridos en la tienda, que

no sean caseros o estén caducados", explica M. Rivers oficial del alguacil.

A la vez recomienda que si va a salir con sus hijos procure hacerlo en un área que usted conozca y esté familiarizado para ir y volver a su casa. No se olviden de

usar disfraces coloridos y si son negros pongan cinta adhesiva brillante, también recalca la importancia de llevar una lámpara de mano.

"A los niños les decimos que no entren a las casas, que le traigan dulces a la puerta, a los choferes le pedimos que esa noche manejen con precaución", agrega.

Así que es responsabilidad de todos pasar una divertida noche de brujas y juntos podemos evitar accidentes o una tragedia. Como siempre para emergencias puede llamar al 911.

Este año hay que festejar Halloween con mucha precaución, las autoridades advierten que el Covid-19 y otros peligros están muy presentes en esta celebración.

Comisión de Calidad Ambiental de Texas

AVISO DE SOLICITUD Y DECISIÓN PRELIMINAR

PARA PERMISO TPDES PARA AGUAS RESIDUALES MUNICIPALES

NUEVO

PERMISO NO. WQ0015977001

SOLICITUD Y DECISIÓN PRELIMINAR. El aterrizaje en FM 2920 Land Company, Ltd., 2000 West Parkwood Avenue, Friendswood, Texas 77546, ha solicitado a la Comisión de Calidad Ambiental de Texas (TCEQ) el nuevo Permiso No. WQ0015977001 del Sistema de Eliminación de Descargas Contaminantes de Texas (TPDES), para autorizar la descarga de aguas residuales domésticas tratadas a un flujo promedio diario que no exceda los 120,000 galones por día. La TCEQ recibió esta solicitud el 15 de abril de 2021.

La instalación estará ubicada en Farm-to-Market Road 2920, aproximadamente a 550 pies al este de la intersección de Farm-to-Market Road 2920 y Three Pines Drive, en el condado de Harris County, Texas 77447. El efluente tratado se descargará a una zanja hecha por el hombre, de ahí a Spring Creek en el Segmento No. 1008 de la Cuenca de San Jacinto River. Los usos de agua receptora no clasificados son un uso mínimo de vida acuática tanto para las zanjas artificiales como para los estanques de detención, así como un uso elevado de vida acuática para Spring Creek. Los usos designados para el Segmento No. 1008 son recreación de contacto primario y uso de alta vida acuática. De acuerdo con el 307.5 del Código Administrativo de Texas y los procedimientos de implementación de la TCEQ (junio de 2010) para los Estándares de Calidad del Agua Superficial de Texas, se realizó una revisión de antidegradación de las aguas receptoras. Una revisión de antidegradación de Nivel 1 ha determinado de manera preliminar que los usos existentes de la calidad del agua no se verán afectados por esta acción de permiso. Se mantendrán los criterios numéricos y narrativos para proteger los usos existentes. Una revisión de Nivel 2 ha determinado de manera preliminar que no se espera una degradación significativa de la calidad del agua en Spring Creek, que han sido identificados como de alto uso de vida acuática. Los usos existentes se mantendrán y protegerán. La determinación preliminar se puede volver a examinar y se puede modificar si se recibe nueva información. Este enlace a un mapa electrónico del sitio o la ubicación general de la instalación se proporciona como cortesía pública y no forma parte de la solicitud o aviso. Para conocer la ubicación exacta, consulte la aplicación.

El Director Ejecutivo de la TCEQ ha completado la revisión técnica de la solicitud y ha preparado un borrador de permiso. El borrador del permiso, si se aprueba, establecería las condiciones bajo las cuales la instalación debe operar. El Director Ejecutivo ha tomado una decisión preliminar de que este permiso, si se emite, cumple con todos los requisitos legales y reglamentarios. La solicitud de permiso, la decisión preliminar del Director Ejecutivo y el borrador del permiso están disponibles para ver y copiar en la biblioteca Northwest Branch Library, 11355 Regency Green Drive, Cypress, Texas.

COMENTARIO PÚBLICO / ENCUESTO PÚBLICO. Puede enviar comentarios públicos o solicitar una reunión pública sobre esta aplicación. El propósito de una reunión pública es brindar la oportunidad de enviar comentarios o hacer preguntas sobre la solicitud. La TCEQ celebra una reunión pública si el Director Ejecutivo determina que existe un grado significativo de interés público en la solicitud o si lo solicita un legislador local. Una reunión pública no es una audiencia de caso impugnado.

OPORTUNIDAD DE AUDIENCIA DE CASO CONTESTADO. Después de la fecha límite para enviar comentarios públicos, el Director Ejecutivo considerará todos los comentarios oportunos y preparará una respuesta a todos los comentarios públicos relevantes, materiales o significativos. A menos que la solicitud se remita directamente para una audiencia de caso impugnado, la respuesta a los comentarios se enviará por correo a todos los que enviaron comentarios públicos y a las personas que están en la lista de correo para esta solicitud. Si se reciben comentarios, el correo también proporcionará instrucciones para solicitar una audiencia de caso impugnado o la reconsideración de la decisión del Director Ejecutivo. Una audiencia de caso impugnado es un procedimiento legal similar a un juicio civil en un tribunal de distrito estatal.

PARA SOLICITAR UNA AUDIENCIA DE CASO CONTESTADO, DEBE INCLUIR LOS SIGUIENTES ARTÍCULOS EN SU SOLICITUD: su nombre, dirección, número de teléfono; nombre del solicitante y número de permiso propuesto; la ubicación y la distancia de su propiedad / actividades en relación con la instalación propuesta; una descripción específica de cómo se vería afectado negativamente por la instalación de una manera que no es común para el público en general; una lista de todas las cuestiones de hecho en disputa que envíe durante el período de comentarios; y la declaración "Yo / nosotros" solicito una audiencia de caso impugnado". Si la solicitud de audiencia de caso impugnado se presenta en nombre de un grupo o asociación, la solicitud debe designar al representante del grupo para recibir correspondencia futura; identificar por nombre y dirección física a un miembro individual del grupo que se vería afectado adversamente por la instalación o actividad propuesta; proporcionar la información discutida anteriormente con respecto a la ubicación del miembro afectado y la distancia de la instalación o actividad; explicar cómo y por qué se vería afectado el miembro; y explicar cómo los intereses que el grupo busca proteger son relevantes para el propósito del grupo.

