RE: Notice of Hearing Package
Applicant Name: South Central Water Company
Facility Location: Comal County, Texas
Permit Number: WQ0016060001
Type of Authorization: New

Dear Mr. Gregg and Mr. Bailey,

As you know, the Chief Clerk's Office has referred this matter over to the State Office of Administrative Hearings (SOAH) for a contested case hearing on your application.

SOAH will conduct a preliminary hearing via Zoom video conference at:

10:00 a.m. – April 17, 2024

You are now required to publish notice for this hearing. To help you meet the requirements associated with this notice, we have enclosed the following items:

- Notice for Newspaper Publication
- Instructions for Notice of Hearing
- Affidavit of Publication

Please note that it is VERY IMPORTANT that you follow ALL directions in the ENCLOSED INSTRUCTIONS. If you do not, you may be required to republish the notice. One of the most common mistakes we see is the unauthorized changing of notice wording or font. If you have any questions, please contact us before you proceed with publication.

The following items and time limitations are also described in the enclosed instructions. However, due to their importance, we want to highlight them for you.

1. Publish the enclosed notice within at least **30 calendar days** prior to the date of the hearing.
2. Return **acceptable proof of publication** of the complete notice, which shows publication date and newspaper name, to the TCEQ Office of the Chief Clerk within **10 business days** after notice is published in the newspaper.
3. File the original enclosed *Affidavit of Publication* with the TCEQ Office of the Chief Clerk within **30 calendar days** after the notice is published in the newspaper.

If you do not comply with all requirements described in the instructions, further processing of your application may be suspended or the commission may take other actions.

As required by 30 TAC § 80.118(c), the TCEQ Office of the Chief Clerk (OCC) will provide the administrative record to SOAH, and will retain one copy for its files. In addition, one copy of the administrative record will be provided to you by the OCC on CD. Neither SOAH nor TCEQ is responsible for providing additional copies to the parties. However, the OCC can provide copies upon request.

The administrative record is not in evidence until properly offered by motion of a party, and subsequently admitted by the Administrative Law Judge, pursuant to 30 TAC § 80.127(h). The party seeking admission of the administrative record must supply copies to the other parties in the proceeding at the time it is offered, or by agreement of the parties.

If you have any questions regarding publication requirements, or obtaining copies of the administrative record, please contact the SOAH Docket Clerk in the OCC at 512-239-3300. If you have any other questions, please contact Harrison "Cole" Malley at 512-239-0600.

Sincerely,

Laurie Gharis
Chief Clerk

TEXAS COMMISSION ON ENVIRONMENTAL QUALITY

NOTICE OF HEARING South Central Water Company SOAH Docket No. 582-24-11456 TCEQ Docket No. 2023-0955-MWD Permit No. WQ0016060001

APPLICATION.

South Central Water Company, P.O. Box 570177, Houston, Texas 77257, has applied to the Texas Commission on Environmental Quality (TCEQ) for new Texas Pollutant Discharge Elimination System (TPDES) Permit No. WQ0016060001, to authorize the discharge of treated domestic wastewater at a daily average flow not to exceed 600,000 gallons per day.

The facility will be located approximately 4,300 feet north of the intersection of Farm-to-Market Road 1863 and Stahl Lane, in Comal County, Texas 78163. The treated effluent will be discharged via pipe to an unnamed ditch; thence to Upper Cibolo Creek in Segment No. 1908 of the San Antonio River Basin. The unclassified receiving water use is minimal aquatic life use for the unnamed ditch. The designated uses for Segment No. 1908 are primary contact recreation, public water supply, aquifer protection, and high aquatic life use. The aquifer protection use applies as the facility is located in the Edwards Aquifer contributing zone. In accordance with 30 Texas Administrative Code Section 307.5 and the TCEQ's *Procedures to Implement the Texas Surface Water Quality Standards* (June 2010), an antidegradation review of the receiving waters was performed. A Tier 1 antidegradation review has preliminarily determined that existing water quality uses will not be impaired by this permit action. Numerical and narrative criteria to protect existing uses will be maintained. A Tier 2 review has preliminarily determined that no significant degradation of water quality is expected in Upper Cibolo Creek, which has been identified as having high aquatic life use. Existing uses will be maintained and protected. The preliminary determination can be reexamined and may be modified if new information is received. This link to an electronic map of the site or facility's general location is provided as a public courtesy and is not part of the application or notice. For the exact location, refer to the application.

