RE: Notice of Hearing Package
Applicant Name: City of Dripping Springs
Facility Location: Hays County, Texas
Permit Number: WQ0014488001
Type of Authorization: Major Amendment and Renewal

Dear Mr. Tuckfield, Mr. Storm, and Ms. Faught,

As you know, the Chief Clerk's Office has referred this matter over to the State Office of Administrative Hearings (SOAH) for a contested case hearing on your application.

SOAH will conduct a preliminary hearing via Zoom video conference at:

10:00 a.m. – March 29, 2023

You are now required to publish notice for this hearing. To help you meet the requirements associated with this notice, we have enclosed the following items:

- Notice for Newspaper Publication
- Instructions for Notice of Hearing
- Affidavit of Publication

Please note that it is VERY IMPORTANT that you follow ALL directions in the ENCLOSED INSTRUCTIONS. If you do not, you may be required to republish the notice. One of the most common mistakes we see is the unauthorized changing of notice wording or font. If you have any questions, please contact us before you proceed with publication.

The following items and time limitations are also described in the enclosed instructions. However, due to their importance, we want to highlight them for you.

1. Publish the enclosed notice within at least **30 calendar days** prior to the date of the hearing.
2. Return **acceptable proof of publication** of the complete notice, which shows publication date and newspaper name, to the TCEQ Office of the Chief Clerk within **10 business days** after notice is published in the newspaper.
3. File the original enclosed *Affidavit of Publication* with the TCEQ Office of the Chief Clerk within **30 calendar days** after the notice is published in the newspaper.

If you do not comply with all requirements described in the instructions, further processing of your application may be suspended or the commission may take other actions.

As required by 30 TAC § 80.118(c), the TCEQ Office of the Chief Clerk (OCC) will provide the administrative record to SOAH, and will retain one copy for its files. In addition, one copy of the administrative record will be provided to you by the OCC on CD. Neither SOAH nor TCEQ is responsible for providing additional copies to the parties. However, the OCC can provide copies upon request.

The administrative record is not in evidence until properly offered by motion of a party, and subsequently admitted by the Administrative Law Judge, pursuant to 30 TAC § 80.127(h). The party seeking admission of the administrative record must supply copies to the other parties in the proceeding at the time it is offered, or by agreement of the parties.

If you have any questions regarding publication requirements, or obtaining copies of the administrative record, please contact the SOAH Docket Clerk in the OCC at 512-239-3300. If you have any other questions, please contact Aubrey Pawelka at 512-239-0622.

Sincerely,

Laurie Gharis
Chief Clerk

APPLICATION.

The City of Dripping Springs, P.O. Box 384, Dripping Springs, Texas 78620, has applied to the Texas Commission on Environmental Quality (TCEQ) for a major amendment to TCEQ Permit No. WQ0014488001 to authorize the addition of a subsurface drip irrigation site of 13.8 acres with a flow volume not to exceed a daily average flow of 60,000 gallons per day in the final phase and the addition of a surface irrigation site of 17 acres with a flow volume not to exceed a daily average flow of 50,000 gallons per day in the final phase, an increase in the total land application acreage from 113.53 acres to 144.33 acres, and an increase in the total wastewater treatment facility flow volume in the final phase to a volume not to exceed a daily average flow from 319,000 gallons per day to 429,000 gallons per day. The existing permit authorizes the disposal of treated wastewater at a volume not to exceed a daily average flow of 133,000 gallons per day via subsurface area drip irrigation of 30.53 acres of public access land and the disposal of treated wastewater at a volume not to exceed a daily average flow not to exceed 186,000 gallons via surface irrigation of 83 acres of public access land. This permit will not authorize a discharge of pollutants into water in the state. TCEQ received this application on February 16, 2018.

The wastewater treatment facility and on-site subsurface disposal site are located approximately 0.55 miles east of the intersection of Ranch Road 12 and Farm-to-Market Road 150, as measured along Farm-to-Market Road 150, and from that point, approximately 1,110 feet south of Farm-to-Market Road 150, in Hays County. An existing offsite subsurface disposal area is located approximately 0.44 mile south of the intersection of U.S. Highway 290 and Ranch Road 12, as measured along Ranch Road 12, and from that point, approximately 1,280 feet east of Ranch Road 12, in Hays County. Another existing offsite surface disposal area is located approximately 1.5 miles south of the intersection of U.S. Highway 290 and Ranch Road 12, and from that point approximately 1,000 feet west of Ranch Road 12 in Hays County. The proposed subsurface disposal area will be located approximately 0.31 mile north of the intersection of U.S. Highway 290 and Ranch Road 12, along Ranch Road 12, and, from that point, approximately 0.26 mile west of Ranch Road 12, in Hays County. The proposed surface disposal site will be located approximately 1.65 miles west and 0.65 mile south of the intersection of U.S. Highway 290 and Ranch Road 12, in Hays County.

The wastewater treatment facility and on-site subsurface disposal site are located in Hays County, Texas 78619. All other disposal sites are located in Hays County, Texas 78620. The wastewater treatment facility and the disposal sites are located in the drainage basin of Onion Creek in Segment No. 1427 of the Colorado River Basin. This link to an electronic map of the site or facility's general location is provided as a public courtesy and is not part of the application or notice. For the exact location, refer to the application.

The TCEQ Executive Director has completed the technical review of the application and prepared a draft permit. The draft permit, if approved, would establish the conditions under which the facility must operate. The Executive Director has made a preliminary decision that this permit, if issued, meets all statutory and regulatory requirements. The permit application, Executive Director's preliminary decision, and draft permit are available for viewing and copying at Dripping Springs City Hall, 511 Mercer Street, Dripping Springs, Texas.

CONTESTED CASE HEARING.

Considering directives to protect public health, the State Office of Administrative Hearings (SOAH) will conduct a preliminary hearing via Zoom videoconference. A Zoom meeting is a secure, free meeting held over the internet that allows video, audio, or audio/video conferencing.

10:00 a.m. – March 29, 2023

To join the Zoom meeting via computer:

<https://soah-texas.zoomgov.com/>

Meeting ID: 161 077 0640

**Visit the SOAH website for registration at: <http://www.soah.texas.gov/>
or call SOAH at 512-475-4993.**

The purpose of a preliminary hearing is to establish jurisdiction, name the parties, establish a procedural schedule for the remainder of the proceeding, and to address other matters as determined by the judge. The evidentiary hearing phase of the proceeding, which will occur at a later date, will be similar to a civil trial in state district court. The hearing will address the disputed issues of fact identified in the TCEQ order concerning this application issued on September 15, 2022. In addition to these issues, the judge may consider additional issues if certain factors are met.

The hearing will be conducted in accordance with Chapter 2001, Texas Government Code; Chapter 26, Texas Water Code; and the procedural rules of the TCEQ and SOAH, including 30 TAC Chapter 80 and 1 TAC Chapter 155. The hearing will be held unless all timely hearing requests have been withdrawn or denied.

To request to be a party, you must attend the hearing and show you would be adversely affected by the application in a way not common to members of the general public. Any person may attend the hearing and request to be a party. Only persons named as parties may participate at the hearing.

In accordance with 1 Tex. Admin. Code § 155.401(a), Notice of Hearing, “Parties that are not represented by an attorney may obtain information regarding contested case hearings on the public website of the State Office of Administrative Hearings at www.soah.texas.gov, or in printed format upon request to SOAH.”

INFORMATION.

If you need more information about the hearing process for this application, please call the Public Education Program, toll free, at 800-687-4040. General information about the TCEQ can be found at our web site at www.tceq.texas.gov.

Further information may also be obtained from The City of Dripping Springs at the address stated above or by calling Mr. Robert Callegari, P.E., CMA Engineering, Inc. at 512-432-1000.

Persons with disabilities who need special accommodations at the hearing should call the SOAH Docketing Department at 512-475-4993, at least one week prior to the hearing.

TEXAS COMMISSION ON ENVIRONMENTAL QUALITY

INSTRUCTIONS FOR PUBLIC NOTICE For Water Quality Permit

NOTICE OF HEARING

A hearing was requested on issues related to your application and the Commission granted this request. The matter has been referred to the State Office of Administrative Hearings. Now you must comply with the following instructions:

Please Review Notice

We have included in the hearing notice all of the information which we believe is necessary. Please read it carefully and notify us immediately if it contains any errors or omissions. You are responsible for ensuring the accuracy of all information published. You may not change the text of the notice without prior approval from the TCEQ.

Newspaper Notice

- You must publish the enclosed Notice of Hearing no less than **30** days before the hearing.
- You must publish the enclosed Notice of Hearing at least once and at your expense, in a newspaper that is regularly published or circulated in each county where, by virtue of the county's geographical relation to the subject matter of the hearing, a person may reasonably believe persons reside who may be affected by the action that may be taken as a result of the hearing. A list of the appropriate counties provided by the executive director is described in the cover letter.

Proof of Publication

- For each published notice, you must submit proof of publication that shows the notice, the date of publication, and the name of the newspaper to the Office of the Chief Clerk within **10 business days** after the date of publication. Acceptable proof of publication is 1) a copy of the published notice or 2) the original newspaper clipping of the published notice. If you choose to submit a copy of the published notice to the Office of the Chief Clerk, the copy must be on standard-size 8½" x 11" paper and must show

the actual size of the published notice (do not reduce the image when making copies). Published notices longer than 11" must be copied onto multiple 8½" x 11" pages. Please note, submitting a copy of your published notice could result in faster processing of your application. It is recommended that you maintain the original newspaper clipping or tear sheet of the notice for your records.

- You must submit a **publisher's affidavit** to the Office of the Chief Clerk within **30 calendar days** after the date of publication. **You must use the enclosed affidavit form.** The affidavit must clearly identify the applicant's name and permit number.
- You are encouraged to submit the affidavit with the proof of publication described above; however, the affidavit must be submitted no later than **30 calendar days** after publication of notice.
- The **publisher's affidavit** and **proof of publication of the published notice** may be filed with the Chief Clerk electronically at www.tceq.texas.gov/goto/efilings or mailed to:

TCEQ
Office of the Chief Clerk, MC 105
Attn: SOAH Docket Clerk
P.O. Box 13087
Austin, Texas 78711-3087

- Please ensure that the affidavit you send to the Chief Clerk is original and that all blanks on the affidavit are filled in correctly.

Failure to Publish and Submit Proof of Publication

You must meet all publication requirements. **If you fail to publish the notice or submit proof of publication on time**, the TCEQ may suspend further processing of your application or take other actions.

General Information

When contacting the Commission regarding this application, please refer to the permit number and TCEQ Docket number at the top of the Notice of Hearing.

If you have questions or need assistance regarding this notice, please contact the staff attorney listed in the cover letter or the SOAH Docket Clerk in the Office of the Chief Clerk at (512) 239-3300.

RE: Notice of Hearing Package
Applicant Name: City of Dripping Springs
Facility Location: Hays County, Texas
Permit Number: WQ0014488001
Type of Authorization: Major Amendment and Renewal

Dear Mr. Tuckfield, Mr. Storm, and Ms. Faught,

As you know, the Chief Clerk's Office has referred this matter over to the State Office of Administrative Hearings (SOAH) for a contested case hearing on your application.

SOAH will conduct a preliminary hearing via Zoom video conference at:

10:00 a.m. – March 7, 2023

You are now required to publish notice for this hearing. To help you meet the requirements associated with this notice, we have enclosed the following items:

- Notice for Newspaper Publication
- Instructions for Notice of Hearing
- Affidavit of Publication

Please note that it is VERY IMPORTANT that you follow ALL directions in the ENCLOSED INSTRUCTIONS. If you do not, you may be required to republish the notice. One of the most common mistakes we see is the unauthorized changing of notice wording or font. If you have any questions, please contact us before you proceed with publication.

The following items and time limitations are also described in the enclosed instructions. However, due to their importance, we want to highlight them for you.

1. Publish the enclosed notice within at least **30 calendar days** prior to the date of the hearing.
2. Return **acceptable proof of publication** of the complete notice, which shows publication date and newspaper name, to the TCEQ Office of the Chief Clerk within **10 business days** after notice is published in the newspaper.
3. File the original enclosed *Affidavit of Publication* with the TCEQ Office of the Chief Clerk within **30 calendar days** after the notice is published in the newspaper.

If you do not comply with all requirements described in the instructions, further processing of your application may be suspended or the commission may take other actions.

As required by 30 TAC § 80.118(c), the TCEQ Office of the Chief Clerk (OCC) will provide the administrative record to SOAH, and will retain one copy for its files. In addition, one copy of the administrative record will be provided to you by the OCC on CD. Neither SOAH nor TCEQ is responsible for providing additional copies to the parties. However, the OCC can provide copies upon request.

The administrative record is not in evidence until properly offered by motion of a party, and subsequently admitted by the Administrative Law Judge, pursuant to 30 TAC § 80.127(h). The party seeking admission of the administrative record must supply copies to the other parties in the proceeding at the time it is offered, or by agreement of the parties.

If you have any questions regarding publication requirements, or obtaining copies of the administrative record, please contact the SOAH Docket Clerk in the OCC at 512-239-3300. If you have any other questions, please contact Aubrey Pawelka at 512-239-0622.

Sincerely,

Laurie Gharis
Chief Clerk

**NOTICE OF HEARING
CITY OF DRIPPING SPRINGS
SOAH Docket No. 582-23-09218
TCEQ Docket No. 2022-0940-MWD
TCEQ Permit No. WQ0014488001**

APPLICATION.

The City of Dripping Springs, P.O. Box 384, Dripping Springs, Texas 78620, has applied to the Texas Commission on Environmental Quality (TCEQ) for a major amendment to TCEQ Permit No. WQ0014488001 to authorize the addition of a subsurface drip irrigation site of 13.8 acres with a flow volume not to exceed a daily average flow of 60,000 gallons per day in the final phase and the addition of a surface irrigation site of 17 acres with a flow volume not to exceed a daily average flow of 50,000 gallons per day in the final phase, an increase in the total land application acreage from 113.53 acres to 144.33 acres, and an increase in the total wastewater treatment facility flow volume in the final phase to a volume not to exceed a daily average flow from 319,000 gallons per day to 429,000 gallons per day. The existing permit authorizes the disposal of treated wastewater at a volume not to exceed a daily average flow of 133,000 gallons per day via subsurface area drip irrigation of 30.53 acres of public access land and the disposal of treated wastewater at a volume not to exceed a daily average flow not to exceed 186,000 gallons via surface irrigation of 83 acres of public access land. This permit will not authorize a discharge of pollutants into water in the state. TCEQ received this application on February 16, 2018.

The wastewater treatment facility and on-site subsurface disposal site are located approximately 0.55 miles east of the intersection of Ranch Road 12 and Farm-to-Market Road 150, as measured along Farm-to-Market Road 150, and from that point, approximately 1,110 feet south of Farm-to-Market Road 150, in Hays County. An existing offsite subsurface disposal area is located approximately 0.44 mile south of the intersection of U.S. Highway 290 and Ranch Road 12, as measured along Ranch Road 12, and from that point, approximately 1,280 feet east of Ranch Road 12, in Hays County. Another existing offsite surface disposal area is located approximately 1.5 miles south of the intersection of U.S. Highway 290 and Ranch Road 12, and from that point approximately 1,000 feet west of Ranch Road 12 in Hays County. The proposed subsurface disposal area will be located approximately 0.31 mile north of the intersection of U.S. Highway 290 and Ranch Road 12, along Ranch Road 12, and, from that point, approximately 0.26 mile west of Ranch Road 12, in Hays County. The proposed surface disposal site will be located approximately 1.65 miles west and 0.65 mile south of the intersection of U.S. Highway 290 and Ranch Road 12, in Hays County. The wastewater treatment facility and on-site subsurface disposal site are located in

Hays County, Texas 78619. All other disposal sites are located in Hays County, Texas 78620. The wastewater treatment facility and the disposal sites are located in the drainage basin of Onion Creek in Segment No. 1427 of the Colorado River Basin. This link to an electronic map of the site or facility's general location is provided as a public courtesy and is not part of the application or notice. For the exact location, refer to the application.

The TCEQ Executive Director has completed the technical review of the application and prepared a draft permit. The draft permit, if approved, would establish the conditions under which the facility must operate. The Executive Director has made a preliminary decision that this permit, if issued, meets all statutory and regulatory requirements. The permit application, Executive Director's preliminary decision, and draft permit are available for viewing and copying at Dripping Springs City Hall, 511 Mercer Street, Dripping Springs, Texas.

CONTESTED CASE HEARING.

Considering directives to protect public health, the State Office of Administrative Hearings (SOAH) will conduct a preliminary hearing via Zoom videoconference. A Zoom meeting is a secure, free meeting held over the internet that allows video, audio, or audio/video conferencing.

10:00 a.m. – March 7, 2023

To join the Zoom meeting via computer:

**Visit the SOAH website for registration at: <http://www.soah.texas.gov/>
or call SOAH at 512-475-4993.**

The purpose of a preliminary hearing is to establish jurisdiction, name the parties, establish a procedural schedule for the remainder of the proceeding, and to address other matters as determined by the judge. The evidentiary hearing phase of the proceeding, which will occur at a later date, will be similar to a civil trial in state district court. The hearing will address the disputed issues of fact identified in the TCEQ order concerning this application issued on September 15, 2022. In addition to these issues, the judge may consider additional issues if certain factors are met.

The hearing will be conducted in accordance with Chapter 2001, Texas Government Code; Chapter 26, Texas Water Code; and the procedural rules of the TCEQ and SOAH, including 30 TAC Chapter 80 and 1 TAC Chapter 155. The hearing will be held unless all timely hearing requests have been withdrawn or denied.

To request to be a party, you must attend the hearing and show you would be adversely affected by the application in a way not common to members of the general public. Any person may attend the hearing and request to be a party. Only persons named as parties may participate at the hearing.

In accordance with 1 Tex. Admin. Code § 155.401(a), Notice of Hearing, “Parties that are not represented by an attorney may obtain information regarding contested case hearings on the public website of the State Office of Administrative Hearings at www.soah.texas.gov, or in printed format upon request to SOAH.”

INFORMATION.

If you need more information about the hearing process for this application, please call the Public Education Program, toll free, at 800-687-4040. General information about the TCEQ can be found at our web site at www.tceq.texas.gov.

Further information may also be obtained from The City of Dripping Springs at the address stated above or by calling Mr. Robert Callegari, P.E., CMA Engineering, Inc. at 512-432-1000.

Persons with disabilities who need special accommodations at the hearing should call the SOAH Docketing Department at 512-475-4993, at least one week prior to the hearing.

INSTRUCTIONS FOR PUBLIC NOTICE For Water Quality Permit

NOTICE OF HEARING

A hearing was requested on issues related to your application and the Commission granted this request. The matter has been referred to the State Office of Administrative Hearings. Now you must comply with the following instructions:

Please Review Notice

We have included in the hearing notice all of the information which we believe is necessary. Please read it carefully and notify us immediately if it contains any errors or omissions. You are responsible for ensuring the accuracy of all information published. You may not change the text of the notice without prior approval from the TCEQ.

Newspaper Notice

- You must publish the enclosed Notice of Hearing no less than **30** days before the hearing.
- You must publish the enclosed Notice of Hearing at least once and at your expense, in a newspaper that is regularly published or circulated in each county where, by virtue of the county's geographical relation to the subject matter of the hearing, a person may reasonably believe persons reside who may be affected by the action that may be taken as a result of the hearing. A list of the appropriate counties provided by the executive director is described in the cover letter.

Proof of Publication

- For each published notice, you must submit proof of publication that shows the notice, the date of publication, and the name of the newspaper to the Office of the Chief Clerk within **10 business days** after the date of publication. Acceptable proof of publication is 1) a copy of the published notice or 2) the original newspaper clipping of the published notice. If you choose to submit a copy of the published notice to the Office of the Chief Clerk, the copy must be on standard-size 8½" x 11" paper and must show

the actual size of the published notice (do not reduce the image when making copies). Published notices longer than 11" must be copied onto multiple 8½" x 11" pages. Please note, submitting a copy of your published notice could result in faster processing of your application. It is recommended that you maintain the original newspaper clipping or tear sheet of the notice for your records.

- You must submit a **publisher's affidavit** to the Office of the Chief Clerk within **30 calendar days** after the date of publication. **You must use the enclosed affidavit form.** The affidavit must clearly identify the applicant's name and permit number.
- You are encouraged to submit the affidavit with the proof of publication described above; however, the affidavit must be submitted no later than **30 calendar days** after publication of notice.
- The **publisher's affidavit** and **proof of publication of the published notice** may be filed with the Chief Clerk electronically at www.tceq.texas.gov/goto/efilings or mailed to:

TCEQ
Office of the Chief Clerk, MC 105
Attn: SOAH Docket Clerk
P.O. Box 13087
Austin, Texas 78711-3087

- Please ensure that the affidavit you send to the Chief Clerk is original and that all blanks on the affidavit are filled in correctly.

Failure to Publish and Submit Proof of Publication

You must meet all publication requirements. **If you fail to publish the notice or submit proof of publication *on time***, the TCEQ may suspend further processing of your application or take other actions.

General Information

When contacting the Commission regarding this application, please refer to the permit number and TCEQ Docket number at the top of the Notice of Hearing.

If you have questions or need assistance regarding this notice, please contact the staff attorney listed in the cover letter or the SOAH Docket Clerk in the Office of the Chief Clerk at (512) 239-3300.

Many ways to get involved in local elections

Modi Tolschov
Staff Reporter

Primaries are quickly approaching for this year's midterm elections. There are many ways to get involved.

While the amount of information surrounding election seasons can be difficult to keep track of, physically involving oneself in the process can help to ensure that elections are conducted in an orderly fashion, according to Texas Secretary of State John Scott. This can be done by becoming an election worker, a poll watcher, a student voting clerk or a volunteer deputy registrar.

"Having a safe and secure election starts with well-trained and dedicated election workers at the local level, and we want to make sure all Texans who want to get involved have the resources and information they need to support county officials who are working around the clock to prepare for the upcoming election cycle," Secretary Scott said. "Whether

you want to help out with voter registration or the voting process itself, we are here to provide the training and certification necessary to strengthen election administration, voter participation and voter confidence across the state."

Become an election worker
Under Texas law, anyone is eligible to be appointed as an election worker if they are a U.S. Citizen and a qualified voter in the jurisdiction in which the election is being conducted.

To become an election worker:
"Take the free Texas' Online Poll Worker Training program (available at pollworkertesting.sos.texas.gov) to learn about polling place procedures."

Become a poll watcher
In Texas elections, a Poll Watcher is a person appointed to observe the conduct of an election on behalf of a candidate, a political party or the proponents or opponents of a measure. Poll watchers are allowed to observe and re-

port on irregularities in the conduct of any election, but may not interfere in the orderly conduct of an election.

For this position, a person must be a registered voter of the territory covered by the election and of the county, not be a candidate for public office in an election held on the day the watcher seeks to serve, not hold an elected public office, not be an employee of an election judge or clerk serving at the same polling place, not have been convicted of an offense in connection with conduct directly attributable to an election and not be related to an election judge or clerk serving at that polling place.

To become a poll watcher:
Receive a certificate of appointment (available at sos.texas.gov)

Complete the Texas Secretary of State's program (available at pollworkertesting.sos.texas.gov) and receive a certificate of completion.

Present both forms of

documentation to the presiding judge at the polling place.

Take an oath, administered by the presiding judge at the polling place.

Become a student clerk
High school students 16 years of age or older can serve as election clerks at polling locations during early voting or on Election Day. The students will assist their local election officials by filling positions at polling places and working under the direction of the polling place presiding judge.

A student who is at least 16 years of age and is enrolled in a public, private or home school and has the consent of the principal (or legal guardian in home school) may serve as an election clerk. The election officials must receive written authorization from the student's parent or guardian for the student to serve in the election for which he or she is appointed.

To become a student clerk:

Fill out the required pa-

perwork at sos.state.tx.us/forms/forms/seciform.pdf

Send the application to the local elections officials conducting the election in which you wish to serve.

If selected, attend the required election training class prior to serving as a clerk.

Work at the polls as assigned during early voting or on Election Day.

A school district may excuse a student for the purpose of serving as an election clerk for a maximum of two days in a school year.

Become a volunteer deputy registrar

Volunteer deputy registrars have the responsibility of officially registering voters in the State of Texas. They are appointed by county voter registrars and charged with helping increase voter registration in the state.

To be appointed a volunteer deputy registrar, a person must be at least 18 years old; be a United States citizen; not be mentally incapacitated; never

have been convicted of failing to deliver a voter application to a voter registrar; not have been convicted of a felony, or, if convicted, must have fully discharged the sentence or been pardoned; not have been convicted of identity theft under Section 32.51 of the Penal Code; and be a resident of Texas.

To become a volunteer deputy registrar:

Contact the voter registrar in your county for information about training.

Upon satisfactorily completing training and examination, if required, the voter registrar will appoint you as a volunteer deputy registrar and advise you of any county-specific procedures for processing voter registration applications.

The voter registrar will issue you a certificate of appointment and give you a receipt book of voter registration applications with a tear-off receipt.