Después del cierre de todos los períodos de comentarios y solicitudes aplicables, el Director Ejecutivo enviará la solicitud y cualquier solicitud de reconsideración o de una audiencia de caso impugnado a los Comisionados de la TCEQ para su consideración en una reunión programada de la Comisión.

La Comisión solo puede conceder una solicitud de audiencia de caso impugnado sobre cuestiones que el solicitante presentó en sus comentarios oportunos que no fueron retirados posteriormente. Si se concede una audiencia, el tema de la audiencia se limitará a cuestiones de hecho en disputa o cuestiones mixtas de hecho y derecho relacionadas con inquietudes relevantes y materiales sobre la calidad del agua presentadas durante el período de comentarios.

ACCIÓN DEL DIRECTOR EJECUTIVO. El Director Ejecutivo puede emitir la aprobación final de la solicitud a menos que se presente una solicitud de audiencia de caso impugnado o una solicitud de reconsideración a tiempo. Si se presenta una solicitud de audiencia o una solicitud de reconsideración a tiempo, el Director Ejecutivo no emitirá la aprobación final del permiso y enviará la solicitud y la solicitud a los Comisionados de la TCEQ para su consideración en una reunión programada de la Comisión.

LISTA DE CORREO. Si envía comentarios públicos, una solicitud para una audiencia de caso impugnado o una reconsideración de la decisión del Director Ejecutivo, se lo agregará a la lista de correo de esta solicitud específica para recibir avisos públicos futuros enviados por la Oficina del Secretario en Jefe. Además, puede solicitar que lo incluyan en (1) la lista de correo permanente para un nombre de solicitante específico y un número de permiso; y (2) la lista de correo de un condado específico. Si desea ser incluido en la lista de correo permanente y / o del condado, especifique claramente qué lista (s) y envíe su solicitud a la Oficina del Secretario en Jefe de la TCEQ a la dirección a continuación.

Todos los comentarios públicos por escrito y las solicitudes de reuniones públicas deben enviarse a la Oficina del Secretario en Jefe, MC 105, Comisión de Calidad Ambiental de Texas, P.O. Box 13087, Austin, TX 78711-3087 o electrónicamente en www14.tceq.texas.gov/epi/eComment/ dentro de los 30 días posteriores a la fecha de publicación de este aviso en el periódico.

INFORMACIÓN DISPONIBLE EN LÍNEA. Para obtener detalles sobre el estado de la solicitud, visite la base de datos integrada de los comisionados en www.tceq.texas.gov/goto/cid. Busque en la base de datos utilizando el número de permiso para esta solicitud, que se proporciona en la parte superior de este aviso.

NOTICE OF APPLICATION AND PRELIMINARY DECISION FOR TPDES PERMIT FOR MUNICIPAL WASTEWATER

NEW

PERMIT NO. WQ0015977001

APPLICATION AND PRELIMINARY DECISION. FM 2920 Land Company, Ltd., 2000 West Parkwood Avenue, Friendswood, Texas 77546, has applied to the Texas Commission on Environmental Quality (TCEQ) for new Texas Pollutant Discharge Elimination System (TPDES) Permit No. WQ0015977001, to authorize the discharge of treated domestic wastewater at a daily average flow not to exceed 120,000 gallons per day. TCEQ received this application on April 15, 2021.

The facility will be located on Farm-to-Market Road 2920 approximately 550 feet east of the intersection of Farm-to-Market Road 2920 and Three Pines Drive, in Harris County, Texas 77447. The treated effluent will be discharged to a man-made ditch, thence to Spring Creek in Segment No. 1008 of the San Jacinto River Basin. The unclassified receiving water uses are minimal aquatic life use for the man-made ditch and high aquatic life use for Spring Creek. The designated uses for Segment No. 1008 are primary contact recreation, public water supply, and high aquatic life use. In accordance with 30 Texas Administrative Code §307.5 and the TCEQ implementation procedures (June 2010) for the Texas Surface Water Quality Standards, an antidegradation review of the receiving waters was performed. A Tier 1 antidegradation review has preliminarily determined that existing water quality uses will not be impaired by this permit action. Numerical and narrative criteria to protect existing uses will be maintained. A Tier 2 review has preliminarily determined that no significant degradation of water quality is expected in Spring Creek, which has been identified as having high aquatic life use. Existing uses will be maintained and protected. The preliminary determination can be reexamined and may be modified if new information is received. This link to an electronic map of the site or facility's general location is provided as a public courtesy and is not part of the application or notice. For the exact location, refer to the application.

<https://tceq.maps.arcgis.com/apps/webappviewer/index.html?id=db5bac44afbc468bbddd36of816825of&marker=-95.743055%2C30.079722&level=12>

The TCEQ Executive Director has completed the technical review of the application and prepared a draft permit. The draft permit, if approved, would establish the conditions under which the facility must operate. The Executive Director has made a preliminary decision that this permit, if issued, meets all statutory and regulatory requirements. The permit application, Executive Director's preliminary decision, and draft permit are available for viewing and copying at Northwest Branch Library, 11355 Regency Green Drive, Cypress, Texas.

PUBLIC COMMENT / PUBLIC MEETING. You may submit public comments or request a public meeting about this application. The purpose of a public meeting is to provide the opportunity to submit comments or to ask questions about the application. TCEQ holds a public meeting if the Executive Director determines that there is a significant degree of public interest in the application or if requested by a local legislator. A public meeting is not a contested case hearing.

OPPORTUNITY FOR A CONTESTED CASE HEARING. After the deadline for submitting public comments, the Executive Director will consider all timely comments and prepare a response to all relevant and material or significant public comments. **Unless the application is directly referred for a contested case hearing, the response to comments will be mailed to everyone who submitted public comments and to those persons who are on the mailing list for this application. If comments are received, the mailing will also provide instructions for requesting a contested case hearing or reconsideration of the Executive Director's decision.** A contested case hearing is a legal proceeding similar to a civil trial in a state district court.

