Type of Authorization: Major Amendment

Dear Mr. Moore and Mr. Rivette,

As you know, the Chief Clerk's Office has referred this matter over to the State Office of Administrative Hearings (SOAH) for a contested case hearing on your application.

SOAH will conduct a preliminary hearing via Zoom video conference at:

10:00 a.m. – September 12, 2023

You are now required to publish notice for this hearing. To help you meet the requirements associated with this notice, we have enclosed the following items:

- Notice for Newspaper Publication
- Instructions for Notice of Hearing
- Affidavit of Publication

Please note that it is VERY IMPORTANT that you follow ALL directions in the ENCLOSED INSTRUCTIONS. If you do not, you may be required to republish the notice. One of the most common mistakes we see is the unauthorized changing of notice wording or font. If you have any questions, please contact us before you proceed with publication.

The following items and time limitations are also described in the enclosed instructions. However, due to their importance, we want to highlight them for you.

1. Publish the enclosed notice within at least **30 calendar days** prior to the date of the hearing.

2. Return **acceptable proof of publication** of the complete notice, which shows publication date and newspaper name, to the TCEQ Office of the Chief Clerk within **10 business days** after notice is published in the newspaper.

3. File the original enclosed *Affidavit of Publication* with the TCEQ Office of the Chief Clerk within **30 calendar days** after the notice is published in the newspaper.

If you do not comply with all requirements described in the instructions, further processing of your application may be suspended or the commission may take other actions.

As required by 30 TAC § 80.118(c), the TCEQ Office of the Chief Clerk (OCC) will provide the administrative record to SOAH, and will retain one copy for its files. In addition, one copy of the administrative record will be provided to you by the OCC on CD. Neither SOAH nor TCEQ is responsible for providing additional copies to the parties. However, the OCC can provide copies upon request.

The administrative record is not in evidence until properly offered by motion of a party, and subsequently admitted by the Administrative Law Judge, pursuant to 30 TAC § 80.127(h). The party seeking admission of the administrative record must supply copies to the other parties in the proceeding at the time it is offered, or by agreement of the parties.

If you have any questions regarding publication requirements, or obtaining copies of the administrative record, please contact the SOAH Docket Clerk in the OCC at 512-239-3300. If you have any other questions, please contact Anthony Tatu at 512-239-5778.

Sincerely,

Laurie Gharis

Permit No. 2185A

APPLICATION.
USA Waste of Texas Landfills, Inc., 24275 Katy Freeway, Suite 450, Katy, Texas 77494, has applied to the Texas Commission on Environmental Quality (TCEQ) for a permit amendment to authorize the lateral and vertical expansion of the Type IV municipal solid waste (MSW) landfill.

The TCEQ Executive Director has completed the technical review of the application and prepared a draft permit. The draft permit, if approved, would establish the conditions under which the facility must operate. The Executive Director has made a preliminary decision that this permit, if issued, meets all statutory and regulatory requirements. The permit application, Executive Director's preliminary decision, and draft permit are available for viewing and copying at the Hillendahl Neighborhood Library, 2436 Gessner Road, Houston, Texas 77080. The permit application may be viewed online at <https://www.wm.com/wm/permits-texas/permits.jsp>.

The purpose of a preliminary hearing is to establish jurisdiction, name the parties, establish a procedural schedule for the remainder of the proceeding, and to address other matters as determined by the judge. The evidentiary hearing phase of the proceeding, which will occur at a later date, will be similar to a civil trial in state district court. The hearing will address the disputed issues of fact identified in the TCEQ order issued on May 15, 2023, concerning this application. In addition to these issues, the judge may consider additional issues if certain factors are met.

The hearing will be conducted in accordance with Chapter 2001, Texas Government Code; Chapter 361, Texas Health and Safety Code; TCEQ rules, including 30 Texas Administrative Code (TAC) Chapter 330; and the procedural rules of TCEQ and SOAH, including 30 TAC Chapter 80 and 1 TAC Chapter 155. Any person may attend the preliminary hearing and request to be a party. Only persons named as parties may participate in the hearing.

Permiso No. 2185A

APLICACIÓN.
USA Waste of Texas Landfills, Inc., 24275 Katy Freeway, Suite 450, Katy, Texas 77494, ha solicitado a la Comisión de Calidad Ambiental de Texas (TCEQ) una enmienda de permiso para autorizar la expansión lateral y vertical del relleno sanitario de residuos sólidos municipales (RSU) Tipo IV.

El Director Ejecutivo de TCEQ ha completado la revisión técnica de la solicitud y ha preparado un proyecto de permiso. El proyecto de permiso, si se aprueba, establecería las condiciones bajo las cuales la instalación debe operar. El Director Ejecutivo ha adoptado una decisión preliminar de que este permiso, si se expide, cumple todos los requisitos legales y reglamentarios. La solicitud de permiso, la decisión preliminar del Director Ejecutivo y el borrador del permiso están disponibles para ver y copiar en la Biblioteca del Vecindario Hillendahl, 2436 Gessner Road, Houston, Texas 77080. La solicitud de permiso se puede ver en línea en <https://www.wm.com/wm/permits-texas/permits.jsp>.

La fase de audiencia probatoria del procedimiento, que ocurrirá en una fecha posterior, será similar a un juicio civil en el tribunal de distrito estatal. La audiencia abordará las cuestiones de hecho controvertidas identificadas en la orden TCEQ emitida el 15 de mayo de 2023 con respecto a esta solicitud. Además de estas cuestiones, el juez puede considerar cuestiones adicionales si se cumplen ciertos factores.

La audiencia se llevará a cabo de acuerdo con el Capítulo 2001, Código de Gobierno de Texas; Capítulo 361, Código de Salud y Seguridad de Texas; Reglas de TCEQ, incluyendo 30 Código Administrativo de Texas (TAC) Capítulo 330; y las normas de procedimiento de TCEQ y SOAH, incluidos 30 TAC Capítulo 80 y 1 TAC Capítulo 155. La audiencia se llevará a cabo a menos que todas las solicitudes de audiencia oportunas hayan sido retiradas o denegadas.

Para solicitar ser parte, debe asistir a la audiencia y demostrar que se vería afectado negativamente por la solicitud de una manera que no es común para los miembros del público en general. Cualquier persona puede asistir a la audiencia preliminar y solicitar ser parte. Sólo las personas nombradas como partes pueden participar en la audiencia.

De acuerdo con 1 TAC § 155.401 (a), Notificación de audiencia, "Las partes que no están representadas por un abogado pueden obtener información sobre audiencias de casos impugnados en el sitio web público de la Oficina Estatal de Audiencias Administrativas en www.soah.texas.gov**, o en formato impreso previa solicitud a SOAH".**

Application. USA Waste of Texas Landfills, Inc., 24275 Katy Freeway, Suite 450, Katy, Texas 77494, has applied to the Texas Commission on Environmental Quality (TCEQ) for a permit major amendment to authorize the name change of the facility to Hawthorn Park Recycling and Disposal Facility and the lateral and vertical expansion of the facility. The facility is a Type IV municipal solid waste (MSW) landfill. The facility is located at 10550 Tanner Road, Houston, 77041 in Harris County, Texas. The TCEQ received this application on February 23, 2021. The following link to an electronic map of the site or facility's general location is provided as a public courtesy and is not part of the application or notice: https://arcg.is/DLTvn. For exact location, refer to application.

The TCEQ Executive Director has completed the technical review of the application and prepared a draft permit. A second public meeting will be held and will consist of two parts, an Informal Discussion Period and a Formal Comment Period. A public meeting is not a contested case hearing under the Administrative Procedure Act. During the Informal Discussion Period, the public will be encouraged to ask questions of the applicant and TCEQ staff concerning the permit application. The comments and questions submitted orally during the Informal Discussion Period will not be considered before a decision is reached on the permit application and no formal response will be made. Responses will be provided orally during the Informal Discussion Period. During the Formal Discussion Period on the permit application, members of the public may state their formal comments orally into the official record. A written response to all formal comments will be prepared by the Executive Director. All formal comments will be considered before a decision is reached on the permit application. A copy of the written response will be sent to each person who submits a formal comment or who requested to be on the mailing list for this permit application and provides a mailing address. Only relevant and material issues raised during the Formal Comment Period can be considered if a contested case hearing is granted on this permit application.

The Public Meeting is to be held:
Tuesday, June 28, 2022 at 7:00 PM
Sterling Banquet Hall
5475 W Sam Houston Parkway N
Houston, Texas 77041

Texas Commission on Environmental Quality

NOTICE OF APPLICATION AND PRELIMINARY DECISION FOR TPDES PERMIT FOR MUNICIPAL WASTEWATER RENEWAL PERMIT NO. WQ0014116001

APPLICATION AND PRELIMINARY DECISION. Montgomery County Municipal Utility District No. 24, c/o Young & Brooks, 10000 Memorial Drive, Suite 260, Houston, Texas 77024, has applied to the Texas Commission on Environmental Quality (TCEQ) for a renewal of Texas Pollutant Discharge Elimination System (TPDES) Permit No. WQ0014116001 which authorizes the discharge of treated domestic wastewater at a daily average flow not to exceed 390,000 gallons per day. TCEQ received this application on November 29, 2021.

The facility is located at 4003 Ricewood Drive, Porter, in Montgomery County, Texas 77365. The treated effluent is discharged to an unnamed ditch, thence to White Oak Creek, thence to Caney Creek in Segment No. 1010 of the San Jacinto River Basin. The unclassified receiving water uses are minimal aquatic life use for the unnamed ditch and high aquatic life use White Oak Creek. The designated uses for Segment No. 1010 are primary contact recreation, public water supply, and high aquatic life use. All determinations are preliminary and subject to additional review and/or revisions. This link to an electronic map of the site or facility's general location is provided as a public courtesy and is not part of the application or notice. For the exact location, refer to the application. https://tceq.maps.arcgis.com/apps/webappviewer/index.html?id=ab5bac44a1ac468bbddd360f81482501&marker=-95.183944%2C30.100249&level=12

The TCEQ Executive Director has completed the technical review of the application and prepared a draft permit. The draft permit, if approved, would establish the conditions under which the facility must operate. The Executive Director has made a preliminary decision that this permit, if issued, meets all statutory and regulatory requirements. The permit application, Executive Director's preliminary decision, and draft permit are available for viewing and copying at Montgomery County Central Library, 104 Interstate Highway 45 North, Conroe, Texas.

PUBLIC COMMENT/PUBLIC MEETING. You may submit public comments or request a public meeting about this application. The purpose of a public meeting is to provide the opportunity to submit comments or to ask questions about the application. TCEQ holds a public meeting if the Executive Director determines that there is a significant degree of public interest in the application or if requested by a local legislator. A public meeting is not a contested case hearing.

OPPORTUNITY FOR A CONTESTED CASE HEARING. After the deadline for submitting public comments, the Executive Director will consider all timely comments and prepare a response to all relevant and material, or significant public comments. **Unless the application is directly referred for a contested case hearing, the response to comments will be mailed to everyone who submitted public comments and to those persons who are on the mailing list for this application. If comments are received, the mailing will also provide instructions for requesting a contested case hearing or reconsideration of the Executive Director's decision.** A contested case hearing is a legal proceeding similar to a civil trial in a state district court.

TO REQUEST A CONTESTED CASE HEARING, YOU MUST INCLUDE THE FOLLOWING ITEMS IN YOUR REQUEST: your name, address, phone number; applicant's name and proposed permit number; the location and distance of your property/activities relative to the proposed facility; a specific description of how you would be adversely affected by the facility in a way not common to the general public; a list of all disputed issues of fact that you submit during the comment period; and the statement "[I/we] request a contested case hearing." If the request for contested case hearing is filed on behalf of a group or association, the request must designate the group's representative for receiving future correspondence; identify by name and physical address an individual member of the group who would be adversely affected by the proposed facility or activity; provide the information discussed above regarding the affected member's location and distance from the facility or activity; explain how and why the member would be affected; and explain how the interests the group seeks to protect are relevant to the group's purpose.

Following the close of all applicable comment and request periods, the Executive Director will forward the application and any requests for reconsideration or for a contested case hearing to the TCEQ Commissioners for their consideration at a scheduled Commission meeting.

The Commission may only grant a request for a contested case hearing on issues the requestor submitted in their timely comments that were not subsequently withdrawn. **If a hearing is granted, the subject of a hearing will be limited to disputed issues of fact or mixed questions of fact and law relating to relevant and material water quality concerns submitted during the comment period. TCEQ may act on an application to renew a permit for discharge of wastewater without providing an opportunity for a contested case hearing if certain criteria are met.**

EXECUTIVE DIRECTOR ACTION. The Executive Director may issue final approval of the application unless a timely contested case hearing request or request for reconsideration is filed. If a timely hearing request or request for reconsideration is filed, the Executive Director will not issue final approval of the permit and will forward the application and request to the TCEQ Commissioners for their consideration at a scheduled Commission meeting.

MAILING LIST. If you submit public comments, a request for a contested case hearing or a reconsideration of the Executive Director's decision, you will be added to the mailing list for this specific application to receive future public notices mailed by the Office of the Chief Clerk. In addition, you may request to be placed on: (1) the permanent mailing list for a specific applicant name and permit number; and/or (2) the mailing list for a specific county. If you wish to be placed on the permanent and/or the county mailing list, clearly specify which list(s) and send your request to TCEQ Office of the Chief Clerk at the address below.

All written public comments and public meeting requests must be submitted to the Office of the Chief Clerk, MC 105, Texas Commission on Environmental Quality, P.O. Box 13087, Austin,

FINAL NOTICE AND PUBLIC EXPLANATION OF A PROPOSED ACTIVITY IN A 100-YEAR FLOODPLAIN OR WETLAND

To: All interested Federal, State, and Local Agencies, Groups and Individuals

This is to give notice that the Harris County Community Services Department under Part 58 has conducted an evaluation as required by Executive Orders 11988 and 11990, in accordance with HUD regulations at 24 CFR 55.20 Subpart C Procedures for Making Determinations on Floodplain Management and Wetlands Protection. The activity is funded under the Community Development Block Grant – Disaster Recovery (CDBG-DR) program funding under GLO Grant # 19-147-002-B490 and U.S. Department of Housing and Urban Development (HUD) Grant # B-17-DM-48-0001, and a portion is funded by local funds. The proposed project area is approximately 3.83 acres along Edloe, Auden, and Harper Streets in Southside Place, West Harris County, Texas. No new easements or changes to existing easements would be required. The depth of excavation is expected to be between 8 feet and 15 feet. The project consists of drainage improvements along Edloe, Auden, and Harper Streets and replaces the current undersized outfalls from Edloe Street to Poor Farm Ditch with a new outfall for the northern system (Drains a 52.38-acre area) and connects the southern system (Drains a 39.61-acre area) to the existing system along Bellaire Boulevard. The streets would be excavated, pipelines would be installed, and streets would be repaved upon completion of the other project activities. The existing drainage pipes along Auden Street, Harper Street, and Edloe Street from Harper Street south to Carlon Street would be grouted and abandoned. In total, 8 outfalls are being abandoned and grouted. Two new outfalls are being constructed at the following locations:

A new outfall pipe with a 60-inch diameter northeast of the intersection at Edloe and Harper Street: 29.71247034, -95.4332227

And a new outfall that connects to the existing storm sewer system parallel to Bellaire Blvd is 60 inches in diameter at the intersection of Bellaire Blvd and Edloe St: 29.70615851, -95.4335732.

A review of the Federal Emergency Management Administration (FEMA) Flood Insurance Rate Map (FIRM) Panel Number 48201C0860L, effective on June 18, 2007, indicates a portion of the project area is in the 100-year SFHA. The eastern portion of the project area overlaps a floodway (Poor Farm Ditch), and all 3.83 acres of the project area are in the 100-year floodplain AE zone. There is a LOMR 12-06-3459P, effective on March 4, 2013, for this FIRM panel which is north of the project area and does not change the flood designation of the project area. Because this project is improving infrastructure that is already in place, it is considered a functionally dependent use within the floodway under 24 CFR 55.1(c)(1). This project is not considered a critical action under 24 CFR Part 55.

A very small portion of wetlands (approximately 0.03 acres) is within the project area, according to the National Wetlands Inventory (NWI) database. Poor Farm Ditch, overlapping the east side of the project area, is characterized as a Riverine wetland (R5UBFx: unknown perennial, unconsolidated bottom, semi-permanently flooded, and human-created). Under the proposed project, no modifications would occur to the concrete-lined Poor Farm Ditch Riverine wetland. Because Poor Farm Ditch is not a jurisdictional feature, no permitting under the Clean Water Act is required. Indirect impacts would be a change in the location of entry of stormwater runoff into the concrete-lined Riverine wetland. The Riverine wetland features within and adjacent to the project area would be protected from sedimentation and runoff during construction by the application of appropriate BMPs, such as silt fencing, sod strips, inlet protection, and vegetated buffers.

Harris County has considered the following alternatives and mitigation measures to be taken to minimize adverse impacts and to restore and preserve natural and beneficial values:

Improvement of Existing Outfalls
Under this alternative, Southside Place would remove, replace, or rehabilitate existing stormwater outfalls in residential side yard easements. While this alternative would meet the purpose and need for the proposed action, it is not technically feasible due to presence of aboveground structures adjacent to the outfall pipes, and the poor condition of the outfall pipes that precludes rehabilitation.

Improvement without a Change in Capacity
Under this alternative, Southside Place would replace and improve the existing stormwater drainage systems without increasing their capacities. This alternative did not meet the purpose and need for handling the City's current design storm event (a 2-year storm).

Housing Buyout and Relocation Entire Neighborhood
Under this alternative, Southside Place would acquire residential properties so that residents could relocate outside of the floodplain, physically relocate residential and commercial properties to areas outside of the floodplain, and/or elevate residential properties above the base flood level. These alternatives were not chosen because the buyout/relocation program identified higher priority areas for buyout and relocation.

No Action Alternative:
Under the no-action alternative, roads and neighborhoods would continue to flood, and street flooding, impassable streets, and property losses during flood events would continue.

Because of all the factors mentioned above, Harris County will be able to make a Finding of No Significant Impacts, using the preferred alternative. Harris County will ensure compliance with state and local floodplain/wetland protection procedures.

Harris County has reevaluated the alternatives to building in the floodplain/wetland and has determined that it has no practicable alternative. Environmental files that document compliance with steps 3 through 6 of Executive Orders 11988 and 11990, are available for public inspection, review and copying upon request at the times and location delineated in the last paragraph of this notice for receipt of comments.

There are three primary purposes for this notice. First, people who may be affected by activities in floodplains/wetlands and those who have an interest in the protection of the natural environment should be given an opportunity to express their concerns and provide information about these areas. Second, an adequate public notice program can be an important public educational tool. The dissemination of information and request for public comment about floodplains/wetlands can facilitate and enhance Federal efforts to reduce the risks and impacts associated with the occupancy and modification of these special areas. Third, as a matter of fairness, when the Federal government determines it will participate in actions taking place in floodplains/wetlands, it must inform those who may be put at greater or continued risk.

Written comments must be received by the HCCSD at the following address on or before June 22, 2022: Community Services Department, 13105 Northwest Freeway, Suite 400, Houston, Texas 77040 and 832-927-8230. Attention: Dr. Adrienne Holloway, Executive Director. Comments may also be submitted via email at DR.Planning@csd.hctx.net. Full descriptions of the project may also be reviewed from Monday - Friday during business hours 8 A.M. – 5 P.M. at the same address as above.

The TCEQ Executive Director has completed the technical review of the application and prepared a draft permit. The draft permit, if approved, would establish the conditions under which the facility must operate. The Executive Director has made a preliminary decision that this permit, if issued, meets all statutory and regulatory requirements. The permit application, Executive Director's preliminary decision, and draft permit are available for viewing and copying at Montgomery County Central Library, 104 Interstate Highway 45 North, Conroe, Texas.

PUBLIC COMMENT/PUBLIC MEETING. You may submit public comments or request a public meeting about this application. The purpose of a public meeting is to provide the opportunity to submit comments or to ask questions about the application. TCEQ holds a public meeting if the Executive Director determines that there is a significant degree of public interest in the application or if requested by a local legislator. A public meeting is not a contested case hearing.

OPPORTUNITY FOR A CONTESTED CASE HEARING. After the deadline for submitting public comments, the Executive Director will consider all timely comments and prepare a response to all relevant and material, or significant public comments. **Unless the application is directly referred for a contested case hearing, the response to comments will be mailed to everyone who submitted public comments and to those persons who are on the mailing list for this application. If comments are received, the mailing will also provide instructions for requesting a contested case hearing or reconsideration of the Executive Director's decision.** A contested case hearing is a legal proceeding similar to a civil trial in a state district court.

TO REQUEST A CONTESTED CASE HEARING, YOU MUST INCLUDE THE FOLLOWING ITEMS IN YOUR REQUEST: your name, address, phone number; applicant's name and proposed permit number; the location and distance of your property/activities relative to the proposed facility; a specific description of how you would be adversely affected by the facility in a way not common to the general public; a list of all disputed issues of fact that you submit during the comment period; and the statement "I/we request a contested case hearing." If the request for contested case hearing is filed on behalf of a group or association, the request must designate the group's representative for receiving future correspondence; identify by name and physical address an individual member of the group who would be adversely affected by the proposed facility or activity; provide the information discussed above regarding the affected member's location and distance from the facility or activity; explain how and why the member would be affected; and explain how the interests the group seeks to protect are relevant to the group's purpose.

Following the close of all applicable comment and request periods, the Executive Director will forward the application and any requests for reconsideration or for a contested case hearing to the TCEQ Commissioners for their consideration at a scheduled Commission meeting.

The Commission may only grant a request for a contested case hearing on issues the requestor submitted in their timely comments that were not subsequently withdrawn. **If a hearing is granted, the subject of a hearing will be limited to disputed issues of fact or mixed questions of fact and law relating to relevant and material water quality concerns submitted during the comment period. TCEQ may act on an application to renew a permit for discharge of wastewater without providing an opportunity for a contested case hearing if certain criteria are met.**

EXECUTIVE DIRECTOR ACTION. The Executive Director may issue final approval of the application unless a timely contested case hearing request or request for reconsideration is filed. If a timely hearing request or request for reconsideration is filed, the Executive Director will not issue final approval of the permit and will forward the application and request to the TCEQ Commissioners for their consideration at a scheduled Commission meeting.

MAILING LIST. If you submit public comments, a request for a contested case hearing or a reconsideration of the Executive Director's decision, you will be added to the mailing list for this specific application to receive future public notices mailed by the Office of the Chief Clerk. In addition, you may request to be placed on: (1) the permanent mailing list for a specific applicant name and permit number; and/or (2) the mailing list for a specific county. If you wish to be placed on the permanent and/or the county mailing list, clearly specify which list(s) and send your request to TCEQ Office of the Chief Clerk at the address below.

All written public comments and public meeting requests must be submitted to the Office of the Chief Clerk, MC 105, Texas Commission on Environmental Quality, P.O. Box 13087, Austin, TX 78711-3087 or electronically at www.tceq.texas.gov/goto/comment within 30 days from the date of newspaper publication of this notice.

FINAL NOTICE AND PUBLIC EXPLANATION OF A PROPOSED ACTIVITY IN A 100-YEAR FLOODPLAIN OR WETLAND

To: All interested Federal, State, and Local Agencies, Groups and Individuals

This is to give notice that the Harris County Community Services Department under Part 58 has conducted an evaluation as required by Executive Orders 11988 and 11990, in accordance with HUD regulations at 24 CFR 55.20 Subpart C Procedures for Making Determinations on Floodplain Management and Wetlands Protection. The activity is funded under the Community Development Block Grant – Disaster Recovery (CDBG-DR) program funding under CLO Grant # 19-147-002-B490 and U.S. Department of Housing and Urban Development (HUD) Grant # B-17-DM-48-0001, and a portion is funded by local funds. The proposed project area is approximately 3.83 acres along Edloe, Auden, and Harper Streets in Southside Place, West Harris County, Texas. No new easements or changes to existing easements would be required. The depth of excavation is expected to be between 8 feet and 15 feet. The project consists of drainage improvements along Edloe, Auden, and Harper Streets and replaces the current undersized outfalls from Edloe Street to Poor Farm Ditch with a new outfall for the northern system (Drains a 52.38-acre area) and connects the southern system (Drains a 39.61-acre area) to the existing system along Bellaire Boulevard. The streets would be excavated, pipelines would be installed, and streets would be repaved upon completion of the other project activities. The existing drainage pipes along Auden Street, Harper Street, and Edloe Street from Harper Street south to Carlon Street would be grouted and abandoned. In total, 8 outfalls are being abandoned and grouted. Two new outfalls are being constructed at the following locations:

A new outfall pipe with a 60-inch diameter northeast of the intersection at Edloe and Harper Street: 29.71247034, -95.4332227

And a new outfall that connects to the existing storm sewer system parallel to Bellaire Blvd is 60 inches in diameter at the intersection of Bellaire Blvd and Edloe St: 29.70615851, -95.4335732.

A review of the Federal Emergency Management Administration (FEMA) Flood Insurance Rate Map (FIRM) Panel Number 48201C0860L, effective on June 18, 2007, indicates a portion of the project area is in the 100-year SFHA. The eastern portion of the project area overlaps a floodway (Poor Farm Ditch), and all 3.83 acres of the project area are in the 100-year floodplain AE zone. There is a LOMR 12-06-3459P, effective on March 4, 2013, for this FIRM panel which is north of the project area and does not change the flood designation of the project area. Because this project is improving infrastructure that is already in place, it is considered a functionally dependent use within the floodway under 24 CFR 55.1(c)(1). This project is not considered a critical action under 24 CFR Part 55.

A very small portion of wetlands (approximately 0.03 acres) is within the project area, according to the National Wetlands Inventory (NWI) database. Poor Farm Ditch, overlapping the east side of the project area, is characterized as a Riverine wetland (R5UBFx: unknown perennial, unconsolidated bottom, semi-permanently flooded, and human-created). Under the proposed project, no modifications would occur to the concrete-lined Poor Farm Ditch Riverine wetland. Because Poor Farm Ditch is not a jurisdictional feature, no permitting under the Clean Water Act is required. Indirect impacts would be a change in the location of entry of stormwater runoff into the concrete-lined Riverine wetland. The Riverine wetland features within and adjacent to the project area would be protected from sedimentation and runoff during construction by the application of appropriate BMPs, such as silt fencing, sod strips, inlet protection, and vegetated buffers.

Harris County has considered the following alternatives and mitigation measures to be taken to minimize adverse impacts and to restore and preserve natural and beneficial values:

Improvement of Existing Outfalls
Under this alternative, Southside Place would remove, replace, or rehabilitate existing stormwater outfalls in residential side yard easements. While this alternative would meet the purpose and need for the proposed action, it is not technically feasible due to presence of aboveground structures adjacent to the outfall pipes, and the poor condition of the outfall pipes that precludes rehabilitation.

Improvement without a Change in Capacity
Under this alternative, Southside Place would replace and improve the existing stormwater drainage systems without increasing their capacities. This alternative did not meet the purpose and need for handling the City's current design storm event (a 2-year storm).

Housing Buyout and Relocation Entire Neighborhood
Under this alternative, Southside Place would acquire residential properties so that residents could relocate outside of the floodplain, physically relocate residential and commercial properties to areas outside of the floodplain, and/or elevate residential properties above the base flood level. These alternatives were not chosen because the buyout/relocation program identified higher priority areas for buyout and relocation.

No Action Alternative:
Under the no-action alternative, roads and neighborhoods would continue to flood, and street flooding, im passable streets, and property losses during flood events would continue.

Because of all the factors mentioned above, Harris County will be able to make a Finding of No Significant Impacts, using the preferred alternative. Harris County will ensure compliance with state and local floodplain/wetland protection procedures.

Harris County has reevaluated the alternatives to building in the floodplain/wetland and has determined that it has no practicable alternative. Environmental files that document compliance with steps 3 through 6 of Executive Orders 11988 and 11990, are available for public inspection, review and copying upon request at the times and location delineated in the last paragraph of this notice for receipt of comments.

There are three primary purposes for this notice. First, people who may be affected by activities in floodplains/wetlands and those who have an interest in the protection of the natural environment should be given an opportunity to express their concerns and provide information about these areas. Second, an adequate public notice program can be an important public educational tool. The dissemination of information and request for public comment about floodplains/wetlands can facilitate and enhance Federal efforts to reduce the risks and impacts associated with the occupancy and modification of these special areas. Third, as a matter of fairness, when the Federal government determines it will participate in actions taking place in floodplains/wetlands, it must inform those who may be put at greater or continued risk.

Written comments must be received by the HCCSD at the following address on or before June 22, 2022: Community Services Department, 13105 Northwest Freeway, Suite 400, Houston, Texas 77040 and 632-927-8230. Attention: Dr. Adrienne Holloway, Executive Director. Comments may also be submitted via email at DR.Planning@csd.hctx.net. Full descriptions of the project may also be reviewed from Monday - Friday during business hours 8 A.M. – 5 P.M. at the same address as above.

Following the close of all applicable comment and request periods, the Executive Director will forward the application and any requests for reconsideration or for a contested case hearing to the TCEQ Commissioners for their consideration at a scheduled Commission meeting.

The Commission may only grant a request for a contested case hearing on issues the requestor submitted in their timely comments that were not subsequently withdrawn. **If a hearing is granted, the subject of a hearing will be limited to disputed issues of fact or mixed questions of fact and law relating to relevant and material water quality concerns submitted during the comment period. ALTERNATIVE LANGUAGE NOTICE. Alternative language notice in Spanish is available at https://www.tceq.texas.gov/permitting/wastewater/plain-language-summaries-and-public-notices. El aviso de idioma alternativo en español está disponible en https://www.tceq.texas.gov/permitting/wastewater/plain-language-summaries-and-public-notices.

ADDITIONAL NOTICE. TCEQ's Executive Director has determined the application is administratively complete and will conduct a technical review of the application. After technical review of the application is complete, the Executive Director may prepare a draft permit and will issue a preliminary decision on the application. **Notice of the Application and Preliminary Decision will be published and mailed to those who are on the county-wide mailing list and to those who are on the mailing list for this application. That notice will contain the deadline for submitting public comments.**

PUBLIC COMMENT / PUBLIC MEETING. You may submit public comments or request a public meeting on this application. The purpose of a public meeting is to provide the opportunity to submit comments or to ask questions about the application. TCEQ will hold a public meeting if the Executive Director determines that there is a significant degree of public interest in the application or if requested by a local legislator. A public meeting is not a contested case hearing.

OPPORTUNITY FOR A CONTESTED CASE HEARING. After the deadline for submitting public comments, the Executive Director will consider all timely comments and prepare a response to all relevant and material, or significant public comments. **Unless the application is directly referred for a contested case hearing, the response to comments, and the Executive Director's decision on the application, will be mailed to everyone who submitted public comments and to those persons who are on the mailing list for this application. If comments are received, the mailing will also provide instructions for requesting reconsideration of the Executive Director's decision and for requesting a contested case hearing.** A contested case hearing is a legal proceeding similar to a civil trial in state district court.

TO REQUEST A CONTESTED CASE HEARING, YOU MUST INCLUDE THE FOLLOWING ITEMS IN YOUR REQUEST: your name, address, phone number; **applicant's name and proposed permit number; the location and distance of your property/activities relative to the proposed facility; a specific description of how you would be adversely affected by the facility in a way not common to the general public; a list of all disputed issues of fact that you submit during the comment period and, the statement "(I/we) request a contested case hearing." If the request for contested case hearing is filed on behalf of a group or association, the request must designate the group's representative for receiving future correspondence; identify by name and physical address an individual member of the group who would be adversely affected by the proposed facility or activity; provide the information discussed above regarding the affected member's location and distance from the facility or activity; explain how and why the member would be affected; and explain how the interests the group seeks to protect are relevant to the group's purpose.**

Following the close of all applicable comment and request periods, the Executive Director will forward the application and any requests for reconsideration or for a contested case hearing to the TCEQ Commissioners for their consideration at a scheduled Commission meeting.

The Commission may only grant a request for a contested case hearing on issues the requestor submitted in their timely comments that were not subsequently withdrawn. **If a hearing is granted, the subject of a hearing will be limited to disputed issues of fact or mixed questions of fact and law relating to relevant and material water quality concerns submitted during the comment period. TCEQ may act on an application to renew a permit for discharge of wastewater without providing an opportunity for a contested case hearing if certain criteria are met.**

MAILING LIST. If you submit public comments, a request for a contested case hearing or a reconsideration of the Executive Director's decision, you will be added to the mailing list for this specific application to receive future public notices mailed by the Office of the Chief Clerk. In addition, you may request to be placed on: (1) the permanent mailing list for a specific applicant name and permit number; and/or (2) the mailing list for a specific county. If you wish to be placed on the permanent and/or the county mailing list, clearly specify which list(s) and send your request to TCEQ Office of the Chief Clerk at the address below.

TIROTEO EN UVALDE

Habitantes están enojados con el accionar policial

Por el dudoso operativo en la escuela primaria

Globos con forma de corazón decoran una ofrenda conmemorativa improvisada frente a la Escuela Primaria Robb el lunes 30 de mayo en Uvalde, Texas.

La culpa por una demora atroz en matar al joven armado que cometió una masacre en una escuela primaria de Texas —incluso mientras los padres en el exterior le rogaban a la policía que ingresara y los aterrorizados niños llamaban al número de emergencias 911— ha sido puesta en el jefe policial del distrito escolar, nacido en la misma ciudad de Uvalde.

Ha dejado a los residentes de esta comunidad en apuros para reconciliar lo que saben del policía local Pete Arredondo después de que el director de la policía estatal dijo que el comandante en el lugar del crimen —Arredondo— tomó la "decisión equivocada" al no ingresar antes a un aula de la Escuela Primaria Robb, creyendo que el joven armado estaba parapetado en el interior y los niños no corrían peligro.

Steven McCraw, director del Departamento de Seguridad Pública de Texas, dijo en una conferencia de prensa que, después de seguir al joven armado al interior del edificio, los agentes aguardaron más de una hora para ingresar al salón de clases. Diecinueve niños y dos maestras fueron asesinados en la balacera.

Arredondo estaba listo para ser juramentado el martes a su nuevo puesto en el Concejo Municipal tras ser elegido el mes pasado. El funcionario de 50 años creció en Uvalde y se graduó de la secundaria allí, y ha pasado en la ciudad gran parte de una carrera de casi 30 años en las fuerzas del orden, regresando en 2020 para asumir el puesto de jefe policial del distrito escolar.

Cuando Arredondo era niño, María González solía llevarlo a él y a sus hijos en automóvil a la misma escuela en la que ocurrió el tiroteo. "Era un buen niño", recordó.

"Cometió un error tal vez porque no tenía la experiencia suficiente. Concejo Municipal, Arredondo le dijo el mes pasado al periódico *Uvalde Leader-News* que estaba "listo para avanzar a toda prisa".

"Tengo muchas ideas, y definitivamente tengo mucho impulso", señaló, indicando que quería enfocarse no sólo en que la ciudad tuviera disciplina fiscal sino también en asegurarse de que se lleven a cabo proyectos de reparación y embellecimiento.

En un foro de candidatos antes de ser elegido, Arredondo dijo: "supongo que para mí nada es complicado. Todo tiene una solución. Esa solución empieza con la comunicación. La comunicación es clave".

McCraw dijo que los alumnos y las maestras le rogaron repetidas veces a las operadoras del 911 que se enviara ayuda, y mientras tanto Arredondo les dijo a más de una docena de policías que aguardaran en un pasillo afuera del aula. Esa orden —que va en contra de los protocolos establecidos para cuando hay un hombre armado disparando— generó cuestionamientos de si no se perdieron más vidas debido a que los agentes no actuaron con mayor rapidez.

Cooperación

Arredondo aseguró que habla a diario con los investigadores, contradiciendo las afirmaciones de la policía estatal de que él ha dejado de cooperar.

En una entrevista, el jefe de policía del Distrito llamaron al número de urgencias 911 para pedir ayuda.

El director de comunicaciones del Departamento de Seguridad Pública de Texas, Travis Considine, dijo el martes que Arredondo no había respondido a las solicitudes de esa unidad durante dos días, mientras que otros agentes de los departamentos de policía de la ciudad y de la policía escolar de Uvalde continúan presentándose para brindar declaraciones.

La información confusa y, a veces, contradictoria en la semana que ha pasado desde la matanza continuó con la revelación de que una maestra no dejó abierta la puerta exterior que usó el atacante para entrar, como dijo la policía anteriormente.

Ahora han determinado que la maestra, que no ha sido identificada, utilizó una piedra para mantener abierta la puerta por un momento, pero que luego la quitó y cerró la puerta cuando se dio cuenta de que había un hombre armado en el lugar, declaró Considine. Sin embargo, añadió, la puerta no se cerró pese a que fue diseñada para bloquearse cuando se cerrara.

"Verificamos que ella cerró la puerta. No se corrió el seguro. Eso es lo que sabemos y ahora los investigadores están averiguando por qué no se cerró con seguro", dijo Considine.

Los investigadores confirmaron el detalle a la piedra cuando lo hizo, dijo Considine.

McCraw no ha dicho por qué la maestra abrió inicialmente la puerta cuando se detalló la situación por primera vez el viernes pasado.

La primera mención de una puerta abierta dio lugar a preguntas sobre las acciones de la maestra y la posibilidad de que hubiera cometido un terrible error.

Desde que se produjo el tiroteo, la policía y los funcionarios estatales han pasado apuros para presentar una cronología precisa y detallada del suceso y de cómo respondió la policía, proporcionando a veces información contradictoria o retirando algunas declaraciones horas después. La policía estatal ha dicho que algunos relatos son preliminares y que pueden cambiar a medida que se entreviste a más testigos.

El abogado de San Antonio Don Flanary dijo al *San Antonio Express-News* que la empleada de la escuela primaria Robb, a la que no nombra, abrió la puerta en primera instancia para llevar comida de un coche a un aula, y que inmediatamente fue a cerrarla cuando se dio cuenta del peligro.

"Cuando volvió a entrar, apartó la piedra de una patada. Recuerda haber cerrado la puerta mientras decía al 911 que (el atacante) estaba disparando", dijo Flanary al periódico.

"Cometió un error tal vez porque no tenía la experiencia suficiente. ¿Quién sabe? La gente está muy enojada", señaló González.

Otra mujer del vecindario en el que Arredondo creció comenzó a sollozar cuando le preguntaron acerca de él. La mujer, que no quiso dar su nombre, dijo que una de sus nietas se encontraba en la escuela durante la balacera y resultó ilesa.

Juan Torres, un veterano del Ejército de Estados Unidos que estaba visiblemente molesto con los reportes que se dieron a conocer sobre la respuesta policial, dijo que conocía a Arredondo de la secundaria.

"Te enlistas para responder a ese tipo de situaciones", manifestó Torres. "Si tienes miedo, entonces no seas policía. Ve a asar hamburguesas".

Tras ser elegido al Concejo Municipal, Arredondo le dijo el mes pasado al periódico *Uvalde Leader-News* que estaba "listo para avanzar a toda prisa".

"Tengo muchas ideas, y definitivamente tengo mucho impulso", señaló, indicando que quería enfocarse no sólo en que la ciudad tuviera disciplina fiscal sino también en asegurarse de que se lleven a cabo proyectos de reparación y embellecimiento.

Cooperación

Arredondo aseguró que habla a diario con los investigadores, contradiciendo las afirmaciones de la policía estatal de que él ha dejado de cooperar.

En una entrevista, el jefe de policía del Distrito Escolar Independiente Consolidado de Uvalde, dijo a CNN que habla regularmente con los investigadores del Departamento de Seguridad Pública de Texas. "He estado hablando por teléfono con ellos todos los días", sostuvo.

El distrito anunció el miércoles que los estudiantes y el personal no regresarían a ese campus, aunque aún se estaban finalizando los planes sobre dónde asistirían los estudiantes cuando se reanuden las clases en el otoño.

Funcionarios estatales han admitido que 19 policías bajo el mando de Arredondo esperaron afuera del salón de clases donde Salvador Ramos, de 18 años, abrió fuego, a pesar de las súplicas repetidas de los niños que llamaron al número de urgencias 911 para pedir ayuda.

El director de comunicaciones del Departamento de Seguridad Pública de Texas, Travis Considine, dijo el martes que Arredondo no había respondido a las solicitudes de esa unidad durante dos días, mientras que otros agentes de los departamentos de policía de la ciudad y de la policía escolar de Uvalde continúan presentándose para brindar declaraciones.

"Verificamos que ella cerró la puerta. No se corrió el seguro. Eso es lo que sabemos y ahora los investigadores están averiguando por qué no se cerró con seguro", dijo Considine.

Los investigadores confirmaron el detalle a través de nuevas imágenes de video revisadas desde la conferencia de prensa del viernes pasado, cuando las autoridades dijeron por primera vez que la puerta había sido dejada abierta. En ese momento, las autoridades no indicaron qué se había utilizado para mantener la puerta abierta.

Considine mencionó que la maestra inicialmente apuntaló la puerta abierta, pero corrió de nuevo al interior para tomar su teléfono y llamar al 911 cuando Ramos estrelló su camioneta en terrenos de la escuela.

"Volvió a salir mientras hablaba por teléfono, oyó que alguien gritó: '¡Tiene un arma!', lo vio saltar la cerca y que tenía un arma, así que volvió a entrar corriendo", retirando la piedra cuando lo hizo, dijo Considine.

McCraw no ha dicho por qué la maestra abrió inicialmente la puerta cuando se detalló la situación por primera vez el viernes pasado.

La primera mención de una puerta abierta dio lugar a preguntas sobre las acciones de la maestra y la posibilidad de que hubiera cometido un terrible error.

"Cuando volvió a entrar, apartó la piedra de una patada. Recuerda haber cerrado la puerta mientras decía al 911 que (el atacante) estaba disparando", dijo Flanary al periódico.

"Ella pensó que se pondría el seguro de la puerta porque se supone que esa puerta siempre tiene el seguro puesto", dijo Flanary.

Mientras los investigadores siguen buscando respuestas a la manera como la policía manejó el tiroteo, el Departamento de Justicia federal indicó que también estaba revisando las acciones.

Las autoridades han dicho que el atacante adquirió legalmente dos armas: un fusil tipo AR-15 el 17 de mayo y un segundo rifle tres días después. Acababa de cumplir 18 años, por lo que pudo comprar las armas sin violar las leyes federales. Ramos fue abatido por un escuadrón táctico de la Patrulla Fronteriza.

La agencia de noticias Associated Press envió un mensaje de correo electrónico al FBI en procura de reacciones sobre el caso de Nassar, sin recibir respuesta al cierre de esta edición.

La Federación de Gimnasia de Estados Unidos, con sede en Indianápolis, notificó a agentes de la oficina local del FBI en 2015, que tres gimnastas habían sido víctimas de abusos por Nassar. Pero el FBI no abrió una investigación formal y tampoco notificó a las autoridades federales o estatales, según el inspector general del Departamento de Justicia.

Agentes del FBI en Los Ángeles abrieron en 2016 una investigación sobre turismo sexual contra Nassar e indagaron a varias víctimas pero tampoco alertaron a las autoridades de Michigan, dijo el inspector general.

No fue hasta el otoño de 2016 que Nassar fue arrestado dentro de una investigación de la Universidad Estatal de Michigan. Nassar se desempeñaba como doctor de la universidad.

El fiscal general del estado de Michigan acabó manejando las acusaciones contra Nassar, al tiempos que fiscales federales en Grand Rapids, Michigan, presentaron una acusación por pornografía infantil.

En declaraciones al Congreso el año pasado, el director del FBI Christopher Wray reconoció graves errores.

El FBI ha reconocido que su proceder fue inexcusable.

"Lamento mucho que había gente en el FBI que pudieron haber frenado a este monstruo en 2015 y no supieron hacerlo. Y eso es inexcusable", dijo Wray ante las víctimas en una audiencia del Senado.

COMENTARIO PUBLICO / REUNION PUBLICA. Usted puede presentar comentarios publicos o pedir una reunion publica sobre esta solicitud. El proposito de una reunion publica es dar la oportunidad de presentar comentarios o hacer preguntas acerca de la solicitud. Una reunion publica no es una audiencia administrativa de lo contencioso.

OPORTUNIDAD DE UNA AUDIENCIA ADMINISTRATIVA DE LO CONTENCIOSO. Despues del plazo para presentar comentarios publicos, el Director Ejecutivo considerara todos los comentarios apropiados y preparara una respuesta a todo los comentarios publicos esenciales, pertinentes, o significativos. **A menos que la solicitud haya sido referida directamente a una audiencia administrativa de lo contencioso, la respuesta a los comentarios y la decision del Director Ejecutivo sobre la solicitud seran enviados por correo a todos los que presentaron un comentario publico y a las personas que estan en la lista para recibir avisos sobre esta solicitud. Si se reciben comentarios, el aviso tambien proveera instrucciones para pedir una reconsideracion de la decision del Director Ejecutivo y para pedir una audiencia administrativa de lo contencioso.** Una audiencia administrativa de lo contencioso es un procedimiento legal similar a un procedimiento legal civil en un tribunal de distrito del estado.

