NOTICE OF HEARING
CITY OF WACO
SOAH Docket No. 582-23-09093
TCEQ Docket No. 2022-0977-MSW
Permit No. 2400

APPLICATION.
The City of Waco, 501 Schroeder Drive, Waco, McLennan County, Texas 76710 has applied to the Texas Commission on Environmental Quality (TCEQ) for a permit to authorize the construction and operation of a new Type I Municipal Solid Waste (MSW) landfill.

The facility is proposed to be located at 4730 T K Parkway, Axtell 76624 in McLennan and Limestone Counties, Texas. The TCEQ Executive Director has prepared a draft permit plan which, if approved, would establish the conditions under which the facility must operate. The Executive Director has made a preliminary decision that this permit, if issued, meets all statutory and regulatory requirements. The permit application, Executive Director's preliminary decision, and draft permit are available for viewing and copying at the Waco-McLennan County Central Library, 1717 Austin Avenue, Waco, McLennan County, Texas 76701 and Gibbs Memorial Library, 305 East Rusk Street, Mexia, Texas 76667 and may be viewed online at: https://www.waco-texas.com/landfill-application-process.asp.

The purpose of a preliminary hearing is to establish jurisdiction, name the parties, establish a procedural schedule for the remainder of the proceeding, and to address other matters as determined by the judge. The evidentiary hearing phase of the proceeding, which will occur at a later date, will be similar to a civil trial in state district court. The hearing will address the disputed issues of fact identified in the TCEQ order issued on September 27, 2022, concerning this application. In addition to these issues, the judge may consider additional issues if certain factors are met.

The hearing will be conducted in accordance with Chapter 2001, Texas Government Code; Chapter 361, Texas Health and Safety Code; TCEQ rules, including 30 Texas Administrative Code (TAC) Chapter 330; and the procedural rules of TCEQ and SOAH, including 30 TAC Chapter 80 and 1 TAC Chapter 155. The hearing will be held unless all timely hearing requests have been withdrawn or denied.

To request to be a party, you must attend the hearing and show you would be adversely affected by the application in a way not common to members of the general public. Any person may attend the preliminary hearing and request to be a party. Only persons named as parties may participate in the hearing.

In accordance with 1 TAC § 155.401(a), Notice of Hearing, "Parties that are not represented by an attorney may obtain information regarding contested case hearings on the public website of the State Office of Administrative Hearings at www.soah.texas.gov, or in printed format upon request to SOAH."

Dear Mr. Reed and Mr. Dowdell,

As you know, the Chief Clerk's Office has referred this matter over to the State Office of Administrative Hearings (SOAH) for a contested case hearing on your application.

SOAH will conduct a preliminary hearing via Zoom video conference at:

10:00 a.m. – March 7, 2023

You are now required to publish notice for this hearing. To help you meet the requirements associated with this notice, we have enclosed the following items:

- Notice for Newspaper Publication
- Instructions for Notice of Hearing
- Affidavit of Publication

Please note that it is VERY IMPORTANT that you follow ALL directions in the ENCLOSED INSTRUCTIONS. If you do not, you may be required to republish the notice. One of the most common mistakes we see is the unauthorized changing of notice wording or font. If you have any questions, please contact us before you proceed with publication.

The following items and time limitations are also described in the enclosed instructions. However, due to their importance, we want to highlight them for you.

1. Publish the enclosed notice within at least **30 calendar days** prior to the date of the hearing.

2. Return **acceptable proof of publication** of the complete notice, which shows publication date and newspaper name, to the TCEQ Office of the Chief Clerk within **10 business days** after notice is published in the newspaper.

3. File the original enclosed *Affidavit of Publication* with the TCEQ Office of the Chief Clerk within **30 calendar days** after the notice is published in the newspaper.

If you do not comply with all requirements described in the instructions, further processing of your application may be suspended or the commission may take other actions.

As required by 30 TAC § 80.118(c), the TCEQ Office of the Chief Clerk (OCC) will provide the administrative record to SOAH, and will retain one copy for its files. In addition, one copy of the administrative record will be provided to you by the OCC on CD. Neither SOAH nor TCEQ is responsible for providing additional copies to the parties. However, the OCC can provide copies upon request.

The administrative record is not in evidence until properly offered by motion of a party, and subsequently admitted by the Administrative Law Judge, pursuant to 30 TAC § 80.127(h). The party seeking admission of the administrative record must supply copies to the other parties in the proceeding at the time it is offered, or by agreement of the parties.

If you have any questions regarding publication requirements, or obtaining copies of the administrative record, please contact the SOAH Docket Clerk in the OCC at 512-239-3300. If you have any other questions, please contact Heather Haywood at 512-239-5474.

Sincerely,

Laurie Gharis

You are responsible for ensuring the accuracy of all information published. You may not change the text of the notice without prior approval from the TCEQ.

Newspaper and Mailed Notice

- You must publish the enclosed Notice of Hearing no less than **30** days before the hearing.
- You must publish the enclosed Notice of Hearing at your expense, in the following newspaper(s):
  - the newspaper of largest general circulation that is published in the county in which the facility is located or proposed to be located (See example A - Affidavit);

The notice shall be mailed to the persons listed as owners in the real property appraisal records on the date the application is determined to be administratively complete. Within 30 days after the date of mailing, the applicant must file with the Chief Clerk an affidavit certifying compliance with these obligations. Published notices longer than 11" must be copied onto multiple 8½" x 11" pages. Please note, submitting a copy of your published notice could result in faster processing of your application. It is recommended that you maintain the original newspaper clipping or tear sheet of the notice for your records.

- You must submit a **publisher's affidavit** to the Office of the Chief Clerk within **30 calendar days** after the date of publication. **You must use the enclosed affidavit form**. The affidavit must clearly identify the applicant's name and permit number.

- You are encouraged to submit the affidavit with the proof of publication described above; however, the affidavit must be submitted no later than **30** calendar days after publication of notice.

- The **publisher's affidavit** and **proof of publication of each published notice** may be filed with the Chief Clerk electronically at www.tceq.texas.gov/goto/efilings or mailed to:

Aviso de la Solicitud y Decisión Preliminar para Permiso de Residuos Sólidos Municipales

Permiso Propuesto No. 2400

Solicitud y Decisión Preliminar. La Ciudad de Waco, 501 Schroeder Drive, Waco, Condado de McLennan, Texas 76710, ha solicitado a la Comisión de Calidad Ambiental de Texas (TCEQ, por sus siglas en inglés) un permiso para autorizar la construcción y operación de un nuevo vertedero de desechos sólidos municipales (MSW) tipo 1. La instalación está ubicada en 4730 T K Parkway, Axtell 76624, en los Condados de McLennan y Limestone, Texas. La TCEQ recibió las Partes I y II de la solicitud el día 8 de agosto de 2018 y las Partes III y IV de la solicitud completa, el día 29 de mayo de 2020; por ese motivo, esta es una continuación de dicha solicitud y no una solicitud nueva. El siguiente enlace a continuación a un mapa electrónico de la ubicación general del sitio o de la instalación es proporcionado como una cortesía y no es parte de la solicitud o del aviso: https://arcg.is/1irnev0. Para la ubicación exacta, consulte la solicitud.

El Director Ejecutivo de la TCEQ ha completado el examen técnico de la solicitud y ha preparado un borrador del permiso. El borrador del permiso, si es aprobado, establecería las condiciones bajo las cuales la instalación debe operar. El Director Ejecutivo ha tomado una decisión preliminar que si este permiso, si es emitida, cumple con todos los requisitos legales y normativos. La solicitud del permiso, la decisión preliminar del Director Ejecutivo y el borrador del permiso están disponibles para examinar y copiar en en la Biblioteca Central del Condado de Waco-McLennan, 1717 Austin Avenue, Waco, Condado de McLennan, Texas 76701 y la Biblioteca Biggs Memorial, 305 East Rusk Street, Mexia, Texas 76667 y también puede verse en línea en: https://www.waco-texas.com/landfill-application-process.asp.

Comentario Público/Reunión Pública. La TCEQ ha realizado una reunión pública a las 7:00 p.m. el 23 de septiembre de 2021 virtualmente, Usted puede presentar comentarios públicos adicionales o solicitar otra reunión pública sobre esta solicitud. El propósito de una reunión pública es dar la oportunidad de presentar comentarios o hacer preguntas acerca de la solicitud. La TCEQ realiza una reunión pública si el Director Ejecutivo determina que hay un suficiente grado de interés público en la solicitud, o si un legislador local lo pide. Una reunión pública no es una audiencia de caso impugnado.

Oportunidad de una Audiencia de Caso Impugnado. Después del plazo para presentar comentarios públicos, el Director Ejecutivo considerará todos los comentarios oportunos y preparará una respuesta a todo los comentarios públicos pertinentes y materiales, o significativos. **A menos que la solicitud haya sido remitido directamente para una audiencia de caso impugnado, la respuesta a los comentarios y la decisión del Director Ejecutivo será enviada por correo a todos los que hayan presentado comentario público y a las personas que estén en la lista de correo sobre esta solicitud. Si se han recibido comentarios, el aviso también proveerá instrucciones para solicitar una audiencia de caso impugnado o una reconsideración de la decisión del Director Ejecutivo. Una persona que puede ser afectada por la instalación propuesta tiene el derecho a solicitar de la TCEQ una audiencia de caso impugnado.** Una audiencia de caso impugnado es un procedimiento legal similar a un juicio civil en un tribunal de distrito del estado.

Para Solicitar una Audiencia de Caso Impugnado, Usted Debe Incluir en su Solicitud los Siguientes Datos: Su nombre, dirección y número de teléfono; el nombre del solicitante y número del permiso; la ubicación y la distancia de su propiedad/actividades con respecto a la instalación; una descripción específica de cómo sería usted afectado negativamente por la instalación en una manera no común al público en general; una lista de todas las cuestiones de hecho en disputa que usted presente durante el período de comentarios; y la declaración "[Yo/nosotros] solicito/solicitamos una audiencia de caso impugnado." Si presenta la petición para una audiencia de caso impugnado de parte de un grupo o asociación, debe identificar una persona que representa al grupo para recibir correspondencia en el futuro; identificar el nombre y la dirección física de un miembro del grupo que sería afectado adversamente por la planta o la actividad propuesta; proveer la información indicada anteriormente con respecto a la ubicación del miembro afectado y su distancia de la planta o actividad propuesta; explicar cómo y porqué el miembro sería afectado; y explicar cómo los intereses que el grupo desea proteger son pertinentes al propósito del grupo.

Después del cierre de todos los períodos de comentarios y de petición que aplican, el Director Ejecutivo enviará la solicitud y cualquier petición para reconsideración o para una audiencia de caso impugnado a los Comisionados de la TCEQ para su consideración durante una reunión programada de la Comisión. La Comisión sólo puede conceder una solicitud de una audiencia de caso impugnado sobre los temas que el solicitante haya presentado en sus comentarios oportunos que no fueron retirados posteriormente.

Si se concede una audiencia, el tema de la audiencia estará limitado a cuestiones de hecho en disputa o cuestiones mixtas de hecho y de derecho que son pertinentes y materiales a la decisión de la Comisión sobre la solicitud que se hayan presentado durante el período de comentarios.

Acción del Director Ejecutivo. El Director Ejecutivo puede emitir una aprobación final de la solicitud a menos que se haya presentado a tiempo una petición para una audiencia de caso impugnado o una petición para reconsideración. Si se ha presentado a tiempo una petición de audiencia o una petición de reconsideración, el Director Ejecutivo no emitirá una aprobación final sobre el permiso y enviará la solicitud y la petición a los Comisionados de la TCEQ para su consideración durante una reunión programada de la Comisión.

Lista de Correo. Si presenia comentarios públicos, una petición para una audiencia de caso impugnado o una petición para reconsideración de la decisión del Director Ejecutivo, añadiremos su nombre a la lista de correo para esta solicitud para recibir futuros avisos públicos enviados por la Oficina del Secretario Oficial. Además, puede pedir que la TCEQ ponga su nombre en (1) la lista de correo permanente para un especifícó nombre de solicitante y número de permiso y/o (2) la lista de correo para un condado específico. Para ser añadido a una lista de correo permanente y/o una de condado, especifique claramente cuál/cuáles lista(s) y envíe su petición por correo a la Oficina del Secretario Oficial de la TCEQ.

Información Disponible en Línea . Para detalles sobre el estado de la solicitud, visite la Base de Datos Integrada de los Comisionados (CID, por sus siglas en inglés) al <www.tceq.texas.gov/goto/cid>. Texas Commission on Environmental Quality

Notice of Application and Preliminary Decision for Municipal Solid Waste Permit

Proposed Permit No. 2400

Application and Preliminary Decision. The City of Waco, 501 Schroeder Drive, Waco, McLennan County, Texas 76710 has applied to the Texas Commission on Environmental Quality (TCEQ) for a permit to authorize the construction and operation of a new Type I Municipal Solid Waste (MSW) landfill. The facility is proposed to be located at 4730 T K Parkway, Axtell 76624 in McLennan and Limestone Counties, Texas. The TCEQ received Parts I and II of this application on August 8, 2018 and Parts III and IV of the complete application on May 29, 2020; as such, this is a continuation of that application and not a new application. The following link to an electronic map of the site or facility's general location is provided as a public courtesy and is not part of the application or notice: https://arcg.is/1irnev0. For exact location, refer to application.

The TCEQ Executive Director has completed the technical review of the application and prepared a draft permit. The draft permit, if approved, would establish the conditions under which the facility must operate. The Executive Director has made a preliminary decision that this permit, if issued, meets all statutory and regulatory requirements. The permit application, Executive Director's preliminary decision, and draft permit are available for viewing and copying at the Waco-McLennan County Central Library, 1717 Austin Avenue, Waco, McLennan County, Texas 76701 and Biggs Memorial Library, 305 East Rusk Street, Mexia, Texas 76667 and may be viewed online at: https://www.waco-texas.com/landfill-application-process.asp.

Public Comment/Public Meeting. The TCEQ held a public meeting at 7:00 pm on September 23, 2021 virtually, You may submit additional public comments or request another public meeting about this application. The purpose of a public meeting is to provide the opportunity to submit comments or to ask questions about the application. TCEQ holds a public meeting if the Executive Director determines that there is a significant degree of public interest in the application or if requested by a local legislator. A public meeting is not a contested case hearing.

