TEXAS COMMISSION ON ENVIRONMENTAL QUALITY

NOTICE OF HEARING Madera Municipal Utility District No. 1 of Denton County SOAH Docket No. 582-24-06564 TCEQ Docket No. 2023-0846-DIS TCEQ Internal Control No. D-01092023-007

PETITION.

TCCI Range-Mead 2021, LLC, a Texas limited liability company, and Hines Acquisitions, LLC, a Delaware limited liability company, (Petitioners) filed a petition for creation of Madera Municipal Utility District No. 1 of Denton County (District) with the Texas Commission on Environmental Quality (TCEQ). The petition was filed pursuant to Article XVI, §59 of the Constitution of the State of Texas; Chapters 49 and 54 of the Texas Water Code; 30 Texas Administrative Code Chapter 293; and the procedural rules of the TCEQ.

The petition states that: (1) the Petitioners holds title to a majority in value of the land to be included in the proposed District; (2) there is one lienholder, Veritex Community Bank, on the property to be included in the proposed District and information provided indicates that the lienholder consents to the creation of the proposed District; (3) the proposed District will contain approximately 539.203 acres located within Denton County, Texas; and (4) all of the land within the proposed District is within the extraterritorial jurisdiction of the City of Justin.

The petition further states that the proposed District will: (1) purchase, construct, acquire, maintain, own, operate, repair, improve and extend a waterworks and sanitary sewer system for residential and commercial purposes; (2) construct, acquire, improve, extend, maintain, and operate works, improvements, facilities, plants, equipment, and appliances helpful or necessary to provide more adequate drainage for the proposed District; (3) control, abate, and amend local storm waters or other harmful excesses of waters; and (4) purchase, construct, acquire, improve, maintain, and operate such additional facilities, systems, plants, and enterprises, and road facilities as shall be consonant with all of the purposes for which the proposed District is created.

According to the petition, a preliminary investigation has been made to determine the cost of the project, and it is estimated by the Petitioners that the cost of said project will be approximately \$58,000,000 (\$43,000,000 for water, wastewater, and drainage and \$15,000,000 for roads).

The territory to be included in the proposed District is located within the extraterritorial jurisdiction of the City of Justin, Denton County, Texas (the "City"). In accordance with Local Government Code §42.042 and Texas Water Code §54.016, the Petitioners submitted a petition to the City, requesting the City's consent to the creation of the District. After more than 90 days passed without receiving consent, the Petitioners submitted a petition to the City to provide water and sewer services to the proposed District. The 120-day period for

reaching a mutually agreeable contract as established by the Texas Water Code §54.016(c) expired and the information provided indicates that the Petitioners and the City have not executed a mutually agreeable contract for service. Pursuant to Texas Water Code §54.016(d), failure to execute such an agreement constitutes authorization for the Petitioners to initiate proceedings to include the land within the proposed District.
