APPLICATION.

The City of Dripping Springs, P.O. Box 384, Dripping Springs, Texas 78620, has applied to the Texas Commission on Environmental Quality (TCEQ) for a major amendment to TCEQ Permit No. WQ0014488001 to authorize the addition of a subsurface drip irrigation site of 13.8 acres with a flow volume not to exceed a daily average flow of 60,000 gallons per day in the final phase and the addition of a surface irrigation site of 17 acres with a flow volume not to exceed a daily average flow of 50,000 gallons per day in the final phase, an increase in the total land application acreage from 113.53 acres to 144.33 acres, and an increase in the total wastewater treatment facility flow volume in the final phase to a volume not to exceed a daily average flow from 319,000 gallons per day to 429,000 gallons per day. The existing permit authorizes the disposal of treated wastewater at a volume not to exceed a daily average flow of 133,000 gallons per day via subsurface area drip irrigation of 30.53 acres of public access land and the disposal of treated wastewater at a volume not to exceed a daily average flow not to exceed 186,000 gallons via surface irrigation of 83 acres of public access land. This permit will not authorize a discharge of pollutants into water in the state. TCEQ received this application on February 16, 2018.

The wastewater treatment facility and on-site subsurface disposal site are located approximately 0.55 miles east of the intersection of Ranch Road 12 and Farm-to-Market Road 150, as measured along Farm-to-Market Road 150, and from that point, approximately 1,110 feet south of Farm-to-Market Road 150, in Hays County. An existing offsite subsurface disposal area is located approximately 0.44 mile south of the intersection of U.S. Highway 290 and Ranch Road 12, as measured along Ranch Road 12, and from that point, approximately 1,280 feet east of Ranch Road 12, in Hays

<http://www.soah.texas.gov/>  
or call SOAH at 512-475-4993.

The purpose of a preliminary hearing is to establish jurisdiction, name the parties, establish a procedural schedule for the remainder of the proceeding, and to address other matters as determined by the judge. The evidentiary hearing phase of the proceeding, which will occur at a later date, will be similar to a civil trial in state district court. The hearing will address the disputed issues of fact identified in the TCEQ order concerning this application issued on September 15, 2022. In addition to these issues, the judge may consider additional issues if certain factors are met.

The hearing will be conducted in accordance with Chapter 2001, Texas Government Code; Chapter 26, Texas Water Code; and the procedural rules of the TCEQ and SOAH, including 30 TAC Chapter 80 and 1 TAC Chapter 155. The hearing will be held unless all timely hearing requests have been withdrawn or denied.

To request to be a party, you must attend the hearing and show you would be adversely affected by the application in a way not common to members of the general public. Any person may attend the hearing and request to be a party. Only persons named as parties may participate at the hearing.

In accordance with 1 Tex. Admin. Code § 155-401(a), Notice of Hearing, "Parties that are not represented by an attorney may obtain information regarding contested case hearings on the public website of the State Office of Administrative Hearings at [www.soah.texas.gov](http://www.soah.texas.gov), or in printed format upon request to SOAH."

#### INFORMATION.

If you need more information about the hearing process for this application, please call the Public Education Program, toll free, at 800-687-4040. General information about the TCEQ can be found at our web site at [www.tceq.texas.gov](http://www.tceq.texas.gov).

Further information may also be obtained from The City of Dripping Springs at the address stated above or by calling Mr. Robert Callegari, P.E., CMA Engineering, Inc. at 512-432-1000.

Persons with disabilities who need special accommodations at the hearing should call the SOAH Docketing Department at 512-475-4993, at least one week prior to the hearing.

County. Another existing offsite surface disposal area is located approximately 1.5 miles south of the intersection of U.S. Highway 290 and Ranch Road 12, and from that point approximately 1,000 feet west of Ranch Road 12 in Hays County. The proposed subsurface disposal area will be located approximately 0.31 mile north of the intersection of U.S. Highway 290 and Ranch Road 12, along Ranch Road 12, and, from that point, approximately 0.26 mile west of Ranch Road 12, in Hays County. The proposed surface disposal site will be located approximately 1.65 miles west and 0.65 mile south of the intersection of U.S. Highway 290 and Ranch Road 12, in Hays County.

The wastewater treatment facility and on-site subsurface disposal site are located in Hays County, Texas 78619. All other disposal sites are located in Hays County, Texas 78620. The wastewater treatment facility and the disposal sites are located in the drainage basin of Onion Creek in Segment No. 1427 of the Colorado River Basin. This link to an electronic map of the site or facility's general location is provided as a public courtesy and is not part of the application or notice. For the exact location, refer to the application. <https://tceq.maps.arcgis.com/apps/webappviewer/index.html?id=db5bac44afbc468bbddd360f8168250f&marker=-98.080277%2C30.154166&level=12>

The TCEQ Executive Director has completed the technical review of the application and prepared a draft permit. The draft permit, if approved, would establish the conditions under which the facility must operate. The Executive Director has made a preliminary decision that this permit, if issued, meets all statutory and regulatory requirements. The permit application, Executive Director's preliminary decision, and draft permit are available for viewing and copying at Dripping Springs City Hall, 511 Mercer Street, Dripping Springs, Texas.

MWD  
TCEQ Permit No.  
WQ0014488001

This Amended Notice of  
Hearing changes the date of  
the preliminary hearing.

**APPLICATION.**  
The City of Dripping Springs,  
P.O. Box 384, Dripping  
Springs, Texas 78620, has  
applied to the Texas  
Commission on Environmen-  
tal Quality (TCEQ) for a  
major amendment to TCEQ  
Permit No. WQ0014488001 to  
authorize the addition of a  
subsurface drip irrigation  
site of 13.8 acres with a flow  
volume not to exceed a daily  
average flow of 60,000  
gallons per day in the final  
phase and the addition of a  
surface irrigation site of 17  
acres with a flow volume not  
to exceed a daily average  
flow of 50,000 gallons per day

## Public Notices

in the final phase, an increase in the total land application acreage from 113.53 acres to 144.33 acres, and an increase in the total wastewater treatment facility flow volume in the final phase to a volume not to exceed a daily average flow from 319,000 gallons per day to 429,000 gallons per day. The existing permit authorizes the disposal of treated wastewater at a volume not to exceed a daily average flow of 133,000 gallons per day via subsurface area drip irrigation of 30.53 acres of public access land and the disposal of treated wastewater at a volume not to exceed a daily average flow not to exceed 186,000 gallons via surface irrigation of 83 acres of public access land. This permit will not authorize a discharge of pollutants into water in the state. TCEQ received this application on February 16, 2018.

The wastewater treatment facility and on-site subsurface disposal site are located approximately 0.55 miles east of the intersection of Ranch Road 12 and Farm-to-Market Road 150, as measured along Farm-to-Market Road 150, and from that point, approximately 1,110 feet south of Farm-to-Market Road 150, in Hays County. An existing offsite subsurface disposal area is located approximately 0.44 mile south of the intersection of U.S. Highway 290 and Ranch Road 12, as measured along Ranch Road 12, and from that point, approximately 1,280 feet east of Ranch Road 12, in Hays County. Another existing offsite surface disposal area is located approximately 1.5 miles south of the intersection of U.S. Highway 290 and Ranch Road 12, and from that point, approximately 1,000 feet west of Ranch Road 12 in Hays County. The proposed subsurface disposal area will be located approximately 0.31 mile north of the intersection of U.S. Highway 290 and Ranch Road 12, along Ranch Road 12, and from that point, approximately 0.26 mile west of Ranch Road 12, in Hays County. The proposed surface disposal site will be located approximately 1.65 miles west and 0.65 mile south of the intersection of U.S. Highway 290 and Ranch Road 12, in Hays County.

The wastewater treatment facility and on-site subsurface disposal site are located in Hays County, Texas 78619. All other disposal sites are located in Hays County, Texas 78620. The wastewater treatment facility and the disposal sites are located in the drainage basin of Onion Creek in Segment No. 1427 of the Colorado River Basin. This link to an electronic map of the site or facility's general location is provided as a public courtesy and is not part of the application or notice. For the exact location, refer to the application, <https://tceq.maps.arcgis.com/apps/webappviewer/index.html?id=db5bac44afbc468bbdd360f8168250f&marker=-98.080277%2C30.154166&level=12>

The TCEQ Executive Director has completed the technical review of the application and prepared a draft permit. The draft permit, if approved, would establish the conditions under which the facility must operate. The Executive Director has made a preliminary decision that this permit, if issued, meets all statutory and regulatory requirements. The permit application, Executive Director's preliminary decision, and draft permit are available for viewing and copying at Dripping Springs City Hall, 511 Mercer Street, Dripping Springs, Texas.