Opportunity for a Contested Case Hearing. After the deadline for submitting public comments, the Executive Director will consider all timely comments and prepare a response to all relevant and material, or significant public comments. **Unless the application is directly referred for a contested case hearing, the response to comments and the Executive Director's decision on the application will be mailed to everyone who submitted public comments and to those persons who are on the mailing list for this application. If comments are received, the mailing will also provide instructions for requesting a contested case hearing or reconsideration of the Executive Director's decision. A person who may be affected by the proposed facility is entitled to request a contested case hearing from the commission.** A contested case hearing is a legal proceeding similar to a civil trial in a state district court.

To Request a Contested Case Hearing. You Must Include The Following Items In Your Request: your name, address, phone; applicant's name and permit number; the location and distance of your property/activities relative to the facility; a specific description of how you would be adversely affected by the facility in a way not common to the general public; a list of all disputed issues of fact that you submit during the comment period; and the statement "[I/we] request a contested case hearing." If the request for contested case hearing is filed on behalf of a group or association, the request must designate the group's representative for receiving future correspondence; identify by name and physical address an individual member of the group who would be adversely affected by the facility or activity; provide the information discussed above regarding the affected member's location and distance from the facility or activity; explain how and why the member would be affected; and explain how the interests the group seeks to protect are relevant to the group's purpose.

Following the close of all applicable comment and request periods, the Executive Director will forward the application and any requests for reconsideration or for a contested case hearing to the TCEQ Commissioners for their consideration at a scheduled Commission meeting. The Commission may only grant a request for a contested case hearing on issues the requestor submitted in their timely comments that were not subsequently withdrawn.

If a hearing is granted, the subject of a hearing will be limited to disputed issues of fact or mixed questions of fact and law that are relevant and material to the Commission's decision on the application submitted during the comment period.

Executive Director Action. The Executive Director may issue final approval of the application unless a timely contested case hearing request or request for reconsideration is filed. If a timely hearing request or request for reconsideration is filed, the Executive Director will not issue final approval of the permit and will forward the application and request to the TCEQ Commissioners for their consideration at a scheduled Commission meeting.

Mailing List. If you submit public comments, a request for a contested case hearing, or a reconsideration of the Executive Director's decision, you will be added to the mailing list for this application to receive future public notices mailed by the Office of the Chief Clerk. In addition, you may request to be placed on: (1) the permanent mailing list for a specific applicant name and permit number; and/or (2) the mailing list for a specific county. To be placed on the permanent and/or the county mailing list, clearly specify which list(s) and send your request to TCEQ Office of the Chief Clerk at the address below.

Information Available Online . For details about the status of the application, visit the Commissioners' Integrated Database (CID) at <www.tceq.texas.gov/goto/cid>. Once you have access to the CID using the above link, enter the permit number for this application, which is provided at the top of this notice.

Bulldogs look for improved offense against Bremond

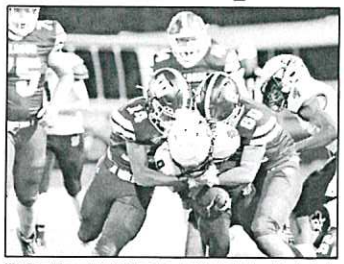

By Skip Leon
sports@themexianews.com

Playing without top offensive threat Tanner Bean, the Wortham Bulldogs couldn't get much going offensively in a 27-6 loss to Chilton at Wortham on Friday night.

Bean sustained a foot injury against Frost on Oct. 15. He had surgery last week and is out 4-6 weeks, which essentially ends his season.

Without Bean, the Bulldogs had trouble gaining yardage against a stout Chilton defense. Wortham coach Chad Coker said his team was not sharp on offense.

"The bottom line is, we didn't play a very good offensive game," Coker said. "Our game plan was to go in and pound them like we did against Hubbard. They were more physical than we thought. We didn't execute well. We didn't block things correctly. Sometimes our back went the wrong way. These are things we've got to correct before the Bremond game (this week)."

Wortham's Isaac Avila (60) and Derek Bullard (14) combine to tackle a Chilton ball carrier during last week's game. Avila recovered a fumble and returned it to the 1-yard line in the final 90 seconds of the game to set up Wortham's only score in a 27-6 loss.

Wortham's only touchdown came with 1 minute, 32 seconds left in the game when Yancey Bean scored from a yard out. The TD was set up when Isaac Avila recovered a fumble and returned it 60 yards to the 1-yard line.

While Wortham's offense was being stifled by Chilton's defense, the Bulldog defense played a gritty game.

Chilton recovered a pooch kick on the opening kickoff and scored a touchdown 85 seconds into the game to take a 6-0 lead. And that's how it stayed until the visitors scored twice within 69 seconds on swing passes of 65 and 33 yards early in the third quarter to take a 20-0 lead.

"I thought the kids played very well, defensively," Coker said. "It was 6-0 at halftime. Those guys have been scoring a lot of points against everybody else. We gave up three big pass plays in the third quarter or it could have been closer."

Coker is looking for another strong effort from his defense as it tackles Bremond this week. The Bulldogs play at Bremond on Friday at 7:30 p.m. Both teams enter the contest with 2-1 district records. Wortham is 5-3 overall and Bremond is 3-5. The game's winner will likely finish third in district with the loser getting the fourth and final playoff spot.

Wortham will have to contend with a large offensive line that opens holes for a big running back and a freshman quarterback who has rushed for more than 100 yards on four occasions this season.

"They have a big running

Texas Commission on Environmental Quality

Notice of Application and Preliminary Decision for Municipal Solid Waste Permit Proposed Permit No. 2400

Application and Preliminary Decision. The City of Waco, 501 Schroeder Drive, Waco, McLennan County, Texas 76710 has applied to the Texas Commission on Environmental Quality (TCEQ) for a permit to authorize the construction and operation of a new Type I Municipal Solid Waste (MSW) landfill. The facility is proposed to be located at 4730 T K Parkway, Axtell 76624 in McLennan and Limestone Counties, Texas. The TCEQ received Parts I and II of this application on August 8, 2018 and Parts III and IV of the complete application on May 29, 2020; as such, this is a continuation of that application and not a new application. The following link to an electronic map of the site or facility's general location is provided as a public courtesy and is not part of the application or notice: https://arcg.is/1irnev0. For exact location, refer to application.

The TCEQ Executive Director has completed the technical review of the application and prepared a draft permit. The draft permit, if approved, would establish the conditions under which the facility must operate. The Executive Director has made a preliminary decision that this permit, if issued, meets all statutory and regulatory requirements. The permit application, Executive Director's preliminary decision, and draft permit are available for viewing and copying at the Waco-McLennan County Central Library, 1717 Austin Avenue, Waco, McLennan County, Texas 76701 and Biggs Memorial Library, 305 East Rusk Street, Mexia, Texas 76667 and may be viewed online at: https://www.waco- texas.com/landfill-application-process.asp.

Public Comment/Public Meeting. The TCEQ held a public meeting at 7:00 pm on September 23, 2021 virtually. You may submit additional public comments or request another public meeting about this application. The purpose of a public meeting is to provide the opportunity to submit comments or to ask questions about the application. TCEQ holds a public meeting if the Executive Director determines that there is a significant degree of public interest in the application or if requested by a local legislator. A public meeting is not a contested case hearing.

Opportunity for a Contested Case Hearing. After the deadline for submitting public comments, the Executive Director will consider all timely comments and prepare a response to all relevant and material, or significant public comments. Unless the application is directly referred for a contested case hearing, the response to comments and the Executive Director's decision on the application will be mailed to everyone who submitted public comments and to those persons who are on the mailing list for this application. If comments are received, the mailing will also provide instructions for requesting a contested case hearing or reconsideration of the Executive Director's decision. A person who may be affected by the proposed facility is entitled to request a contested case hearing from the commission. A contested case hearing is a legal proceeding similar to a civil trial in a state district court.

To Request a Contested Case Hearing, You Must Include The Following Items in Your Request: your name, address, phone; applicant's name and permit number; the location and distance of your property/activities relative to the facility; a specific description of how you would be adversely affected by the facility in a way not common to the general public; a list of all disputed issues of fact that you submit during the comment period; and the statement " [I/we] request a contested case hearing." If the request for contested case hearing is filed on behalf of a group or association, the request must designate the group's representative for receiving future correspondence; identify by name and physical address an individual member of the group who would be adversely affected by the facility or activity; provide the information discussed above regarding the affected member's location and distance from the facility or activity; explain how and why the member would be affected; and explain how the interests the group seeks to protect are relevant to the group's purpose.

Following the close of all applicable comment and request periods, the Executive Director will forward the application and any requests for reconsideration or for a contested case hearing to the TCEQ Commissioners for their consideration at a scheduled Commission meeting. The Commission may only grant a request for a contested case hearing on issues the requestor submitted in their timely comments that were not subsequently withdrawn.

If a hearing is granted, the subject of a hearing will be limited to disputed issues of fact or mixed questions of fact and law that are relevant and material to the Commission's decision on the application submitted during the comment period.

Executive Director Action. The Executive Director may issue final approval of the application unless a timely contested case hearing request or request for reconsideration is filed. If a timely hearing request or request for reconsideration is filed, the Executive Director will not issue final approval of the permit and will forward the application and request to the TCEQ Commissioners for their consideration at a scheduled Commission meeting.

Mailing List. If you submit public comments, a request for a contested case hearing, or a reconsideration of the Executive Director's decision, you will be added to the mailing list for this application to receive future public notices mailed by the Office of the Chief Clerk. In addition, you may request to be placed on: (1) the permanent mailing list for a specific applicant name and permit number; and/or (2) the mailing list for a specific county. To be placed on the permanent and/or the county mailing list, clearly specify which list(s) and send your request to TCEQ Office of the Chief Clerk at the address below.

Si se han recibido comentarios, el aviso también proveerá instrucciones para solicitar una audiencia de caso impugnado o una reconsideración de la decisión del Director Ejecutivo. Una persona que puede ser afectada por la instalación propuesta tiene el derecho a solicitar de la TCEQ una audiencia de caso impugnado.** Una audiencia de caso impugnado es un procedimiento legal similar a un juicio civil en un tribunal de distrito del estado.

Para Solicitar una Audiencia de Caso Impugnado, Usted Debe Incluir en su Solicitud los Siguientes Datos: Su nombre, dirección y número de teléfono; el nombre del solicitante y número del permiso; la ubicación y la distancia de su propiedad/actividades con respecto a la instalación; una descripción específica de cómo sería usted afectado negativamente por la instalación en una manera no común al público en general; una lista de todas las cuestiones de hecho en disputa que usted presente durante el período de comentarios; y la declaración "[Yo/nosotros] solicito/solicitamos una audiencia de caso impugnado." Si presenta la petición para una audiencia de caso impugnado de parte de un grupo o asociación, debe identificar una persona que representa al grupo para recibir correspondencia en el futuro; identificar el nombre y la dirección física de un miembro del grupo que sería afectado adversamente por la planta o la actividad propuesta; proveer la información indicada anteriormente con respecto a la ubicación del miembro afectado y su distancia de la planta o actividad propuesta; explicar cómo y porqué el miembro sería afectado; y explicar cómo los intereses que el grupo desea proteger son pertinentes al propósito del grupo.

Después del cierre de todos los períodos de comentarios y de petición que aplican, el Director Ejecutivo enviará la solicitud y cualquier petición para reconsideración o para una audiencia de caso impugnado a los Comisionados de la TCEQ para su consideración durante una reunión programada de la Comisión. La Comisión sólo puede conceder una solicitud de una audiencia de caso impugnado sobre los temas que el solicitante haya presentado en sus comentarios oportunos que no fueron retirados posteriormente.

Si se concede una audiencia, el tema de la audiencia estará limitado a cuestiones de hecho en disputa o cuestiones mixtas de hecho y de derecho que son pertinentes y materiales a la decisión de la Comisión sobre la solicitud que se hayan presentado durante el período de comentarios.

Acción del Director Ejecutivo. El Director Ejecutivo puede emitir una aprobación final de la solicitud a menos que se haya presentado a tiempo una petición para una audiencia de caso impugnado o una petición para reconsideración. Si se ha presentado a tiempo una petición de audiencia o una petición de **reconsideración, el Director Ejecutivo no emitirá una aprobación final sobre el permiso y enviará la solicitud** y la petición a los Comisionados de la TCEQ para su consideración durante una reunión programada de la Comisión.

Lista de Correo. Si presenta comentarios públicos, una petición para una audiencia de caso impugnado o una petición para reconsideración de la decisión del Director Ejecutivo, añadiremos su nombre a la lista de correo para esta solicitud para recibir futuros avisos públicos enviados por la Oficina del Secretario Oficial. Además, puede pedir que la TCEQ ponga su nombre en (1) la lista de correo permanente para un específico nombre de solicitante y número de permiso y/o (2) la lista de correo para un condado específico. Para ser añadido a una lista de correo permanente y/o una de condado, especifique claramente cuál/cuáles lista(s) y envíe su petición por correo a la Oficina del Secretario Oficial de la TCEQ.

Información Disponible en Línea. Para detalles sobre el estado de la solicitud, visite la Base de Datos Integrada de los Comisionados (CID, por sus siglas en inglés) al <www.tceq.texas.gov/goto/cid>. La instalación esta ubicada en 4730 T K Parkway, Axtell 76624, en los Condados de McLennan y Limestone, Texas. La TCEQ recibió las Partes I y II de la solicitud el día 8 de agosto de 2018 y las Partes III y IV de la solicitud completa, el día 29 de mayo de 2020; por ese motivo, esta es una continuación de dicha solicitud y no una solicitud nueva. Para la ubicación exacta, consulte la solicitud.

El Director Ejecutivo de la TCEQ ha completado el examen técnico de la solicitud y ha preparado un borrador del permiso. El borrador del permiso, si es aprobado, establecería las condiciones bajo las cuales la instalación debe operar. El Director Ejecutivo ha tomado una decisión preliminar que si este permiso, si es emitida, cumple con todos los requisitos legales y normativos. La solicitud del permiso, la decisión preliminar del Director Ejecutivo y el borrador del permiso están disponibles para examinar y copiar en en la Biblioteca Central del Condado de Waco-McLennan, 1717 Austin Avenue, Waco, Condado de McLennan, Texas 76701 y la Biblioteca Biggs Memorial, 305 East Rusk Street, Mexia, Texas 76667 y también puede verse en línea en: https://www.waco-texas.com/landfill-application-process.asp.