TO REQUEST A CONTESTED CASE HEARING, YOU MUST INCLUDE THE FOLLOWING ITEMS IN YOUR REQUEST: your name, address, phone number; applicant's name and proposed permit number; the location and distance of your property/activities relative to the proposed facility; a specific description of how you would be adversely affected by the facility in a way not common to the general public; a list of all disputed issues of fact that you submit during the comment period; and the statement "[I/we] request a contested case hearing." If the request for contested case hearing is filed on behalf of a group or association, the request must designate the group's representative for receiving future correspondence; identify by name and physical address an individual member of the group who would be adversely affected by the proposed facility or activity; provide the information discussed above regarding the affected member's location and distance from the facility or activity; explain how and why the member would be affected; and explain how the interests the group seeks to protect are relevant to the group's purpose.

Following the close of all applicable comment and request periods, the Executive Director will forward the application and any requests for reconsideration or for a contested case hearing to the TCEQ Commissioners for their consideration at a scheduled Commission meeting.

The Commission may only grant a request for a contested case hearing on issues the requestor submitted in their timely comments that were not subsequently withdrawn. **If a hearing is granted, the subject of a hearing will be limited to disputed issues of fact or mixed questions of fact and law relating to relevant and material water quality concerns submitted during the comment period.**

EXECUTIVE DIRECTOR ACTION. The Executive Director may issue final approval of the application unless a timely contested case hearing request or request for reconsideration is filed. If a timely hearing request or request for reconsideration is filed, the Executive Director will not issue final approval of the permit and will forward the application and request to the TCEQ Commissioners for their consideration at a scheduled Commission meeting.

MAILING LIST. If you submit public comments, a request for a contested case hearing or a reconsideration of the Executive Director's decision, you will be added to the mailing list for this specific application to receive future public notices mailed by the Office of the Chief Clerk. In addition, you may request to be placed on: (1) the permanent mailing list for a specific applicant name and permit number; and/or (2) the mailing list for a specific county. If you wish to be placed on the permanent and/or the county mailing list, clearly specify which list(s) and send your request to TCEQ Office of the Chief Clerk at the address below.

All written public comments and public meeting requests must be submitted to the Office of the Chief Clerk, MC 105, Texas Commission on Environmental Quality, P.O. Box 13087, Austin, TX 78711-3087 or electronically at www14.tceq.texas.gov/epic/eComment/ within 30 days from the date of newspaper publication of this notice.

INFORMATION AVAILABLE ONLINE. For details about the status of the application, visit the Commissioners' Integrated Database at www.tceq.texas.gov/goto/cid. Search the database using the permit number for this application, which is provided at the top of this notice.

AGENCY CONTACTS AND INFORMATION. Public comments and requests must be submitted either electronically at www14.tceq.texas.gov/epic/eComment/, or in writing to the Texas Commission on Environmental Quality, Office of the Chief Clerk, MC-105, P.O. Box 13087, Austin, Texas 78711-3087. Any personal information you submit to the TCEQ will become part of the agency's record; this includes email addresses. 3. PUBLISH THE NOTICE IN AN ALTERNATIVE LANGUAGE

You must publish notice in an alternative language IF: either the elementary or middle school nearest to the facility or proposed facility is required to provide a "bilingual education program" (BEP) as required by Texas Education Code (TEC), Chapter 29, Subchapter B, and 19 Tex. Admin. Code §89.1205(a) AND one of the following conditions is met:

- students are enrolled in a program at that school;
- students from that school attend a bilingual education program at another location; or
- the school that otherwise would be required to provide a bilingual education program has been granted an exception from the requirements to provide the program as provided for in 19 Tex. Admin. Code §89.1207(a).

A "bilingual education program" is different from an "English as a second language program" (ESL). An ESL program alone, will not require public notice in an alternative language.

If triggered, you must publish the notice in a newspaper or publication primarily published in the alternative language taught in the bilingual education program. Publication in an alternative language section or insert within a large publication which is not printed primarily in that alternative language does not satisfy these

requirements. The newspaper or publication must be of general circulation in the county in which the facility and discharge point are located or proposed to be located. If the facility and discharge point are located or proposed to be located in a municipality, and there exists a newspaper or publication of general circulation in the municipality, you must publish the notice only in the newspaper or publication in the municipality.

You must demonstrate a good faith effort to identify a newspaper or publication in the required language. If there is no general circulation newspaper or publication printed in such language, then publishing in that language is not required. You have the burden to demonstrate compliance with these requirements.

If you are required to publish notice in Spanish, you must translate the site-specific information in the notice that is specific to your application, at your own expense. You may then insert the Spanish translation of your site-specific information into a Spanish template developed by the TCEQ. The Spanish templates are available on the TCEQ website at www.tceq.texas.gov/permitting/wastewater/review/napd/wqspanish_napd.html. If you are required to publish notice in a language other than Spanish, you must translate the entire public notice, at your own expense.

4. PUT THE APPLICATION IN A PUBLIC PLACE

You must put a copy of the following documents in the public place identified in the enclosed notice:

- the complete application,
- the executive director's preliminary decision as contained in the technical summary and fact sheet,
- the draft permit, and
- any subsequent revisions to these documents.

This copy must be accessible to the public for review and copying beginning on the first day of newspaper publication and remain in place until the commission has taken action on the application or the commission refers issues to the State Office of Administrative Hearings.

For confidential information contained in the application, you must indicate which specific portions of the application cannot be made available to the public. These portions of the application must be accompanied with the following statement: "Any request for portions of this application that are marked as confidential must be submitted in writing, pursuant to the Public Information Act, to the TCEQ Public Information Coordinator, MC 197, P.O. Box 13087, Austin, Texas 78711-3087."

