TEXAS COMMISSION ON ENVIRONMENTAL QUALITY

NOTICE OF HEARING

City of Houston

SOAH Docket No. 582-23-26769

TCEQ Docket No. 2023-0556-MWD

Permit No. WQ0010495030

APPLICATION.

The City of Houston, 10500 Bellaire Boulevard, Houston, Texas 77072, has applied to the Texas Commission on Environmental Quality (TCEQ) for a major amendment to Texas Pollutant Discharge Elimination System (TPDES) Permit No. WQ0010495030 to authorize the removal of the existing Sublethal Whole Effluent Toxicity (WET) limits and monitoring requirements from the permit pursuant to the Environmental Protection Agency's WET policies, the Clean Water Act, and the Code of Federal Regulations. The current permit authorizes the discharge of treated domestic wastewater at an annual average flow not to exceed 26,400,000 gallons per day.

The facility is located at 12901 Hermitage Lane, in the City of Houston, Harris County, Texas 77079. The treated effluent is discharged directly to Buffalo Bayou Above Tidal in Segment No. 1014 of the San Jacinto River Basin. The designated uses for Segment No. 1014 are primary contact recreation and limited aquatic life use. In accordance with 30 Texas Administrative Code Section 307.5 and the TCEQ's Procedures to Implement the Texas Surface Water Quality Standards (June 2010), an antidegradation review of the receiving waters was performed. A Tier 1 antidegradation review has preliminarily determined that existing water quality uses will not be impaired by this permit action. Numerical and narrative criteria to protect existing uses will be maintained. A Tier 2 review is not required since no exceptional, high, or intermediate aquatic life use water bodies have been identified in the discharge route. Existing uses will be maintained and protected. The preliminary determination can be reexamined and may be modified if new information is received. This link to an electronic map of the site or facility's general location is provided as a public courtesy and is not part of the application or notice. For the exact location, refer to the application.

The TCEQ Executive Director has completed the technical review of the application and prepared a draft permit. The draft permit, if approved, would establish the conditions under which the facility must operate. The Executive Director has made a preliminary decision that this permit, if issued, meets all statutory and regulatory requirements. The permit application, Executive Director's preliminary decision, and draft permit are available for viewing and copying at City of Houston, Houston Public Works, Wastewater Operations Building Library, 10500 Bellaire Boulevard, Houston, Texas.

CONTESTED CASE HEARING.

The State Office of Administrative Hearings (SOAH) will conduct a preliminary hearing via Zoom videoconference. A Zoom meeting is a secure, free meeting held over the internet that allows video, audio, or audio/video conferencing.

The purpose of a preliminary hearing is to establish jurisdiction, name the parties, establish a procedural schedule for the remainder of the proceeding, and to address other matters as determined by the judge. The evidentiary hearing phase of the proceeding, which will occur at a later date, will be similar to a civil trial in state district court. The hearing will address the disputed issues of fact identified in the TCEQ order concerning this application issued on August 7, 2023. In addition to these issues, the judge may consider additional issues if certain factors are met.

The hearing will be conducted in accordance with Chapter 2001, Texas Government Code; Chapter 26, Texas Water Code; and the procedural rules of the TCEQ and SOAH, including 30 TAC Chapter 80 and 1 TAC Chapter 155. The hearing will be held unless all timely hearing requests have been withdrawn or denied.

To request to be a party, you must attend the hearing and show you would be adversely affected by the application in a way not common to members of the general public. Any person may attend the hearing and request to be a party. Only persons named as parties may participate at the hearing.

In accordance with 1 Tex. Admin. Code § 155.401(a), Notice of Hearing, "Parties that are not represented by an attorney may obtain information regarding contested case hearings on the public website of the State Office of Administrative Hearings at www.soah.texas.gov, or in printed format upon request to SOAH."

NOTICE OF SALE

HARRIS COUNTY IMPROVEMENT DISTRICT NO. 14

(A political subdivision of the State of Texas located within Harris County)

\$7,500,000

Unlimited Tax Bonds, Series 2023

"Qualified Tax-Exempt Obligations"

The Board of Directors of Harris County Improvement District No. 14 (the "District") will publicly receive sealed bids on up to \$7,500,000 Unlimited Tax Bonds, Series 2023 (the "Bonds") on Tuesday, October 17, 2023, at 10:45 A.M., Houston Time, at the offices of the District's Financial Advisor, Masterson Advisors LLC, 3 Greenway Plaza, Suite 1100, Houston, Texas 77046. At a Board of Directors meeting on Tuesday, October 17, 2023, at 1:00 P.M., Houston Time, at the offices of Allen Boone Humphries Robinson LLP, 3200 Southwest Freeway, Suite 2600, Houston, Texas 77027, the Board will immediately take action to reject any and all bids or accept the bid resulting in the lowest net interest cost to the District.

A bid for the Bonds may be delivered to the District electronically, by telephone or delivered directly to the District in a sealed envelope addressed to the "President and Board of Directors, Harris County Improvement District No. 14" at the above address of Masterson Advisors LLC. All bidders must submit a signed "Official Bid Form" and a bank cashier's check in the amount of \$150,000 payable to the order of "Harris County Improvement District No. 14" as a Good Faith Deposit. Additional terms and conditions related to the submission of a bid for the Bonds are included in the "Official Notice of Sale."

The Bonds will mature serially on May 1, 2026 through 2049, and will be dated November 1, 2023. The "Official Notice of Sale," "Preliminary Official Statement," and "Official Bid Form" may be obtained from the District's Financial Advisor, Masterson Advisors LLC, 3 Greenway Plaza, Suite 1100, Houston, Texas 77046. This notice does not constitute an offer to sell the Bonds but is merely notice of sale of the Bonds as required by Texas law. The offer to sell the Bonds will be made by means of the "Official Notice of Sale," "Preliminary Official Statement," and "Official Bid Form."

RE: Notice of Hearing Package
Applicant Name: City of Houston
Facility Location: Harris County, Texas
Permit Number: WQ0010495030
Type of Authorization: Major Amendment

Dear Ms. La Breche and Mr. Samarneh,

As you know, the Chief Clerk's Office has referred this matter over to the State Office of Administrative Hearings (SOAH) for a contested case hearing on your application.

SOAH will conduct a preliminary hearing via Zoom video conference at:

10:00 a.m. – November 9, 2023

You are now required to publish notice for this hearing. To help you meet the requirements associated with this notice, we have enclosed the following items:

- Notice for Newspaper Publication
- Instructions for Notice of Hearing
- Affidavit of Publication

Please note that it is VERY IMPORTANT that you follow ALL directions in the ENCLOSED INSTRUCTIONS. If you do not, you may be required to republish the notice. One of the most common mistakes we see is the unauthorized changing of notice wording or font. If you have any questions, please contact us before you proceed with publication.

The following items and time limitations are also described in the enclosed instructions. However, due to their importance, we want to highlight them for you.

1. Publish the enclosed notice within at least **30 calendar days** prior to the date of the hearing.
2. Return **acceptable proof of publication** of the complete notice, which shows publication date and newspaper name, to the TCEQ Office of the Chief Clerk within **10 business days** after notice is published in the newspaper.
3. File the original enclosed *Affidavit of Publication* with the TCEQ Office of the Chief Clerk within **30 calendar days** after the notice is published in the newspaper.

If you do not comply with all requirements described in the instructions, further processing of your application may be suspended or the commission may take other actions.

As required by 30 TAC § 80.118(c), the TCEQ Office of the Chief Clerk (OCC) will provide the administrative record to SOAH, and will retain one copy for its files. In addition, one copy of the administrative record will be provided to you by the OCC on CD. Neither SOAH nor TCEQ is responsible for providing additional copies to the parties. However, the OCC can provide copies upon request.

The administrative record is not in evidence until properly offered by motion of a party, and subsequently admitted by the Administrative Law Judge, pursuant to 30 TAC § 80.127(h). The party seeking admission of the administrative record must supply copies to the other parties in the proceeding at the time it is offered, or by agreement of the parties.

If you have any questions regarding publication requirements, or obtaining copies of the administrative record, please contact the SOAH Docket Clerk in the OCC at 512-239-3300. If you have any other questions, please contact Bobby Salehi at 512-239-5930.

Sincerely,

Laurie Gharis
Chief Clerk

TEXAS COMMISSION ON ENVIRONMENTAL QUALITY

NOTICE OF HEARING
City of Houston
SOAH Docket No. 582-23-26769
TCEQ Docket No. 2023-0556-MWD
Permit No. WQ0010495030

APPLICATION.

The City of Houston, 10500 Bellaire Boulevard, Houston, Texas 77072, has applied to the Texas Commission on Environmental Quality (TCEQ) for a major amendment to Texas Pollutant Discharge Elimination System (TPDES) Permit No. WQ0010495030 to authorize the removal of the existing Sublethal Whole Effluent Toxicity (WET) limits and monitoring requirements from the permit pursuant to the Environmental Protection Agency's WET policies, the Clean Water Act, and the Code of Federal Regulations. The current permit authorizes the discharge of treated domestic wastewater at an annual average flow not to exceed 26,400,000 gallons per day.

The facility is located at 12901 Hermitage Lane, in the City of Houston, Harris County, Texas 77079. The treated effluent is discharged directly to Buffalo Bayou Above Tidal in Segment No. 1014 of the San Jacinto River Basin. The designated uses for Segment No. 1014 are primary contact recreation and limited aquatic life use. In accordance with 30 Texas Administrative Code Section 307.5 and the TCEQ's *Procedures to Implement the Texas Surface Water Quality Standards* (June 2010), an antidegradation review of the receiving waters was performed. A Tier 1 antidegradation review has preliminarily determined that existing water quality uses will not be impaired by this permit action. Numerical and narrative criteria to protect existing uses will be maintained. A Tier 2 review is not required since no exceptional, high, or intermediate aquatic life use water bodies have been identified in the discharge route. Existing uses will be maintained and protected. The preliminary determination can be reexamined and may be modified if new information is received. This link to an electronic map of the site or facility's general location is provided as a public courtesy and is not part of the application or notice. For the exact location, refer to the application.

<https://tceq.maps.arcgis.com/apps/webappviewer/index.html?id=db5bac44afbc468bbddd36of816825of&marker=-95.561944%2C29.762222&level=12>

The TCEQ Executive Director has completed the technical review of the application and prepared a draft permit. The draft permit, if approved, would establish the conditions under which the facility must operate. The Executive Director has made a preliminary decision that this permit, if issued, meets all statutory and regulatory requirements. The permit application, Executive Director's preliminary decision, and draft permit are available for viewing and copying at City of Houston, Houston Public Works, Wastewater Operations Building Library, 10500 Bellaire Boulevard, Houston, Texas.

CONTESTED CASE HEARING.

The State Office of Administrative Hearings (SOAH) will conduct a preliminary hearing via Zoom videoconference. A Zoom meeting is a secure, free meeting held over the internet that allows video, audio, or audio/video conferencing.

10:00 a.m. – November 9, 2023

To join the Zoom meeting via computer:

**Visit the SOAH website for registration at: <http://www.soah.texas.gov/>
or call SOAH at 512-475-4993.**

The purpose of a preliminary hearing is to establish jurisdiction, name the parties, establish a procedural schedule for the remainder of the proceeding, and to address other matters as determined by the judge. The evidentiary hearing phase of the proceeding, which will occur at a later date, will be similar to a civil trial in state district court. The hearing will address the disputed issues of fact identified in the TCEQ order concerning this application issued on August 7, 2023. In addition to these issues, the judge may consider additional issues if certain factors are met.

The hearing will be conducted in accordance with Chapter 2001, Texas Government Code; Chapter 26, Texas Water Code; and the procedural rules of the TCEQ and SOAH, including 30 TAC Chapter 80 and 1 TAC Chapter 155. The hearing will be held unless all timely hearing requests have been withdrawn or denied.

To request to be a party, you must attend the hearing and show you would be adversely affected by the application in a way not common to members of the general public. Any person may attend the hearing and request to be a party. Only persons named as parties may participate at the hearing.

In accordance with 1 Tex. Admin. Code § 155.401(a), Notice of Hearing, “Parties that are not represented by an attorney may obtain information regarding contested case hearings on the public website of the State Office of Administrative Hearings at www.soah.texas.gov, or in printed format upon request to SOAH.”

INFORMATION.

If you need more information about the hearing process for this application, please call the Public Education Program, toll free, at (800) 687-4040. General information about the TCEQ can be found at our web site at www.tceq.texas.gov.

Further information may also be obtained from the City of Houston at the address stated above or by calling Ms. Carol LaBreche, P.E., at (832) 395-5813.

Persons with disabilities who need special accommodations at the hearing should call the SOAH Docketing Department at (512) 475-4993, at least one week prior to the hearing.

TEXAS COMMISSION ON ENVIRONMENTAL QUALITY

INSTRUCTIONS FOR PUBLIC NOTICE For Water Quality Permit

NOTICE OF HEARING

A hearing was requested on issues related to your application and the Commission granted this request. The matter has been referred to the State Office of Administrative Hearings. Now you must comply with the following instructions:

Please Review Notice

We have included in the hearing notice all of the information which we believe is necessary. Please read it carefully and notify us immediately if it contains any errors or omissions. You are responsible for ensuring the accuracy of all information published. You may not change the text of the notice without prior approval from the TCEQ.

Newspaper Notice

- You must publish the enclosed Notice of Hearing no less than **30** days before the hearing.
- You must publish the enclosed Notice of Hearing at least once and at your expense, in a newspaper that is regularly published or circulated in each county where, by virtue of the county's geographical relation to the subject matter of the hearing, a person may reasonably believe persons reside who may be affected by the action that may be taken as a result of the hearing. A list of the appropriate counties provided by the executive director is described in the cover letter.

Proof of Publication

- For each published notice, you must submit proof of publication that shows the notice, the date of publication, and the name of the newspaper to the Office of the Chief Clerk within **10 business days** after the date of publication. Acceptable proof of publication is 1) a copy of the published notice or 2) the original newspaper clipping of the published notice. If you choose to submit a copy of the published notice to the Office of the Chief Clerk, the copy must be on standard-size 8½" x 11" paper and must show

the actual size of the published notice (do not reduce the image when making copies). Published notices longer than 11" must be copied onto multiple 8½" x 11" pages. Please note, submitting a copy of your published notice could result in faster processing of your application. It is recommended that you maintain the original newspaper clipping or tear sheet of the notice for your records.

- You must submit a **publisher's affidavit** to the Office of the Chief Clerk within **30 calendar days** after the date of publication. **You must use the enclosed affidavit form.** The affidavit must clearly identify the applicant's name and permit number.
- You are encouraged to submit the affidavit with the proof of publication described above; however, the affidavit must be submitted no later than **30 calendar days** after publication of notice.
- The **publisher's affidavit** and **proof of publication of the published notice** may be filed with the Chief Clerk electronically at www.tceq.texas.gov/goto/efilings or mailed to:

TCEQ
Office of the Chief Clerk, MC 105
Attn: SOAH Docket Clerk
P.O. Box 13087
Austin, Texas 78711-3087

- Please ensure that the affidavit you send to the Chief Clerk is original and that all blanks on the affidavit are filled in correctly.

Failure to Publish and Submit Proof of Publication

You must meet all publication requirements. **If you fail to publish the notice or submit proof of publication *on time***, the TCEQ may suspend further processing of your application or take other actions.

General Information

When contacting the Commission regarding this application, please refer to the permit number and TCEQ Docket number at the top of the Notice of Hearing.

If you have questions or need assistance regarding this notice, please contact the staff attorney listed in the cover letter or the SOAH Docket Clerk in the Office of the Chief Clerk at (512) 239-3300.

Texas Commission on Environmental

**NOTICE OF APPLICATION AND
PRELIMINARY DECISION
FOR TPDES PERMIT FOR MUNICIPAL
WASTEWATER
AMENDMENT**

PERMIT NO. WQ0010495030
APPLICATION AND PRELIMINARY
DECISION. City of Houston, 10500 Bellaire
Boulevard, Houston, Texas 77072, has
applied to the Texas Commission on
Environmental Quality (TCEQ) for a
major amendment to Texas Pollutant
Discharge Elimination System (TPDES)
Permit No. WQ0010495030 to authorize
the removal of the existing Sublethal
Whole Effluent Toxicity (WET) limits and
monitoring requirements from the permit
pursuant to the Environmental Protection
Agency's WET policies, the Clean Water
Act, and the Code of Federal Regulations.
The current permit authorizes the
discharge of treated domestic wastewater
at an annual average flow not to exceed
24,400,000 gallons per day. TCEQ received
this application on October 22, 2021.

The facility is located at 12901 Hermitage
Lane, in the City of Houston, Harris
County, Texas 77079. The treated effluent
is discharged directly to Buffalo Bayou
Above Tidal in Segment No. 1014 of the
San Jacinto River Basin. The designated
uses for Segment No. 1014 are primary
contact recreation and limited aquatic
life use. In accordance with 30 Texas
Administrative Code Section 307.5 and
the TCEQ's Procedures to Implement the
Texas Surface Water Quality Standards
(June 2010), an antidegradation review
of the receiving waters was performed.
A Tier 1 antidegradation review has
preliminarily determined that existing
water quality uses will not be impaired
by this permit action. Numerical and
narrative criteria to protect existing uses
will be maintained. A Tier 2 review is not
required since no exceptional, high, or
intermediate aquatic life use water bodies
have been identified in the discharge route.
Existing uses will be maintained and
protected. The preliminary determination
can be reexamined and may be modified
if new information is received. This link to
an electronic map of the site or facility's
general location is provided as a public
courtesy and is not part of the application
or notice. For the exact location, refer to
the application.

<https://tceq.maps.arcgis.com/apps/webappviewer/index.html?id=db5bac44a1b0c468bbd0d360181887501&marker=-95.561944%2C29.762722&level=12>

The TCEQ Executive Director has
completed the technical review of the
application and prepared a draft permit.
The draft permit, if approved, would
establish the conditions under which the
facility must operate. The Executive
Director has made a preliminary decision
that this permit, if issued, meets all
statutory and regulatory requirements.
The permit application, Executive
Director's preliminary decision, and
draft permit are available for viewing and
copying at City of Houston, Houston Public
Works, Wastewater Operations Building
Library, 10500 Bellaire Boulevard,
Houston, Texas.

**PUBLIC COMMENT / PUBLIC
MEETING.** You may submit public
comments or request a public meeting
about this application. The purpose
of a public meeting is to provide the
opportunity to submit comments or to
ask questions about the application.
TCEQ holds a public meeting if the
Executive Director determines that there
is a significant degree of public interest
in the application or if requested by a
local legislator. A public meeting is not a
contested case hearing.

**OPPORTUNITY FOR A CONTESTED
CASE HEARING.** After the deadline
for submitting public comments, the
Executive Director will consider all timely
comments and prepare a response to
all relevant and material, or significant
public comments. Unless the application
is directly referred for a contested case
hearing, the response to comments will be
mailed to everyone who submitted public
comments and to those persons who are
on the mailing list for this application. If
comments are received, the mailing will
also provide instructions for requesting a
contested case hearing or reconsideration
of the Executive Director's decision.
A contested case hearing is a legal
proceeding similar to a civil trial in a state
district court.

**TO REQUEST A CONTESTED CASE
HEARING, YOU MUST INCLUDE
THE FOLLOWING ITEMS IN YOUR
REQUEST:** your name, address, phone
number; applicant's name and proposed
permit number; the location and distance
of your property/activities relative to the

proposed facility; a specific description of how you would be adversely affected by the facility in a way not common to the general public; a list of all disputed issues of fact that you submit during the comment period; and the statement "[I/we] request a contested case hearing." If the request for contested case hearing is filed on behalf of a group or association, the request must designate the group's representative for receiving future correspondence; identify by name and physical address an individual member of the group who would be adversely affected by the proposed facility or activity; provide the information discussed above regarding the affected member's location and distance from the facility or activity; explain how and why the member would be affected; and explain how the interests the group seeks to protect are relevant to the group's purpose.

Following the close of all applicable comment and request periods, the Executive Director will forward the application and any requests for reconsideration or for a contested case hearing to the TCEQ Commissioners for their consideration at a scheduled Commission meeting.

The Commission may only grant a request for a contested case hearing on issues the requestor submitted in their timely comments that were not subsequently withdrawn. If a hearing is granted, the subject of a hearing will be limited to disputed issues of fact or mixed questions of fact and law relating to relevant and material water quality concerns submitted during the comment period.

EXECUTIVE DIRECTOR ACTION.

The Executive Director may issue final approval of the application unless a timely contested case hearing request or request for reconsideration is filed. If a timely hearing request or request for reconsideration is filed, the Executive Director will not issue final approval of the permit and will forward the application and request to the TCEQ Commissioners for their consideration at a scheduled Commission meeting.

MAILING LIST. If you submit public comments, a request for a contested case hearing or a reconsideration of the Executive Director's decision, you will be added to the mailing list for this specific application to receive future public notices mailed by the Office of the Chief Clerk. In addition, you may request to be placed on: (1) the permanent mailing list for a specific applicant name and permit number; and/or (2) the mailing list for a specific county. If you wish to be placed on the permanent and/or the county mailing list, clearly specify which list(s) and send your request to TCEQ Office of the Chief Clerk at the address below.

All written public comments and public meeting requests must be submitted to the Office of the Chief Clerk, MC 105, Texas Commission on Environmental Quality, P.O. Box 13087, Austin, TX 78711-3087 or electronically at www.tceq.texas.gov/goto/comment within 30 days from the date of newspaper publication of this notice.

INFORMATION AVAILABLE ONLINE.

Our state legislators also promised lower bills by allowing companies to compete in retailing electricity to 35 percent of Texans. We already know that didn't work out. prices remain lower in the few lucky places served by electric cooperative or city-owned utilities.

Overall, though, the new system worked reasonably well for a while, but the crows are coming home to roost.

Years of excessive profiteering, low investment, and system decay have taken their toll because for-profit companies will not invest one penny more than they must.

And our elected representatives did not ask them to do nearly enough over the last two decades.

The first warning came in 2001 when cold weather triggered blackouts across Central Texas. When Texans didn't heed that warning, the grid collapsed in February 2021. This summer, prices are spiking as the grid manager, ERCOT, issues emergency alerts at an unprecedented frequency due to the outdated grid.

The competitive market is not the problem; it's the incompetent referee.

Corporate consolidation has shrunk the number of companies generating electricity and the number of retailers selling it to consumers. Making matters worse, the companies that generate electricity are buying up

If that sounds like the old-school monopolies that lawmakers tried to dismantle, it be correct. Only time, the Legislature has taken away the Public Utilities Commission's authority over these neomonopolies.

Most electricity consumers in competitive markets rely on the PUC's PowertoChoose.com to find a retailer. There are hundreds of plans to choose from, but more than half are controlled by just seven corporations that use multiple brand names to confuse consumers.

Houston-based NRG, which provided about 12 percent of Texas generation capacity, owns six retailers selling dozens of plans to consumers. Vistra, the largest generator in the United States with 17 percent of Texas generation, operates three retail electricity subsidiaries doing the same.

Together, Vistra and NRG control at least 70 percent of the retail electricity market while generating 30 percent of the state's electricity. Texas lawmakers never imagined these so-called gentailers would control so much of the market, and any economist can explain it crushes competition.

Inflation is everywhere today, and the last thing we need is additional costs running through the system, especially when it's captured by just a handful of parties that haven't acted in the consumer's interest historically. I see an op-

money-grabbing and not necessarily better outcomes," said Michael Lee, CEO of Octopus Energy U.S., a retailer trying to break into the ERCOT market.

Lee wants the PUC to limit how many companies, brands and plans one corporate parent may own. I think we need new laws and anti-trust statutes to break up monopolistic behavior.

The key to lower electricity prices is to reduce fuel costs in the long term. Natural gas and coal prices are highly volatile, but they are unlikely to come down much.

Wind, solar and hydro have no fuel costs. They only require an investment in maintenance and equipment, which is getting cheaper every year. The more we rely on them, the lower our bills will drop.

President Joe Biden made two important announcements this week that should help. First, he will not impose new tariffs on Asian solar panels, and secondly, he will use the Defense Production Act to encourage greater U.S. manufacturing of critical clean energy equipment.

Corporate consolidation is adding to electricity prices. Texans need competition and innovation to lower our bills, not more of the same old crony capitalism.

hicle drivers will be able to charge their automobiles for free during off-peak hours and homeowners with solar panels can earn credits from Shell for the excess power they provide to the grid.

"This expansion of our renewable offerings in the U.S. allows us to build on our leadership in the energy transition," Wright said.

Shell joins BP in Texas' retail power market, highlighting a trend of European oil majors moving from fossil fuels and toward fuel sources with smaller carbon footprints. BP has plans to increase its overall renewable power capacity by 20-fold and to decrease oil production by 40 percent by 2030. Already in Texas, BP has completed its first solar farm, which can generate 260 megawatts of electricity.

American oil majors, meanwhile, have largely

staked their futures on carbon capture and sequestration to offset their carbon emissions to meet climate objectives. Exxon Mobil, Chevron, Phillips 66, Valero and Marathon, for example, said last year that they are collaborating on establishing a carbon capture and storage hub in Houston to advance their emissions reduction efforts.

PUBLIC COMMENT / PUBLIC MEETING: You may submit public comments or request a public meeting about this application. The purpose of a public meeting is to provide the opportunity to submit comments or to ask questions about the application. TCEQ holds a public meeting if the Executive Director determines that there is a significant degree of public interest in the application or if requested by a petitioner. A public meeting is not a contested case hearing.

OPPORTUNITY FOR A CONTESTED CASE HEARING: The deadline for submitting public comments, the Executive Director will consider all timely comments and prepare a response to all relevant and material or significant public comments. Unless the application is directly referred to a contested case hearing, the responses to comments will be mailed to everyone who submitted public comments and to those persons who are on the mailing list for this application. If comments are received, the mailing will also provide instructions for requesting a contested case hearing or reconsideration of the Executive Director's decision. A contested case hearing is a legal proceeding similar to a civil trial in a state district court.