Comentario Público/Reunión Pública. La TCEQ ha realizado una reunión pública a las 7:00 p.m. el 23 de septiembre de 2021 virtualmente. Usted puede presentar comentarios públicos adicionales o solicitar otra reunión pública sobre esta solicitud. El propósito de una reunión pública es dar la oportunidad de presentar comentarios o hacer preguntas acerca de la solicitud. La TCEQ realiza una reunión pública si el Director Ejecutivo determina que hay un suficiente grado de interés público en la solicitud, o si un legislador local lo pide. Una reunión pública no es una audiencia de caso impugnado.

Oportunidad de una Audiencia de Caso Impugnado. Después del plazo para presentar comentarios públicos, el Director Ejecutivo considerará todos los comentarios oportunos y preparará una respuesta a todo los comentarios públicos pertinentes y materiales, o significativos. **A menos que la solicitud haya sido remitido directamente para una audiencia de caso impugnado, la respuesta a los comentarios y la decisión del Director Ejecutivo será enviada por correo a todos los que hayan presentado comentario público y a las personas que estén en la lista de correo sobre esta solicitud. Si se han recibido comentarios, el aviso también proveerá instrucciones para solicitar una audiencia de caso impugnado o una reconsideración de la decisión del Director Ejecutivo. Una persona que puede ser afectada por la instalación propuesta tiene el derecho a solicitar de la TCEQ una audiencia de caso impugnado.** Una audiencia de caso impugnado es un procedimiento legal similar a un juicio civil en un tribunal de distrito del estado.

Para Solicitar una Audiencia de Caso Impugnado, Usted Debe Incluir en su Solicitud los Siguientes Datos: Su nombre, dirección y número de teléfono; el nombre del solicitante y número del permiso; la ubicación y la distancia de su propiedad/actividades con respecto a la instalación; una descripción específica de cómo sería usted afectado negativamente por la instalación en una manera no común al público en general; una lista de todas las cuestiones de hecho en disputa que usted presente durante el período de comentarios; y la declaración "[Yo/nosotros] solicito/solicitamos una audiencia de caso impugnado." Si presenta la petición para una audiencia de caso impugnado de parte de un grupo o asociación, debe identificar una persona que representa al grupo para recibir correspondencia en el futuro; identificar el nombre y la dirección física de un miembro del grupo que sería afectado adversamente por la planta o la actividad propuesta; proveer la información indicada anteriormente con respecto a la ubicación del miembro afectado y su distancia de la planta o actividad propuesta; explicar cómo y porqué el miembro sería afectado; y explicar cómo los intereses que el grupo desea proteger son pertinentes al propósito del grupo.

Después del cierre de todos los períodos de comentarios y de petición que aplican, el Director Ejecutivo enviará la solicitud y cualquier petición para reconsideración o para una audiencia de caso impugnado a los Comisionados de la TCEQ para su consideración durante una reunión programada de la Comisión. La Comisión sólo puede conceder una solicitud de una audiencia de caso impugnado sobre los temas que el solicitante haya presentado en sus comentarios oportunos que no fueron retirados posteriormente.

Si se concede una audiencia, el tema de la audiencia estará limitado a cuestiones de hecho en disputa o cuestiones mixtas de hecho y de derecho que son pertinentes y materiales a la decisión de la Comisión sobre la solicitud que se hayan presentado durante el período de comentarios.

Acción del Director Ejecutivo. El Director Ejecutivo puede emitir una aprobación final de la solicitud a menos que se haya presentado a tiempo una petición para una audiencia de caso impugnado o una petición para reconsideración. Si se ha presentado a tiempo una petición de audiencia o una petición de reconsideración, el Director Ejecutivo no emitirá una aprobación final sobre el permiso y enviará la solicitud y la petición a los Comisionados de la TCEQ para su consideración durante una reunión programada de la Comisión.

Lista de Correo. Si presenta comentarios públicos, una petición para una audiencia de caso impugnado o una petición para reconsideración de la decisión del Director Ejecutivo, añadiremos su nombre a la lista de correo para esta solicitud para recibir futuros avisos públicos enviados por la Oficina del Secretario Oficial. Texas Commission on Environmental Quality

Notice of Application and Preliminary Decision for Municipal Solid Waste Permit

Proposed Permit No. 2400

Application and Preliminary Decision. The City of Waco, 501 Schroeder Drive, Waco, McLennan County, Texas 76710 has applied to the Texas Commission on Environmental Quality (TCEQ) for a permit to authorize the construction and operation of a new Type I Municipal Solid Waste (MSW) landfill. The facility is proposed to be located at 4730 T K Parkway, Axtell 76624 in McLennan and Limestone Counties, Texas. The TCEQ received Parts I and II of this application on August 8, 2018 and Parts III and IV of the complete application on May 29, 2020; as such, this is a continuation of that application and not a new application. The following link to an electronic map of the site or facility's general location is provided as a public courtesy and is not part of the application or notice: https://arcg.is/1imev0. For exact location, refer to application.

The TCEQ Executive Director has completed the technical review of the application and prepared a draft permit. The draft permit, if approved, would establish the conditions under which the facility must operate. The Executive Director has made a preliminary decision that this permit, if issued, meets all statutory and regulatory requirements. The permit application, Executive Director's preliminary decision, and draft permit are available for viewing and copying at the Waco-McLennan County Central Library, 1717 Austin Avenue, Waco, McLennan County, Texas 76701 and Biggs Memorial Library, 305 East Rusk Street, Mexia, Texas 76667 and may be viewed online at: https://www.waco-texas.com/landfill-application-process.asp.

Public Comment/Public Meeting. The TCEQ held a public meeting at 7:00 pm on September 23, 2021 virtually. You may submit additional public comments or request another public meeting about this application. The purpose of a public meeting is to provide the opportunity to submit comments or to ask questions about the application. TCEQ holds a public meeting if the Executive Director determines that there is a significant degree of public interest in the application or if requested by a local legislator. A public meeting is not a contested case hearing.

Opportunity for a Contested Case Hearing. After the deadline for submitting public comments, the Executive Director will consider all timely comments and prepare a response to all relevant and material, or significant public comments. **Unless the application is directly referred for a contested case hearing, the response to comments and the Executive Director's decision on the application will be mailed to everyone who submitted public comments and to those persons who are on the mailing list for this application. If comments are received, the mailing will also provide instructions for requesting a contested case hearing or reconsideration of the Executive Director's decision. A person who may be affected by the proposed facility is entitled to request a contested case hearing from the commission.** A contested case hearing is a legal proceeding similar to a civil trial in a state district court.

To Request a Contested Case Hearing, You Must Include The Following Items in Your Request: your name, address, phone; applicant's name and permit number; the location and distance of your property/activities relative to the facility; a specific description of how you would be adversely affected by the facility in a way not common to the general public; a list of all disputed issues of fact that you submit during the comment period; and the statement " [I/we] request a contested case hearing." If the request for contested case hearing is filed on behalf of a group or association, the request must designate the group's representative for receiving future correspondence; identify by name and physical address an individual member of the group who would be adversely affected by the facility or activity; provide the information discussed above regarding the affected member's location and distance from the facility or activity; explain how and why the member would be affected; and explain how the interests the group seeks to protect are relevant to the group's purpose.

Following the close of all applicable comment and request periods, the Executive Director will forward the application and any requests for reconsideration or for a contested case hearing to the TCEQ Commissioners for their consideration at a scheduled Commission meeting. The Commission may only grant a request for a contested case hearing on issues the requestor submitted in their timely comments that were not subsequently withdrawn.

If a hearing is granted, the subject of a hearing will be limited to disputed issues of fact or mixed questions of fact and law that are relevant and material to the Commission's decision on the application submitted during the comment period.

Executive Director Action. The Executive Director may issue final approval of the application unless a timely contested case hearing request or request for reconsideration is filed. If a timely hearing request or request for reconsideration is filed, the Executive Director will not issue final approval of the permit and will forward the application and request to the TCEQ Commissioners for their consideration at a scheduled Commission meeting.

Mailing List. If you submit public comments, a request for a contested case hearing, or a reconsideration of the Executive Director's decision, you will be added to the mailing list for this application to receive future public notices mailed by the Office of the Chief Clerk. In addition, you may request to be placed on: (1) the permanent mailing list for a specific applicant name and permit number; and/or (2) the mailing list for a specific county. To be placed on the permanent and/or the county mailing list, clearly specify which list(s) and send your request to TCEQ Office of the Chief Clerk at the address below.

Bulldogs look for improved offense against Bremond

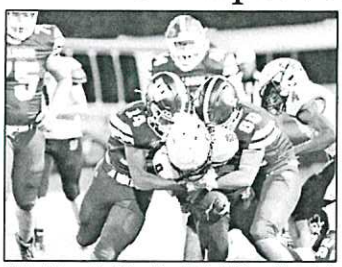

By Skip Leon
sports@themexianews.com

Playing without top offensive threat Tanner Bean, the Wortham Bulldogs couldn't get much going offensively in a 27-6 loss to Chilton at Wortham on Friday night.

Bean sustained a foot injury against Frost on Oct. 15. He had surgery last week and is out 4-6 weeks, which essentially ends his season.

Without Bean, the Bulldogs had trouble gaining yardage against a stout Chilton defense. Wortham coach Chad Coker said his team was not sharp on offense.

"The bottom line is, we didn't play a very good offensive game," Coker said. "Our game plan was to go in and pound them like we did against Hubbard. They were more physical than we thought. We didn't execute well. We didn't block things correctly. Sometimes our back went the wrong way. These are things we've got to correct before the Bremond game (this week)."

Wortham's Isaac Avila (60) and Derek Bullard (14) combine to tackle a Chilton ball carrier during last week's game. Avila recovered a fumble and returned it to the 1-yard line in the final 90 seconds of the game to set up Wortham's only score in a 27-6 loss.

Wortham's only touchdown came with 1 minute, 32 seconds left in the game when Yancey Bean scored from a yard out. The TD was set up when Isaac Avila recovered a fumble and returned it 60 yards to the 1-yard line.

While Wortham's offense was being stifled by Chilton's defense, the Bulldog defense played a gritty game.

Chilton recovered a pooch kick on the opening kickoff and scored a touchdown 85 seconds into the game to take a 6-0 lead. And that's how it stayed until the visitors scored twice within 69 seconds on swing passes of 65 and 33 yards early in the third quarter to take a 20-0 lead.

"I thought the kids played very well, defensively," Coker said. "It was 6-0 at halftime. Those guys have been scoring a lot of points against everybody else. We gave up three big pass plays in the third quarter or it could have been closer."

Coker is looking for another strong effort from his defense as it tackles Bremond this week. The Bulldogs play at Bremond on Friday at 7:30 p.m. Both teams enter the contest with 2-1 district records. Wortham is 5-3 overall and Bremond is 3-5. The game's winner will likely finish third in district with the loser getting the fourth and final playoff spot.

Wortham will have to contend with a large offensive line that opens holes for a big running back and a freshman quarterback who has rushed for more than 100 yards on four occasions this season.

"They have a big running

Texas Commission on Environmental Quality

Notice of Application and Preliminary Decision for Municipal Solid Waste Permit Proposed Permit No. 2400

Application and Preliminary Decision. The City of Waco, 501 Schroeder Drive, Waco, McLennan County, Texas 76710 has applied to the Texas Commission on Environmental Quality (TCEQ) for a permit to authorize the construction and operation of a new Type I Municipal Solid Waste (MSW) landfill. The facility is proposed to be located at 4730 T K Parkway, Axtell 76624 in McLennan and Limestone Counties, Texas. The TCEQ received Parts I and II of this application on August 8, 2018 and Parts III and IV of the complete application on May 29, 2020; as such, this is a continuation of that application and not a new application. The following link to an electronic map of the site or facility's general location is provided as a public courtesy and is not part of the application or notice: https://arcg.is/1irnev0. For exact location, refer to application.

The TCEQ Executive Director has completed the technical review of the application and prepared a draft permit. The draft permit, if approved, would establish the conditions under which the facility must operate. The Executive Director has made a preliminary decision that this permit, if issued, meets all statutory and regulatory requirements. The permit application, Executive Director's preliminary decision, and draft permit are available for viewing and copying at the Waco-McLennan County Central Library, 1717 Austin Avenue, Waco, McLennan County, Texas 76701 and Biggs Memorial Library, 305 East Rusk Street, Mexia, Texas 76667 and may be viewed online at: https://www.waco- texas.com/landfill-application-process.asp.

Public Comment/Public Meeting. The TCEQ held a public meeting at 7:00 pm on September 23, 2021 virtually. You may submit additional public comments or request another public meeting about this application. The purpose of a public meeting is to provide the opportunity to submit comments or to ask questions about the application. TCEQ holds a public meeting if the Executive Director determines that there is a significant degree of public interest in the application or if requested by a local legislator. A public meeting is not a contested case hearing.

Opportunity for a Contested Case Hearing. After the deadline for submitting public comments, the Executive Director will consider all timely comments and prepare a response to all relevant and material, or significant public comments. Unless the application is directly referred for a contested case hearing, the response to comments and the Executive Director's decision on the application will be mailed to everyone who submitted public comments and to those persons who are on the mailing list for this application. If comments are received, the mailing will also provide instructions for requesting a contested case hearing or reconsideration of the Executive Director's decision. A person who may be affected by the proposed facility is entitled to request a contested case hearing from the commission. A contested case hearing is a legal proceeding similar to a civil trial in a state district court.

To Request a Contested Case Hearing, You Must Include The Following Items in Your Request: your name, address, phone; applicant's name and permit number; the location and distance of your property/activities relative to the facility; a specific description of how you would be adversely affected by the facility in a way not common to the general public; a list of all disputed issues of fact that you submit during the comment period; and the statement " [I/we] request a contested case hearing." If the request for contested case hearing is filed on behalf of a group or association, the request must designate the group's representative for receiving future correspondence; identify by name and physical address an individual member of the group who would be adversely affected by the facility or activity; provide the information discussed above regarding the affected member's location and distance from the facility or activity; explain how and why the member would be affected; and explain how the interests the group seeks to protect are relevant to the group's purpose.

Following the close of all applicable comment and request periods, the Executive Director will forward the application and any requests for reconsideration or for a contested case hearing to the TCEQ Commissioners for their consideration at a scheduled Commission meeting. The Commission may only grant a request for a contested case hearing on issues the requestor submitted in their timely comments that were not subsequently withdrawn.

If a hearing is granted, the subject of a hearing will be limited to disputed issues of fact or mixed questions of fact and law that are relevant and material to the Commission's decision on the application submitted during the comment period.