5. PROVIDE PROOF OF PUBLICATION

For each newspaper in which you published, you must submit proof of publication. Proof of publication must include the following:

- a completed Publisher's Affidavit (enclosed); and
- a copy of the published notice which shows the notice, the date published, and the newspaper name. The copy must be on standard-size 8½ x 11" paper and must show the actual size of the published notice. Do not reduce the image when making copies. Published notices longer than 11" must be

MÚSICA Estrellas Latinas, junto a Metallica

Metallica está de man- teles largos por el 30 aniversario de "The Black Album", y para celebrarlo invitó a más de 50 artistas que incluyen a Juanes, Mon Laferte y Balvin. "The Metallica Blacklist" cuenta con la partici- pación de 53 artistas de diferentes géneros, generacio- nes y culturas que hicieron versiones de las canciones del álbum ho- mónimo de Metallica, cono- cido popularmente como "The Black Al- bum", la cual salió a la venta el 10 de septiembre. Los dos primeros cen- tillos del disco son "Enter Sandman", interpretada por Juanes, y "Nothing Else Matters", interpreta- da por Miley Cyrus con WATT, Elton John, Yo-Yo Ma, Robert Trujillo y Chad Smith. El dúo Ha*Ash dará su voz a "The Unforgiven" y el Instituto Mexicano del

Sonido hará una versión de "Sad But True" con La Perla y Gera MX. Mon Laferte, en tanto, interpretará "Nothing Else Matters". Las ganancias de las ventas del álbum serán destinadas a diferentes organizaciones benéficas, entre ellas All Within My Hands, de Metallica.

MÚSICA Calamaro, con nuevo disco

Andrés Calamaro en- contró una oportunidad para cantar con algunos de sus ídolos y buenos amigos, como los espa- ñoles Raphael y Julio Iglesias, en su nuevo álbum "Dios los cría". En este disco, de duetos, lanzó el jueves en formato digital y disponible en formato físico, el cantau- tor argentino reversiona canciones emblemáticas como "Flaca", con el español Alejandro Sanz, y "Estadio Acteca" con la mexicana Lila Downs.

Calamaro, quien ha sido galardonado con cinco Latin Grammy, señaló que tras esta experi- encia le compuso una canción a Raphael que espera grabar próximamente.

Las colaboraciones para esta producción, que fue desarrollada a lo largo de varios años, fueron grabadas a distancia, previo a la pandemia, para adecuarse al tiempo de cada artista. El álbum que también incluye cola- boraciones de Mon Laferte, Sadi Hernández, Juanes, Vicente, Sebastián Yatra, Julieta Venegas y Carlos Vives.

MÚSICA Tejeda lanza canción y EP

Yasser Tejeda halla esperanza en "El sol de la madrugada", un tema que estrenó con el lanzamiento de su EP acústico, "Interior", el 25 de junio. El EP también incluye dos temas de su álbum "Kijibon" de 2009. "Nues-

tras raíces" y "Amor arraya- no", esta vez en versio- nes acústicas. El músico dominicano, líder de la banda Yasser Tejeda & Palotés, resalta que, durante la pandemia, la gente ha valorado mu- cho más poder ver el sol de un nuevo día. Por eso escribió la canción, inspi- rado en un canto de co- mienzo del siglo XX, publicado en un libro de 1920.

Tejeda, quien en abril estrenó un concierto para la serie "Tiny Desk" de NPR, tiene en cuenta varias presentaciones para el verano. El 17 de julio tocará en el Little Island Festival, y en agosto en el Hudson River Park Festival y el programa Restart Stages del Lincoln Center, todas en Nueva York.

LITERATURA Fallece autora Delia Fiallo

Delia Fiallo, autora de exitosas telenovelas lati- noamericanas como

"Cristal", "Kassandra" y "Leonela", falleció el martes en su casa en Coral Gables, Florida. Tenía 96 años.

Fiallo murió apenas cinco días antes de cumplir 97, confirmó su cuidadora. La escritora, considera- da la madre de las teleno- velas latinoamericanas, estuvo consciente hasta hace dos días y falleció por la mañana en su casa rodeada de sus hijos. "Lucrecia", "Peregrina", "María de madre", "Pobre diabla" y "Esmar- ralda" fueron otras de sus telenovelas populares. Su obra, traducida a idiomas como el japonés y el checo, llegó a millones de espectadores en más de un centenar de países.

TELEVISIÓN Corín Tellado, a la pantalla

Telemundo compró con "La Reina del Sur" que los libros también pueden ser un éxito en la televisión. Ahora va por

más con la obra de Corín Tellado. La cadena hispana estadounidense aspira expandir su audiencia de televisión abierta y digital de la mano de la prolífica escritora española fallecida en 2009, cuyas novelas románticas han sido leídas durante décadas por millones de personas en todo el mundo.

Telemundo Global Studios, el estudio de producción de Telemun- do que también produce contenido para otras plataformas, acaba de sellar un acuerdo con el Grupo Planeta de España para adquirir los derechos exclusivos de la biblioteca completa de Tellado con el fin de convertir algunos de sus 4.000 libros en series y miniseries de televisión. La idea es que se trans- mitan al mismo tiempo por el canal de aire de Telemundo en Estados Unidos y en plataformas de streaming digital como Peacock, Netflix, Amazon y HBO, entre otras.

PERMISO PROPUESTO NO. WQ0015977001

SOLICITUD. FM 2920 Land Company, Ltd., 2000 West Parkwood Avenue, Friendswood, Texas 77546 ha solicitado a la Comisión de Calidad Ambiental del Estado de Texas (TCEQ) para el propuesto Permiso No. WQ0015977001 (EPA I.D. No. TX 0141135) del Sistema de Eliminación de Descargas de Contaminantes de Texas (TPDES) para autorizar la descarga de aguas residuales tratadas en un volumen que no sobrepasa un flujo promedio diario de 120,000 galones por día. La planta está ubicada en Farm-to-Market Road 2920 aproximadamente 550 pies al este de la intersección de Farm-to-Market Road 2920 y Three Pines Drive, en el Condado de Harris, Texas 77447. La ruta de descarga es del sitio de la planta a una zanja artificial, de allí Spring Creek. La TCEQ recibió esta solicitud el 15 de abril, 2021. La solicitud para el permiso está disponible para leerla y copiarla en Northwest Branch Library, 11355 Regency Green Drive, Cypress, Texas. Este enlace a un mapa electrónico de la ubicación general del sitio o de la instalación es proporcionado como una cortesía y no es parte de la solicitud o del aviso. [Include the following non-italicized sentence if the facility is located in the Coastal Management Program boundary. The Coastal Management Program boundary is the area along the Texas Coast of the Gulf of Mexico as depicted on the map in 31 TAC §503.1 and includes part or all of the following counties: Cameron, Willacy, Kleberg, Nueces, San Patricio, Aransas, Refugio, Calhoun, Victoria, Jackson, Matagorda, Brazoria, Galveston, Harris, Chambers, Jefferson, and Orange.] El Director Ejecutivo de la TCEQ ha revisado esta medida para ver si esta de acuerdo con los objetivos y las regulaciones del Programa de Administración Costero de Texas (CMP) de acuerdo con las regulaciones del Consejo Coordinador de la Costa (CCC) y ha determinado que la acción es conforme con las metas y regulaciones pertinentes del CMP.