## CONTESTED CASE HEARING.

Considering directives to protect public health, the State Office of Administrative Hearings (SOAH) will conduct a preliminary hearing via Zoom videoconference. A Zoom meeting is a secure, free meeting held over the internet that allows video, audio, or audio/video conferencing.

10:00 a.m. — March 29, 2023

To join the Zoom meeting via computer:

Visit the SOAH website for registration at:  
<http://www.suah.texas.gov/> or call SOAH at 512-475-4993.

The purpose of a preliminary hearing is to establish jurisdiction, name the parties, establish a procedural schedule for the remainder of the proceeding, and to address other matters as determined by the judge. The evidentiary hearing phase of the proceeding, which will occur at a later date, will be similar to a civil trial in state district court. The hearing will address the disputed issues of fact identified in the TCEQ order concerning this application issued on September 15, 2022. In addition to these issues, the judge may consider additional issues if certain factors are met.

The hearing will be conducted in accordance with Chapter 2001, Texas Government Code; Chapter

## Public Notices

26, Texas Water Code; and the procedural rules of the TCEQ and SOAH, including 30 TAC Chapter 80 and 1 TAC Chapter 155. The hearing will be held unless all timely hearing requests have been withdrawn or denied.

To request to be a party, you must attend the hearing and show you would be adversely affected by the application in a way not common to members of the general public. Any person may attend the hearing and request to be a party. Only persons named as parties may participate at the hearing.

In accordance with 1 Tex. Admin. Code § 155-401(a), Notice of Hearing, "Parties that are not represented by an attorney may obtain information regarding contested case hearings on the public website of the State Office of Administrative Hearings at [www.suah.texas.gov](http://www.suah.texas.gov), or in printed format upon request to SOAH."

**INFORMATION.** If you need more information about the hearing process for this application, please call the Public Education Program, toll free, at 800-687-4040. General information about the TCEQ can be found at our web site at [www.tceq.texas.gov](http://www.tceq.texas.gov).

Further information may also be obtained from The City of Dripping Springs at the address stated above or by calling Mr. Robert Callagari, P.E., CMA Engineering, Inc. at 512-432-1000.

Persons with disabilities who need special accommodations at the hearing should call the SOAH Docketing Department at 512-475-4993, at least one week prior to the hearing.

AMENDED NOTICE OF HEARING  
CITY OF DRIPPING SPRINGS  
SOAH Docket No. 582-23-09218  
TCEQ Docket No. 2022-0940-MWD  
TCEQ Permit No. WQ0014488001

*This Amended Notice of Hearing changes the date of the preliminary hearing.*

**APPLICATION.**

The City of Dripping Springs, P.O. Box 384, Dripping Springs, Texas 78620, has applied to the Texas Commission on Environmental Quality (TCEQ) for a major amendment to TCEQ Permit No. WQ0014488001 to authorize the addition of a subsurface drip irrigation site of 13.8 acres with a flow volume not to exceed a daily average flow of 60,000 gallons per day in the final phase and the addition of a surface irrigation site of 17 acres with a flow volume not to exceed a daily average flow of 50,000 gallons per day in the final phase, an increase in the total land application acreage from 113.53 acres to 144.33 acres, and an increase in the total wastewater treatment facility flow volume in the final phase to a volume not to exceed a daily average flow from 319,000 gallons per day to 429,000 gallons per day. The existing permit authorizes the disposal of treated wastewater at a volume not to exceed a daily average flow of 133,000 gallons per day via subsurface area drip irrigation of 30.53 acres of public access land and the disposal of treated wastewater at a volume not to exceed a daily average flow not to exceed 186,000 gallons via surface irrigation of 83 acres of public access land. This permit will not authorize a discharge of pollutants into water in the state. TCEQ received this application on February 16, 2018.