PARA SOLICITAR UNA AUDIENCIA DE CASO IMPUGNADO, USTED DEBE INCLUIR EN SU SOLICITUD LOS SIGUIENTES DATOS: su nombre, direccion, y numero de telefono; el nombre del solicitante y numero del permiso; la ubicacion y distancia de su propiedad/actividad con respecto a la instalacion; una descripcion especifica de la forma como usted seria afectado adversamente por el sitio de una manera no comun al publico en general; una lista de todas las cuestiones de hecho en disputa que usted presente durante el periodo de comentarios; y la declaracion "(Y o/nosotros) solicito/solicitamos una audiencia de caso impugnado". Despues del cierre de todos los periodos de comentarios y de peticion que aplican, el Director Ejecutivo enviara la solicitud y **cualquier peticion para reconsideracion o para una audiencia de caso impugnado a los Comisionados de la TCEQ para su consideracion durante una reunion programada de la Comision. La Comision solo puede conceder una solicitud de una audiencia de caso impugnado sobre los temas que el solicitante haya presentado en sus comentarios oportunos que no fueron retirados posteriormente. Si se concede una audiencia, el tema de la audiencia estara limitado a cuestiones de hecho en disputa o cuestiones mixtas de hecho y de derecho relacionadas a intereses pertinentes y materiales de calidad del agua que se hayan presentado durante el periodo de comentarios. Si ciertos criterios se cumplen, la TCEQ puede actuar sobre una solicitud para renovar un permiso para descargar aguas residuales sin proveer una oportunidad de una audiencia administrativa de lo contencioso.**

ACCION DEL DIRECTOR EJECUTIVO. El Director Ejecutivo puede emitir una aprobacion final de la solicitud a menos que exista un pedido antes del plazo de vencimiento de una audiencia administrativa de lo contencioso o se ha presentado un pedido de reconsideracion. Texas Commission on Environmental Quality

NOTICE OF PUBLIC MEETING FOR MUNICIPAL SOLID WASTE PERMIT AMENDMENT

PROPOSED PERMIT NO. 2185A

Application. USA Waste of Texas Landfills, Inc., 24275 Katy Freeway, Suite 450, Katy, Texas 77494, has applied to the Texas Commission on Environmental Quality (TCEQ) for a permit major amendment to authorize the name change of the facility to Hawthorn Park Recycling and Disposal Facility and the lateral and vertical expansion of the facility. The facility is a Type IV municipal solid waste (MSW) landfill. The facility is located at 10550 Tanner Road, Houston, 77041 in Harris County, Texas. The TCEQ received this application on February 23, 2021. The following link to an electronic map of the site or facility's general location is provided as a public courtesy and is not part of the application or notice: https://arcg.is/DLTvn. For exact location, refer to application.

The TCEQ Executive Director has completed the technical review of the application and prepared a draft permit. The draft permit, if approved, would establish the conditions under which the facility must operate. The Executive Director has made a preliminary decision that this permit, if issued, meets all statutory and regulatory requirements.

Public Comment/Public Meeting. A public meeting was previously held virtually this year. A second public meeting will be held and will consist of two parts, an Informal Discussion Period and a Formal Comment Period. A public meeting is not a contested case hearing under the Administrative Procedure Act. During the Informal Discussion Period, the public will be encouraged to ask questions of the applicant and TCEQ staff concerning the permit application. The comments and questions submitted orally during the Informal Discussion Period will not be considered before a decision is reached on the permit application and no formal response will be made. Responses will be provided orally during the Informal Discussion Period. During the Formal Discussion Period on the permit application, members of the public may state their formal comments orally into the official record. A written response to all formal comments will be prepared by the Executive Director. All formal comments will be considered before a decision is reached on the permit application. A copy of the written response will be sent to each person who submits a formal comment or who requested to be on the mailing list for this permit application and provides a mailing address. Only relevant and material issues raised during the Formal Comment Period can be considered if a contested case hearing is granted on this permit application.

The Public Meeting is to be held:

Tuesday, June 28, 2022 at 7:00 PM
Sterling Banquet Hall
5475 W Sam Houston Parkway N
Houston, Texas 77041

Texas Commission on Environmental Quality

NOTICE OF APPLICATION AND PRELIMINARY DECISION FOR TPDES PERMIT FOR MUNICIPAL WASTEWATER RENEWAL PERMIT NO. WQ0010495135

APPLICATION AND PRELIMINARY DECISION. City of Houston, 10500 Bellaire Boulevard, Houston, Texas 77072, has applied to the Texas Commission on Environmental Quality (TCEQ) for a renewal of Texas Pollutant Discharge Elimination System (TPDES) Permit No. WQ0010495135, which authorizes the discharge of treated domestic wastewater at an annual average flow not to exceed 3,500,000 gallons per day. TCEQ received this application on September 14, 2021. The facility is located at 16500 Park Row Drive, Houston, in Harris County, Texas 77084. The treated effluent is discharged via pipe to Harris County Flood Control District (HCFCD) ditch W487-0C-NW-01, thence to HCFCD ditch W170-00-00, thence to the unclassified portion of Buffalo Bayou, thence to Buffalo Bayou Above Tidal in Segment No. 1014 of the San Jacinto River Basin. The unclassified receiving water use is limited aquatic life use for HCFCD ditch W487-0C-NW-01 and HCFCD ditch W170-00-00 and intermediate aquatic life use for unclassified portion of Buffalo Bayou. The designated uses for Segment No. 1014 are primary contact recreation and limited aquatic life use. This link to an electronic map of the site or facility's general location is provided as a public courtesy and is not part of the application or notice. For the exact location, refer to the application. https://tceq.maps.arcgis.com/apps/webappviewer/index.html?id=b5bac4dd0bc248bbddd3608181682501&marker=95.67092%2C29.90193&level=12

The TCEQ Executive Director has completed the technical review of the application and prepared a draft permit. The draft permit, if approved, would establish the conditions under which the facility must operate. The Executive Director has made a preliminary decision that this permit, if issued, meets all statutory and regulatory requirements. The permit application, Executive Director's preliminary decision, and draft permit are available for viewing and copying at City of Houston, Houston Public Works, Wastewater Operations, 10500 Bellaire Boulevard, Houston, Texas.

PUBLIC COMMENT/ PUBLIC MEETING. You may submit public comments or request a public meeting about this application. The purpose of a public meeting is to provide the opportunity to submit comments or to ask questions about the application. TCEQ holds a public meeting if the Executive Director determines that there is a significant degree of public interest in the application or if requested by a local legislator. A public meeting is not a contested case hearing.

OPPORTUNITY FOR A CONTESTED CASE HEARING. After the deadline for submitting public comments, the Executive Director will consider all timely comments and prepare a response to all relevant and material, or significant public comments. **Unless the application is directly referred for a contested case hearing, the response to comments will be mailed to everyone who submitted public comments and to those persons who are on the mailing list for this application. If comments are received, the mailing will also provide instructions for requesting a contested case hearing or reconsideration of the Executive Director's decision.** A contested case hearing is a legal proceeding similar to a civil trial in a state district court.

TO REQUEST A CONTESTED CASE HEARING, YOU MUST INCLUDE THE FOLLOWING ITEMS IN YOUR REQUEST: your name, address, phone number; applicant's name and proposed permit number; the location and distance of your property/activities relative to the proposed facility; a specific description of how you would be adversely affected by the facility in a way not common to the general public; a list of all disputed issues of fact that you submit during the comment period; and the statement "I/we request a contested case hearing." If the request for contested case hearing is filed on behalf of a group or association, the request must designate the group's representative for receiving future correspondence; identify by name and physical address an individual member of the group who would be adversely affected by the proposed facility or activity; provide the information discussed above regarding the affected member's location and distance from the facility or activity; explain how and why the member would be affected; and explain how the interests the group seeks to protect are relevant to the group's purpose.

Following the close of all applicable comment and request periods, the Executive Director will forward the application and any requests for reconsideration or for a contested case hearing to the TCEQ Commissioners for their consideration at a scheduled Commission meeting.

The Commission may only grant a request for a contested case hearing on issues the requestor submitted in their timely comments that were not subsequently withdrawn. If a hearing is granted, the subject of a hearing will be limited to disputed issues of fact or mixed questions of fact and law relating to relevant and material water quality concerns submitted during the comment period. TCEQ may act on an application to renew a permit for discharge of wastewater without providing an opportunity for a contested case hearing if certain criteria are met.

EXECUTIVE DIRECTOR ACTION. The Executive Director may issue final approval of the application unless a timely contested case hearing request or request for reconsideration is filed. If a timely hearing request or request for reconsideration is filed, the Executive Director will not issue final approval of the permit and will forward the application and request to the TCEQ Commissioners for their consideration at a scheduled Commission meeting.

MAILING LIST. If you submit public comments, a request for a contested case hearing or a reconsideration of the Executive Director's decision, you will be added to the mailing list for this specific application to receive future public notices mailed by the Office of the Chief Clerk. In addition, you may request to be placed on: (1) the permanent mailing list for a specific applicant name and permit number; and/or (2) the mailing list for a specific county. If you wish to be placed on the permanent and/or the county mailing list, clearly specify which list(s) and send your request to TCEQ Office of the Chief Clerk at the address below.

All written public comments and public meeting requests must be submitted to the Office of the Chief Clerk, MC 105, Texas Commission on Environmental Quality, P.O. Box 13087, Austin, TX 78711-3087 or electronically at www.tceq.texas.gov/goto/comment **within 30 days from the date of newspaper publication of this notice.**

INFORMATION AVAILABLE ONLINE. For details about the status of the application, visit the Commissioners' Integrated Database at www.tceq.texas.gov/goto/cid. Search the database using the permit number for this application, which is provided at the top of this notice.

If comments are received, the mailing will also provide instructions for requesting reconsideration of the Executive Director's decision and for requesting a contested case hearing.** A contested case hearing is a legal proceeding similar to a civil trial in state district court.

TO REQUEST A CONTESTED CASE HEARING, YOU MUST INCLUDE THE FOLLOWING ITEMS IN YOUR REQUEST: your name, address, phone number; applicant's name and proposed permit number; the location and distance of your property/activities relative to the proposed facility; a specific description of how you would be adversely affected by the facility in a way not common to the general public; a list of all disputed issues of fact that you submit during the comment period; and the statement "(I/we) request a contested case hearing." If the request for contested case hearing is filed on behalf of a group or association, the request must designate the group's representative for receiving future correspondence; identify by name and physical address an individual member of the group who would be adversely affected by the proposed facility or activity; provide the information discussed above regarding the affected member's location and distance from the facility or activity; explain how and why the member would be affected; and explain how the interests the group seeks to protect are relevant to the group's purpose.

Following the close of all applicable comment and request periods, the Executive Director will forward the application and any requests for reconsideration or for a contested case hearing to the TCEQ Commissioners for their consideration at a scheduled Commission meeting.

The Commission may only grant a request for a contested case hearing on issues the requestor submitted in their timely comments that were not subsequently withdrawn. **If a hearing is granted, the subject of a hearing will be limited to disputed issues of fact or mixed questions of fact and law relating to relevant and material water quality concerns submitted during the comment period. PREMIOS SAG

Dedica premio a mexicanos

Eugenio Derbez, galardonado en el elenco del filme 'CODA'

Sigal Ratner-Arias
AP

Como parte de la enternecedora película sobre una familia sorda 'CODA', el actor Eugenio Derbez recibió su primer Premio del Sindicato de Actores de la Pantalla (SAG, por sus siglas en inglés) y se lo dedicó "a México, a todos los mexicanos".

"¡Viva México!", dijo el experimentado actor y comediante mexicano en un video en su cuenta personal de Instagram en las redes sociales luego que la cinta se alzó con el máximo honor de la noche, al mejor elenco.

"CODA", acrónimo de Children of Deaf Adults, o en español Hijos de Adultos Sordos, sigue la historia de una familia cuya única hija oyente se debate entre dejarlos para perseguir sus sueños de estudiar canto en la universidad de Berklee o quedarse junto a ellos para continuar sirviendo como su intérprete.

Derbez hace el papel del profesor de música que descubre su talento y la inspira a seguir adelante con sus estudios.

La película es protagonizada por los actores sordos Marlee Matlin, Troy Kotsur y Daniel Durant, como padres e hijo, respectivamente; y por Emilia Jones como la hija que puede oír.

Kotsur hizo historia además como el primer actor sordo en recibir un SAG individual, al mejor actor de reparto.

"Ahora que hablamos de inclusión y diversidad, creo que esta es la película perfecta para eso", dijo Derbez en la sala de prensa de la ceremonia, en un video que compartió igualmente en sus redes sociales. "No pueden tener un elenco más inclusivo que con actores sordos y un mexicano".

Para la ubicación exacta, consulte la solicitud.

El Director Elecutivo de la TCEQ ha completado la revisión técnica de la solicitud y ha preparado un borrador del permiso. El borrador del permiso, si se autoriza, establecerá las condiciones bajo las cuales la instalación debe operar. Usted podrá presentar comentarios públicos adicionales o solicitar otra reunión pública sobre esta solicitud. El objetivo de una reunión pública es permitir que se presenten comentarios o se hagan preguntas sobre la solicitud. TCEQ organiza una reunión pública si el Director Elecutivo determina que hay un grado significativo de interés público en la solicitud o si lo exige un legislador local. Una reunión pública no es una audiencia de caso impugnado.

Tras el cierre de todos los períodos de comentarios y solicitudes aplicables, el Director Elecutivo transmitirá la solicitud y cualquier petición de reconsideración o de una audiencia de caso impugnado, a los Comisionados de la TCEQ para su consideración en una reunión planeada de la Comisión. La Comisión sólo podrá conceder una solicitud de audiencia de caso impugnado sobre cuestiones que el solicitante presentó en sus comentarios oportunos que no fueron retirados posteriormente.

Si se concede una audiencia, el objeto de la audiencia se limitará a cuestiones de facto cuestiones en disputa o cuestiones de facto mixtas y de ley que son relevantes y materiales para la decisión de la Comisión sobre la solicitud presentada durante el período de comentarios.

El Director Elecutivo podrá emitir la aprobación definitiva de la solicitud, a menos que se presente a tiempo una solicitud de audiencia de caso impugnado o una solicitud de reconsideración se presente. Si se presenta a tiempo una solicitud de audiencia o de reconsideración, el Director Elecutivo no emitirá la aprobación final del permiso y enviará la solicitud y la petición a los Comisionados de la TCEQ para su consideración en una reunión planificada de la Comisión.

Comisión de Calidad Ambiental de Texas

AVISO DE SOLICITUD Y DECISIÓN PRELIMINAR PARA LA MODIFICACIÓN DEL PERMISO DE RESIDUOS SÓLIDOS MUNICIPALES

NO. DE PERMISO PROPUESTO 2185A

Solicitud y Decisión Preliminar. USA Waste of Texas Landfills, Inc., 24275 Katy Freeway, Suite 450, Katy, Harris County, Texas 77494, ha solicitado a la Comisión de Calidad Ambiental de Texas (TCEQ) una modificación del permiso para autorizar la expansión lateral y vertical del vertedero de residuos sólidos municipales (RSM) de tipo IV. La instalación está ubicada en 10550 Tanner Road, Houston, 77041 en el condado de Harris, Texas. La TCEQ recibió esta solicitud el 23 de febrero de 2021. El siguiente enlace a un mapa electrónico de la ubicación general del sitio o la instalación se proporciona como una cortesía pública y no es parte de la solicitud o el aviso: <https://arcg.is/DLTvn>. Para la ubicación exacta, consulte la solicitud.

El Director Ejecutivo de la TCEQ ha completado la revisión técnica de la solicitud y ha preparado un borrador del permiso. El borrador del permiso, si se autoriza, establecerá las condiciones bajo las cuales la instalación debe operar. El Director Ejecutivo ha tomado una decisión preliminar de que este permiso, si se publica, cumple con todos los reglamentos y requisitos legales. La solicitud de permiso, la decisión preliminar del Director Ejecutivo, y el borrador del permiso están disponibles para su visualización y copia en la Hillendahl Neighborhood Library, 2436 Gessner Rd, Houston, Texas 77080. La solicitud de permiso puede verse en la red:<https://www.wm.com/wm/permits-texas/permits.jsp>.

Comentario Público/Reunión Pública. La TCEQ realizó una reunión pública en la red a las 7:00 PM el martes 18 de enero de 2022. Usted podrá presentar comentarios públicos adicionales o solicitar otra reunión pública sobre esta solicitud. El objetivo de una reunión pública es permitir que se presenten comentarios o se hagan preguntas sobre la solicitud. TCEQ organiza una reunión pública si el Director Ejecutivo determina que hay un grado significativo de interés público en la solicitud o si lo exige un legislador local. Una reunión pública no es una audiencia de caso impugnado.

Oportunidad de Una Audiencia de Caso Impugnado. Una vez finalizado el plazo de presentación de comentarios públicos, el Director Ejecutivo considerará todos los comentarios oportunos y preparará una respuesta a todas las observaciones públicas pertinentes y materiales, o significativas. **A menos que la solicitud se remita directamente a una audiencia de caso impugnado, la respuesta a los comentarios y la decisión del Director Ejecutivo sobre la solicitud se enviarán por correo a todos los que hayan presentado comentarios públicos y a las personas que figuren en la lista de correo de esta solicitud. En caso de que se reciban comentarios, el correo también proporcionará instrucciones para solicitar una audiencia de caso impugnado o la reconsideración de la decisión del Director Ejecutivo. Cualquier persona que pueda ser afectada por la instalación propuesta tiene derecho a solicitar a la Comisión una audiencia de caso impugnado.** Una audiencia de caso impugnado es un procedimiento legal similar a un juicio civil en un tribunal de distrito estatal.

Para Obtener Una Audiencia de Caso Impugnado, Debe Incluir Los Siguientes Elementos En Su Solicitud: su nombre, dirección, número de teléfono; el nombre del solicitante y el número de permiso; la ubicación y la distancia de su propiedad/actividades en relación con la instalación; una descripción específica de cómo se vería afectado negativamente por la instalación de una manera no común al público en general; una lista de todas las cuestiones de hecho en disputa que presente durante el período de comentarios; y la declaración "[yo/nosotros] solicito/solicitamos una audiencia de caso impugnado". Si la solicitud de audiencia de caso impugnado se presenta en el nombre de un grupo o asociación, la solicitud debe designar al representante del grupo para recibir la futura correspondencia; identificar por su nombre y dirección física a un miembro individual del grupo que se vería afectado negativamente por la instalación o actividad; proporcionar la información mencionada anteriormente sobre la ubicación del miembro afectado y la distancia a la que se encuentra de la instalación o actividad; explicar cómo y porque el miembro se vería afectado; y explicar cómo los intereses que el grupo busca proteger son relevantes para el propósito del grupo.

Tras el cierre de todos los períodos de comentarios y solicitudes aplicables, el Director Ejecutivo transmitirá la solicitud y cualquier petición de reconsideración o de una audiencia de caso impugnado, a los Comisionados de la TCEQ para su consideración en una reunión planeada de la Comisión. La Comisión sólo podrá conceder una solicitud de audiencia de caso impugnado sobre cuestiones que el solicitante presentó en sus comentarios oportunos que no fueron retirados posteriormente.

Si se concede una audiencia, el objeto de la audiencia se limitará a cuestiones de factos cuestiones en disputa o cuestiones de facto mixtas y de ley que son relevantes y materiales para la decisión de la Comisión sobre la solicitud presentada durante el período de comentarios.

Acción del Director Ejecutivo. El Director Ejecutivo podrá emitir la aprobación definitiva de la solicitud, a menos que se presente a tiempo una solicitud de audiencia de caso impugnado o una solicitud de reconsideración se presente. Si se presenta a tiempo una solicitud de audiencia o de reconsideración, el Director Ejecutivo no emitirá la aprobación final del permiso y enviará la solicitud y la petición a los Comisionados de la TCEQ para su consideración en una reunión planificada de la Comisión.

Lista de Correo. Si presenta comentarios públicos, una solicitud

de audiencia de caso impugnado o una reconsideración de la decisión del Director Ejecutivo, se le añadirá a la lista de correo de esta solicitud para recibir futuras notificaciones públicas enviadas por la Oficina del Secretario General. Además, puede solicitar que se le incluya en (1) la lista de correo permanente para un nombre de solicitante y número de permiso específicos; y/o (2) la lista de correo para un condado específico. Para ser incluido en la lista de correo permanente y/o del condado, especifique claramente qué lista(s) y envíe su solicitud a la Oficina del Secretario Principal de la TCEQ a la dirección indicada abajo.

Información Disponible en la Red: Para conocer el estado de la solicitud, visite la Base de Datos Integrada de Los Comisarios (CID) en <www.tceq.texas.gov/goto/cid>. En cuanto tenga acceso a la CID utilizando el enlace mencionado, introduzca el número de permiso de esta solicitud, que se proporciona en la parte superior de este aviso.

Contactos e Información de La Agencia: Todos los comentarios y solicitudes del público deben presentarse dentro de los 30 días siguientes desde la fecha de la publicación en el periódico de este aviso, de manera electrónica en <www14.tceq.texas.gov/epic/eComment/> o por escrito a la Comisión de Calidad Ambiental de Texas Oficina del Chief Clerk, MC-105, P.O. Texas Commission on Environmental Quality
Notice of Application and Preliminary Decision for Municipal Solid Waste Permit Amendment
Proposed Permit No. 2185A

Application and Preliminary Decision. USA Waste of Texas Landfills, Inc., 24275 Katy Freeway, Suite 450, Katy, Texas 77494, has applied to the Texas Commission on Environmental Quality (TCEQ) for a permit amendment to authorize the lateral and vertical expansion of the Type IV municipal solid waste (MSW) landfill. The facility is located at 10550 Tanner Road, Houston, 77041 in Harris County, Texas. The TCEQ received this application on February 23, 2021. The following link to an electronic map of the site or facility's general location is provided as a public courtesy and is not part of the application or notice: <https://arcg.is/DLTvn>. For exact location, refer to application.

The TCEQ Executive Director has completed the technical review of the application and prepared a draft permit. The draft permit, if approved, would establish the conditions under which the facility must operate. The Executive Director has made a preliminary decision that this permit, if issued, meets all statutory and regulatory requirements. The permit application, Executive Director's preliminary decision, and draft permit are available for viewing and copying at the Hillendahl Neighborhood Library, 2436 Gessner Rd, Houston, Texas 77080. The permit application may be viewed online at <https://www.wm.com/wm/permits-texas/permits.isp>.

Public Comment/Public Meeting. The TCEQ held an online public meeting at 7:00 PM on Tuesday, January 18, 2022. You may submit additional public comments or request another public meeting about this application. The purpose of a public meeting is to provide the opportunity to submit comments or to ask questions about the application. TCEQ holds a public meeting if the Executive Director determines that there is a significant degree of public interest in the application or if requested by a local legislator. A public meeting is not a contested case hearing.

Opportunity for a Contested Case Hearing. After the deadline for submitting public comments, the Executive Director will consider all timely comments and prepare a response to all relevant and material, or significant public comments. **Unless the application is directly referred for a contested case hearing, the response to comments and the Executive Director's decision on the application will be mailed to everyone who submitted public comments and to those persons who are on the mailing list for this application. If comments are received, the mailing will also provide instructions for requesting a contested case hearing or reconsideration of the Executive Director's decision. A person who may be affected by the proposed facility is entitled to request a contested case hearing from the commission.** A contested case hearing is a legal proceeding similar to a civil trial in a state district court.