<https://tceq.maps.arcgis.com/apps/webappviewer/index.html?id=db5bac44afbc468bbddd360f8168250f&marker=-98.411388%2C29.759722&level=12>

The TCEQ Executive Director has completed the technical review of the application and prepared a draft permit. The draft permit, if approved, would establish the conditions under which the facility must operate. The Executive Director has made a preliminary decision that this permit, if issued, meets all statutory and regulatory requirements. The permit application, Executive Director's preliminary decision, and draft permit are

available for viewing and copying at Mammen Family Public Library, 131 Bulverde Crossing, Bulverde, Texas.

CONTESTED CASE HEARING.

The State Office of Administrative Hearings (SOAH) will conduct a preliminary hearing via Zoom videoconference. A Zoom meeting is a secure, free meeting held over the internet that allows video, audio, or audio/video conferencing.

10:00 a.m. - April 17, 2024

To join the Zoom meeting via computer:

<https://soah-texas.zoomgov.com/>

Meeting ID: 160 286 9671

Password: CEQ456

or

To join the Zoom meeting via telephone:

(669) 254-5252 or (646) 828-7666

Meeting ID: 160 286 9671

Password: 307771

**Visit the SOAH website for registration at: <http://www.soah.texas.gov/>
or call SOAH at 512-475-4993.**

The purpose of a preliminary hearing is to establish jurisdiction, name the parties, establish a procedural schedule for the remainder of the proceeding, and to address other matters as determined by the judge. The evidentiary hearing phase of the proceeding, which will occur at a later date, will be similar to a civil trial in state district court. The hearing will address the disputed issues of fact identified in the TCEQ order concerning this application issued on November 14, 2023. In addition to these issues, the judge may consider additional issues if certain factors are met.

The hearing will be conducted in accordance with Chapter 2001, Texas Government Code; Chapter 26, Texas Water Code; and the procedural rules of the TCEQ and SOAH, including 30 TAC Chapter 80 and 1 TAC Chapter 155. The hearing will be held unless all timely hearing requests have been withdrawn or denied.

To request to be a party, you must attend the hearing and show you would be adversely affected by the application in a way not common to members of the general public. Any person may attend the hearing and request to be a party. Only persons named as parties may participate at the hearing.

In accordance with 1 Tex. Admin. Code § 155.401(a), Notice of Hearing, “Parties that are not represented by an attorney may obtain information regarding contested case hearings on the public website of the State Office of Administrative Hearings at www.soah.texas.gov, or in printed format upon request to SOAH.”

INFORMATION.

If you need more information about the hearing process for this application, please call the Public Education Program, toll free, at (800) 687-4040. General information about the TCEQ can be found at our web site at www.tceq.texas.gov.

Further information may also be obtained from South Central Water Company at the address stated above or by calling Mr. Jeff Goebel, South Central Water Company, at (713) 724-9321.

Persons with disabilities who need special accommodations at the hearing should call the SOAH Docketing Department at (512) 475-4993, at least one week prior to the hearing.

Issued: March 1, 2024

A handwritten signature in black ink that reads "Laurie Gharis". The signature is written in a cursive, flowing style.

Laurie Gharis, Chief Clerk
Texas Commission on Environmental Quality

TEXAS COMMISSION ON ENVIRONMENTAL QUALITY

INSTRUCTIONS FOR PUBLIC NOTICE For Water Quality Permit

NOTICE OF HEARING

A hearing was requested on issues related to your application and the Commission granted this request. The matter has been referred to the State Office of Administrative Hearings. Now you must comply with the following instructions:

Please Review Notice

We have included in the hearing notice all of the information which we believe is necessary. Please read it carefully and notify us immediately if it contains any errors or omissions. You are responsible for ensuring the accuracy of all information published. You may not change the text of the notice without prior approval from the TCEQ.

Newspaper Notice

- You must publish the enclosed Notice of Hearing no less than **30** days before the hearing.
- You must publish the enclosed Notice of Hearing at least once and at your expense, in a newspaper that is regularly published or circulated in each county where, by virtue of the county's geographical relation to the subject matter of the hearing, a person may reasonably believe persons reside who may be affected by the action that may be taken as a result of the hearing. A list of the appropriate counties provided by the executive director is described in the cover letter.

