TEXAS COMMISSION ON ENVIRONMENTAL QUALITY

NOTICE OF HEARING

Indie Catch LLC

SOAH Docket No. 582-23-21044

TCEQ Docket No. 2023-0650-MWD

Permit No. WQ0016213001

APPLICATION.

Indie Catch LLC, 5599 San Felipe Street, Suite 565, Houston, Texas 77056, has applied to the Texas Commission on Environmental Quality (TCEQ) for new Texas Pollutant Discharge Elimination System (TPDES) Permit No. WQ0016213001, to authorize the discharge of treated domestic wastewater at a daily average flow not to exceed 975,000 gallons per day.

The facility will be located at 7601 County Road 508, in the City of Alvarado, Johnson County, Texas 76009. The treated effluent will be discharged to Mountain Creek, thence to Joe Pool Lake in Segment No. 0838 of the Trinity River Basin. The unclassified receiving water use is limited aquatic life use for the Mountain Creek. The designated uses for Segment No. 0838 are primary contact recreation, public water supply, and high aquatic life use.

In accordance with 30 Texas Administrative Code § 307.5 and the TCEQ's *Procedures to Implement the Texas Surface Water Quality Standards* (June 2010), an antidegradation review of the receiving waters was performed. A Tier 1 antidegradation review has preliminarily determined that existing water quality uses will not be impaired by this permit action. Numerical and narrative criteria to protect existing uses will be maintained. This review has preliminarily determined that no water bodies with exceptional, high, or intermediate aquatic life uses are present within the stream reach assessed; therefore, no Tier 2 degradation determination is required. No significant degradation of water quality is expected in water bodies with exceptional, high, or intermediate aquatic life uses downstream, and existing uses will be maintained and protected. The preliminary determination can be reexamined and may be modified if new information is received. This link to an electronic map of the site or facility's general location is provided as a public courtesy and is not part of the application or notice. For the exact location, refer to the application.

The TCEQ Executive Director has completed the technical review of the application and prepared a draft permit. The draft permit, if approved, would establish the conditions under which the facility must operate. The Executive Director has made a preliminary decision that this permit, if issued, meets all statutory and regulatory requirements. The permit application, Executive Director's preliminary decision, and draft permit are available for viewing and copying at Alvarado Public Library, 210 North Baugh Street, Alvarado, Texas.

ALTERNATIVE LANGUAGE NOTICE. Alternative language notice in Spanish is available at <https://www.tceq.texas.gov/permitting/wastewater/plain-language-summaries-and-public-notice>. El aviso de idioma alternativo en español está disponible en <https://www.tceq.texas.gov/permitting/wastewater/plain-language-summaries-and-public-notice>.

DIRECT REFERRAL. The Notice of Application and Preliminary Decision was published in English on January 14, 2023. On February 24, 2023, the Applicant filed a request for direct referral to the State Office of Administrative Hearings (SOAH). Therefore, the chief clerk has referred this application directly to SOAH for a hearing on whether the application complies with all applicable statutory and regulatory requirements.

CONTESTED CASE HEARING. Considering directives to protect public health, the State Office of Administrative Hearings (SOAH) will conduct a preliminary hearing via Zoom videoconference. A Zoom meeting is a secure, free meeting held over the internet that allows video, audio, or audio/video conferencing.

10:00 a.m. – August 28, 2023

To join the Zoom meeting via computer:
