RE: Notice of Hearing Package  
Applicant Name: Exflur Research Corporation  
Facility Location: Williamson County, Texas  
Permit Number: 165848  
Type of Authorization: New

Dear Mr. Seal and Mr. Bierschenk,

As you know, the Chief Clerk's Office has referred this matter over to the State Office of Administrative Hearings (SOAH) for a contested case hearing on your application.

SOAH will conduct a preliminary hearing via Zoom video conference at:

10:00 a.m. – May 30, 2023

You are now required to publish notice for this hearing. To help you meet the requirements associated with this notice, we have enclosed the following items:

- Notice for Newspaper Publication
- Instructions for Notice of Hearing
- Affidavit of Publication

Please note that it is **VERY IMPORTANT** that you follow **ALL** directions in the **ENCLOSED INSTRUCTIONS**. If you do not, you may be required to republish the notice. One of the most common mistakes we see is the unauthorized changing of notice wording or font. If you have any questions, please contact us before you proceed with publication.

The following items and time limitations are also described in the enclosed instructions. However, due to their importance, we want to highlight them for you.

1. Publish the enclosed notice within at least **30 calendar days** prior to the date of the hearing.

2. Return **acceptable proof of publication** of the complete notice, which shows publication date and newspaper name, to the TCEQ Office of the Chief Clerk within **10 business days** after notice is published in the newspaper.
3. Return the original enclosed *Affidavit of Publication* to the TCEQ Office of the Chief Clerk within **30 calendar days** after the notice is published in the newspaper.

If you do not comply with all requirements described in the instructions, further processing of your application may be suspended or the commission may take other actions.

As required by 30 TAC § 80.118(c), the TCEQ Office of the Chief Clerk (OCC) will provide the administrative record to SOAH, and will retain one copy for its files. In addition, one copy of the administrative record will be provided to you by the OCC on CD. Neither SOAH nor TCEQ is responsible for providing additional copies to the parties. However, the OCC can provide copies upon request.

The administrative record is not in evidence until properly offered by motion of a party, and subsequently admitted by the Administrative Law Judge, pursuant to 30 TAC § 80.127(h). The party seeking admission of the administrative record must supply copies to the other parties in the proceeding at the time it is offered, or by agreement of the parties.

If you have any questions regarding publication requirements, please contact the SOAH Docket Clerk in the TCEQ Office of the Chief Clerk at 512-239-3300. If you have any other questions, please contact Abigail Adkins at 512-239-0600.

Sincerely,

Laurie Gharis  
Chief Clerk

**NOTICE OF HEARING  
EXFLUOR RESEARCH CORPORATION  
SOAH Docket No. 582-23-11659  
TCEQ Docket No. 2022-1552-AIR  
Permit No. 165848**

**APPLICATION.**

Exfluor Research Corporation, 2350 Double Creek Drive, Round Rock, Texas 78664-3801, has applied to the Texas Commission on Environmental Quality (TCEQ) for issuance of Proposed Air Quality Permit Number 165848, which would authorize construction of the Exfluor Research facility located at 1100 County Road 236, Florence, Williamson County, Texas 76527. This application was processed in an expedited manner, as allowed by the commission's rules in 30 Texas Administrative Code, Chapter 101, Subchapter J. This application was submitted to the TCEQ on July 9, 2021. The proposed facility will emit the following contaminants: carbon monoxide, hydrogen fluorides, hazardous air pollutants, nitrogen oxides, organic compounds, and particulate matter including particulate matter with diameters of 10 microns or less and 2.5 microns or less.

The executive director has completed the technical review of the application and prepared a draft permit which, if approved, would establish the conditions under which the facility must operate. The executive director has made a preliminary decision to issue the permit because it meets all rules and regulations. The permit application, executive director's preliminary decision, and draft permit will be available for viewing and copying at the TCEQ central office, the TCEQ Austin Regional Office, and at the Eula Hunt Beck Florence Public Library, 207 East Main Street, Williamson County, Texas, beginning the first day of publication of this notice. The facility's compliance file, if any exists, is available for public review at the TCEQ Austin Regional Office, 12100 Park 35 Circle Building A, Room 179, Austin, Texas.

**CONTESTED CASE HEARING.**

Considering directives to protect public health, the State Office of Administrative Hearings (SOAH) will conduct a preliminary hearing via Zoom videoconference. A Zoom meeting is a secure, free meeting held over the internet that allows video, audio, or audio/video conferencing.

**10:00 a.m. – May 30, 2023**

**To join the Zoom meeting via computer:**

**Visit the SOAH website for registration at: <http://www.soah.texas.gov/>  
or call SOAH at 512-475-4993.**

The purpose of a preliminary hearing is to establish jurisdiction, name the parties, establish a procedural schedule for the remainder of the proceeding, and to address other matters as determined by the judge. The evidentiary hearing phase of the proceeding, which will occur at a later date, will be similar to a civil trial in state district court. The hearing will address the disputed issues of fact identified in the TCEQ order concerning this application issued on December 20, 2022. In addition to these issues, the judge may consider additional issues if certain factors are met.

The hearing will be conducted in accordance with the Chapter 2001, Texas Government Code; Chapter 382, Texas Health and Safety Code; TCEQ rules including 30 TAC Chapter 116, Subchapters A and B; and the procedural rules of the TCEQ and SOAH, including 30 TAC Chapter 80 and 1 TAC Chapter 155. The hearing will be held unless all timely hearing requests have been withdrawn or denied.

To request to be a party, you must attend the hearing and show you would be affected by the application in a way not common to the general public. Any person may attend the hearing and request to be a party. Only persons named as parties may participate at the hearing.

**MAILING LIST.**

You may ask to be placed on a mailing list to obtain additional information on this application by sending a request to the Office of the Chief Clerk at the address below.

## INSTRUCTIONS FOR PUBLIC NOTICE Air Permits

### NOTICE OF HEARING

A hearing was requested on issues related to your application and the Commission granted this request. The matter has been referred to the State Office of Administrative Hearings. Now you must comply with the following instructions:

#### **Please Review Notice**

We have included in the notice all of the information which we believe is necessary. Please read it carefully and notify us immediately if it contains any errors or omissions. You are responsible for ensuring the accuracy of all information published. You may not change the text of the notice or affidavit of publication without prior approval from the TCEQ.

#### **Newspaper Notice**

- You must publish the enclosed Notice of Hearing no less than **30** days before the hearing.
- You must publish the enclosed Notice of Hearing (Example A) at your expense, in the public notice section of a newspaper that is of general circulation in the municipality in which the facility is located or proposed to be located or in the municipality nearest to the location or proposed location of the facility.
- Example B must be published in the **same issue** of the newspaper as Example A; however, it must be published in a prominent location (other than the public notice section). Example B notice refers the public to the "public notice" section of the newspaper where Example A provides more information regarding the permit application.

- Example B must be a total of at least **6 column inches (standard advertising units)** with a vertical dimension of at least **3 inches** and a horizontal dimension of **2 column widths**. If the newspaper chosen does not use standard advertising units for measurement, the notice must be at least **12 square inches** with the shortest side of at least **3 inches**.
- Companies that meet the TCEQ's definition of a small business and will not have a significant impact on air quality are not required to publish Example B. Contact the TCEQ permit reviewer to determine if you qualify for this exemption.

### **Proof of Publication**

- For each published notice, you must submit proof of publication that shows the notice, the date of publication, and the name of the newspaper to the Office of the Chief Clerk within **10 business days** after the date of publication. Acceptable proof of publication is 1) a copy of the published notice or 2) the original newspaper clipping of the published notice. If you choose to submit a copy of the published notice to the Office of the Chief Clerk, the copy must be on standard-size 8½" x 11" paper and must show the actual size of the published notice (do not reduce the image when making copies). Published notices longer than 11" must be copied onto multiple 8½" x 11" pages. Please note, submitting a copy of your published notice could result in faster processing of your application. It is recommended that you maintain the original newspaper clipping or tear sheet of the notice for your records.
- You must submit a **publisher's affidavit** to the Office of the Chief Clerk within **30 calendar days** after the date of publication. **You must use the enclosed affidavit form**. The affidavit must clearly identify the applicant's name and permit number.
- You are encouraged to submit the affidavit with the proof of publication described above; however, the affidavit must be submitted no later than **30 calendar days** after publication of notice.
- The **publisher's affidavit** and **proof of publication of each published notice** may be filed with the Chief Clerk electronically at [www.tceq.texas.gov/goto/efilings](http://www.tceq.texas.gov/goto/efilings) or mailed to:
 

TCEQ  
Office of the Chief Clerk, MC-105  
Attn: SOAH Docket Clerk  
P.O. Box 13087  
Austin, Texas 78711-3087
- Please ensure that the affidavit(s) you send to the Chief Clerk is/are originals and that all blanks on the affidavit are filled in correctly.

- You must furnish a copy of the notices and affidavits to the EPA regional administrator in Dallas, all local air pollution control agencies with jurisdiction in the county in which the construction is to occur; and the air pollution control agency of any nearby state in which air quality may be adversely affected by the emissions from the new or modified facility.

### **Failure to Publish and Submit Proof of Publication**

You must meet all publication requirements. **If you fail to publish the notice or submit proof of publication on time, then** the TCEQ may suspend further processing on your application or take other actions.

### **General Information**

When contacting the Commission regarding this application, please refer to the permit number and the TCEQ Docket number at the top of the Notice of Hearing.

If you have questions or need assistance regarding this notice, please contact the staff attorney listed in the cover letter or the SOAH Docket Clerk in the Office of the Chief Clerk at (512) 239-3300.

RE: Notice of Hearing Package  
Applicant Name: Exflur Research Corporation  
Facility Location: Williamson County, Texas  
Permit Number: 165848  
Type of Authorization: New

Dear Mr. Seal and Mr. Bierschenk,

As you know, the Chief Clerk's Office has referred this matter over to the State Office of Administrative Hearings (SOAH) for a contested case hearing on your application.

SOAH will conduct a preliminary hearing via Zoom video conference at:

10:00 a.m. – April 27, 2023

You are now required to publish notice for this hearing. To help you meet the requirements associated with this notice, we have enclosed the following items:

- Notice for Newspaper Publication
- Instructions for Notice of Hearing
- Affidavit of Publication

Please note that it is VERY IMPORTANT that you follow ALL directions in the ENCLOSED INSTRUCTIONS. If you do not, you may be required to republish the notice. One of the most common mistakes we see is the unauthorized changing of notice wording or font. If you have any questions, please contact us before you proceed with publication.

The following items and time limitations are also described in the enclosed instructions. However, due to their importance, we want to highlight them for you.

1. Publish the enclosed notice within at least **30 calendar days** prior to the date of the hearing.
2. Return **acceptable proof of publication** of the complete notice, which shows publication date and newspaper name, to the TCEQ Office of the Chief Clerk within **10 business days** after notice is published in the newspaper.
3. Return the original enclosed *Affidavit of Publication* to the TCEQ Office of the Chief Clerk within **30 calendar days** after the notice is published in the newspaper.

If you do not comply with all requirements described in the instructions, further processing of your application may be suspended or the commission may take other actions.

If you have any questions regarding publication requirements, please contact the SOAH Docket Clerk in the TCEQ Office of the Chief Clerk at 512-239-3300. If you have any other questions, please contact Abigail Adkins at 512-239-0600.

Sincerely,

Laurie Gharis  
Chief Clerk

# TEXAS COMMISSION ON ENVIRONMENTAL QUALITY

**NOTICE OF HEARING  
EXFLUOR RESEARCH CORPORATION  
SOAH Docket No. 582-23-11659  
TCEQ Docket No. 2022-1552-AIR  
Permit No. 165848**

**APPLICATION.**

Exflur Research Corporation, 2350 Double Creek Drive, Round Rock, Texas 78664-3801, has applied to the Texas Commission on Environmental Quality (TCEQ) for issuance of Proposed Air Quality Permit Number 165848, which would authorize construction of the Exflur Research facility located at 1100 County Road 236, Florence, Williamson County, Texas 76527. This application was processed in an expedited manner, as allowed by the commission's rules in 30 Texas Administrative Code, Chapter 101, Subchapter J. This application was submitted to the TCEQ on July 9, 2021. The proposed facility will emit the following contaminants: carbon monoxide, hydrogen fluorides, hazardous air pollutants, nitrogen oxides, organic compounds, and particulate matter including particulate matter with diameters of 10 microns or less and 2.5 microns or less.

The executive director has completed the technical review of the application and prepared a draft permit which, if approved, would establish the conditions under which the facility must operate. The executive director has made a preliminary decision to issue the permit because it meets all rules and regulations. The permit application, executive director's preliminary decision, and draft permit will be available for viewing and copying at the TCEQ central office, the TCEQ Austin Regional Office, and at the Eula Hunt Beck Florence Public Library, 207 East Main Street, Williamson County, Texas, beginning the first day of publication of this notice. The facility's compliance file, if any exists, is available for public review at the TCEQ Austin Regional Office, 12100 Park 35 Circle Building A, Room 179, Austin, Texas.

**CONTESTED CASE HEARING.**

Considering directives to protect public health, the State Office of Administrative Hearings (SOAH) will conduct a preliminary hearing via Zoom videoconference. A Zoom meeting is a secure, free meeting held over the internet that allows video, audio, or audio/video conferencing.

**10:00 a.m. – April 27, 2023**

**To join the Zoom meeting via computer:**

**<https://soah-texas.zoomgov.com/>**

Meeting ID: 161 544 2433

Password: TCE59A

or

**To join the Zoom meeting via telephone:**

**(669) 254-5252 or (646) 828-7666**

Meeting ID: 161 544 2433

Password: 998431

**Visit the SOAH website for registration at: <http://www.soah.texas.gov/>  
or call SOAH at 512-475-4993.**

The purpose of a preliminary hearing is to establish jurisdiction, name the parties, establish a procedural schedule for the remainder of the proceeding, and to address other matters as determined by the judge. The evidentiary hearing phase of the proceeding, which will occur at a later date, will be similar to a civil trial in state district court. The hearing will address the disputed issues of fact identified in the TCEQ order concerning this application issued on December 20, 2022. In addition to these issues, the judge may consider additional issues if certain factors are met.