Executive Director Action. The Executive Director may issue final approval of the application unless a timely contested case hearing request or request for reconsideration is filed. If a timely hearing request or request for reconsideration is filed, the Executive Director will not issue final approval of the permit and will forward the application and request to the TCEQ Commissioners for their consideration at a scheduled Commission meeting.

Mailing List. If you submit public comments, a request for a contested case hearing, or a reconsideration of the Executive Director's decision, you will be added to the mailing list for this application to receive future public notices mailed by the Office of the Chief Clerk. In addition, you may request to be placed on: (1) the permanent mailing list for a specific applicant name and permit number; and/or (2) the mailing list for a specific county. To be placed on the permanent and/or the county mailing list, clearly specify which list(s) and send your request to TCEQ Office of the Chief Clerk at the address below.

Information Available Online. For details about the status of the application, visit the Commissioners' Integrated Database (CID) at <www.tceq.texas.gov/goto/cid>. Once you have access to the CID using the above link, enter the permit number for this application, which is provided at the top of this notice.

Agency Contacts and Information. All public comments and requests must be submitted within 30 days from the date of newspaper publication of this notice either electronically at <www14.tceq.texas.gov/epic/eComment/> or in writing to the Texas Commission on Environmental Quality, Office of the Chief Clerk, MC-105, P.O. La instalación está ubicada en 4730 T K Parkway, Axtell 76624, en los Condados de McLennan y Limestone, Texas. La TCEQ recibió las Partes I y II de la solicitud el día 8 de agosto de 2018 y las Partes III y IV de la solicitud completa, el día 29 de mayo de 2020; por ese motivo, esta es una continuación de dicha solicitud y no una solicitud nueva. Para la ubicación exacta, consulte la solicitud.

El Director Ejecutivo de la TCEQ ha completado el examen técnico de la solicitud y ha preparado un borrador del permiso. El borrador del permiso, si es aprobado, establecería las condiciones bajo las cuales la instalación debe operar. El Director Ejecutivo ha tomado una decisión preliminar que si este permiso, si es emitida, cumple con todos los requisitos legales y normativos. La solicitud del permiso, la decisión preliminar del Director Ejecutivo y el borrador del permiso están disponibles para examinar y copiar en en la Biblioteca Central del Condado de Waco-McLennan, 1717 Austin Avenue, Waco, Condado de McLennan, Texas 76701 y la Biblioteca Biggs Memorial, 305 East Rusk Street, Mexia, Texas 76667 y también puede verse en línea en: https://www.waco- texas.com/landfill-application-process.asp.

Comentario Público/Reunión Pública. La TCEQ ha realizado una reunión pública a las 7:00 p.m. el 23 de septiembre de 2021 virtualmente. Usted puede presentar comentarios públicos adicionales o solicitar otra reunión pública sobre esta solicitud. El propósito de una reunión pública es dar la oportunidad de presentar comentarios o hacer preguntas acerca de la solicitud. La TCEQ realiza una reunión pública si el Director Ejecutivo determina que hay un suficiente grado de interés público en la solicitud, o si un legislador local lo pide. Una reunión pública no es una audiencia de caso impugnado.

Oportunidad de una Audiencia de Caso Impugnado. Después del plazo para presentar comentarios públicos, el Director Ejecutivo considerará todos los comentarios oportunos y preparará una respuesta a todo los comentarios públicos pertinentes y materiales, o significativos. **A menos que la solicitud haya sido remitido directamente para una audiencia de caso impugnado, la respuesta a los comentarios y la decisión del Director Ejecutivo será enviada por correo a todos los que hayan presentado comentario público y a las personas que estén en la lista de correo sobre esta solicitud. Si se han recibido comentarios, el aviso también proveerá instrucciones para solicitar una audiencia de caso impugnado o una reconsideración de la decisión del Director Ejecutivo. Una persona que puede ser afectada por la instalación propuesta tiene el derecho a solicitar de la TCEQ una audiencia de caso impugnado.** Una audiencia de caso impugnado es un procedimiento legal similar a un juicio civil en un tribunal de distrito del estado.

Para Solicitar una Audiencia de Caso Impugnado, Usted Debe Incluir en su Solicitud los Siguientes Datos: Su nombre, dirección y número de teléfono; el nombre del solicitante y número del permiso; la ubicación y la distancia de su propiedad/actividades con respecto a la instalación; una descripción específica de cómo sería usted afectado negativamente por la instalación en una manera no común al público en general; una lista de todas las cuestiones de hecho en disputa que usted presente durante el período de comentarios; y la declaración "[Yo/nosotros] solicito/solicitamos una audiencia de caso impugnado." Si presenta la petición para una audiencia de caso impugnado de parte de un grupo o asociación, debe identificar una persona que representa al grupo para recibir correspondencia en el futuro; identificar el nombre y la dirección física de un miembro del grupo que sería afectado adversamente por la planta o la actividad propuesta; proveer la información indicada anteriormente con respecto a la ubicación del miembro afectado y su distancia de la planta o actividad propuesta; explicar cómo y porqué el miembro sería afectado; y explicar cómo los intereses que el grupo desea proteger son pertinentes al propósito del grupo.

Después del cierre de todos los períodos de comentarios y de petición que aplican, el Director Ejecutivo enviará la solicitud y cualquier petición para reconsideración o para una audiencia de caso impugnado a los Comisionados de la TCEQ para su consideración durante una reunión programada de la Comisión. La Comisión sólo puede conceder una solicitud de una audiencia de caso impugnado sobre los temas que el solicitante haya presentado en sus comentarios oportunos que no fueron retirados posteriormente.

Si se concede una audiencia, el tema de la audiencia estará limitado a cuestiones de hecho en disputa o cuestiones mixtas de hecho y de derecho que son pertinentes y materiales a la decisión de la Comisión sobre la solicitud que se hayan presentado durante el período de comentarios.

Acción del Director Ejecutivo. Texas Commission on Environmental Quality

Notice of Application and Preliminary Decision for Municipal Solid Waste Permit Proposed Permit No. 2400

Application and Preliminary Decision. The City of Waco, 501 Schroeder Drive, Waco, McLennan County, Texas 76710 has applied to the Texas Commission on Environmental Quality (TCEQ) for a permit to authorize the construction and operation of a new Type I Municipal Solid Waste (MSW) landfill. The facility is proposed to be located at 4730 T K Parkway, Axtell 76624 in McLennan and Limestone Counties, Texas. The TCEQ received Parts I and II of this application on August 8, 2018 and Parts III and IV of the complete application on May 29, 2020; as such, this is a continuation of that application and not a new application. The following link to an electronic map of the site or facility's general location is provided as a public courtesy and is not part of the application or notice: https://arcg.is/1irnev0. For exact location, refer to application.

The TCEQ Executive Director has completed the technical review of the application and prepared a draft permit. The draft permit, if approved, would establish the conditions under which the facility must operate. The Executive Director has made a preliminary decision that this permit, if issued, meets all statutory and regulatory requirements. The permit application, Executive Director's preliminary decision, and draft permit are available for viewing and copying at the Waco-McLennan County Central Library, 1717 Austin Avenue, Waco, McLennan County, Texas 76701 and Biggs Memorial Library, 305 East Rusk Street, Mexia, Texas 76667 and may be viewed online at: https://www.waco- texas.com/landfill-application-process.asp.

Public Comment/Public Meeting. The TCEQ held a public meeting at 7:00 pm on September 23, 2021 virtually. You may submit additional public comments or request another public meeting about this application. The purpose of a public meeting is to provide the opportunity to submit comments or to ask questions about the application. TCEQ holds a public meeting if the Executive Director determines that there is a significant degree of public interest in the application or if requested by a local legislator. A public meeting is not a contested case hearing.

Opportunity for a Contested Case Hearing. After the deadline for submitting public comments, the Executive Director will consider all timely comments and prepare a response to all relevant and material, or significant public comments. **Unless the application is directly referred for a contested case hearing, the response to comments and the Executive Director's decision on the application will be mailed to everyone who submitted public comments and to those persons who are on the mailing list for this application. If comments are received, the mailing will also provide instructions for requesting a contested case hearing or reconsideration of the Executive Director's decision. A person who may be affected by the proposed facility is entitled to request a contested case hearing from the commission.** A contested case hearing is a legal proceeding similar to a civil trial in a state district court.

To Request a Contested Case Hearing, You Must Include The Following Items in Your Request: your name, address, phone; applicant's name and permit number; the location and distance of your property/activities relative to the facility; a specific description of how you would be adversely affected by the facility in a way not common to the general public; a list of all disputed issues of fact that you submit during the comment period; and the statement " [I/we] request a contested case hearing." If the request for contested case hearing is filed on behalf of a group or association, the request must designate the group's representative for receiving future correspondence; identify by name and physical address an individual member of the group who would be adversely affected by the facility or activity; provide the information discussed above regarding the affected member's location and distance from the facility or activity; explain how and why the member would be affected; and explain how the interests the group seeks to protect are relevant to the group's purpose.

Following the close of all applicable comment and request periods, the Executive Director will forward the application and any requests for reconsideration or for a contested case hearing to the TCEQ Commissioners for their consideration at a scheduled Commission meeting. The Commission may only grant a request for a contested case hearing on issues the requestor submitted in their timely comments that were not subsequently withdrawn.

If a hearing is granted, the subject of a hearing will be limited to disputed issues of fact or mixed questions of fact and law that are relevant and material to the Commission's decision on the application submitted during the comment period.

Executive Director Action. The Executive Director may issue final approval of the application unless a timely contested case hearing request or request for reconsideration is filed. If a timely hearing request or request for reconsideration is filed, the Executive Director will not issue final approval of the permit and will forward the application and request to the TCEQ Commissioners for their consideration at a scheduled Commission meeting.

Mailing List. If you submit public comments, a request for a contested case hearing, or a reconsideration of the Executive Director's decision, you will be added to the mailing list for this application to receive future public notices mailed by the Office of the Chief Clerk. In addition, you may request to be placed on: (1) the permanent mailing list for a specific applicant name and permit number; and/or (2) the mailing list for a specific county. To be placed on the permanent and/or the county mailing list, clearly specify which list(s) and send your request to TCEQ Office of the Chief Clerk at the address below.

Information Available Online. For details about the status of the application, visit the Commissioners' Integrated Database (CID) at <www.tceq.texas.gov/goto/cid>. Once you have access to the CID using the above link, enter the permit number for this application, which is provided at the top of this notice.

Agency Contacts and Information. All public comments and requests must be submitted within 30 days from the date of newspaper publication of this notice either electronically at <www14.tceq.texas.gov/epic/eComment/> or in writing to the Texas Commission on Environmental Quality, Office of the Chief Clerk, MC-105, P.O. Box 13087, Austin, Texas 78711-3087. Please be aware that any contact information you provide, including your name, phone number, email address and physical address will become part of the agency's public record. Texas Commission on Environmental Quality

Aviso de la Solicitud y Decisión Preliminar para Permiso de Residuos Sólidos Municipales Permiso Propuesto No. 2400

Solicitud y Decisión Preliminar. La Ciudad de Waco, 501 Schroeder Drive, Waco, Condado de McLennan, Texas 76710, ha solicitado a la Comisión de Calidad Ambiental de Texas (TCEQ, por sus siglas en inglés) un permiso para autorizar la construcción y operación de un nuevo vertedero de desechos sólidos municipales (MSW) tipo 1. La instalación está ubicada en 4730 T K Parkway, Axtell 76624, en los Condados de McLennan y Limestone, Texas. La TCEQ recibió las Partes I y II de la solicitud el día 8 de agosto de 2018 y las Partes III y IV de la solicitud completa, el día 29 de mayo de 2020; por ese motivo, esta es una continuación de dicha solicitud y no una solicitud nueva. El siguiente enlace a continuación a un mapa electrónico de la ubicación general del sitio o de la instalación es proporcionado como una cortesía y no es parte de la solicitud o del aviso: https://arcg.is/1irnev0. Para la ubicación exacta, consulte la solicitud.

El Director Ejecutivo de la TCEQ ha completado el examen técnico de la solicitud y ha preparado un borrador del permiso. El borrador del permiso, si es aprobado, establecería las condiciones bajo las cuales la instalación debe operar. El Director Ejecutivo ha tomado una decisión preliminar que si este permiso, si es emitida, cumple con todos los requisitos legales y normativos. La solicitud del permiso, la decisión preliminar del Director Ejecutivo y el borrador del permiso están disponibles para examinar y copiar en en la Biblioteca Central del Condado de Waco-McLennan, 1717 Austin Avenue, Waco, Condado de McLennan, Texas 76701 y la Biblioteca Biggs Memorial, 305 East Rusk Street, Mexia, Texas 76667 y también puede verse en línea en: https://www.waco- texas.com/landfill-application-process.asp.

Comentario Público/Reunión Pública. La TCEQ ha realizado una reunión pública a las 7:00 p.m. el 23 de septiembre de 2021 virtualmente. Usted puede presentar comentarios públicos adicionales o solicitar otra reunión pública sobre esta solicitud. El propósito de una reunión pública es dar la oportunidad de presentar comentarios o hacer preguntas acerca de la solicitud. La TCEQ realiza una **reunión pública si el Director Ejecutivo determina que hay un suficiente grado de interés público en la** solicitud, o si un legislador local lo pide. Una reunión pública no es una audiencia de caso impugnado.

Oportunidad de una Audiencia de Caso Impugnado. Después del plazo para presentar comentarios públicos, el Director Ejecutivo considerará todos los comentarios oportunos y preparará una respuesta a **todo los comentarios públicos pertinentes y materiales, o significativos. A menos que la solicitud haya sido remitido directamente para una audiencia de caso impugnado, la respuesta a los comentarios y la decisión del Director Ejecutivo será enviada por correo a todos los que hayan presentado comentario público y a las personas que estén en la lista de correo sobre esta solicitud. Si se han recibido comentarios, el aviso también proveerá instrucciones para solicitar una audiencia de caso impugnado o una reconsideración de la decisión del Director Ejecutivo. Una persona que puede ser afectada por la instalación propuesta tiene el derecho a solicitar de la TCEQ una audiencia de caso impugnado.** Una audiencia de caso impugnado es un procedimiento legal similar a un juicio civil en un tribunal de distrito del estado.