TO REQUEST A CONTESTED CASE HEARING, YOU MUST INCLUDE THE FOLLOWING ITEMS IN YOUR REQUEST: your name, address, phone number, e-mail address, and proposed permit number; the location and distance of your property/facilities relative to the proposed facility; a specific description of how you would be adversely affected by the proposed facility; a list of all disputed issues of fact that you submit during the comment period and the statement of your position on each issue; a list of all disputed issues of law that you submit during the comment period and the statement of your position on each issue; the name and physical address of an individual member of the group who would be adversely affected by the proposed facility or activity; explain how and why the member would be affected; and explain how the interests the group seeks to protect are relevant to the group's purpose.

Following the close of all applicable comment periods, the Executive Director will forward the application and any requests for reconsideration or for a contested case hearing to the TCEQ Commissioners for their consideration at a scheduled Commission meeting. The Commission may grant a request for a contested case hearing on issues the requestor submitted in their timely comments, but will not substitute a hearing if a hearing is granted, the subject of a hearing will be limited to disputed issues of fact or mixed questions of fact and law relating to relevant and material water quality concerns submitted during the comment period. TCEQ may act on an application to renew a permit for discharge of wastewater without providing an opportunity for a contested case hearing if certain criteria are met.

EXECUTIVE DIRECTOR ACTION: The Executive Director may issue final approval of the application unless a timely contested case hearing or request for reconsideration is filed. If a timely hearing request or request for reconsideration is filed, the Executive Director will not issue final approval of the permit and will forward the application and request to the TCEQ Commissioners for their consideration at a scheduled Commission meeting.

Comision De Calidad Ambiental Del Estado De Texas
**AVISO DE LA SOLICITUD Y DECISION PRELIMINAR
 PARA EL PERMISO TPDES PARA AGUAS RESIDUALES
 MUNICIPALES**

ENMIENDA

PERMISO NO. WQ0010495030

SOLICITUD Y DECISION PRELIMINAR. Ciudad de Houston, 10500 Bellaire Boulevard, Houston, Texas 77072, ha solicitado a la Comision de Calidad Ambiental del Estado de Texas (TCEQ) una enmienda importante del Sistema de Eliminacion de Descargas de Contaminantes de Texas (TPDES) Permiso No. WQ0010495030, para autoriza la eliminacion de los limites existentes de toxicidad subletal completa (WET) y monitorizacion requisitos del permiso de la Agencia de Proteccion Ambiental (EPA) directivas WET, la ley de agua limpia Clean Water Act, y el codigo de regulaciones federales Code of Federal Regulations. El permiso corriente autoriza la descarga de malgaste agua tratados domesticos en un flujo anual a no exceder 26,400,000 galones por dia. La TCEQ recibio esta solicitud Octubre 22, 2021.

La facilidad esta ubicada en 12901 Hermitage Lane, en la Ciudad de Houston, el Condado de Harris, Texas 77079. El efluente tratado es descargado directamente al pantano Buffalo Bayou por encima de la marea en Segmento No. 1014 del rio San Jacinto River. Los usos designados para el Segmento No. 1014 es uso limitado para las vidas acuaticas y el principal uso es recreacion del contacto. De acuerdo con 30 Del Codigo Administrativo de Texas Seccion 307.5 y la TCEQ Procedimientos para Implementar los Estandares de Calidad de las Aguas Superficiales de Texas (Junio 2010), se hizo un repaso antidegradacion de las aguas receptoras. La revision antidegradacion de Tier 1 ha determinado preliminarmente que los usos existentes de la calidad del agua no se veran afectados por esta accion de permiso. Se mantendran criterios numericos y narrativos para proteger los usos existentes. Esta revision ha determinado preliminarmente que no hay vias de agua con usos excepcionales, altos o intermedios de la vida acuatica dentro del alcance del corriente evaluado; por esa razon, no se requiere ninguna determinacion de degradacion de Tier 2. No se espera una degradacion significativa de la calidad del agua en las vias acuaticas con usos excepcionales, altos o intermedios de la vida acuatica aguas abajo, y los usos existentes se mantendran y protegeran. La determinacion preliminar puede ser reexaminada y puede ser modificada si se recibe nueva informacion. Este enlace a un mapa electronico de la ubicacion general del sitio o de la instalacion es proporcionado como una cortesia y no es parte de la solicitud o del aviso. Para la ubicacion exacta, consulte la solicitud.

El Director Ejecutivo de la TCEQ ha completado la revision tecnica de la solicitud y ha preparado un borrador del permiso. El borrador del permiso, si es aprobado, estableceria las condiciones bajo las cuales la instalacion debe operar. El Director Ejecutivo ha tomado una decision preliminar que, si este permiso es emitido, cumple con todos los requisitos normativos y legales. La solicitud del permiso, la decision preliminar del Director Ejecutivo, y el borrador del permiso estan disponibles para leer y copiar en La Ciudad de Houston, Trabajos Publicos, Operaciones de Wastewater Biblioteca, 10500 Bellaire Boulevard, Houston, Texas.

COMENTARIO PUBLICO / REUNION PUBLICA. Usted puede presentar comentarios publicos o pedir una reunion publica sobre esta solicitud. El proposito de una reunion publica es dar la oportunidad de presentar comentarios o hacer preguntas acerca de la solicitud. La TCEQ realiza una reunion publica si el Director Ejecutivo determina que hay un grado de interes publico suficiente en la solicitud o si un legislador local lo pide. Una reunion publica no es una audiencia administrativa de lo contencioso.

OPORTUNIDAD DE UNA AUDIENCIA ADMINISTRATIVA DE LO CONTENCIOSO. Despues del plazo para presentar comentarios publicos, el Director Ejecutivo considerara todos los comentarios apropiados y preparara una respuesta a todos los comentarios publicos esenciales, pertinentes, o significativos. A menos que la solicitud haya sido referida directamente a una audiencia administrativa de lo contencioso, la respuesta a los comentarios y la decision del Director Ejecutivo sobre la solicitud seran enviadas por correo a todos los que presentaron un comentario publico y a las personas que estan en la lista para recibir avisos sobre esta solicitud. Si se reciben comentarios, el aviso tambien proveera instrucciones para pedir una reconsideracion de la decision del Director Ejecutivo y para pedir una audiencia administrativa de lo contencioso. Una audiencia administrativa de lo contencioso es un procedimiento legal similar a un procedimiento legal civil en un tribunal de distrito del estado.

PARA PEDIR UNA AUDIENCIA ADMINISTRATIVA DE LO CONTENCIOSO, USTED DEBE INCLUIR EN SU PEDIDO LOS SIGUIENTES DATOS: su nombre; direccion; telefono; nombre del solicitante y numero del permiso; la ubicacion y la distancia de su propiedad/actividad con respecto a la instalacion; una descripcion especifica de la forma como usted seria afectado adversamente por el sitio de una manera no comun al publico en general; y la declaracion "Yo/nosotros solicitamos un/a audiencia administrativa de lo contencioso". Si presenta por parte de un grupo o asociacion el pedido para una audiencia administrativa de lo contencioso, debe identificar el nombre y la direccion de una persona que representa al grupo para recibir correspondencia en el futuro; debe identificar un miembro del grupo que seria afectado adversamente por la planta o la actividad propuesta; debe proveer la informacion ya indicada anteriormente con respecto a la ubicacion del miembro afectado y la distancia de la planta o actividad propuesta; debe explicar como y porque el miembro seria afectado y como los intereses que el grupo desea proteger son pertinentes al proposito del grupo.

Despues del cierre de los periodos para los pedidos y comentarios, el Director Ejecutivo enviara la solicitud y los pedidos para reconsideracion o por una audiencia administrativa de lo contencioso a los Comisionados de la TCEQ para su consideracion en una reunion programada de la Comision.

La Comision otorgara solamente una audiencia administrativa de lo contencioso sobre los hechos reales disputados del caso que son pertinentes y esenciales para la decision de la Comision sobre la solicitud. Ademas, la Comision solo otorgara una audiencia administrativa de lo contencioso sobre los asuntos que fueron presentados antes del plazo de vencimiento y que no fueron retirados posteriormente.

ACCION DEL DIRECTOR EJECUTIVO. El Director Ejecutivo puede emitir una aprobacion final de la solicitud a menos que

EXISTA UN PEDIDO ANTES DEL PLAZO DE VENCIMIENTO DE UNA AUDIENCIA ADMINISTRATIVA DE LO CONTENCIOSO O SE HA PRESENTADO UN PEDIDO DE RECONSIDERACION. SI UN PEDIDO HA LLEGADO ANTES DEL PLAZO DE VENCIMIENTO DE LA AUDIENCIA O EL PEDIDO DE RECONSIDERACION HA SIDO PRESENTADO, EL DIRECTOR EJECUTIVO NO EMITIRA UNA APROBACION FINAL SOBRE EL PERMISO Y ENVIARA LA SOLICITUD Y EL PEDIDO A LOS COMISIONADOS DE LA TCEQ PARA CONSIDERACION EN UNA REUNION PROGRAMADA DE LA COMISION.

LISTA DE CORREO. Si somete comentarios publicos, un pedido para una audiencia administrativa de lo contencioso o una reconsideracion de la decision del Director Ejecutivo, la Oficina del Secretario Principal enviara por correo los avisos publicos en relacion con la solicitud. Ademas, puede pedir que la TCEQ ponga su nombre en una o mas de las listas correos siguientes: (1) la lista de correo permanente para recibir los avisos del solicitante indicado por nombre y numero del permiso especifico y/o (2) la lista de correo de todas las solicitudes en un condado especifico. Si desea que se agregue su nombre en una de las listas designe cual lista(s) y envia por correo su pedido a la Oficina del Secretario Principal de la TCEQ a la direccion abajo.

Todos los comentarios escritos del publico y los pedidos para una reunion deben ser presentados a la Oficina del Chief Clerk, MC 105, Texas Commission on Environmental Quality, P.O. Box 13087, Austin, TX 78711-3087 o por el internet www.tceq.texas.gov/goto/comment, dentro de 30 dias de la fecha de publicacion periodistica de esta nota.

AVISO DE LA SOLICITUD Y DECISION PRELIMINAR PARA UN PERMISO DE EMBAQUE DE AGUAS RESIDUALES INDUSTRIALES

RENOVACION PERMISO NUM. W0001049539

SOLICITUD Y DECISION PRELIMINAR. Enterprise Products Operating L.L.C., P.O. Box 4324, Houston, Texas 77210, que opera la Terminal de Houston, una instalación de almacenamiento y transferencia de hidrocarburos y productos químicos en régimen de alquiler, ha solicitado a la Comisión de Calidad Ambiental del Estado de Texas (TCEQ), por sus siglas, en meses) para una renovación del Permiso de Embarque de Aguas Residuales de Eliminación de Descargas Contaminantes del Estado de Texas (TPDES, por sus siglas en inglés), el cual autoriza el vertido de aguas pluviales de contacto tratadas procedentes de las zonas de conexión secundaria de los tanques de petróleo, la escorrentía de aguas pluviales sin contacto tratadas y el agua de lavado de los motores de incendios de forma intermitente y con caudal variable a través del Desague 002. La TCEQ recibió esta solicitud el 21 de febrero de 2022.

La instalación está ubicada en el 151024 Jacintoport Boulevard, en la Ciudad de Houston, en el Condado de Harris, Texas 77015. Este enlace a un mapa electrónico del sitio o la ubicación general de la instalación es, principalmente, como una cortesía al público y no forma parte de la solicitud o el aviso. Para la ubicación exacta de la instalación, favor de remitirse a la solicitud. <https://www.tceq.texas.gov/permits/industrial/151024-jacintoport-boulevard-houston-texas>

El empuje es descargado a través del Desague 002 hacia una alcantarilla subterránea; de ahí a una zanja sin nombre; de ahí a la Mar de Canal de Navegación de Houston en el Segmento Núm. 100 de la Cuenca Fluvial de Houston. Los usos no clasificados de las aguas receptoras conllevan un uso mínimo de la vida acuática para las zonas sin nombre. Los usos designados para el Segmento Núm. 100 son navegación y de suministro de agua para la industria.

El director ejecutivo de la TCEQ ha completado la revisión técnica de la solicitud y ha aprobado, estableciendo las condiciones bajo las cuales la instalación debe operar. 3. METRO se compromete a garantizar que ninguna persona sea excluida de la participación en sus servicios de tránsito, por razones de discapacidad o por raza, color o origen nacional, según lo protege el Título VI de la Ley de Derechos Civiles de 1964.

AVISO

Reunión Pública Virtual con Opción Presencial

CARRERA ESTADAL 242

DESDE LA FARM TO MARKET 1458 A LA INTERESTADAL 46

CSJ: 0539-0134

Condado de Montgomery, Texas

El Departamento de Transporte de Texas (TxDOT) del Distrito de Houston está proponiendo mejoras en la Carretera Estatal 242 (SH 242) desde la Farm to Market 1458 (FM 1458) hasta la Interestadal 46 (I-45) en el Condado de Montgomery, Texas. Este aviso advierte al público que TxDOT llevará a cabo una reunión pública virtual en línea con opción presencial el miércoles 8 de junio de 2022, a las 10:00 a.m. hasta las 12:00 p.m. Si desea asistir a la reunión pública virtual, diríjase al sitio web de dirección web en la fecha y hora indicadas anteriormente: www.txdot.gov y escriba la palabra clave de búsqueda "SH 242 from FM 1458".