The hearing will be conducted in accordance with the Chapter 2001, Texas Government Code; Chapter 382, Texas Health and Safety Code; TCEQ rules including 30 TAC Chapter 116, Subchapters A and B; and the procedural rules of the TCEQ and SOAH, including 30 TAC Chapter 80 and 1 TAC Chapter 155. The hearing will be held unless all timely hearing requests have been withdrawn or denied.

To request to be a party, you must attend the hearing and show you would be affected by the application in a way not common to the general public. Any person may attend the hearing and request to be a party. Only persons named as parties may participate at the hearing.

#### **MAILING LIST.**

You may ask to be placed on a mailing list to obtain additional information on this application by sending a request to the Office of the Chief Clerk at the address below.

#### **AGENCY CONTACTS AND INFORMATION.**

Public comments and requests must be submitted either electronically at [www.tceq.texas.gov/agency/decisions/cc/comments.html](http://www.tceq.texas.gov/agency/decisions/cc/comments.html), or in writing to the Texas Commission on Environmental Quality, Office of the Chief Clerk, MC-105, P.O. Box 13087, Austin, Texas 78711-3087. If you communicate with the TCEQ electronically, please be aware that your email address, like your physical mailing address, will become part of the agency's public record. For more information about this permit application, the permitting process, or the contested case hearing process, please call the Public Education Program toll free at (800) 687-4040. Si desea

información en Español, puede llamar al (800) 687-4040. General information regarding the TCEQ may be obtained electronically at [www.tceq.texas.gov](http://www.tceq.texas.gov)

**In accordance with 1 Tex. Admin. Code § 155.401(a), Notice of Hearing, “Parties that are not represented by an attorney may obtain information regarding contested case hearings on the public website of the State Office of Administrative Hearings at [www.soah.texas.gov](http://www.soah.texas.gov), or in printed format upon request to SOAH.”**

**INFORMATION.**

If you need more information about the hearing process for this application, please call the Public Education Program, toll free, at (800) 687-4040. General information regarding the TCEQ can be found at [www.tceq.texas.gov](http://www.tceq.texas.gov).

Persons with disabilities who need special accommodations at the hearing should call the SOAH Docketing Department at (512) 475-4993, at least one week prior to the hearing.

Further information may also be obtained from Exflur Research Corporation at the address stated above or by calling Dr. Thomas Bierschenk, PhD, Vice President at (512) 310-9044.

## INSTRUCTIONS FOR PUBLIC NOTICE Air Permits

### NOTICE OF HEARING

A hearing was requested on issues related to your application and the Commission granted this request. The matter has been referred to the State Office of Administrative Hearings. Now you must comply with the following instructions:

#### **Please Review Notice**

We have included in the notice all of the information which we believe is necessary. Please read it carefully and notify us immediately if it contains any errors or omissions. You are responsible for ensuring the accuracy of all information published. You may not change the text of the notice or affidavit of publication without prior approval from the TCEQ.

#### **Newspaper Notice**

- You must publish the enclosed Notice of Hearing no less than **30** days before the hearing.
- You must publish the enclosed Notice of Hearing (Example A) at your expense, in the public notice section of a newspaper that is of general circulation in the municipality in which the facility is located or proposed to be located or in the municipality nearest to the location or proposed location of the facility.
- Example B must be published in the **same issue** of the newspaper as Example A; however, it must be published in a prominent location (other than the public notice section). Example B notice refers the public to the "public notice" section of the newspaper where Example A provides more information regarding the permit application.

- Example B must be a total of at least **6 column inches (standard advertising units)** with a vertical dimension of at least **3 inches** and a horizontal dimension of **2 column widths**. If the newspaper chosen does not use standard advertising units for measurement, the notice must be at least **12 square inches** with the shortest side of at least **3 inches**.
- Companies that meet the TCEQ's definition of a small business and will not have a significant impact on air quality are not required to publish Example B. Contact the TCEQ permit reviewer to determine if you qualify for this exemption.

### **Proof of Publication**

- For each published notice, you must submit proof of publication that shows the notice, the date of publication, and the name of the newspaper to the Office of the Chief Clerk within **10 business days** after the date of publication. Acceptable proof of publication is 1) a copy of the published notice or 2) the original newspaper clipping of the published notice. If you choose to submit a copy of the published notice to the Office of the Chief Clerk, the copy must be on standard-size 8½" x 11" paper and must show the actual size of the published notice (do not reduce the image when making copies). Published notices longer than 11" must be copied onto multiple 8½" x 11" pages. Please note, submitting a copy of your published notice could result in faster processing of your application. It is recommended that you maintain the original newspaper clipping or tear sheet of the notice for your records.
- You must submit a **publisher's affidavit** to the Office of the Chief Clerk within **30 calendar days** after the date of publication. **You must use the enclosed affidavit form**. The affidavit must clearly identify the applicant's name and permit number.
- You are encouraged to submit the affidavit with the proof of publication described above; however, the affidavit must be submitted no later than **30 calendar days** after publication of notice.

The **original publisher's affidavit** and **proof of publication of the published notices** may be filed with the Chief Clerk electronically at [www.tceq.texas.gov/goto/efilings](http://www.tceq.texas.gov/goto/efilings) or mailed to:

TCEQ  
Office of the Chief Clerk, MC-105  
Attn: SOAH Docket Clerk  
P.O. Box 13087  
Austin, Texas 78711-3087

- Please ensure that the affidavit(s) you send to the Chief Clerk is/are originals and that all blanks on the affidavit are filled in correctly.

- You must furnish a copy of the notices and affidavits to the EPA regional administrator in Dallas, all local air pollution control agencies with jurisdiction in the county in which the construction is to occur; and the air pollution control agency of any nearby state in which air quality may be adversely affected by the emissions from the new or modified facility.

### **Failure to Publish and Submit Proof of Publication**

You must meet all publication requirements. **If you fail to publish the notice or submit proof of publication on time, then** the TCEQ may suspend further processing on your application or take other actions.

### **General Information**

When contacting the Commission regarding this application, please refer to the permit number and the TCEQ Docket number at the top of the Notice of Hearing.

If you have questions or need assistance regarding this notice, please contact the staff attorney listed in the cover letter or the SOAH Docket Clerk in the Office of the Chief Clerk at (512) 239-3300.

Is a bilingual education program (BEP) required by the Texas Education Code in the district? <span style="float: right;"><input checked="" type="checkbox"/> Yes <input type="checkbox"/> No</span>	
If answer is "NO," skip to first question in verification box on next page. <i>(Note: A BEP is different from "English as a Second Language" (ESL) program; and Elementary/Middle schools that only offer ESL will not trigger notice in an alternative language.)</i>	
Notice in an alternative language is required if a BEP is required in the District, and one of the following conditions is met:	
1. students in the elementary or middle school nearest the facility are enrolled in a program at that school;	<input checked="" type="checkbox"/> Yes <input type="checkbox"/> No
2. students from the elementary or middle school nearest the facility attend a BEP at another location; or	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No
3. the school district that otherwise would be required to provide a BEP has been granted an exception from the requirements to provide the program, as provided for in 19 Texas Administrative Code 89.1207(a).	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No
If the answer is "NO" to 1, 2, and 3 above, then alternative language notice is not required.	
The name of the elementary school nearest to the proposed or existing facility is:	
Florence Elementary School	
The name of the middle school nearest to the proposed or existing facility is:	
Florence Middle School	
The following language(s) is/are utilized in the bilingual program:	
Spanish	
If notice in an alternative language is required, then applicants must publish alternative language notice(s) and post alternative language sign(s), as outlined in the <i>Instructions for Public Notice</i> and certify compliance with those requirements on this form.

# Texas Commission on Environmental Quality

## AMENDED CONSOLIDATED NOTICE OF RECEIPT OF APPLICATION AND INTENT TO OBTAIN PERMIT AND NOTICE OF APPLICATION AND PRELIMINARY DECISION

PROPOSED PERMIT NUMBER: 165848

APPLICATION AND PRELIMINARY DECISION. Extluc Research Corporation, 2363 Double Creek Dr, Round Rock, Texas 78664-3801, has applied to the Texas Commission on Environmental Quality (TCEQ) for issuance of Proposed Air Quality Permit Number 165848, which would authorize construction of a Extluc Research located at 1100 County Road 238, Florinias, Williamson County, Texas 76827. This application was processed in an expedited manner, as allowed by the commission's rules in 30 Texas Administrative Code, Chapter 101, Subchapter J. This application was submitted to the TCEQ on July 9, 2021. The proposed facility will emit the following contaminants: carbon monoxide, hydrogen fluoride, hazardous air pollutants, nitrogen oxides, organic compounds, and particulate matter including particulate matter with diameters of 10 microns or less and 2.5 microns or less.

The executive director has completed the technical review of the application and prepared a draft permit which, if approved, would establish the conditions under which the facility must operate. The executive director has made a preliminary decision to issue the permit because it meets all rules and regulations. The permit application, executive director's preliminary decision, and draft permit will be available for viewing and copying at the TCEQ central office, the TCEQ Austin regional office, and at the Eula Hunt Beck Florence Public Library, 207 East Main Street, Williamson County, Texas, beginning the first day of publication of this notice. The facility's compliance file, if any exists, is available for public review at the TCEQ Austin Regional Office, 12100 Park 35 Circle Building A Room 179, Austin, Texas.

**PUBLIC COMMENT.** You may submit public comments to the Office of the Chief Clerk at the address below. The TCEQ will consider all public comments in developing a final decision on the application and the executive director will prepare a response to those comments.

**PUBLIC MEETING.** You may request a public meeting to the

Office of the Chief Clerk at the address below. The purpose of a public meeting is to provide the opportunity to submit comments or ask questions about the application. A public meeting about the application will be held if requested by an interested person and the executive director determines that there is a significant degree of public interest in the application or if requested by a local legislator. A public meeting is not a contested case hearing.

### OPPORTUNITY FOR A CONTESTED CASE HEARING.

You may request a contested case hearing if you are a person who may be affected by emissions of air contaminants from the facility. If requesting a contested case hearing, you must submit the following: (1) your name (or for a group or association, an official representative), mailing address, and daytime phone number; (2) applicant's name and permit number; (3) the statement "I will request a contested case hearing"; (4) a specific description of how you would be adversely affected by the application and air emissions from the facility in a way not common to the general public; (5) the location and distance of your property relative to the facility; (6) a description of how you use the property which may be impacted by the facility; and (7) a list of all disputed issues of fact that you submit during the comment period. If the request is made by a group or an association, one or more members who have standing to request a hearing must be identified by name and physical address. The interests the group or association seeks to protect must also be identified. You may also submit your proposed adjustments to the application/permit which would satisfy your concerns.

The deadline to submit a request for a contested case hearing is 20 days after newspaper notice is published. If a request is timely filed, the deadline for requesting a contested case hearing will be extended to 30 days after the mailing of the response to comments.

If a hearing request is timely filed, following the close of all applicable comment and request periods, the Executive Director will forward the application and any requests for contested case hearing to the Commissioners for their consideration at a scheduled Commission meeting. The Commission may only grant a request for a contested case hearing on issues the requestor submitted in their timely comments that were not subsequently withdrawn. If a hearing is granted, the subject of a hearing will be limited to disputed issues of fact or mixed questions of fact and law relating to relevant and material air quality concerns submitted during the comment period. Issues such as property values, noise, traffic safety, and zoning are outside of the

Commission's jurisdiction to address in this proceeding.

### RESPONSE TO COMMENTS AND EXECUTIVE DIRECTOR ACTION.

After the deadline for public comments, the executive director will consider the comments and prepare a response to all relevant and material or significant public comments. Because no timely hearing requests have been received, after preparing the response to comments, the executive director may then issue final approval of the application. The response to comments, along with the executive director's decision on the application will be mailed to everyone who submitted public comments or is on a mailing list for this application, and will be posted electronically to the Commissioners' Integrated Database (CID).

### INFORMATION AVAILABLE ONLINE.

When they become available, the executive director's response to comments and the final decision on this application will be accessible through the Commission's Web site at [www.tceq.texas.gov/cid](http://www.tceq.texas.gov/cid). Once you have access to the CID using the above link, enter the permit number for this application which is provided at the top of this notice. This link to an electronic map of the site or facility's general location is provided as a public courtesy and not part of the application or notice. For exact location, refer to application. **MAILING LIST.** You may ask to be placed on a mailing list to obtain additional information on this application by sending a request to the Office of the Chief Clerk at the address below.

### AGENCY CONTACTS AND INFORMATION.

Public comments and requests must be submitted either electronically at [www.tceq.texas.gov/onlineComments](http://www.tceq.texas.gov/onlineComments), or in writing to the Texas Commission on Environmental Quality, Office of the Chief Clerk, MC-105, P.O. Box 13087, Austin, Texas 78711-3087. Please be aware that any contact information you provide, including your name, phone number, email address and physical address will become part of the agency's public record. For more information about this permit application or the permitting process, please call the Public Education Program toll free at 1-800-687-4040. Si desea informacion en Espanol, puede llamar al 1-800-687-4040.

Further information may also be obtained from Extluc Research Corporation at the address stated above or by calling Dr. Thomas Bierschenk PhD, Vice President at (512) 310-9044.