AVISO ADICIONAL. El Director Ejecutivo de la TCEQ ha determinado que la solicitud es administrativamente completa y conducirá una revisión técnica de la solicitud. Después de completar la revisión técnica, el Director Ejecutivo puede preparar un borrador del permiso y emitirá una Decisión Preliminar sobre la solicitud. El aviso de la solicitud y la decisión preliminar serán publicados y enviado a los que están en la lista de correo de las personas a lo largo del condado que desean recibir los avisos y los que están en la lista de correo que desean recibir avisos de esta solicitud. El aviso dará la fecha límite para someter comentarios públicos.

COMENTARIO PUBLICO / REUNION PUBLICA. Usted puede presentar comentarios públicos o pedir una reunión pública sobre esta solicitud. El propósito de una reunión pública es dar la oportunidad de presentar comentarios o hacer preguntas acerca de la solicitud. La TCEQ realiza una reunión pública si el Director Ejecutivo determina que hay un grado de interés público suficiente en la solicitud o si un legislador local lo pide. Una reunión pública no es una audiencia administrativa de lo contencioso.

OPORTUNIDAD DE UNA AUDIENCIA ADMINISTRATIVA DE LO CONTENCIOSO. Después del plazo para presentar comentarios públicos, el Director Ejecutivo considerará todos los comentarios apropiados y preparará una respuesta a todo los comentarios públicos esenciales, pertinentes, o significativos. A menos que la solicitud haya sido referida directamente a una audiencia administrativa de lo contencioso, la respuesta a los comentarios y la decisión del Director Ejecutivo sobre la solicitud serán enviados por correo a todos los que presentaron un comentario público y a las personas que están en la lista para recibir avisos sobre esta solicitud. Si se reciben comentarios, el aviso también proveerá instrucciones para pedir una reconsideración de la decisión del Director Ejecutivo y para pedir una audiencia administrativa de lo contencioso. Una audiencia administrativa de lo contencioso es un procedimiento legal similar a un procedimiento legal civil en un tribunal de distrito del estado.

PARA SOLICITAR UNA AUDIENCIA DE CASO IMPUGNADO, USTED DEBE INCLUIR EN SU SOLICITUD LOS SIGUIENTES DATOS: su nombre, dirección, y número de teléfono; el nombre del solicitante y número del permiso; la ubicación y distancia de su propiedad/actividad con respecto a la instalación; una descripción específica de la forma como usted sería afectado adversamente por el sitio de una manera no común al público en general; una lista de todas las cuestiones de hecho en disputa que usted presente durante el período de comentarios; y la declaración "[yo/nosotros] solicito/solicitamos una audiencia de caso impugnado". Si presenta la petición para una audiencia de caso impugnado de parte de un grupo o asociación, debe identificar una persona que representa al grupo para recibir correspondencia en el futuro; identificar el nombre y la dirección de un miembro del grupo que sería afectado adversamente por la planta o la actividad propuesta; proveer la información indicada anteriormente con respecto a la ubicación del miembro afectado y su distancia de la planta o actividad propuesta; explicar cómo y porque el miembro sería afectado; y explicar cómo los intereses que el grupo desea proteger son pertinentes al propósito del grupo.

Después del cierre de todos los períodos de comentarios y de petición que aplican, el Director Ejecutivo enviará la solicitud y cualquier petición para reconsideración o para una audiencia de caso impugnado a los Comisionados de la TCEQ para su consideración durante una reunión programada de la Comisión. La Comisión solo puede conceder una solicitud de una audiencia de caso impugnado sobre los temas que el solicitante haya presentado en sus comentarios oportunos que no fueron retirados posteriormente. Si se concede una audiencia, el tema de la audiencia estará limitado a cuestiones de hecho en disputa o cuestiones mixtas de hecho y de derecho relacionadas a intereses pertinentes y materiales de calidad del agua que se hayan presentado durante el período de comentarios.

LISTA DE CORREO. Si somete comentarios públicos, un pedido para una audiencia administrativa de lo contencioso o una reconsideración de la decisión del Director Ejecutivo, la Oficina del Secretario Principal enviará por correo los avisos públicos en relación con la solicitud. Además, puede pedir que la TCEQ ponga su nombre en una o más de las listas correos siguientes (1) la lista de correo permanente para recibir los avisos de el solicitante indicado por nombre y número del permiso específico y/o (2) la

lista de correo de todas las solicitudes en un condado específico. Si desea que se agregue su nombre en una de las listas designe cual lista(s) y envíe por correo su pedido a la Oficina del Secretario Principal de la TCEQ.

[Include the following non-italicized sentence if the facility is located in the Coastal Management Program boundary. The Coastal Management Program boundary is the area along the Texas Coast of the Gulf of Mexico as depicted on the map in 31 TAC §503.1 and includes part or all of the following counties: Cameron, Willacy, Kenedy, Kleberg, Nueces, San Patricio, Aransas, Refugio, Calhoun, Victoria, Jackson, Matagorda, Brazoria, Galveston, Harris, Chambers, Jefferson y Orange.] El Director Ejecutivo de la TCEQ ha revisado esta medida para ver si está de acuerdo con los objetivos y las regulaciones del Programa de Administración Costero de Texas (CMP) de acuerdo con las regulaciones del Consejo Coordinador de la Costa (CCC) y ha determinado que la acción es conforme con las metas y regulaciones pertinentes del CMP.