The wastewater treatment facility and on-site subsurface disposal site are located approximately 0.55 miles east of the intersection of Ranch Road 12 and Farm-to-Market Road 150, as measured along Farm-to-Market Road 150, and from that point, approximately 1,110 feet south of Farm-to-Market Road 150, in Hays County. An existing offsite subsurface disposal area is located approximately 0.44 mile south of the intersection of U.S. Highway 290 and Ranch Road 12, as measured along Ranch Road 12, and from that point, approximately 1,280 feet east of Ranch Road 12, in Hays County. Another existing offsite surface disposal area is located approximately 1.5 miles south of the intersection of U.S. Highway 290 and Ranch Road 12, and from that point approximately 1,000 feet west of Ranch Road 12 in Hays County. The proposed subsurface disposal area will be located approximately 0.31 mile north of the intersection of U.S. Highway 290 and Ranch Road 12, along Ranch Road 12, and, from that point, approximately 0.26 mile west of Ranch Road 12, in Hays County. The proposed surface disposal site will be located approximately 1.65 miles west and 0.65 mile south of the intersection of U.S. Highway 290 and Ranch Road 12, in Hays County.

The wastewater treatment facility and on-site subsurface disposal site are located in Hays County, Texas 78619. All other disposal sites are located in Hays County, Texas 78620. The wastewater treatment facility and the disposal sites are located in the drainage basin of Onion Creek in Segment No. 1427 of the Colorado River Basin. This link to an electronic map of the site or facility's general location is provided as a public courtesy and is not part of the application or notice. For the exact location, refer to the application. <https://tceq.maps.arcgis.com/apps/webappviewer/index.html?id=db5bae44afbc468b0dd360f8168250f&marker=-98.080277%2C30.154166&level=12>

The TCEQ Executive Director has completed the technical review of the application and prepared a draft permit. The draft permit, if approved, would establish the conditions under which the facility must operate. The Executive Director has made a preliminary decision that this permit, if issued, meets all statutory and regulatory requirements. The permit application, Executive Director's preliminary decision, and draft permit are available for viewing and copying at Dripping Springs City Hall, 511 Mercer Street, Dripping Springs, Texas.

**CONTESTED CASE HEARING.**

Considering directives to protect public health, the State Office of Administrative Hearings (SOAH) will conduct a preliminary hearing via Zoom videoconference. A Zoom meeting is a secure, free meeting held over the internet that allows video, audio, or audio/video conferencing.

The purpose of a preliminary hearing is to establish jurisdiction, name the parties, establish a procedural schedule for the remainder of the proceeding, and to address other matters as determined by the judge. The evidentiary hearing phase of the proceeding, which will occur at a later date, will be similar to a civil trial in state district court. The hearing will address the disputed issues of fact identified in the TCEQ order concerning this application issued on September 15, 2022. In addition to these issues, the judge may consider additional issues if certain factors are met.

The hearing will be conducted in accordance with Chapter 2001, Texas Government Code; Chapter 26, Texas Water Code; and the procedural rules of the TCEQ and SOAH, including 30 IAC Chapter 80 and 1 IAC Chapter 155. The hearing will be held unless all timely hearing requests have been withdrawn or denied.

To request to be a party, you must attend the hearing and show you would be adversely affected by the application in a way not common to members of the general public. Any person may attend the hearing and request to be a party. Only persons named as parties may participate at the hearing.

In accordance with 1 Tex. Admin. Code § 155.401(a), Notice of Hearing, "Parties that are not represented by an attorney may obtain information regarding contested case hearings on the public website of the State Office of Administrative Hearings at [www.soah.texas.gov](http://www.soah.texas.gov), or in printed format upon request to SOAH."

**INFORMATION.**

If you need more information about the hearing process for this application, please call the Public Education Program, toll free, at 800-687-4040. General information about the TCEQ can be found at our web site at [www.tceq.texas.gov](http://www.tceq.texas.gov).

Further information may also be obtained from The City of Dripping Springs at the address stated above or by calling Mr. Robert Callegari, P.E., CMA Engineering, Inc. at 512-432-1000.

Persons with disabilities who need special accommodations at the hearing should call the SOAH Docketing Department at 512-475-4993, at least one week prior to the hearing.