# TEXAS COMMISSION ON ENVIRONMENTAL QUALITY

## EXAMPLE A

### AMENDED NOTICE OF PUBLIC MEETING FOR AN AIR QUALITY PERMIT (Amended to clarify the date of the meeting)

**PROPOSED PERMIT NUMBER: 165848**

**APPLICATION.** Exflur Research Corporation has applied to the Texas Commission on Environmental Quality (TCEQ) for issuance of Proposed Air Quality Permit Number 165848, which would authorize construction of the Exflur Research facility located at 1100 County Road 236, Florence, Williamson County, Texas 76527. This application was processed in an expedited manner, as allowed by the commission's rules in 30 Texas Administrative Code, Chapter 101, Subchapter J. This application was submitted to the TCEQ on July 9, 2021. The proposed facility will emit the following contaminants: hydrogen fluorides, carbon monoxide, hazardous air pollutants, nitrogen oxides, organic compounds, and particulate matter with diameters of 10 microns or less and 2.5 microns or less.

The executive director has completed the technical review of the application and prepared a draft permit which, if approved, would establish the conditions under which the facility must operate. The executive director has made a preliminary decision to issue the permit because it meets all rules and regulations.

**PUBLIC COMMENT/PUBLIC MEETING.** You may submit public comments to the Office of the Chief Clerk at the address below. The TCEQ will consider all public comments in developing a final decision on the application. A public meeting will be held and will consist of two parts, an Informal Discussion Period and a Formal Comment Period. A public meeting is not a contested case hearing under the Administrative Procedure Act. During the Informal Discussion Period, the public will be encouraged to ask questions of the applicant and TCEQ staff concerning the permit application. The comments and questions submitted orally during the Informal Discussion Period will not be considered before a decision is reached on the permit application, and no formal response will be made. Responses will be provided orally during the Informal Discussion Period. During the Formal Comment Period on the permit application, members of the public may state their formal comments orally into the official record. At the conclusion of the comment period, all formal comments will be considered before a decision is reached on the permit application. A written response to all formal comments will be prepared by the executive director and will be sent to each person who submits a formal comment or who requested to be on the mailing list for this permit application and provides a mailing address. Only relevant and material issues raised during the Formal Comment Period can be considered if a contested case hearing is granted on this permit application.

**The Public Meeting is to be held:**

**Thursday, June 16, 2022 at 7:00 PM  
Florence High School (Cafeteria)  
401 FM 970  
Florence, Texas 76527**

**INFORMATION.** Members of the public are encouraged to submit written comments anytime during the public meeting or by mail before the close of the public comment period to the Office of the Chief Clerk, TCEQ, Mail Code MC-105, P.O. Box 13087, Austin, Texas 78711-3087 or electronically at <https://www14.tceq.texas.gov/epic/eComment/>. If you need more information about the permit application or the permitting process, please call the TCEQ Public Education Program, toll free, at 1-800-687-4040. General information can be found at our Web site at [www.tceq.texas.gov](http://www.tceq.texas.gov). *Si desea información en Español, puede llamar al 1-800-687-4040.*

The permit application, executive director's preliminary decision, and draft permit will be available for viewing and copying at the TCEQ central office, the TCEQ Austin regional office, and at the Eula Hunt Beck Florence Public Library, 207 East Main Street, Williamson County, Texas. The facility's compliance file, if any exists, is available for public review at the TCEQ Austin Regional Office, 12100 Park 35 Circle Building A Room 179, Austin, Texas. Further information may also be obtained from Exflur Research Corporation by calling Dr. Thomas Bierschenk, PhD, Vice President at (512) 310-9044 or at Exflur Research Corporation, 2350 Double Creek Drive, Round Rock, Texas 78664.

Persons with disabilities who need special accommodations at the meeting should call the Office of the Chief Clerk at 512-239-3300 or 1-800-RELAY-TX (TDD) at least five business days prior to the meeting.

Hi Georgia:

We need to issue an amended meeting notice for the Exflur meeting on 6/16. The original notice omitted the year (2022) from the date of the meeting in the notice. The attached notice has been approved by Legal. Please assign this notice to be issued and mailed as soon as possible. It can be processed like any other meeting notice.

Let me know if you have any questions.

Thanks, bp.

Please review and approve the attached notice. I added the word "Amended" to the title, added a sentence to explain the amendment, and added emphasis to the year in the date of the meeting.

Once we hear back from you, we will get it in the mail as soon as possible.

Thank you,

Hi Amanda:

Please see the attached meeting notice. The meeting date omits the year (2022). Do you think we should do an amended meeting notice?

Thanks, bp.

Brad,

I don't know if this is a big deal, but the solution is easy.

The attached notice does not have the year 2022 cited with the date of the meeting. I'm sure that is my error. Does it need to be mailed again?

# TEXAS COMMISSION ON ENVIRONMENTAL QUALITY

## EXAMPLE A

### NOTICE OF PUBLIC MEETING FOR AN AIR QUALITY PERMIT

**PROPOSED PERMIT NUMBER: 165848**

**APPLICATION.** Exflur Research Corporation has applied to the Texas Commission on Environmental Quality (TCEQ) for issuance of Proposed Air Quality Permit Number 165848, which would authorize construction of the Exflur Research facility located at 1100 County Road 236, Florence, Williamson County, Texas 76527. This application was processed in an expedited manner, as allowed by the commission's rules in 30 Texas Administrative Code, Chapter 101, Subchapter J. This application was submitted to the TCEQ on July 9, 2021. The proposed facility will emit the following contaminants: hydrogen fluorides, carbon monoxide, hazardous air pollutants, nitrogen oxides, organic compounds, and particulate matter with diameters of 10 microns or less and 2.5 microns or less.

The executive director has completed the technical review of the application and prepared a draft permit which, if approved, would establish the conditions under which the facility must operate. The executive director has made a preliminary decision to issue the permit because it meets all rules and regulations.

**PUBLIC COMMENT/PUBLIC MEETING.** You may submit public comments to the Office of the Chief Clerk at the address below. The TCEQ will consider all public comments in developing a final decision on the application. A public meeting will be held and will consist of two parts, an Informal Discussion Period and a Formal Comment Period. A public meeting is not a contested case hearing under the Administrative Procedure Act. During the Informal Discussion Period, the public will be encouraged to ask questions of the applicant and TCEQ staff concerning the permit application. The comments and questions submitted orally during the Informal Discussion Period will not be considered before a decision is reached on the permit application, and no formal response will be made. Responses will be provided orally during the Informal Discussion Period. During the Formal Comment Period on the permit application, members of the public may state their formal comments orally into the official record. At the conclusion of the comment period, all formal comments will be considered before a decision is reached on the permit application. A written response to all formal comments will be prepared by the executive director and will be sent to each person who submits a formal comment or who requested to be on the mailing list for this permit application and provides a mailing address. Only relevant and material issues raised during the Formal Comment Period can be considered if a contested case hearing is granted on this permit application.

**The Public Meeting is to be held:**

**Thursday, June 16 at 7:00 PM  
Florence High School (Cafeteria)  
401 FM 970  
Florence, Texas 76527**

**INFORMATION.** Members of the public are encouraged to submit written comments anytime during the public meeting or by mail before the close of the public comment period to the Office of the Chief Clerk, TCEQ, Mail Code MC-105, P.O. Box 13087, Austin, Texas 78711-3087 or electronically at <https://www14.tceq.texas.gov/epic/eComment/>. If you need more information about the permit application or the permitting process, please call the TCEQ Public Education Program, toll free, at 1-800-687-4040. General information can be found at our Web site at [www.tceq.texas.gov](http://www.tceq.texas.gov). *Si desea información en Español, puede llamar al 1-800-687-4040.*

The permit application, executive director's preliminary decision, and draft permit will be available for viewing and copying at the TCEQ central office, the TCEQ Austin regional office, and at the Eula Hunt Beck Florence Public Library, 207 East Main Street, Williamson County, Texas. The facility's compliance file, if any exists, is available for public review at the TCEQ Austin Regional Office, 12100 Park 35 Circle Building A Room 179, Austin, Texas. Further information may also be obtained from Exflur Research Corporation by calling Dr. Thomas Bierschenk, PhD, Vice President at (512) 310-9044 or at Exflur Research Corporation, 2350 Double Creek Drive, Round Rock, Texas 78664.

Persons with disabilities who need special accommodations at the meeting should call the Office of the Chief Clerk at 512-239-3300 or 1-800-RELAY-TX (TDD) at least five business days prior to the meeting.

Deanna,

The notice states that if anyone has questions they can contact me at the above address. It should probably say that I can be reached at:

Tom Bierschenk  
Exflur Research Corporation  
2350 Double Creek Dr.  
Round Rock, TX 78664

Everything else looks OK.

RE: Applicant Review of Draft Public Meeting Notice

Mr. Bierschenk,

Attached is the draft Public Meeting Notice for Exflur Research Corporation; Proposed Permit No. 165848. **Please review the notice for accuracy and completeness by COB on Friday, May 13, 2022.** Respond with approval as is or with corrections. Once the notice is complete, the Office of the Chief Clerk will officially issue the notice to the Applicant/Representatives and to persons that have written to TCEQ regarding the permit.

The address you provided below cites the zip code 76513. I found on the HS webpage the following:

Florence High School, 401 FM 970, Florence, TX 76527

Please confirm the correct zip code and I will update the notice if necessary.

The notice will not be considered complete until I receive an email response from you.

Please provide an address for mailed copy of the notice. You will also receive a copy sent by email.

Thank you,  
Deanna Avalos

Hello Tom,

I am aware you and Brad have been communicating regarding the status of the venue.

I am concerned that if the school continues to be non-responsive or does not grant your request, we are losing necessary processing time. Do you have alternative options for a venue?

In order to provide sufficient notice to the mailing prior to a June 16 meeting date, we need to finalize a venue soon to allow for the processing of the notice.

**Please submit the following information by COB on Friday, May 13, 2022:**

- Date of meeting – June 16, 2022 at 7:00 PM
- **Name of the venue where the meeting is going to be held**

- **Physical address of venue**
- **Contact name and phone number for the venue**

Please let Brad or I know if you have any questions.

Thank you,  
Deanna Avalos

Tom,

High school cafeterias are often used so please proceed. If there is any issue or delay from the high school, please let us what your other options are.

No newspaper publication is required for an air public meeting notice, only mailed notice by TCEQ. Our goal is to issue notice 30 days prior to the meeting, but there is a little flexibility with that timeframe.

Deanna,

It looks like the closest venue that I can find is the Florence High School Cafeteria. Is that an acceptable venue? If so, I will see if I can rent it. How many days prior to the meeting must the notice go out? Also, will the notice be sent to the Florence newspaper? I believe that is where the permit notice was sent.

RE: Suggested Date for the Meeting: **June 16, 2022**

Dear Mr. Bierschenk,

I have coordinated with the offices of Rep. Wilson and Sen. Schwertner and based on their feedback and TCEQ staff availability, we may proceed in scheduling the public meeting for **June 16, 2022**.

The applicant is responsible for contracting a venue for the meeting. Please see the attached guidelines for contracting a venue. Once you have responded with the required information, TCEQ may proceed with the processing of the notice.

Please let me know if you have any questions.

Thank you,

Deanna Avalos

# TCEQ Interoffice Memorandum

124292

To: Laurie Gharis, Chief Clerk

Thru: Bonnie Evridge, Manager  
Mechanical/Coatings New Source Review Permits Section

From: Cara Hill  
Expedite Team, Mechanical/Coatings New Source Review Permits Section

Date: April 27, 2022

Subject: **Amended Notice of Application and Preliminary Decision**

Exflur Research Corporation  
Permit: 165848

We request that this amended notice be mailed to the established mailing list for the above referenced permit. First public notice for this permit was originally filed with the Chief Clerk's Office on July 15, 2021. Second public notice for this permit was originally filed with the Chief Clerk's Office on February 24, 2022. During the technical review, it was determined that air contaminants of particulate matter were erroneously left off the first and second public notices. The amended consolidated public notice correctly identifies all air contaminants proposed with this permit application.

# TEXAS COMMISSION ON ENVIRONMENTAL QUALITY

## Instructions for Public Notice For New Source Review Air Permit For Small Business Stationary Source

### Consolidated Notice of Receipt of Application and Intent to Obtain Permit and Notice of Application and Preliminary Decision

We have completed the technical review of your application and issued a preliminary decision. You must comply with the following instructions:

#### Review Notice

Included in the notice is all of the information which the commission believes is necessary to effectuate compliance with applicable public notice requirements. Please read it carefully and notify the Texas Commission on Environmental Quality (TCEQ) immediately if it contains any errors or omissions. You are responsible for ensuring the accuracy of all information published. You may not change the text of the notice without prior approval from the TCEQ.

#### Newspaper Notice

- You must publish the enclosed *Consolidated Notice of Receipt of Application and Intent to Obtain Permit and Notice of Application and Preliminary Decision* within **30 calendar days** after the date of administrative and technical completeness. As part of the expedited permitting process, it is recommended that you publish immediately.
- You must publish the enclosed notice at your expense, in the same newspaper(s) in which you published the *Notice of Receipt and Intent to Obtain Permit* for this application. The newspaper must be a newspaper that is of general circulation in the municipality where the facility is or will be located. If the facility is not located within a municipality, the newspaper must be of general circulation in the municipality nearest the location.
- You must publish this notice in one issue of any applicable newspaper.
- The bold text of the enclosed notice **must** be printed in the newspaper in a font style or size that distinguishes it from the rest of the notice (i.e., **bold**, *italics*). **Failure to do so may require re-notice.**

#### Alternative Language Notice

In certain circumstances, applicants for air permits must complete notice in alternative languages.

- Public notice rules require the applicant to determine whether a bilingual program is required at either the elementary or middle school nearest to the facility or proposed facility location. Bilingual education programs are determined on a district-wide basis. When students who are required to attend either school are eligible to be enrolled in a bilingual education program, some alternative language notice is required (newspaper notice).

- Since the school district, and not the schools, must provide the bilingual education program, these programs do not have to be located at the elementary or middle school nearest to the facility or proposed facility to trigger the alternative language notice requirement. If there are students who would normally attend the nearest schools eligible to be taught in a bilingual education program at a different location, alternative language notice is required.
- If triggered, publications of alternative language notices must be made in a newspaper or publication printed primarily in each language taught in the bilingual education program. The same newspaper(s) used for *Notice of Receipt and Intent to Obtain Permit* must be used for publication of the *Notice of Application and Preliminary Decision for an Air Quality Permit*. This notice is required if such a newspaper or publication exists in the municipality or the county where the facility is or will be located.
- The applicant must demonstrate a good faith effort to identify a newspaper or publication in the required language. If a newspaper or publication of general circulation published at least once a month in such language cannot be found, publishing in that language is not required, but signs must remain posted in the same location(s) utilized during the *Notice of Receipt of Intent to Obtain Permit (1<sup>st</sup> public notice)*.
- Publication in an alternative language section or insertion within an English language newspaper does not satisfy these requirements.
- The applicant has the burden to demonstrate compliance with these requirements. You must fill out the ***Public Notice Verification Form for Consolidated Public Notice for Qualifying New or Amended New Source Review Permits or Flexible Permits (Form TCEQ-20866)*** indicating your compliance with the requirements regarding publication in an alternative language. **This form is available at [www.tceq.texas.gov/permitting/air/nav/air\\_publicnotice.html](http://www.tceq.texas.gov/permitting/air/nav/air_publicnotice.html).**
- It is suggested the applicant work with the local school district to do the following:
  - (a) determine if a bilingual program is required in the district;
  - (b) determine which language is required by the bilingual program;
  - (c) locate the nearest elementary and middle schools; and
  - (d) determine if any students attending either school are entitled to be enrolled in a bilingual educational program.
- **If you determine that you must meet the alternative language notice requirements, you are responsible for ensuring that the publication in the alternative language is complete and accurate in that language.** Since the most common bilingual programs are in Spanish, the TCEQ has provided example Spanish notice templates for your use. All italic notes should be replaced with the corresponding Spanish translations for the specific application and published in the alternative language publication. Electronic versions of the Spanish templates are available through the Air Permits Division Web site at [www.tceq.texas.gov/goto/air/publicnotice](http://www.tceq.texas.gov/goto/air/publicnotice).
- If you are required to publish notice in a language other than Spanish, you must translate the entire public notice at your own expense.

#### **Public Comment Period**

- The public comment period should last at least **30 calendar days after publication of the last notice**.
- The comment period will be longer if the last day of the public comment period ends on a weekend or a holiday. In this case, the comment period will end on the next business day.

- The comment period for the permit may lengthen depending on whether a public meeting is held. If a public meeting is held, the comment period will be extended to the later of either the date of the public meeting or the end of the second notice period.

### Proof of Publication

- Check each publication to ensure that the articles were accurately published. If a notice was not published correctly you may be required to republish.
- For each newspaper in which you published, you must submit proof of publication that shows the notice, the date of publication, and the name of the newspaper to the Office of the Chief Clerk within **10 business days** after the date of publication. Acceptable proofs of publication are 1) copies of the published notice or 2) the newspaper clippings of the published notice. If you choose to submit copies of the published notice to the Office of the Chief Clerk, copies must be on standard-size 8½" x 11" paper and must show the actual size of the published notice (do not reduce the image when making copies). Published notices longer than 11" must be copied onto multiple 8½" x 11" pages. Please note, submitting a copy of your published notice could result in faster processing of your application. It is recommended that you maintain newspaper clippings or tear sheets of the notice for your records.
- You must submit an **affidavit of publication for air permitting and alternate language affidavit of publication for air permitting (if applicable)** to the Office of the Chief Clerk within **30 calendar days** after the date of publication. **You must use the enclosed affidavit forms.** The affidavits must clearly identify the applicant's name and permit number. You are encouraged to submit the affidavit with the proof of publication described above.
- You must submit the **Public Notice Verification Form for Consolidated Public Notice for Qualifying New or Amended New Source Review Permits or Flexible Permits (Form TCEQ-20866)** to the Office of the Chief Clerk within **10 business days** of the end of this public comment period. You must use this form to certify that you have met bilingual notice requirements. **This form is available at [www.tceq.texas.gov/permitting/air/nav/air\\_publicnotice.html](http://www.tceq.texas.gov/permitting/air/nav/air_publicnotice.html).**
- The **affidavits of publication, Public Notice Verification Form, and acceptable proof of publication of the published notices** should be emailed to [PROOFS@tceq.texas.gov](mailto:PROOFS@tceq.texas.gov) or mailed to:

Texas Commission on Environmental Quality  
Office of the Chief Clerk, MC-105  
Attn: Notice Team / AIR Expedited Permitting  
P.O. Box 13087  
Austin, Texas 78711-3087

- Please ensure that the affidavit(s) you send to the Chief Clerk have all blanks filled in correctly.
- Photocopies of newspaper clippings, affidavits, and verifications must also be sent to those listed on the enclosed *Notification List* within the deadlines specified above.

### Failure to Publish and Submit Proof of Publication

You must meet all publication requirements. **If you fail to publish the notice or submit proof of publication on time**, the TCEQ may suspend further processing on your application or take other actions.

## Sign Posting

It is recommended that the signs that were put in place prior to publication of the first notice remain in place and be legible and visible until 30 days after publication of the *Notice of Application and Preliminary Decision* (either English or alternative language notice, whichever is later).

## Application in a Public Place

- You must provide a copy of the complete application (including any subsequent revisions) and the executive director's preliminary decision (including the draft permit), at a public place for review and copying by the public. This place must be in the county in which the facility is located or proposed to be located.
- A public place is one that is publicly owned or operated (ex: libraries, county courthouses, or city halls.)
- This copy must be accessible to the public for review and copying. The copy must be available beginning on the first day of newspaper publication and remain in place until the commission has taken action on the application or the commission refers issues to the State Office of Administrative Hearings.
- If the application is submitted to the TCEQ with information marked as "CONFIDENTIAL," you are required to indicate which specific portions of the application are not being made available to the public. These portions of the application must be accompanied with the following statement: Any request for portions of this application that are marked as confidential must be submitted in writing, pursuant to the Public Information Act, to the Texas Commission on Environmental Quality, Public Information Coordinator, MC-197, P.O. Box 13087, Austin, Texas 78711-3087."
- You must submit verification of file availability using the ***Public Notice Verification Form for Consolidated Public Notice for Qualifying New or Amended New Source Review Permits or Flexible Permits (Form TCEQ-20866)*** within **10 business days** after end of the publications' designated comment period. Do not submit the form verifying that the application was in a public place until after the comment period is complete. If a public meeting is held or second notice is required causing the public comment period to be extended, at a later date you will be required to verify that the application was in a public place during the entire public comment period. **This form is available at [www.tceq.texas.gov/permitting/air/nav/air\\_publicnotice.html](http://www.tceq.texas.gov/permitting/air/nav/air_publicnotice.html).**

## General Information

When contacting the Commission regarding this application, please refer to the permit number at the top of the *Notice of Application and Preliminary Decision*.

If you have questions or need assistance regarding publication requirements, please contact the Office of the Chief Clerk at (512) 239-3300 or the project reviewer listed in the cover letter.

Regulated Entity Number: RN110969227  
Customer Reference Number: CN602696791

Dear Dr. Bierschenk:

The Texas Commission on Environmental Quality (TCEQ) has completed the technical review of your application and has prepared a preliminary decision and draft permit.

You are now required to publish notice of your proposed activity. To help you meet the regulatory requirements associated with this notice, we have included the following items:

- Notices for Newspaper Publication (Examples A)
- Sign Posting Example (Example C)
- Public Notice Checklist
- Instructions for Public Notice
- Affidavit of Publication for Air Permitting (Form TCEQ-20533) and Alternative Language Affidavit of Publication for Air Permitting (Form TCEQ-20534)
- Web link to download Public Notice Verification Form (refer to Public Notice Instructions)
- Notification List
- Draft Permit

Please note that it is **very important** that you follow **all** directions in the enclosed instructions. If you do not, you may be required to republish the notice. A common mistake is the unauthorized changing of notice wording or font. If you have any questions, please contact us before you proceed with publication.

A "Public Notice Checklist" is enclosed which notes the time limitations for each step of the public notice process. **The processing of your application may be delayed if these time limitations are not met (i.e.; submitting proof of publication of the notice within 10 business days after publication, affidavits of publication within 30 calendar days after the date of publication, and public notice verification form within 10 business days after the end of the designated comment period).** This checklist should be used as a tool in conjunction with the enclosed, detailed instructions.

If you do not comply with **all** requirements described in the instructions, further processing of your application may be suspended or the agency may take other actions.

Dr. Thomas Bierschenk PhD

## EXAMPLE A

### **AMENDED CONSOLIDATED NOTICE OF RECEIPT OF APPLICATION AND INTENT TO OBTAIN PERMIT AND NOTICE OF APPLICATION AND PRELIMINARY DECISION**

**PROPOSED PERMIT NUMBER: 165848**

**APPLICATION AND PRELIMINARY DECISION.** Exflur Research Corporation, 2350 Double Creek Dr, Round Rock, Texas 78664-3801, has applied to the Texas Commission on Environmental Quality (TCEQ) for issuance of Proposed Air Quality Permit Number 165848, which would authorize construction of a Exflur Research located at 1100 County Road 236, Florence, Williamson County, Texas 76527. This application was processed in an expedited manner, as allowed by the commission's rules in 30 Texas Administrative Code, Chapter 101, Subchapter J. This application was submitted to the TCEQ on July 9, 2021. The proposed facility will emit the following contaminants: carbon monoxide, hydrogen fluorides, hazardous air pollutants, nitrogen oxides, organic compounds, and particulate matter including particulate matter with diameters of 10 microns or less and 2.5 microns or less.

The executive director has completed the technical review of the application and prepared a draft permit which, if approved, would establish the conditions under which the facility must operate. The executive director has made a preliminary decision to issue the permit because it meets all rules and regulations. The permit application, executive director's preliminary decision, and draft permit will be available for viewing and copying at the TCEQ central office, the TCEQ Austin regional office, and at the Eula Hunt Beck Florence Public Library, 207 East Main Street, Williamson County, Texas, beginning the first day of publication of this notice. The facility's compliance file, if any exists, is available for public review at the TCEQ Austin Regional Office, 12100 Park 35 Circle Building A Room 179, Austin, Texas.

**PUBLIC COMMENT.** You may submit public comments to the Office of the Chief Clerk at the address below. The TCEQ will consider all public comments in developing a final decision on the application and the executive director will prepare a response to those comments.

**PUBLIC MEETING.** You may request a public meeting to the Office of the Chief Clerk at the address below. The purpose of a public meeting is to provide the opportunity to submit comments or ask questions about the application. A public meeting about the application will be held if requested by an interested person and the executive director determines that there is a significant degree of public interest in the application or if requested by a local legislator. A public meeting is not a contested case hearing.

**OPPORTUNITY FOR A CONTESTED CASE HEARING.** You may request a contested case hearing if you are a person who may be affected by emissions of air contaminants from the facility. If requesting a contested case hearing, you must submit the following: (1) your name (or for a group or association, an official representative), mailing address, and daytime phone number; (2) applicant's name and permit number; (3) the statement "[I/we] request a contested case hearing"; (4) a specific description of how you would be adversely affected by the application and air emissions from the facility in a way not common to the general public; (5) the location and distance of your property relative to the facility; (6) a description of how you use the property which may be impacted by the facility; and (7) a list of all disputed issues of fact that you submit during the comment period. If the request is made by a group or an association, one or more members who have standing to request a hearing must be identified by name and physical address. The interests the group or association seeks to protect must also be identified. You may also submit your proposed adjustments to the application/permit which would satisfy your concerns.

**The deadline to submit a request for a contested case hearing is 30 days after newspaper notice is published. If a request is timely filed, the deadline for requesting a contested case hearing will be extended to 30 days after the mailing of the response to comments.**

If a hearing request is timely filed, following the close of all applicable comment and request periods, the Executive Director will forward the application and any requests for contested case hearing to the Commissioners for their consideration at a scheduled Commission meeting. The Commission may only grant a request for a contested case hearing on issues the requestor submitted in their timely comments that were not subsequently withdrawn. **If a hearing is granted, the subject of a hearing will be limited to disputed issues of fact or mixed questions of fact and law relating to relevant and material air quality concerns submitted during the comment period.** Issues such as property values, noise, traffic safety, and zoning are outside of the Commission's jurisdiction to address in this proceeding.

**RESPONSE TO COMMENTS AND EXECUTIVE DIRECTOR ACTION.** After the deadline for public comments, the executive director will consider the comments and prepare a response to all relevant and material or significant public comments. Because no timely hearing requests have been received, after preparing the response to comments, the executive director may then issue final approval of the application. **The response to comments, along with the executive director's decision on the application will be mailed to everyone who submitted public comments or is on a mailing list for this application, and will be posted electronically to the Commissioners' Integrated Database (CID).**

Dear Dr. Bierschenk:

The Texas Commission on Environmental Quality (TCEQ) has completed the technical review of your application and has prepared a preliminary decision and draft permit.

You are now required to publish notice of your proposed activity. To help you meet the regulatory requirements associated with this notice, we have included the following items:

- Notices for Newspaper Publication (Examples A and B)
- Public Notice Checklist
- Instructions for Public Notice
- Affidavit of Publication for Air Permitting (Form TCEQ-20533) and Alternative Language Affidavit of Publication for Air Permitting (Form TCEQ-20534)
- Web link to download Public Notice Verification Form (refer to Public Notice Instructions)
- Notification List
- Draft Permit

Please note that it is **very important** that you follow **all** directions in the enclosed instructions. If you do not, you may be required to republish the notice. A common mistake is the unauthorized changing of notice wording or font. If you have any questions, please contact us before you proceed with publication.