La reunión pública virtual consistirá en una presentación de video pregrabada e incluirá componentes audiovisuales. Tenga en cuenta que la presentación no estará disponible en el sitio web hasta la mañana y la fecha indicada anteriormente. Si no tiene acceso a internet, puede llamar al (713) 800-3282 en horario de 8:00 a.m. en 000 lunas a viernes, para hacer preguntas y acceder a los materiales del proyecto durante el proceso de desarrollo del mismo. Los comentarios formales pueden presentarse por correo o correo electrónico, como se explica a continuación.

Además, TxDOT ofrece una opción presencial para las personas que deseen participar en persona. Los asistentes en persona podrán ver la misma presentación de video pregrabada y recibir comentarios, preguntas impresas de los materiales del proyecto, hacer preguntas y enviar comentarios por escrito. La opción presencial se llevará a cabo el jueves 23 de junio de 2022, de 9:00 a.m. a 12:00 p.m. en la Escuela Primaria Suchman, 10261 Harpers School Road, Conroe, Texas 77385.

El proyecto propuesto añadirá dos carriles (uno en dirección este y otro en dirección oeste) a la actual SH 242 desde FM 1458 hasta la I-45, una distancia de aproximadamente 4.4 millas. El ancho de la mediana en gran medida se reducirá en 20 pies para acomodar el espacio necesario para la construcción de una mediana elevada. La carretera tendría unos carriles exteriores de diez pies e interiores de cuatro pies. El drenaje sería de zanja abierta. TxDOT planea construir una zona de retención a lo largo de la SH 242 que requerirían aproximadamente 212 acres de terreno de vía propuesto.

No se necesitará derecho de vía adicional para las mejoras de la carretera, pero sí para las chances de retención. No se prevé el desplazamiento de estructuras residenciales o no residenciales en este momento. La información relativa a los servicios y beneficios económicos para las propiedades afectadas y la información sobre el calendario provisional para la adquisición del derecho de paso y la construcción puede obtenerse en el (713) 802-9470.

El proyecto propuesto implicaría una acción en una llanura de inundación. Aproximadamente 6.9 acres del área del proyecto propuesto están dentro de la llanura aluvial de 100 años designada por la Agencia Federal de Gestión de Emergencias. El proyecto propuesto implicaría la elevación de la planicie de inundación pública, un nivel que violaría las regulaciones u ordenanzas aplicables a las planicies de inundación.

Los mapas y dibujos que muestran la ubicación y el diseño del proyecto, los flujos de información de construcción y otra información relacionada con el proyecto propuesto están archivados y disponibles para su revisión con el día previa de lunas a viernes entre las horas de 9:00 a.m. y 5:00 p.m. en la Oficina del Secretario de Montgomery de TxDOT ubicada en 601 N FM 3083, Conroe, TX 77303. Para programar una cita y revisar los materiales, por favor contacte a Abraham M. Guzman, MC 1050, al 713-635-4000. Los materiales del proyecto también están disponibles en forma de copia impresa para su revisión en la opción presencial.

La reunión pública se celebrará en inglés y en español. Si necesita un intérprete o ayuda de documentos en español o si el inglés o el español no es su idioma nativo o tiene dificultades para comunicarse efectivamente en inglés o español, se le proporcionará uno. Si tiene una discapacidad y necesita ayuda, se pueden brindar servicios de asistencia.

A menos que exista un pedido de reconsideración presentado a tiempo, el Director Ejecutivo emitirá una aprobación final sobre el permiso y enviará la solicitud y los pedidos a los Comisionados de la TCEQ para consideración en una reunión programada de la Comisión.

OPORTUNIDAD DE UNA AUDIENCIA ADMINISTRATIVA DE CASO IMPUGNADO. DEBE INCLUIR LO SIGUIENTE EN SU SOLICITUD: su nombre, dirección, número telefónico; el nombre del solicitante y el número de permiso propuesto; la ubicación y la distancia de la propiedad/actividad con respecto a la instalación; una descripción específica de la forma como usted sería afectado adversamente por la instalación; una descripción específica de la forma como usted sería beneficiado por la instalación; una descripción específica de la forma como usted sería afectado adversamente por la instalación; una descripción específica de la forma como usted sería beneficiado por la instalación.

ACCIÓN DEL DIRECTOR EJECUTIVO. El Director Ejecutivo puede emitir una aprobación final de la solicitud a menos que exista un pedido de reconsideración presentado a tiempo. Si un pedido de la audiencia o un pedido de reconsideración presentado ha llegado a tiempo, el Director Ejecutivo no emitirá una aprobación final sobre el permiso y enviará la solicitud y los pedidos a los Comisionados de la TCEQ para consideración en una reunión programada de la Comisión.

LISTA DE CORREO. Si quiere comentarios públicos, un pedido para una reunión pública, o una audiencia administrativa, o una reconsideración de la decisión del Director Ejecutivo, se le incluirá en la lista de correo de la solicitud específica para que reciba avisos públicos en el futuro. Para obtener esta lista, envíe un correo electrónico a la Oficina del Secretario Principal. Además, puede pedir que se le incluya en: (1) la lista de correo permanente para recibir los avisos del solicitante indicado por nombre y número del permiso específico; y (2) la lista de correo de un condado específico. Si desea que se le incluya en la lista de correo permanente y la lista de correo del condado, especifique claramente la lista o envíe su solicitud a la Oficina del Secretario Principal de la TCEQ a la dirección a continuación.

CONTACTOS DE AGENTE E INFORMACIÓN. Los comentarios públicos y las peticiones deben ser entregados electrónicamente a www.tceq.texas.gov/office/communications o por escrito a la Comisión de Calidad Ambiental del Estado de Texas, Oficina del Funcionario Jefe, MC 105, TCEQ, P.O. Box 13087, Austin, TX 78711-3087. Tiempo en cuenta que cualquier información de contacto que proporcione, incluido su nombre, número de teléfono, dirección de correo electrónico y dirección física, pasará a formar parte del registro público de la agencia. CARRIERA ESTAL 242

DESDE LA FARM TO MARKET 1488 A LA INTERESTATAL 45

CS-1: 2538-01-034

Condado de Montgomery, Texas

El Departamento de Transporte de Texas (TxDOT) del Distrito de Houston está preparando mejoras en la Carretera Estatal 242 (SH 242) desde la Farm to Market 1488 (FM 1488) hasta la Interestatal 45 (I-45) en el Condado de Montgomery, Texas. Este aviso advierte al público sobre el proyecto de construcción de mejoras en la Carretera Estatal 242 (SH 242) desde la Farm to Market 1488 (FM 1488) hasta la Interestatal 45 (I-45) en el Condado de Montgomery, Texas. Este aviso advierte al público sobre el proyecto de construcción de mejoras en la Carretera Estatal 242 (SH 242) desde la Farm to Market 1488 (FM 1488) hasta la Interestatal 45 (I-45) en el Condado de Montgomery, Texas. Este aviso advierte al público sobre el proyecto de construcción de mejoras en la Carretera Estatal 242 (SH 242) desde la Farm to Market 1488 (FM 1488) hasta la Interestatal 45 (I-45) en el Condado de Montgomery, Texas.

La reunión pública virtual consistirá en una presentación de video pregrabada e incluirá componentes audiovisuales. Tenga en cuenta que la presentación no estará disponible en el sitio web hasta la hora de la fecha indicada anteriormente. Si desea asistir a la reunión pública, puede llamar al (713) 802-5262 en horario de 8:00 a.m. a 5:00 p.m., de lunes a viernes, para hacer preguntas y acceder a los materiales del proyecto durante el período de desarrollo del proyecto. Los comentarios formales pueden presentarse por correo o por correo electrónico, como se explica a continuación.

Además, TxDOT ofrece una opción presencial para las personas que deseen participar. Los asistentes en persona podrán ver la misma presentación realizada en la reunión pública virtual, revisar copias impresas de los materiales del proyecto, hacer preguntas y enviar comentarios por escrito. La opción presencial se llevará a cabo el jueves 23 de junio del 2022, de 5:00 p.m. a 7:30 p.m. en la Escuela Primaria Suchma, 10261 Harpers School Road, Conroe, Texas 77385.

El proyecto propuesto se ubicará en la dirección este y otro en dirección oeste) a la actual SH 242 desde la FM 1488 hasta la I-45, a una distancia de aproximadamente 4.1 millas. El ancho de la carretera se ampliará de 20 pies para acomodar los nuevos carriles y el espacio restante se convertirá en una mediana elevada. La carretera tendría unos carriles exteriores de diez pies, una mediana elevada de cinco pies y una mediana central de diez pies. Además, TxDOT planea construir tres charcos de retención a lo largo de la SH 242 que serían aproximadamente 212 acres de derecho de vía propuesto.

No se necesitará derecho de vía adicional para las mejoras de la carretera, pero sí para las charcas de retención. No se prevé el desplazamiento de estructuras residenciales o no residenciales en el área de proyecto. La información relativa a los servicios y beneficios disponibles para los propietarios afectados y la información sobre el calendario provisional para la adquisición del derecho de paso y la información sobre el proceso de adquisición puede obtenerse en el (713) 832-5478.

El proyecto propuesto implicaría una acción en una Zona de Inundación. Aproximadamente 6.9 acres del área del proyecto propuesto están dentro de la litania aluvial de 100 años designada por la Agencia Federal de Gestión de Emergencias. El proyecto propuesto no aumentaría la elevación de la planicie de inundaciones a un nivel que violaría las regulaciones u ordenanzas aplicables a las planicies de inundación.

Los mapas y dibujos que muestran la ubicación y el diseño del proyecto, los itinerarios tentativos de construcción y otra información relacionada con el proyecto propuesto están archivados y disponibles para su revisión en línea previa de lunes a viernes entre las horas de 8:00 a.m. y 5:00 p.m. en la Oficina del Área de Montgomery de TxDOT ubicada en 901 N FM 3083, Conroe, TX 77383. Para programar una cita y revisar los materiales de información pública, llame a Abraham M. Guzman, P.E., al (956) 538-3301. Los materiales del proyecto también están disponibles en forma de copia impresa para su revisión en la opción presencial.

La reunión pública se celebrará en inglés y en español. Si necesita un intérprete o un traductor de documentos público que inglés o el español no es su idioma nativo o tiene dificultades para comunicarse eficazmente en inglés o español, se le proporcionará uno. Si tiene una discapacidad y necesita ayuda, se pueden hacer arreglos especiales para atender la mayoría de las necesidades. Si necesita servicios de interpretación o traducción o es una persona con una discapacidad que requiere una adaptación para asistir y participar en la reunión pública virtual o en la opción presencial, póngase en contacto con Sarah Wyckoff, Coordinadora Ambiental del Distrito, al (713) 802-5262 a más tardar de las 4:00 p.m. CT, del jueves 16 de junio de 2022. Por favor, tenga en cuenta que es necesario avisar con antelación, ya que algunos servicios y adaptaciones pueden requerir tiempo para que TxDOT los organice.

Los comentarios por escrito del público con respecto al proyecto propuesto se solicitan y pueden presentarse por correo a la Oficina del Distrito de Houston de TxDOT, P.O. Box 13085, Houston, Texas 77251-13085. Los comentarios por correo electrónico pueden presentarse por correo electrónico a PublicComments@tdot.texas.gov. Todos los comentarios deben recibirse antes del lunes 11 de julio de 2022. Las respuestas a los comentarios recibidos estarán disponibles en línea en www.tdot.gov, búsqueda por palabra clave "SH 242 from FM 1488", una vez preparadas.

Si tiene alguna pregunta o duda general sobre el proyecto propuesto o la opción de reunión virtual o presencial, póngase en contacto con Andy Nye al teléfono (713) 802-5782 o por correo electrónico en andy.nye@tdot.gov.

La acción ambiental, la consulta y otras acciones requeridas por las leyes ambientales federales aplicables para este proyecto están siendo, o han sido, llevadas a cabo por TxDOT de conformidad con el 33 USC, 327. El Memorando de Entendimiento firmado el 9 de diciembre de 2015, y ejecutado por FHWA y TxDOT.

NOTICE OF APPLICATION AND PRELIMINARY DECISION FOR TPDES PERMIT FOR MUNICIPAL WASTEWATER

AMENDMENT

PERMIT NO. WQ0010495030

APPLICATION AND PRELIMINARY DECISION. City of Houston, 10500 Bellaire Boulevard, Houston, Texas 77072, has applied to the Texas Commission on Environmental Quality (TCEQ) for a major amendment to Texas Pollutant Discharge Elimination System (TPDES) Permit No. WQ0010495030 to authorize the removal of the existing Sublethal Whole Effluent Toxicity (WET) limits and monitoring requirements from the permit pursuant to the Environmental Protection Agency's WET policies, the Clean Water Act, and the Code of Federal Regulations. The current permit authorizes the discharge of treated domestic wastewater at an annual average flow not to exceed 26,400,000 gallons per day. TCEQ received this application on October 22, 2021.