To Request a Contested Case Hearing, You Must Include The Following Items in Your Request: your name, address, phone; applicant's name and permit number; the location and distance of your property/activities relative to the facility; a specific description of how you would be adversely affected by the facility in a way not common to the general public; a list of all disputed issues of fact that you submit during the comment period; and the statement "[I/we] request a contested case hearing." If the request for contested case hearing is filed on behalf of a group or association, the request must designate the group's representative for receiving future correspondence; identify by name and physical address an individual member of the group who would be adversely affected by the facility or activity; provide the information discussed above regarding the affected member's location and distance from the facility or activity; explain how and why the member would be affected; and explain how the interests the group seeks to protect are relevant to the group's purpose.

Following the close of all applicable comment and request periods, the Executive Director will forward the application and any requests for reconsideration or for a contested case hearing to the TCEQ Commissioners for their consideration at a scheduled Commission meeting. The Commission may only grant a request for a contested case hearing on issues the requestor submitted in their timely comments that were not subsequently withdrawn.

If a hearing is granted, the subject of a hearing will be limited to disputed issues

of fact or mixed questions of fact and law that are relevant and material to the Commission's decision on the application submitted during the comment period.

Executive Director Action. The Executive Director may issue final approval of the application unless a timely contested case hearing request or request for reconsideration is filed. If a timely hearing request or request for reconsideration is filed, the Executive Director will not issue final approval of the permit and will forward the application and request to the TCEQ Commissioners for their consideration at a scheduled Commission meeting.

Mailing List. If you submit public comments, a request for a contested case hearing, or a reconsideration of the Executive Director's decision, you will be added to the mailing list for this application to receive future public notices mailed by the Office of the Chief Clerk. In addition, you may request to be placed on: (1) the permanent mailing list for a specific applicant name and permit number; and/or (2) the mailing list for a specific county. To be placed on the permanent and/or the county mailing list, clearly specify which list(s) and send your request to TCEQ Office of the Chief Clerk at the address below.

Information Available Online. For details about the status of the application, visit the Commissioners' Integrated Database (CID) at <www.tceq.texas.gov/goto/cid>. Once you have access to the CID using the above link, enter the permit number for this application, which is provided at the top of this notice.

Agency Contacts and Information. All public comments and requests must be submitted within 30 days from the date of newspaper publication of this notice either electronically at <www14.tceq.texas.gov/epic/eComment/> or in writing to the Texas Commission on Environmental Quality, Office of the Chief Clerk, MC-105, P.O. For exact location, refer to application.

The TCEQ Executive Director has completed the technical review of the application and prepared a draft permit. The draft permit, if approved, would establish the conditions under which the facility must operate. The Executive Director has made a preliminary decision that this permit, if issued, meets all statutory and regulatory requirements. The permit application, Executive Director's preliminary decision, and draft permit are available for viewing and copying at the Hillendahl Neighborhood Library, 2436 Gessner Rd, Houston, Texas 77080. The permit application may be viewed online at <https://www.wm.com/wm/permits-texas/permits.jsp>.

Public Comment/Public Meeting. The TCEQ held an online public meeting at 7:00 PM on Tuesday, January 18, 2022. You may submit additional public comments or request another public meeting about this application. The purpose of a public meeting is to provide the opportunity to submit comments or to ask questions about the application. TCEQ holds a public meeting if the Executive Director determines that there is a significant degree of public interest in the application or if requested by a local legislator. A public meeting is not a contested case hearing.

Opportunity for a Contested Case Hearing. After the deadline for submitting public comments, the Executive Director will consider all timely comments and prepare a response to all relevant and material, or significant public comments. **Unless the application is directly referred for a contested case hearing, the response to comments and the Executive Director's decision on the application will be mailed to everyone who submitted public comments and to those persons who are on the mailing list for this application. If comments are received, the mailing will also provide instructions for requesting a contested case hearing or reconsideration of the Executive Director's decision. A person who may be affected by the proposed facility is entitled to request a contested case hearing from the commission.** A contested case hearing is a legal proceeding similar to a civil trial in a state district court.

To Request a Contested Case Hearing, You Must Include The Following Items in Your Request: your name, address, phone; applicant's name and permit number; the location and distance of your property/activities relative to the facility; a specific description of how you would be adversely affected by the facility in a way not common to the general public; a list of all disputed issues of fact that you submit during the comment period; and the statement "[I/we] request a contested case hearing." If the request for contested case hearing is filed on behalf of a group or association, the request must designate the group's representative for receiving future correspondence; identify by name and physical address an individual member of the group who would be adversely affected by the facility or activity; provide the information discussed above regarding the affected member's location and distance from the facility or activity; explain how and why the member would be affected; and explain how the interests the group seeks to protect are relevant to the group's purpose.

Following the close of all applicable comment and request periods, the Executive Director will forward the application and any requests for reconsideration or for a contested case hearing to the TCEQ Commissioners for their consideration at a scheduled Commission meeting. The Commission may only grant a request for a contested case hearing on issues the requestor submitted in their timely comments that were not subsequently withdrawn.

If a hearing is granted, the subject of a hearing will be limited to disputed issues

of fact or mixed questions of fact and law that are relevant and material to the Commission's decision on the application submitted during the comment period.

Executive Director Action. The Executive Director may issue final approval of the application unless a timely contested case hearing request or request for reconsideration is filed. If a timely hearing request or request for reconsideration is filed, the Executive Director will not issue final approval of the permit and will forward the application and request to the TCEQ Commissioners for their consideration at a scheduled Commission meeting.

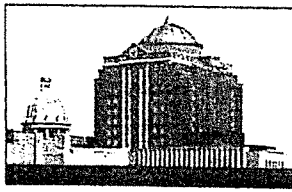

Mailing List. If you submit public comments, a request for a contested case hearing, or a reconsideration of the Executive Director's decision, you will be added to the mailing list for this application to receive future public notices mailed by the Office of the Chief Clerk. In addition, you may request to be placed on: (1) the permanent mailing list for a specific applicant name and permit number; and/or (2) the mailing list for a specific county. If comments are received, the mailing will also provide instructions for requesting reconsideration of the Executive Director's decision and for requesting a contested case hearing. A contested case hearing is a legal proceeding similar to a civil trial in state district court.

TO REQUEST A CONTESTED CASE HEARING, YOU MUST INCLUDE THE FOLLOWING ITEMS IN YOUR REQUEST: your name, address, phone number; applicant's name and proposed permit number; the location and distance of your property/activities relative to the proposed facility; a specific description of how you would be adversely affected by the facility in a way not common to the general public; a list of all disputed issues of fact that you submit during the comment period and, the statement "[I/we] request a contested case hearing." If the request for contested case hearing is filed on behalf of a group or association, the request must designate the group's representative for receiving future correspondence; identify by name and physical address an individual member of the group who would be adversely affected by the proposed facility or activity; provide the information discussed above regarding the affected member's location and distance from the facility or activity; explain how and why the member would be affected; and explain how the interests the group seeks to protect are relevant to the group's purpose.

Following the close of all applicable comment and request periods, the Executive Director will forward the application and any requests for reconsideration or for a contested case hearing to the TCEQ Commissioners for their consideration at a scheduled Commission meeting.

The Commission may only grant a request for a contested case hearing on issues the requestor submitted in their timely comments that were not subsequently withdrawn. If a hearing is granted, the subject of a hearing will be limited to disputed issues of fact or mixed questions of fact and law relating to relevant and material water quality concerns submitted during the comment period. TCEQ may act on an application to renew a permit for discharge of wastewater without providing an opportunity for a contested case hearing if certain criteria are met.

If you submit public comments, a request for a contested case hearing or a reconsideration of the Executive Director's decision, you will be added to the mailing list for this specific application to receive future public notices mailed by the Office of the Chief Clerk. In addition, you may request to be placed on: (1) the permanent mailing list for a specific applicant name and permit number; and/or (2) the mailing list for a specific county. Comisión de Calidad Ambiental de Texas

AVISO DE SOLICITUD Y DECISIÓN PRELIMINAR PARA LA MODIFICACIÓN DEL PERMISO DE RESIDUOS SÓLIDOS MUNICIPALES

NO. DE PERMISO PROPUESTO 2185A

Solicitud y Decisión Preliminar. USA Waste of Texas Landfills, Inc., 24275 Katy Freeway, Suite 450, Katy, Harris County, Texas 77494, ha solicitado a la Comisión de Calidad Ambiental de Texas (TCEQ) una modificación del permiso para autorizar la expansión lateral y vertical del vertedero de residuos sólidos municipales (RSM) de tipo IV. La instalación está ubicada en 10550 Tanner Road, Houston, 77041 en el condado de Harris, Texas. La TCEQ recibió esta solicitud el 23 de febrero de 2021. El siguiente enlace a un mapa electrónico de la ubicación general del sitio o la instalación se proporciona como una cortesía pública y no es parte de la solicitud o el aviso: <https://arcg.is/DLTvn>. Para la ubicación exacta, consulte la solicitud.

El Director Ejecutivo de la TCEQ ha completado la revisión técnica de la solicitud y ha preparado un borrador del permiso. El borrador del permiso, si se autoriza, establecerá las condiciones bajo las cuales la instalación debe operar. El Director Ejecutivo ha tomado una decisión preliminar de que este permiso, si se publica, cumple con todos los reglamentos y requisitos legales. La solicitud de permiso, la decisión preliminar del Director Ejecutivo, y el borrador del permiso están disponibles para su visualización y copia en la Hillendahl Neighborhood Library, 2436 Gessner Rd, Houston, Texas 77080. La solicitud de permiso puede verse en la red:<https://www.wm.com/wm/permits-texas/permits.isp>.

Comentario Público/Reunión Pública. La TCEQ realizó una reunión pública en la red a las 7:00 PM el martes 18 de enero de 2022. Usted podrá presentar comentarios públicos adicionales o solicitar otra reunión pública sobre esta solicitud. El objetivo de una reunión pública es permitir que se presenten comentarios o se hagan preguntas sobre la solicitud. TCEQ organiza una reunión pública si el Director Ejecutivo determina que hay un grado significativo de interés público en la solicitud o si lo exige un legislador local. Una reunión pública no es una audiencia de caso impugnado.

Oportunidad de Una Audiencia de Caso Impugnado. Una vez finalizado el plazo de presentación de comentarios públicos, el Director Ejecutivo considerará todos los comentarios oportunos y preparará una respuesta a todas las observaciones públicas pertinentes y materiales, o significativas. **A menos que la solicitud se remita directamente a una audiencia de caso impugnado, la respuesta a los comentarios y la decisión del Director Ejecutivo sobre la solicitud se enviarán por correo a todos los que hayan presentado comentarios públicos y a las personas que figuren en la lista de correo de esta solicitud. En caso de que se reciban comentarios, el correo también proporcionará instrucciones para solicitar una audiencia de caso impugnado o la reconsideración de la decisión del Director Ejecutivo. Cualquier persona que pueda ser afectada por la instalación propuesta tiene derecho a solicitar a la Comisión una audiencia de caso impugnado.** Una audiencia de caso impugnado es un procedimiento legal similar a un juicio civil en un tribunal de distrito estatal.

Para Obtener Una Audiencia de Caso Impugnado, Debe Incluir Los Siguientes Elementos En Su Solicitud: su nombre, dirección, número de teléfono; el nombre del solicitante y el número de permiso; la ubicación y la distancia de su propiedad/actividades en relación con la instalación; una descripción específica de cómo se vería afectado negativamente por la instalación de una manera no común al público en general; una lista de todas las cuestiones de hecho en disputa que presente durante el período de comentarios; y la declaración "[yo/nosotros] solicito/solicitamos una audiencia de caso impugnado". Si la solicitud de audiencia de caso impugnado se presenta en el nombre de un grupo o asociación, la solicitud debe designar al representante del grupo para recibir la futura correspondencia; identificar por su nombre y dirección física a un miembro individual del grupo que se vería afectado negativamente por la instalación o actividad; proporcionar la información mencionada anteriormente sobre la ubicación del miembro afectado y la distancia a la que se encuentra de la instalación o actividad; explicar cómo y porque el miembro se vería afectado; y explicar cómo los intereses que el grupo busca proteger son relevantes para el propósito del grupo.

Tras el cierre de todos los períodos de comentarios y solicitudes aplicables, el Director Ejecutivo transmitirá la solicitud y cualquier petición de reconsideración o de una audiencia de caso impugnado, a los Comisionados de la TCEQ para su consideración en una reunión planeada de la Comisión. La Comisión sólo podrá conceder una solicitud de audiencia de caso impugnado sobre cuestiones que el solicitante presentó en sus comentarios oportunos que no fueron retirados posteriormente.

Si se concede una audiencia, el objeto de la audiencia se limitará a cuestiones de factos cuestiones en disputa o cuestiones de facto mixtas y de ley que son relevantes y materiales para la decisión de la Comisión sobre la solicitud presentada durante el periodo de comentarios.

Acción del Director Ejecutivo. El Director Ejecutivo podrá emitir la aprobación definitiva de la solicitud, a menos que se presente a tiempo una solicitud de audiencia de caso impugnado o una solicitud de reconsideración se presente. Si se presenta a tiempo una solicitud de audiencia o de reconsideración, el Director Ejecutivo no emitirá la aprobación final del permiso y enviará la solicitud y la petición a los Comisionados de la TCEQ para su consideración en una reunión planificada de la Comisión.

Lista de Correo. Si presenta comentarios públicos, una solicitud

de audiencia de caso impugnado o una reconsideración de la decisión del Director Ejecutivo, se le añadirá a la lista de correo de esta solicitud para recibir futuras notificaciones públicas enviadas por la Oficina del Secretario General. Además, puede solicitar que se le incluya en (1) la lista de correo permanente para un nombre de solicitante y número de permiso específicos; y/o (2) la lista de correo para un condado específico. Para ser incluido en la lista de correo permanente y/o del condado, especifique claramente qué lista(s) y envíe su solicitud a la Oficina del Secretario Principal de la TCEQ a la dirección indicada abajo.

Información Disponible en la Red: Para conocer el estado de la solicitud, visite la Base de Datos Integrada de Los Comisarios (CID) en <www.tceq.texas.gov/goto/cid>. En cuanto tenga acceso a la CID utilizando el enlace mencionado, introduzca el número de permiso de esta solicitud, que se proporciona en la parte superior de este aviso.

Contactos e Información de La Agencia: Todos los comentarios y solicitudes del público deben presentarse dentro de los 30 días siguientes desde la fecha de la publicación en el periódico de este aviso, de manera electrónica en <www14.tceq.texas.gov/epic/eComment/> o por escrito a la Comisión de Calidad Ambiental de Texas Oficina del Chief Clerk, MC-105, P.O. Box 13087, Austin, Texas 78711-3087. Tenga en cuenta que cualquier información de contacto que proporcione, incluyendo su nombre, número de teléfono, dirección de correo electrónico y dirección física formarán parte del registro público de la agencia. Para obtener más información sobre esta solicitud de permiso o el proceso de autorización, por favor llame al Programa de Educación Pública de la TCEQ, sin cargo, al 800-687-4040 o visite el sitio web <www.tceq.texas.gov/goto/pep>. If you wish information in English, you can call at 800-687-4040.

Información adicional también puede ser obtenida de USA Waste of Texas Landfills, Inc. en la dirección indicada arriba o llamando al Sr. Charles A. Rivette en 713-253-4497.

Como parte de la enternecedora película sobre una familia sorda 'CODA', el actor Eugenio Derbez recibió su primer Premio del Sindicato de Actores de la Pantalla (SAG, por sus siglas en inglés) y se lo dedicó "a México, a todos los mexicanos".

"¡Viva México!", dijo el experimentado actor y comediante mexicano en un video en su cuenta personal de Instagram en las redes sociales luego que la cinta se alzó con el máximo honor de la noche, al mejor elenco.

"CODA", acrónimo de Children of Deaf Adults, o en español Hijos de Adultos Sordos, sigue la historia de una familia cuya única hija oyente se debate entre dejarlos para perseguir sus sueños de estudiar canto en la universidad de Berklee o quedarse junto a ellos para continuar sirviendo como su intérprete.

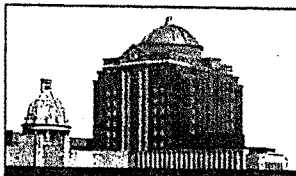

Derbez hace el papel del profesor de música que descubre su talento y la inspira a seguir adelante con sus estudios.

La película es protagonizada por los actores sordos Marlee Matlin, Troy Kotsur y Daniel Durant, como padres e hijo, respectivamente; y por Emilia Jones como la hija que puede oír.

Kotsur hizo historia además como el primer actor sordo en recibir un SAG individual, al mejor actor de reparto.

"Ahora que hablamos de inclusión y diversidad, creo que esta es la película perfecta para eso", dijo Derbez en la sala de prensa de la ceremonia, en un video que compartió igualmente en sus redes sociales. "No pueden tener un elenco más inclusivo que con actores sordos y un mexicano".

For exact location, refer to application.

The TCEQ Executive Director has completed the technical review of the application and prepared a draft permit. The draft permit, if approved, would establish the conditions under which the facility must operate. The Executive Director has made a preliminary decision that this permit, if issued, meets all statutory and regulatory requirements. The permit application, Executive Director's preliminary decision, and draft permit are available for viewing and copying at the Hillendahl Neighborhood Library, 2436 Gessner Rd, Houston, Texas 77080. The permit application may be viewed online at <https://www.wm.com/wm/permits-texas/permits.jsp>.

Public Comment/Public Meeting. The TCEQ held an online public meeting at 7:00 PM on Tuesday, January 18, 2022. You may submit additional public comments or request another public meeting about this application. The purpose of a public meeting is to provide the opportunity to submit comments or to ask questions about the application. TCEQ holds a public meeting if the Executive Director determines that there is a significant degree of public interest in the application or if requested by a local legislator. A public meeting is not a contested case hearing.

Opportunity for a Contested Case Hearing. After the deadline for submitting public comments, the Executive Director will consider all timely comments and prepare a response to all relevant and material, or significant public comments. **Unless the application is directly referred for a contested case hearing, the response to comments and the Executive Director's decision on the application will be mailed to everyone who submitted public comments and to those persons who are on the mailing list for this application. If comments are received, the mailing will also provide instructions for requesting a contested case hearing or reconsideration of the Executive Director's decision. A person who may be affected by the proposed facility is entitled to request a contested case hearing from the commission.** A contested case hearing is a legal proceeding similar to a civil trial in a state district court.

To Request a Contested Case Hearing, You Must Include The Following Items in Your Request: your name, address, phone; applicant's name and permit number; the location and distance of your property/activities relative to the facility; a specific description of how you would be adversely affected by the facility in a way not common to the general public; a list of all disputed issues of fact that you submit during the comment period; and the statement "[I/we] request a contested case hearing." If the request for contested case hearing is filed on behalf of a group or association, the request must designate the group's representative for receiving future correspondence; identify by name and physical address an individual member of the group who would be adversely affected by the facility or activity; provide the information discussed above regarding the affected member's location and distance from the facility or activity; explain how and why the member would be affected; and explain how the interests the group seeks to protect are relevant to the group's purpose.

Following the close of all applicable comment and request periods, the Executive Director will forward the application and any requests for reconsideration or for a contested case hearing to the TCEQ Commissioners for their consideration at a scheduled Commission meeting. The Commission may only grant a request for a contested case hearing on issues the requestor submitted in their timely comments that were not subsequently withdrawn.

If a hearing is granted, the subject of a hearing will be limited to disputed issues

of fact or mixed questions of fact and law that are relevant and material to the Commission's decision on the application submitted during the comment period.

Executive Director Action. The Executive Director may issue final approval of the application unless a timely contested case hearing request or request for reconsideration is filed. If a timely hearing request or request for reconsideration is filed, the Executive Director will not issue final approval of the permit and will forward the application and request to the TCEQ Commissioners for their consideration at a scheduled Commission meeting.

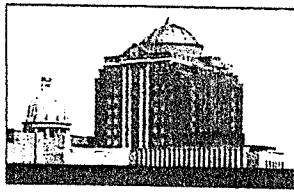

Mailing List. If you submit public comments, a request for a contested case hearing, or a reconsideration of the Executive Director's decision, you will be added to the mailing list for this application to receive future public notices mailed by the Office of the Chief Clerk. In addition, you may request to be placed on: (1) the permanent mailing list for a specific applicant name and permit number; and/or (2) the mailing list for a specific county. Comisión de Calidad Ambiental de Texas

AVISO DE SOLICITUD Y DECISIÓN PRELIMINAR PARA LA MODIFICACIÓN DEL PERMISO DE RESIDUOS SÓLIDOS MUNICIPALES

NO. DE PERMISO PROPUESTO 2185A

Solicitud y Decisión Preliminar. USA Waste of Texas Landfills, Inc., 24275 Katy Freeway, Suite 450, Katy, Harris County, Texas 77494, ha solicitado a la Comisión de Calidad Ambiental de Texas (TCEQ) una modificación del permiso para autorizar la expansión lateral y vertical del vertedero de residuos sólidos municipales (RSM) de tipo IV. La instalación está ubicada en 10550 Tanner Road, Houston, 77041 en el condado de Harris, Texas. La TCEQ recibió esta solicitud el 23 de febrero de 2021. El siguiente enlace a un mapa electrónico de la ubicación general del sitio o la instalación se proporciona como una cortesía pública y no es parte de la solicitud o el aviso: <https://arcg.is/DLTvn>. Para la ubicación exacta, consulte la solicitud.

El Director Ejecutivo de la TCEQ ha completado la revisión técnica de la solicitud y ha preparado un borrador del permiso. El borrador del permiso, si se autoriza, establecerá las condiciones bajo las cuales la instalación debe operar. El Director Ejecutivo ha tomado una decisión preliminar de que este permiso, si se publica, cumple con todos los reglamentos y requisitos legales. La solicitud de permiso, la decisión preliminar del Director Ejecutivo, y el borrador del permiso están disponibles para su visualización y copia en la Hillendahl Neighborhood Library, 2436 Gessner Rd, Houston, Texas 77080. La solicitud de permiso puede verse en la red:<https://www.wm.com/wm/permits-texas/permits.jsp>.

Comentario Público/Reunión Pública. La TCEQ realizó una reunión pública en la red a las 7:00 PM el martes 18 de enero de 2022. Usted podrá presentar comentarios públicos adicionales o solicitar otra reunión pública sobre esta solicitud. El objetivo de una reunión pública es permitir que se presenten comentarios o se hagan preguntas sobre la solicitud. En caso de que se reciban comentarios, el correo también proporcionará instrucciones para solicitar una audiencia de caso impugnado o la reconsideración de la decisión del Director Ejecutivo. Si la solicitud de audiencia de caso impugnado se presenta en el nombre de un grupo o asociación, la solicitud debe designar al representante del grupo para recibir la futura correspondencia; identificar por su nombre y dirección física a un miembro individual del grupo que se vería afectado negativamente por la instalación o actividad; proporcionar la información mencionada anteriormente sobre la ubicación del miembro afectado y la distancia a la que se encuentra de la instalación o actividad; explicar cómo y porque el miembro se vería afectado; y explicar cómo los intereses que el grupo busca proteger son relevantes para el propósito del grupo.