A "Public Notice Checklist" is enclosed which notes the time limitations for each step of the public notice process. **The processing of your application may be delayed if these time limitations are not met (i.e.; submitting proof of publication of the notice within 10 business days after publication, affidavits of publication within 30 calendar days after the date of publication, and public notice verification form within 10 business days after the end of the designated comment period).** This checklist should be used as a tool in conjunction with the enclosed, detailed instructions.

If you do not comply with **all** requirements described in the instructions, further processing of your application may be suspended or the agency may take other actions.

## EXAMPLE A

### NOTICE OF APPLICATION AND PRELIMINARY DECISION FOR AN AIR QUALITY PERMIT

**PROPOSED PERMIT NUMBER: 165848**

**APPLICATION AND PRELIMINARY DECISION.** Exflor Research Corporation has applied to the Texas Commission on Environmental Quality (TCEQ) for issuance of Proposed Air Quality Permit Number 165848, which would authorize construction of the Exflor Research facility located at 1100 County Road 236, Florence, Williamson County, Texas 76527. This application was processed in an expedited manner, as allowed by the commission's rules in 30 Texas Administrative Code, Chapter 101, Subchapter J. This application was submitted to the TCEQ on July 9, 2021. The proposed facility will emit the following contaminants: hydrogen fluorides, carbon monoxide, hazardous air pollutants, nitrogen oxides and organic compounds.

The executive director has completed the technical review of the application and prepared a draft permit which, if approved, would establish the conditions under which the facility must operate. The executive director has made a preliminary decision to issue the permit because it meets all rules and regulations. The permit application, executive director's preliminary decision, and draft permit will be available for viewing and copying at the TCEQ central office, the TCEQ Austin regional office, and at the Eula Hunt Beck Florence Public Library, 207 East Main Street, Williamson County, Texas beginning the first day of publication of this notice. The facility's compliance file, if any exists, is available for public review at the TCEQ Austin Regional Office, 12100 Park 35 Circle Building A Room 179, Austin, Texas.

**PUBLIC COMMENT/PUBLIC MEETING.** You may submit public comments or request a public meeting about this application. The purpose of a public meeting is to provide the opportunity to submit comment or to ask questions about the application. The TCEQ will hold a public meeting if the executive director determines that there is a significant degree of public interest in the application or if requested by a local legislator. A public meeting is not a contested case hearing. **You may submit additional written public comments within 30 days of the date of newspaper publication of this notice in the manner set forth in the AGENCY CONTACTS AND INFORMATION paragraph below.**

**RESPONSE TO COMMENTS AND EXECUTIVE DIRECTOR ACTION.** After the deadline for public comments, the executive director will consider the comments and prepare a response to all relevant and material or significant public comments. Because no timely hearing requests have been received, after preparing the response to comments, the executive director may then issue final approval of the application. **The response to comments, along with the executive director's decision on the application will be mailed to everyone who submitted public comments or is on a mailing list for this application, and will be posted electronically to the Commissioners' Integrated Database (CID).**

**INFORMATION AVAILABLE ONLINE.** When they become available, the executive director's response to comments and the final decision on this application will be accessible through the Commission's Web site at [www.tceq.texas.gov/goto/cid](http://www.tceq.texas.gov/goto/cid). Once you have access to the CID using the above link, enter the permit number for this application which is provided at the top of this notice. This link to an electronic map of the site or facility's general location is provided as a public courtesy and not part of the application or notice. # TEXAS COMMISSION ON ENVIRONMENTAL QUALITY

## Instructions for Public Notice For New Source Review Air Permit

### Notice of Application and Preliminary Decision

We have completed the technical review of your application and issued a preliminary decision. You must comply with the following instructions:

#### Review Notice

Included in the notice is all of the information which the commission believes is necessary to effectuate compliance with applicable public notice requirements. Please read it carefully and notify the Texas Commission on Environmental Quality (TCEQ) immediately if it contains any errors or omissions. You are responsible for ensuring the accuracy of all information published. You may not change the text of the notice without prior approval from the TCEQ.

#### Newspaper Notice

- You must publish the enclosed *Notice of Application and Preliminary Decision for an Air Quality Permit* within **33 calendar days** after the date this information was mailed to you (see date of letter). As part of the expedited permitting process, it is recommended that you publish immediately.
- You must publish the enclosed *Notice of Application and Preliminary Decision for an Air Quality Permit* at your expense, in the same newspaper(s) in which you published the *Notice of Receipt and Intent to Obtain Permit* for this application. The newspaper must be a newspaper that is of general circulation in the municipality where the facility is or will be located. If the facility is not located within a municipality, the newspaper must be of general circulation in the municipality nearest the location.
- You must publish this notice in one issue of any applicable newspaper.
- You will find two example notices enclosed in this package. *Example A* must be published in the "public notice" section of the newspaper. The phrase "Example A" is not required to be published. *Example B* must be published in the **same issue** of the newspaper as *Example A*; however, it must be published in a prominent location (other than the public notice section). *Example B* refers the public to the "public notice" section of the newspaper where *Example A* provides more information regarding the permit application.
- *Example B* must be a total of at least **6 column inches (standard advertising units)** with a height of at least **3 inches** and a horizontal dimension of **2 column widths**. If the newspaper chosen does not use standard advertising units for measurement, the notice must be at least **12 square inches** with the shortest side of at least **3 inches**.
- The bold text of the enclosed notice **must** be printed in the newspaper in a font style or size that distinguishes it from the rest of the notice (i.e., **bold, italics**). **Failure to do so may require re-notice.**

## Alternative Language Notice

In certain circumstances, applicants for air permits must complete notice in alternative languages.

- Public notice rules require the applicant to determine whether a bilingual program is required at either the elementary or middle school nearest to the facility or proposed facility location. Bilingual education programs are determined on a district-wide basis. When students who are required to attend either school are eligible to be enrolled in a bilingual education program, some alternative language notice is required (newspaper notice).
- Since the school district, and not the schools, must provide the bilingual education program, these programs do not have to be located at the elementary or middle school nearest to the facility or proposed facility to trigger the alternative language notice requirement. If there are students who would normally attend the nearest schools eligible to be taught in a bilingual education program at a different location, alternative language notice is required.
- If triggered, publications of alternative language notices must be made in a newspaper or publication printed primarily in each language taught in the bilingual education program. The same newspaper(s) used for *Notice of Receipt and Intent to Obtain Permit* must be used for publication of the *Notice of Application and Preliminary Decision for an Air Quality Permit*. This notice is required if such a newspaper or publication exists in the municipality or the county where the facility is or will be located.
- The applicant must demonstrate a good faith effort to identify a newspaper or publication in the required language. If a newspaper or publication of general circulation published at least once a month in such language cannot be found, publishing in that language is not required, but signs must remain posted in the same location(s) utilized during the *Notice of Receipt of Intent to Obtain Permit (1<sup>st</sup> public notice)*.
- Publication in an alternative language section or insertion within an English language newspaper does not satisfy these requirements.
- The applicant has the burden to demonstrate compliance with these requirements. You must fill out the ***Public Notice Verification Form (Form TCEQ-20244)*** indicating your compliance with the requirements regarding publication in an alternative language. **This form is available at [www.tceq.texas.gov/permitting/air/nav/air\\_publicnotice.html](http://www.tceq.texas.gov/permitting/air/nav/air_publicnotice.html).**
- It is suggested the applicant work with the local school district to do the following:
  - (a) determine if a bilingual program is required in the district;
  - (b) determine which language is required by the bilingual program;
  - (c) locate the nearest elementary and middle schools; and
  - (d) determine if any students attending either school are entitled to be enrolled in a bilingual educational program.
- **If you determine that you must meet the alternative language notice requirements, you are responsible for ensuring that the publication in the alternative language is complete and accurate in that language.** Since the most common bilingual programs are in Spanish, the TCEQ has provided example Spanish notice templates for your use. All italic notes should be replaced with the corresponding Spanish translations for the specific application and published in the alternative language publication. Electronic versions of the Spanish templates are available through the Air Permits Division Web site at [www.tceq.texas.gov/goto/air/publicnotice](http://www.tceq.texas.gov/goto/air/publicnotice).
- If you are required to publish notice in a language other than Spanish, you must translate the entire public notice at your own expense.

## Public Comment Period

- The public comment period will last at least **30 calendar days after publication of the last notice**.
- The comment period will be longer if the last day of the public comment period ends on a weekend or a holiday. In this case, the comment period will end on the next business day.
- The comment period for the permit may lengthen depending on whether a public meeting is held. If a public meeting is held, the comment period will be extended to the later of either the date of the public meeting or the end of the second notice period.

## Proof of Publication

- Check each publication to ensure that the articles were accurately published. If a notice was not published correctly you may be required to republish.
- For each newspaper in which you published, you must submit proof of publication that shows the notice, the date of publication, and the name of the newspaper to the Office of the Chief Clerk within **10 business days** after the date of publication. Acceptable proofs of publication are 1) copies of the published notice or 2) the newspaper clippings of the published notice. If you choose to submit copies of the published notice to the Office of the Chief Clerk, copies must be on standard-size 8½" x 11" paper and must show the actual size of the published notice (do not reduce the image when making copies). Published notices longer than 11" must be copied onto multiple 8½" x 11" pages. Please note, submitting a copy of your published notice could result in faster processing of your application. It is recommended that you maintain newspaper clippings or tear sheets of the notice for your records.
- You must submit an **affidavit of publication for air permitting and alternate language affidavit of publication for air permitting (if applicable)** to the Office of the Chief Clerk within **30 calendar days** after the date of publication. **You must use the enclosed affidavit forms.** The affidavits must clearly identify the applicant's name and permit number. You are encouraged to submit the affidavit with the proof of publication described above.
- You must submit the **Public Notice Verification Form (Form TCEQ-20244)** to the Office of the Chief Clerk within **10 business days** of the end of this public comment period. You must use this form to certify that you have met bilingual notice requirements. **This form is available at [www.tceq.texas.gov/permitting/air/nav/air\\_publicnotice.html](http://www.tceq.texas.gov/permitting/air/nav/air_publicnotice.html).**
- The **affidavits of publication, Public Notice Verification Form, and acceptable proof of publication of the published notices** should be emailed to [PROOFS@tceq.texas.gov](mailto:PROOFS@tceq.texas.gov) or mailed to:

Texas Commission on Environmental Quality  
Office of the Chief Clerk, MC-105  
Attn: Notice Team / AIR Expedited Permitting  
P.O. Box 13087  
Austin, Texas 78711-3087

- Please ensure that the affidavit(s) you send to the Chief Clerk have all blanks filled in correctly.
- Photocopies of newspaper clippings, affidavits, and verifications must also be sent to those listed on the enclosed *Notification List* within the deadlines specified above.

## Failure to Publish and Submit Proof of Publication

You must meet all publication requirements. **If you fail to publish the notice or submit proof of publication on time**, the TCEQ may suspend further processing on your application or take other actions.

## Sign Posting

It is recommended that the signs that were put in place prior to publication of the first notice remain in place and be legible and visible until 30 days after publication of the *Notice of Application and Preliminary Decision* (either English or alternative language notice, whichever is later).

## Application in a Public Place

- You must provide a copy of the complete application (including any subsequent revisions) and the executive director's preliminary decision (including the draft permit), at a public place for review and copying by the public. This place must be in the county in which the facility is located or proposed to be located.
- A public place is one that is publicly owned or operated (ex: libraries, county courthouses, or city halls.)
- This copy must be accessible to the public for review and copying. The copy must be available beginning on the first day of newspaper publication and remain in place until the commission has taken action on the application or the commission refers issues to the State Office of Administrative Hearings.
- If the application is submitted to the TCEQ with information marked as "CONFIDENTIAL," you are required to indicate which specific portions of the application are not being made available to the public. These portions of the application must be accompanied with the following statement: "Any request for portions of this application that are marked as confidential must be submitted in writing, pursuant to the Public Information Act, to the Texas Commission on Environmental Quality, Public Information Coordinator, MC-197, P.O. Box 13087, Austin, Texas 78711-3087."
- You must submit verification of file availability using the ***Public Notice Verification Form (Form TCEQ-20244)*** within **10 business days** after end of the publications' designated comment period. Do not submit the form verifying that the application was in a public place until after the comment period is complete. If a public meeting is held or second notice is required causing the public comment period to be extended, at a later date you will be required to verify that the application was in a public place during the entire public comment period. **This form is available at [www.tceq.texas.gov/permitting/air/nav/air\\_publicnotice.html](http://www.tceq.texas.gov/permitting/air/nav/air_publicnotice.html).**

## General Information

When contacting the Commission regarding this application, please refer to the permit number at the top of the *Notice of Application and Preliminary Decision*.

If you have questions or need assistance regarding publication requirements, please contact the Office of the Chief Clerk at (512) 239-3300 or the project reviewer listed in the cover letter.

Air Quality Permits affected:

- *Air Quality Permit 165848*

You were previously sent notification for this application, but the draft permit was delayed.

TCEQ is preparing the initial draft permit for applicant review. At the time the draft permit is issued, the applicant will be required to publish notice in a newspaper of general circulation, and the TCEQ will provide a copy of the notice of draft permit to persons who have requested to be on a mailing list.

Questions regarding this email may be directed to Bonnie Evridge by calling 512-239-5222.