One may be appointed a volunteer deputy registrar at any time.

relationships and relationship skills, and by changing attitudes that support violence, we recognize that dating violence can be prevented."

Last year, the Hays-Caldwell Women's Center provided 157 dating violence prevention and healthy relationships presentations to 3,141 teens and young

adults. "For us, our mission, our heart of our mission is prevention work. It's a long-term investment, we don't always see the outcomes but it's definitely the mission-ending work that we're trying to do by ending violence in the communities that we serve," said Melissa Rodriguez,

executive director for the Hays-Caldwell Women's Center.

Rodriguez invited the public and community to attend Dripping Springs High School's Dating Violence Mock Trial on Friday, Feb. 25 at the Hays County Courthouse.

The mock trial is an annual event that began through

DSHS in February of 2013. Students volunteer to perform

roles in a case where a defendant is accused of committing some sort of relational violence. This can be anything from cell phone text harassment to verbal, emotional, physical or sexual abuse. The simulated trial

is performed in the presence of

lawyers, judges and court officials and is an opportunity for students to see inside the Texas Judicial System.

The goal is to provide students with the tools necessary to make good decisions and handle difficult situations. All are welcome to attend.

fire-gold!

"Your Life Has Been Delayed" by Michelle Mason

Past and present collide in a captivating YA debut about a girl who takes off on a flight and lands . . . twenty-five years later. When Jenny boards her flight back from New York, the biggest things on her mind are applying to Columbia and reuniting with her brand-new boyfriend. But when she and the other passengers disembark in St. Louis, they're told that their plane disappeared twenty-five years ago. Every-one thought they were dead. The world has fast-forwarded. Three of her grandparents are gone, her parents are old, and her "little" brother is now an adult. There's so much she's missed out on, not the least iPhones, social

media, and pop culture. When some surprising information comes to light, Jenny feels betrayed by her family and once-best friend. She's also fighting her attraction to Dylan, a cute and kind classmate who has an unusual connection to her past. And then there's the growing contingent of conspiracy theorists determined to prove that Flight 237 hides a sinister truth. Will Jenny figure out how to move forward, or will she always be stuck in the past? Debut author Michelle I. Mason offers a smart and funny high-concept debut about the most unbelievable of life changes—and the parts of yourself that can always stay the same.

Texas Commission on Environmental Quality

NOTICE OF PUBLIC MEETING FOR MUNICIPAL WASTEWATER RENEWAL

PERMIT NO. WQ001488001

APPLICATION City of Dripping Springs, P.O. Box 54, Dripping Springs, Texas, 78620, has applied to the Texas Commission on Environmental Quality (TCEQ) for a major amendment to TCEQ Permit No. WQ001488001 to authorize the addition of a subsurface disposal area of 17 acres with a flow volume not to exceed a daily average flow of 60,000 gallons per day in the final phase and the addition of a surface disposal area of 17 acres with a flow volume not to exceed a daily average flow of 60,000 gallons per day in the final phase, an increase in the total land application acreage from 113.53 acres, and an increase in the total wastewater treatment facility flow volume in the final phase in a volume not to exceed a daily average flow of 319,500 gallons per day to 429,000 gallons per day. The existing permit authorizes the disposal of treated wastewater at a volume not to exceed a daily average flow of 113,500 gallons per day via subsurface area disposal of 30.53 acres of public access land and the disposal of treated wastewater at a volume not to exceed a daily average flow not to exceed 186,000 gallons via surface irrigation of 83 acres of public access land. This permit will not authorize a discharge of pollutants into water in the state. TCEQ received this application on February 16, 2022.

The wastewater treatment facility and on-site subsurface disposal site are located approximately 0.55 miles east of the intersection of Ranch Road 12 and Farns-to-Market Road 150, as measured along Farns-to-Market Road 150, and from that point, approximately 1.10 feet south to Farns-to-Market Road 150, in Hays County. An existing off-site subsurface disposal area is located approximately 0.44 miles south of the intersection of U.S. Highway 290 and Ranch Road 12, as measured along Ranch Road 12, and from that point, approximately 1.28 feet east of Ranch Road 12, in Hays County. Another existing off-site surface disposal area is located approximately 1.5 miles south of the intersection of U.S. Highway 290 and Ranch Road 12, and from that point, approximately 1,090 feet west of Ranch Road 12 in Hays County. The proposed subsurface disposal area will be located approximately 0.31 miles north of the intersection of U.S. Highway 290 and Ranch Road 12, along Ranch Road 12, and from that point, approximately 0.26 miles west of Ranch Road 12, in Hays County. The proposed surface disposal site will be located approximately 1.65 miles west and 0.65 miles south of the intersection of U.S. Highway 290 and Ranch Road 12, in Hays County. The wastewater treatment facility and on-site subsurface disposal site are located in Hays County, Texas 78619. All other disposal sites are located in Hays County, Texas 78620. The wastewater treatment facility and the disposal sites are located in the drainage basin of Onion Creek in Segment No. 1427 of the Colorado River Basin.

The TCEQ Executive Director has completed the technical review of the application and prepared a draft permit. The draft permit, if approved, would establish the conditions under which this facility must operate. The Executive Director has made a preliminary decision that this permit, if issued, meets all statutory and regulatory requirements. This link to an electronic map of the site or facility's general location is provided as a public courtesy and not part of the application or notice. PUBLIC COMMENT / PUBLIC MEETING. A public meeting will be held and will consist of two parts, an Informal Discussion Period and a Formal Comment Period. A public meeting is not a contested case hearing under the Administrative Procedure Act. During the Informal Discussion Period, the public will be encouraged to ask questions of the applicant and TCEQ staff concerning the permit application. The comments and questions submitted during the Informal Discussion Period will not be considered before a decision is reached on the permit application and no formal response will be provided orally during the Informal Discussion Period. During the Formal Comment Period on the permit application, members of the public may state their formal comments orally into the official record. A written response to all timely, relevant and material, or significant comments will be prepared by the Executive Director. All formal comments will be considered before a decision is reached on the permit application. A copy of the written response will be sent to each person who submits a formal comment or who requested to be on the mailing list for this permit application and provides a mailing address. Only relevant and material issues raised during the Formal Comment Period can be considered if a contested case hearing is granted on this permit application.

The Public Meeting is to be held:

Monday, March 28, 2022 at 7:00 PM

Members of the public who would like to ask questions or provide comments during the meeting may access the meeting via webcast by following this link: <https://www.tceq.texas.gov/meeting/join-webcast> and entering Webinar ID 5613-810-979. It is recommended that you join the webcast and register for the public meeting at least 15 minutes before the meeting begins. You will be given the option to use your computer audio or to use your phone for participating in the webinar.

Those without internet access must call (512) 239-1201 at least one day prior to the meeting to register for the meeting and to obtain information for participating telephonically. Russian-armored vehicles are loaded onto railway platforms Wednesday at a station not far from the Russia-Ukraine border in the Rostov-on-Don region, Russia. President Joe Biden announced the U.S. was ordering heavy financial sanctions against Russia, declaring that its government had flagrantly violated international law in what he called the "beginning of a Russian invasion of Ukraine." Rebels ask Russia for military help in eastern Ukraine

Request seen as 'further escalation' of conflict

KYIV, Ukraine — Russia began evacuating its embassy in Kyiv, and Ukraine urged its citizens to leave Russia on Wednesday as the region braced for further confrontation after President Vladimir Putin received authorization to use military force outside his country and the West responded with sanctions.

Hopes for a diplomatic way out of a new, potentially devastating war in Europe appeared all but sunk as the U.S. and key European allies accused Moscow of crossing a red line Tuesday in rolling over Ukraine's border into separatist regions in Ukraine's east called Donbas, with some calling it an invasion.

Russia emptied its diplomatic posts in Ukraine, state news agency RIA Novosti reported, a day after the Foreign Ministry announced a plan to evacuate, citing threats. Wednesday afternoon, the Russian flag no longer flew over the Kyiv embassy, and police surrounded the building.

After weeks of trying to project calm, Ukrainian authorities signaled increasing concern. The Foreign Ministry advised against travel to Russia and recommended anyone there leave immediately, saying Moscow's "aggression" could lead to a significant reduction in consular services.

Ukraine's National Security and Defense Council chief Oleksiy Danilov called for a national state of emergency, subject to parliamentary approval. He said it will be up to regional authorities to determine which measures to apply, but they could include additional security at public facilities, traffic restrictions and additional transport and document checks.

A senior U.S. defense official in Washington said the Russian forces arrayed along Ukraine's borders are "as ready as they can be" for an invasion, with about 80% of them in what the U.S. considers "forward positions, ready to go" within 3 to 30 miles of the border. The official, who spoke on condition of anonymity to discuss sensitive in-

formation, added that "we still cannot confirm that Russian forces have moved into the Donbas area."

The official said the U.S. has indications based on intelligence as well as visual evidence that the Russian forces "have advanced their readiness to a point where they are literally ready to go now, if they get the order to go."

Putin said Tuesday he hadn't yet sent any Russian troops into the rebel regions contrary to Western claims, and Donetsk rebel leader Denis Pushilin insisted Wednesday there are no Russian troops in the region even though a local council member has claimed they had moved in.

Ukraine's Minister for Digital Transformation Mykhailo Fedorov said a wave of denial-of-service attacks targeted official websites and some banks Wednesday, affecting sites of the parliament, cabinet and Foreign Ministry and causing interruptions or delays to the sites of the defense and interior ministry, which controls the police.

Many of the same sites were similarly knocked offline in attacks last week that the U.S. and U.K. governments quickly blamed on Russia's GRU military intelligence agency. Such attacks barrage websites with junk traffic, rendering them unreachably. Wednesday's DDoS attacks appeared to have less impact than the earlier onslaught, with targeted sites soon reachable again — as emergency responders blunted them.

These were just the latest in a series of signs of escalating tensions. Kyiv recalled its ambassador to Russia and considered breaking all diplomatic ties with Moscow; dozens of nations further squeezed Russian oil. In Ukraine's east, where an eight-year conflict between Russia-backed separatists and Ukrainian forces has killed nearly 14,000 people, violence also spiked again. One Ukrainian soldier was killed and six more were injured after rebel shelling, the Ukrainian military said. Sepa-

ratist officials reported several explosions on their territory overnight and three civilian deaths.

In St. Petersburg, several hundred people reportedly rallied in support of the self-proclaimed Donetsk and Luhansk republics in the east, while Russia marked Defender of the Fatherland Day, which celebrates the country's veterans and active servicemen.

After weeks of rising tensions, Putin took a series of steps this week that dramatically raised the stakes. First, he recognized the independence of those separatist regions. Then, he said that recognition extends even to the large parts of the territories now held by Ukrainian forces, including the major Azov Sea port of Mariupol.

Lawmakers also gave him authority to use military forces outside the country — effectively formalizing a Russian military deployment to the rebel regions.

Putin laid out three conditions he said could end the standoff, urging Kyiv to recognize Russia's sovereignty over Crimea, the Black Sea peninsula it annexed in Ukraine in 2014, to renounce its bid to join NATO and partially demilitarize. Ukraine long has rejected such demands.

"We call on partners to impose more sanctions on Russia now," he tweeted Wednesday. "Now the pressure needs to step up to stop Putin. Hit his economy and cronies."

Responding defiantly to the steps already taken, Russian Ambassador in the U.S. Anatoly Antonov retorted on Facebook that "sanctions cannot solve a thing. It is hard to imagine that there is a person in Washington who expects Russia to revise its foreign policy under a threat of restrictions."

Russia's Foreign Ministry has also bristled at sanctions. "Russia has proven that, with all the costs of the sanctions, it is able to minimize the damage," a statement read in Ukraine's east, where an eight-year conflict between Russia-backed separatists and Ukrainian forces has killed nearly 14,000 people, violence also spiked again. One Ukrainian soldier was killed and six more were injured after rebel shelling, the Ukrainian military said. Sepa-

TEXAS COMMISSION ON ENVIRONMENTAL QUALITY

NOTICE OF PUBLIC MEETING FOR MUNICIPAL WASTEWATER RENEWAL

PERMIT NO. W00014488001

APPLICATION: City of Dropping Springs, P.O. Box 384, Dropping Springs, Texas 78620, has applied to the Texas Commission on Environmental Quality (TCEQ) for a major amendment to TCEQ Permit No. W00014488001 to authorize the addition of a subsurface drip irrigation site of 13.8 acres with a flow volume not to exceed a daily average flow of 60,000 gallons per day in the final phase and an increase in the total wastewater treatment facility flow volume in the final phase as a volume not to exceed a daily average flow from 319,000 gallons per day to 420,000 gallons per day. The existing permit authorizes the disposal of treated wastewater at a volume not to exceed a daily average flow of 138,000 gallons per day via subsurface area drip irrigation of 30.53 acres of public access land and the disposal of treated wastewater at a volume not to exceed a daily average flow not to exceed 180,000 gallons via surface irrigation of 83 acres of public access land. This permit will not authorize a discharge of pollutants into water in the state. TCEQ received the application on February 16, 2022.

The wastewater treatment facility and on-site subsurface disposal site are located approximately 0.55 miles east of the intersection of Ranch Road 150 and Farm-to-Market Road 150, as measured along Farm-to-Market Road 150, and from that point, approximately 1,110 feet south of Farm-to-Market Road 150, in Hays County. An existing off-site subsurface disposal area is located approximately 0.44 miles south of the intersection of U.S. Highway 290 and Ranch Road 12, as measured along Ranch Road 12, and from that point, approximately 1,290 feet east of Ranch Road 12, in Hays County. Another existing off-site surface disposal area is located approximately 1.5 miles north of the intersection of U.S. Highway 290 and Ranch Road 12, and from that point approximately 1,000 feet west of Ranch Road 12 in Hays County. The proposed subsurface disposal area will be located approximately 0.31 miles north of the intersection of U.S. Highway 290 and Ranch Road 12, along Ranch Road 12, and, from that point, approximately 0.28 miles west of Ranch Road 12, in Hays County. The proposed surface disposal site will be located approximately 1.63 miles west and 0.45 miles south of the intersection of U.S. Highway 290 and Ranch Road 12, in Hays County. The wastewater treatment facility and on-site subsurface disposal site are located in Hays County, Texas 78610. All other disposal sites are located in Hays County, Texas 78620. The wastewater treatment facility and the disposal sites are located in the drainage basin of Onion Creek in Segment No. 1427 of the Colorado River Basin.

The TCEQ Executive Director has completed the technical review of the application and prepared a draft permit. The draft permit, if approved, would establish the conditions under which the facility must operate. The Executive Director has made a preliminary decision that this permit, if issued, meets all statutory and regulatory requirements. This link to an electronic map of the site or facility at a general location is provided as a public courtesy and not part of the application or notice. For the exact location, refer to the application: <https://ecm.mps.org/apps/webapp/viewer/index.html?ID=055044f4e402b43d0081692505a7e7e9-9808277%20301541664661e1e12>

PUBLIC COMMENT / PUBLIC MEETING: A public meeting will be held and will consist of two parts, an Informal Discussion Period and a Formal Comment Period. A public meeting is not a contested case hearing under the Administrative Procedure Act. During the Informal Discussion Period, the public will be encouraged to ask questions of the applicant and TCEQ staff concerning the permit application. The comments and questions submitted orally during the Informal Discussion Period will not be considered before a decision is reached on the permit application and no formal response will be made. Responses will be provided orally during the Informal Discussion Period. During the Formal Comment Period on the permit application, members of the public may state their formal comments orally into the official record. A written response to all timely, relevant and material, or significant comments will be prepared by the Executive Director. All formal comments will be considered before a decision is reached on the permit application. A copy of the written response will be sent to each person who submits a formal comment and who requested to be on the mailing list for this permit application and provides a mailing address. Only relevant and material issues raised during the Formal Comment Period can be considered if a contested case hearing is granted on this permit application.

The Public Meeting is to be held:
Monday, March 28, 2022 at 7:00 PM

Members of the public who would like to ask questions or provide comments during the meeting may access the meeting via webcast by following this link: <https://www.government.com/webinars/join-webinar-and-entire-webinar> ID: 565-810-979. It is recommended that you join the webinar and register for the public meeting at least 15 minutes before the meeting begins. You will be given the option to use your computer audio or to use your phone for participating in the webinar.

Those without internet access must call (512) 239-1201 at least one day prior to the meeting to register for the meeting and to obtain information for participating telephonically. RENEWAL

PERMIT NO. WQ0014488001

APPLICATION. City of Dripping Springs, P.O. Box 384, Dripping Springs, Texas 78620, has applied to the Texas Commission on Environmental Quality (TCEQ) for a major amendment to TCEQ Permit No. WQ0014488001 to authorize the addition of a subsurface drip irrigation site of 13.8 acres with a flow volume not to exceed a daily average flow of 60,000 gallons per day in the final phase and the addition of a surface irrigation site of 17 acres with a flow volume not to exceed a daily average flow of 50,000 gallons per day in the final phase, an increase in the total land application acreage from 113.53 acres to 144.33 acres, and an increase in the total wastewater treatment facility flow volume in the final phase to a volume not to exceed a daily average flow from 319,000 gallons per day to 429,000 gallons per day. The existing permit authorizes the disposal of treated wastewater at a volume not to exceed a daily average flow of 133,000 gallons per day via subsurface area drip irrigation of 30.53 acres of public access land and the disposal of treated wastewater at a volume not to exceed a daily average flow not to exceed 186,000 gallons via surface irrigation of 83 acres of public access land. This permit will not authorize a discharge of pollutants into water in the state. TCEQ received this application on February 16, 2018.

The wastewater treatment facility and on-site subsurface disposal site are located approximately 0.55 miles east of the intersection of Ranch Road 12 and Farm-to-Market Road 150, as measured along Farm-to-Market Road 150, and from that point, approximately 1,110 feet south of Farm-to-Market Road 150, in Hays County. An existing offsite subsurface disposal area is located approximately 0.44 miles south of the intersection of U.S. Highway 290 and Ranch Road 12, as measured along Ranch Road 12, and from that point, approximately 1,280 feet east of Ranch Road 12, in Hays County. Another existing offsite surface disposal area is located approximately 1.5 miles south of the intersection of U.S. Highway 290 and Ranch Road 12, and from that point approximately 1,000 feet west of Ranch Road 12 in Hays County. The proposed subsurface disposal area will be located approximately 0.31 miles north of the intersection of U.S. Highway 290 and Ranch Road 12, along Ranch Road 12, and, from that point, approximately 0.26 miles west of Ranch Road 12, in Hays County. The proposed surface disposal site will be located approximately 1.65 miles west and 0.65 miles south of the intersection of U.S. Highway 290 and Ranch Road 12, in Hays County. The wastewater treatment facility and on-site subsurface disposal site are located in Hays County, Texas 78619. All other disposal sites are located in Hays County, Texas 78620. The wastewater treatment facility and the disposal sites are located in the drainage basin of Onion Creek in Segment No. 1427 of the Colorado River Basin.

The TCEQ Executive Director has completed the technical review of the application and prepared a draft permit. The draft permit, if approved, would establish the conditions under which the facility must operate. The Executive Director has made a preliminary decision that this permit, if issued, meets all statutory and regulatory requirements. TEXAS COMMISSION ON ENVIRONMENTAL QUALITY

The Executive Director has determined that a public meeting should be held for your permit application. The Chief Clerk has issued mailed notice, and now you must publish notice of the meeting in a newspaper.

Newspaper Notice

Please publish the enclosed notice of public meeting, at your expense, in a newspaper that is regularly published or circulated within each county where the proposed facility is located and in each county affected by the discharge. **The entire notice must be published once, including all text from 'NOTICE OF PUBLIC MEETING . . .'** through the issued date. **While it is not required, we recommend that the notice be at least 15 square inches (96.8 square centimeters), with the shortest dimension at least three inches (7.6 centimeters) in size.** Also, if feasible, we recommend that the notice be published in a regular section of the paper, rather than in the classified advertising section. Please publish the notice as soon as possible, but not later than 30 calendar days prior to the date of the public meeting.

Proof of Publication

Please submit an **original newspaper clipping** of the published notice, and a sworn affidavit completed by the newspaper giving the date on which the notice was published and listing the pertinent counties of newspaper circulation. The enclosed affidavit includes all the information needed. Therefore, please ask the newspaper to use this form. Please file the newspaper clipping and affidavit of publication with the Office of the Chief Clerk within 10 days after the notice is published.

Submission Requirements

The newspaper clipping and affidavit should be mailed to:

TCEQ
Office of the Chief Clerk, MC 105
P.O. Box 13087
Austin, Texas 78711-3087

Please send an original newspaper clipping, rather than photocopies. Also, please be sure the affidavit of publication is completely filled out and is properly executed.

Failure to Publish and Submit Proof of Publication

Proper notice of the public meeting must be given before the public meeting can be held. If you fail to publish the notice or submit the affidavit, we may have to postpone the public meeting, and delay issuance of your permit. Ultimately, your application could be returned. If your application is returned, and you wish to continue with your project, you will need to submit a new application.

If you are unable publish the notice according to the instructions above, please notify us immediately so that we may reschedule the public meeting.

Please Review the Notice

We have included in the notice all the information which we believe is necessary. Please read it carefully and notify us immediately if it contains any errors or omissions.

Please Attend the Public Meeting

The Commission asks that you or your representative appear at the public meeting. Unless you are represented at the meeting, processing of your application may be suspended.

When contacting the Commission regarding this application, please refer to the permit number. If you have questions or need assistance regarding this notice, please contact the Office of the Chief Clerk at (512)239-3300.

Robby,

Thanks for your reply.

It looks like we're going to have a public meeting for this one, so the RTC will come after that.

The OCC was inquiring about the publishing date because there have been inquiries about the closing date for submitting comments.

Thanks again for your reply.

COMBINED

NOTICE OF RECEIPT OF APPLICATION AND
INTENT TO OBTAIN WATER QUALITY PERMIT (NORI)

AND

NOTICE OF APPLICATION AND PRELIMINARY DECISION
FOR LAND APPLICATION PERMIT FOR MUNICIPAL WASTEWATER

RENEWAL

PERMIT NO. WQ0014488001

APPLICATION AND PRELIMINARY DECISION. City of Dripping Springs, P.O. Box 384, Dripping Springs, Texas 78620, has applied to the Texas Commission on Environmental Quality (TCEQ) for a major amendment to TCEQ Permit No. WQ0014488001 to authorize the addition of a subsurface drip irrigation site of 13.8 acres with a flow volume not to exceed a daily average flow of 60,000 gallons per day in the final phase and the addition of a surface irrigation site of 17 acres with a flow volume not to exceed a daily average flow of 50,000 gallons per day in the final phase, an increase in the total land application acreage from 113.53 acres to 144.33 acres, and an increase in the total wastewater treatment facility flow volume in the final phase to a volume not to exceed a daily average flow from 319,000 gallons per day to 429,000 gallons per day. The existing permit authorizes the disposal of treated wastewater at a volume not to exceed a daily average flow of 133,000 gallons per day via subsurface area drip irrigation of 30.53 acres of public access land and the disposal of treated wastewater at a volume not to exceed a daily average flow not to exceed 186,000 gallons via surface irrigation of 83 acres of public access land. This permit will not authorize a discharge of pollutants into water in the state. TCEQ received this application on February 16, 2018.

This combined notice is being issued because the information for the acreage and daily average flow have changed from what is in original NORI.

The wastewater treatment facility and on-site subsurface disposal site are located approximately 0.55 miles east of the intersection of Ranch Road 12 and Farm-to-Market Road 150, as measured along Farm-to-Market Road 150, and from that point, approximately 1,110 feet south of Farm-to-Market Road 150, in Hays County. An existing offsite subsurface disposal area is located approximately 0.44 mile south of the intersection of U.S. Highway 290 and Ranch Road 12, as measured along Ranch Road 12, and from that point, approximately 1,280 feet east of Ranch Road 12, in Hays County. Another existing offsite surface disposal area is located

approximately 1.5 miles south of the intersection of U.S. Highway 290 and Ranch Road 12, and from that point approximately 1,000 feet west of Ranch Road 12 in Hays County. The proposed subsurface disposal area will be located approximately 0.31 mile north of the intersection of U.S. Highway 290 and Ranch Road 12, along Ranch Road 12, and, from that point, approximately 0.26 mile west of Ranch Road 12, in Hays County. The proposed surface disposal site will be located approximately 1.65 miles west and 0.65 mile south of the intersection of U.S. Highway 290 and Ranch Road 12, in Hays County. The wastewater treatment facility and on-site subsurface disposal site are located in Hays County, Texas 78619. All other disposal sites are located in Hays County, Texas 78620. The wastewater treatment facility and the disposal sites are located in the drainage basin of Onion Creek in Segment No. 1427 of the Colorado River Basin.

The TCEQ Executive Director has completed the technical review of the application and prepared a draft permit. The draft permit, if approved, would establish the conditions under which the facility must operate. The Executive Director has made a preliminary decision that this permit, if issued, meets all statutory and regulatory requirements. The permit application, Executive Director's preliminary decision, and draft permit are available for viewing and copying at Dripping Springs City Hall, 511 Mercer Street, Dripping Springs, Texas. This link to an electronic map of the site or facility's general location is provided as a public courtesy and not part of the application or notice. For the exact location, refer to the application.