Para Solicitar una Audiencia de Caso Impugnado, Usted Debe Incluir en su Solicitud los Siguientes Datos: Su nombre, dirección y número de teléfono; el nombre del solicitante y número del permiso; la ubicación y la distancia de su propiedad/actividades con respecto a la instalación; una descripción especifica de cómo seria usted afectado negativamente por la instalación en una manera no común al público en general; una lista de todas las cuestiones de hecho en disputa que usted presente durante el período de comentarios; y la declaración "[Yo/nosotros] solicito/solicitamos una audiencia de caso impugnado." Si presenta la petición para una audiencia de caso impugnado de parte de un grupo o asociación, debe identificar una persona que representa al grupo para recibir correspondencia en el futuro; identificar el nombre y la dirección física de un miembro del grupo que seria afectado adversamente por la planta o la actividad propuesta; proveer la información indicada anteriormente con respecto a la ubicación del miembro afectado y su distancia de la planta o actividad propuesta; explicar cómo y porqué el miembro seria afectado; y explicar cómo los intereses que el grupo desea proteger son pertinentes al propósito del grupo.

Después del cierre de todos los períodos de comentarios y de petición que aplican, el Director Ejecutivo enviará la solicitud y cualquier petición para reconsideración o para una audiencia de caso impugnado a los Comisionados de la TCEQ para su consideración durante una reunión programada de la Comisión. La Comisión sólo puede conceder una solicitud de una audiencia de caso impugnado sobre los temas que el solicitante haya presentado en sus comentarios oportunos que no fueron retirados posteriormente.

Si se concede una audiencia, el tema de la audiencia estará limitado a cuestiones de hecho en disputa o cuestiones mixtas de hecho y de derecho que son pertinentes y materiales a la decisión de la Comisión sobre la solicitud que se hayan presentado durante el período de comentarios.

Acción del Director Ejecutivo. El Director Ejecutivo puede emitir una aprobación final de la solicitud a menos que se haya presentado a tiempo una petición para una audiencia de caso impugnado o una petición para reconsideración. Si se ha presentado a tiempo una petición de audiencia o una petición de **reconsideración, el Director Ejecutivo no emitirá una aprobación final sobre el permiso y enviará la solicitud** y la petición a los Comisionados de la TCEQ para su consideración durante una reunión programada de la Comisión.

Lista de Correo. Si presenta comentarios públicos, una petición para una audiencia de caso impugnado o una petición para reconsideración de la decisión del Director Ejecutivo, añadiremos su nombre a la lista de correo para esta solicitud para recibir futuros avisos públicos enviados por la Oficina del Secretario Oficial. Además, puede pedir que la TCEQ ponga su nombre en (1) la lista de correo permanente para un específico nombre de solicitante y número de permiso y/o (2) la lista de correo para un condado específico. Para ser añadido a una lista de correo permanente y/o una de condado, especifique claramente cuál/cuáles lista(s) y envíe su petición por correo a la Oficina del Secretario Oficial de la TCEQ.

Subject: RE: City of Waco MSW 2400 NAPD Notice

Eric, Georgia, Stephanie –

I need your help with a question I have regarding the filing of the original Publisher's Affidavits, the Public Notice Verification Form, and the proof of publication (tear sheets) of the published notices. In the past, I filed all the original Publisher's Affidavits, tear sheets, and PN Verification Form with the Chief Clerk's Office Notice Team.

However, the TCEQ's instructions included in the NAPD package state, in part, that,

- ***The original Publisher's Affidavits, the Public Notice Verification Form, and the proof of publication of the published notices*** must be emailed to WPD-PNV@tceq.texas.gov.

My question is where (i.e., the WPD or the Chief Clerk's Office) to whom should I address and file the hard copy of the original Publisher's Affidavits, tear sheets, and PN Verification Form? Do I email a digital copy of documentation to one office and the original hard copy to another office? Sorry for the confusion but the instructions were not clear on the process. Appreciate any help that you can provide.

Thank you for all your help,
Joe

Texas Commission on Environmental Quality

Notice of Application and Preliminary Decision for Municipal Solid Waste Permit

Proposed Permit No. 2400

Application and Preliminary Decision. The City of Waco, 501 Schroeder Drive, Waco, McLennan County, Texas 76710 has applied to the Texas Commission on Environmental Quality (TCEQ) for a permit to authorize the construction and operation of a new Type I Municipal Solid Waste (MSW) landfill. The facility is proposed to be located at 4730 T K Parkway, Axtell 76624 in McLennan and Limestone Counties, Texas. The TCEQ received Parts I and II of this application on August 8, 2018 and Parts III and IV of the complete application on May 29, 2020; as such, this is a continuation of that application and not a new application. The following link to an electronic map of the site or facility's general location is provided as a public courtesy and is not part of the application or notice: https://arcg.is/1irnev0. For exact location, refer to application.

The TCEQ Executive Director has completed the technical review of the application and prepared a draft permit. The draft permit, if approved, would establish the conditions under which the facility must operate. The Executive Director has made a preliminary decision that this permit, if issued, meets all statutory and regulatory requirements. The permit application, Executive Director's preliminary decision, and draft permit are available for viewing and copying at the Waco-McLennan County Central Library, 1717 Austin Avenue, Waco, McLennan County, Texas 76701 and Biggs Memorial Library, 305 East Rusk Street, Mexia, Texas 76667 and may be viewed online at: https://www.waco- texas.com/landfill-application-process.asp.

Public Comment/Public Meeting. The TCEQ held a public meeting at 7:00 pm on September 23, 2021 virtually. You may submit additional public comments or request another public meeting about this application. The purpose of a public meeting is to provide the opportunity to submit comments or to ask questions about the application. TCEQ holds a public meeting if the Executive Director determines that there is a significant degree of public interest in the application or if requested by a local legislator. A public meeting is not a contested case hearing.

Opportunity for a Contested Case Hearing. After the deadline for submitting public comments, the Executive Director will consider all timely comments and prepare a response to all relevant and material, or significant public comments. **Unless the application is directly referred for a contested case hearing, the response to comments and the Executive Director's decision on the application will be mailed to everyone who submitted public comments and to those persons who are on the mailing list for this application. If comments are received, the mailing will also provide instructions for requesting a contested case hearing or reconsideration of the Executive Director's decision. A person who may be affected by the proposed facility is entitled to request a contested case hearing from the**

commission. A contested case hearing is a legal proceeding similar to a civil trial in a state district court.

To Request a Contested Case Hearing, You Must Include The Following Items in Your Request: your name, address, phone; applicant's name and permit number; the location and distance of your property/activities relative to the facility; a specific description of how you would be adversely affected by the facility in a way not common to the general public; a list of all disputed issues of fact that you submit during the comment period; and the statement " [I/we] request a contested case hearing." If the request for contested case hearing is filed on behalf of a group or association, the request must designate the group's representative for receiving future correspondence; identify by name and physical address an individual member of the group who would be adversely affected by the facility or activity; provide the information discussed above regarding the affected member's location and distance from the facility or activity; explain how and why the member would be affected; and explain how the interests the group seeks to protect are relevant to the group's purpose.

Following the close of all applicable comment and request periods, the Executive Director will forward the application and any requests for reconsideration or for a contested case hearing to the TCEQ Commissioners for their consideration at a scheduled Commission meeting. The Commission may only grant a request for a contested case hearing on issues the requestor submitted in their timely comments that were not subsequently withdrawn.

If a hearing is granted, the subject of a hearing will be limited to disputed issues of fact or mixed questions of fact and law that are relevant and material to the Commission's decision on the application submitted during the comment period.

Executive Director Action. The Executive Director may issue final approval of the application unless a timely contested case hearing request or request for reconsideration is filed. If a timely hearing request or request for reconsideration is filed, the Executive Director will not issue final approval of the permit and will forward the application and request to the TCEQ Commissioners for their consideration at a scheduled Commission meeting.

Mailing List. If you submit public comments, a request for a contested case hearing, or a reconsideration of the Executive Director's decision, you will be added to the mailing list for this application to receive future public notices mailed by the Office of the Chief Clerk. In addition, you may request to be placed on: (1) the permanent mailing list for a specific applicant name and permit number; and/or (2) the mailing list for a specific county. To be placed on the permanent and/or the county mailing list, clearly specify which list(s) and send your request to TCEQ Office of the Chief Clerk at the address below.

Information Available Online. For details about the status of the application, visit the Commissioners' Integrated Database (CID) at <www.tceq.texas.gov/goto/cid>. Once you have access to the CID using the above link, enter the permit number for this application, which is provided at the top of this notice.

Agency Contacts and Information. All public comments and requests must be submitted within 30 days from the date of newspaper publication of this notice either electronically at <www14.tceq.texas.gov/epic/eComment/> or in writing to the Texas Commission on Environmental Quality, Office of the Chief Clerk, MC-105, P.O. Box 13087, Austin, Texas 78711-3087. Please be aware that any contact information you provide, including your name, phone number, email address and physical address will become part of the agency's public record. For more information about this permit application or the permitting process, please call the TCEQ's Public Education Program, Toll Free, at 800-687-4040 or visit their website at

Tracking No. 23201563; RN110471307/CN600131940

Dear Mr. Dowdell:

We have completed the technical review of your application for a municipal solid waste permit for the referenced facility and have prepared a preliminary decision and draft permit.

You are now required to publish a *Notice of Application and Preliminary Decision* of your proposed activity. To help you meet the requirements associated with this notice, we have included the following items:

- Technical Summary
- Compliance History
- Draft Permit
- Instructions for Public Notice
- Publisher's Affidavits
- Public Notice Verification Forms (Pages 1-3)
- NAPD Notice
- Executive Director's Preliminary Decision

If you owe any delinquent administrative penalties or fees to the TCEQ be sure to pay them. Failure to do so may delay final action on this application.

You must follow all the directions in the enclosed instructions. The most common mistakes are the unauthorized changing of notice, wording, or font. If you fail to follow these instructions, you may be required to republish the notices.

The following requirements are also described in the enclosed instructions. However, due to their importance, they are highlighted here as well.

1. Publish the enclosed notice within *45 calendar days after the date of this cover letter. You may be required to publish the notice in more than one newspaper, including a newspaper published in an alternative language, to satisfy all of the notice requirements.*

2. On or before the date you publish notice, you must place the following items in a public place in the county where the facility is or will be located: (a) a copy of your permit application, including any subsequent revisions; (b) the Technical Summary and Executive Director's Preliminary Decision; and (c) the draft permit, including any subsequent revisions. These items must be accessible to the public for review and copying, must be updated to reflect changes to the application, and must remain in place until the commission has taken action on the application or the commission refers issues to the State Office of Administrative Hearings.

3. For each publication, return proof of publication of the newspaper notice that shows the publication date and newspaper name to the TCEQ Waste Permits Division within *10 business days* after notice is published in the newspaper.

4. Return the original enclosed Public Notice Verification and the Publisher's Affidavits to the Waste Permits Division within *30 calendar days* after the notice is published in the newspaper.

If you do not comply with *all* the requirements described in the instructions, further processing of your application may be suspended or the agency may take other actions.

If you have any questions regarding publication requirements, please contact the Waste Permits Division at 512-239-2335. If you have any questions regarding the content of the notice, please contact the project manager, Mr. Eric Clegg, P.G., at (512) 239-1270, by email to eric.clegg@tceq.texas.gov, or in writing at the address on our letterhead (please include mail code MC 124 on the first line).

Texas Commission on Environmental Quality

Notice of Application and Preliminary Decision for Municipal Solid Waste Permit

Proposed Permit No. 2400

Application and Preliminary Decision. The City of Waco, 501 Schroeder Drive, Waco, McLennan County, Texas 76710 has applied to the Texas Commission on Environmental Quality (TCEQ) for a permit to authorize the construction and operation of a new Type I Municipal Solid Waste (MSW) landfill. The facility is proposed to be located at 4730 T K Parkway, Axtell 76624 in McLennan and Limestone Counties, Texas. The TCEQ received Parts I and II of this application on August 8, 2018 and Parts III and IV of the complete application on May 29, 2020; as such, this is a continuation of that application and not a new application. The following link to an electronic map of the site or facility's general location is provided as a public courtesy and is not part of the application or notice: https://arcg.is/1irnev0. For exact location, refer to application.

The TCEQ Executive Director has completed the technical review of the application and prepared a draft permit. The draft permit, if approved, would establish the conditions under which the facility must operate. The Executive Director has made a preliminary decision that this permit, if issued, meets all statutory and regulatory requirements. The permit application, Executive Director's preliminary decision, and draft permit are available for viewing and copying at the Waco-McLennan County Central Library, 1717 Austin Avenue, Waco, McLennan County, Texas 76701 and Biggs Memorial Library, 305 East Rusk Street, Mexia, Texas 76667 and may be viewed online at: https://www.waco- texas.com/landfill-application-process.asp.

Public Comment/Public Meeting. The TCEQ held a public meeting at 7:00 pm on September 23, 2021 virtually. You may submit additional public comments or request another public meeting about this application. The purpose of a public meeting is to provide the opportunity to submit comments or to ask questions about the application. TCEQ holds a public meeting if the Executive Director determines that there is a significant degree of public interest in the application or if requested by a local legislator. A public meeting is not a contested case hearing.

Opportunity for a Contested Case Hearing. After the deadline for submitting public comments, the Executive Director will consider all timely comments and prepare a response to all relevant and material, or significant public comments. **Unless the application is directly referred for a contested case hearing, the response to comments and the Executive Director's decision on the application will be mailed to everyone who submitted public comments and to those persons who are on the mailing list for this application. If comments are received, the mailing will also provide instructions for requesting a contested case hearing or reconsideration of the Executive Director's decision. A person who may be affected by the proposed facility is entitled to request a contested case hearing from the**

commission. A contested case hearing is a legal proceeding similar to a civil trial in a state district court.

To Request a Contested Case Hearing, You Must Include The Following Items in Your Request: your name, address, phone; applicant's name and permit number; the location and distance of your property/activities relative to the facility; a specific description of how you would be adversely affected by the facility in a way not common to the general public; a list of all disputed issues of fact that you submit during the comment period; and the statement " [I/we] request a contested case hearing." If the request for contested case hearing is filed on behalf of a group or association, the request must designate the group's representative for receiving future correspondence; identify by name and physical address an individual member of the group who would be adversely affected by the facility or activity; provide the information discussed above regarding the affected member's location and distance from the facility or activity; explain how and why the member would be affected; and explain how the interests the group seeks to protect are relevant to the group's purpose.

Following the close of all applicable comment and request periods, the Executive Director will forward the application and any requests for reconsideration or for a contested case hearing to the TCEQ Commissioners for their consideration at a scheduled Commission meeting. The Commission may only grant a request for a contested case hearing on issues the requestor submitted in their timely comments that were not subsequently withdrawn.