Tras el cierre de todos los periodos de comentarios y solicitudes aplicables, el Director Ejecutivo transmitirá la solicitud y cualquier petición de reconsideración o de una audiencia de caso impugnado, a los Comisionados de la TCEQ para su consideración en una reunión planeada de la Comisión. La Comisión sólo podrá conceder una solicitud de audiencia de caso impugnado sobre cuestiones que el solicitante presentó en sus comentarios oportunos que no fueron retirados posteriormente.

Si se concede una audiencia, el objeto de la audiencia se limitará a cuestiones de factos cuestiones en disputa o cuestiones de facto mixtas y de ley que son relevantes y materiales para la decisión de la Comisión sobre la solicitud presentada durante el periodo de comentarios.

Acción del Director Ejecutivo. El Director Ejecutivo podrá emitir la aprobación definitiva de la solicitud, a menos que se presente a tiempo una solicitud de audiencia de caso impugnado o una solicitud de reconsideración se presente. Si se presenta a tiempo una solicitud de audiencia o de reconsideración, el Director Ejecutivo no emitirá la aprobación final del permiso y enviará la solicitud y la petición a los Comisionados de la TCEQ para su consideración en una reunión planificada de la Comisión.

Como parte de la enternecedora película sobre una familia sorda 'CODA', el actor Eugenio Derbez recibió su primer Premio del Sindicato de Actores de la Pantalla (SAG, por sus siglas en inglés) y se lo dedicó "a México, a todos los mexicanos".

"¡Viva México!", dijo el experimentado actor y comediante mexicano en un video en su cuenta personal de Instagram en las redes sociales luego que la cinta se alzó con el máximo honor de la noche, al mejor elenco.

"CODA", acrónimo de Children of Deaf Adults, o en español Hijos de Adultos Sordos, sigue la historia de una familia cuya única hija oyente se debate entre dejarlos para perseguir sus sueños de estudiar canto en la universidad de Berklee o quedarse junto a ellos para continuar sirviendo como su intérprete.

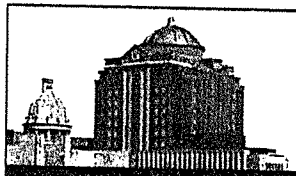

Derbez hace el papel del profesor de música que descubre su talento y la inspira a seguir adelante con sus estudios.

La película es protagonizada por los actores sordos Marlee Matlin, Troy Kotsur y Daniel Durant, como padres e hijo, respectivamente; y por Emilia Jones como la hija que puede oír.

Kotsur hizo historia además como el primer actor sordo en recibir un SAG individual, al mejor actor de reparto.

"Ahora que hablamos de inclusión y diversidad, creo que esta es la película perfecta para eso", dijo Derbez en la sala de prensa de la ceremonia, en un video que compartió igualmente en sus redes sociales. "No pueden tener un elenco más inclusivo que con actores sordos y un mexicano".

COMENTARIO PUBLICO / REUNION PUBLICA. Usted puede presentar comentarios públicos o pedir una reunion publica sobre esta solicitud. El propósito de una reunion publica es dar la oportunidad de presentar comentarios o hacer preguntas acerca de la solicitud. La TCEQ realiza una reunion publica si el Director Ejecutivo determina que hay un grado de interes publico suficiente en la solicitud o si un legislador local lo pide. Una reunion publica no es una audiencia administrativa de lo contencioso.

OPORTUNIDAD DE UNA AUDIENCIA ADMINISTRATIVA DE LO CONTENCIOSO. Despues del plazo para presentar comentarios publicos, el Director Ejecutivo considerara todos los comentarios apropiados y preparara una respuesta a todos los comentarios publicos esenciales, pertinentes, o significativos. A menos que la solicitud haya sido referida directamente a una audiencia administrativa de lo contencioso, la respuesta a los comentarios y la decision del Director Ejecutivo sobre la solicitud seran enviadas por correo a todos los que presentaron un comentario publico y a las personas que estan en la lista para recibir avisos sobre esta solicitud. Si se reciben comentarios, el aviso tambien proveera instrucciones para pedir una reconsideracion de la decision del Director Ejecutivo y para pedir una audiencia administrativa de lo contencioso. Una audiencia administrativa de lo contencioso es un procedimiento legal similar a un procedimiento legal civil en un Tribunal de distrito del estado.

PARA PEDIR UNA AUDIENCIA ADMINISTRATIVA DE LO CONTENCIOSO, USTED DEBE INCLUIR EN SU PEDIDO LOS SIGUIENTES DATOS: su nombre; direccion; telefono; nombre del propiedad/actividad con respecto a la instalacion; una descripcion especifica de la forma como usted seria afectado adversamente por el sitio de una manera no comun al publico en general; y la administrativa de lo contencioso". Si presenta por parte de un grupo o asociacion, debe identificar el nombre y la direccion de una persona que representa al grupo para recibir correspondencia en el futuro; debe identificar un miembro del grupo que seria afectado adversamente por la actividad propuesta; debe proveer la informacion ya indicada anteriormente con respecto a la ubicacion del miembro afectado y la distancia de la planta o actividad propuesta; debe explicar como y porque el miembro seria afectado; y explicar como los intereses que el grupo desea proteger son pertinentes al proposito del grupo.

Despues del cierre de los periodos para los pedidos y comentarios, el Director Ejecutivo enviara la solicitud y los pedidos para reconsideracion o por una audiencia administrativa de lo contenciosos a los Comisionados de la TCEQ para su consideracion en una reunion programada de la Comision.

La Comision otorgara solamente una audiencia administrativa de lo contencioso sobre los hechos reales disputados del caso que son pertinentes y esenciales para la decision de la Comision sobre la solicitud presentada durante el periodo de comentarios.

Accion del Director Ejecutivo. El Director Ejecutivo podra emitir la aprobacion definitiva de la solicitud, a menos que se presente a tiempo una solicitud de audiencia de caso impugnado o una solicitud de reconsideracion. Si se presenta a tiempo una solicitud de audiencia o de reconsideracion, el Director Ejecutivo no emitira una aprobacion final [illegible]

No. 279] (the "**Bidding Procedures Order**"),[2] which granted the Debtors' motion [Dkt. No. 60] (the "**Motion**") and among other things, (a) approved the bidding and auction procedures attached to the Bidding Procedures Order as Schedule 1 (the "**Bidding Procedures**"), (b) authorized the debtors and debtors in possession in the above-captioned cases (collectively, the "**Debtors**") to conduct an auction (the "**Auction**") for the sale (the "**Sale**") of substantially all of the Debtors' assets (the "**Assets**") in accordance with the Bidding Procedures; (c) authorized entry into the Stalking Horse Agreement (as defined herein) and approved the payment of the Expense Reimbursement in connection therewith; (d) approved procedures for the assumption and assignment of executory contracts and unexpired leases in connection with the Sale; and (e) scheduled a hearing to approve the Sale (the "**Sale Hearing**"). **All interested bidders should carefully read the Bidding Procedures Order and the Bidding Procedures in their entirety.** To the extent that there are any inconsistencies between this notice and the Bidding Procedures or the Bidding Procedures Order, the Bidding Procedures or the Bidding Procedures Order, as applicable, shall govern in all respects.

Assets to Be Sold

To facilitate the Sale of the Assets, the Debtors selected the bid (the "**Stalking Horse Bid**") of Strike Acquisition LLC (the "**Stalking Horse Bidder**") as the initial stalking horse bid for the Assets. The Stalking Horse Bidder and the Debtors have executed that certain Asset Purchase Agreement (as amended, supplemented or otherwise modified by the parties thereto, and including the disclosure schedules and exhibits attached thereto, the "**Stalking Horse Agreement**"), dated December 6, 2021, under which the Stalking Horse Bidder has agreed to effectuate the Sale, which includes the purchase of the Purchased Assets (as defined in the Stalking Horse Agreement)[3] and the assumption of certain liabilities associated with the Debtors' as set forth in the Stalking Horse Agreement, subject to the terms and conditions set forth therein. A copy of the Stalking Horse Agreement is filed on the docket of the Chapter 11 Cases at Docket No. 278. The Stalking Horse Bid is subject to higher and better offers submitted in accordance with the terms of the Bidding Procedures. Having announced the Stalking Horse Bid, the Debtors will now conduct a round of open bidding intended to obtain the highest and otherwise best bid for the Assets.

The Debtors are offering for sale all of the Assets. Except as otherwise provided in the Stalking Horse Agreement or a Modified APA submitted by a Successful Bidder, the Debtors[4] are seeking to sell their right, title and interest in and to the Assets free and clear of any pledges, liens, security interests, encumbrances, claims, charges, options and interests thereon (collectively, as more fully defined in the Sale Order, the "**Interests**"), subject only to the Assumed Liabilities and Permitted Encumbrances (each as defined in the Stalking Horse Agreement or in the Modified APA of the Successful Bidder, as applicable), to the maximum extent permitted by section 363 of the Bankruptcy Code, with such Interests to attach to the net proceeds of the sale of the Assets with the same validity, force, effect, and priority as such Interests applied against the Assets as of the Petition Date, subject to any rights, claims, and defenses of the Debtors.

Early Notice and Public Review of a Proposed Activity in a 100-Year Floodplain and Wetlands
Texas General Land Office
Community Development Block Grant – Disaster Recovery (CDBG-DR)
New Caney Pioneer Crossing Multifamily Housing Project

To: All Interested Agencies, Groups and Individuals

This is to give notice that Texas General Land Office (GLO) under Part 58 has determined that the following proposed action under the 2019 Disasters Multifamily Affordable Rental Housing Program is located in the 100-year floodplain and in proximity to wetlands, and Texas GLO will be identifying and evaluating practicable alternatives to locating the action in the floodplain and wetlands and the potential impacts on the floodplain and wetlands from the proposed action, as required by Executive Order 11988 and 11990, in accordance with HUD regulations at 24 CFR 55.20 Subpart C Procedures for Making Determinations on Floodplain Management and Protection of Wetlands.

New Caney Pioneer Crossing, LLC, the applicant, is proposing to develop the New Caney Pioneer Crossing apartments on an approximately 14.6-acre site located at 22917 Gabriel, New Caney, TX 77357 (Lat/Long: 30.1575219 N, 95.2174419 W). The project will involve the construction of a new multifamily apartment complex consisting of three residential buildings, totaling up to 96 units, a clubhouse, a playground, pavilion with grill area, and picnic tables. The project will connect to existing sewer, water, and electric utilities located adjacent to the sites. No offsite work is anticipated. Land acquisition is not included. Eighty percent of the units will be reserved for low-to-moderate income residents. The total funding for the project is estimated at $7,400,500.00 that would be funded through the GLO Affordable Rental Housing Program for the 2019 Floods Disaster Recovery Program under HUD Grant Number B-17-DL-48-0001.

A review of FEMA Flood Insurance Rate Map, Community Panel 48339C0600G, effective on 08/18/2014 shows 0.35 acres of the site is located within the 100-floodplain (Zone AE; Elevation 85-feet) and 0.85 acres of the site is located within the 500-floodplain. The project will be constructed on a parcel containing approximately 3.5-acres of wetlands, however, no impacts to these wetlands are anticipated. Construction of the project in the 100-year floodplain will require the applicant to elevate all habitable buildings to a minimum elevation at two feet above the base flood elevation or to local floodplain zoning requirements, whichever is higher.

There are three primary purposes for this notice. First, people who may be affected by activities in floodplains and those who have an interest in the protection of the natural environment should be given an opportunity to express their concerns and provide information about these areas. Commenters are encouraged to offer alternative sites outside of the floodplain, alternative methods to serve the same project purpose, and methods to minimize and mitigate impacts. Second, an adequate public notice program can be an important public educational tool. The dissemination of information and request for public comment about floodplains can facilitate and enhance Federal efforts to reduce the risks and impacts associated with the occupancy and modification of these special areas. Third, as a matter of fairness, when the Federal government determines it will participate in actions taking place in floodplains, it must inform those who may be put at greater or continued risk.

Written comments must be received by GLO at the following address on or before 01/31/2022, Attention: Mr. David Camarena at GLO via P.O Box 12873 Austin, Texas 78711-2873. Comments may also be submitted via email at env.reviews@recovery.texas.gov.

the site is located within the 500-floodplain. The project will be constructed on a parcel containing approximately 3.5-acres of wetlands, however, no impacts to these wetlands are anticipated. Construction of the project in the 100-year floodplain will require the applicant to elevate all habitable buildings to a minimum elevation at two feet above the base flood elevation or to local floodplain zoning requirements, whichever is higher.

There are three primary purposes for this notice. First, people who may be affected by activities in floodplains and those who have an interest in the protection of the natural environment should be given an opportunity to express their concerns and provide information about these areas. Commenters are encouraged to offer alternative sites outside of the floodplain, alternative methods to serve the same project purpose, and methods to minimize and mitigate impacts. Second, an adequate public notice program can be an important public educational tool. The dissemination of information and request for public comment about floodplains can facilitate and enhance Federal efforts to reduce the risks and impacts associated with the occupancy and modification of these special areas. Third, as a matter of fairness, when the Federal government determines it will participate in actions taking place in floodplains, it must inform those who may be put at greater or continued risk.

Written comments must be received by GLO at the following address on or before 01/31/2022. Attention: Mr. David Camarena at GLO via P.O Box 12873 Austin, Texas 78711-2873. Comments may also be submitted via email at env.reviews@recovery.texas.gov.

Agencia Federal para el Manejo de Emergencias
AVISO PUBLICO

Aviso de Disponibilidad del Borrador de la Evaluación Ambiental para el Proyecto de Estabilización del Banco del Río Brazos del Distrito de Mejoramiento de Diques del Condado de Fort Bend, Condado de Fort Bend, Texas, HMGP-4332-0035-TX

Por la presente se notifica a las personas interesadas que el Distrito de Mejoramiento de Diques del Condado de Fort Bend No. 7 (FBCLID7) ha solicitado a la Agencia Federal para el Manejo de Emergencias (FEMA, por sus siglas en inglés) fondos del Programa de Subvenciones de Mitigación de Riesgos (HMGP, por sus siglas en inglés,) bajo la Sección 404 de la Ley Robert T. Stafford de Ayuda en Casos de Desastre y Asistencia de Emergencia. El Programa de Subvenciones para la Mitigación de Riesgos de FEMA, HMGP otorga subvenciones a los estados y gobiernos locales para implementar medidas de mitigación de riesgos a largo plazo que reduzcan la pérdida de vidas y propiedades debido a desastres naturales y para permitir que se implementen medidas de mitigación durante la recuperación inmediata de un desastre. Este aviso también sirve como el aviso final de FEMA sobre la llanura de inundación bajo la Orden Ejecutiva 11988 para el Manejo de Llanuras Aluviales, ya que la acción propuesta se está llevando a cabo en la llanura de inundación de 100 años.

FEMA propone proporcionar fondos al Distrito no. 7 de Mejoramiento de Diques del Condado de Fort Bend (FBCLID7) para el diseño e implementación de tratamientos de estabilización bancaria a lo largo de la orilla norte erosionada del río Brazos en el área del dique de protección contra inundaciones de FBCLID7. FBCLID7 propone reconstruir una orilla estable en o cerca de la ubicación actual de la orilla del río. El material de tierra a lo largo de la orilla existente se eliminaría para crear un banco inclinado que se protegería con piedras trituradas. Se colocarían rocas de piedra más grandes a lo largo del dedo del banco del río (riverbank toe), con la intención de que, a medida que se produzca una erosión menor a lo largo del dedo del banco del río, las rocas de piedra más grandes caigan para rellenar las áreas erosionadas (lanzando protección hacia el dedo del banco). La orilla reconstruida facilitaría el transporte de los flujos de inundación a través de la curva en el río Brazos y la estructura del puente SH 59. La hidráulica mejorada reduciría el desprendimiento y la erosión asociados a una pérdida bancaria acelerada. El dedo del banco reconstruido se configuraría para mantener una curva geométrica consistente a lo largo del banco. Colocar el dedo reconstruido en o cerca del dedo del banco existente minimizaría el trabajo y el llenado dentro de las aguas jurisdiccionales del río Brazos, minimizando así los impactos ambientales generales. Se instalarían en la parte de la orilla del pie, materiales y con técnicas apropiadas para estabilizar y proteger la orilla del río de las fuerzas erosivas de los flujos de inundación.

Se propone construir una serie de presas de curvas, que se extenderían parcialmente en el canal del río Brazos y se estabilizarían en sus bases con roca triturada, como parte de la Acción Propuesta. Las presas de la curva ayudarían a mejorar la hidráulica del río en el área del proyecto. La intención de las presas de la curva sería alterar el flujo en las inmediaciones de las estructuras de la presa para capturar sedimentos suspendidos y permitir que el sedimento se asiente en el área de las presas de la curva y el dedo del banco reconstruido. Con el tiempo, la acumulación de sedimentos se acrecentaría a lo largo de la orilla norte del río, desplazando el canal del río hacia el sur, lejos de la protección contra inundaciones adyacente. La acción propuesta optimizaría la estabilización de la orilla norte del río en el área disponible entre el dedo del pie de la orilla y el dique de protección contra inundaciones, al tiempo que minimizaría los posibles impactos ambientales en el río.

Se ha preparado un borrador de Evaluación Ambiental (EA) para evaluar los impactos potenciales de la Acción Propuesta y alternativas en el medio ambiente humano y natural de acuerdo con la Ley nacional de Política Ambiental de 1969 (NEPA, por sus siglas en inglés), las regulaciones del Consejo de Calidad Ambiental (CEQ, por sus siglas en inglés) que implementan NEPA (40 Código de Regulaciones Federales [CFR] Partes 1500 - 1508), la Instrucción 108-1-1 de FEMA para Implementar NEPA, la Ley Nacional de Preservación Histórica de 1988, la Orden Ejecutiva 11990 y la Parte 9 de 44 CFR. El borrador de EA evalúa alternativas que prevén el cumplimiento de las leyes ambientales aplicables. Las alternativas evaluadas incluyen (1) ninguna acción; y (2) la Acción Propuesta descrita anteriormente.

El borrador de EA está disponible para su revisión y comentarios en línea en el sitio web de FEMA en https://www.fema.gov/emergency-managers/practitioners/environmental-historic/region/6. También se puede solicitar una versión electrónica del borrador de EA a Subha Pandey, Región 6 de FEMA, en subha.pandey@fema.dhs.gov .
El período de comentarios finalizará 30 días a partir de la fecha de publicación del aviso inicial el 24 de enero de 2022. Los comentarios escritos sobre el borrador de EA se pueden enviar por correo o correo electrónico a Subha Pandey, Especialista en Protección Ambiental, FEMA Región 6, 800 N Loop 288, Denton, TX 76209, subha.pandey@fema.dhs.gov . Si no se reciben comentarios sustantivos, el borrador de EA se convertirá en definitivo y se emitirá un Hallazgo de No Impacto Significativo (FONSI) para el proyecto. Las observaciones sustantivas se abordarán según proceda en los documentos finales.

facilitaría el transporte de los flujos de inundación a través de la curva en el río Brazos y la estructura del puente SH 99. La hidráulica mejorada reduciría el desprendimiento y la erosión que conduciría a una pérdida bancaria acelerada. El dedo del banco reconstruido se configuraría para mantener una curva geométrica consistente a lo largo del banco. Colocar el dedo reconstruido en o cerca del dedo del banco existente minimizaría el trabajo y el llenado dentro de las aguas jurisdiccionales del río Brazos, minimizando así los impactos ambientales generales. Se instalarían en la parte de la orilla del pie, materiales y con técnicas apropiadas para estabilizar y proteger la orilla del río de las fuerzas erosivas de los flujos de inundación.

Se propone construir una serie de presas de curvas, que se extenderían parcialmente en el canal del río Brazos y se estabilizarían en sus bases con roca triturada, como parte de la Acción Propuesta. Las presas de la curva ayudarían a mejorar la hidráulica del río en el área del proyecto. La intención de las presas de la curva sería alterar las características del flujo en las inmediaciones de las estructuras de la presa para capturar sedimentos suspendidos y permitir que el sedimento se asiente en el área de las presas de la curva y el dedo del banco reconstruido. Con el tiempo, la acumulación de sedimentos se acrecentaría a lo largo de la orilla norte del río, desplazando el canal del río más al sur, lejos del dique de protección contra inundaciones adyacente. La acción propuesta optimizaría la estabilización de la orilla norte del río en el área disponible entre el dedo del pie de la orilla y el dique de protección contra inundaciones, al tiempo que minimizaría los posibles impactos ambientales en el río.

Se ha preparado un borrador de Evaluación Ambiental (EA) para evaluar los impactos potenciales de la Acción Propuesta y alternativas en el medio ambiente humano y natural de acuerdo con la Ley nacional de Política Ambiental de 1969 (NEPA, por sus siglas en inglés), las regulaciones del Consejo de Calidad Ambiental (CEQ, por sus siglas en inglés) que implementan NEPA (40 Código de Regulaciones Federales [CFR] Partes 1500 - 1508), la Instrucción 108-1-1 de FEMA para implementar NEPA, la Ley Nacional de Preservación Histórica, la Orden Ejecutiva de 11988, la Orden Ejecutiva de 11990 y la Parte 9 de 44 CFR. El borrador de EA evalúa alternativas que prevén el cumplimiento de las leyes ambientales aplicables. Las alternativas evaluadas incluyen (1) ninguna acción; y (2) la Acción Propuesta descrita anteriormente.

El borrador de EA está disponible para su revisión y comentarios en línea en el sitio web de FEMA en https://www.fema.gov/emergency-managers/practitioners/environmental-historic/region/6. También se puede solicitar una versión electrónica del borrador de EA a Subha Pandey, Region 6 de FEMA, en subha.pandey@fema.dhs.gov .

El periodo de comentarios finalizará 30 días a partir de la fecha de publicación del aviso inicial el 24 de enero de 2022. Los comentarios escritos sobre el borrador de EA se pueden enviar por correo o correo electrónico a Subha Pandey, Especialista en Protección Ambiental, FEMA Region 6, 800 N Loop 288, Denton, TX 76209, subha.pandey@fema.dhs.gov . Si no se reciben comentarios sustantivos, el borrador de EA se convertirá en definitivo y se emitirá un Hallazgo de No Impacto Significativo (FONSI) para el proyecto. Las observaciones sustantivas se abordarán según proceda en los documentos finales.