PUBLIC COMMENT / PUBLIC MEETING. You may submit public comments or request a public meeting about this application. The purpose of a public meeting is to provide the opportunity to submit comments or to ask questions about the application. TCEQ holds a public meeting if the Executive Director determines that there is a significant degree of public interest in the application or if requested by a local legislator. A public meeting is not a contested case hearing.

OPPORTUNITY FOR A CONTESTED CASE HEARING. After the deadline for submitting public comments, the Executive Director will consider all timely comments and prepare a response to all relevant and material, or significant public comments. **Unless the application is directly referred for a contested case hearing, the response to comments will be mailed to everyone who submitted public comments and to those persons who are on the mailing list for this application. If comments are received, the mailing will also provide instructions for requesting a contested case hearing or reconsideration of the Executive Director's decision.** A contested case hearing is a legal proceeding similar to a civil trial in a state district court.

Following the close of all applicable comment and request periods, the Executive Director will forward the application and any requests for reconsideration or for a contested case hearing to the TCEQ Commissioners for their consideration at a scheduled Commission meeting.

TCEQ may act on an application to renew a permit for discharge of wastewater without providing an opportunity for a contested case hearing if certain criteria are met.

EXECUTIVE DIRECTOR ACTION. The Executive Director may issue final approval of the application unless a timely contested case hearing request or request for reconsideration is filed. If a timely hearing request or request for reconsideration is filed, the Executive Director will not issue final approval of the permit and will forward the application and request to the TCEQ Commissioners for their consideration at a scheduled Commission meeting.

MAILING LIST. If you submit public comments, a request for a contested case hearing or a reconsideration of the Executive Director's decision, you will be added to the mailing list for this specific application to receive future public notices mailed by the Office of the Chief Clerk. In addition, you may request to be placed on: (1) the permanent mailing list for a specific applicant name and permit number; and/or (2) the mailing list for a specific county. If you wish to be placed on the permanent and/or the county mailing list, clearly specify which list(s) and send your request to TCEQ Office of the Chief Clerk at the address below.

All written public comments and public meeting requests must be submitted to the Office of the Chief Clerk, MC 105, Texas Commission on Environmental Quality, P.O. Box 13087, Austin, TX 78711-3087 or electronically at www14.tceq.texas.gov/epic/eComment/ within 30 days from the date of newspaper publication of this notice.

INFORMATION AVAILABLE ONLINE. For details about the status of the application, visit the Commissioners' Integrated Database at www.tceq.texas.gov/goto/cid. Search the database using the permit number for this application, which is provided at the top of this notice.

AGENCY CONTACTS AND INFORMATION. Public comments and requests must be submitted either electronically at www14.tceq.texas.gov/epic/eComment/, or in writing to the Texas Commission on Environmental Quality, Office of the Chief Clerk, MC-105, P.O. Box 13087, Austin, Texas 78711-3087. Any personal information you submit to the TCEQ will become part of the agency's record; this includes email addresses. For more information about this permit application or the permitting process, please call the TCEQ Public Education Program, Toll Free, at 1-800-687-4040 or visit their website at www.tceq.texas.gov/goto/pep. Si desea información en Español, puede llamar al 1-800-687-4040.

Further information may also be obtained from City of Dripping Springs at the address stated above or by calling Mr. Robert Callegari, P.E., CMA Engineering, Inc. at 512-432-1000.

APPLICATION PERMIT FOR MUNICIPAL WASTEWATER RENEWAL**

DEAR MR CALLEGARI:

The executive director has declared the above referenced application administratively complete, has completed the technical review, and has prepared a preliminary decision and draft permit.

You are now required to publish notice of your proposed activity and make a copy of all documents available for public review. To help you meet the requirements associated with this notice, we have included the following items:

- Instructions for Public Notice
- Notice for Newspaper Publication
- Publisher's Affidavits
- Draft Permit
- Executive Director's Preliminary Decision
- Public Notice Verification Form

You must follow all the directions in the enclosed instructions. The most common mistakes are the unauthorized changing of notice, wording, or font. If you fail to follow these instructions, you may be required to republish the notices. The following requirements are also described in the enclosed instructions. However, due to their importance, they are highlighted here as well.

MR ROBERT CALLEGARI

November 10, 2021

Page 2 of 2

1. Publish the enclosed notice within **30 calendar days** after the date of this cover letter. **You may be required to publish the notice in more than one newspaper, including a newspaper published in an alternative language, to satisfy all of the notice requirements.**
2. On or before the date you publish notice, you must place the following items in a public place in the county where the facility is or will be located: (a) a copy of your permit application, including any subsequent revisions; (b) the executive director's preliminary decision as contained in the technical summary and fact sheet; and (c) the draft permit, including any subsequent revisions. These items must be accessible to the public for review and copying, must be updated to reflect changes to the application, and must remain in place until the commission has taken action on the application or the commission refers issues to the State Office of Administrative Hearings.
3. For each publication, submit proof of publication of the notice that shows the publication date and newspaper name to the Office of the Chief Clerk within **30 calendar days** after notice is published in the newspaper.
4. Return the original enclosed Public Notice Verification and the Publisher's Affidavits to the Office of the Chief Clerk within **30 calendar days** after the notice is published in the newspaper.

If you do not comply with all the requirements described in the instructions, further processing of your application may be suspended, or the agency may take other actions.

If you have any questions regarding publication requirements, please contact the Office of Legal Services at 512-239-0600. If you have any questions regarding the content of the notice, please contact the individual in the permitting area assigned to your application.

Sincerely,

Laurie Gharis
Chief Clerk

**INSTRUCTIONS FOR PUBLIC NOTICE
For Water Quality Permit
(Renewal/Amendment/New)
For Combined**

**NOTICE OF RECEIPT OF APPLICATION AND INTENT TO OBTAIN PERMIT
AND NOTICE OF APPLICATION AND PRELIMINARY DECISION**

The executive director has completed the technical review of your application and issued a preliminary decision. You must comply with the following instructions. There are seven (7) steps involved in publishing notice. Complete each step.

1. REVIEW THE NOTICE FOR ACCURACY

Read the enclosed notice carefully and notify the Wastewater Permitting Section at 512-239-4671 immediately if it contains any errors or omissions. You are responsible for ensuring the accuracy of all information published. Do not change the text or formatting of the notice or affidavit of publication without prior approval from the TCEQ. Changing the text or formatting of the notice may require new publication at your expense and delay processing of your application.

2. PUBLISH THE NOTICE IN THE NEWSPAPER

You must publish the enclosed notice as soon as possible, but no later than 45 days from the date on the cover letter.

For renewal applications, you must publish at least once in the same newspaper that you published the Notice of Receipt of Application and Intent to Obtain Permit.

For all other applications, you must publish at least once in a newspaper regularly published or circulated within each county where the facility and discharge point are located or proposed to be located.

The bold text of the enclosed notice must be printed in the newspaper in a font style or size that distinguishes it from the rest of the notice (i.e., bold, italics). Failure to do so may require re-notice.

3. PUBLISH THE NOTICE IN AN ALTERNATIVE LANGUAGE

You must publish notice in an alternative language IF: either the elementary or middle school nearest to the facility or proposed facility is required to provide a "bilingual education program" (BEP) as required by Texas Education Code (TEC), Chapter 29, Subchapter B, and 19 Tex. Admin. Code §89.1205(a) AND one of the following conditions is met:

- students are enrolled in a program at that school;
- students from that school attend a bilingual education program at another location; or
- the school that otherwise would be required to provide a bilingual education program has been granted an exception from the requirements to provide the program as provided for in 19 Tex. Admin. Code §89.1207(a).

A “bilingual education program” is different from an “English as a second language program” (ESL). An ESL program alone, will not require public notice in an alternative language.

If triggered, you must publish the notice in a newspaper or publication primarily published in the alternative language taught in the bilingual education program. Publication in an alternative language section or insert within a large publication which is not printed primarily in that alternative language does not satisfy these requirements. The newspaper or publication must be of general circulation in the county in which the facility and discharge point are located or proposed to be located. If the facility and discharge point are located or proposed to be located in a municipality, and there exists a newspaper or publication of general circulation in the municipality, you must publish the notice only in the newspaper or publication in the municipality.

You must demonstrate a good faith effort to identify a newspaper or publication in the required language. If there is no general circulation newspaper or publication printed in such language, then publishing in that language is not required. You have the burden to demonstrate compliance with these requirements.

If you are required to publish notice in Spanish, you must translate the site-specific information in the notice that is specific to your application, at your own expense. You may then insert the Spanish translation of your site-specific information into a Spanish template developed by the TCEQ. The Spanish templates are available on the TCEQ website at http://www.tceq.texas.gov/permitting/wastewater/review/napd/wqspanish_napd.html. If you are required to publish notice in a language other than Spanish, you must translate the entire public notice, at your own expense.

4. PUT THE APPLICATION IN A PUBLIC PLACE

You must put a copy of the following documents in the public place identified in the enclosed notice:

- the complete application,
- the executive director's preliminary decision as contained in the technical summary and fact sheet,
- the draft permit, and
- any subsequent revisions to these documents.

This copy must be accessible to the public for review and copying beginning on the first day of newspaper publication and remain in place until the commission has taken action on the application or the commission refers issues to the State Office of Administrative Hearings.

For confidential information contained in the application, you must indicate which specific portions of the application cannot be made available to the public. These portions of the application must be accompanied with the following statement: "Any request for portions of this application that are marked as confidential must be submitted in writing, pursuant to the Public Information Act, to the TCEQ Public Information Coordinator, MC 197, P.O. Box 13087, Austin, Texas 78711-3087."

5. **PROVIDE PROOF OF PUBLICATION**

For each newspaper in which you published, you must submit proof of publication. Proof of publication must include the following:

- a completed Publisher's Affidavit (enclosed); and
- a copy of the published notice which shows the notice, the date published, and the newspaper name. The copy must be on standard-size 8½ x 11" paper and must show the actual size of the published notice. Do not reduce the image when making copies. Published notices longer than 11" must be copied onto multiple 8½ x 11" pages. Or you can submit the original newspaper clipping.

If you are required to publish notice in an alternative language and are unable to do so, complete and submit the Alternative Language Exemption form (enclosed).

6. **PROVIDE PROOF OF APPLICATION VIEWING LOCATION**

You must submit a completed Public Notice Verification Form (enclosed), which certifies that the complete application and draft permit were placed at the public place identified in the enclosed notice.

7. **PROVIDE PROOFS TO TCEQ**

Email the proof of publication documents to PROOFS@tceq.texas.gov OR mail the proof of publication documents (Step 5) and the completed Public Notice Verification Form (Step 6) within 30 days of publication to:

TCEQ

Additional Information

If you fail to publish the notice or submit proofs within the timeframes noted above, the TCEQ may suspend further processing on your application or take other actions in accordance with 30 Tex. Admin. Code §39.405(a).

If you have any questions regarding publication requirements, please contact the Office of Legal Services at 512-239-0600. If you have any questions regarding the content of the notice, please contact the Wastewater Permitting Section at 512-239-4671. When contacting TCEQ regarding this application, please refer to the permit number at the top of the enclosed notice.

If you wish to obtain an electronic copy of the notice, please visit our web site at http://www.tceq.texas.gov/agency/cc/cc_db.html or <http://www.tceq.texas.gov/agency/cc/eda.html>. Senate Bill 709 (84th Legislative Session, 2015) amended the Texas Water Code by adding new Section 5.5553, which requires the Texas Commission on Environmental Quality (TCEQ) to provide written notice to you at least thirty (30) days prior to the TCEQ's issuance of draft permits for applications that are located in your district.

City of Dripping Springs, P.O. Box 384, Dripping Springs, Texas 78620, has applied to the TCEQ to amend Texas Land Application Permit No. WQ0014488001 to authorize: the addition of a subsurface drip irrigation site of 13.8 acres with a flow volume not to exceed a daily average flow of 60,000 gallons per day in the final phase; the addition of a surface irrigation site of 17 acres of non-public access land with a flow volume not to exceed a daily average flow of 50,000 gallons per day in the final phase; an increase in the total wastewater treatment facility flow volume in the final phase to a volume not to exceed a daily average flow of 458,500 gallons per day; and an increase in the total land application acreage to 151.23 acres of non-public access land. The wastewater treatment facility and on-site subsurface disposal site are located approximately 0.55 miles east of the intersection of Ranch Road 12 and Farm-to-Market Road 150, as measured along Farm-to-Market Road 150, and from that point, approximately 1,110 feet south of Farm-to-Market Road 150, in Hays County. An existing offsite subsurface disposal area is located approximately 0.44 mile south of the intersection of U.S. Highway 290 and Ranch Road 12, as measured along Ranch Road 12, and from that point, approximately 1,280 feet east of Ranch Road 12, in Hays County. Another existing offsite surface disposal area is located approximately 1.5 miles south of the intersection of U.S. Highway 290 and Ranch Road 12, and from that point approximately 1,000 feet west of Ranch Road 12 in Hays County. The proposed subsurface disposal area will be located approximately 0.31 mile north of the intersection of U.S. Highway 290 and Ranch Road 12, along Ranch Road 12, and, from that point, approximately 0.26 mile west of Ranch Road 12, in Hays County. The proposed surface disposal site will be located approximately 1.65 miles west and 0.65 mile south of the intersection of U.S. Highway 290 and Ranch Road 12, in Hays County. The wastewater treatment facility and on-site subsurface disposal site are located in Hays County, Texas 78619. All other disposal sites are located in Hays County, Texas 78620. The wastewater treatment facility and disposal sites are located in the drainage basin of Onion Creek in Segment No. 1427 of the Colorado River Basin. TCEQ received this application on February 16, 2018. The permit application is available for viewing and copying at Dripping Springs City Hall, 511 Mercer Street, Dripping Springs, Texas. This link to an electronic map of the site or facility's general location is provided as a public courtesy and not part of the application or notice. For the exact location, refer to the application.

<http://www.tceq.texas.gov/assets/public/hb610/index.html?lat=30.154166&lng=-98.080277&zoom=13&type=r>

TCEQ is preparing the initial draft permit. At the time the draft permit is issued, the applicant will be required to publish notice in a newspaper of general circulation, and the TCEQ will provide a copy of the notice of draft permit to persons who have requested to be on a mailing list.

Questions regarding this application may be directed to Mr. Chris Linendoll by calling 512-239-4515.

Issuance Date: September 14, 2018

TEXAS COMMISSION ON ENVIRONMENTAL QUALITY

NOTICE OF RECEIPT OF APPLICATION AND INTENT TO OBTAIN WATER QUALITY PERMIT AMENDMENT

PERMIT NO. WQ0014488001

APPLICATION. City of Dripping Springs, P.O. Box 384, Dripping Springs, Texas 78620, has applied to the Texas Commission on Environmental Quality (TCEQ) to amend Texas Land Application Permit (TLAP) No. WQ0014488001 to authorize: the addition of a subsurface drip irrigation site of 13.8 acres with a flow volume not to exceed a daily average flow of 60,000 gallons per day in the final phase; the addition of a surface irrigation site of 17 acres with a flow volume not to exceed a daily average flow of 50,000 gallons per day in the final phase; an increase in the total wastewater treatment facility flow volume in the final phase to a volume not to exceed a daily average flow of 458,500 gallons per day; and an increase in the total land application acreage to 151.23 acres. The wastewater treatment facility and on-site subsurface disposal site are located approximately 0.55 miles east of the intersection of Ranch Road 12 and Farm-to-Market Road 150, as measured along Farm-to-Market Road 150, and from that point, approximately 1,110 feet south of Farm-to-Market Road 150, in Hays County. An existing off-site subsurface disposal area is located approximately 0.44 mile south of the intersection of U.S. Highway 290 and Ranch Road 12, as measured along Ranch Road 12, and from that point, approximately 1,280 feet east of Ranch Road 12, in Hays County. Another existing off-site subsurface disposal area is located approximately 1.5 miles south of the intersection of U.S. Highway 290 and Ranch Road 12, and from that point approximately 1,000 feet west of Ranch Road 12 in Hays County. The proposed subsurface disposal area will be located approximately 0.31 mile north of the intersection of U.S. Highway 290 and Ranch Road 12, along Ranch Road 12, and, from that point, approximately 0.26 mile west of Ranch Road 12, in Hays County. The proposed surface disposal site will be located approximately 1.65 miles west and 0.65 mile south of the intersection of U.S. Highway 290 and Ranch Road 12, in Hays County. The wastewater treatment facility and on-site subsurface disposal site are located in Hays County, Texas 78619. All other disposal sites are located in Hays County, Texas 78620. TCEQ received this application on February 16, 2018. The permit application is available for viewing and copying at Dripping Springs City Hall, 511 Mercer Street, Dripping Springs, Texas. This link to an electronic map of the site or facility's general location is provided as a public courtesy and not part of the application or notice. For exact location, refer to application. <http://www.tceq.texas.gov/assets/public/hb610/index.html?lat=30.154166&lng=-98.080277&zoom=13&type=t>

ADDITIONAL NOTICE. TCEQ's Executive Director has determined the application is administratively complete and will conduct a technical review of the application. After technical review of the application is complete, the Executive Director may prepare a draft permit and will issue a preliminary decision on the application. Notice of the Application and Preliminary Decision will be published and mailed to those who are on the county-wide mailing list and to those who are on the mailing list for this application. That notice will contain the deadline for submitting public comments.

PUBLIC COMMENT / PUBLIC MEETING. You may submit public comments or request a public meeting on this application. The purpose of a public meeting is to provide the opportunity to submit comments or to ask questions about the application. TCEQ will hold a public meeting if the Executive Director determines that there is a significant degree of public interest in the application or if requested by a local legislator. A public meeting is not a contested case hearing.

OPPORTUNITY FOR A CONTESTED CASE HEARING. After the deadline for submitting public comments, the Executive Director will consider all timely comments and prepare a response to all relevant and material, or significant public comments. Unless the application is directly referred for a contested case hearing, the response to comments, and the Executive Director's decision on the application, will be mailed to everyone who submitted public comments and to those persons who are on the mailing list for this application. If comments are received, the mailing will also provide instructions for requesting reconsideration of the Executive Director's decision and for requesting a contested case hearing. A contested case hearing is a legal proceeding similar to a civil trial in state district court.

TO REQUEST A CONTESTED CASE HEARING, YOU MUST INCLUDE THE FOLLOWING ITEMS IN YOUR REQUEST: your name, address, phone number; applicant's name and proposed permit number; the location and distance of your property/activities relative to the proposed facility; a specific description of how you would be adversely affected by the facility in a way not common to the general public; a list of all disputed issues of fact that you submit during the comment period and, the statement "[I/we] request a contested case hearing." If the request for contested case hearing is filed on behalf of a group or association, the request must designate the group's representative for receiving future correspondence; identify by name and physical address an individual member of the group who would be adversely affected by the proposed facility activity; provide the information discussed above regarding the affected member's location and distance from the facility or activity; explain how and why the member would be affected; and explain how the interests the group seeks to protect are relevant to the group's purpose.

Following the close of all applicable comment and request periods, the Executive Director will forward the application and any requests for reconsideration or for a contested case hearing to the TCEQ Commissioners for their consideration at a scheduled Commission meeting.

The Commission may only grant a request for a contested case hearing on issues the requestor submitted in their timely comments that were not subsequently withdrawn. If a hearing is granted, the subject of a hearing will be limited to disputed issues of fact or mixed questions of fact and law relating to relevant and material water quality concerns submitted during the comment period.

MAILING LIST. If you submit public comments, a request for a contested case hearing or a reconsideration of the Executive Director's decision, you will be added to the mailing list for this specific application to receive future public notices mailed by the Office of the Chief Clerk. In addition, you may request to be placed on: (1) the permanent mailing list for a specific applicant name and permit number; and/or (2) the mailing list for a specific county. If you wish to be placed on the permanent and/or the county mailing list, clearly specify which list(s) and send your request to TCEQ Office of the Chief Clerk at the address below.

INFORMATION AVAILABLE ONLINE. For details about the status of the application, visit the Commissioners' Integrated Database at www.tceq.texas.gov/goto/cid. Search the database using the permit

Notice of the Application and Preliminary Decision will be published and mailed to those who are on the county-wide mailing list and to those who are on the mailing list for this application. That notice will contain the deadline for submitting public comments.

PUBLIC COMMENT / PUBLIC MEETING. You may submit public comments or request a public meeting on this application. The purpose of a public meeting is to provide the opportunity to submit comments or to ask questions about the application. TCEQ will hold a public meeting if the Executive Director determines that there is a significant degree of public interest in the application or if requested by a local legislator. A public meeting is not a contested case hearing.

OPPORTUNITY FOR A CONTESTED CASE HEARING. After the deadline for submitting public comments, the Executive Director will consider all timely comments and prepare a response to all relevant and material, or significant public comments. Unless the application is directly referred for a contested case hearing, the response to comments, and the Executive Director's decision on the application, will be mailed to everyone who submitted public comments and to those persons who are on the mailing list for this application. Following the close of all applicable comment and request periods, the Executive Director will forward the application and any requests for reconsideration or for a contested case hearing to the TCEQ Commissioners for their consideration at a scheduled Commission meeting.

The Commission may only grant a request for a contested case hearing on issues the requestor submitted in their timely comments that were not subsequently withdrawn. If a hearing is granted, the subject of a hearing will be limited to disputed issues of fact or mixed questions of fact and law relating to relevant and material water quality concerns submitted during the comment period.

MAILING LIST. If you submit public comments, a request for a contested case hearing or a reconsideration of the Executive Director's decision, you will be added to the mailing list for this specific application to receive future public notices mailed by the Office of the Chief Clerk. In addition, you may request to be placed on: (1) the permanent mailing list for a specific applicant name and permit number; and/or (2) the mailing list for a specific county. If you wish to be placed on the permanent and/or the county mailing list, clearly specify which list(s) and send your request to TCEQ Office of the Chief Clerk at the address below.

Comisión de Calidad Ambiental del Estado de Texas

AVISO DE RECIBO DE LA SOLICITUD E INTENCION DE OBTENER PERMISO PARA LA CALIDAD DEL AGUA MODIFICACION

PERMISO NO. WQ0014488001

SOLICITUD. La Ciudad de Dripping Springs, P.O. Box 384, Dripping Springs, Texas 78620, ha solicitado a la Comisión de Calidad Ambiental de Texas (TCEQ) para modificar el Permiso No. WQ0014488001 de disposición de aguas residuales para autorizar la adición de un sitio de riego por goteo subterráneo de 13.8 acres en un volumen que no sobrepasa un flujo promedio diario de 50,000 galones por día en la etapa final; un aumento en el volumen total de flujo de las instalaciones de tratamiento de aguas residuales en la fase final y un volumen promedio diario de 458,500 galones por día, y un aumento en el flujo total de aplicación al suelo de 151.23 acres. La planta de tratamiento de aguas residuales y el área de disposición subterránea están ubicadas aproximadamente a 0.55 millas al este de la intersección de Ranch Road 12 y Farm-to-Market Road 150, según lo medido a lo largo de Farm-to-Market Road 150, y desde ese punto, aproximadamente a 1.110 pies al sur del condado de Hays. Un área de disposición subterránea fuera del sitio está ubicada aproximadamente 0.44 millas al sur de la intersección de la carretera US 290 y Ranch Road 12, medida a lo largo de Ranch Road 12, y desde ese punto, aproximadamente a 1.280 pies al este de Ranch Road 12, en el condado de Hays. Otra área de eliminación de desechos fuera del sitio ubicada aproximadamente a 1.5 millas al sur de Ranch Road 12, y desde ese punto, aproximadamente a 1.000 pies al oeste de Ranch Road 12 en el condado de Hays. El área de disposición subterránea a 0.3 millas al norte de la intersección de la autopista US 290 y Ranch Road 12 a lo largo de Ranch Road 12 y desde ese punto, aproximadamente a 0.26 millas al oeste de Ranch Road 12, en el condado de Hays. El sitio propuesto para la disposición superficial se

AVISO ADICIONAL. El Director Ejecutivo de la TCEQ ha determinado que la solicitud es administrativamente completa, y conducirá una revisión técnica de la solicitud. Después de completar la revisión técnica, el Director Ejecutivo puede preparar un borrador de permiso y emitir una Decisión Preliminar sobre la solicitud. El aviso de la solicitud y el borrador preliminar serán publicados y enviado a las personas a lo largo del tiempo que desean recibir los avisos y los que están en la lista de correo que desean recibir avisos de esta solicitud. El aviso dará la fecha límite para someter comentarios públicos.

COMENTARIO PÚBLICO / REUNION PUBLICA. Usted puede presentar comentarios públicos o pedir una reunión pública sobre esta solicitud. El propósito de una reunión pública es dar la oportunidad de presentar comentarios o hacer preguntas acerca de la solicitud. La TCEQ realiza una reunión pública si el Director Ejecutivo determina que hay un grado de interés público suficiente en la solicitud o si un legislador local lo pide. Una reunión pública no es una audiencia administrativa de lo contencioso.

OPORTUNIDAD DE UNA AUDIENCIA ADMINISTRATIVA DE LO CONTENCIOSO. Después del plazo para presentar comentarios públicos, el Director Ejecutivo considerará los comentarios apropiados y preparará una respuesta a todos los comentarios públicos esenciales, pertinentes, o significativos. A menos que la solicitud haya sido referida directamente a la audiencia administrativa de lo contencioso, la respuesta a los comentarios y la decisión del Director Ejecutivo sobre la solicitud serán enviadas por correo a todos los que presentaron un comentario público y a las personas que están en la lista para recibir avisos sobre esta solicitud. Si se recibiera instrucción para pedir una reconsideración de la decisión del Director Ejecutivo y para pedir una audiencia administrativa de lo contencioso, una audiencia administrativa de lo contencioso es un procedimiento legal similar a un procedimiento legal civil en un tribunal de distrito del estado.

PARA SOLICITAR UNA AUDIENCIA DE CASO IMPUGNADO. Usted debe

identificar el nombre y la dirección de un miembro del grupo que será afectado adversamente por la planta o actividad propuesta; proveer la información indicada anteriormente con respecto a la ubicación del miembro afectado y su distancia de la planta o actividad propuesta; explicar cómo el grupo desea proteger sus intereses que el grupo desea proteger son pertinentes al propósito del grupo.

Después del cierre de todos los períodos de comentarios y de petición que aplican, el Director Ejecutivo enviará la solicitud y cualquier petición para reconsideración o para una audiencia de caso impugnado a los Comisionados de la TCEQ para su consideración durante una reunión programada de la Comisión. La Comisión sólo puede conceder una solicitud de una audiencia de caso impugnado sobre los temas que el solicitante haya presentado en sus comentarios oportunos que no fueron retirados posteriormente. Si se concede una audiencia, el tema de la audiencia estará limitado a cuestiones de hecho y de derecho relacionadas con los intereses permanentes y materiales de calidad del agua que se hayan presentado durante el período de comentarios.

LISTA DE CORREO. Si somete comentarios públicos, un pedido para una audiencia administrativa de lo contencioso o una reconsideración de la decisión del Director Ejecutivo, la Oficina del Secretario Principal enviará por correo los avisos públicos en relación con la solicitud. Además, puede pedir que la TCEQ ponga su nombre en una o más de las listas de correos siguientes: (1) la lista de correo permanente para recibir los avisos del solicitante indicado por nombre y número del permiso específico y/o (2) la lista de correo de todas las solicitudes en un condado específico. Si desea que se agregue su nombre en una de las listas designe cuál lista) y envíe por correo su pedido a la Oficina del Secretario Principal de la TCEQ.

CONTACTOS E INFORMACIÓN A LA AGENCIA. Todos los comentarios públicos, solicitudes deben ser presentadas electrónicamente via www.tceq.texas.gov/ohb/comments.html o por escrito dirigidos al Comisionado de la Secretaría (Office of Chief Clerk, MC-105, P.O. Box 13087, Austin, Texas, 78711-3087. Tenga en cuenta que cualquier información personal que usted proporcione, incluyendo su nombre, número de teléfono, dirección

ADICIONAL. El Director Ejecutivo de la TCEQ ha determinado que la solicitud es administrativamente completa y conducirá una revisión técnica de la solicitud. Después de completar la revisión técnica, el Director Ejecutivo puede preparar un borrador preliminar y enviará una Decisión Preliminar sobre la solicitud. El aviso de la Decisión Preliminar preliminar serán publicados y enviado a los que están en la lista de correo de las personas a lo largo del correo que desean recibir los avisos y los que están en la lista de correo que desean recibir avisos de esta solicitud. El aviso dará la fecha límite para someter comentarios públicos.

COMENTARIO PUBLICO / REUNION PUBLICA. Usted puede presentar comentarios públicos o pedir una reunión pública sobre esta solicitud. El propósito de una reunión pública es dar la oportunidad de presentar comentarios o hacer preguntas acerca de la solicitud. La TCEQ realiza una reunión pública si el Director Ejecutivo determina que hay un grado de interés público suficiente en la solicitud o si un legislador local lo pide. Una reunión pública no es una audiencia administrativa de lo contencioso.

OPORTUNIDAD DE UNA AUDIENCIA ADMINISTRATIVA DE LO CONTENCIOSO. Después del plazo para presentar comentarios públicos, el Director Ejecutivo no considerará todos los comentarios a los que se presentaron, sino que se limitará a los comentarios esenciales y pertinentes. A menos que la solicitud haya sido referida directamente a una audiencia administrativa de lo contencioso, la respuesta a los comentarios y la decisión del Director Ejecutivo sobre la solicitud serán enviados por correo a todos los que presentaron un comentario público y a las personas que están en la lista para recibir avisos sobre esta solicitud. Si se recibieran comentarios, el aviso también proveerá instrucciones para pedir una reconsideración de la decisión del Director Ejecutivo y para pedir una audiencia administrativa de lo contencioso. Una audiencia administrativa de lo contencioso es un procedimiento legal similar a un procedimiento legal civil en un tribunal de distrito del estado.

APPLICATION. City of Dripping Springs, P.O. Box 384, Dripping Springs, Texas 78620, has applied to the Texas Commission on Environmental Quality (TCEQ) to amend Texas Land Application Permit (TLAP) No. WQ0014488001 to authorize: the addition of a subsurface drip irrigation site of 13.8 acres with a flow volume not to exceed a daily average flow of 60,000 gallons per day in the final phase; the addition of a surface irrigation site of 17 acres with a flow volume not to exceed a daily average flow of 50,000 gallons per day in the final phase; an increase in the total wastewater treatment facility flow volume in the final phase to a volume not to exceed a daily average flow of 458,500 gallons per day; and an increase in the total land application acreage to 151.23 acres. The wastewater treatment facility and on-site subsurface disposal site are located approximately 0.55 miles east of the intersection of Ranch Road 12 and Farm-to-Market Road 150, as measured along Farm-to-Market Road 150, and from that point, approximately 1,110 feet south of Farm-to-Market Road 150, in Hays County. An existing offsite subsurface disposal area is located approximately 0.44 mile south of the intersection of U.S. Highway 290 and Ranch Road 12, as measured along Ranch Road 12, and from that point, approximately 1,280 feet east of Ranch Road 12, in Hays County. Another existing offsite surface disposal area is located approximately 1.5 miles south of the intersection of U.S. Highway 290 and Ranch Road 12, and from that point approximately 1,000 feet west of Ranch Road 12 in Hays County. The proposed subsurface disposal area will be located approximately 0.31 mile north of the intersection of U.S. Highway 290 and Ranch Road 12, along Ranch Road 12, and, from that point, approximately 0.26 mile west of Ranch Road 12, in Hays County. The proposed surface disposal site will be located approximately 1.65 miles west and 0.65 mile south of the intersection of U.S. Highway 290 and Ranch Road 12, in Hays County. The wastewater treatment facility and on-site subsurface disposal site are located in Hays County, Texas 78619. All other disposal sites are located in Hays County, Texas 78620. TCEQ received this application on February 16, 2018. The permit application is available for viewing and copying at Dripping Springs City Hall, 511 Mercer Street, Dripping Springs, Texas. This link to an electronic map of the site or facility's general location is provided as a public courtesy and not part of the application or notice. For exact location, refer to application.

ADDITIONAL NOTICE. TCEQ's Executive Director has determined the application is administratively complete and will conduct a technical review of the application. After technical review of the application is complete, the Executive Director may prepare a draft permit and will issue a preliminary decision on the application. **Notice of the Application and Preliminary Decision will be published and mailed to those who are on the county-wide mailing**

list and to those who are on the mailing list for this application. That notice will contain the deadline for submitting public comments.

PUBLIC COMMENT / PUBLIC MEETING. You may submit public comments or request a public meeting on this application. The purpose of a public meeting is to provide the opportunity to submit comments or to ask questions about the application. TCEQ will hold a public meeting if the Executive Director determines that there is a significant degree of public interest in the application or if requested by a local legislator. A public meeting is not a contested case hearing.

OPPORTUNITY FOR A CONTESTED CASE HEARING. After the deadline for submitting public comments, the Executive Director will consider all timely comments and prepare a response to all relevant and material, or significant public comments. **Unless the application is directly referred for a contested case hearing, the response to comments, and the Executive Director's decision on the application, will be mailed to everyone who submitted public comments and to those persons who are on the mailing list for this application. If comments are received, the mailing will also provide instructions for requesting reconsideration of the Executive Director's decision and for requesting a contested case hearing.** A contested case hearing is a legal proceeding similar to a civil trial in state district court.

TO REQUEST A CONTESTED CASE HEARING, YOU MUST INCLUDE THE FOLLOWING ITEMS IN YOUR REQUEST: your name, address, phone number; applicant's name and proposed permit number; the location and distance of your property/activities relative to the proposed facility; a specific description of how you would be adversely affected by the facility in a way not common to the general public; a list of all disputed issues of fact that you submit during the comment period and, the statement "[I/we] request a contested case hearing." If the request for contested case hearing is filed on behalf of a group or association, the request must designate the group's representative for receiving future correspondence; identify by name and physical address an individual member of the group who would be adversely affected by the proposed facility or activity; provide the information discussed above regarding the affected member's location and distance from the facility or activity; explain how and why the member would be affected; and explain how the interests the group seeks to protect are relevant to the group's purpose.

Following the close of all applicable comment and request periods, the Executive Director will forward the application and any requests for reconsideration or for a contested case hearing to the TCEQ Commissioners for their consideration at a scheduled Commission meeting.

The Commission may only grant a request for a contested case hearing on issues the requestor submitted in their timely comments that were not subsequently withdrawn. **If a hearing is granted, the subject of a hearing will be limited to disputed issues of fact or mixed questions of fact and law relating to relevant and material water quality concerns submitted during the comment period.**

MAILING LIST. If you submit public comments, a request for a contested case hearing or a reconsideration of the Executive Director's decision, you will be added to the mailing list for this specific application to receive future public notices mailed by the Office of the Chief Clerk. In addition, you may request to be placed on: (1) the permanent mailing list for a specific applicant

name and permit number; and/or (2) the mailing list for a specific county. If you wish to be placed on the permanent and/or the county mailing list, clearly specify which list(s) and send your request to TCEQ Office of the Chief Clerk at the address below.

INFORMATION AVAILABLE ONLINE. For details about the status of the application, visit the Commissioners' Integrated Database at www.tceq.texas.gov/goto/cid. Search the database using the permit number for this application, which is provided at the top of this notice.

AGENCY CONTACTS AND INFORMATION. All public comments and requests must be submitted either electronically at www.tceq.texas.gov/about/comments.html, or in writing to the Texas Commission on Environmental Quality, Office of the Chief Clerk, MC-105, P.O. Box 13087, Austin, Texas 78711-3087. Please be aware that any contact information you provide, including your name, phone number, email address and physical address will become part of the agency's public record. For more information about this permit application or the permitting process, please call the TCEQ Public Education Program, Toll Free, at 1-800-687-4040 or visit their website at www.tceq.texas.gov/goto/pep. Si desea información en Español, puede llamar al 1-800-687-4040.

Further information may also be obtained from City of Dripping Springs at the address stated above or by calling Mr. Robert Callegari, P.E., CMA Engineering, at 512-432-1000.

RE: Declaration of Administrative Completeness
Applicant Name: City of Dripping Springs (CN602491284)
Permit No. WQ0014488001
City of Dripping Springs South Regional WWTF (RN104005434)
Type of Application: Major Amendment

Dear Mr. Callegari:

The executive director has declared the above referenced application, received on February 16, 2018, administratively complete on May 25, 2018.

You are now required to publish notice of your proposed activity and make a copy of the application available for public review. The following items are included to help you meet the regulatory requirements associated with this notice:

- Instructions for Public Notice
- Notice for Newspaper Publication
- Public Notice Verification Form
- Publisher's Affidavits

You must follow all the directions in the enclosed instructions. The most common mistakes are the unauthorized changing of notice, wording, or font. If you fail to follow these instructions, you may be required to republish the notices.

The following requirements are also described in the enclosed instructions. However, due to their importance, they are highlighted here as well.

1. Publish the enclosed notice within **30 calendar days** after your application is declared administratively complete. (See this letter's first paragraph for the declaration date.) **You may be required to publish the notice in more than one newspaper, including a newspaper published in an alternative language, to satisfy all of the notice requirements.**

Declaration of Administrative Completeness

2. On or before the date you publish notice, place a copy of your permit application in a public place in the county where the facility is or will be located. This copy must be accessible to the public for review and copying, must be updated to reflect changes to the application, and must remain in place throughout the comment period.
3. For each publication, submit proof of publication of the notice that shows the publication date and newspaper name to the Office of the Chief Clerk within **30 calendar days** after notice is published in the newspaper.
4. Return the original enclosed Public Notice Verification and the Publisher's Affidavits to the Office of the Chief Clerk within **30 calendar days** after the notice is published in the newspaper.

If you do not comply with all the requirements described in the instructions, further processing of your application may be suspended or the agency may take other actions.

If you have any questions regarding publication requirements, please contact the Office of Legal Services at (512) 239-0600. If you have any questions regarding the content of the notice, please contact Cindy Cavazos at (512) 239-4561.

Sincerely,

Deirdre Sheppard, Team Leader

**Texas Commission on Environmental Quality
Instructions for Public Notice for a Water Quality Permit
Notice of Receipt of Application and Intent to Obtain Permit (NORI)**

Your application has been declared administratively complete. You must comply with the following instructions. There are seven (7) steps involved in publishing notice. Complete each step.

1. REVIEW THE NOTICE FOR ACCURACY

Read the enclosed notice carefully and notify the Application Review and Processing Team at 512-239-4671 immediately if it contains any errors or omissions. You are responsible for ensuring the accuracy of all information published. Do not change the text or formatting of the notice or affidavit of publication without prior approval from the TCEQ. Changing the text or formatting of the notice may require new publication at your expense and delay processing of your application.

2. PUBLISH THE NOTICE IN THE NEWSPAPER

You must publish the enclosed notice within 30 days after the date of administrative completeness. Refer to the cover letter for the date of administrative completeness.

You must publish the enclosed notice at your expense, at least once in the newspaper of largest circulation within each county where the facility and discharge point are located or will be located. If the facility and discharge point are located or will be located in a municipality, the enclosed notice must be published at least once in a newspaper of general circulation in the municipality. These requirements may be satisfied by one publication if the newspaper meets all of the above requirements.

The bold text of the enclosed notice must be printed in the newspaper in a font style or size that distinguishes it from the rest of the notice (i.e., bold, italics). Failure to do so may require re-notice.

3. PUBLISH THE NOTICE IN AN ALTERNATIVE LANGUAGE

You must publish notice in an alternative language IF: either the elementary or middle school nearest to the facility or proposed facility is required to provide a "bilingual education program" (BEP) as required by Texas Education Code (TEC), Chapter 29, Subchapter B, and 19 Tex. Admin. Code §89.1205(a) AND one of the following conditions is met:

- students are enrolled in a program at that school;
- students from that school attend a bilingual education program at another location; or
- the school that otherwise would be required to provide a bilingual education program has been granted an exception from the requirements to provide the program as provided for in 19 Tex. Admin. Code §89.1207(a).

A "bilingual education program" is different from an "English as a second language

program" (ESL). An ESL program alone, will not require public notice in an alternative language.

If triggered, you must publish the notice in a newspaper or publication primarily published in the alternative language taught in the bilingual education program. Publication in an alternative language section or insert within a large publication which is not printed primarily in that alternative language does not satisfy these requirements. The newspaper or publication must be of general circulation in the county in which the facility and discharge point are located or proposed to be located. If the facility and discharge point are located or proposed to be located in a municipality, and there exists a newspaper or publication of general circulation in the municipality, you must publish the notice only in the newspaper or publication in the municipality.

You must demonstrate a good faith effort to identify a newspaper or publication in the required language. If there is no general circulation newspaper or publication printed in such language, then publishing in that language is not required. You have the burden to demonstrate compliance with these requirements.

If you are required to publish notice in Spanish, you must translate the site-specific information in the notice that is specific to your application, at your own expense. You may then insert the Spanish translation of your site-specific information into a Spanish template developed by the TCEQ. The Spanish templates are available on the TCEQ website at http://www.tceq.texas.gov/permitting/wastewater/review/wqspanish_nori.html. If you are required to publish notice in a language other than Spanish, you must translate the entire public notice, at your own expense.

4. PUT THE APPLICATION IN A PUBLIC PLACE

You must put a copy of the administratively complete application in the public place identified in the enclosed notice.

This copy must be accessible to the public for review and copying beginning on the first day of newspaper publication and remain in place for the publication's designated comment period.

During the technical review, you must update the publicly available application so that it includes all application revisions within 10 business days from the date the revision is transmitted to the TCEQ.

For confidential information contained in the application, you must indicate which specific portions of the application cannot be made available to the public. These portions of the application must be accompanied with the following statement: "Any request for portions of this application that are marked as confidential must be submitted in writing, pursuant to the Public Information Act, to the TCEQ Public Information Coordinator, MC 197, P.O. Box 13087, Austin, Texas 78711-3087."

5. PROVIDE PROOF OF PUBLICATION

For each newspaper in which you published, you must submit proof of publication. Proof of publication must include the following:

- a completed Publisher's Affidavit (enclosed); and

- a copy of the published notice which shows the notice, the date published, and the newspaper name. The copy must be on standard-size 8½ x 11" paper and must show the actual size of the published notice. Do not reduce the image when making copies. Published notices longer than 11" must be copied onto multiple 8½ x 11" pages. Or you can submit the original newspaper clipping.

If you are required to publish notice in an alternative language and are unable to do so, complete and submit the Alternative Language Exemption form (enclosed).

6. PROVIDE PROOF OF APPLICATION VIEWING LOCATION

You must submit a completed Public Notice Verification Form (enclosed) which certifies that the administratively complete application was placed at the public place identified in the enclosed notice.

7. MAIL PROOFS TO TCEQ

Mail the proof of publication documents (Step 5) and the completed Public Notice Verification Form (Step 6) within 30 days of publication to:

TCEQ
Office of the Chief Clerk, MC 105
Attn: Notice Team
P.O. Box 13087
Austin, Texas 78711-3087

Additional Information

If you fail to publish the notice or submit proofs within the timeframes noted above, the TCEQ may suspend further processing on your application or take other actions in accordance with 30 Tex. Admin. Code §39.405(a).

If you have any questions regarding publication requirements, please contact the Office of Legal Services at 512-239-0600. If you have any questions regarding the content of the notice, please contact the Wastewater Permitting Section at 512-239-4671. When contacting TCEQ regarding this application, please refer to the permit number at the top of the enclosed notice.

If you wish to obtain an electronic copy of the notice, please visit our web site at http://www.tceq.texas.gov/agency/cc/cc_db.html or <http://www.tceq.texas.gov/agency/cc/eda.html>. Please be aware that formatting codes may be lost and that any notices downloaded from these web sites must be reformatted by you so that your downloaded copy looks like the notice document you received from us.

Include the following non-italicized sentence if the facility is located in the Coastal Management Program boundary and is an application for a major amendment which will increase the pollutant loads to coastal waters or would result in relocation of an outfall to a critical areas, or a renewal with such a major amendment. The Coastal Management Program boundary is the area along the Texas Coast of the Gulf of México as depicted on the map in 31 TAC §503.1 and includes part or all of the following counties: Cameron, Willacy, Kenedy, Kleberg, Nueces, San Patricio, Aransas, Refugio, Calhoun, Victoria, Jackson, Matagorda, Brazoria, Galveston, Harris, Chambers, Jefferson y Orange. If the application is for amendment that does not meet the above description, do not include the sentence: El Director Ejecutivo de la TCEQ ha revisado esta medida para ver si está de acuerdo con los objetivos y las regulaciones del Programa de Administración Costero de Texas (CMP) de acuerdo con las regulaciones del Consejo Coordinador de la Costa (CCC) y ha determinado que la acción es conforme con las metas y regulaciones pertinentes del CMP.

AVISO ADICIONAL. El Director Ejecutivo de la TCEQ ha determinado que la solicitud es administrativamente completa y conducirá una revisión técnica de la solicitud. Después de completar la revisión técnica, el Director Ejecutivo puede preparar un borrador del permiso y emitirá una Decisión Preliminar sobre la solicitud. **El aviso de la solicitud y la decisión preliminar serán publicados y enviado a los que están en la lista de correo de las**

personas a lo largo del condado que desean recibir los avisos y los que están en la lista de correo que desean recibir avisos de esta solicitud. El aviso dará la fecha límite para someter comentarios públicos.

COMENTARIO PUBLICO / REUNION PUBLICA. Usted puede presentar **comentarios públicos o pedir una reunión pública sobre esta solicitud.** El propósito de una reunión pública es dar la oportunidad de presentar comentarios o hacer preguntas acerca de la solicitud. La TCEQ realiza una reunión pública si el Director Ejecutivo determina que hay un grado de interés público suficiente en la solicitud o si un legislador local lo pide. Una reunión pública no es una audiencia administrativa de lo contencioso.

OPORTUNIDAD DE UNA AUDIENCIA ADMINISTRATIVA DE LO CONTENCIOSO. Después del plazo para presentar comentarios públicos, el Director Ejecutivo considerará todos los comentarios apropiados y preparará una respuesta a todo los comentarios públicos esenciales, pertinentes, o significativos. **A menos que la solicitud haya sido referida directamente a una audiencia administrativa de lo contencioso, la respuesta a los comentarios y la decisión del Director Ejecutivo sobre la solicitud serán enviados por correo a todos los que presentaron un comentario público y a las personas que están en la lista para recibir avisos sobre esta solicitud.** Si se reciben comentarios, el aviso también proveerá instrucciones para pedir una reconsideración de la decisión del Director Ejecutivo y para pedir una audiencia administrativa de lo contencioso. Una audiencia administrativa de lo contencioso es un procedimiento legal similar a un procedimiento legal civil en un tribunal de distrito del estado.

PARA SOLICITAR UNA AUDIENCIA DE CASO IMPUGNADO, USTED DEBE INCLUIR EN SU SOLICITUD LOS SIGUIENTES DATOS: su nombre, dirección, y número de teléfono; el nombre del solicitante y número del permiso; la ubicación y distancia de su propiedad/actividad con respecto a la instalación; una descripción específica de la forma cómo usted sería afectado adversamente por el sitio de una manera no común al público en general; una lista de todas las cuestiones de hecho en disputa que usted presente durante el período de comentarios; y la declaración "[Yo/nosotros] solicito/solicitamos una audiencia de caso impugnado". Si presenta la petición para una audiencia de caso impugnado de parte de un grupo o asociación, debe identificar una persona que representa al grupo para recibir correspondencia en el futuro; identificar el nombre y la dirección de un miembro del grupo que sería afectado adversamente por la planta o la actividad propuesta; proveer la información indicada anteriormente con respecto a la ubicación del miembro afectado y su distancia de la planta o actividad propuesta; explicar cómo y porqué el miembro sería afectado; y explicar cómo los intereses que el grupo desea proteger son pertinentes al propósito del grupo.

Después del cierre de todos los períodos de comentarios y de petición que aplican, el Director Ejecutivo enviará la solicitud y cualquier petición para reconsideración o para una audiencia de caso impugnado a los Comisionados de la TCEQ para su consideración durante una reunión programada de la Comisión. La Comisión sólo puede conceder una solicitud de una audiencia de caso impugnado sobre los temas que el solicitante haya presentado en sus comentarios oportunos que no fueron retirados posteriormente. Si se concede una audiencia, el tema de la audiencia estará limitado a cuestiones de hecho en disputa o cuestiones mixtas de hecho y de derecho relacionadas a intereses pertinentes y materiales de calidad del agua que se hayan presentado durante el período de comentarios.

LISTA DE CORREO. Si somete comentarios públicos, un pedido para una audiencia administrativa de lo contencioso o una reconsideración de la decisión del Director Ejecutivo, la Oficina del Secretario Principal enviará por correo los avisos públicos en relación con la solicitud. Además, puede pedir que la TCEQ ponga su nombre en una o más de las listas de correos siguientes (1) la lista de correo permanente para recibir los avisos de el solicitante indicado por nombre y número del permiso específico y/o (2) la lista de correo de todas las solicitudes en un condado específico. Si desea que se agregue su nombre en una de las listas designe cual lista(s) y envía por correo su pedido a la Oficina del Secretario Principal de la TCEQ.

CONTACTOS E INFORMACIÓN A LA AGENCIA. Todos los comentarios públicos y solicitudes deben ser presentadas electrónicamente vía www.TCEQ.Texas.gov/about/comments.html o por escrito dirigidos a la Comisión de Texas de Calidad Ambiental, Oficial de la Secretaría (Office of Chief Clerk), MC-105, P.O. Box 13087, Austin, Texas 78711-3087. Tenga en cuenta que cualquier información personal que usted proporcione, incluyendo su nombre, número de teléfono, dirección de correo electrónico y dirección física pasarán a formar parte del registro público de la Agencia.