AVISO ADICIONAL. El Director Ejecutivo de la TCEQ ha determinado que la solicitud es administrativamente completa y conducirá una revisión técnica de la solicitud. Después de completar la revisión técnica, el Director Ejecutivo puede preparar un borrador del permiso y emitir una Decisión Preliminar sobre la solicitud. El aviso de la solicitud y la decisión preliminar serán publicados y enviado a los que están en la lista de correo de las personas a lo largo del condado que desean recibir los avisos y los que están en la lista de correo que desean recibir avisos de esta solicitud. El aviso dará la fecha límite para someter comentarios públicos.

COMENTARIO PUBLICO / REUNION PUBLICA. Usted puede presentar comentarios públicos o pedir una reunión pública sobre esta solicitud. El propósito de una reunión pública es dar la oportunidad de presentar comentarios o hacer preguntas acerca de la solicitud. La TCEQ realiza una reunión pública si el Director Ejecutivo determina que hay un grado de interés público suficiente en la solicitud o si un legislador local lo pide. Una reunión pública no es una audiencia administrativa de lo contencioso.

OPORTUNIDAD DE UNA AUDIENCIA ADMINISTRATIVA DE LO CONTENCIOSO. Después del plazo para presentar comentarios públicos, el Director Ejecutivo considerará todos los comentarios apropiados y preparará una respuesta a todo los comentarios públicos esenciales, pertinentes, o significativos. A menos que la solicitud haya sido referida directamente a una audiencia administrativa de lo contencioso, la respuesta a los comentarios y la decisión del Director Ejecutivo sobre la solicitud serán enviados por correo a todos los que presentaron un comentario público y a las personas que están en la lista para recibir avisos sobre esta solicitud. Si se reciben comentarios, el aviso también proveerá instrucciones para pedir una reconsideración de la decisión del Director Ejecutivo y para pedir una audiencia administrativa de lo contencioso. Una audiencia administrativa de lo contencioso es un procedimiento legal similar a un procedimiento legal civil en un tribunal de distrito del estado.

PARA SOLICITAR UNA AUDIENCIA DE CASO IMPUGNADO, USTED DEBE INCLUIR EN SU SOLICITUD LOS SIGUIENTES DATOS: su nombre, dirección, y número de teléfono; el nombre del solicitante y número del permiso; la ubicación y distancia de su propiedad/actividad con respecto a la instalación; una descripción específica de la forma como usted sería afectado adversamente por el sitio de una manera no común al público en general; una lista de todas las cuestiones de hecho en disputa que usted presente durante el periodo de comentarios; y la declaración "[Yo/nosotros] solicitó/solicitamos una audiencia de caso impugnado". Si presenta la petición para una audiencia de caso impugnado de parte de un grupo o asociación, debe identificar una persona que representa al grupo para recibir correspondencia en el futuro; identificar el nombre y la dirección de un miembro del grupo que sería afectado adversamente por la planta o la actividad propuesta; proveer la información indicada anteriormente con respecto a la ubicación del miembro afectado y su distancia de la planta o actividad propuesta; explicar como y porque el miembro sería afectado; y explicar como los intereses que el grupo desea proteger son pertinentes al propósito del grupo.

Después del cierre de todos los periodos de comentarios y de petición que aplican, el Director Ejecutivo enviara la solicitud y cualquier petición para reconsideración o para una audiencia de caso impugnado a los Comisionados de la TCEQ para su consideración durante una reunión programada de la Comisión. La Comisión solo puede conceder una solicitud de una audiencia de caso impugnado sobre los temas que el solicitante haya presentado en sus comentarios oportunos que no fueron retirados posteriormente. Si se concede una audiencia, el tema de la audiencia estará limitado a cuestiones de hecho en disputa o cuestiones mixtas de hecho y de derecho relacionadas a intereses pertinentes y materiales de calidad del agua que se hayan presentado durante el periodo de comentarios.

LISTA DE CORREO. Si somete comentarios públicos, un pedido para una audiencia administrativa de lo contencioso o una reconsideración de la decisión del Director Ejecutivo, la Oficina del Secretario Principal enviara por correo los avisos públicos en relación con la solicitud. NOTICE OF RECEIPT OF APPLICATION AND INTENT TO OBTAIN WATER QUALITY PERMIT

PROPOSED PERMIT NO. WQ0015977001

APPLICATION. FM 2920 Land Company, Ltd., 2000 West Parkwood Avenue, Friendswood, Texas 77546, has applied to the Texas Commission on Environmental Quality (TCEQ) for proposed Texas Pollutant Discharge Elimination System (TPDES) Permit No. WQ0015977001 (EPA I.D. No. TX0141135) to authorize the discharge of treated wastewater at a volume not to exceed a daily average flow of 120,000 gallons per day. The domestic wastewater treatment facility will be located on Farm-to-Market Road 2920 approximately 550 feet east of the intersection of Farm-to-Market Road 2920 and Three Pines Drive, in Harris County, Texas 77447. The discharge route will be from the plant site to a man-made ditch, thence Spring Creek. TCEQ received this application on April 15, 2021. The permit application is available for viewing and copying at Northwest Branch Library, 11355 Regency Green Drive, Cypress, Texas. This link to an electronic map of the site or facility's general location is provided as a public courtesy and not part of the application or notice. For the exact location, refer to the application.
<https://tceq.maps.arcgis.com/apps/webappviewer/index.html?id=db5bac44afbc468bbddd36of816825of&marker=-95.743055%2C30.079722&level=12>

ADDITIONAL NOTICE. TCEQ's Executive Director has determined the application is administratively complete and will conduct a technical review of the application. After technical review of the application is complete, the Executive Director may prepare a draft permit and will issue a preliminary decision on the application. **Notice of the Application and Preliminary Decision will be published and mailed to those who are on the county-wide mailing list and to those who are on the mailing list for this application. That notice will contain the deadline for submitting public comments.**

PUBLIC COMMENT / PUBLIC MEETING. You may submit public comments or request a public meeting on this application. The purpose of a public meeting is to provide the opportunity to submit comments or to ask questions about the application. TCEQ will hold a public meeting if the Executive Director determines that there is a significant degree of public interest in the application or if requested by a local legislator. A public meeting is not a contested case hearing.