The facility is located at 12901 Hermitage Lane, in the City of Houston, Harris County, Texas 77079. The treated effluent is discharged directly to Buffalo Bayou Above Tidal in Segment No. 1014 of the San Jacinto River Basin. The designated uses for Segment No. 1014 are primary contact recreation and limited aquatic life use. In accordance with 30 Texas Administrative Code Section 307.5 and the TCEQ's *Procedures to Implement the Texas Surface Water Quality Standards* (June 2010), an antidegradation review of the receiving waters was performed. A Tier 1 antidegradation review has preliminarily determined that existing water quality uses will not be impaired by this permit action. Numerical and narrative criteria to protect existing uses will be maintained. A Tier 2 review is not required since no exceptional, high, or intermediate aquatic life use water bodies have been identified in the discharge route. Existing uses will be maintained and protected. The preliminary determination can be reexamined and may be modified if new information is received. This link to an electronic map of the site or facility's general location is provided as a public courtesy and is not part of the application or notice. For the exact location, refer to the application.

<https://tceq.maps.arcgis.com/apps/webappviewer/index.html?id=db5bac44afbc468bbddd36of8168250f&marker=-95.561944%2C29.762222&level=12>

The TCEQ Executive Director has completed the technical review of the application and prepared a draft permit. The draft permit, if approved, would establish the conditions under which the facility must operate. The Executive Director has made a preliminary decision that this permit, if issued, meets all statutory and regulatory requirements. The permit application, Executive Director's preliminary decision, and draft permit are available for viewing and copying at City of Houston, Houston Public Works, Wastewater Operations Building Library, 10500 Bellaire Boulevard, Houston, Texas.

PUBLIC COMMENT / PUBLIC MEETING. You may submit public comments or request a public meeting about this application. The purpose of a public meeting is to provide the opportunity to submit comments or to ask questions about the application. TCEQ holds a public meeting if the Executive Director determines that there is a significant degree of public interest in the application or if requested by a local legislator. A public meeting is not a contested case hearing.

OPPORTUNITY FOR A CONTESTED CASE HEARING. After the deadline for submitting public comments, the Executive Director will consider all timely comments and prepare a response to all relevant and material, or significant public comments. **Unless the application is directly referred for a contested case hearing, the response to comments will be mailed to everyone who submitted public comments and to those persons who are on the mailing list for this application. If comments are received, the mailing will also provide instructions for requesting a contested case hearing or reconsideration of the Executive Director's decision.** A contested case hearing is a legal proceeding similar to a civil trial in a state district court.

TO REQUEST A CONTESTED CASE HEARING, YOU MUST INCLUDE THE FOLLOWING ITEMS IN YOUR REQUEST: your name, address, phone number; applicant's name and proposed permit number; the location and distance of your property/activities relative to the proposed facility; a specific description of how you would be adversely affected by the facility in a way not common to the general public; a list of all disputed issues of fact that you submit during the comment period; and the statement "[I/we] request a contested case hearing." If the request for contested case hearing is filed on behalf of a group or association, the request must designate the group's representative for receiving future correspondence; identify by name and physical address an individual member of the group who would be adversely affected by the proposed facility or activity; provide the information discussed above regarding the affected member's location and distance from the facility or activity; explain how and why the member would be affected; and explain how the interests the group seeks to protect are relevant to the group's purpose.

Following the close of all applicable comment and request periods, the Executive Director will forward the application and any requests for reconsideration or for a contested case hearing to the TCEQ Commissioners for their consideration at a scheduled Commission meeting.

The Commission may only grant a request for a contested case hearing on issues the requestor submitted in their timely comments that were not subsequently withdrawn. **If a hearing is granted, the subject of a hearing will be limited to disputed issues of fact or mixed questions of fact and law relating to relevant and material water quality concerns submitted during the comment period.**

EXECUTIVE DIRECTOR ACTION. The Executive Director may issue final approval of the application unless a timely contested case hearing request or request for reconsideration is filed. If a timely hearing request or request for reconsideration is filed, the Executive Director will not issue final approval of the permit and will forward the application and request to the TCEQ Commissioners for their consideration at a scheduled Commission meeting.

MAILING LIST. If you submit public comments, a request for a contested case hearing or a reconsideration of the Executive Director's decision, you will be added to the mailing list for this specific application to receive future public notices mailed by the Office of the Chief Clerk. In addition, you may request to be placed on: (1) the permanent mailing list for a specific applicant name and permit number; and/or (2) the mailing list for a specific county. If you wish to be placed on the permanent and/or the county mailing list, clearly specify which list(s) and send your request to TCEQ Office of the Chief Clerk at the address below.

All written public comments and public meeting requests must be submitted to the Office of the Chief Clerk, MC 105, Texas Commission on Environmental Quality, P.O. Box 13087, Austin, TX 78711-3087 or electronically at www.tceq.texas.gov/goto/comment within 30 days from the date of newspaper publication of this notice.

INFORMATION AVAILABLE ONLINE. For details about the status of the application, visit the Commissioners' Integrated Database at www.tceq.texas.gov/goto/cid. Search the database using the permit number for this application, which is provided at the top of this notice.

AGENCY CONTACTS AND INFORMATION. Public comments and requests must be submitted either electronically at www.tceq.texas.gov/goto/comment, or in writing to the Texas Commission on Environmental Quality, Office of the Chief Clerk, MC 105, P.O. Box 13087, Austin, Texas 78711-3087. Any personal information you submit to the TCEQ will become part of the agency's record; this includes email addresses. For more information about this permit application or the permitting process, please call the TCEQ Public Education Program, Toll Free, at 1-800-687-4040 or visit their website at www.tceq.texas.gov/goto/pep. Si desea información en Español, puede llamar al 1-800-687-4040.

Further information may also be obtained from City of Houston at the address stated above or by calling Ms. Carol LaBreche, P.E., at 832-395-5813.

DEAR MS LA BRECHE :

The executive director has completed the technical review of the above referenced application and has prepared a preliminary decision and draft permit.

You are now required to publish another notice of your proposed activity. To help you meet the requirements associated with this notice, we have included the following items:

- Instructions for Public Notice
- Notice for Newspaper Publication
- Publisher's Affidavit
- Draft Permit
- Executive Director's Preliminary Decision
- Public Notice Verification Form

You must follow all the directions in the enclosed instructions. The most common mistakes are the unauthorized changing of notice, wording, or font. If you fail to follow these instructions, you may be required to republish the notices.

The following requirements are also described in the enclosed instructions. However, due to their importance, they are highlighted here as well.

- You must publish the enclosed notice as soon as possible, but no later than 45 days from the date on the cover letter. **You may be required to publish the notice in more than one newspaper, including a newspaper published in an alternative language, to satisfy all of the notice requirements.**
- On or before the date you publish notice, you must place the following items in a public place in the county where the facility is or will be located: (a) a copy of your permit application, including any subsequent revisions; (b) the executive director's preliminary decision as contained in the technical summary and fact sheet; and (c) the draft permit, including any subsequent revisions. These items must be accessible to the public for review and copying, must be updated to reflect changes to the application, and must remain in place until the commission has taken action on the application or the commission refers issues to the State Office of Administrative Hearings.
- For each publication, submit proof of publication of the notice that shows the publication date and newspaper name to the Office of the Chief Clerk within **30 calendar days** after notice is published in the newspaper.
- Return the original enclosed Public Notice Verification and the Publisher's Affidavits to the Office of the Chief Clerk within **30 calendar days** after the notice is published in the newspaper.

If you do not comply with all the requirements described in the instructions, further processing of your application may be suspended or the agency may take other actions.

If you have any questions regarding publication requirements, please contact the Office of Legal Services at 512-239-0600. If you have any questions regarding the content of the notice, please contact the individual in the permitting area assigned to your application.

Sincerely,

Laurie Gharis

Texas Commission on Environmental Quality

Instructions for Public Notice for a Water Quality Permit

Notice of Application and Preliminary Decision (NAPD)

The executive director has completed the technical review of your application and issued a preliminary decision. You must comply with the following instructions. There are seven (7) steps involved in publishing notice. Complete each step.

1. REVIEW THE NOTICE FOR ACCURACY

Read the enclosed notice carefully and notify the Wastewater Permitting Section at 512-239-4671 immediately if it contains any errors or omissions. You are responsible for ensuring the accuracy of all information published. Do not change the text or formatting of the notice or affidavit of publication without prior approval from the TCEQ. Changing the text or formatting of the notice may require new publication at your expense and delay processing of your application.

2. PUBLISH THE NOTICE IN THE NEWSPAPER

You must publish the enclosed notice as soon as possible, but no later than 45 days from the date on the cover letter.

For renewal applications, you must publish at least once in the same newspaper that you published the Notice of Receipt of Application and Intent to Obtain Permit.

For all other applications, you must publish at least once in a newspaper regularly published or circulated within each county where the facility and discharge point are located or proposed to be located.

The bold text of the enclosed notice must be printed in the newspaper in a font style or size that distinguishes it from the rest of the notice (i.e., bold, italics). Failure to do so may require re-notice.

3. PUBLISH THE NOTICE IN AN ALTERNATIVE LANGUAGE

You must publish notice in an alternative language **IF**: either the elementary or middle school nearest to the facility or proposed facility is required to provide a "bilingual education program" (BEP) as required by Texas Education Code (TEC), Chapter 29, Subchapter B, and 19 Tex. Admin. Code §89.1205(a) AND one of the following conditions is met:

- students are enrolled in a program at that school;
- students from that school attend a bilingual education program at another location; or
- the school that otherwise would be required to provide a bilingual education program has been granted an exception from the requirements to provide the program as provided for in 19 Tex. Admin. Code §89.1207(a).

A "bilingual education program" is different from an "English as a second language program" (ESL). An ESL program alone, will not require public notice in an alternative language.

If triggered, you must publish the notice in a newspaper or publication primarily published in the alternative language taught in the bilingual education program. Publication in an alternative language section or insert within a large publication which is not printed primarily in that alternative language does not satisfy these

requirements. The newspaper or publication must be of general circulation in the county in which the facility and discharge point are located or proposed to be located. If the facility and discharge point are located or proposed to be located in a municipality, and there exists a newspaper or publication of general circulation in the municipality, you must publish the notice only in the newspaper or publication in the municipality.

You must demonstrate a good faith effort to identify a newspaper or publication in the required language. If there is no general circulation newspaper or publication printed in such language, then publishing in that language is not required. You have the burden to demonstrate compliance with these requirements.

If you are required to publish notice in Spanish, you must translate the site-specific information in the notice that is specific to your application, at your own expense. You may then insert the Spanish translation of your site-specific information into a Spanish template developed by the TCEQ. The Spanish templates are available on the TCEQ website at www.tceq.texas.gov/permitting/wastewater/review/napd/wqspanish_napd.html. If you are required to publish notice in a language other than Spanish, you must translate the entire public notice, at your own expense.

4. PUT THE APPLICATION IN A PUBLIC PLACE

You must put a copy of the following documents in the public place identified in the enclosed notice:

- the complete application,
- the executive director's preliminary decision as contained in the technical summary and fact sheet,
- the draft permit, and
- any subsequent revisions to these documents.

This copy must be accessible to the public for review and copying beginning on the first day of newspaper publication and remain in place until the commission has taken action on the application or the commission refers issues to the State Office of Administrative Hearings.

For confidential information contained in the application, you must indicate which specific portions of the application cannot be made available to the public. These portions of the application must be accompanied with the following statement: "Any request for portions of this application that are marked as confidential must be submitted in writing, pursuant to the Public Information Act, to the TCEQ Public Information Coordinator, MC 197, P.O. Box 13087, Austin, Texas 78711-3087."

5. PROVIDE PROOF OF PUBLICATION

For each newspaper in which you published, you must submit proof of publication. Proof of publication must include the following:

- a completed Publisher's Affidavit (enclosed); and
- a copy of the published notice which shows the notice, the date published, and the newspaper name. The copy must be on standard-size 8½ x 11" paper and must show the actual size of the published notice. Do not reduce the image when making copies. Published notices longer than 11" must be

copied onto multiple 8½ x 11" pages. Or you can submit the original newspaper clipping.

If you are required to publish notice in an alternative language and are unable to do so, complete and submit the Alternative Language Exemption form (enclosed).

6. PROVIDE PROOF OF APPLICATION VIEWING LOCATION

You must submit a completed Public Notice Verification Form (enclosed), which certifies that the complete application and draft permit were placed at the public place identified in the enclosed notice.

7. SUBMIT PROOFS TO TCEQ

Scan and email the proof of publication documents (Step 5) and the completed Public Notice Verification Form (Step 6) within 30 days of publication to PROOFS@tceq.texas.gov;

Or Mail to:

TCEQ
Office of the Chief Clerk, MC 105
Attn: Notice Team
P.O. Box 13087
Austin, Texas 78711-3087

Additional Information

If you fail to publish the notice or submit proofs within the timeframes noted above, the TCEQ may suspend further processing on your application or take other actions in accordance with 30 Tex. Admin. Code §39.405(a).