Proof of Publication

- For each published notice, you must submit proof of publication that shows the notice, the date of publication, and the name of the newspaper to the Office of the Chief Clerk within **10 business days** after the date of publication. Acceptable proof of publication is 1) a copy of the published notice or 2) the original newspaper clipping of the published notice. If you choose to submit a copy of the published notice to the Office of the Chief Clerk, the copy must be on standard-size 8½" x 11" paper and must show

the actual size of the published notice (do not reduce the image when making copies). Published notices longer than 11" must be copied onto multiple 8½" x 11" pages. Please note, submitting a copy of your published notice could result in faster processing of your application. It is recommended that you maintain the original newspaper clipping or tear sheet of the notice for your records.

- You must submit a **publisher's affidavit** to the Office of the Chief Clerk within **30 calendar days** after the date of publication. **You must use the enclosed affidavit form.** The affidavit must clearly identify the applicant's name and permit number.
- You are encouraged to submit the affidavit with the proof of publication described above; however, the affidavit must be submitted no later than **30 calendar days** after publication of notice.
- The **publisher's affidavit** and **proof of publication of the published notice** may be filed with the Chief Clerk electronically at www.tceq.texas.gov/goto/efilings or mailed to:

TCEQ
Office of the Chief Clerk, MC 105
Attn: SOAH Docket Clerk
P.O. Box 13087
Austin, Texas 78711-3087

- Please ensure that the affidavit you send to the Chief Clerk is original and that all blanks on the affidavit are filled in correctly.

Failure to Publish and Submit Proof of Publication

You must meet all publication requirements. **If you fail to publish the notice or submit proof of publication on time**, the TCEQ may suspend further processing of your application or take other actions.

General Information

When contacting the Commission regarding this application, please refer to the permit number and TCEQ Docket number at the top of the Notice of Hearing.

If you have questions or need assistance regarding this notice, please contact the staff attorney listed in the cover letter or the SOAH Docket Clerk in the Office of the Chief Clerk at (512) 239-3300.

Titans rookie QB Willis to start vs. Texas with Tannehill injured

Associated Press

NASHVILLE, Tenn. (AP) — Tennessee rookie Malik Willis will start his third NFL game Saturday against the Houston Texans with veteran quarterback Ryan Tannehill ruled out with an injured right ankle.

Titans coach Mike Vrabel refused to discuss Tannehill's future beyond this game.

"Just out this week," Vrabel said Thursday. "I don't have to issue an injury report for next week until next week."

The Titans (7-7) sit atop the AFC South looking for a third straight division title, yet their once four-game lead is down to one with three games remaining.

Tannehill hurt his right ankle, which he sprained Oct. 23 in a win over Indianapolis, in the first quarter of last week's 17-14 loss in Los Angeles to the Chargers. Tannehill was carted to the locker room, missed one series and returned to finish the game. The 11-year veteran ran for the tying touchdown with 48 seconds left.

This will be Willis' second start against the Texans (1-12-1). He threw only 10 passes in a 17-10 win in Houston on Oct. 30 with Derrick Henry running for 219 yards and two touchdowns. The Titans will need Willis' mobility with center Ben Jones placed on injured reserve after his second concussion in a month.

Right guard Nate Davis

(ankle) has been ruled out for this game. The Titans' other three offensive linemen also are on a lengthy injury report. Left tackle Dennis Daley was added Wednesday with an abdominal injury, joining left guard Aaron Brewer (rib) and right tackle Nicholas Petit-Frere has an injured ankle.

Willis will be backed up by Joshua Dobbs, a fourth-round pick by Pittsburgh out of Tennessee in 2017, who was signed Wednesday off Detroit's practice squad and practiced with the Titans that same day.

Dobbs appeared in six games combined with the Steelers in 2018 and 2020. He spent 2019 with Jacksonville after being traded to the Jaguars.

Dobbs signed with Cleveland earlier this year, and he signed with Detroit's practice squad earlier this month.

"We've seen some guys do it," Dobbs said. "I saw Baker (Mayfield) do it a couple weeks ago, but it's not easy. Luckily there's a lot of crossover in this system from the system I've been in all year in Cleveland in terminology and overall offensive mindset so that helps a ton."

NOTES: The Titans also will be without starting CB Kristian Fulton (groin) along with LB Dylan Cole (ankle) and DB Josh Thompson (concussion). They also placed CB Terrence Mitchell (hamstring) on injured reserve, putting

them at 19. They signed OL Daniel Munyer, added to the practice squad Tuesday, to the active roster.

