TEXAS COMMISSION ON ENVIRONMENTAL QUALITY

NOTICE OF DISTRICT PETITION TCEQ INTERNAL CONTROL NO. D-07062022-010

PETITION. Pitt Creek Ranch LLC, a Texas limited liability company (Petitioner) filed a petition for creation of Lampasas County Municipal Utility District No. 1 (District) with the Texas Commission on Environmental Quality (TCEQ). The petition was filed pursuant to Article XVI, §59 of the Constitution of the State of Texas; Chapters 49 and 54 of the Texas Water Code; 30 Texas Administrative Code Chapter 293; and the procedural rules of the TCEQ.

The petition states that: (1) the Petitioner holds title to a majority in value of the land to be included in the proposed District; (2) there is one lienholder, Capital Farm Credit, ACA, on the property to be included in the proposed District and information provided indicates that the lienholder consents to the creation of the proposed District; (3) the proposed District will contain approximately 2,931.97 acres located within Lampasas County, Texas; and (4) none of the land within the proposed District is within the corporate limits or extraterritorial jurisdiction of any city.

The territory to be included in the proposed District is set forth in a metes and bounds description designated as Exhibit "A" and is depicted in the vicinity map designated as Exhibit "B," both of which are attached to this document.

The petition further states that the proposed District will: (1) design, construct, acquire, maintain, and own a waterworks system for domestic and commercial purposes; (2) design, construct, acquire, improve, extend, maintain, and operate works, improvements, facilities, plants, equipment, and appliances helpful or necessary to provide more adequate drainage for the proposed District; (3) control, abate, and amend local storm waters or other harmful excesses of water; (4) acquire, own, develop, construct, improve, manage, maintain, and operate roads; and (5) design, construct, acquire, improve, maintain, and operate such additional facilities, systems, plants, and enterprises as shall be consonant with all of the purposes for which the proposed District is created.

According to the petition, a preliminary investigation has been made to determine the cost of the project, and it is estimated by the Petitioners that the cost of said project will be approximately \$51,500,000 (\$26,800,000 for water and drainage and \$24,700,000 for roads).

CONTESTED CASE HEARING. The TCEQ may grant a contested case hearing on this petition if a written hearing request is filed within 30 days after the newspaper publication of this notice.

To request a contested case hearing, you must submit the following: (1) your name (or for a group or association, an official representative), mailing address, daytime phone number, and fax number, if any; (2) the name of the Petitioners and the TCEQ Internal Control Number; (3) the statement "I/we request a contested case hearing"; (4) a brief description of how you would be affected by the petition in a way not common to the general public; and (5) the location of your property relative to the proposed District's boundaries. You may also submit your proposed adjustments to the petition which would satisfy your concerns. Requests for a contested case hearing must be submitted in writing to the Office of the Chief Clerk at the address provided in the information section below.

The Executive Director may approve the petition unless a written request for a contested case hearing is filed within 30 days after the newspaper publication of this notice. If a hearing request is filed, the Executive Director will not approve the petition and will forward the petition and hearing request to the TCEQ Commissioners for their consideration at a scheduled Commission meeting. If a contested case hearing is held, it will be a legal proceeding similar to a civil trial in state district court.

INFORMATION. Written hearing requests should be submitted to the Office of the Chief Clerk, MC-105, TCEQ, P.O. Box 13087, Austin, TX 78711-3087. For information concerning the hearing process, please contact the Public Interest Counsel, MC-103, at the same address.