BARBARA YENKINSON

**Electric Current With Be Off Sunday** - In order to make changes in connections from the Switchboard to main line, made necessary by reason of the addition to the power house, the current will be off most of Sunday, July 31st. Georgetown Light & Power Plant \*

**At The Monarch** - Monday, August 1 - William Farman in a Seven Part Special "Riders of The Purple Sage" by Zane Grey \*

**President Harding gathered wood to cook the first meal at a camp near Peatonville, Md. Saturday** - The correspondents made a great to do about it. Probably there was a "John Smith" in the party who issued a "no work" special edict. We've heard that edit ourselves and

are convinced that even a President would gather in the function on such an occasion. \*

**Sheriff Leo Allan says a sore on the bridge of the nose is prima facie evidence that one has been drinking "home brew" out of a fruit jar.** Be careful with the kindling, boys; this sly old sleuth may camp on your trail to find the source of your supply. \*

July 23 & 27, 1978

**Footnote To History - Texas' last public hanging occurred 55 years ago in the jail yard of the McLennan County Courthouse in Waco.**

A crowd estimated at from 5,000 to 10,000 people by newspapers gathered to

watch confessed murderer M. hanged on July 30, 1923. M. mounted the scaffold at exactly 11 a.m. Two minutes later, his body had dropped seven feet through the trap door. If hung there for 20 minutes before it was cut down and placed in a pine box for burial. \*

Two weeks later, Texas passed a law requiring death in the electric chair for those convicted of capital murder. The first to die by this method was executed at Huntsville State Prison on February 8, 1924. \*

**Postmaster General William F. Bolger warned each of the 554,000 U.S. Postal Department employees across the nation they could be fired if they participated in a nation-wide postal workers strike.** In letters delivered to postal employees Tuesday Bolger warned that strikers would be committing a felony and could

forfeit paid health and life insurance coverage. \*

**Editorial:** We are glad to see the threat of a nation-wide postal worker strike eased. Those things do a lot more harm than good. Our local postmaster assured this newspaper that no matter how the vote went (in postal negotiations,) his crew would deliver first class mail. \*

Second class mail, which would include the SUN, might not fare so well, so we were getting ready to set up some type of distribution scheme to get as many newspapers to our subscribers as possible without the help of the postoffice. Thank goodness, the crisis appears over and we can relax for a while. \*

**Editorial:** I have not been just surprised, but amazed at the new spray-on lawn now being featured here by Dennis Chapman, Jr. I saw the stuff being sprayed on piles of dirt at Southwestern several months ago and thought it was green paint. A couple of weeks later it was grass growing merrily. Serenada Racquet Club used the service and in just a few days had growing grass. I understand that quite a few astonished home-owners are now watching their lawns flourish just short weeks after the application. \*

July 24 & 27, 2005

**Plans for a dog park stalled by city** \*

**In a city-county trade, city gets public parking and county gets room to expand downtown government complex, a \$5 million trade** \*

GISD serves 8,800 on 14 campuses.

July 24 & 28, 2013

**GISD Supt. Joe Dan Lee was presented an American flag that flew over Camp Phoenix in Kabul, Afghanistan by Army 1st Class Giovanni Bennett. Lee plans to fly the flag at East View and Georgetown high schools before putting it on display.** \*

**Morton case bills total almost \$500,000** \*

**From Warrior to Pirate - Sgt. Brian Sunderman, a combat medic in the U. S. Army Reserves, recently made it to the national level in the military branch's Best Warrior Competition. [By] He plans to run track at Southwestern in the spring.**

#### CITY OF GEORGETOWN

Notice is hereby given of a public hearing to be held in accordance with Texas Local Government Code Chapter 372 at the regular meeting of the City Council, on August 10, 2021, at 6:00 PM at City Council Chambers, 510 W. 9th Street Georgetown, TX 78626. Meeting information is located at: <https://georgetown.org/public-meetings-calendar/>. To consider the proposal to assess each parcel of land in the Georgetown Village Public Improvement District #1 ("District") at a rate of \$0.14 per \$100 valuation based upon the annual, assessed value of each parcel.

The general nature of the proposed services and improvements to be provided for the District include pocket parks, landscape areas, trees, sidewalks, trails, playground, distinctive lighting and signage, recreational facilities, water quality

allowed by the Commission's rules in 30 Texas Administrative Code, Chapter 101, Subchapter J. This link to an electronic map of the site or facility's general location is provided as a public courtesy and not part of the application or notice. For exact location, refer to application. [http://www.texas.gov/assets/public/616153/index.html?title=30\\_TAC\\_101\\_11&tag=97304100&size=1336x947](http://www.texas.gov/assets/public/616153/index.html?title=30_TAC_101_11&tag=97304100&size=1336x947). The facility will emit the following contaminants: hydrogens fluoride, carbon monoxide, hazarous air pollutants, nitrogen oxides and organic compounds.

This application was submitted to the TCEQ on July 9, 2021. The application was available for viewing and copying at the TCEQ central office, the TCEQ Austin regional office, and the Eula Hunt Beck, Florence Public Library, 207 East Main Street, Florence, Williamson County, Texas beginning the first day of publication of this notice. The facility's compliance file if any exists, is available for public review in the Austin regional office of the TCEQ.

The executive director has determined that the application is administratively complete and will conduct a technical review of the application. **PUBLIC COMMENT/PUBLIC MEETING:** You may submit public comments, or request a public meeting for a contested case hearing to the Office of the Chief Clerk at the address below. The TCEQ will consider all public comments in developing a final decision on the application. After the deadline for public comments, the executive director will prepare a response to all public comments.

The purpose of a public meeting is to provide the opportunity to submit comments or ask questions about the application. A public meeting about the application will be held if the executive director determines that there is a significant degree of public interest in the application, if requested by an interested person, or if requested by a local legislator. A public meeting is not a contested case hearing.

After technical review of the application is complete, the executive director may prepare a draft permit and will issue a preliminary decision on the application. Notice of Application and Preliminary Decision for an Air Quality Permit will then be published and mailed to those who made comments, submitted hearing requests or are on the mailing list for this application. That notice will contain the final deadline for submitting public comments.

**OPPORTUNITY FOR A CONTESTED CASE HEARING:** You may request a contested case hearing. A contested case hearing is a legal proceeding similar to a civil trial in state district court. A contested case hearing will only be granted based on disputed issues of fact that are relevant and material to the Commission's decision. Further, the Commission will only grant a hearing on those issues submitted during the public comment period and not withdrawn. The deadline to submit a request for a contested case hearing is 30 days after newspaper notice is published. If a request is timely filed, the deadline for requesting a contested case hearing will be extended to 30 days after the mailing of the response to comments.

A person who may be affected by emissions of air contaminants from the facility is entitled to request a hearing. If requesting a contested case hearing, you must submit the following: (1) your name (for a group or association, an official representative), mailing address, and daytime phone number; (2) applicant's name and permit number; (3) the statement "[w]e request

#### Williamson County's Engineering Department,

In accordance with National Flood Insurance Program regulation 65.78(b)(1), hereby gives notice of the County's intent to review the flood hazard information along Lackey Creek. The flood hazard revisions are being processed as part of Letter of Map Revision (LOMR) Case No. 21-06-0778P. The removal of an existing high hazard section from along San Gabriel Branch has been replaced with a two-three bridge construction on the bridge has completed which has modified the creek. The Letter of Map Revision (LOMR) request has been submitted but will, in part, revise the following flood hazards along Lackey Creek.

1. Base Flood Elevations (BFEs) will be established along Lackey Creek in the project area.
2. The SFHA will be established in the project area.
3. Water surface elevations ("WSELS") will increase along the project limits but will remain within the channel.

Maps and detailed analysis of the revision can be reviewed by Williamson County's Engineering Department located at 3151 S.E. Inner Loop, P.E. CNA, County Floodplain Administrator at 512-943-3530 for additional information from 8am to 5pm Monday - Friday.

#### CITY MUNICIPAL UTILITY DISTRICT NO. 1 NOTICE OF RATE ORDER AND RULES

Notice is hereby given that on July 21, 2021, the Board of Directors of City Municipal Utility District No. 1 of Williamson County adopted a rate order containing rates and rules governing installation of connections to the sanitary sewer system of the District, limitations on flow of waste into the District's sanitary sewer system, fees and rates for sewer service and drainage service, provisions for enforcement of the rates and rules, and penalties for violations.

Breach of the rate order and rules will subject the violator to a penalty in the amount of \$200.00 per violation per day.

The full text of the rate order and rules is on file in the offices of the district at Tiamson, Shatzky & Harms, P.C., 102 N. Railroad Avenue, Pflugerville, TX 78680, where they may be read by any interested person.

An approximately 29,569 acres of City-owned Right-of-Way situated in part in the Joseph Thompson Survey, Abstract No. 818, a right-of-way of varying width described to the City of Georgetown, Texas, generally located between Leander Road (FM2429) and the south fork of the South San Gabriel River to be known as the Southwest Bypass (2021-2-ANX)  
2. An approximately 20,000 acres of City-owned Right-of-Way situated in part in the J. Barney C. Low Survey Abstract No. 385, a right-of-way of varying width described to the City of Georgetown, Texas, generally located between FM 1480 and FM 50, to be known as Westinghouse Road (2021-5-ANX)  
After holding the required public hearings, the City Council will consider an ordinance for the annexation.  
As a member of the general public you are

allowed by the commission's rules in 30 Texas Administrative Code, Chapter 191, Subchapter J. This link to an electronic map of the site or facility's general location is provided as a public courtesy and not part of the application or notice. For exact location, refer to application. <http://www.tceq.texas.gov/assess/publicfiles/10/index.html?file=07191111&range=9750416&zoom=13&view=0> The facility will emit the following contaminants: hydrogen sulfides, carbon monoxide, hazardous air pollutants, nitrogen oxides and organic compounds.

This application was submitted to the TCEQ on July 9, 2021. The application will be available for viewing and copying at the TCEQ central office, the TCEQ Austin regional office, and the Elgin Hunt Stock Florence Public Library, 207 East Hunt Street, Florence, Williamson County, Texas beginning the first day of publication of this notice. The facility's compliance file, if any exists, is available for public review in the Austin regional office of the TCEQ.

The executive director has determined the application is administratively complete and will conduct a technical review of the application. **PUBLIC COMMENT/PUBLIC MEETING.** You may submit public comments, or request a public meeting or a contested case hearing to the Office of the Chief Clerk at the address below. The TCEQ will consider all public comments in developing a final decision on the application. After the deadline for public comments, the executive director will prepare a response to all public comments. The purpose of a public meeting is to provide the opportunity to submit comments or ask questions about the application. A public meeting about the application will be held if the executive director determines that there is a significant degree of public interest in the application, or if requested by a local legislator. A public meeting is not a contested case hearing.

After technical review of the application is complete, the executive director may prepare a draft permit and will issue a preliminary decision on the application. Notice of Application Permit Preliminary Decision for an Air Quality Permit will then be published and mailed to those who made comments, submitted hearing requests or are on the mailing list for this application. That notice will contain the final deadline for submitting public comments. **OPPORTUNITY FOR A CONTESTED CASE HEARING.** You may request a contested case hearing. A contested case hearing is a legal proceeding similar to a civil trial in state district court. A contested case hearing will only be granted based on disputed issues of fact that are relevant and material to the Commission's decision. Further, the Commission will only grant a hearing on those issues submitted during the public comment period and not withdrawn. The deadline to submit a request for a contested case hearing is 30 days after newspaper notice is published. If a request is timely filed, the deadline for requesting a contested case hearing will be extended to 30 days after the mailing of the response to comments.

A person who may be affected by emissions of air contaminants from the facility is entitled to request a hearing. If requesting a contested case hearing, you must submit the following: (1) your name (or for a group or association, an official representative), mailing address, and daytime phone number; (2) applicant's name and permit number; (3) the statement of what request

#### Williamson County's Engineering Department

In accordance with National Flood Insurance Program regulation 65.780(1), hereby gives notice of the County's intent to review the flood hazard information along Lackey Creek. The flood hazard revisors are being prepared as part of Letter of Map Revision (LOMR) Case No. 21-05-0778P. The removal of an existing high hazard northern canal along San Gabriel Branch Road has been reclaimed with a two-lane bridge. Construction on the bridge has completed which has modified the creek. The Letter of Map Revision (LOMR) request has been submitted that will, in part, reverse the following flood hazards along Lackey Creek.

1. Base Flood Elevations (BFEs) will be established along Lackey Creek in the project area.

2. The SFHA will be established in the project area.

3. Water surface elevations (WSELs) will increase along the project limits but will remain within the channel.

4. Maps and detailed analysis of the revision can be reviewed by Williamson County Engineering Department located at 3151 S.E. Inner Loop. Interested persons may call David Zwerstein, PE, CFM, County Floodplain Administrator at 512-943-9330 for additional information from 8am to 5pm Monday - Friday.

# TEXAS COMMISSION ON ENVIRONMENTAL QUALITY

## EXAMPLE A

### NOTICE OF RECEIPT OF APPLICATION AND INTENT TO OBTAIN AIR PERMIT

PROPOSED AIR QUALITY PERMIT NUMBER 165848

**APPLICATION** Exflur Research Corporation, has applied to the Texas Commission on Environmental Quality (TCEQ) for:  
Issuance of Permit 165848

This application would authorize construction of the Exflur Research facility located at 1100 County Road 236, Florence, Williamson County, Texas 76527. This application is being processed in an expedited manner, as allowed by the commission's rules in 30 Texas Administrative Code, Chapter 101, Subchapter J. This link to an electronic map of the site or facility's general location is provided as a public courtesy and not part of the application or notice. For exact location, refer to application. <http://www.tceq.texas.gov/assets/public/hb610/index.html?lat=30.791111&lng=-97.904166&zoom=13&type=r> The facility will emit the following contaminants: hydrogen fluorides, carbon monoxide, hazardous air pollutants, nitrogen oxides and organic compounds.

This application was submitted to the TCEQ on July 9, 2021. The application will be available for viewing and copying at the TCEQ central office, the TCEQ Austin regional office, and the Eula Hunt Beck Florence Public Library, 207 East Main Street, Florence, Williamson County, Texas beginning the first day of publication of this notice. The facility's compliance file, if any exists, is available for public review in the Austin regional office of the TCEQ.