Notice of Application and Preliminary Decision for Municipal Solid Waste Permit Amendment

Proposed Permit No. 2185A

Application and Preliminary Decision. USA Waste of Texas Landfills, Inc., 24275 Katy Freeway, Suite 450, Katy, Texas 77494, has applied to the Texas Commission on Environmental Quality (TCEQ) for a permit amendment to authorize the lateral and vertical expansion of the Type IV municipal solid waste (MSW) landfill. The facility is located at 10550 Tanner Road, Houston, 77041 in Harris County, Texas. The TCEQ received this application on February 23, 2021. The following link to an electronic map of the site or facility's general location is provided as a public courtesy and is not part of the application or notice: <https://arcg.is/DLTvn>. For exact location, refer to application.

The TCEQ Executive Director has completed the technical review of the application and prepared a draft permit. The draft permit, if approved, would establish the conditions under which the facility must operate. The Executive Director has made a preliminary decision that this permit, if issued, meets all statutory and regulatory requirements. The permit application, Executive Director's preliminary decision, and draft permit are available for viewing and copying at the Hillendahl Neighborhood Library, 2436 Gessner Rd, Houston, Texas 77080. The permit application may be viewed online at <https://www.wm.com/wm/permits-texas/permits.jsp>.

Public Comment/Public Meeting. The TCEQ held an online public meeting at 7:00 PM on Tuesday, January 18, 2022. You may submit additional public comments or request another public meeting about this application. The purpose of a public meeting is to provide the opportunity to submit comments or to ask questions about the application. TCEQ holds a public meeting if the Executive Director determines that there is a significant degree of public interest in the application or if requested by a local legislator. A public meeting is not a contested case hearing.

Opportunity for a Contested Case Hearing. After the deadline for submitting public comments, the Executive Director will consider all timely comments and prepare a response to all relevant and material, or significant public comments. **Unless the application is directly referred for a contested case hearing, the response to comments and the Executive Director's decision on the application will be mailed to everyone who submitted public comments and to those persons who are on the mailing list for this application. If comments are received, the mailing will also provide instructions for requesting a contested case hearing or reconsideration of the Executive Director's decision. A person who may be affected by the proposed facility is entitled to request a contested case hearing from the commission.** A contested case hearing is a legal proceeding similar to a civil trial in a state district court.

To Request a Contested Case Hearing, You Must Include The Following Items in Your Request: your name, address, phone; applicant's name and permit number; the location and distance of your property/activities relative to the facility; a specific description of how you would be adversely affected by the facility in a way not common to the general public; a list of all disputed issues of fact that you submit during the comment period; and the statement " [I/we] request a contested case hearing." If the request for contested case hearing is filed on behalf of a group or association, the request must designate the group's representative for receiving future correspondence; identify by name and physical address an individual member of the group who would be adversely affected by the facility or activity; provide the information discussed above regarding the affected member's location and distance from the facility or activity; explain how and why the member would be affected; and explain how the interests the group seeks to protect are relevant to the group's purpose.

Following the close of all applicable comment and request periods, the Executive Director will forward the application and any requests for reconsideration or for a contested case hearing to the TCEQ Commissioners for their consideration at a scheduled Commission meeting. The Commission may only grant a request for a contested case hearing on issues the requestor submitted in their timely comments that were not subsequently withdrawn.

If a hearing is granted, the subject of a hearing will be limited to disputed issues of fact or mixed questions of fact and law that are relevant and material to the Commission's decision on the application submitted during the comment period.

Executive Director Action. The Executive Director may issue final approval of the application unless a timely contested case hearing request or request for reconsideration is filed. If a timely hearing request or request for reconsideration is filed, the Executive Director will not issue final approval of the permit and will forward the application and request to the TCEQ Commissioners for their consideration at a scheduled Commission meeting.

Mailing List. If you submit public comments, a request for a contested case hearing, or a reconsideration of the Executive Director's decision, you will be added to the mailing list for this application to receive future public notices mailed by the Office of the Chief Clerk. In addition, you may request to be placed on: (1) the permanent mailing list for a specific applicant name and permit number; and/or (2) the mailing list for a specific county. To be placed on the permanent and/or the county mailing list, clearly specify which list(s) and send your request to TCEQ Office of the Chief Clerk at the address below.

Information Available Online. For details about the status of the application, visit the Commissioners' Integrated Database (CID) at <www.tceq.texas.gov/goto/cid>. Once you have access to the CID using the above link, enter the permit number for this application, which is provided at the top of this notice.

If you owe any delinquent administrative penalties or fees to the TCEQ be sure to pay them. Failure to do so may delay final action on this application.

You must follow all the directions in the enclosed instructions. The most common mistakes are the unauthorized changing of notice, wording, or font. If you fail to follow these instructions, you may be required to republish the notices.

The following requirements are also described in the enclosed instructions. However, due to their importance, they are highlighted here as well.

1. Publish the enclosed notice within 45 calendar days after the date of this cover letter. You may be required to publish the notice in more than one newspaper, including a newspaper published in an alternative language, to satisfy all of the notice requirements.

2. 3. For each publication, return *proof of publication* of the newspaper notice that shows the publication date and newspaper name to the TCEQ Waste Permits Division within 10 business days after notice is published in the newspaper.

4. Return copies of the completed *Public Notice Verification* form, *Publisher's Affidavits*, and *proofs of publication* to the Waste Permits Division within 30 calendar days after the notice is published in the newspaper.

If you do not comply with all the requirements described in the instructions, further processing of your application may be suspended or the agency may take other actions.

Instructions for Public Notice for Municipal Solid Waste Permit Notice of Application and Preliminary Decision

The executive director has completed the technical review of your application and issued a preliminary decision. You must comply with the following instructions:

Please Review Notice

We have included in the notice all of the information that we believe is necessary. Please read it carefully and notify us immediately if it contains any errors or omissions. You are responsible for ensuring the accuracy of all information published. You may not change the text or formatting of the notice or affidavit of publication without prior approval from the TCEQ.

Newspaper Notice

- You must publish the enclosed Notice of Application and Preliminary Decision **within 45 calendar days** after the date this information was mailed to you (see date of cover letter).
- You must publish the enclosed Notice of Application and Preliminary Decision at your expense, in a newspaper(s) that meets the following requirements:
    - First. You must publish notice either: (1) in the newspaper of largest general circulation *that is published in the county* in which the facility is located or is proposed to be located, or (2) if a newspaper is not published in the county, the notice must be published in any newspaper of general circulation in the county; and
    - Second. You must publish the enclosed Notice of Application and Preliminary Decision at least once in the same newspaper as the Notice of Receipt of Application and Intent to Obtain Permit
- The bold text of the enclosed notice must be printed in the newspaper in a font style or size that distinguishes it from the rest of the notice (i.e., **bold**, *italics*). *Failure to do so may require re-notice.*

Alternative Language Notice

If your application was received on or after November 30, 2005, you must publish notice in an alternative language if the following criteria are met.

- You must publish the public notice in an alternative language if either the elementary or middle school nearest to the facility or proposed facility is required to provide a bilingual

education program as required by Texas Education Code, Chapter 29, Subchapter B, and Title 19 Texas Administrative Code § 89.1205(a) and one of the following conditions is met:

  - students are enrolled in a program at that school;
  - students from that school attend a bilingual education program at another location; or
  - the school that otherwise would be required to provide a bilingual education program waives out of this requirement under 19 Tex. Admin. Code § 89.1205(g).

- If triggered, you must publish the notice in the alternative language taught in the bilingual education program. You must publish this notice in a newspaper or publication primarily published in that alternative language. The newspaper or publication must be of general circulation in the county in which the facility is located or proposed to be located. If the facility is located or proposed to be located in a municipality, and there exists a newspaper or publication of general circulation in the municipality, you must publish the notice only in the newspaper or publication in the municipality.

- You must demonstrate a good faith effort to identify a newspaper or publication in the required language. If there is no general circulation newspaper or publication printed in such language, then publishing in that language is not required. Publication in an alternative language section or insert within a large publication which is not printed primarily in that alternative language does not satisfy these requirements.

- You have the burden to demonstrate compliance with these requirements. To assist you in meeting these requirements, the TCEQ has provided a Public Notice Verification Form (enclosed). You must fill out the attached Public Notice Verification Form indicating your compliance with the requirements regarding publication in an alternative language.

- If you are required to publish notice in Spanish, you must translate the site-specific information in the notice that is specific to your application, at your own expense. You may then insert the Spanish translation of your site-specific information into a Spanish template developed by the TCEQ. You may obtain the electronic version of the Spanish template from the TCEQ website at <www.tceq.texas.gov/permitting/waste_permits/wastespanishtemplates.html>

- If you are required to publish notice in a language other than Spanish, you must translate the entire public notice, at your own expense.

Proof of Publication

Check each publication to ensure that the notices were accurately published. If a notice was not published correctly you may have to republish.

- For *each* newspaper in which you published, you must submit **proof of publication** that shows the notice, the date of publication, and the name of the newspaper to the TCEQ Waste Permits Division (WPD) within *10 business days* after the date of publication. It is recommended that you maintain the original newspaper clipping or tear sheet of the notice for your records.

- For each newspaper notice, you must submit a ***Publisher's Affidavit*** to the TCEQ WPD within *30 calendar days* after the date of publication. *For each required published notice, you must use the appropriate Publisher's Affidavit form that is enclosed with these instructions.* The affidavit must clearly identify the applicant's name and permit number. *If you are using one newspaper*

to satisfy all publication requirements, you must still fill out all affidavits checking the relevant boxes for the criteria that the newspaper satisfies.

- You are encouraged to submit the affidavits with the proof of publication described above. However, the affidavits must be submitted no later than *30 calendar days* after publication of the notice.

- You must fill out the attached *Public Notice Verification* form. On this form, you must verify that you submitted the notices and the *Publisher's Affidavits* as required by the TCEQ's regulations and instructions. This form must be submitted with the *Publisher's Affidavit* within *30 calendar days* after publication of the notice.

- Email copies of the ***Publisher's Affidavits,* the *Public Notice Verification Form,* and the *proofs of publication*** to WPD-PNV@tceq.texas.gov.

Failure to Publish and Submit Proof of Publication

If you fail to publish the notice or submit proof of publication by the deadlines set forth above, then the TCEQ may suspend further processing on your application or take other actions.

Application in a Public Place

- You must put a copy of the complete application, the Technical Summary and Executive Director's Preliminary Decision, the draft permit, and any subsequent revisions to these documents, in a public place for review and copying by the public. This public place must be located in the county where the facility is located or proposed to be located.

- A public place is one that is publicly owned or operated (ex: libraries, county courthouses, or city halls).

- This copy must be accessible to the public for review and copying beginning on the first day of newspaper publication and remain in place until the commission has taken action on the application or the commission refers issues to the State Office of Administrative Hearings.

- If the application is submitted to the TCEQ with information marked as confidential, you are required to indicate which specific portions of the application are not being made available to the public. These portions of the application must be accompanied with the following statement: Any request for portions of this application that are marked as confidential must be submitted in writing, pursuant to the Public Information Act, to the TCEQ Public Information Coordinator, MC 197, P.O. Box 13087, Austin, Texas 78711-3087."

- You must fill out the attached Public Notice Verification form. On this Form, you must verify that a complete application and all subsequent revisions are available for review and copying in a public place as required by the TCEQ's regulations and instructions. This Form must be submitted with the Publisher's Affidavits within *30 calendar days* after publication of the notice.

General Information

When contacting the Commission regarding this application, please refer to the permit/compliance plan number at the top of the Notice of Application and Preliminary Decision.

If you have any questions regarding publication requirements, please contact the TCEQ Waste Permits Division at 512-239-2335. If you have any questions regarding the content of the notice, please contact the individual in the permitting area assigned to your application.

Texas Commission on Environmental Quality

Notice of Application and Preliminary Decision for Municipal Solid Waste Permit Amendment

Proposed Permit No. 2185A

Application and Preliminary Decision. USA Waste of Texas Landfills, Inc., 24275 Katy Freeway, Suite 450, Katy, Texas 77494, has applied to the Texas Commission on Environmental Quality (TCEQ) for a permit amendment to authorize the lateral and vertical expansion of the Type IV municipal solid waste (MSW) landfill. The facility is located at 10550 Tanner Road, Houston, 77041 in Harris County, Texas. The TCEQ received this application on February 23, 2021. The following link to an electronic map of the site or facility's general location is provided as a public courtesy and is not part of the application or notice: <https://arcg.is/DLTvn>. For exact location, refer to application.

The TCEQ Executive Director has completed the technical review of the application and prepared a draft permit. The draft permit, if approved, would establish the conditions under which the facility must operate. The Executive Director has made a preliminary decision that this permit, if issued, meets all statutory and regulatory requirements. The permit application, Executive Director's preliminary decision, and draft permit are available for viewing and copying at the Hillendahl Neighborhood Library, 2436 Gessner Rd, Houston, Texas 77080. The permit application may be viewed online at <https://www.wm.com/wm/permits-texas/permits.jsp>.

Public Comment/Public Meeting. The TCEQ held an online public meeting at 7:00 PM on Tuesday, January 18, 2022. You may submit additional public comments or request another public meeting about this application. The purpose of a public meeting is to provide the opportunity to submit comments or to ask questions about the application. TCEQ holds a public meeting if the Executive Director determines that there is a significant degree of public interest in the application or if requested by a local legislator. A public meeting is not a contested case hearing.

Opportunity for a Contested Case Hearing. After the deadline for submitting public comments, the Executive Director will consider all timely comments and prepare a response to all relevant and material, or significant public comments. **Unless the application is directly referred for a contested case hearing, the response to comments and the Executive Director's decision on the application will be mailed to everyone who submitted public comments and to those persons who are on the mailing list for this application. If comments are received, the mailing will also provide instructions for requesting a contested case hearing or reconsideration of the Executive Director's decision. A person who may be affected by the proposed facility is entitled to request a contested case hearing from the commission.** A contested case hearing is a legal proceeding similar to a civil trial in a state district court.

To Request a Contested Case Hearing, You Must Include The Following Items in Your Request: your name, address, phone; applicant's name and permit number; the location and distance of your property/activities relative to the facility; a specific description of how you would be adversely affected by the facility in a way not common to the general public; a list of all disputed issues of fact that you submit during the comment period; and the statement " [I/we] request a contested case hearing." If the request for contested case hearing is filed on behalf of a group or association, the request must designate the group's representative for receiving future correspondence; identify by name and physical address an individual member of the group who would be adversely affected by the facility or activity; provide the information discussed above regarding the affected member's location and distance from the facility or activity; explain how and why the member would be affected; and explain how the interests the group seeks to protect are relevant to the group's purpose.

Following the close of all applicable comment and request periods, the Executive Director will forward the application and any requests for reconsideration or for a contested case hearing to the TCEQ Commissioners for their consideration at a scheduled Commission meeting. The Commission may only grant a request for a contested case hearing on issues the requestor submitted in their timely comments that were not subsequently withdrawn.

If a hearing is granted, the subject of a hearing will be limited to disputed issues of fact or mixed questions of fact and law that are relevant and material to the Commission's decision on the application submitted during the comment period.

Executive Director Action. The Executive Director may issue final approval of the application unless a timely contested case hearing request or request for reconsideration is filed. If a timely hearing request or request for reconsideration is filed, the Executive Director will not issue final approval of the permit and will forward the application and request to the TCEQ Commissioners for their consideration at a scheduled Commission meeting.

Mailing List. If you submit public comments, a request for a contested case hearing, or a reconsideration of the Executive Director's decision, you will be added to the mailing list for this application to receive future public notices mailed by the Office of the Chief Clerk. In addition, you may request to be placed on: (1) the permanent mailing list for a specific applicant name and permit number; and/or (2) the mailing list for a specific county. To be placed on the permanent and/or the county mailing list, clearly specify which list(s) and send your request to TCEQ Office of the Chief Clerk at the address below.

Information Available Online. For details about the status of the application, visit the Commissioners' Integrated Database (CID) at <www.tceq.texas.gov/goto/cid>. Once you have access to the CID using the above link, enter the permit number for this application, which is provided at the top of this notice.

Agency Contacts and Information. All public comments and requests must be submitted within 30 days from the date of newspaper publication of this notice either electronically at <www14.tceq.texas.gov/epic/eComment/> or in writing to the Texas Commission on Environmental Quality, Office of the Chief Clerk, MC-105, P.O. Box 13087, Austin, Texas 78711-3087. Please be aware that any contact information you provide, including your name, phone number, email address and physical address will become part of the agency's public record. For more information about this permit application or the permitting process, please call the TCEQ's Public Education Program, Toll Free, at 800-687-4040 or visit their website at <www.tceq.texas.gov/goto/pep>. Clean Harbors Deer Park, LLC, 2027 Independence Parkway South, La Porte, Texas 77571, la cual opera las instalaciones de Clean Harbors Deer Park, una instalación de tratamiento, almacenamiento y eliminación de residuos industriales peligrosos, ha solicitado a la Comision de Calidad Ambiental del Estado de Texas (TCEQ, por sus siglas, en ingles) para una enmienda principal del Permiso Num. WQ0001429000 para un Sistema de Eliminacion de Descargas Contaminantes del Estado de Texas (TPDES, por sus siglas en ingles), el cual autoriza el vertido de residuos industriales tratados adicionales (lixiviados no peligrosos procedentes de fuera del emplazamiento y aguas residuales de la subcategoria B del tratamiento centralizado de aguas residuales procedentes de fuera del emplazamiento) a través del Desague 004. El borrador del permiso autoriza la descarga de aguas pluviales en base intermitente y de flujo variable a través de los Desagues 002 y 003, y los residuos industriales tratados, el agua de los lavadores de la incineradora, las aguas residuales domésticas tratadas, las aguas pluviales tratadas y los efluentes previamente controlados (procedentes de los Desagues internos 101 y 201) con un caudal medio diario que no exceda de los 2,880,000 galones el día a través del Desague 004. La TCEQ recibio esta solicitud el 7 de Julio, 2020.

La instalacion esta ubicada en el 2027 Independence Parkway South, en la Ciudad de La Porte, Condado de Harris, Texas 77571. Este enlace a un mapa electrónico del sitio o la ubicación general de la instalacion es proporcionada como una cortesia al publico y no forma parte de la solicitud o el aviso. El efluente es descargado a través del Desague 002 hacia la parte de la marea de Tucker Bayou de la marea del Canal de Navegacion de Houston, a través del Desague 003 hacia Tucker Bayou (sobre la marea), de ahí a la parte de la marea de Tucker Bayou de la marea del Canal de Navegacion de Houston, y a través del Desague 004 directamente hacia la marea del Canal de Navegacion de Houston en el Segmento Num. 1006 de la Cuenca Fluvial del Rio San Jacinto. Los usos no clasificados de las aguas receptoras conllevan un uso mínimo de la vida acuática para la Tucker Bayou (sobre la marea). Los usos designados para el Segmento Num. 1006 son de navegación y de suministro de agua para la industria.

De acuerdo con el Titulo 30 del Codigo Administrativo de Texas Seccion 307.5 y los Procedimientos Implementados por la TCEQ (Año 2010) para los Estandares de la Calidad del Agua de la Superficie de Texas, fue realizada una revision de antidegradacion de las aguas receptoras. Una revision antidegradacion de Nivel 1 ha determinado preliminarmente que los usos existentes de la calidad del agua no se veran obstaculizados por las acciones de este permiso. Se mantendran los criterios numericos y narrativos para proteger los usos existentes. No se requiere una revision de Nivel 2 debido a que no se ha identificado un uso intermedio, significativo o excepcional de la vida acuática en las masas de agua a través de la ruta de descarga. A la vez, los usos existentes serán mantenidos y protegidos. La determinación preliminar puede ser reconsiderada y puede ser modificada si se recibe informacion nueva.

El Director Ejecutivo de la TCEQ ha repasado la consistencia de esta acción por con los objetivos y políticas del Programa de Administración Costera de Texas (CMP, por sus siglas en ingles) de acuerdo con las regulaciones de la Oficina General de Tierras y ha determinado que la acción es consistente con los objetivos y políticas del CMP pertinentes.

To: All interested Agencies, Groups and Individuals

This is to give notice that Texas General Land Office (GLO) under Part 58 has determined that the following proposed action under the 2019 Disasters Multifamily Affordable Rental Housing Program is located in the 100-year floodplain and in proximity to wetlands, and Texas GLO will be identifying and evaluating practicable alternatives to locating the action in the floodplain and wetlands and the potential impacts on the floodplain and wetlands from the proposed action, as required by Executive Order 11988 and 11990, in accordance with HUD regulations at 24 CFR 55.20 Subpart C Procedures for Making Determinations on Floodplain Management and Protection of Wetlands.

New Caney Pioneer Crossing, LLC, the applicant, is proposing to develop the New Caney Pioneer Crossing apartments on an approximately 14.6-acre site located at 22917 Gabriel, New Caney, TX 77357 (Lat/Long: 30.1575219 N, 95.217441 W). The project will involve the construction of a new multifamily apartment complex consisting of three residential buildings, totaling up to 96 units, a clubhouse, a playground, pavilion with grill area, and picnic tables. The project will connect to existing sewer, water, and electric utilities located adjacent to the sites. No offsite work is anticipated. Land acquisition is not included. Eighty percent of the units will be reserved for low-to-moderate income residents. The total funding for the project is estimated at $7,400,500.00 that would be funded through the GLO Affordable Rental Housing Program for the 2019 Floods Disaster Recovery Program under HUD Grant Number B-17-DL-48-0001.

A review of FEMA Flood Insurance Rate Map, Community Panel 48339C0600G, effective on 08/18/2014 shows 0.95 acres of the site is located within the 100-floodplain (Zone AE: Elevation 85-feet) and 0.85 acres of the site is located within the 500-floodplain. The project will be constructed on a parcel containing approximately 3.5-acres of wetlands, however, no impacts to these wetlands are anticipated. Construction of the project in the 100-year floodplain will require the applicant to elevate all habitable buildings to a minimum elevation at two feet above the base flood elevation or to local floodplain zoning requirements, whichever is higher.

There are three primary purposes for this notice. First, people who may be affected by activities in floodplains and those who have an interest in the protection of the natural environment should be given an opportunity to express their concerns and provide information about these areas. Commenters are encouraged to offer alternative sites outside of the floodplain, alternative methods to serve the same project purpose, and methods to minimize and mitigate impacts. Second, an adequate public notice program can be an important public educational tool. The dissemination of information and request for public comment about floodplains can facilitate and enhance Federal efforts to reduce the risks and impacts associated with the occupancy and modification of these special areas. Third, as a matter of fairness, when the Federal government determines it will participate in actions taking place in floodplains, it must inform those who may be put at greater or continued risk.

Written comments must be received by GLO at the following address on or before 01/31/2022, Attention: Mr. David Camarena at GLO via P.O Box 12873 Austin, Texas 78711-2873. Comments may also be submitted via email at env.reviews@recovery.texas.gov.

That notice will contain the deadline for submitting public comments.**

Public Comment/Public Meeting. You may submit public comments or request a public meeting on this application. The purpose of a public meeting is to provide the opportunity to submit comments or to ask questions about the application. TCEQ will hold a public meeting if the Executive Director determines that there is a significant degree of public interest in the application or if requested by a local legislator. A public meeting is not a contested case hearing.