Steelers set to start QB Pickett

PITTSBURGH (AP) — Kenny Pickett isn't worried that he's become concussion prone after sustaining a second one in a matter of months, though the Pittsburgh Steelers rookie quarterback is taking steps to hopefully avoid more of them down the road.

The 20th overall pick in last spring's draft will wear a larger helmet on Saturday night when the Steelers (6-8) host Las Vegas (6-8). The new helmet offers a little more protection for the back of Pickett's head. Both

of the concussions Pickett has sustained this season — against Tampa Bay on Oct. 16 and against Baltimore on Dec. 11 — came on plays in which the back of his helmet smacked against the Acrisure Stadium turf.

"Slamming my head on the ground is what has been the issue," Pickett said Thursday. "(The new helmet) has (more protection) in the back, which I think will help."

Pickett sat out last week's victory over Carolina after concussion-like symptoms lingered after getting knocked down by Baltimore linebacker Roquan Smith early in the first quarter of what became a 16-14 Ravens victory.

Medical personnel ini-

tially cleared Pickett to go back in the game, but he self-reported issues after returning for one series and was placed into the protocol.

"When I got back out there and started running (and) vision started coming into play more and I'm moving and things are going fast, that's when symptoms started to come up and I had to go inside," Pickett said.

Pickett called the symptoms this time more severe than the ones he experienced after being removed against Tampa Bay in October on a similar hit. He returned to start the next week.

That wasn't an option after the Baltimore game

as symptoms lingered. The Steelers made him inactive, starting Mitch Trubisky in his place.

Pickett said the decision was the right call, but added things have "cleared up now and I'm good to go."

Sitting out gave Pickett a chance to wear the headset and listen in while the coaches went through the calls during the course of the game.

"It was a unique experience," Pickett said. "But I definitely like being out on the field more."

The former Pitt star has made steady strides during the second half of the season. He's gone 129 straight pass attempts without an interception after throwing eight in his first five games.

Texas Commission on Environmental Quality

NOTICE OF PUBLIC MEETING FOR TPDES PERMIT FOR MUNICIPAL WASTEWATER

NEW

PERMIT NO. WQ0016060001

APPLICATION. South Central Water Company, P.O. Box 570177, Houston, Texas 77257, has applied to the Texas Commission on Environmental Quality (TCEQ) for new Texas Pollutant Discharge Elimination System (TPDES) Permit No. WQ0016060001, to authorize the discharge of treated domestic wastewater at a daily average flow not to exceed 600,000 gallons per day.

The facility will be located approximately 4,300 feet north of the intersection of Farm-to-Market Road 1863 and Stahl Lane, in Comal County, Texas 78163. The treated effluent will be discharged via pipe to an unnamed ditch; thence to Upper Cibolo Creek in Segment No. 1908 of the San Antonio River Basin. The unclassified receiving water use is minimal aquatic life use for the unnamed ditch. The designated uses for Segment No. 1908 are primary contact recreation, public water supply, aquifer protection, and high aquatic life use. The aquifer protection use applies as the facility is located in the Edwards Aquifer contributing zone. In accordance with 30 Texas Administrative Code Section 307.5 and the TCEQ's *Procedures to Implement the Texas Surface Water Quality Standards* (June 2010), an antidegradation review of the receiving waters was performed. A Tier 1 antidegradation review has preliminarily determined that existing water quality uses will not be impaired by this permit action. Numerical and narrative criteria to protect existing uses will be maintained. A Tier 2 review has preliminarily determined that no significant degradation of water quality is expected in Upper Cibolo Creek, which has been identified as having high aquatic life use. Existing uses will be maintained and protected. The preliminary determination can be reexamined and may be modified if new information is received. This link to an electronic map of the site or facility's general location is provided as a public courtesy and is not part of the application or notice. For the exact location, refer to the application.

<https://tceq.maps.arcgis.com/apps/webappviewer/index.html?id=db5bac44afbc468bbddd36of8168250f&marker=-98.411388%2C29.759722&level=12>

The TCEQ Executive Director has completed the technical review of the application and prepared a draft permit. The draft permit, if approved, would establish the conditions under which the facility must operate. The Executive Director has made a preliminary decision that this permit, if issued, meets all statutory and regulatory requirements.

