Due to potential misuse/abuse of pets, *The Dallas Morning News* suggests that advertisers charge a minimal fee for their pets. Every life has a value. Also, due to health risks to the pets, we recommend puppies and kittens are at least 8-12 weeks old before they are sold. Use caution when responding to pet ads that involve unusual payment plans or require long-distance shipping. Find your pet from a trustworthy source. If purchasing from a private party or breeder, ask to see where the pet live to ensure the environment is a clean and healthy one. Reputable breeders will almost always provide detailed genetic information and a health guarantee. You are encouraged to report suspected inhumane conditions and animal abuse/neglect to the Humane Society and your local authorities.

**TEXAS COMMISSION ON ENVIRONMENTAL QUALITY**  
**Megatel Homes, L.L.C.**  
SOAH Docket No. 2023-047157  
TCEQ Docket No. 2023-0850-MWD  
TPDES Permit No. WQ0016162001

**APPLICATION.** Megatel Homes, L.L.C., 2101 Cedar Springs Road, Suite 700, Dallas, Texas 75201 has applied to the Texas Commission on Environmental Quality (TCEQ) for new Texas Pollutant Discharge Elimination System (TPDES) Permit No. WQ0016162001, to authorize the discharge of treated domestic wastewater at an annual average flow not to exceed 1,000,000 gallons per day. The facility will be located approximately 1 mile southwest of the intersection of Bedford Street and North Farm-to-Market Road 157, in Johnson County, Texas 76084. The treated effluent will be discharged to Reese Branch, thence to Mountain Creek, thence to Joe Little Lake in Segment No. 0838 of the Trinity River Basin. The unclassified receiving water use is limited aquatic life use for Reese Branch, and high aquatic life use for Mountain Creek. The designated uses for Segment No. 0838 are primary contact recreation, public water supply, and high aquatic life use. In accordance with 30 Texas Administrative Code Section 307.5 and the TCEQ's Procedures to Implement the Texas Surface Water Quality Standards (June 2010), an antidegradation review of the existing water was performed. A Tier 1 antidegradation review has preliminarily determined that receiving water quality uses will not be impaired by this permit action. Numerical and narrative criteria to protect existing uses will be maintained. A Tier 2 review has preliminarily determined that no significant degradation of water quality is expected in Mountain Creek, which has been identified as having high aquatic life use. Existing uses will be maintained and protected. The preliminary determination can be reexamined and may be modified if new information is received. This link to an electronic map of the site or facility's general location is provided as a public courtesy and is not part of the application or notice. For the exact location, refer to the application.

The TCEQ Executive Director has completed the technical review of the application and prepared a draft permit. The draft permit, if approved, would establish the conditions under which the facility must operate. The Executive Director has made a preliminary decision that this permit, if issued, meets all statutory and regulatory requirements. The permit application, Executive Director's preliminary decision, and draft permit are available for viewing and copying at Mansfield Public Library, 104 South Westerly Street, Mansfield, Texas.

**UNTESTED CASE HEARING.** The State Office of Administrative Hearings (SOAH) will conduct a preliminary hearing via Zoom videoconference. A Zoom meeting is a secure, free meeting held over the internet that allows video, audio, or audio/video conferencing.

Password: 434302

Visit the SOAH website for registration at <http://www.suah.texas.gov/> or call SOAH at 512-475-4993.

The purpose of a preliminary hearing is to establish jurisdiction, name the parties, establish a procedural schedule for the remainder of the proceeding, and to address matters as determined by the judge. The evidentiary hearing phase of the proceeding, which will occur at a later date, will be similar to a civil trial in state district court. The hearing will address the disputed issues of fact identified in the TCEQ order concerning this application issued on November 6, 2023. In addition to these issues, the judge may consider additional issues if certain factors are met.

The hearing will be conducted in accordance with Chapter 2001, Texas Government Code; Chapter 26, Texas Water Code; and the procedural rules of the TCEQ and SOAH, including 30 TAC Chapter 80 and 1 TAC Chapter 155. The hearing will be held unless all timely hearing requests have been withdrawn or denied.

To request to be a party, you must attend the hearing and show you would be adversely affected by the application in a way not common to members of the general public. Any person may attend the hearing and request to be a party. Only persons named as parties may participate at the hearing.

In accordance with 1 Tex. Admin. Code § 155.401(a), Notice of Hearing, "Parties that are not represented by an attorney may obtain information regarding contested case hearings on the public website of the State Office of Administrative Hearings at [www.suah.texas.gov](http://www.suah.texas.gov), or in printed format upon request to SOAH."

### INFORMATION.

If you need more information about the hearing process for this application, please call the Public Education Program, toll free, at (800) 687 4040. General information about the TCEQ can be found at our web site at [www.tceq.texas.gov](http://www.tceq.texas.gov).

Further information may also be obtained from Megatel Homes, L.L.C. at the address stated above or by calling Mr. Jonathan Nguyen, Permit Specialist, Quiddity Engineering, at (512) 685-5156.

Persons with disabilities who need special accommodations at the hearing should call the SOAH Docketing Department at (512) 475-4993, at least one week prior to the hearing.