If you have any questions regarding publication requirements, please contact the Office of Legal Services at 512-239-0600. If you have any questions regarding the content of the notice, please contact the Wastewater Permitting Section at 512-239-4671. When contacting TCEQ regarding this application, please refer to the permit number at the top of the enclosed notice.

If you wish to obtain an electronic copy of the notice, please visit our web site at www.tceq.texas.gov/agency/decisions/cc/cc_db.html or www.tceq.texas.gov/agency/decisions/cc/eda.html. Please be aware that formatting codes may be lost and that any notices downloaded from these web sites must be reformatted by you so that your downloaded copy looks like the notice document you received from us.

PERMIT NO. WQ0010495030

APPLICATION. City of Houston, 10500 Bellaire Boulevard, Houston, Texas 77072, has applied to the Texas Commission on Environmental Quality (TCEQ) to amend Texas Pollutant Discharge Elimination System (TPDES) Permit No. WQ0010495030 (EPA I.D. No. TX0063002) to authorize the removal of the existing WET limits from the effluent limitations and monitoring requirements. The domestic wastewater treatment facility is located at 12901 Hermitage Lane, Houston, in Harris County, Texas 77079. The discharge route is from the plant site directly to Buffalo Bayou Above Tidal. TCEQ received this application on October 22, 2021. The permit application is available for viewing and copying at City of Houston, Houston Public Works, Wastewater Operations Building Library, 10500 Bellaire Boulevard, Houston, Texas. This link to an electronic map of the site or facility's general location is provided as a public courtesy and not part of the application or notice. For the exact location, refer to the application.

ADDITIONAL NOTICE. TCEQ's Executive Director has determined the application is administratively complete and will conduct a technical review of the application. After technical review of the application is complete, the Executive Director may prepare a draft permit and will issue a preliminary decision on the application. Notice of the Application and Preliminary Decision will be published and mailed to those who are on the county-wide mailing list and to those who are on the mailing list for this application. That notice will contain the deadline for submitting public comments.

PUBLIC COMMENT / PUBLIC MEETING. You may submit public comments or request a public meeting on this application. The purpose of a public meeting is to provide the opportunity to submit comments or to ask questions about the application. TCEQ will hold a public meeting if the Executive Director determines that there is a significant degree of public interest in the application or if requested by a local legislator. A public meeting is not a contested case hearing.

OPPORTUNITY FOR A CONTESTED CASE HEARING. After the deadline for submitting public comments, the Executive Director will consider all timely comments and prepare a response to all relevant and material, or significant public comments. Unless the application is directly referred for a contested case hearing, the response to comments, and the Executive Director's decision on the application, will be mailed to everyone who submitted public comments and to those persons who are on the mailing list for this application. If comments are received, the mailing will also provide instructions for requesting reconsideration of the Executive Director's decision and for requesting a contested case hearing. A contested case hearing is a legal proceeding similar to a civil trial in state district court.

TO REQUEST A CONTESTED CASE HEARING, YOU MUST INCLUDE THE FOLLOWING ITEMS IN YOUR REQUEST: your name, address, phone number; applicant's name and proposed permit number; the location and distance of your property/activities relative to the proposed facility; a specific description of how you would be adversely affected by the facility in a way not common to the general public; a list of all disputed issues of fact that you submit during the comment period and, the statement "(I/we) request a contested case hearing." If the request for contested case hearing is filed on behalf of a group or association, the request must designate the group's representative for receiving future correspondence; identify by name and physical address an individual member of the group who would be adversely affected by the proposed facility or activity; provide the information discussed above regarding the affected member's location and distance from the facility or activity; explain how and why the member would be affected; and explain how the interests the group seeks to protect are relevant to the group's purpose.

Following the close of all applicable comment and request periods, the Executive Director will forward the application and any requests for reconsideration or for a contested case hearing to the TCEQ Commission for their consideration at a

Commissioners for their consideration at a scheduled Commission meeting.

The Commission may only grant a request for a contested case hearing on issues the requestor submitted in their timely comments that were not subsequently withdrawn. If a hearing is granted, the subject of a hearing will be limited to disputed issues of fact or mixed questions of fact and law relating to relevant and material water quality concerns submitted during the comment period.

MAILING LIST. If you submit public comments, a request for a contested case hearing or a reconsideration of the Executive Director's decision, you will be added to the mailing list for this specific application to receive future public notices mailed by the Office of the Chief Clerk. In addition, you may request to be placed on: (1) the permanent mailing list for a specific applicant name and permit number; and/or (2) the mailing list for a specific county. If you wish to be placed on the permanent and/or the county mailing list, clearly specify which list(s) and send your request to TCEQ Office of the Chief Clerk at the address below.

INFORMATION AVAILABLE ONLINE. For details about the status of the application, visit the Commissioners' Integrated Database at www.tceq.texas.gov/goto/cld. Search the database using the permit number for this application, which is provided at the top of this notice.

AGENCY CONTACTS AND INFORMATION. Public comments and requests must be submitted either electronically at <https://www.tceq.texas.gov/epic/eComment/>, or in writing to the Texas Commission on Environmental Quality, Office of the Chief Clerk, MC-105, P.O. Box 13087, Austin, Texas 78711-3087. Please be aware that any contact information you provide, including your name, phone number, email address, and physical address will become part of the agency's public record. For more information about this permit application or the permitting process, please call the TCEQ Public Education Program, Toll Free, at 1-800-687-4040 or visit their website at www.tceq.texas.gov/goto/pep. Comisión de Calidad Ambiental del Estado de Texas
**AVISO DE RECIBO DE LA SOLICITUD Y
 EL INTENTO DE OBTENER PERMISO PARA LA
 CALIDAD DEL AGUA**

**ENMIENDA
 PERMISO NO. WQ0010495030**

SOLICITUD. La Ciudad de Houston, 10500 Bellaire Boulevard, Houston, Texas 77072, ha solicitado a la Comisión de Calidad Ambiental del Estado de Texas (TCEQ) para una enmienda del Permiso No. WQ0010495030 (EPA I.D. No. TX0063002) del Sistema de Eliminación de Descargas de Contaminantes de Texas (TPDES) para autorizar la eliminación de los límites WET existentes a partir de las limitaciones de efluentes y los requisitos de monitoreo. La planta de tratamiento de aguas residuales domésticos o tratamiento de agua potable está ubicado en 12901 Hermilfage Lane, Houston, Condado de Harris, Texas 77079. La ruta de descarga es del sitio de la planta directamente al pantano Buffalo Bayou por encima de la marea. La TCEQ recibió esta solicitud Octubre 22, 2021. La solicitud para el permiso está disponible para leerla y copiarla en La Ciudad de Houston, Trabajos Públicos de Houston, Operaciones de Wastewater biblioteca, 10500 Bellaire Boulevard, Houston, Texas. Este enlace a un mapa electrónico de la ubicación general del sitio o de la instalación es proporcionado como una cortesía y no es parte de la solicitud o del aviso. Para la ubicación exacta, consulte la solicitud. <https://tceq.maps.arcgis.com/apps/webappviewer/index.html?id=db5bac44a1bc468bbddd360f8168250f&marker=-25.561944%2C29.762222&level=12>

AVISO ADICIONAL. El Director Ejecutivo de la TCEQ ha determinado que la solicitud es administrativamente completa y conducirá una revisión técnica de la solicitud. Después de completar la revisión técnica, el Director Ejecutivo puede preparar un borrador del permiso y emitirá una Decisión Preliminar sobre la solicitud. El aviso de la solicitud y la decisión preliminar serán publicados y enviado a los que están en la lista de correo de las personas a lo largo del condado que desean recibir los avisos y los que están en la lista de correo que desean recibir avisos de esta solicitud. El aviso dará la fecha límite para someter comentarios públicos.

COMENTARIO PUBLICO / REUNION PUBLICA. Usted puede presentar comentarios públicos o pedir una reunión pública sobre esta solicitud. El propósito de una reunión pública es dar la oportunidad de presentar comentarios o hacer preguntas acerca de la solicitud. La TCEQ realiza una reunión pública si el Director Ejecutivo determina que hay un grado de interés público suficiente en la solicitud o si un legislador local lo pide. Una reunión pública no es una audiencia administrativa de lo contencioso.

OPORTUNIDAD DE UNA AUDIENCIA ADMINISTRATIVA DE LO CONTENCIOSO. Después del plazo para presentar comentarios públicos, el Director Ejecutivo considerará todos los comentarios apropiados y preparará una respuesta a todo los comentarios públicos esenciales, pertinentes, o significativos. A menos que la solicitud haya sido referida directamente a una audiencia administrativa de lo contencioso, la respuesta a los comentarios y la decisión del Director Ejecutivo sobre la solicitud serán enviados por correo a todos los que presentaron un comentario público y a las personas que están en la lista para recibir avisos sobre esta solicitud. Si se reciben comentarios, el aviso también proveerá instrucciones para pedir una reconsideración de la decisión del Director Ejecutivo y para pedir una audiencia administrativa de lo contencioso. Una audiencia administrativa de lo contencioso es un procedimiento legal similar a un procedimiento legal civil en un tribunal de distrito del estado.

PARA PEDIR UNA AUDIENCIA ADMINISTRATIVA DE LO CONTENCIOSO, USTED DEBE INCLUIR EN SU PEDIDO LOS SIGUIENTES DATOS: su nombre; dirección; teléfono; nombre del solicitante y número del permiso; la ubicación y la distancia de su propiedad/actividad con respecto a la instalación; una descripción específica de la forma cómo usted sería afectado adversamente por el sitio de una manera no común al público en general; y la declaración «Yo/nosotros solicitamos una audiencia administrativa de lo contencioso». Si presenta por parte de un grupo o asociación el pedido para una audiencia administrativa de lo contencioso, debe identificar el nombre y la dirección de una persona que representa al grupo para recibir correspondencia en el futuro; debe identificar un miembro del grupo que sería afectado adversamente por la planta o la actividad propuesta; debe proveer la información ya indicada anteriormente con respecto a la ubicación del miembro afectado y la distancia de la planta o actividad propuesta; debe explicar cómo y porqué el miembro sería afectado y cómo los intereses que el grupo desea proteger son pertinentes al propósito del grupo.

Después del cierre de los periodos para los pedidos y comentarios, el Director Ejecutivo enviará la solicitud y los pedidos para reconsideración o por una audiencia administrativa de lo contencioso a los Comisionados de la TCEQ para su consideración en una reunión programada de la Comisión.

La Comisión otorgará solamente una audiencia administrativa de lo contencioso sobre los hechos reales disputados del caso que son pertinentes y esenciales para la decisión de la Comisión sobre la solicitud. Además, la Comisión sólo otorgará una audiencia administrativa de lo contencioso sobre los asuntos que fueron presentados antes del plazo de vencimiento y que no fueron retirados posteriormente. La TCEQ puede actuar sobre una solicitud para renovar un permiso para descargar aguas residuales sin proveer una oportunidad de una audiencia administrativa de lo contencioso.

LISTA DE CORREO. Si somete comentarios públicos, un pedido para una audiencia administrativa de lo contencioso o una reconsideración de la decisión del Director Ejecutivo, la Oficina del Secretario Principal enviará por correo los avisos públicos en relación con la solicitud. Además, puede pedir que la TCEQ ponga su nombre en una o más de las listas correos siguientes (1) la lista de correo permanente para recibir los avisos del solicitante indicado por nombre y número del permiso

específico y/o (2) la lista de correo de todas las solicitudes en un condado específico. Si desea que se agregue su nombre en una de las listas designe cual lista(s) y envía por correo su pedido a la Oficina del Secretario Principal de la TCEQ.

INFORMACION DISPONIBLE ONLINE. Para más detalles sobre el estado de la aplicación, visite la base de datos integrada del Comisario al www.tceq.texas.gov/goto/clq. Buscar en la base de datos usando el número de permiso para esta aplicación, que se puede encontrar al inicio de este aviso.

CONTACTOS Y INFORMACIÓN A LA AGENCIA. Todos los comentarios públicos y solicitudes deben ser presentados electrónicamente vía <https://www14.tceq.texas.gov/epic/eComment/>, o por escrito dirigidos a la Comisión de Texas de Calidad Ambiental, Oficial de la Secretaría (Office of Chief Clerk), MC-105, P.O. Box 13087, Austin, Texas 78711-3087. Tenga en cuenta que cualquier información personal que usted proporcione, incluyendo su nombre, número de teléfono, dirección de correo electrónico y dirección física pasarán a formar parte del registro público de la Agencia. Para obtener más información acerca de esta solicitud de permiso o el proceso de permisos, llame al programa de educación pública de la TCEQ, gratis, al 1-800-687-4040. Si desea información en Español, puede llamar 1-800-687-4040 o también en el sitio www.tceq.texas.gov/goto/pep.

También se puede obtener información adicional de La Ciudad de Houston a la dirección indicada arriba o llamando a Sra. Carol La Brèche, P.E., al 832-395-5813.

TEXAS COMMISSION ON ENVIRONMENTAL QUALITY

NOTICE OF RECEIPT OF APPLICATION AND INTENT TO OBTAIN WATER QUALITY PERMIT AMENDMENT

PERMIT NO. WQ0010495030

APPLICATION. City of Houston, 10500 Bellaire Boulevard, Houston, Texas 77072, has applied to the Texas Commission on Environmental Quality (TCEQ) to amend Texas Pollutant Discharge Elimination System (TPDES) Permit No. WQ0010495030 (EPA I.D. No. TX0063002) to authorize the removal of the existing WET limits from the effluent limitations and monitoring requirements. The domestic wastewater treatment facility is located at 12901 Hermitage Lane, Houston, in Harris County, Texas 77079. The discharge route is from the plant site directly to Buffalo Bayou Above Tidal. TCEQ received this application on October 22, 2021. The permit application is available for viewing and copying at City of Houston, Houston Public Works, Wastewater Operations Building Library, 10500 Bellaire Boulevard, Houston, Texas. This link to an electronic map of the site or facility's general location is provided as a public courtesy and not part of the application or notice. For the exact location, refer to the application. <https://tceq.maps.arcgis.com/apps/webappviewer/index.html?id=db5bac44afbc468bbddd36of8168250f&marker=-95.561944%2C29.762222&level=12>

ADDITIONAL NOTICE. TCEQ's Executive Director has determined the application is administratively complete and will conduct a technical review of the application. After technical review of the application is complete, the Executive Director may prepare a draft permit and will issue a preliminary decision on the application. **Notice of the Application and Preliminary Decision will be published and mailed to those who are on the county-wide mailing list and to those who are on the mailing list for this application. That notice will contain the deadline for submitting public comments.**

PUBLIC COMMENT / PUBLIC MEETING. You may submit public comments or request a public meeting on this application. The purpose of a public meeting is to provide the opportunity to submit comments or to ask questions about the application. TCEQ will hold a public meeting if the Executive Director determines that there is a significant degree of public interest in the application or if requested by a local legislator. A public meeting is not a contested case hearing.

OPPORTUNITY FOR A CONTESTED CASE HEARING. After the deadline for submitting public comments, the Executive Director will consider all timely comments and prepare a response to all relevant and material, or significant public comments. **Unless the application is directly referred for a contested case hearing, the response to comments, and the Executive Director's decision on the application, will be mailed to everyone who submitted public comments and to those persons who are on the mailing list for this application. If comments are received, the mailing will also provide instructions for requesting reconsideration of the Executive Director's decision**

and for requesting a contested case hearing. A contested case hearing is a legal proceeding similar to a civil trial in state district court.

TO REQUEST A CONTESTED CASE HEARING, YOU MUST INCLUDE THE FOLLOWING ITEMS IN YOUR REQUEST: your name, address, phone number; applicant's name and proposed permit number; the location and distance of your property/activities relative to the proposed facility; a specific description of how you would be adversely affected by the facility in a way not common to the general public; a list of all disputed issues of fact that you submit during the comment period and, the statement "[I/we] request a contested case hearing." If the request for contested case hearing is filed on behalf of a group or association, the request must designate the group's representative for receiving future correspondence; identify by name and physical address an individual member of the group who would be adversely affected by the proposed facility or activity; provide the information discussed above regarding the affected member's location and distance from the facility or activity; explain how and why the member would be affected; and explain how the interests the group seeks to protect are relevant to the group's purpose.

Following the close of all applicable comment and request periods, the Executive Director will forward the application and any requests for reconsideration or for a contested case hearing to the TCEQ Commissioners for their consideration at a scheduled Commission meeting.

The Commission may only grant a request for a contested case hearing on issues the requestor submitted in their timely comments that were not subsequently withdrawn. **If a hearing is granted, the subject of a hearing will be limited to disputed issues of fact or mixed questions of fact and law relating to relevant and material water quality concerns submitted during the comment period.**

MAILING LIST. If you submit public comments, a request for a contested case hearing or a reconsideration of the Executive Director's decision, you will be added to the mailing list for this specific application to receive future public notices mailed by the Office of the Chief Clerk. In addition, you may request to be placed on: (1) the permanent mailing list for a specific applicant name and permit number; and/or (2) the mailing list for a specific county. If you wish to be placed on the permanent and/or the county mailing list, clearly specify which list(s) and send your request to TCEQ Office of the Chief Clerk at the address below.

INFORMATION AVAILABLE ONLINE. For details about the status of the application, visit the Commissioners' Integrated Database at www.tceq.texas.gov/goto/cid. Search the database using the permit number for this application, which is provided at the top of this notice.

AGENCY CONTACTS AND INFORMATION. Public comments and requests must be submitted either electronically at <https://www14.tceq.texas.gov/epic/eComment/>, or in writing to the Texas Commission on Environmental Quality, Office of the Chief Clerk, MC-105, P.O. Box 13087, Austin, Texas 78711-3087. Please be aware that any contact information you provide, including your name, phone number, email address, and physical address will become part of the agency's public record. For more information about this permit application or the permitting process, please call the TCEQ Public Education Program, Toll Free, at 1-800-687-4040 or visit their website at www.tceq.texas.gov/goto/pep. RE: Declaration of Administrative Completeness
Applicant Name: City of Houston (CN600128995)
Permit No.: WQ0010495030 (EPA I.D. No. TX0063002)
Site Name: West District WWTP (RN101611739)
Type of Application: Major Amendment

Dear Ms. La Breche:

The executive director has declared the above referenced application, received on October 22, 2021 administratively complete on December 10, 2021.

You are now required to publish notice of your proposed activity and make a copy of the application available for public review. The following items are included to help you meet the regulatory requirements associated with this notice:

- Instructions for Public Notice
- Notice for Newspaper Publication
- Public Notice Verification Form
- Publisher's Affidavits

You must follow all the directions in the enclosed instructions. The most common mistakes are the unauthorized changing of notice, wording, or font. If you fail to follow these instructions, you may be required to republish the notices.

The following requirements are also described in the enclosed instructions. However, due to their importance, they are highlighted here as well.

1. Publish the enclosed notice within **30 calendar days** after your application is declared administratively complete. (See this letter's first paragraph for the declaration date.) **You may be required to publish the notice in more than one newspaper, including a newspaper published in an alternative language, to satisfy all of the notice requirements.**

Declaration of Administrative Completeness

December 10, 2021

2. On or before the date you publish notice, place a copy of your permit application in a public place in the county where the facility is or will be located. This copy must be accessible to the public for review and copying, must be updated to reflect changes to the application, and must remain in place throughout the comment period.
3. For each publication, submit proof of publication of the notice that shows the publication date and newspaper name to the Office of the Chief Clerk within **30 calendar days** after notice is published in the newspaper.
4. Return the original enclosed Public Notice Verification and the Publisher's Affidavits to the Office of the Chief Clerk within **30 calendar days** after the notice is published in the newspaper.

If you do not comply with all the requirements described in the instructions, further processing of your application may be suspended or the agency may take other actions.

If you have any questions regarding publication requirements, please contact the Office of Legal Services at (512) 239-0600. If you have any questions regarding the content of the notice, please contact Abesha H. Michael at (512) 239-4912.

Sincerely,

Texas Commission on Environmental Quality
Instructions for Public Notice for a Water Quality Permit
Notice of Receipt of Application and Intent to Obtain Permit (NORI)

Your application has been declared administratively complete. You must comply with the following instructions. There are seven (7) steps involved in publishing notice. Complete each step.

1. REVIEW THE NOTICE FOR ACCURACY

Read the enclosed notice carefully and notify the Application Review and Processing Team at 512-239-4671 immediately if it contains any errors or omissions. You are responsible for ensuring the accuracy of all information published. Do not change the text or formatting of the notice or affidavit of publication without prior approval from the TCEQ. Changing the text or formatting of the notice may require new publication at your expense and delay processing of your application.

2. PUBLISH THE NOTICE IN THE NEWSPAPER

You must publish the enclosed notice within 30 days after the date of administrative completeness. Refer to the cover letter for the date of administrative completeness.

You must publish the enclosed notice at your expense, at least once in the newspaper of largest circulation within each county where the facility and discharge point are located or will be located. If the facility and discharge point are located or will be located in a municipality, the enclosed notice must be published at least once in a newspaper of general circulation in the municipality. These requirements may be satisfied by one publication if the newspaper meets all of the above requirements.

The bold text of the enclosed notice must be printed in the newspaper in a font style or size that distinguishes it from the rest of the notice (i.e., bold, italics). Failure to do so may require re-notice.

3. PUBLISH THE NOTICE IN AN ALTERNATIVE LANGUAGE

You must publish notice in an alternative language IF: either the elementary or middle school nearest to the facility or proposed facility is required to provide a "bilingual education program" (BEP) as required by Texas Education Code (TEC), Chapter 29, Subchapter B, and 19 Tex. Admin. Code §89.1205(a) AND one of the following conditions is met:

- students are enrolled in a program at that school;
- students from that school attend a bilingual education program at another location; or
- the school that otherwise would be required to provide a bilingual education program has been granted an exception from the requirements to provide the program as provided for in 19 Tex. Admin. Code §89.1207(a).

A "bilingual education program" is different from an "English as a second language program" (ESL). An ESL program alone, will not require public notice in an alternative language.

If triggered, you must publish the notice in a newspaper or publication primarily published in the alternative language taught in the bilingual education program. Publication in an alternative language section or insert within a large publication which is not printed primarily in that alternative language does not satisfy these requirements. The newspaper or publication must be of general circulation in the county in which the facility and discharge point are located or proposed to be located. If the facility and discharge point are located or proposed to be located in a municipality, and there exists a newspaper or publication of general circulation in the municipality, you must publish the notice only in the newspaper or publication in the municipality.

You must demonstrate a good faith effort to identify a newspaper or publication in the required language. If there is no general circulation newspaper or publication printed in such language, then publishing in that language is not required. You have the burden to demonstrate compliance with these requirements.

If you are required to publish notice in Spanish, you must translate the site-specific information in the notice that is specific to your application, at your own expense. You may then insert the Spanish translation of your site-specific information into a Spanish template developed by the TCEQ. The Spanish templates are available on the TCEQ website at http://www.tceq.texas.gov/permitting/wastewater/review/wqspanish_nori.html. If you are required to publish notice in a language other than Spanish, you must translate the entire public notice, at your own expense.

4. **PUT THE APPLICATION IN A PUBLIC PLACE**

You must put a copy of the administratively complete application in the public place identified in the enclosed notice.

This copy must be accessible to the public for review and copying beginning on the first day of newspaper publication and remain in place for the publication's designated comment period.

During the technical review, you must update the publicly available application so that it includes all application revisions within 10 business days from the date the revision is transmitted to the TCEQ.

For confidential information contained in the application, you must indicate which specific portions of the application cannot be made available to the public. These portions of the application must be accompanied with the following statement: "Any request for portions of this application that are marked as confidential must be submitted in writing, pursuant to the Public Information Act, to the TCEQ Public Information Coordinator, MC 197, P.O. Box 13087, Austin, Texas 78711-3087."

5. **PROVIDE PROOF OF PUBLICATION**

For each newspaper in which you published, you must submit proof of publication. Proof of publication must include the following:

- a completed Publisher's Affidavit (enclosed); and
- a copy of the published notice which shows the notice, the date published, and the newspaper name. The copy must be on standard-size 8½ x 11" paper and must show the actual size of the published notice. Do not reduce the

image when making copies. Published notices longer than 11" must be copied onto multiple 8½ x 11" pages. Or you can submit the original newspaper clipping.

If you are required to publish notice in an alternative language and are unable to do so, complete and submit the Alternative Language Exemption form (enclosed).

6. PROVIDE PROOF OF APPLICATION VIEWING LOCATION

You must submit a completed Public Notice Verification Form (enclosed) which certifies that the administratively complete application was placed at the public place identified in the enclosed notice.

7. SUBMIT PROOFS TO TCEQ

The proof of publication documents (Step 5) and the completed Public Notice Verification Form (Step 6) must be submitted to TCEQ within 30 days of publication.

By email to: PROOFS@tceq.texas.gov

OR by mail at:
TCEQ
Office of the Chief Clerk, MC 105
Attn: Notice Team
P.O. Box 13087
Austin, Texas 78711-3087

NOTE: If proofs are submitted by email, you do not have to mail in the original documents.

Additional Information

If you fail to publish the notice or submit proofs within the timeframes noted above, the TCEQ may suspend further processing on your application or take other actions in accordance with 30 Tex. Admin. Code §39.405(a).

If you have any questions regarding publication requirements, please contact the Office of Legal Services at 512-239-0600. If you have any questions regarding the content of the notice, please contact the Wastewater Permitting Section at 512-239-4671. When contacting TCEQ regarding this application, please refer to the permit number at the top of the enclosed notice.

If you wish to obtain an electronic copy of the notice, please visit our web site at http://www.tceq.texas.gov/agency/cc/cc_db.html or <http://www.tceq.texas.gov/agency/cc/eda.html>. Please be aware that formatting codes may be lost and that any notices downloaded from these web sites must be reformatted by you so that your downloaded copy looks like the notice document you received from us.