OPPORTUNITY FOR A CONTESTED CASE HEARING. After the deadline for submitting public comments, the Executive Director will consider all timely comments and prepare a response to all relevant and material, or significant public comments. **Unless the application is directly referred for a contested case hearing, the response to comments, and the Executive Director's decision on the application, will be mailed to everyone who submitted public comments and to those persons who are on the mailing list for this application. If comments are received, the mailing will also provide**

instructions for requesting reconsideration of the Executive Director's decision and for requesting a contested case hearing. A contested case hearing is a legal proceeding similar to a civil trial in state district court.

TO REQUEST A CONTESTED CASE HEARING, YOU MUST INCLUDE THE FOLLOWING ITEMS IN YOUR REQUEST: your name, address, phone number; applicant's name and proposed permit number; the location and distance of your property/activities relative to the proposed facility; a specific description of how you would be adversely affected by the facility in a way not common to the general public; a list of all disputed issues of fact that you submit during the comment period and, the statement "[I/we] request a contested case hearing." If the request for contested case hearing is filed on behalf of a group or association, the request must designate the group's representative for receiving future correspondence; identify by name and physical address an individual member of the group who would be adversely affected by the proposed facility or activity; provide the information discussed above regarding the affected member's location and distance from the facility or activity; explain how and why the member would be affected; and explain how the interests the group seeks to protect are relevant to the group's purpose.

Following the close of all applicable comment and request periods, the Executive Director will forward the application and any requests for reconsideration or for a contested case hearing to the TCEQ Commissioners for their consideration at a scheduled Commission meeting.

The Commission may only grant a request for a contested case hearing on issues the requestor submitted in their timely comments that were not subsequently withdrawn. **If a hearing is granted, the subject of a hearing will be limited to disputed issues of fact or mixed questions of fact and law relating to relevant and material water quality concerns submitted during the comment period.**

MAILING LIST. If you submit public comments, a request for a contested case hearing or a reconsideration of the Executive Director's decision, you will be added to the mailing list for this specific application to receive future public notices mailed by the Office of the Chief Clerk. In addition, you may request to be placed on: (1) the permanent mailing list for a specific applicant name and permit number; and/or (2) the mailing list for a specific county. If you wish to be placed on the permanent and/or the county mailing list, clearly specify which list(s) and send your request to TCEQ Office of the Chief Clerk at the address below.

INFORMATION AVAILABLE ONLINE. For details about the status of the application, visit the Commissioners' Integrated Database at www.tceq.texas.gov/goto/cid. Search the database using the permit number for this application, which is provided at the top of this notice.

AGENCY CONTACTS AND INFORMATION. Your application has been declared administratively complete. You must comply with the following instructions. There are seven (7) steps involved in publishing notice. Complete each step.

1. REVIEW THE NOTICE FOR ACCURACY

Read the enclosed notice carefully and notify the Application Review and Processing Team at 512-239-4671 immediately if it contains any errors or omissions. You are responsible for ensuring the accuracy of all information published. Do not change the text or formatting of the notice or affidavit of publication without prior approval from the TCEQ. Changing the text or formatting of the notice may require new publication at your expense and delay processing of your application.

2. PUBLISH THE NOTICE IN THE NEWSPAPER

You must publish the enclosed notice within 30 days after the date of administrative completeness. Refer to the cover letter for the date of administrative completeness.

You must publish the enclosed notice at your expense, at least once in the newspaper of largest circulation within each county where the facility and discharge point are located or will be located. If the facility and discharge point are located or will be located in a municipality, the enclosed notice must be published at least once in a newspaper of general circulation in the municipality. These requirements may be satisfied by one publication if the newspaper meets all of the above requirements.

The bold text of the enclosed notice must be printed in the newspaper in a font style or size that distinguishes it from the rest of the notice (i.e., bold, italics). Failure to do so may require re-notice.

3. PUBLISH THE NOTICE IN AN ALTERNATIVE LANGUAGE

You must publish notice in an alternative language **IF**: either the elementary or middle school nearest to the facility or proposed facility is required to provide a "bilingual education program" (BEP) as required by Texas Education Code (TEC), Chapter 29, Subchapter B, and 19 Tex. Admin. Code §89.1205(a) AND one of the following conditions is met:

- students are enrolled in a program at that school;
- students from that school attend a bilingual education program at another location; or
- the school that otherwise would be required to provide a bilingual education program has been granted an exception from the requirements to provide the program as provided for in 19 Tex. Admin. Code §89.1207(a).

A "bilingual education program" is different from an "English as a second language program" (ESL). An ESL program alone, will not require public notice in an alternative language.

If triggered, you must publish the notice in a newspaper or publication primarily published in the alternative language taught in the bilingual education program. Publication in an alternative language section or insert within a large publication which is not printed primarily in that alternative language does not satisfy these requirements. The newspaper or publication must be of general circulation in the county in which the facility and discharge point are located or proposed to be located. If the facility and discharge point are located or proposed to be located in a municipality, and there exists a newspaper or publication of general circulation in the municipality, you must publish the notice only in the newspaper or publication in the municipality.

You must demonstrate a good faith effort to identify a newspaper or publication in the required language. If there is no general circulation newspaper or publication printed in such language, then publishing in that language is not required. You have the burden to demonstrate compliance with these requirements.

If you are required to publish notice in Spanish, you must translate the site-specific information in the notice that is specific to your application, at your own expense. You may then insert the Spanish translation of your site-specific information into a Spanish template developed by the TCEQ. The Spanish templates are available on the TCEQ website at http://www.tceq.texas.gov/permitting/wastewater/review/wqspanish_nori.html. If you are required to publish notice in a language other than Spanish, you must translate the entire public notice, at your own expense.

4. **PUT THE APPLICATION IN A PUBLIC PLACE**

You must put a copy of the administratively complete application in the public place identified in the enclosed notice.

This copy must be accessible to the public for review and copying beginning on the first day of newspaper publication and remain in place for the publication's designated comment period.

During the technical review, you must update the publicly available application so that it includes all application revisions within 10 business days from the date the revision is transmitted to the TCEQ.

For confidential information contained in the application, you must indicate which specific portions of the application cannot be made available to the public. These portions of the application must be accompanied with the following statement: "Any request for portions of this application that are marked as confidential must be submitted in writing, pursuant to the Public Information Act, to the TCEQ Public Information Coordinator, MC 197, P.O. Box 13087, Austin, Texas 78711-3087."