If a hearing is granted, the subject of a hearing will be limited to disputed issues of fact or mixed questions of fact and law that are relevant and material to the Commission's decision on the application submitted during the comment period.

Executive Director Action. The Executive Director may issue final approval of the application unless a timely contested case hearing request or request for reconsideration is filed. If a timely hearing request or request for reconsideration is filed, the Executive Director will not issue final approval of the permit and will forward the application and request to the TCEQ Commissioners for their consideration at a scheduled Commission meeting.

Mailing List. If you submit public comments, a request for a contested case hearing, or a reconsideration of the Executive Director's decision, you will be added to the mailing list for this application to receive future public notices mailed by the Office of the Chief Clerk. In addition, you may request to be placed on: (1) the permanent mailing list for a specific applicant name and permit number; and/or (2) the mailing list for a specific county. To be placed on the permanent and/or the county mailing list, clearly specify which list(s) and send your request to TCEQ Office of the Chief Clerk at the address below.

Information Available Online. For details about the status of the application, visit the Commissioners' Integrated Database (CID) at <www.tceq.texas.gov/goto/cid>. Once you have access to the CID using the above link, enter the permit number for this application, which is provided at the top of this notice.

Agency Contacts and Information. All public comments and requests must be submitted within 30 days from the date of newspaper publication of this notice either electronically at <www14.tceq.texas.gov/epic/eComment/> or in writing to the Texas Commission on Environmental Quality, Office of the Chief Clerk, MC-105, P.O. Box 13087, Austin, Texas 78711-3087. Please be aware that any contact information you provide, including your name, phone number, email address and physical address will become part of the agency's public record. For more information about this permit application or the permitting process, please call the TCEQ's Public Education Program, Toll Free, at 800-687-4040 or visit their website at

Texas Commission on Environmental Quality

Instructions for Public Notice for Municipal Solid Waste Permit Notice of Application and Preliminary Decision

The Executive Director has completed the technical review of your application and issued a preliminary decision. You must comply with the following instructions:

Please Review Notice

We have included in the notice all of the information that we believe is necessary. Please read it carefully and notify us immediately if it contains any errors or omissions. You are responsible for ensuring the accuracy of all information published. You may not change the text or formatting of the notice or affidavit of publication without prior approval from the TCEQ.

Newspaper Notice

- You must publish the enclosed Notice of Application and Preliminary Decision **within 45 calendar days** after the date this information was mailed to you (see date of cover letter).
- You must publish the enclosed Notice of Application and Preliminary Decision at your expense, in a newspaper(s) that meets the following requirements:
    - First. You must publish notice either: (1) in the newspaper of largest general circulation *that is published in the county* in which the facility is located or is proposed to be located, or (2) if a newspaper is not published in the county, the notice must be published in any newspaper of general circulation in the county; and
    - Second. You must publish the enclosed Notice of Application and Preliminary Decision at least once in the same newspaper as the Notice of Receipt of Application and Intent to Obtain Permit
- The bold text of the enclosed notice must be printed in the newspaper in a font style or size that distinguishes it from the rest of the notice (i.e., **bold**, *italics*). *Failure to do so may require re-notice.*

Alternative Language Notice

If your application was received on or after November 30, 2005, you must publish notice in an alternative language if the following criteria are met.

- You must publish the public notice in an alternative language if either the elementary or middle school nearest to the facility or proposed facility is required to provide a bilingual education program as required by Texas Education Code, Chapter 29, Subchapter B, and Title 19 Texas Administrative Code § 89.1205(a) and one of the following conditions is met:
    - students are enrolled in a program at that school;

- students from that school attend a bilingual education program at another location; or
- the school that otherwise would be required to provide a bilingual education program waives out of this requirement under 19 Tex. Admin. Code § 89.1205(g).

- If triggered, you must publish the notice in the alternative language taught in the bilingual education program. You must publish this notice in a newspaper or publication primarily published in that alternative language. The newspaper or publication must be of general circulation in the county in which the facility is located or proposed to be located. If the facility is located or proposed to be located in a municipality, and there exists a newspaper or publication of general circulation in the municipality, you must publish the notice only in the newspaper or publication in the municipality.

- You must demonstrate a good faith effort to identify a newspaper or publication in the required language. If there is no general circulation newspaper or publication printed in such language, then publishing in that language is not required. Publication in an alternative language section or insert within a large publication which is not printed primarily in that alternative language does not satisfy these requirements.

- You have the burden to demonstrate compliance with these requirements. To assist you in meeting these requirements, the TCEQ has provided a Public Notice Verification Form (enclosed). You must fill out the attached Public Notice Verification Form indicating your compliance with the requirements regarding publication in an alternative language.

- If you are required to publish notice in Spanish, you must translate the site-specific information in the notice that is specific to your application, at your own expense. You may then insert the Spanish translation of your site-specific information into a Spanish template developed by the TCEQ. You may obtain the electronic version of the Spanish template from the TCEQ website at <www.tceq.texas.gov/permitting/waste_permits/wastespanishtemplates.html>

- If you are required to publish notice in a language other than Spanish, you must translate the entire public notice, at your own expense.

Proof of Publication

Check each publication to ensure that the notices were accurately published. If a notice was not published correctly you may have to republish.

- For *each* newspaper in which you published, you must submit **proof of publication** that shows the notice, the date of publication, and the name of the newspaper to the TCEQ Waste Permits Division within *10 business days* after the date of publication. It is recommended that you maintain the original newspaper clipping or tear sheet of the notice for your records.

- For each newspaper notice, you must submit an *original publisher's affidavit* to the TCEQ Waste Permits Division within *30 calendar days* after the date of publication. *For each required published notice, you must use the appropriate Publisher's Affidavit form that is enclosed with these instructions.* The affidavit must clearly identify the applicant's name and permit number. *If you are using one newspaper to satisfy all publication requirements, you must still fill out all affidavits checking the relevant boxes for the criteria that the newspaper satisfies.*

- You are encouraged to submit the Publisher's Affidavits with the proof of publication described above. However, the affidavits must be submitted no later than *30 calendar days* after publication of the notice.

- You must fill out the attached Public Notice Verification form. On this Form, you must verify that you submitted the notices and the original Publisher's Affidavits as required by the

- The ***original Publisher's Affidavits, the Public Notice Verification Form, and the proof of publication of the published notices*** must be emailed to WPD-PNV@tceq.texas.gov.

Failure to Publish and Submit Proof of Publication

If you fail to publish the notice or submit proof of publication by the deadlines set forth above, then the TCEQ may suspend further processing on your application or take other actions.

Application in a Public Place

More than 600 laws go into effect Sept. 1; here's some that might affect y

By Andrew Zhang
texastribune.org

Six hundred and sixty-six new Texas laws will go into effect this Wednesday. Debated, passed and signed during the 87th Texas Legislature, these laws include changes to public safety, health care and K-12 education.

Not every bill signed into law during the regular session will go into effect Sept. 1. Some bills went into effect as soon as they were signed. For example, Senate Bill 968, which banned "vaccine passports" in Texas, became law when Gov. Greg Abbott signed it in June. Other bills, like one that revises eminent domain negotiations between landowners and companies, will become law on Jan. 1, 2022.

The legislature is currently in its second special session, which Abbott primarily called to advance the GOP-backed voting restrictions bill. Lawmakers are discussing other topics, including changes to the bail system and limits on transgender Texans from competing on school sports teams. At least one more special session will be called this fall to address redistricting.

But in the meantime, here's a list of the new laws you should know:

Texas' 2022-2023 budget: SB 1 provides nearly $250 billion for Texas, with notable funds going toward public higher education. Abbott line-item vetoed the part of the budget that funds the Texas Legislature and the people who staff it — but lawmakers may restore funding during this summer's second special session.

Permitless carry: House Bill 1927 allows Texans ages 21 and older to carry handguns without training or a license as long as they are not legally prevented from doing so.

Abortion restrictions: SB 8 prohibits abortions as early as six weeks into pregnancy. In lieu of government enforcement, private individuals can sue abortion providers or people who assist abortion after detection of a fetal heartbeat. Abortion providers are suing to block the law. Additionally, HB 1280 would outlaw abortion in Texas 30 days after any potential U.S. Supreme Court decision overturns Roe v. Wade.

Medical marijuana expansion: People with any form of cancer or post-traumatic stress disorder now have access to low-THC cannabis for medical purposes. HB 1535 is an expansion of the Texas Compassionate Use Program, which allows people with conditions such as epilepsy and autism to access medical marijuana.

Reducing barriers to SNAP: SB 224 simplifies access to the Supplemental Nutrition Assistance Program for seniors and disabled people on fixed incomes. Eligible individuals can forgo enrollment interviews and have a shortened application process.

Funding the "1836 Project": HB 2497 establishes an "1836 Project" committee to produce patriotic Texas history materials, which will be distributed through channels such as when people receive driver's licenses. The initiative's name mirrors the "1619 Project," a New York Times publication examining U.S. history from the arrival of enslaved people.

Social studies curriculum changes: HB 3979 limits teachers from discussing current events and systemic racism in class. The bill also prevents students from receiving class credit for participating in civic engagement and bans teaching of the "1619 Project."

"Star Spangled Banner Protection Act": Professional sports teams with state funding are required to play the national anthem before games under SB 4.

Reducing pre-K class sizes: Prekindergarten classes are now capped at 22 students — the same maximum class size of other elementary school grades — under SB 2081.

New state employee retirement accounts: SB 321 enrolls new state workers hired after Sept. 1, 2022, in a cash-balance plan, which deposits a percentage of a worker's annual compensation in retirement accounts and is similar to a 401(k) retirement account. Currently, employees have defined-benefit retirement accounts based on employment position and previous salaries.

Shielding companies from car crash liability: HB 19 requires drivers of commercial vehicles — including Ubers, Lyfts and delivery trucks — to be found liable in court for causing a car crash resulting in injury or death before a case can be brought against their employer.

Active shooter alert system: HB 103 creates the Texas Active Shooter Alert System, which will notify Texans in the vicinity of an active shooting scene through their phones. The system can be activated by request of local law enforcement.

Police body cameras: HB 929 requires police officers to keep body cameras on during the entirety of active investigations. The law is named after Botham Jean, who was fatally shot in his apartment while eating ice cream by a Dallas police officer in 2018.

Banning unnecessary police chokeholds: Police officers are now prohibited from using chokeholds or excessive force during arrests unless necessary to prevent officer or bystander injury under SB 69. Officers who witness violations are required to report the incident.

Online ballot tracking system: HB 1382 creates an online tracking system for mail-in ballo applications for ballots. The system run by the Texas Sec State.

Punishing cities cut police budg municipalities w population of mo 250,000 reduce the budget, HB 1900 al state to financially the cities by reduc tax revenues and p increases in property

Felony punishm blocking emergency HB 9 will make access to a hospit emergency vehicle lights and sirens on a felony. The bill wa as a response to being arrested for ambulances during Lives Matter prot summer.

It's hard to believe it's been twenty years since that dreadful day September 11, 2001 when the plane took out the World Trade Center in New York. We'll never forget.

Remember to pray for our Country as never before, for the 13 fallen Heroes families, and for those "left behind" in Afganistan. Never forget.

41st Annual Kosse Bazaar planned for October

Contributed article

October 2nd will be a "happening" day in Kosse when The Kosse First United Methodist Church holds its' 41st annual bazaar at the Methodist Memorial Pavilion on Hwy. 14S. Things will kick off early with coffee and food available for early shoppers to the white elephant sale. In addition to the white elephant, the bazaar features crafts, a country kitchen with home-canned goods, bake sale, silent auction, a multiprize RAFFLE, a BBQ plate lunch and a live auction. There will be activities and games for the children as well and fun door prizes too.

Our bake sale is famous for its variety and includes specialty items like Italian Cream, Hummingbird and a host of other cakes, pies (including Carolyn Railsback's famous chocolate and coconut cream), cookies, brownies, bread and more. The Country Store features jams, jellies, pickles and other homemade goodies and the craft table always features many beautiful and clever items that would make great anytime gifts or Christmas gifts for the early shopper.

The silent auction will include an assortment of great items and bids will be taken until 1 p.m. This is another great way to start shopping early for Christmas gifts. The Live Auction starts at 1 p.m. and will include a variety of items including a black Angus heifer, a boot filled with coins, Dessert of the Month for 12 months, a quilt donated by Cecilia Fehlau, a trip to Colorado donated by Thomas Q and Ruth Robbins and many other interesting items.

Festivities will also include a BBQ plate lunch including ribs, sausage, beans, potato salad, cole slaw and "fix-ins" to go with it, dessert and a drink for $12.00 per plate. Chicken salad, egg salad and ham salad sandwiches will also be available. All items are available "to go".

Don't forget to buy your raffle tickets!! There are great prizes including a Whirlpool freezer with a $300 Stevens Grocery meat card, a $500 Visa gift card and many more great items. Tickets are $5.00 each or 3 for $10.00 and you don't have to be present to win. Tickets are available at the Kosse Farmers State Bank, any church member or on the day of the bazaar.

This annual bazaar is always a lot of fun for everyone. So come on out, enjoy all the bazaar has to offer and get acquainted again with friends and neighbors that you don't get to see often. We hope to see you there!

The board also has a constitutional duty to manage the state's $50 billion Permanent School Fund.

"We are all concerned about our kids' and grandkids' education – what they are and are not being taught," said Limestone County Republican Women President Kay Alston.

"We believe that at this critical juncture, having our elected State Board of Education member speak, answer our questions and provide insight as to how we can make a difference will be beneficial." she said.

Maynard has represented Limestone County since 2013 and is currently serving his third term. Members of the 15-member board serve four-year terms, each representing about 1.9 million Texans in carrying on the work for some 5.5 million Texas public school students in more than 1,200 school districts and charter schools. Once inside the building, they located and removed an undisclosed amount of cash. A video of the break-in can be seen on the Groesbeck Police Department's Facebook page.

The two suspects then left the donut shop and walked next door where they attempted to pry open the front door of Los Pepe's restaurant but were unsuccessful.

Video footage shows the two suspects appeared to be male. One suspect was wearing blue jeans and a Reebok brand hoodie with a prominent design on the front. The second suspect was wearing nondescript clothing and wore a face mask during the offense. They left in what was described as a dark-colored, SUV or crossover-style vehicle and one of the rear tires appeared to be a small spare.