The executive director has determined the application is administratively complete and will conduct a technical review of the application.

**PUBLIC COMMENT/PUBLIC MEETING** You may submit public comments, or request a public meeting or a contested case hearing to the Office of the Chief Clerk at the address below. The TCEQ will consider all public comments in developing a final decision on the application. After the deadline for public comments, the executive director will prepare a response to all public comments.

The purpose of a public meeting is to provide the opportunity to submit comments or ask questions about the application. A public meeting about the application will be held if the executive director determines that there is a significant degree of public interest in the application, if requested by an interested person, or if requested by a local legislator. A public meeting is not a contested case hearing.

After technical review of the application is complete, the executive director may prepare a draft permit and will issue a preliminary decision on the application. Notice of Application and Preliminary Decision for an Air Quality Permit will then be published and mailed to those who made comments, submitted hearing requests or are on the mailing list for this application. That notice will contain the final deadline for submitting public comments.

**OPPORTUNITY FOR A CONTESTED CASE HEARING** You may request a contested case hearing. A contested case hearing is a legal proceeding similar to a civil trial in state district court. A contested case hearing will only be granted based on disputed issues of fact that are relevant and material to the Commission's decision. Further, the Commission will only grant a hearing on those issues submitted during the public comment period and not withdrawn. **The deadline to submit a request for a contested case hearing is 30 days after newspaper notice is published. If a request is timely filed, the deadline for requesting a contested case hearing will be extended to 30 days after the mailing of the response to comments.**

A person who may be affected by emissions of air contaminants from the facility is entitled to request a hearing. If requesting a contested case hearing, you must submit the following: (1) your name (or for a group or association, an official representative), mailing address, and daytime phone number; (2) applicant's name and permit number; (3) the statement "[I/we] request a contested case hearing"; (4) a specific description of how you would be adversely affected by the application and air emissions from the facility in a way not common to the general public; (5) the location and distance of your property relative to the facility; (6) a description of how you use the property which may be impacted by the facility; and (7) a list of all disputed issues of fact that you submit during the comment period. If the request is made by a group or an association, one or more members who have standing to request a hearing must be identified by name and physical address. The interests the group or association seeks to protect must also be identified. You may also submit your proposed adjustments to the application/permit which would satisfy your concerns.

If a hearing request is timely filed, following the close of all applicable comment and request periods, the Executive Director will forward the application and any requests for contested case hearing to the Commissioners for their consideration at a scheduled Commission meeting. The Commission may only grant a request for a contested case hearing on issues the requestor submitted in their timely comments that were not subsequently withdrawn. **If a hearing is granted, the subject of a hearing will be limited to disputed issues of fact or mixed questions of fact and law relating to relevant and material air quality concerns submitted during the comment period.** Issues such as property values, noise, traffic safety, and zoning are outside of the Commission's jurisdiction to address in this proceeding.

**MAILING LIST** In addition to submitting public comments, you may ask to be placed on a mailing list to receive future public notices for this specific application by sending a written request to the Office of the Chief Clerk at the address below.

**AGENCY CONTACTS AND INFORMATION** Public comments and requests must be submitted either electronically at [www14.tceq.texas.gov/epic/eComment/](http://www14.tceq.texas.gov/epic/eComment/), or in writing to the Texas Commission on Environmental Quality, Office of the Chief Clerk, MC-105, P.O. Box 13087, Austin, Texas 78711-3087. Please be aware that any contact information you provide, including your name, phone number, email address and physical address will become part of the agency's public record. For more information about this permit application or the permitting process, please call the Public Education Program toll free at 1-800-687-4040. Si desea información en Español, puede llamar al 1-800-687-4040.

Further information may also be obtained from Exflur Research Corporation, 2350 Double Creek Drive, Round Rock, Texas 78664-3801 or by calling Dr. Thomas Bierschenk, PHD, Vice President at (512) 310-9044.

Re: Declaration of Administrative Completeness Small Business Stationary Source Permit Application  
Permit Number: 165848  
Exflur Research Corporation  
Exflur Research  
Florence, Williamson County  
Customer Reference Number: CN602696791  
Regulated Entity Number: RN110969227

Dear Dr. Bierschenk:

The Texas Commission on Environmental Quality (TCEQ) has declared the above-referenced application, received on July 9, 2021, administratively complete on July 14, 2021. We also understand you have represented that this application is for a small business stationary source.

You are now required to publish notice of your proposed activity. To help you meet the regulatory requirements associated with this notice, we have included the following items:

- Notices for Newspaper Publication (Examples A)
- Sign Posting Example (Example C)
- Public Notice Checklist
- Instructions for Public Notice
- Affidavit of Publication for Air Permitting (Form TCEQ-20533) and
- Alternative Language Affidavit of Publication for Air Permitting (Form TCEQ-20534)
- Web link to download Public Notice Verification Form (refer to Public Notice Instructions)
- Notification List

**Please note that it is very important that you follow all directions in the enclosed instructions.** If you do not, you may be required to republish the notice. Some common errors are the unauthorized changing of notice wording or font, omission of air contaminants, and inaccurate plant site location information represented in the application. Additional information can be found at [www.tceq.texas.gov/permitting/air/bilingual/how1\\_2\\_pn.html](http://www.tceq.texas.gov/permitting/air/bilingual/how1_2_pn.html) or if you have any questions, please contact us before you proceed with publication.

A "Public Notice Checklist" is enclosed which notes the time limitations for each step of the public notice process. **The processing of your application may be delayed if these time limitations are not met (i.e.; submitting proof of publication of the notice within 10 business days after publication, affidavits of publication within 30 calendar days after the date of publication, and public notice verification form within 10 business days after the end of the designated comment period).** This checklist should be used as a tool in conjunction with the enclosed, detailed instructions.

Re: Permit: 165848

If you do not comply with **all** requirements described in the instructions, the TCEQ cannot continue processing the application and may take other actions. Please note that as your application undergoes the technical review, we may request additional information.

If you have any questions regarding publication requirements, please contact the Office of the Chief Clerk at (512) 239-3300. If you have any other questions, please contact Mr. Steven Piper at (512) 239-1689.

Sincerely,

## EXAMPLE A

### NOTICE OF RECEIPT OF APPLICATION AND INTENT TO OBTAIN AIR PERMIT

PROPOSED AIR QUALITY PERMIT NUMBER 165848

**APPLICATION** Exflur Research Corporation, has applied to the Texas Commission on Environmental Quality (TCEQ) for:  
Issuance of Permit 165848

This application would authorize construction of the Exflur Research facility located at 1100 County Road 236, Florence, Williamson County, Texas 76527. This application is being processed in an expedited manner, as allowed by the commission's rules in 30 Texas Administrative Code, Chapter 101, Subchapter J. This link to an electronic map of the site or facility's general location is provided as a public courtesy and not part of the application or notice. For exact location, refer to application, [http://www.tceq.texas.gov/assets/public/hb610/index.html?lat=30.791111&lng=-97.904166&zoom=13&type=r\\_](http://www.tceq.texas.gov/assets/public/hb610/index.html?lat=30.791111&lng=-97.904166&zoom=13&type=r_) The facility will emit the following contaminants: hydrogen fluorides, carbon monoxide, hazardous air pollutants, nitrogen oxides and organic compounds.

This application was submitted to the TCEQ on July 9, 2021. The application will be available for viewing and copying at the TCEQ central office, the TCEQ Austin regional office, and the Eula Hunt Beck Florence Public Library, 207 East Main Street, Florence, Williamson County, Texas beginning the first day of publication of this notice. The facility's compliance file, if any exists, is available for public review in the Austin regional office of the TCEQ.

The executive director has determined the application is administratively complete and will conduct a technical review of the application.

**PUBLIC COMMENT/PUBLIC MEETING** You may submit public comments, or request a public meeting or a contested case hearing to the Office of the Chief Clerk at the address below. The TCEQ will consider all public comments in developing a final decision on the application. After the deadline for public comments, the executive director will prepare a response to all public comments.

The purpose of a public meeting is to provide the opportunity to submit comments or ask questions about the application. A public meeting about the application will be held if the executive director determines that there is a significant degree of public interest in the application, if requested by an interested person, or if requested by a local legislator. A public meeting is not a contested case hearing.

After technical review of the application is complete, the executive director may prepare a draft permit and will issue a preliminary decision on the application. Notice of Application and Preliminary Decision for an Air Quality Permit will then be published and mailed to those who made comments, submitted hearing requests or are on the mailing list for this application. That notice will contain the final deadline for submitting public comments.

**OPPORTUNITY FOR A CONTESTED CASE HEARING** You may request a contested case hearing. A contested case hearing is a legal proceeding similar to a civil trial in state district court. A contested case hearing will only be granted based on disputed issues of fact that are relevant and material to the Commission's decision. Further, the Commission will only grant a hearing on those issues submitted during the public comment period and not withdrawn. **The deadline to submit a request for a contested case hearing is 30 days after newspaper notice is published. If a request is timely filed, the deadline for requesting a contested case hearing will be extended to 30 days after the mailing of the response to comments.**

**A person who may be affected by emissions of air contaminants from the facility is entitled to request a hearing. If requesting a contested case hearing, you must submit the following: (1) your name (or for a group or**

association, an official representative), mailing address, and daytime phone number; (2) applicant's name and permit number; (3) the statement "[I/we] request a contested case hearing"; (4) a specific description of how you would be adversely affected by the application and air emissions from the facility in a way not common to the general public; (5) the location and distance of your property relative to the facility; (6) a description of how you use the property which may be impacted by the facility; and (7) a list of all disputed issues of fact that you submit during the comment period. If the request is made by a group or an association, one or more members who have standing to request a hearing must be identified by name and physical address. The interests the group or association seeks to protect must also be identified. You may also submit your proposed adjustments to the application/permit which would satisfy your concerns.

If a hearing request is timely filed, following the close of all applicable comment and request periods, the Executive Director will forward the application and any requests for contested case hearing to the Commissioners for their consideration at a scheduled Commission meeting. The Commission may only grant a request for a contested case hearing on issues the requestor submitted in their timely comments that were not subsequently withdrawn. **If a hearing is granted, the subject of a hearing will be limited to disputed issues of fact or mixed questions of fact and law relating to relevant and material air quality concerns submitted during the comment period.** Issues such as property values, noise, traffic safety, and zoning are outside of the Commission's jurisdiction to address in this proceeding.

**MAILING LIST** In addition to submitting public comments, you may ask to be placed on a mailing list to receive future public notices for this specific application by sending a written request to the Office of the Chief Clerk at the address below.

**AGENCY CONTACTS AND INFORMATION** Public comments and requests must be submitted either electronically at [www14.tceq.texas.gov/epic/eComment/](http://www14.tceq.texas.gov/epic/eComment/), or in writing to the Texas Commission on Environmental Quality, Office of the Chief Clerk, MC-105, P.O. Box 13087, Austin, Texas 78711-3087. Please be aware that any contact information you provide, including your name, phone number, email address and physical address will become part of the agency's public record. For more information about this permit application or the permitting process, please call the Public Education Program toll free at 1-800-687-4040. Si desea información en Español, puede llamar al 1-800-687-4040.

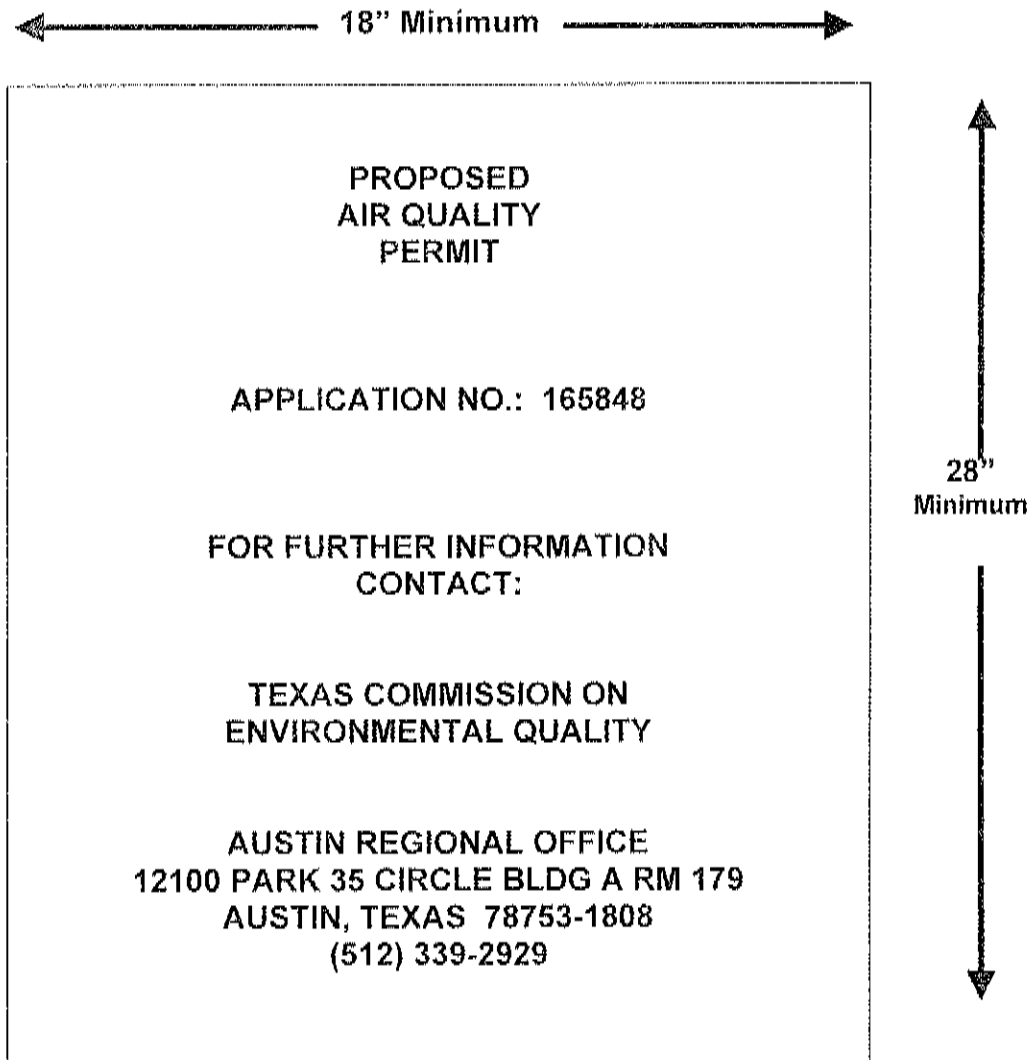

Further information may also be obtained from Exflour Research Corporation, 2350 Double Creek Drive, Round Rock, Texas 78664-3801 or by calling Dr. Thomas Bierschenk, PHD, Vice President at (512) 310-9044.