5. **PROVIDE PROOF OF PUBLICATION**

For each newspaper in which you published, you must submit proof of publication. Proof of publication must include the following:

- a completed Publisher's Affidavit (enclosed); and
- a copy of the published notice which shows the notice, the date published, and the newspaper name. The copy must be on standard-size 8½ x 11" paper and must show the actual size of the published notice. Do not reduce the

image when making copies. Published notices longer than 11" must be copied onto multiple 8½ x 11" pages. Or you can submit the original newspaper clipping.

If you are required to publish notice in an alternative language and are unable to do so, complete and submit the Alternative Language Exemption form (enclosed).

6. PROVIDE PROOF OF APPLICATION VIEWING LOCATION

You must submit a completed Public Notice Verification Form (enclosed) which certifies that the administratively complete application was placed at the public place identified in the enclosed notice.

7. SUBMIT PROOFS TO TCEQ

The proof of publication documents (Step 5) and the completed Public Notice Verification Form (Step 6) must be submitted to TCEQ within 30 days of publication.

By email to: PROOFS@tceq.texas.gov

OR by mail at:
TCEQ
Office of the Chief Clerk, MC 105
Attn: Notice Team
P.O. Box 13087
Austin, Texas 78711-3087

NOTE: If proofs are submitted by email, you do not have to mail in the original documents.

Additional Information

If you fail to publish the notice or submit proofs within the timeframes noted above, the TCEQ may suspend further processing on your application or take other actions in accordance with 30 Tex. Admin. Code §39.405(a).

If you have any questions regarding publication requirements, please contact the Office of Legal Services at 512-239-0600. If you have any questions regarding the content of the notice, please contact the Wastewater Permitting Section at 512-239-4671. AVISO ADICIONAL. El Director Ejecutivo de la TCEQ ha determinado que la solicitud es administrativamente completa y conducirá una revisión técnica de la solicitud. Después de completar la revisión técnica, el Director Ejecutivo puede preparar un borrador del permiso y emitirá una Decisión Preliminar sobre la solicitud. **El aviso de la solicitud y la decisión preliminar serán publicados y enviado a los que están en la lista de correo de las personas a lo largo del condado que desean recibir los avisos y los que están en la lista de correo que desean recibir avisos de esta solicitud. El aviso dará la fecha límite para someter comentarios públicos.**

COMENTARIO PUBLICO / REUNION PUBLICA. Usted puede presentar **comentarios públicos o pedir una reunión pública sobre esta solicitud.** El propósito de una reunión pública es dar la oportunidad de presentar comentarios o hacer preguntas acerca de la solicitud. La TCEQ realiza una reunión pública si el Director Ejecutivo determina que hay un grado de interés público suficiente en la solicitud o si un legislador local lo pide. Una reunión pública no es una audiencia administrativa de lo contencioso.

OPORTUNIDAD DE UNA AUDIENCIA ADMINISTRATIVA DE LO CONTENCIOSO. Después del plazo para presentar comentarios públicos, el Director Ejecutivo considerará todos los comentarios apropiados y preparará una respuesta a todo los comentarios públicos esenciales, pertinentes, o significativos. **A menos que la solicitud haya sido referida directamente a una audiencia administrativa de lo contencioso, la respuesta a los comentarios y la decisión del Director Ejecutivo sobre la solicitud serán enviados por correo a todos los que presentaron un comentario público y a las personas que están en la lista para recibir avisos sobre esta solicitud. Si se reciben comentarios, el aviso también proveerá instrucciones para pedir una reconsideración de la decisión del Director Ejecutivo y para pedir una audiencia administrativa de lo contencioso.** Una audiencia administrativa de lo contencioso es un procedimiento legal similar a un procedimiento legal civil en un tribunal de distrito del estado.

PARA SOLICITAR UNA AUDIENCIA DE CASO IMPUGNADO, USTED DEBE INCLUIR EN SU SOLICITUD LOS SIGUIENTES DATOS: su nombre, dirección, y número de teléfono; el nombre del solicitante y número del permiso; la ubicación y distancia de su propiedad/actividad con respecto a la instalación; una descripción específica de la forma cómo usted sería afectado adversamente por el sitio de una manera no común al público en general; una lista de todas las cuestiones de hecho en disputa que usted presente durante el período de comentarios; y la declaración "[Yo/nosotros] solicito/solicitamos una audiencia de caso impugnado". Si presenta la petición para una audiencia de caso impugnado de parte de un grupo o asociación, debe identificar una persona que representa al grupo para recibir correspondencia en el futuro; identificar el nombre y la dirección de un miembro del grupo que sería afectado adversamente por la planta o la actividad propuesta; proveer la información indicada anteriormente con respecto a la ubicación del miembro afectado y su distancia de la planta o actividad propuesta; explicar cómo y porqué el miembro sería afectado; y explicar cómo los intereses que el grupo desea proteger son pertinentes al propósito del grupo.

Después del cierre de todos los períodos de comentarios y de petición que aplican, el Director Ejecutivo enviará la solicitud y cualquier petición para reconsideración o para una audiencia de caso impugnado a los Comisionados de la TCEQ para su consideración durante una reunión programada de la Comisión. La Comisión sólo puede conceder una solicitud de una audiencia de caso impugnado sobre los temas que el solicitante haya presentado en sus comentarios oportunos que no fueron retirados posteriormente. Si se concede una audiencia, el tema de la audiencia estará limitado a cuestiones de hecho en disputa o cuestiones mixtas de hecho y de derecho relacionadas a intereses pertinentes y materiales de calidad del agua que se hayan presentado durante el período de comentarios.

LISTA DE CORREO. Si somete comentarios públicos, un pedido para una audiencia administrativa de lo contencioso o una reconsideración de la decisión del Director Ejecutivo, la Oficina del Secretario Principal enviará por correo los avisos públicos en relación con la

solicitud. Además, puede pedir que la TCEQ ponga su nombre en una o más de las listas de correo siguientes (1) la lista de correo permanente para recibir los avisos de el solicitante indicado por nombre y número del permiso específico y/o (2) la lista de correo de todas las solicitudes en un condado específico.