Opportunity for a Contested Case Hearing. After the deadline for submitting public comments, the Executive Director will consider all timely comments and prepare a response to all relevant and material, or significant public comments. **Unless the application is directly referred for a contested case hearing, the response to comments, and the Executive Director's decision on the application, will be mailed to everyone who submitted public comments and to those persons who are on the mailing list for this application. To Request a Contested Case Hearing, You Must Include The Following Items in Your Request: your name, address, phone number; applicant's name and permit number; the location and distance of your property/activities relative to the facility; a specific description of how you would be adversely affected by the facility in a way not common to the general public; a list of all disputed issues of fact that you submit during the comment period, and the statement "I/we request a contested case hearing." If the request for contested case hearing is filed on behalf of a group or association, the request must designate the group's representative for receiving future correspondence; identify by name and physical address an individual member of the group who would be adversely affected by the facility or activity; provide the information discussed above regarding the affected member's location and distance from the facility or activity; explain how and why the member would be affected; and explain how the interests the group seeks to protect are relevant to the group's purpose.

Following the close of all applicable comment and request periods, the Executive Director will forward the application and any requests for reconsideration or for a contested case hearing to the TCEQ Commissioners for their consideration at a scheduled Commission meeting. The Commission may only grant a request for a contested case hearing on issues the requestor submitted in their timely comments that were not subsequently withdrawn.

If a hearing is granted, the subject of a hearing will be limited to disputed issues of fact or mixed questions of fact and law that are relevant and material to the Commission's decision on the application submitted during the comment period.

Documental

Nominados: "Colectiv", "Crip Camp" ("Campamento extraordinario"), "El agente topo", "My Octopus Teacher" ("Mi maestro el pulpo"), "Time".

Coyle: cada vez más, esta es la mejor categoría de los Oscar y la que tiene más desaires. Algunas de las mejores películas del año, incluidas "Dick Johnson Is Dead" ("Descansa en paz, Dick Johnson") y "The Truffle Hunters", no pasaron la concurrida etapa de preselección, Pero todas las películas nominadas son sensacionales. Probablemente la única que yo no elegiría, "My Octopus Teacher", gane. Poco notada cuando se estrenó el año pasado, la cinta fue sumando adeptos en Netflix y pasó a ser una contendiente inesperada en los Premios de la Academia. Sin embargo, yo aplaudiría más fuerte si "Crip Camp" ganara. Sería un triunfo para una película de buen corazón y para la comunidad de personas con discapacidades.

Largometraje internacional

Nominados: "Quo Vadis, Aida?", Bosnia y Herzegovina; "Another Round", Dinamarca; "Better Days" ("Shaonian de ni"), Hong Kong; "Collectiv", Rumania; "The Man Who Sold His Skin", Tunisia.

Bahr: parece ser una carrera entre "Another Round" de Dinamarca y "Colectiv" de Rumania, que también fueron nominadas en otras categorías destacadas (director y documental, respectivamente). Podría virar hacia "Another Round" porque su mención a dirección generó mayor atención y los votantes tienen la oportunidad de honrar a "Colectiv" en otra categoría. Otra película que habría sido una digna contendiente es la italiana "Martin Eden".

Largometraje animado

Nominados: "Onward" ("Unidos"), "Over the Moon" ("Más allá de la Luna"), "A Shaun the Sheep Movie: Farmageddon" ("Shaun, el cordero: La película - Granjaguedon"), "Soul", "Wolfwalkers" ("Wolfwalkers: Espíritu de lobo").

Coyle: Pixar, como siempre, parece tener la estatuilla en sus manos: "Soul" es la clara favorita. La película de Pete Docter tiene muchas cosas maravillosas. Pero no hay que subestimar al estudio irlandés Cartoon Saloon con su cinta "Wolfwalkers", de Tomm Moore y Ross Stewart.

Aviso Público

La Ciudad de Houston (en adelante: Ciudad), a través de su Departamento de Vivienda y Desarrollo Comunitario (HCDD, por sus siglas en inglés), está publicando un aviso público para los siguientes cuatro (4) empleados de la Ciudad en relación con el conflicto de intereses por su solicitud de asistencia bajo el Programa de Asistencia al Comprador de Vivienda (HbAP, por sus siglas en inglés) de Houston Harvey:

- Un empleado de HCDD que trabaja en la División de Familia Simple del departamento.
- Un empleado de HCDD que trabaja en la División de Cumplimiento y Operaciones del departamento.
- Un empleado de HCDD que trabaja en la División de Recuperación de Desastres del departamento.
- Un empleado de la Ciudad que trabaja en una de las oficinas del Consejo de la Ciudad.

El HbAP está financiado con fondos del programa Hurricane Harvey Community Development Block Grant-Disaster Recovery (CDBG-DR17), que han sido otorgados por el Departamento de Vivienda y Desarrollo Urbano de los Estados Unidos (HUD, por sus siglas en inglés), a través de la Oficina General de Tierras de Texas (GLO, por sus siglas en inglés). HCDD presentará una solicitud con HUD para conceder una excepción a las prohibiciones de conflicto de intereses bajo 24 C.F.R. Sección 570.611(d) para permitir que los cuatro (4) empleados municipales anteriores participen para recibir asistencia bajo el HbAP. HUD tiene la autoridad para tomar la determinación final con respecto a la disposición de un conflicto de intereses y/o para aprobar una solicitud de excepción. Los factores que se consideraron parte del proceso para solicitar una excepción de conflicto de intereses incluyen:

- El empleado es miembro de un grupo o clase calificado por ingresos destinado a ser los beneficiarios del HbAP de acuerdo con las directrices del programa, según lo aprobado por el GLO.
- El empleado recibiría el mismo tipo de beneficios puestos a disposición de otros miembros del grupo o clase calificados por ingresos bajo el HbAP.
- El empleado no ejerce ni ha ejercido ninguna función, responsabilidad y/o autoridad de toma de decisiones con respecto a la actividad asistida por HbAP.
- El Fiscal de la Ciudad ha determinado que una concesión de fondos del programa CDBG-DR17 a los empleados elegibles bajo el HbAP no violaría el Estado de Texas y las leyes locales como se documenta en una carta a HUD de fecha 11 de febrero de 2021.
- La negativa del empleado a participar en el HbAP resultaría en dificultades indebidas cuando se sopesaría contra el interés público al evitar el conflicto.

Para obtener información adicional sobre la Política de Conflicto de Intereses de HCDD, póngase en contacto con Kennisha London por correo electrónico al Kennisha.London@houstontx.gov. Una vez finalizada la divulgación pública, HCDD presentará la solicitud de aprobación de la excepción de conflicto de intereses.

Para obtener más información sobre HCDD y sus programas, acceda al sitio web de HCDD en www.houstontx.gov/housing y https://recovery.houstontx.gov/.

For additional information on the HCDD Conflict of Interest Policy, contact Kennisha London via email at Kennisha.London@houstontx.gov. Upon completion of the public disclosure, HCDD will submit the request for the approval of the conflict of interest exception.

Texas Commission on Environmental Quality
NOTICE OF RECEIPT OF APPLICATION AND INTENT TO OBTAIN MUNICIPAL SOLID WASTE PERMIT AMENDMENT
PROPOSED PERMIT NO. 2185A

Application. USA Waste of Texas Landfills, Inc., 24275 Katy Freeway, Suite 450, Katy, Harris County, Texas 77494, has submitted an application to the Texas Commission on Environmental Quality (TCEQ) for a permit major amendment authorizing the name change of the facility to Hawthorn Park Recycling and Disposal Facility and the lateral and vertical expansion of the facility. The Hawthorn Park Recycling and Disposal Facility is located at 10550 Tanner Road, Houston, Harris County, Texas 77041. The TCEQ received this application on February 23, 2021. The permit application is available for viewing and copying at the Fairbanks Landfill, 8205 Fairbanks N. Houston Road, Houston, Harris County, Texas 77064, Monday through Friday 6:00 a.m. – 5:00 p.m. and Saturday 6:00 – 2:00 p.m. and may be viewed online at https://www.wm.com/wm/permits-texas/permits.isp. The following link to an electronic map of the site or facility's general location is provided as a public courtesy and is not part of the application or notice: https://arcg.is/DLTvn. For exact location, refer to application.

Additional Notice. TCEQ's Executive Director has determined the application is administratively complete and will conduct a technical review of the application. After technical review of the application is complete, the Executive Director may prepare a draft permit and will issue a preliminary decision on the application. **Notice of the Application and Preliminary Decision will be published and mailed to those who are on the county-wide mailing list and to those who are on the mailing list for this application. That notice will contain the deadline for submitting public comments.**

Public Comment/Public Meeting. You may submit public comments or request a public meeting on this application. The purpose of a public meeting is to provide the opportunity to submit comments or to ask questions about the application. TCEQ will hold a public meeting if the Executive Director determines that there is a significant degree of public interest in the application or if requested by a local legislator. A public meeting is not a contested case hearing.

Opportunity for a Contested Case Hearing. After the deadline for submitting public comments, the Executive Director will consider all timely comments and prepare a response to all relevant and material, or significant public comments. **Unless the application is directly referred for a contested case hearing, the response to comments, and the Executive Director's decision on the application, will be mailed to everyone who submitted public comments and to those persons who are on the mailing list for this application. If comments are received, the mailing will also provide instructions for requesting reconsideration of the Executive Director's decision and for requesting a contested case hearing. A person who may be affected by the facility is entitled to request a contested case hearing from the commission.** A contested case hearing is a legal proceeding similar to a civil trial in state district court.

To Request a Contested Case Hearing, You Must Include The Following Items in Your Request: your name, address, phone number; applicant's name and permit number; the location and distance of your property/activities relative to the facility; a specific description of how you would be adversely affected by the facility in a way not common to the general public; a list of all disputed issues of fact that you submit during the comment period, and the statement "[I/we] request a contested case hearing." If the request for contested case hearing is filed on behalf of a group or association, the request must designate the group's representative for receiving future correspondence; identify by name and physical address an individual member of the group who would be adversely affected by the facility or activity; provide the information discussed above regarding the affected member's location and distance from the facility or activity; explain how and why the member would be affected; and explain how the interests the group seeks to protect are relevant to the group's purpose.

Following the close of all applicable comment and request periods, the Executive Director will forward the application and any requests for reconsideration or for a contested case hearing to the TCEQ Commissioners for their consideration at a scheduled Commission meeting. The Commission may only grant a request for a contested case hearing on issues the requestor submitted in their timely comments that were not subsequently withdrawn.

If a hearing is granted, the subject of a hearing will be limited to disputed issues of fact or mixed questions of fact and law that are relevant and material to the Commission's decision on the application submitted during the comment period.

Mailing List. If you submit public comments, a request for a contested case hearing or a reconsideration of the Executive Director's decision, you will be added to the mailing list for this application to receive future public notices mailed by the Office of the Chief Clerk. In addition, you may request to be placed on: (1) the permanent mailing list for a specific applicant name and permit number; and/or (2) the mailing list for a specific county. To be placed on the permanent and/or the county mailing list, clearly specify which list(s) and send your request to TCEQ Office of the Chief Clerk at the address below.

Information Available Online. For details about the status of the application, visit the Commissioners' Integrated Database (CID) at <www.tceq.texas.gov/goto/cid>. Once you have access to the CID using the above link, enter the permit number for this application, which is provided at the top of this notice.

Agency Contacts and Information. All public comments and requests must be submitted either electronically at https://www14.tceq.texas.gov/epic/eComment/ or in writing to the Texas Commission on Environmental Quality, Office of the Chief Clerk, MC-105, P.O. Box 13087, Austin, Texas 78711-3087. Please be aware that any contact information you provide, including your name, phone number, email address and physical address will become part of the agency's public record. NOTICE OF RECEIPT OF APPLICATION AND INTENT TO OBTAIN MUNICIPAL SOLID WASTE PERMIT AMENDMENT
PROPOSED PERMIT NO. 2185A

Application. USA Waste of Texas Landfills, Inc., 24275 Katy Freeway, Suite 450, Katy, Harris County, Texas 77494, has submitted an application to the Texas Commission on Environmental Quality (TCEQ) for a permit major amendment authorizing the name change of the facility to Hawthorn Park Recycling and Disposal Facility and the lateral and vertical expansion of the facility. Houston Road, Houston, Harris County, Texas 77064, Monday through Friday 6:00 a.m. - 5:00 p.m. and Saturday 6:00 - 2:00 p.m. and may be viewed online at https://www.wm.com/wm/permits-texas/permits.jsp. The following link to an electronic map of the site or facility's general location is provided as a public courtesy and is not part of the application or notice: https://arcg.is/DLTvn. For exact location, refer to application.

Additional Notice. TCEQ's Executive Director has determined the application is administratively complete and will conduct a technical review of the application. After technical review of the application is complete, the Executive Director may prepare a draft permit and will issue a preliminary decision on the application. **Notice of the Application and Preliminary Decision will be published and mailed to those who are on the county-wide mailing list and to those who are on the mailing list for this application. That notice will contain the deadline for submitting public comments.**

Public Comment/Public Meeting. You may submit public comments or request a public meeting on this application. The purpose of a public meeting is to provide the opportunity to submit comments or to ask questions about the application. TCEQ will hold a public meeting if the Executive Director determines that there is a significant degree of public interest in the application or if requested by a local legislator. A public meeting is not a contested case hearing.

Opportunity for a Contested Case Hearing. After the deadline for submitting public comments, the Executive Director will consider all timely comments and prepare a response to all relevant and material, or significant public comments. **Unless the application is directly referred for a contested case hearing, the response to comments, and the Executive Director's decision on the application, will be mailed to everyone who submitted public comments and to those persons who are on the mailing list for this application. If comments are received, the mailing will also provide instructions for requesting reconsideration of the Executive Director's decision and for requesting a contested case hearing. A person who may be affected by the facility is entitled to request a contested case hearing from the commission.** A contested case hearing is a legal proceeding similar to a civil trial in state district court.

To Request a Contested Case Hearing, You Must Include The Following Items in Your Request: your name, address, phone number; applicant's name and permit number; the location and distance of your property/activities relative to the facility; a specific description of how you would be adversely affected by the facility in a way not common to the general public; a list of all disputed issues of fact that you submit during the comment period, and the statement "(I/we) request a contested case hearing." If the request for contested case hearing is filed on behalf of a group or association, the request must designate the group's representative for receiving future correspondence; identify by name and physical address an individual member of the group who would be adversely affected by the facility or activity; provide the information discussed above regarding the affected member's location and distance from the facility or activity; explain how and why the member would be affected; and explain how the interests the group seeks to protect are relevant to the group's purpose.

Following the close of all applicable comment and request periods, the Executive Director will forward the application and any requests for reconsideration or for a contested case hearing to the TCEQ Commissioners for their consideration at a scheduled Commission meeting. The Commission may only grant a request for a contested case hearing on issues the requestor submitted in their timely comments that were not subsequently withdrawn.

If a hearing is granted, the subject of a hearing will be limited to disputed issues of fact or mixed questions of fact and law that are relevant and material to the Commission's decision on the application submitted during the comment period.

Mailing List. If you submit public comments, a request for a contested case hearing or a reconsideration of the Executive Director's decision, you will be added to the mailing list for this application to receive future public notices mailed by the Office of the Chief Clerk. In addition, you may request to be placed on: (1) the permanent mailing list for a specific applicant name and permit number; and/or (2) the mailing list for a specific county. To be placed on the permanent and/or the county mailing list, clearly specify which list(s) and send your request to TCEQ Office of the Chief Clerk at the address below.

HCDD presentará una solicitud con HUD para conceder una excepción a las prohibiciones de conflicto de intereses bajo 24 C.F.R. Sección 570.611(d) para permitir que los cuatro (4) empleados municipales anteriores participen para recibir asistencia bajo el HbAP. HUD tiene la autoridad para tomar la determinación final con respecto a la disposición de un conflicto de intereses y/o para aprobar una solicitud de excepción. Los factores que se consideraron parte del proceso para solicitar una excepción de conflicto de intereses incluyen:

- El empleado es miembro de un grupo o clase calificado por ingresos destinado a ser los beneficiarios del HbAP de acuerdo con las directrices del programa, según lo aprobado por el GLO.
- El empleado recibirá el mismo tipo de beneficios puestos a disposición de otros miembros del grupo o clase calificados por ingresos bajo el HbAP.
- El empleado no ejerce ni ha ejercido ninguna función, responsabilidad y/o autoridad de toma de decisiones con respecto a la actividad asistida por HbAP.
- El Fiscal de la Ciudad ha determinado que una concesión de fondos del programa CDBG-DR17 a los empleados elegibles bajo el HbAP no violaría el Estado de Texas y las leyes locales como se documenta en una carta a HUD de fecha 11 de febrero de 2021.
- La negativa del empleado a participar en el HbAP resultaría en dificultades indebidas cuando se sopesaría contra el interés público al evitar el conflicto.

Para obtener información adicional sobre la Política de Conflicto de Intereses de HCDD, póngase en contacto con Kennisha London por correo electrónico al Kennisha.London@houstontx.gov. Una vez finalizada la divulgación pública, HCDD presentará la solicitud de aprobación de la excepción de conflicto de intereses.

For additional information on the HCDD Conflict of Interest Policy, contact Kennisha London via email at Kennisha.London@houstontx.gov. Upon completion of the public disclosure, HCDD will submit the request for the approval of the conflict of interest exception.

COMENTARIO PUBLICO / REUNION PUBLICA. Usted puede presentar comentarios publicos o pedir una reunion publica sobre esta solicitud. Despues del cierre de los periodos para los pedidos y comentarios, el Director Ejecutivo enviara la solicitud y los pedidos para una reconsideracion o por una audiencia administrativa de lo contenciosos a los Comisionados de la TCEQ para su consideracion en una reunion programada de la Comision.

La Comision otorgara solamente una audiencia administrativa de lo contencioso sobre los hechos reales disputados del caso que son pertinentes y esenciales para la decision de la Comision sobre la solicitud. **Ademas, la Comision solo otorgara una audiencia administrativa de lo contencioso sobre los asuntos que fueron presentados antes del plazo de vencimiento y que no fueron retirados posteriormente. La TCEQ puede actuar sobre una solicitud para renovar un permiso para descargar aguas residuales sin proveer una oportunidad de una audiencia administrativa de lo contencioso.**

ACCION DEL DIRECTOR EJECUTIVO. El Director Ejecutivo puede emitir una aprobacion final de la solicitud a menos que exista un pedido antes del plazo de vencimiento de una audiencia administrativa de lo contencioso o se ha presentado un pedido de reconsideracion. Si un pedido ha llegado antes del plazo de vencimiento de la audiencia o el pedido de reconsideracion ha sido presentado, el Director Ejecutivo no emitira una aprobacion final sobre el permiso y enviara la solicitud y el pedido a los Comisionados de la TCEQ para consideracion en una reunion programada de la Comision.

Texas Commission on Environmental Quality
NOTICE OF RECEIPT OF APPLICATION AND
INTENT TO OBTAIN MUNICIPAL SOLID WASTE PERMIT
AMENDMENT
PROPOSED PERMIT NO. 2185A

Application. USA Waste of Texas Landfills, Inc., 24275 Katy Freeway, Suite 450, Katy, Harris County, Texas 77494, has submitted an application to the Texas Commission on Environmental Quality (TCEQ) for a permit major amendment authorizing the name change of the facility to Hawthorn Park Recycling and Disposal Facility and the lateral and vertical expansion of the facility. The Hawthorn Park Recycling and Disposal Facility is located at 10550 Tanner Road, Houston, Harris County, Texas 77041. The TCEQ received this application on February 23, 2021. The permit application is available for viewing and copying at the Fairbanks Landfill, 8205 Fairbanks N. Houston Road, Houston, Harris County, Texas 77064, Monday through Friday 6:00 a.m. – 5:00 p.m. and Saturday 6:00 – 2:00 p.m. and may be viewed online at https://www.wm.com/wm/permits-texas/permits.isp. The following link to an electronic map of the site or facility's general location is provided as a public courtesy and is not part of the application or notice: https://arcg.is/DLTvn. For exact location, refer to application.

Additional Notice. TCEQ's Executive Director has determined the application is administratively complete and will conduct a technical review of the application. After technical review of the application is complete, the Executive Director may prepare a draft permit and will issue a preliminary decision on the application. Notice of the Application and Preliminary Decision will be published and mailed to those who are on the county-wide mailing list and to those who are on the mailing list for this application. That notice will contain the deadline for submitting public comments.

Public Comment/Public Meeting. You may submit public comments or request a public meeting on this application. The purpose of a public meeting is to provide the opportunity to submit comments or to ask questions about the application. TCEQ will hold a public meeting if the Executive Director determines that there is a significant degree of public interest in the application or if requested by a local legislator. A public meeting is not a contested case hearing.

Opportunity for a Contested Case Hearing. After the deadline for submitting public comments, the Executive Director will consider all timely comments and prepare a response to all relevant and material, or significant public comments. Unless the application is directly referred for a contested case hearing, the response to comments, and the Executive Director's decision on the application, will be mailed to everyone who submitted public comments and to those persons who are on the mailing list for this application. If comments are received, the mailing will also provide instructions for requesting reconsideration of the Executive Director's decision and for requesting a contested case hearing. A person who may be affected by the facility is entitled to request a contested case hearing from the commission. A contested case hearing is a legal proceeding similar to a civil trial in state district court.

To Request a Contested Case Hearing, You Must Include The Following Items in Your Request: your name, address, phone number; applicant's name and permit number; the location and distance of your property/activities relative to the facility; a specific description of how you would be adversely affected by the facility in a way not common to the general public; a list of all disputed issues of fact that you submit during the comment period, and the statement "I/we] request a contested case hearing." If the request for contested case hearing is filed on behalf of a group or association, the request must designate the group's representative for receiving future correspondence; identify by name and physical address an individual member of the group who would be adversely affected by the facility or activity; provide the information discussed above regarding the affected member's location and distance from the facility or activity; explain how and why the member would be affected; and explain how the interests the group seeks to protect are relevant to the group's purpose.

Following the close of all applicable comment and request periods, the Executive Director will forward the application and any requests for reconsideration or for a contested case hearing to the TCEQ Commissioners for their consideration at a scheduled Commission meeting. The Commission may only grant a request for a contested case hearing on issues the requestor submitted in their timely comments that were not subsequently withdrawn.

If a hearing is granted, the subject of a hearing will be limited to disputed issues of fact or mixed questions of fact and law that are relevant and material to the Commission's decision on the application submitted during the comment period.

Mailing List. If you submit public comments, a request for a contested case hearing or a reconsideration of the Executive Director's decision, you will be added to the mailing list for this application to receive future public notices mailed by the Office of the Chief Clerk. In addition, you may request to be placed on: (1) the permanent mailing list for a specific applicant name and permit number; and/or (2) the mailing list for a specific county. To be placed on the permanent and/or the county mailing list, clearly specify which list(s) and send your request to TCEQ Office of the Chief Clerk at the address below.

Después de la fecha límite para presentar comentarios públicos, el Director Ejecutivo examinará todas las observaciones presentadas a tiempo y preparará una respuesta a todas las observaciones públicas pertinentes, esenciales, o significativas. A menos que la solicitud se remita directamente para una audiencia de caso impugnado, la respuesta a los comentarios y la decisión del Director Ejecutivo sobre la solicitud, se enviarán por correo a todos los que presentaron comentarios públicos y a aquellas personas que estén en la lista de correo para esta solicitud. Tras el cierre de todos los períodos de comentarios y solicitudes aplicables, el Director Ejecutivo enviará la solicitud y cualquier petición de reconsideración o una audiencia de caso impugnado a los Comisarios del TCEQ para su consideración en una reunión programada de la Comisión. La Comisión solo podrá conceder una solicitud de audiencia de asunto impugnado sobre cuestiones que el solicitante haya presentado en sus comentarios oportunos y que no se retiraron posteriormente.

Aviso Público

La Ciudad de Houston (en adelante: Ciudad), a través de su Departamento de Vivienda y Desarrollo Comunitario (HCDD, por sus siglas en inglés), está publicando un aviso público para los siguientes cuatro (4) empleados de la Ciudad en relación con el conflicto de intereses por su solicitud de asistencia bajo el Programa de Asistencia al Comprador de Vivienda (HBAP, por sus siglas en inglés) de Houston Harvey.

- Un empleado de HCDD que trabaja en la División de Familia Simple del departamento.
- Un empleado de HCDD que trabaja en la División de Cumplimiento y Operaciones del departamento.
- Un empleado de HCDD que trabaja en la División de Recuperación de Desastres del departamento.
- Un empleado de la Ciudad que trabaja en una de las oficinas del Consejo de la Ciudad.

El HBAP está financiado con fondos del programa Hurricane Harvey Community Development Block Grant-Disaster Recovery (CDBG-DR17), que han sido otorgados por el Departamento de Vivienda y Desarrollo Urbano de los Estados Unidos (HUD, por sus siglas en inglés), a través de la Oficina General de Tierras de Texas (GLO, por sus siglas en inglés). HCDD presentará una solicitud con HUD para conceder una excepción a las prohibiciones de conflicto de intereses bajo 24 C.F.R. Sección 570.611(d) para permitir que los cuatro (4) empleados municipales anteriores participen para recibir asistencia bajo el HbAP. HUD tiene la autoridad para tomar la determinación final con respecto a la disposición de un conflicto de intereses y/o para aprobar una solicitud de excepción. Los factores que se considerarán para dicho proceso para solicitar una excepción de conflicto de intereses incluyen:

- El empleado es miembro de un grupo o clase calificado por ingresos destinado a ser los beneficiarios del HbAP de acuerdo con las directrices del programa, según lo aprobado por el GLO.
- El empleado recibirá el mismo tipo de beneficios puestos a disposición de otros miembros del grupo o clase calificados por ingresos bajo el HbAP.
- El empleado no ejerce ni ha ejercido ninguna función, responsabilidad y/o autoridad de toma de decisiones con respecto a la actividad asistida por HbAP.
- El Fiscal de la Ciudad ha determinado que una concesión de fondos del programa CDBG-DR17 a los empleados elegibles bajo el HbAP no violaría el Estado de Texas y las leyes locales como se documenta en una carta a HUD de fecha 11 de febrero de 2021.
- La negativa del empleado a participar en el HbAP resultaría en dificultades indebidas cuando se sopesaría contra el interés público al evitar el conflicto.

Para obtener información adicional sobre la Política de Conflicto de Intereses de HCDD, póngase en contacto con Kennisha London por correo electrónico al Kennisha.London@houstontx.gov. Una vez finalizada la divulgación pública, HCDD presentará la solicitud de aprobación de la excepción de conflicto de intereses.

Para obtener más información sobre HCDD y sus programas, acceda al sitio web de HCDD en www.houstontx.gov/housing y https://recovery.houstontx.gov/

For additional information on the HCDD Conflict of Interest Policy, contact Kennisha London via email at Kennisha.London@houstontx.gov. Upon completion of the public disclosure, HCDD will submit the request for the approval of the conflict of interest exception.

La solicitud del permiso, la decision preliminar del Director Ejecutivo, y el borrador del permiso estan disponibles para leer y copiar en La Ciudad de Houston Trabajos Publicos Edificio, 10500 Bellaire Boulevard, Houston, Texas.

COMENTARIO PUBLICO / REUNION PUBLICA. Usted puede presentar comentarios publicos o pedir una reunion publica sobre esta solicitud. El proposito de una reunion publica es dar la oportunidad de presentar comentarios o hacer preguntas acerca de la solicitud. La TCEQ realiza una reunion publica si el Director Ejecutivo determina que hay un grado de interes publico suficiente en la solicitud o si un legislador local lo pide. Una reunion publica no es una audiencia administrativa de la contencioso.

OPORTUNIDAD DE UNA AUDIENCIA ADMINISTRATIVA DE LO CONTENCIOSO. Despues del plazo para presentar comentarios publicos, el Director Ejecutivo considerara todos los comentarios apropiados y preparara una respuesta a todos los comentarios publicos esenciales, pertinentes, o significativos. A menos que la solicitud haya sido referida directamente a una audiencia administrativa de lo contencioso, la respuesta a los comentarios y la decision del Director Ejecutivo sobre la solicitud seran enviadas por correo a todos los que presentaron un comentario publico y a las personas que estan en la lista para recibir avisos sobre esta solicitud. Si se reciben comentarios, el aviso tambien proveera instrucciones para pedir una reconsideracion de la decision del Director Ejecutivo y para pedir una audiencia administrativa de lo contencioso. Una audiencia administrativa de lo contencioso es un procedimiento legal similar a un procedimiento legal civil en un tribunal de distrito del estado.

PARA PEDIR UNA AUDIENCIA ADMINISTRATIVA DE LO CONTENCIOSO, USTED DEBE INCLUIR EN SU PEDIDO LOS SIGUIENTES DATOS: su nombre; direccion; telefono; nombre del solicitante y numero del permiso; la ubicacion y la distancia de su propiedad/actividad con respecto a la instalacion; una descripcion especifica de la forma como usted seria afectado adversamente por el sitio de una manera no comun al publico en general; y la declaracion "Yo/nosotros solicito/solicitamos un/a audiencia administrativa de lo contencioso". Despues del cierre de los periodos para los pedidos y comentarios, el Director Ejecutivo enviara la solicitud y los pedidos para reconsideracion o por una audiencia administrativa de lo contenciosos a los Comisionados de la TCEQ para su consideracion en una reunion programada de la Comision.

La Comision otorgara solamente una audiencia administrativa de lo contencioso sobre los hechos reales disputados del caso que son pertinentes y esenciales para la decision de la Comision sobre la solicitud. Ademas, la Comision solo otorgara una audiencia administrativa de lo contencioso sobre los asuntos que fueron presentados durante el plazo de vencimiento y que no fueron retirados posteriormente. La TCEQ puede actuar sobre una solicitud para renovar un permiso para descargar aguas residuales sin proveer una oportunidad de una audiencia administrativa de la contencioso.

ACCION DEL DIRECTOR EJECUTIVO. El Director Ejecutivo puede emitir una aprobacion final de la solicitud a menos que existe un pedido antes del plazo de vencimiento de una audiencia administrativa de lo contencioso o se ha presentado un pedido de reconsideracion. Si un pedido ha llegado antes del plazo de vencimiento de la audiencia o el pedido de reconsideracion ha sido presentado, el Director Ejecutivo no emitira una aprobacion final sobre el permiso y enviara la solicitud y el pedido a los Comisionados de la TECQ para consideracion en una reunion programada de la Comision.

LISTA DE CORREO. Si somete comentarios publicos, un pedido para una audiencia administrativa de lo contencioso o una reconsideracion de la decision del Director Ejecutivo, la Oficina del Secretario Principal enviara por correo los avisos publicos en relacion con la solicitud. Texas Commission on Environmental Quality
NOTICE OF RECEIPT OF APPLICATION AND INTENT TO OBTAIN MUNICIPAL SOLID WASTE PERMIT AMENDMENT
PROPOSED PERMIT NO. 2185A

Application. USA Waste of Texas Landfills, Inc., 24275 Katy Freeway, Suite 450, Katy, Harris County, Texas 77494, has submitted an application to the Texas Commission on Environmental Quality (TCEQ) for a permit major amendment authorizing the name change of the facility to Hawthorn Park Recycling and Disposal Facility and the lateral and vertical expansion of the facility. The Hawthorn Park Recycling and Disposal Facility is located at 10550 Tanner Road, Houston, Harris County, Texas 77041. The TCEQ received this application on February 23, 2021. The permit application is available for viewing and copying at the Fairbanks Landfill, 8205 Fairbanks N. Houston Road, Houston, Harris County, Texas 77064, Monday through Friday 6:00 a.m. – 5:00 p.m. and Saturday 6:00 – 2:00 p.m. and may be viewed online at https://www.wm.com/wm/permits-texas/permits.jsp. The following link to an electronic map of the site or facility's general location is provided as a public courtesy and is not part of the application or notice: https://arcg.is/DLTvn. For exact location, refer to application.

Additional Notice. TCEQ's Executive Director has determined the application is administratively complete and will conduct a technical review of the application. After technical review of the application is complete, the Executive Director may prepare a draft permit and will issue a preliminary decision on the application. Notice of the Application and Preliminary Decision will be published and mailed to those who are on the county-wide mailing list and to those who are on the mailing list for this application. That notice will contain the deadline for submitting public comments.

Public Comment/Public Meeting. You may submit public comments or request a public meeting on this application. The purpose of a public meeting is to provide the opportunity to submit comments or to ask questions about the application. TCEQ will hold a public meeting if the Executive Director determines that there is a significant degree of public interest in the application or if requested by a local legislator. A public meeting is not a contested case hearing.

Opportunity for a Contested Case Hearing. After the deadline for submitting public comments, the Executive Director will consider all timely comments and prepare a response to all relevant and material, or significant public comments. Unless the application is directly referred for a contested case hearing, the response to comments, and the Executive Director's decision on the application, will be mailed to everyone who submitted public comments and to those persons who are on the mailing list for this application. If comments are received, the mailing will also provide instructions for requesting reconsideration of the Executive Director's decision and for requesting a contested case hearing. A person who may be affected by the facility is entitled to request a contested case hearing from the commission. A contested case hearing is a legal proceeding similar to a civil trial in state district court.

To Request a Contested Case Hearing, You Must Include The Following Items In Your Request: your name, address, phone number; applicant's name and permit number; the location and distance of your property/activities relative to the facility; a specific description of how you would be adversely affected by the facility in a way not common to the general public; a list of all disputed issues of fact that you submit during the comment period, and the statement "[I/we] request a contested case hearing." If the request for contested case hearing is filed on behalf of a group or association, the request must designate the group's representative for receiving future correspondence; identify by name and physical address an individual member of the group who would be adversely affected by the facility or activity; provide the information discussed above regarding the affected member's location and distance from the facility or activity; explain how and why the member would be affected; and explain how the interests the group seeks to protect are relevant to the group's purpose.

Following the close of all applicable comment and request periods, the Executive Director will forward the application and any requests for reconsideration or for a contested case hearing to the TCEQ Commissioners for their consideration at a scheduled Commission meeting. The Commission may only grant a request for a contested case hearing on issues the requestor submitted in their timely comments that were not subsequently withdrawn.

If a hearing is granted, the subject of a hearing will be limited to disputed issues of fact or mixed questions of fact and law that are relevant and material to the Commission's decision on the application submitted during the comment period.

Mailing List. If you submit public comments, a request for a contested case hearing or a reconsideration of the Executive Director's decision, you will be added to the mailing list for this application to receive future public notices mailed by the Office of the Chief Clerk. In addition, you may request to be placed on: (1) the permanent mailing list for a specific applicant name and permit number; and/or (2) the mailing list for a specific county. To be placed on the permanent and/or the county mailing list, clearly specify which list(s) and send your request to TCEQ Office of the Chief Clerk at the address below.

NOTICE OF RECEIPT OF APPLICATION AND
INTENT TO OBTAIN MUNICIPAL SOLID WASTE PERMIT AMENDMENT

PROPOSED PERMIT NO. 2185A

Application. USA Waste of Texas Landfills, Inc., 24275 Katy Freeway, Suite 450, Katy, Harris County, Texas 77494, has submitted an application to the Texas Commission on Environmental Quality (TCEQ) for a permit major amendment authorizing the name change of the facility to Hawthorn Park Recycling and Disposal Facility and the lateral and vertical expansion of the facility. The Hawthorn Park Recycling and Disposal Facility is located at 10550 Tanner Road, Houston, Harris County, Texas 77041. The TCEQ received this application on February 23, 2021. The permit application is available for viewing and copying at the Fairbanks Landfill, 8205 Fairbanks N. Houston Road, Houston, Harris County, Texas 77064, Monday through Friday 6:00 a.m. - 5:00 p.m. and Saturday 6:00 - 2:00 p.m. and may be viewed online at https://www.wm.com/wm/permits-texas/permits.jsp. The following link to an electronic map of the site or facility's general location is provided as a public courtesy and is not part of the application or notice: https://arcg.is/DLTvn. For exact location, refer to application.

Additional Notice. TCEQ's Executive Director has determined the application is administratively complete and will conduct a technical review of the application. After technical review of the application is complete, the Executive Director may prepare a draft permit and will issue a preliminary decision on the application. **Notice of the Application and Preliminary Decision will be published and mailed to those who are on the county-wide mailing list and to those who are on the mailing list for this application. That notice will contain the deadline for submitting public comments.**

Public Comment/Public Meeting. You may submit public comments or request a public meeting on this application. The purpose of a public meeting is to provide the opportunity to submit comments or to ask questions about the application. TCEQ will hold a public meeting if the Executive Director determines that there is a significant degree of public interest in the application or if requested by a local legislator. A public meeting is not a contested case hearing.

Opportunity for a Contested Case Hearing. After the deadline for submitting public comments, the Executive Director will consider all timely comments and prepare a response to all relevant and material, or significant public comments. **Unless the application is directly referred for a contested case hearing, the response to comments, and the Executive Director's decision on the application, will be mailed to everyone who submitted public comments and to those persons who are on the mailing list for this application. If comments are received, the mailing will also provide instructions for requesting reconsideration of the Executive Director's decision and for requesting a contested case hearing. A person who may be affected by the facility is entitled to**

request a contested case hearing from the commission. A contested case hearing is a legal proceeding similar to a civil trial in state district court.

To Request a Contested Case Hearing, You Must Include The Following Items in Your Request: your name, address, phone number; applicant's name and permit number; the location and distance of your property/activities relative to the facility; a specific description of how you would be adversely affected by the facility in a way not common to the general public; a list of all disputed issues of fact that you submit during the comment period, and the statement "[I/we] request a contested case hearing." If the request for contested case hearing is filed on behalf of a group or association, the request must designate the group's representative for receiving future correspondence; identify by name and physical address an individual member of the group who would be adversely affected by the facility or activity; provide the information discussed above regarding the affected member's location and distance from the facility or activity; explain how and why the member would be affected; and explain how the interests the group seeks to protect are relevant to the group's purpose.

Following the close of all applicable comment and request periods, the Executive Director will forward the application and any requests for reconsideration or for a contested case hearing to the TCEQ Commissioners for their consideration at a scheduled Commission meeting. The Commission may only grant a request for a contested case hearing on issues the requestor submitted in their timely comments that were not subsequently withdrawn.

If a hearing is granted, the subject of a hearing will be limited to disputed issues of fact or mixed questions of fact and law that are relevant and material to the Commission's decision on the application submitted during the comment period.

Mailing List. If you submit public comments, a request for a contested case hearing or a reconsideration of the Executive Director's decision, you will be added to the mailing list for this application to receive future public notices mailed by the Office of the Chief Clerk. In addition, you may request to be placed on: (1) the permanent mailing list for a specific applicant name and permit number; and/or (2) the mailing list for a specific county. To be placed on the permanent and/or the county mailing list, clearly specify which list(s) and send your request to TCEQ Office of the Chief Clerk at the address below.

Information Available Online. For details about the status of the application, visit the Commissioners' Integrated Database (CID) at <www.tceq.texas.gov/goto/cid>. Once you have access to the CID using the above link, enter the permit number for this application, which is provided at the top of this notice.

Agency Contacts and Information. All public comments and requests must be submitted either electronically at https://www14.tceq.texas.gov/epic/eComment/ **or in writing to the Texas Commission on Environmental Quality, Office of the Chief Clerk, MC-105, P.O. Box 13087, Austin, Texas 78711-3087.** Please be aware that any contact information you provide, including your name, phone number, email address and physical address will become part of the agency's public record. 1. Publish the enclosed notice within **30 calendar days** after your application is declared administratively complete. 2. On or before the date you publish notice, place a copy of your permit application in a public place in the county where the facility is or will be located. This copy must be accessible to the public for review and copying, must be updated to reflect changes to the application, and must remain in place throughout the comment period.

TEXAS COMMISSION ON ENVIRONMENTAL QUALITY

INSTRUCTIONS FOR PUBLIC NOTICE
for Municipal Solid Waste Permits
NOTICE OF RECEIPT OF APPLICATION AND INTENT TO OBTAIN PERMIT

Your application has been declared administratively complete and now you must comply with the following instructions:

Please Review Notice

Included in the notice is all of the necessary information. Please read it carefully and notify Ms. Bobbie Harris Rogans immediately if it contains any errors or omissions. You are responsible for ensuring the accuracy of all information published. You may not change the text or formatting of the notice without prior approval from the TCEQ.

Newspaper Notice

- You must publish the enclosed Notice of Receipt of Application and Intent to Obtain Permit within **30 calendar days** after the date of administrative completeness. Refer to the cover letter for the date of administrative completeness.

- You must publish the enclosed Notice of Receipt of Application and Intent to Obtain Permit at your expense, at least once in a newspaper(s) meeting the following requirements:

    - First. You must publish notice either 1) in the newspaper of largest circulation within the county where the facility is or is proposed to be located or, 2) if the facility is located or is proposed to be located in a municipality, in any newspaper of general circulation in the municipality, and

    - Second. You must publish notice either 1) in the newspaper of largest general circulation *that is published in the county* in which the facility is located or is proposed to be located, or 2) if a newspaper is not published in the county, the notice must be published in any newspaper of general circulation in the county.

- These requirements may be satisfied by one publication if the newspaper meets all of these requirements.

- The bold text of the enclosed notice must be printed in the newspaper in a font style or size that distinguishes it from the rest of the notice (i.e., **bold** font, *italics*). **Failure to do so may require re-notice.**

Alternative Language Notice

If your application was received on or after November 30, 2005, you must publish notice in an alternative language if the following criteria are met.

- You must publish the public notice in an alternative language if either the elementary or middle school nearest to the facility or proposed facility is required to provide a bilingual education program as required by Tex. Educ. Code, Chapter 29, Subchapter B, and 19 Tex. Admin. Code § 89.1205(a) and one of the following conditions is met:
  - students are enrolled in a program at that school;
  - students from that school attend a bilingual education program at another location; or
  - the school that otherwise would be required to provide a bilingual education program waives out of this requirement under 19 Tex. Admin. Code § 89.1205(g).
- If triggered, you must publish the notice in the alternative language taught in the bilingual education program. You must publish this notice in a newspaper or publication primarily published in that alternative language. The newspaper or publication must be of general circulation in the county in which the facility is located or proposed to be located. If the facility is located or proposed to be located in a municipality, and there exists a newspaper or publication of general circulation in the municipality, you must publish the notice only in the newspaper or publication in the municipality.
- You must demonstrate a good faith effort to identify a newspaper or publication in the required language. If there is no general circulation newspaper or publication printed in such language, then publishing in that language is not required. Publication in an alternative language section or insert within a large publication which is not printed primarily in that alternative language does not satisfy these requirements.
- You have the burden to demonstrate compliance with these requirements. To assist you in meeting these requirements, the TCEQ has provided a Public Notice Verification Form (enclosed). You must fill out the attached Public Notice Verification Form indicating your compliance with the requirements regarding publication in an alternative language.
- If you are required to publish notice in Spanish, you must translate the site-specific information in the notice that is specific to your application, at your own expense. You may then insert the Spanish translation of your site-specific information into a Spanish template developed by the TCEQ. You may obtain the electronic version of the Spanish template from the TCEQ website at <www.tceq.texas.gov/permitting/waste_permits/wastespanishtemplates.html>.
- If you are required to publish notice in a language other than Spanish, you must translate the entire public notice, at your own expense.

Proof of Publication

- Check each publication to ensure that the notices were accurately published. If a notice was not published correctly you may have to republish.
- For **each** newspaper in which you published, you must submit ***proof of publication*** that shows the notice, the date of publication, and the name of the newspaper to the Office of the Chief Clerk within **10 business days** after the date of publication. Acceptable proof of publication is: (1) a copy of the published notice; or (2) the original newspaper clipping of

the published notice. If you choose to submit a copy of the published notice to the Office of the Chief Clerk, the copy must be on standard-size 8½" x 11" paper. Published notices longer than 11" must be copied onto multiple 8½" x 11" pages. Please note, submitting a copy of your published notice could result in faster processing of your application. It is recommended that you maintain the original newspaper clipping or tear sheet of the notice for your records.

- For each newspaper notice, you must submit an **original Publisher's Affidavit** to the Office of the Chief Clerk within **30 calendar days** after the date of publication. **For each required published notice, you must use the appropriate Publisher's Affidavit form that is enclosed with these instructions.** The affidavit must clearly identify the applicant's name and permit number. **If you are using one newspaper to satisfy all publication requirements, you must still fill out affidavits #1 and #2, checking the relevant boxes for the criteria that the newspaper satisfies.**

- You are encouraged to submit the affidavits with the proof of publication described above. However, the affidavits must be submitted no later than **30 calendar days** after publication of notice.

- You must fill out the attached Public Notice Verification form. On this Form, you must verify that you submitted the notices and the original Publisher's Affidavits as required by the TCEQ's regulations and instructions. This form must be submitted with the Publisher's Affidavits within **30 calendar days** after publication of the notice.

- You must put a copy of the administratively complete application in a public place for review and copying by the public. This public place must be located in the county where the facility is or proposed to be located.

- A public place is one that is publicly owned or operated (ex: libraries, county courthouses, or city halls).

- The administratively complete application must be available **beginning on the first day of newspaper publication and must remain in place until the end of the comment period.**

- During the technical review, you must update the publicly available application so that it includes all application revisions within **10 business days** from the date the revision is transmitted to the TCEQ.

- If the application was submitted to the TCEQ with information marked as confidential, you must indicate in the public copy of the application that there is additional information in a confidential file. These portions of the application must be accompanied with the following statement: "Any request for portions of this application that are marked as confidential must be submitted in writing, pursuant to the Public Information Act, to the TCEQ Public Information Coordinator, MC 197, P.O.