Notice Issuance Date: July 14, 2021

## Example C

### Sign Posting

Sign(s) must be in place on day of publication of first newspaper notice and must remain in place and the lettering must be legible during that designated comment period (30 days). It is recommended that the signs remain in place until 30 days after the last newspaper publication of the second notice (either English or alternate language notice, whichever is later). Note - The information shown is an example only. It is your responsibility to verify that the appropriate information pertaining to your application is accurate. Each sign placed at the site must be located within 10 feet of each (every) property line paralleling a public highway, street or road. Signs must be visible from the street and spaced at not more than 1,500-foot intervals. A minimum of one sign, but not more than three signs shall be required along any property line paralleling a public highway, street, or road.

Sign(s) must be placed at whatever height above the ground is necessary for sign(s) to be 100% visible from the street.

**WHITE BACKGROUND WITH BLACK LETTERS**

All lettering must be no less than 1-1/2 inch block printed capitals.

**Public Notice Checklist**  
**Notice of Receipt of Application and Intent to Obtain Permit**  
**(1st Notice)**

The following tasks must be completed for public notice. If publication in an alternative language is required, please complete the tasks for both the English and alternative language publications. Detailed instructions are included in the "Instructions for Public Notice" section of this package.

**Within 30 calendar days after date of administrative completeness letter**

Publish *Notice of Receipt of Application and Intent to Obtain Permit*

- Example A must be published in "public notice" section of newspaper. Review for accuracy prior to publishing.
- As part of the expedited permitting process, it is recommended that you publish immediately.

Provide copy of application at a public place for review and copying. Keep it there until end of the designated comment period.

Prepare signs.

**First day of newspaper publication**

Review published newspaper notice for accuracy. If errors, contact Air Permits Division.

Post signs and keep them up for duration of the designated comment period (see Example C).

Ensure copy of application is at the public place.

**Within 10 business days after date of publication**

# TEXAS COMMISSION ON ENVIRONMENTAL QUALITY

## Instructions for Public Notice For New Source Review Small Business Stationary Source Air Permit

### Notice of Receipt of Application and Intent to Obtain Permit

Your application has been declared administratively complete and now you must comply with the following instructions:

#### Review Notice

Included in the notice is all of the information which the commission believes is necessary to effectuate compliance with applicable public notice requirements. Please read it carefully and notify the Texas Commission on Environmental Quality (TCEQ) immediately if it contains any errors or omissions. You are responsible for ensuring the accuracy of all information published. You may not change the text of the notice without prior approval from the TCEQ.

#### Newspaper Notice

- You must publish the enclosed *Notice of Receipt of Application and Intent to Obtain Permit* within **30 calendar days** after the date of administrative completeness. As part of the expedited permitting process, it is recommended that you publish immediately. Refer to the cover letter for the date of administrative completeness.
- You must publish the enclosed *Notice of Receipt of Application and Intent to Obtain Permit* at your expense, in a newspaper that is of general circulation in the municipality where the facility is or will be located. If the facility is not located within a municipality, the newspaper should be of general circulation in the municipality nearest to the location or proposed location.
- You must publish this notice in one issue of any applicable newspaper.
- You will find two example notices enclosed in this package. *Example A* must be published in the "public notice" section of the newspaper. The phrase "Example A" is not required to be published.
- The bold text of the enclosed notice **must** be printed in the newspaper in a font style or size that distinguishes it from the rest of the notice (i.e., **bold**, *italics*). **Failure to do so may require re-notice.**

#### Alternative Language Notice

In certain circumstances, applicants for air permits must complete notice in alternative languages.

- Public notice rules require the applicant to determine whether a bilingual program is required at either the elementary or middle school nearest to the facility or proposed facility location. Bilingual education programs are determined on a district-wide basis. When students who are required to attend either school are eligible to be enrolled in a bilingual education program, some alternative language notice is required (signs, or signs and newspaper notice).

- Since the school district, and not the schools, must provide the bilingual education program, these programs do not have to be located at the elementary or middle school nearest to the facility or proposed facility to trigger the alternative language notice requirement. If there are students who would normally attend the nearest schools eligible to be taught in a bilingual education program at a different location, alternative language notice is required.
- If triggered, publication of alternative language notices must be made in a newspaper or publication primarily printed in each language taught in the bilingual education program. This notice is required if such a newspaper or publication exists in the municipality or the county where the facility is or will be located.
- The applicant must demonstrate a good faith effort to identify a newspaper or publication in the required language. If a newspaper or publication of general circulation published at least once a month in such language cannot be found, publishing in that language is not required, but signs must still be posted adjacent to each English language sign.
- Publication in an alternative language section or insertion within an English language newspaper does not satisfy these requirements.
- The applicant has the burden to demonstrate compliance with these requirements. You must fill out the ***Public Notice Verification Form (Form TCEQ-20244)*** indicating your compliance with the requirements regarding publication in an alternative language. **This form is available at [www.tceq.texas.gov/permitting/air/nav/air\\_publicnotice.html](http://www.tceq.texas.gov/permitting/air/nav/air_publicnotice.html).**
- It is suggested the applicant work with the local school district to do the following:
  - (a) determine if a bilingual program is required in the district;
  - (b) determine which language is required by the bilingual program;
  - (c) locate the nearest elementary and middle schools; and
  - (d) determine if any students attending either school are eligible to be enrolled in a bilingual educational program.
- **If you determine that you must meet the alternative language notice requirements, you are responsible for ensuring that the publication in the alternative language is complete and accurate in that language. Spanish notice templates are available through the Air Permits Division Web site at [www.tceq.texas.gov/permitting/air/nav/air\\_publicnotice.html](http://www.tceq.texas.gov/permitting/air/nav/air_publicnotice.html).** All italic notes should be replaced with the corresponding Spanish translations for the specific application and published in the alternative language publication.
- If you are required to publish notice in a language other than Spanish, you must translate the entire public notice at your own expense.

### **Public Comment Period**

- The public comment period should last at least **30 calendar days**.
- The comment period will be longer if the last day of the public comment period ends on a weekend or a holiday. In this case, the comment period will end on the next business day.
- The comment period for the permit may lengthen depending on whether a public meeting is held. If a public meeting is held, the comment period will be extended to the later of either the date of the public meeting or the end of the second notice period.

## Proof of Publication

- Check each publication to ensure that the articles were accurately published. If a notice was not published correctly you may be required to republish.
- For each newspaper in which you published, you must submit proof of publication that shows the notice, the date of publication, and the name of the newspaper to the Office of the Chief Clerk within **10 business days** after the date of publication. Acceptable proofs of publication are 1) copies of the published notice or 2) the newspaper clippings of the published notice. If you choose to submit copies of the published notice to the Office of the Chief Clerk, copies must be on standard-size 8½" x 11" paper and must show the actual size of the published notice (do not reduce the image when making copies). Published notices longer than 11" must be copied onto multiple 8½" x 11" pages. Please note, submitting a copy of your published notice could result in faster processing of your application. It is recommended that you maintain newspaper clippings or tear sheets of the notice for your records.
- You must submit an **affidavit of publication for air permitting and alternate language affidavit of publication for air permitting (if applicable)** to the Office of the Chief Clerk within **30 calendar days** after the date of publication. **You must use the enclosed affidavit forms.** The affidavits must clearly identify the applicant's name and permit number. You are encouraged to submit the affidavit with the proof of publication described above.
- You must submit the **Public Notice Verification Form (Form TCEQ-20244)** to the Office of the Chief Clerk within **10 business days** of the end of this public comment period. You must use this form to certify that you have met bilingual notice requirements. **This form is available at [www.tceq.texas.gov/permitting/air/nav/air\\_publicnotice.html](http://www.tceq.texas.gov/permitting/air/nav/air_publicnotice.html).**
- The **affidavits of publication, Public Notice Verification Form, and acceptable proof of publication of the published notices** should be emailed to [PROOFS@tceq.texas.gov](mailto:PROOFS@tceq.texas.gov) or mailed to:

Texas Commission on Environmental Quality  
Office of the Chief Clerk, MC-105  
Attn: Notice Team / AIR Expedited Permitting  
P.O. Box 13087  
Austin, Texas 78711-3087

- Please ensure that the affidavit(s) you send to the Chief Clerk have all blanks on the affidavit filled in correctly.
- Photocopies of newspaper clippings, affidavits, and verifications must also be sent to those listed on the enclosed *Notification List* within the deadlines specified above.

## Failure to Publish and Submit Proof of Publication

You must meet all publication requirements. **If you fail to publish the notice or submit proof of publication on time, then the TCEQ may suspend further processing on your application or take other actions.**

## Sign Posting

Applicants for air quality permits must also post signs.

- You must post at least one sign in English and as applicable, in each alternative language.

- Signs must be in place on the first day of publication in a newspaper and must remain in place and be legible and be visible from the street for the entire duration of the publications' designated comment period (see Example C).
- The sign template enclosed (*Example C*) is an example only. Read the sign template carefully and notify the TCEQ if it has an error or omissions. It is your responsibility to verify that the appropriate information pertaining to your application is accurate. Any changes to the text prepared by the TCEQ must be approved by the agency.
- Signs placed at the site must be located within 10 feet of each (every) property line paralleling a public street, road, or highway. Signs must be spaced at not more than 1,500-foot intervals. A minimum of one sign, but not more than three signs are required along any property line paralleling a public street, road, or highway. Sign(s) must be placed at a sufficient height above the ground that is necessary for sign(s) to be 100 percent visible from the street.
- All lettering on the sign must be no less than 1½" in height with block printed capital lettering. The sign must be at least 18" wide and 28" tall, and consist of black lettering on a white background.
- Alternative language signs are required if alternative notice is required, even if no newspaper can be found.
- Inspect each posted sign daily to ensure it is present and visible throughout the entire comment period.
- You must submit verification of sign posting using the ***Public Notice Verification Form (Form TCEQ-20244)*** within **10 business days** after end of the publications' designated comment period. Do not submit the *Public Notice Verification Form* verifying sign posting until after the comment period is over. You cannot certify that the sign posting is in compliance until after the comment period is over. **This form is available at [www.tceq.texas.gov/permitting/air/nav/air\\_publicnotice.html](http://www.tceq.texas.gov/permitting/air/nav/air_publicnotice.html).**

### Application in a Public Place

- You must provide a copy of the administratively complete application at a public place for review and copying by the public. This place must be in the county in which the facility is located or proposed to be located.
- A public place is one that is publicly owned or operated. For example, libraries, county courthouses, or city halls.
- The administratively complete application must be available beginning on the first day of newspaper publication and remain available during the entire public comment period.
- If the application is submitted to the TCEQ with information marked as confidential, you are required to indicate which specific portions of the application are not being made available to the public. These portions of the application must be accompanied with the following statement: "Any request for portions of this application that are marked as confidential must be submitted in writing, pursuant to the Public Information Act, to the Texas Commission on Environmental Quality, Public Information Coordinator, MC-197, P.O. Box 13087, Austin, Texas 78711-3087."
- You must submit verification of file availability using the ***Public Notice Verification Form (Form TCEQ-20244)*** within **10 business days** after end of the publications' designated comment period. Do not submit the form verifying that the application was in a public place until after the comment period is complete. If a public meeting is held or second notice is required causing the public comment period to be extended, at a later date you will be required to verify that the

application was in a public place during the entire public comment period. **This form is available at [www.tceq.texas.gov/permitting/air/nav/air\\_publicnotice.html](http://www.tceq.texas.gov/permitting/air/nav/air_publicnotice.html).**

### **General Information**

When contacting the Commission regarding this application, please refer to the permit number at the top of the *Notice of Application and Intent to Obtain Permit*.

If you wish to obtain an electronic copy, please contact the initial reviewer who assisted in the preparation of this public notice package. The electronic version is available in Microsoft Word format only and can be requested once your application has been declared administratively complete. Please ensure that the electronic version is correct and consistent with the hard copies that were provided. **EXAMPLE F**  
**SIGN POSTING**

Sign(s) must be in place on day of publication of first newspaper notice and must remain in place and be legible during that designated comment period (30 days). These signs must remain in place until 30 days after the last newspaper publication of the second notice (either English or alternate language notice, whichever is later). Note - The information shown is an example only. It is your responsibility to verify that the appropriate information pertaining to your application is accurate. Each sign placed at the site must be located within 10 feet of each (every) property line paralleling a public highway, street or road. Signs must be visible from the street and spaced at not more than 1,500-foot intervals. A minimum of one sign, but not more than three signs shall be required along any property line paralleling a public highway, street, or road.

Sign(s) must be placed at whatever height above the ground is necessary for sign(s) to be 100% visible from the street.

**WHITE BACKGROUND WITH BLACK LETTERS**

All lettering must be no less than 1-1/2 inch block printed capitals.