RE: Declaration of Administrative Completeness
Applicant Name: City of Houston (CN600128995)
Permit No.: WQ0010495030 (EPA I.D. No. TX0063002)
Site Name: West District WWTP (RN101611739)
Type of Application: Major Amendment

Dear Ms. La Breche:

The executive director has declared the above referenced application, received on October 22, 2021 administratively complete on December 10, 2021.

You are now required to publish notice of your proposed activity and make a copy of the application available for public review. The following items are included to help you meet the regulatory requirements associated with this notice:

- Instructions for Public Notice
- Notice for Newspaper Publication
- Public Notice Verification Form
- Publisher's Affidavits

You must follow all the directions in the enclosed instructions. The most common mistakes are the unauthorized changing of notice, wording, or font. If you fail to follow these instructions, you may be required to republish the notices.

The following requirements are also described in the enclosed instructions. However, due to their importance, they are highlighted here as well.

1. Publish the enclosed notice within **30 calendar days** after your application is declared administratively complete. (See this letter's first paragraph for the declaration date.) **You may be required to publish the notice in more than one newspaper, including a newspaper published in an alternative language, to satisfy all of the notice requirements.**

Declaration of Administrative Completeness

December 10, 2021

2. On or before the date you publish notice, place a copy of your permit application in a public place in the county where the facility is or will be located. This copy must be accessible to the public for review and copying, must be updated to reflect changes to the application, and must remain in place throughout the comment period.
3. For each publication, submit proof of publication of the notice that shows the publication date and newspaper name to the Office of the Chief Clerk within **30 calendar days** after notice is published in the newspaper.
4. Return the original enclosed Public Notice Verification and the Publisher's Affidavits to the Office of the Chief Clerk within **30 calendar days** after the notice is published in the newspaper.

If you do not comply with all the requirements described in the instructions, further processing of your application may be suspended or the agency may take other actions.

If you have any questions regarding publication requirements, please contact the Office of Legal Services at (512) 239-0600. If you have any questions regarding the content of the notice, please contact Abesha H. Michael at (512) 239-4912.

Sincerely,

Texas Commission on Environmental Quality
Instructions for Public Notice for a Water Quality Permit
Notice of Receipt of Application and Intent to Obtain Permit (NORI)

Your application has been declared administratively complete. You must comply with the following instructions. There are seven (7) steps involved in publishing notice. Complete each step.

1. REVIEW THE NOTICE FOR ACCURACY

Read the enclosed notice carefully and notify the Application Review and Processing Team at 512-239-4671 immediately if it contains any errors or omissions. You are responsible for ensuring the accuracy of all information published. Do not change the text or formatting of the notice or affidavit of publication without prior approval from the TCEQ. Changing the text or formatting of the notice may require new publication at your expense and delay processing of your application.

2. PUBLISH THE NOTICE IN THE NEWSPAPER

You must publish the enclosed notice within 30 days after the date of administrative completeness. Refer to the cover letter for the date of administrative completeness.

You must publish the enclosed notice at your expense, at least once in the newspaper of largest circulation within each county where the facility and discharge point are located or will be located. If the facility and discharge point are located or will be located in a municipality, the enclosed notice must be published at least once in a newspaper of general circulation in the municipality. These requirements may be satisfied by one publication if the newspaper meets all of the above requirements.

The bold text of the enclosed notice must be printed in the newspaper in a font style or size that distinguishes it from the rest of the notice (i.e., bold, italics). Failure to do so may require re-notice.

3. PUBLISH THE NOTICE IN AN ALTERNATIVE LANGUAGE

You must publish notice in an alternative language IF: either the elementary or middle school nearest to the facility or proposed facility is required to provide a "bilingual education program" (BEP) as required by Texas Education Code (TEC), Chapter 29, Subchapter B, and 19 Tex. Admin. Code §89.1205(a) AND one of the following conditions is met:

- students are enrolled in a program at that school;
- students from that school attend a bilingual education program at another location; or
- the school that otherwise would be required to provide a bilingual education program has been granted an exception from the requirements to provide the program as provided for in 19 Tex. Admin. Code §89.1207(a).

A "bilingual education program" is different from an "English as a second language program" (ESL). An ESL program alone, will not require public notice in an alternative language.

If triggered, you must publish the notice in a newspaper or publication primarily published in the alternative language taught in the bilingual education program. Publication in an alternative language section or insert within a large publication which is not printed primarily in that alternative language does not satisfy these requirements. The newspaper or publication must be of general circulation in the county in which the facility and discharge point are located or proposed to be located. If the facility and discharge point are located or proposed to be located in a municipality, and there exists a newspaper or publication of general circulation in the municipality, you must publish the notice only in the newspaper or publication in the municipality.

You must demonstrate a good faith effort to identify a newspaper or publication in the required language. If there is no general circulation newspaper or publication printed in such language, then publishing in that language is not required. You have the burden to demonstrate compliance with these requirements.

If you are required to publish notice in Spanish, you must translate the site-specific information in the notice that is specific to your application, at your own expense. You may then insert the Spanish translation of your site-specific information into a Spanish template developed by the TCEQ. The Spanish templates are available on the TCEQ website at http://www.tceq.texas.gov/permitting/wastewater/review/wqspanish_nori.html. If you are required to publish notice in a language other than Spanish, you must translate the entire public notice, at your own expense.

4. PUT THE APPLICATION IN A PUBLIC PLACE

You must put a copy of the administratively complete application in the public place identified in the enclosed notice.

This copy must be accessible to the public for review and copying beginning on the first day of newspaper publication and remain in place for the publication's designated comment period.

During the technical review, you must update the publicly available application so that it includes all application revisions within 10 business days from the date the revision is transmitted to the TCEQ.

For confidential information contained in the application, you must indicate which specific portions of the application cannot be made available to the public. These portions of the application must be accompanied with the following statement: "Any request for portions of this application that are marked as confidential must be submitted in writing, pursuant to the Public Information Act, to the TCEQ Public Information Coordinator, MC 197, P.O. Box 13087, Austin, Texas 78711-3087."

5. PROVIDE PROOF OF PUBLICATION

For each newspaper in which you published, you must submit proof of publication. Proof of publication must include the following:

- a completed Publisher's Affidavit (enclosed); and
- a copy of the published notice which shows the notice, the date published, and the newspaper name. The copy must be on standard-size 8½ x 11" paper and must show the actual size of the published notice. Do not reduce the

image when making copies. Published notices longer than 11" must be copied onto multiple 8½ x 11" pages. Or you can submit the original newspaper clipping.

If you are required to publish notice in an alternative language and are unable to do so, complete and submit the Alternative Language Exemption form (enclosed).

6. PROVIDE PROOF OF APPLICATION VIEWING LOCATION

You must submit a completed Public Notice Verification Form (enclosed) which certifies that the administratively complete application was placed at the public place identified in the enclosed notice.

7. SUBMIT PROOFS TO TCEQ

The proof of publication documents (Step 5) and the completed Public Notice Verification Form (Step 6) must be submitted to TCEQ within 30 days of publication.

By email to: PROOFS@tceq.texas.gov

OR by mail at:
TCEQ
Office of the Chief Clerk, MC 105
Attn: Notice Team
P.O. Box 13087
Austin, Texas 78711-3087

NOTE: If proofs are submitted by email, you do not have to mail in the original documents.

Additional Information

If you fail to publish the notice or submit proofs within the timeframes noted above, the TCEQ may suspend further processing on your application or take other actions in accordance with 30 Tex. Admin. Code §39.405(a).

If you have any questions regarding publication requirements, please contact the Office of Legal Services at 512-239-0600. If you have any questions regarding the content of the notice, please contact the Wastewater Permitting Section at 512-239-4671. When contacting TCEQ regarding this application, please refer to the permit number at the top of the enclosed notice.

TEXAS COMMISSION ON ENVIRONMENTAL QUALITY

NOTICE OF RECEIPT OF APPLICATION AND INTENT TO OBTAIN WATER QUALITY PERMIT AMENDMENT

PERMIT NO. WQ0010495030

APPLICATION. City of Houston, 10500 Bellaire Boulevard, Houston, Texas 77072, has applied to the Texas Commission on Environmental Quality (TCEQ) to amend Texas Pollutant Discharge Elimination System (TPDES) Permit No. WQ0010495030 (EPA I.D. No. TX0063002) to authorize the removal of the existing WET limits from the effluent limitations and monitoring requirements. The domestic wastewater treatment facility is located at 12901 Hermitage Lane, Houston, in Harris County, Texas 77079. The discharge route is from the plant site directly to Buffalo Bayou Above Tidal. TCEQ received this application on October 22, 2021. The permit application is available for viewing and copying at City of Houston, Houston Public Works, Wastewater Operations Building Library, 10500 Bellaire Boulevard, Houston, Texas. This link to an electronic map of the site or facility's general location is provided as a public courtesy and not part of the application or notice. For the exact location, refer to the application. <https://tceq.maps.arcgis.com/apps/webappviewer/index.html?id=db5bac44afbc468bbddd36of816825of&marker=-95.561944%2C29.762222&level=12>

ADDITIONAL NOTICE. TCEQ's Executive Director has determined the application is administratively complete and will conduct a technical review of the application. After technical review of the application is complete, the Executive Director may prepare a draft permit and will issue a preliminary decision on the application. **Notice of the Application and Preliminary Decision will be published and mailed to those who are on the county-wide mailing list and to those who are on the mailing list for this application. That notice will contain the deadline for submitting public comments.**

PUBLIC COMMENT / PUBLIC MEETING. You may submit public comments or request a public meeting on this application. The purpose of a public meeting is to provide the opportunity to submit comments or to ask questions about the application. TCEQ will hold a public meeting if the Executive Director determines that there is a significant degree of public interest in the application or if requested by a local legislator. A public meeting is not a contested case hearing.

OPPORTUNITY FOR A CONTESTED CASE HEARING. After the deadline for submitting public comments, the Executive Director will consider all timely comments and prepare a response to all relevant and material, or significant public comments. **Unless the application is directly referred for a contested case hearing, the response to comments, and the Executive Director's decision on the application, will be mailed to everyone who submitted public comments and to those persons who are on the mailing list for this application. If comments are received, the mailing will also provide instructions for requesting reconsideration of the Executive Director's decision**

and for requesting a contested case hearing. A contested case hearing is a legal proceeding similar to a civil trial in state district court.

TO REQUEST A CONTESTED CASE HEARING, YOU MUST INCLUDE THE FOLLOWING ITEMS IN YOUR REQUEST: your name, address, phone number; applicant's name and proposed permit number; the location and distance of your property/activities relative to the proposed facility; a specific description of how you would be adversely affected by the facility in a way not common to the general public; a list of all disputed issues of fact that you submit during the comment period and, the statement "[I/we] request a contested case hearing." If the request for contested case hearing is filed on behalf of a group or association, the request must designate the group's representative for receiving future correspondence; identify by name and physical address an individual member of the group who would be adversely affected by the proposed facility or activity; provide the information discussed above regarding the affected member's location and distance from the facility or activity; explain how and why the member would be affected; and explain how the interests the group seeks to protect are relevant to the group's purpose.

Following the close of all applicable comment and request periods, the Executive Director will forward the application and any requests for reconsideration or for a contested case hearing to the TCEQ Commissioners for their consideration at a scheduled Commission meeting.

The Commission may only grant a request for a contested case hearing on issues the requestor submitted in their timely comments that were not subsequently withdrawn. **If a hearing is granted, the subject of a hearing will be limited to disputed issues of fact or mixed questions of fact and law relating to relevant and material water quality concerns submitted during the comment period.**

MAILING LIST. If you submit public comments, a request for a contested case hearing or a reconsideration of the Executive Director's decision, you will be added to the mailing list for this specific application to receive future public notices mailed by the Office of the Chief Clerk. In addition, you may request to be placed on: (1) the permanent mailing list for a specific applicant name and permit number; and/or (2) the mailing list for a specific county. If you wish to be placed on the permanent and/or the county mailing list, clearly specify which list(s) and send your request to TCEQ Office of the Chief Clerk at the address below.

INFORMATION AVAILABLE ONLINE. For details about the status of the application, visit the Commissioners' Integrated Database at www.tceq.texas.gov/goto/cid. Search the database using the permit number for this application, which is provided at the top of this notice.

AGENCY CONTACTS AND INFORMATION. Public comments and requests must be submitted either electronically at <https://www14.tceq.texas.gov/epic/eComment/>, or in writing to the Texas Commission on Environmental Quality, Office of the Chief Clerk, MC-105, P.O. Box 13087, Austin, Texas 78711-3087. Please be aware that any contact information you provide, including your name, phone number, email address, and physical address will become part of the agency's public record. For more information about this permit application or the permitting process, please call the TCEQ Public Education Program, Toll Free, at 1-800-687-4040 or visit their website at www.tceq.texas.gov/goto/pep. Si desea información en Español, puede llamar al 1-800-687-4040.

Further information may also be obtained from City of Houston at the address stated above or by calling Ms. Carol La Breche, P.E., at 832-395-5813.