PUBLIC COMMENT / PUBLIC MEETING. A public meeting will be held and will consist of two parts, an Informal Discussion Period and a Formal Comment Period. A public meeting is not a contested case hearing under the Administrative Procedure Act. During the Informal Discussion Period, the public will be encouraged to ask questions of the applicant and TCEQ staff concerning the permit application. The comments and questions submitted orally during the Informal Discussion Period will not be considered before a decision is reached on the permit application and no formal response will be made. Responses will be provided orally during the Informal Discussion Period. During the Formal Comment Period on the permit application, members of the public may state their formal comments orally into the official record. A written response to all timely, relevant and material, or significant comments will be prepared by the Executive Director. All formal comments will be considered before a decision is reached on the permit application. A copy of the written response will be sent to each person who submits a formal comment or who requested to be on the mailing list for this permit application and

CL

Continued from page 5

Fredericksburg kept its pace in the third with a 13-0 run. The Hawks did not score until junior shooting guard Sofia George hit a 3-pointer with 1:33 left in the quarter. It was their only field goal of the quarter, finishing the quarter down 67-20.

The fourth quarter was

the Hawks' worst period of the game, only scoring one point off a free throw from sophomore Mia Vorhies with 2:29 left.

The Billies outscored the Hawks 28-4 in the second half, leading to the lopsided victory.

The Hawks will head on the road to play in the Wimberley HoopFest, a three-day tournament from Dec. 28-30 at Wimberley High School.

Texas Commission on Environmental Quality

NOTICE OF PUBLIC MEETING FOR TPDES PERMIT FOR MUNICIPAL WASTEWATER

NEW

PERMIT NO. WQ0016060001

APPLICATION. South Central Water Company, P.O. Box 570177, Houston, Texas 77257, has applied to the Texas Commission on Environmental Quality (TCEQ) for new Texas Pollutant Discharge Elimination System (TPDES) Permit No. WQ0016060001, to authorize the discharge of treated domestic wastewater at a daily average flow not to exceed 600,000 gallons per day.

The facility will be located approximately 4,300 feet north of the intersection of Farm-to-Market Road 1863 and Stahl Lane, in Comal County, Texas 78163. The treated effluent will be discharged via pipe to an unnamed ditch; thence to Upper Cibolo Creek in Segment No. 1908 of the San Antonio River Basin. The unclassified receiving water use is minimal aquatic life use for the unnamed ditch. The designated uses for Segment No. 1908 are primary contact recreation, public water supply, aquifer protection, and high aquatic life use. The aquifer protection use applies as the facility is located in the Edwards Aquifer contributing zone. In accordance with 30 Texas Administrative Code Section 307.5 and the TCEQ's *Procedures to Implement the Texas Surface Water Quality Standards* (June 2010), an antidegradation review of the receiving waters was performed. A Tier 1 antidegradation review has preliminarily determined that existing water quality uses will not be impaired by this permit action. Numerical and narrative criteria to protect existing uses will be maintained. A Tier 2 review has preliminarily determined that no significant degradation of water quality is expected in Upper Cibolo Creek, which has been identified as having high aquatic life use. Existing uses will be maintained and protected. The preliminary determination can be reexamined and may be modified if new information is received. This link to an electronic map of the site or facility's general location is provided as a public courtesy and is not part of the application or notice. For the exact location, refer to the application.

<https://tceq.maps.arcgis.com/apps/webappviewer/index.html?id=db5bac44afbc468bbdd360f8168250f&marker=-98.411388%2C29.759722&level=12>

The TCEQ Executive Director has completed the technical review of the application and prepared a draft permit. The draft permit, if approved, would establish the conditions under which the facility must operate. The Executive Director has made a preliminary decision that this permit, if issued, meets all statutory and regulatory requirements.

PUBLIC COMMENT / PUBLIC MEETING. A public meeting will be held and will consist of two parts, an Informal Discussion Period and a Formal Comment Period. A public meeting is not a contested case hearing under the Administrative Procedure Act. During the Informal Discussion Period, the public will be encouraged to ask questions of the applicant and TCEQ staff concerning the permit application. The comments and questions submitted orally during the Informal Discussion Period will not be considered before a decision is reached on the permit application and no formal response will be made. Responses will be provided orally during the Informal Discussion Period. During the Formal Comment Period on the permit application, members of the public may state their formal comments orally into the official record. A written response to all timely, relevant and material, or significant comments will be prepared by the Executive Director. All formal comments will be considered before a decision is reached on the permit application. A copy of the written response will be sent to each person who submits a formal comment or who requested to be on the mailing list for this permit application and provides a mailing address. Only relevant and material issues raised during the Formal Comment Period can be considered if a contested case hearing is granted on this permit application.

