**NOTICE OF DISTRICT PETITION**  
**TCEQ INTERNAL CONTROL NO. D-08222022-044**

**PETITION.** Steve Selinger, (Petitioner) filed a petition for creation of Shankle Road Municipal Utility District of Ellis County (District) with the Texas Commission on Environmental Quality (TCEQ). The petition was filed pursuant to Article XVI, §59 and Article III, §52 of the Constitution of the State of Texas; Chapters 49 and 54 of the Texas Water Code; 30 Texas Administrative Code Chapter 293; and the procedural rules of the TCEQ.

The petition states that: (1) the Petitioner holds title to a majority in value of the land to be included in the proposed District; (2) there are no lienholders on the property to be included in the proposed District; (3) the proposed District will contain approximately 181.5664 acres located within Ellis County, Texas; and (4) none of the land within the proposed District is within the corporate limits or extraterritorial jurisdiction of any city.

The territory to be included in the proposed District is depicted in the vicinity map designated as Exhibit "A," which is attached to this document.

The petition further states that the proposed District will: (1) purchase, construct, acquire, improve, or extend inside or outside of its boundaries any and all works, improvements, facilities, plants, equipment, and appliances necessary or helpful to supply and distribute water for municipal, domestic, and commercial purposes; (2) collect, transport, process, dispose of and control domestic, and commercial wastes; (3) gather, conduct, divert, abate, amend, and control local storm water or other local harmful excesses of water in the proposed District; (4) design, acquire, construct, finance, improve, operate, and maintain macadamized, graveled, or paved roads and turnpikes, or improvements in aid of those roads; and (5) purchase, construct, acquire, improve, or extend inside or outside of its boundaries such additional facilities, systems, plants, and enterprises as shall be consonant with all of the purposes for which the proposed District is created. Additionally, the proposed District will be granted road powers.

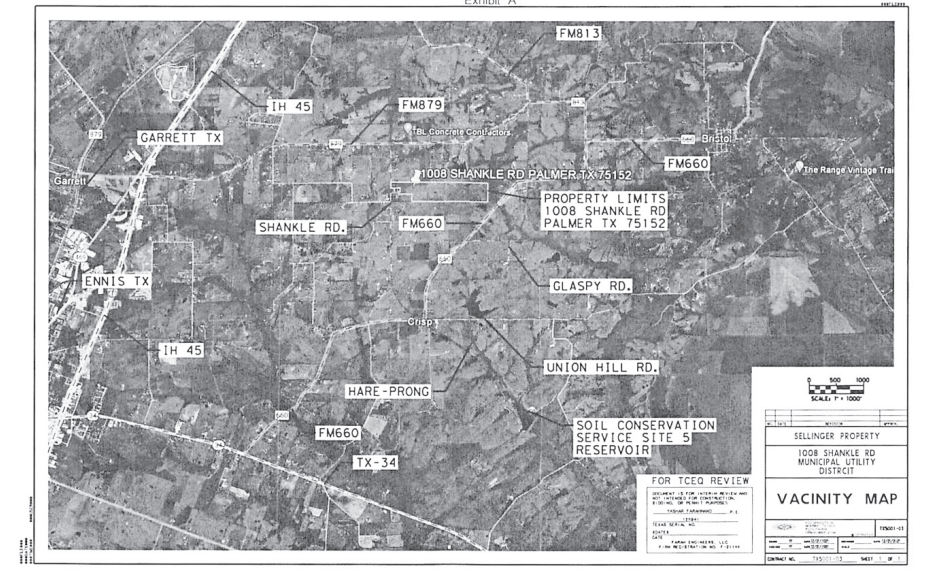

According to the petition, a preliminary investigation has been made to determine the cost of the project, and it is estimated by the Petitioners that the cost of said project will be approximately \$21,490,000 (\$12,925,000 for water, wastewater, and drainage and \$8,565,000 for roads).

You may also submit your proposed adjustments to the petition which would satisfy your concerns. Requests for a contested case hearing must be submitted in writing to the Office of the Chief Clerk at the address provided in the information section below.

The Executive Director may approve the petition unless a written request for a contested case hearing is filed within 30 days after the newspaper publication of this notice. If a hearing request is filed, the Executive Director will not approve the petition and will forward the petition and hearing request to the TCEQ Commissioners for their consideration at a scheduled Commission meeting.