Texas Commission on Environmental Quality

Notice of Public Meeting
For a Municipal Solid Waste Permit

Proposed Permit No. 2400

Application. The City of Waco, 501 Schroeder Drive, Waco Texas 76710, has applied to the Texas Commission on Environmental Quality (TCEQ) for a permit to authorize the construction and operation of a new Type I Municipal Solid Waste (MSW) landfill. The facility is proposed to be located at 4730 T K Parkway, Axtell 76624 in McLennan and Limestone Counties, Texas. The TCEQ received Parts I and II of this application on August 8, 2018 and Parts III and IV of the complete application on May 29, 2020; as such, this is a continuation of that application and not a new application. The following link to an electronic map of the site or facility's general location is provided as a public courtesy and is not part of the application or notice: https://arcg.is/1irnev0. For exact location, refer to application.

Additional Notice. TCEQ's Executive Director has determined that the application is administratively complete and is conducting a technical review of the application. After the technical review of the application is complete, the Executive Director may prepare a draft permit and will issue a preliminary decision on the application. **Notice of the Application and Preliminary Decision will be published and mailed to those who are on the county-wide mailing list and to those who are on the mailing list for this application. That notice will contain the deadline for submitting public comments.**

Public Comment/Public Meeting. A public meeting will be held and will consist of two parts, an Informal Discussion Period and a Formal Comment Period. A public meeting is not a contested case hearing under the Administrative Procedure Act. During the Informal Discussion Period, the public will be encouraged to ask questions of the applicant and TCEQ staff concerning the permit application. The comments and questions submitted orally during the Informal Discussion Period will not be considered before a decision is reached on the permit application and no formal response will be made. Response will be provided orally during the Informal Discussion Period. During the Formal Discussion Period on the permit application, members of the public may state their formal comments orally into the official record. A written response to all formal comments will be prepared by the Executive Director. All formal comments will be considered before a decision is reached on the permit application. A copy of the written response will be sent to each person who submits a formal comment or who requested to be on the mailing list for this permit application and provides a mailing address. Only relevant and material issues raised during the Formal Comment Period can be considered if a contested case hearing is granted on this permit application.

Texas Commission on Environmental Quality

Notice of Public Meeting
For a Municipal Solid Waste Permit

Proposed Permit No. 2400

Application. The City of Waco, 501 Schroeder Drive, Waco Texas 76710~~P. O. Box 2570, Waco, McLennan County, Texas 76702~~, has applied to the Texas Commission on Environmental Quality (TCEQ) for a permit to authorize the construction and operation of a new Type I Municipal Solid Waste (MSW) landfill. The facility is proposed to be located at 4730 T K Parkway, Axtell 76624 in McLennan and Limestone Counties, Texas. The TCEQ received Parts I and II of this application on August 8, 2018 and Parts III and IV of the complete application on May 29, 2020; as such, this is a continuation of that application and not a new application. The following link to an electronic map of the site or facility's general location is provided as a public courtesy and is not part of the application or notice: https://arcg.is/1irnev0. For exact location, refer to application.

Additional Notice. TCEQ's Executive Director has determined that the application is administratively complete and is conducting a technical review of the application. That notice will contain the deadline for submitting public comments.**

Public Comment/Public Meeting. A public meeting will be held and will consist of two parts, an Informal Discussion Period and a Formal Comment Period. A public meeting is not a contested case hearing under the Administrative Procedure Act. During the Informal Discussion Period, the public will be encouraged to ask questions of the applicant and TCEQ staff concerning the permit application. The comments and questions submitted orally during the Informal Discussion Period will not be considered before a decision is reached on the permit application and no formal response will be made. Response will be provided orally during the Informal Discussion Period. During the Formal Discussion Period on the permit application, members of the public may state their formal comments orally into the official record. A written response to all formal comments will be prepared by the Executive Director. All formal comments will be considered before a decision is reached on the permit application. A copy of the written response will be sent to each person who submits a formal comment or who requested to be on the mailing list for this permit application and provides a mailing address. Only relevant and material issues raised during the Formal Comment Period can be considered if a contested case hearing is granted on this permit application.

A public meeting is not a contested case hearing under the Administrative Procedure Act. During the Informal Discussion Period, the public will be encouraged to ask questions of the applicant and TCEQ staff concerning the permit application. The comments and questions submitted orally during the Informal Discussion Period will not be considered before a decision is reached on the permit application and no formal response will be made. Response will be provided orally during the Informal Discussion Period. During the Formal Discussion Period on the permit application, members of the public may state their formal comments orally into the official record. A written response to all formal comments will be prepared by the Executive Director. All formal comments will be considered before a decision is reached on the permit application. A copy of the written response will be sent to each person who submits a formal comment or who requested to be on the mailing list for this permit application and provides a mailing address. A public meeting is not a contested case hearing.

OPPORTUNITY FOR A CONTESTED CASE HEARING. After the deadline for submitting public comments, the Executive Director will consider all timely comments and prepare a response to all relevant and material, or significant public comments. **Unless the application is directly referred for a contested case hearing, the response to comments, and the Executive Director's decision on the application, will be mailed to everyone who submitted public comments and to those persons who are on the mailing list for this application. The Commission may only grant a request for a contested case hearing on issues the requestor submitted in their timely comments that were not subsequently withdrawn. **If a hearing is granted, the subject of a hearing will be limited to disputed issues of fact or mixed questions of fact and law relating to relevant and material water quality concerns submitted during the comment period.**

Man sentenced to 35 years for assaulting, strangling wom

Mexia News Staff Report
news@themexianews.com

A man formerly of Mexia received a 35-year prison sentence Thursday from 77th District Judge Patrick Simmons for an assault he committed a year ago.

Simmons sentenced Alan Charles Brown to 35 years in the Texas Department of Criminal Justice for assault family violence by occlusion, meaning choking, and to 2 months in the Limestone County Jail for assault family violence causing bodily injury. The assault occurred on July 5, 2018

Brown was convicted of the crime after a trial heard by jury on June 10-12.

At the trial, the victim testified she had come to Mexia with Brown to meet his family. They went to a party where Brown became intoxicated. The victim got tired and eventually was able to talk him into going back to the hotel. At the hotel, the victim fell asleep. She woke up to find Brown straddling her on the bed and he began punching her in the face with a closed fist. She got away from him, then he picked her up by her throat and choked her. He then threw her against the wall, causing her to hit her head on a table, and kicked her while she was lying on the floor.

According to the victim, the altercation went on for several hours. During that time, he burned her with a cigarette and also threatened to throw her out of a window.

Hotel employees checked on the room several times after others complained of noise coming from the room. Eventually, the victim came to the front desk and asked the hotel employee to call 911. The employee put the victim in the business office and locked the door to protect her because Brown had followed the victim downstairs. He beat on the window to try to get the victim to come out of the office but eventually left before the police arrived.

Mexia police officers found Brown at a relative's house not far from the motel and arrested him.

At the trial, besides finding Brown guilty, the jury also found that a deadly weapon, i.e., his hand or hands or knee or foot, had been used or exhibited during the course of the choking.

Brown elected to have Judge Simmons assess his punishment, and Simmons ordered a pre-sentence report and set the case for a hearing.

At the sentencing hearing, on July 18, Assistant County Attorney Beth Toben, who prosecuted the case with County Attorney Roy DeFriend, showed that Brown, 38, had previously served time in the Texas Department of Criminal Justice Institutional Division for bail-jumping in 2006 and for burglary-of-a-habitation in 2011, which made the punishment range that of a habitual felon – not less than 25 years and not more than 99 years to life.

The state also presented further evidence of Brown's criminal history including that he had successfully completed deferred adjudication for felony theft in 2004, and that he was on felony probation for unlawful possession of a firearm in another county at the time of the choking in Mexia.

The state also brought up several other misdemeanor convictions, including a Class C assault. Brandy Agnew, Limestone County chief probation officer, also testified about Brown's background and what he had told her about his criminal convictions.

Because of the deadly weapon finding, Brown will not be eligible for parole until he has served half his sentence. However, eligibility for parole does not mean parole will be granted.

"This habitual criminal is now behind bars, and we hope the parole board will keep him there for a long time," DeFriend said. "I commend the victim in this case for having the courage to end her relationship with the defendant and for having the courage to testify in court. I would also like to express my appreciation to the Mexia Police Departm brave young hotel cl took the initiative to i in a dangerous situat Family Abuse Center that also serves the of Limestone County, Limestone Communit vision Department.

"Domestic violen problem in our cou across the country," D continued. "It takes e working together to justice in these cases. constantly working prove how our con responds to these ca cause of their comp dangerous nature. I co our law enforcement and the jurors in th for helping to do so about this situation, judge for assessing a and just punishment."

Texas Commission on Environmental Quality

Notice of Receipt of Application and Intent to Obtain Municipal Solid Waste Permit Proposed Permit No. 2400

Application. The City of Waco, 401 Franklin Avenue, Waco, McLennan County, Texas 76701, has applied to the Texas Commission on Environmental Quality (TCEQ) for a permit to authorize the construction and operation of a new Type I Municipal Solid Waste (MSW) landfill. The facility is proposed to be located at 4730 T K Parkway, Axtell, 76624 in McLennan and Limestone Counties, Texas. The TCEQ received this application on August 8, 2018. The permit application is available for viewing and copying at the Waco-McLennan County Central Library, 1717 Austin Avenue, Waco, McLennan County, Texas 76701 and may be viewed online at: https://www.waco-texas.com/landfill-application-process.asp. The following link to an electronic map of the site or facility's general location is provided as a public courtesy and is not part of the application or notice: https://www.tceq.texas.gov/assets/public/hb610/index.html?lat=31.701388&lng=-96.931111&zoom=13&type=r. For exact location, refer to application.

Additional Notice. TCEQ's Executive Director has determined the application is administratively complete and will conduct a technical review of the application. After technical review of the application is complete, the Executive Director may prepare a draft permit and will issue a preliminary decision on the application. **Notice of the Application and Preliminary Decision will be published and mailed to those who are on the county-wide mailing list and to those who are on the mailing list for this application. That notice will contain the deadline for submitting public comments.**

Public Comment/Public Meeting. You may submit public comments or request a public meeting on this application. The purpose of a public meeting is to provide the opportunity to submit comments or to ask questions about the application. TCEQ will hold a public meeting if the Executive Director determines that there is a significant degree of public interest in the application or if requested by a local legislator. A public meeting is not a contested case hearing.

Opportunity for a Contested Case Hearing. After the deadline for submitting public comments, the Executive Director will consider all timely comments and prepare a response to all relevant and material, or significant public comments. **Unless the application is directly referred for a contested case hearing, the response to comments, and the Executive Director's decision on the application, will be mailed to everyone who submitted public comments and to those persons who are on the mailing list for this application. If comments are received, the mailing will also provide instructions for requesting reconsideration of the Executive Director's decision and for requesting a contested case hearing. A person who may be affected by the facility is entitled to request a contested case hearing from the commission.** A contested case hearing is a legal proceeding similar to a civil trial in state district court.

To Request a Contested Case Hearing, You Must Include The Following Items in Your Request: your name, address, phone number; applicant's name and permit number; the location and distance of your property/activities relative to the facility; a specific description of how you would be adversely affected by the facility in a way not common to the general public; a list of all disputed issues of fact that you submitted during the comment period, and the statement "[I/we] request a contested case hearing." If the request for contested case hearing is filed on behalf of a group or association, the request must designate the group's representative for receiving future correspondence; identify by name and physical address an individual member of the group who would be adversely affected by the facility or activity; provide the information discussed above regarding the affected member's location and distance from the facility or activity; explain how and why the member would be affected; and explain how the interests the group seeks to protect are relevant to the group's purpose.

Following the close of all applicable comment and request periods, the Executive Director will forward the application and any requests for reconsideration or for a contested case hearing to the TCEQ Commissioners for their consideration at a scheduled Commission meeting. The Commission may only grant a request for a contested case hearing on issues the requestor submitted in their timely comments that were not subsequently withdrawn.

If a hearing is granted, the subject of a hearing will be limited to disputed issues of fact or mixed questions of fact and law that are relevant and material to the Commission's decision on the application submitted during the comment period.

Mailing List. If you submit public comments, a request for a contested case hearing or a reconsideration of the Executive Director's decision, you will be added to the mailing list for this application to receive future public notices mailed by the Office of the Chief Clerk. In addition, you may request to be placed on: (1) the permanent mailing list for a specific applicant name and permit number; and/or (2) the mailing list for a specific county. To be placed on the permanent and/or the county mailing list, clearly specify which list(s) and send your request to TCEQ Office of the Chief Clerk at the address below.

If comments are received, the mailing will also provide instructions for requesting reconsideration of the Executive Director's decision and for requesting a contested case hearing. A person who may be affected by the facility is entitled to request a contested case hearing from the commission.** A contested case hearing is a legal proceeding similar to a civil trial in state district court.

To Request a Contested Case Hearing, You Must Include The Following Items in Your Request: your name, address, phone number; applicant's name and permit number; the location and distance of your property/activities relative to the facility; a specific description of how you would be adversely affected by the facility in a way not common to the general public; a list of all disputed issues of fact that you submitted during the comment period, and the statement "[I/we] request a contested case hearing." If the request for contested case hearing is filed on behalf of a group or association, the request must designate the group's representative for receiving future correspondence; identify by name and physical address an individual member of the group who would be adversely affected by the facility or activity; provide the information discussed above regarding the affected member's location and distance from the facility or activity; explain how and why the member would be affected; and explain how the interests the group seeks to protect are relevant to the group's purpose.

Following the close of all applicable comment and request periods, the Executive Director will forward the application and any requests for reconsideration or for a contested case hearing to the TCEQ Commissioners for their consideration at a scheduled Commission meeting. The Commission may only grant a request for a contested case hearing on issues the requestor submitted in their timely comments that were not subsequently withdrawn.

If a hearing is granted, the subject of a hearing will be limited to disputed issues of fact or mixed questions of fact and law that are relevant and material to the Commission's decision on the application submitted during the comment period.

Mailing List. If you submit public comments, a request for a contested case hearing or a reconsideration of the Executive Director's decision, you will be added to the mailing list for this application to receive future public notices mailed by the Office of the Chief Clerk. In addition, you may request to be placed on: (1) the permanent mailing list for a specific applicant name and permit number; and/or (2) the mailing list for a specific county. Notice of Receipt of Application and Intent to Obtain Municipal Solid Waste Permit

Proposed Permit No. 2400

Application. The City of Waco, 401 Franklin Avenue, Waco, McLennan County, Texas 76701, has applied to the Texas Commission on Environmental Quality (TCEQ) for a permit to authorize the construction and operation of a new Type I Municipal Solid Waste (MSW) landfill. The facility is proposed to be located at 4730 T K Parkway, Axtell, 76624 in McLennan and Limestone Counties, Texas. The TCEQ received this application on August 8, 2018. The permit application is available for viewing and copying at the Waco-McLennan County Central Library, 1717 Austin Avenue, Waco, McLennan County, Texas 76701 and may be viewed online at: https://www.waco-texas.com/landfill-application-process.asp. The following link to an electronic map of the site or facility's general location is provided as a public courtesy and is not part of the application or notice: https://www.tceq.texas.gov/assets/public/hb610/index.html?lat=31.701388&lng=-96.931111&zoom=13&type=r. For exact location, refer to application.

Additional Notice. TCEQ's Executive Director has determined the application is administratively complete and will conduct a technical review of the application. After technical review of the application is complete, the Executive Director may prepare a draft permit and will issue a preliminary decision on the application. **Notice of the Application and Preliminary Decision will be published and mailed to those who are on the county-wide mailing list and to those who are on the mailing list for this application. That notice will contain the deadline for submitting public comments.**

Public Comment/Public Meeting. You may submit public comments or request a public meeting on this application. The purpose of a public meeting is to provide the opportunity to submit comments or to ask questions about the application. TCEQ will hold a public meeting if the Executive Director determines that there is a significant degree of public interest in the application or if requested by a local legislator. A public meeting is not a contested case hearing.

Opportunity for a Contested Case Hearing. After the deadline for submitting public comments, the Executive Director will consider all timely comments and prepare a response to all relevant and material, or significant public comments. **Unless the application is directly referred for a contested case hearing, the response to comments, and the Executive Director's decision on the application, will be mailed to everyone who submitted public comments and to those persons who are on the mailing list for this application. If comments are received, the mailing will also provide instructions for requesting reconsideration of the Executive Director's decision and for requesting a contested case hearing. A person who may be affected by the facility is entitled to request a contested case hearing from the commission.** A contested case hearing is a legal proceeding similar to a civil trial in state district court.

To Request a Contested Case Hearing, You Must Include The Following Items in Your Request: your name, address, phone number; applicant's name and permit number; the

location and distance of your property/activities relative to the facility; a specific description of how you would be adversely affected by the facility in a way not common to the general public; a list of all disputed issues of fact that you submitted during the comment period, and the statement "[I/we] request a contested case hearing." If the request for contested case hearing is filed on behalf of a group or association, the request must designate the group's representative for receiving future correspondence; identify by name and physical address an individual member of the group who would be adversely affected by the facility or activity; provide the information discussed above regarding the affected member's location and distance from the facility or activity; explain how and why the member would be affected; and explain how the interests the group seeks to protect are relevant to the group's purpose.

Following the close of all applicable comment and request periods, the Executive Director will forward the application and any requests for reconsideration or for a contested case hearing to the TCEQ Commissioners for their consideration at a scheduled Commission meeting. The Commission may only grant a request for a contested case hearing on issues the requestor submitted in their timely comments that were not subsequently withdrawn.

If a hearing is granted, the subject of a hearing will be limited to disputed issues of fact or mixed questions of fact and law that are relevant and material to the Commission's decision on the application submitted during the comment period.

Mailing List. If you submit public comments, a request for a contested case hearing or a reconsideration of the Executive Director's decision, you will be added to the mailing list for this application to receive future public notices mailed by the Office of the Chief Clerk. In addition, you may request to be placed on: (1) the permanent mailing list for a specific applicant name and permit number; and/or (2) the mailing list for a specific county. To be placed on the permanent and/or the county mailing list, clearly specify which list(s) and send your request to TCEQ Office of the Chief Clerk at the address below.

Information Available Online. For details about the status of the application, visit the Commissioners' Integrated Database (CID) at <www.tceq.texas.gov/goto/cid>. Once you have access to the CID using the above link, enter the permit number for this application, which is provided at the top of this notice.

NOTICE OF RECEIPT OF APPLICATION AND INTENT TO OBTAIN PERMIT

Your application has been declared administratively complete and now you must comply with the following instructions:

Please Review Notice

Included in the notice is all of the necessary information. Please read it carefully and notify Ms. Dawn Dollins immediately if it contains any errors or omissions. You are responsible for ensuring the accuracy of all information published. You may not change the text or formatting of the notice without prior approval from the TCEQ.

Newspaper Notice

- You must publish the enclosed Notice of Receipt of Application and Intent to Obtain Permit within **30 calendar days** after the date of administrative completeness. Refer to the cover letter for the date of administrative completeness.
- You must publish the enclosed Notice of Receipt of Application and Intent to Obtain Permit at your expense, at least once in a newspaper(s) meeting the following requirements:
  - First. You must publish notice either 1) in the newspaper of largest circulation within the county where the facility is or is proposed to be located or, 2) if the facility is located or is proposed to be located in a municipality, in any newspaper of general circulation in the municipality, and
  - Second. You must publish notice either 1) in the newspaper of largest general circulation *that is published in the county* in which the facility is located or is proposed to be located, or 2) if a newspaper is not published in the county, the notice must be published in any newspaper of general circulation in the county.
- These requirements may be satisfied by one publication if the newspaper meets all of these requirements.
- The bold text of the enclosed notice must be printed in the newspaper in a font style or size that distinguishes it from the rest of the notice (i.e., **bold** font, *italics*). **Failure to do so may require re-notice.**

Alternative Language Notice

If your application was received on or after November 30, 2005, you must publish notice in an alternative language if the following criteria are met.

- You must publish the public notice in an alternative language if either the elementary or middle school nearest to the facility or proposed facility is required to provide a bilingual education program as required by TEX. EDUC. CODE, Chapter 29, Subchapter B, and 19 TEX. ADMIN. CODE § 89.1205(a) and one of the following conditions is met:
  - students are enrolled in a program at that school;
  - students from that school attend a bilingual education program at another location; or
  - the school that otherwise would be required to provide a bilingual education program waives out of this requirement under 19 TEX. ADMIN. CODE § 89.1205(g).

You must publish this notice in a newspaper or publication primarily published in that alternative language. The newspaper or publication must be of general circulation in the county in which the facility is located or proposed to be located. - You must demonstrate a good faith effort to identify a newspaper or publication in the required language. If there is no general circulation newspaper or publication printed in such language, then publishing in that language is not required. Publication in an alternative language section or insert within a large publication which is not printed primarily in that alternative language does not satisfy these requirements.
- You have the burden to demonstrate compliance with these requirements. To assist you in meeting these requirements, the TCEQ has provided a Public Notice Verification Form (enclosed). You must fill out the attached Public Notice Verification Form indicating your compliance with the requirements regarding publication in an alternative language.
- If you are required to publish notice in Spanish, you must translate the site-specific information in the notice that is specific to your application, at your own expense. You may then insert the Spanish translation of your site-specific information into a Spanish template developed by the TCEQ. You may obtain the electronic version of the Spanish template from the TCEQ website at www.tceq.state.tx.us/permitting/waste_permits/wastespanishtemplates.html.
- If you are required to publish notice in a language other than Spanish, you must translate the entire public notice, at your own expense.

Proof of Publication

- Check each publication to ensure that the notices were accurately published. If a notice was not published correctly you may have to republish.
- For **each** newspaper in which you published, you must submit ***proof of publication*** that shows the notice, the date of publication, and the name of the newspaper to the Office of the Chief Clerk within **10 business days** after the date of publication. Acceptable proof of publication is: (1) a copy of the published notice; or (2) the original newspaper clipping of

the published notice. If you choose to submit a copy of the published notice to the Office of the Chief Clerk, the copy must be on standard-size 8½" x 11" paper. TEXAS COMMISSION ON ENVIRONMENTAL QUALITY

INSTRUCTIONS FOR PUBLIC NOTICE
for Municipal Solid Waste Permits
NOTICE OF RECEIPT OF APPLICATION AND INTENT TO OBTAIN PERMIT

Your application has been declared administratively complete and now you must comply with the following instructions:

Please Review Notice

Included in the notice is all of the necessary information. Please read it carefully and notify Ms. Dawn Dollins immediately if it contains any errors or omissions. You are responsible for ensuring the accuracy of all information published. You may not change the text or formatting of the notice without prior approval from the TCEQ.

Newspaper Notice

- You must publish the enclosed Notice of Receipt of Application and Intent to Obtain Permit within **30 calendar days** after the date of administrative completeness. Refer to the cover letter for the date of administrative completeness.

- You must publish the enclosed Notice of Receipt of Application and Intent to Obtain Permit at your expense, at least once in a newspaper(s) meeting the following requirements:

    - First. You must publish notice either 1) in the newspaper of largest circulation within the county where the facility is or is proposed to be located or, 2) if the facility is located or is proposed to be located in a municipality, in any newspaper of general circulation in the municipality, and

    - Second. You must publish notice either 1) in the newspaper of largest general circulation *that is published in the county* in which the facility is located or is proposed to be located, or 2) if a newspaper is not published in the county, the notice must be published in any newspaper of general circulation in the county.

- These requirements may be satisfied by one publication if the newspaper meets all of these requirements.

- The bold text of the enclosed notice must be printed in the newspaper in a font style or size that distinguishes it from the rest of the notice (i.e., **bold** font, *italics*). **Failure to do so may require re-notice.**

Alternative Language Notice

If your application was received on or after November 30, 2005, you must publish notice in an alternative language if the following criteria are met.

- You must publish the public notice in an alternative language if either the elementary or middle school nearest to the facility or proposed facility is required to provide a bilingual education program as required by Tex. Educ. Code, Chapter 29, Subchapter B, and 19 Tex. Admin. Code § 89.1205(a) and one of the following conditions is met:
  - students are enrolled in a program at that school;
  - students from that school attend a bilingual education program at another location; or
  - the school that otherwise would be required to provide a bilingual education program waives out of this requirement under 19 Tex. Admin. Code § 89.1205(g).
- If triggered, you must publish the notice in the alternative language taught in the bilingual education program. You must publish this notice in a newspaper or publication primarily published in that alternative language. The newspaper or publication must be of general circulation in the county in which the facility is located or proposed to be located. If the facility is located or proposed to be located in a municipality, and there exists a newspaper or publication of general circulation in the municipality, you must publish the notice only in the newspaper or publication in the municipality.
- You must demonstrate a good faith effort to identify a newspaper or publication in the required language. If there is no general circulation newspaper or publication printed in such language, then publishing in that language is not required. Publication in an alternative language section or insert within a large publication which is not printed primarily in that alternative language does not satisfy these requirements.
- You have the burden to demonstrate compliance with these requirements. To assist you in meeting these requirements, the TCEQ has provided a Public Notice Verification Form (enclosed). You must fill out the attached Public Notice Verification Form indicating your compliance with the requirements regarding publication in an alternative language.
- If you are required to publish notice in Spanish, you must translate the site-specific information in the notice that is specific to your application, at your own expense. You may then insert the Spanish translation of your site-specific information into a Spanish template developed by the TCEQ. You may obtain the electronic version of the Spanish template from the TCEQ website at <www.tceq.texas.gov/permitting/waste_permits/wastespanishtemplates.html>.
- If you are required to publish notice in a language other than Spanish, you must translate the entire public notice, at your own expense.

Proof of Publication

- Check each publication to ensure that the notices were accurately published. If a notice was not published correctly you may have to republish.
- For **each** newspaper in which you published, you must submit ***proof of publication*** that shows the notice, the date of publication, and the name of the newspaper to the Office of the Chief Clerk within **10 business days** after the date of publication. Acceptable proof of publication is: (1) a copy of the published notice; or (2) the original newspaper clipping of

the published notice. If you choose to submit a copy of the published notice to the Office of the Chief Clerk, the copy must be on standard-size 8½" x 11" paper. Published notices longer than 11" must be copied onto multiple 8½" x 11" pages. Please note, submitting a copy of your published notice could result in faster processing of your application. It is recommended that you maintain the original newspaper clipping or tear sheet of the notice for your records.

- For each newspaper notice, you must submit an **original Publisher's Affidavit** to the Office of the Chief Clerk within **30 calendar days** after the date of publication. **For each required published notice, you must use the appropriate Publisher's Affidavit form that is enclosed with these instructions.** The affidavit must clearly identify the applicant's name and permit number. **If you are using one newspaper to satisfy all publication requirements, you must still fill out affidavits #1 and #2, checking the relevant boxes for the criteria that the newspaper satisfies.**

- You are encouraged to submit the affidavits with the proof of publication described above. However, the affidavits must be submitted no later than **30 calendar days** after publication of notice.

- You must fill out the attached Public Notice Verification form. On this Form, you must verify that you submitted the notices and the original Publisher's Affidavits as required by the TCEQ's regulations and instructions. This form must be submitted with the Publisher's Affidavits within **30 calendar days** after publication of the notice.

- The **original Publisher's Affidavits, the Public Notice Verification form, and the proof of publication** must be mailed to:

  TCEQ
  Office of the Chief Clerk, MC 105
  Attn: Notice Team
  P.O. Box 13087
  Austin, Texas 78711-3087

Failure to Publish and Submit Proof of Publication

If you fail to publish the notice or submit proof of publication by the deadlines set forth above, the TCEQ may suspend further processing of your application or take other action.

Application in a Public Place

- You must put a copy of the administratively complete application in a public place for review and copying by the public. This public place must be located in the county where the facility is or proposed to be located.

- A public place is one that is publicly owned or operated (ex: libraries, county courthouses, or city halls).

- The administratively complete application must be available **beginning on the first day of newspaper publication and must remain in place until the end of the comment period.**

- During the technical review, you must update the publicly available application so that it includes all application revisions within **10 business days** from the date the revision is transmitted to the TCEQ.

- If the application was submitted to the TCEQ with information marked as confidential, you must indicate in the public copy of the application that there is additional information in a confidential file. These portions of the application must be accompanied with the following statement: "Any request for portions of this application that are marked as confidential must be submitted in writing, pursuant to the Public Information Act, to the TCEQ Public Information Coordinator, MC 197, P.O. Box 13087, Austin, Texas 78711-3087."

- You must fill out the attached Public Notice Verification form. On this Form, you must verify that a complete application and all subsequent revisions are available for review and copying in a public place as required by the TCEQ's regulations and instructions. This Form must be submitted with the Publisher's Affidavit within **30 calendar days** after publication of the notice.