The Public Meeting is to be held:

Thursday, January 26, 2023 at 7:00 PM
Hampton Inn Bulverde Texas Hill Country
499 Singing Oaks
Spring Branch, Texas 78070

INFORMATION. Members of the public are encouraged to submit written comments anytime during the meeting or by mail before the close of the public comment period to the Office of the Chief Clerk, TCEQ, Mail Code MC-105, P.O. Box 13087, Austin, TX 78711-3087 or electronically at www.tceq.texas.gov/goto/comment. If you need more information about the permit application or the permitting process, please call the TCEQ Public Education Program, Toll Free, at 1-800-687-4040. Si desea información en Español, puede llamar 1-800-687-4040. General information about the TCEQ can be found at our web site at <http://www.tceq.texas.gov>.

The permit application, Executive Director's preliminary decision, and draft permit are available for viewing and copying at Mammen Family Public Library, 131 Bulverde Crossing, Bulverde, Texas. Further information may also be obtained from South Central Water Company at the address stated above or by calling Mr. Doug Bailey, South Central Water Company, at 713-783-6611.

Persons with disabilities who need special accommodations at the meeting should call the Office of the Chief Clerk at (512) 239-3300 or 1-800-RELAY-TX (TDD) at least five business days prior to the meeting.

Student planning for her future with long-distance boyfriend

DEAR ABBY: I am a senior in high school in a long-distance relationship. My boyfriend, "Grant," and I live two states apart and have visited each other several times. He's four years older than I am. We met three years ago, when Grant was 19 and I was 15, and became friends through banter online. However, he had a girlfriend and we were nothing more than friends. I developed feelings, but he did not reciprocate because I was underage. Later, after he and his girlfriend broke up, I told him how I felt and we became a couple. That was 10 months ago.

Grant asked me to move in with him next year, and I have decided to do so. His college tuition and housing are paid for, and he wants to help in paying mine while we pursue an in-person relationship. Some of my relatives know about my decision, but the two family members I live with do not. They are very serious and old-fashioned in their beliefs and do not respect my relationship in any way. I'm not sure how to tell them about my decision to move 900 miles away to a state where neither Grant nor I have friends or family. I'm looking for any advice possible. — BIG PLANS IN INDIANA

DEAR BIG PLANS: I'm glad you are seeking advice about this because I have serious reservations about what you are planning. If you move in with Grant (as generous as his offer may be), you will be

DEAR ABBY

Dear Abby is written by Abigail Van Buren, also known as Jeanne Phillips, and was founded by her mother, Pauline Phillips. Write Dear Abby at P.O. Box 69440, Los Angeles 90069, or visit www.Dear-Abby.com.

denying him and yourself an important aspect of the college experience. This is a chance for each of you to complete your education, as well as grow and define yourselves as INDIVIDUALS. Both of you will meet new people and develop interests apart from the other, which is both challenging and healthy. Please do not deny yourself or Grant this important experience.

DEAR ABBY: Our family is worried about my brother. Ever since he met and married his wife, he has changed. There was a "surprise" baby. Access to the baby is limited — even my parents, who visit only once a year, must schedule an appointment at least two days in advance. My brother now rarely leaves the house. He has begun questioning my parents about their will. He is asking to be bought out of the family "business," which he has stated numerous times that he absolutely loves being a part of.

Abby, I know you typically say to stand aside and offer support if asked, but some of his decisions, like wanting to leave the family business, will have serious negative impacts on the whole family. Is there anything we can do? — CONCERNED BIG BROTHER IN WASHINGTON

DEAR BIG BROTHER: Your brother's wife appears to be very controlling. Is he all right? I ask because you wrote that he has always loved the family business. Because his request to be bought out will affect everyone, all of the principals — including your brother — should meet with your

attorney as well as your financial adviser to discuss what that will mean for all of you. If this is being caused by your brother's wife, do not allow her to isolate him. Assure him that you will always be there for him regardless where his path may lead.

DEAR ABBY: My husband of 2 1/2 years was having an affair with a much younger woman for what I believe was about two months. I never suspected. It ended because he got caught. I was devastated and asked him to leave that night. He always seemed uninterested in sex, and when we had sex, it was quick. He

had difficulty performing so, of course, I was extra shocked.

We went to marriage counseling, which didn't help. I decided to stay with him, but I'm miserable. I can't get over the fact that he cheated, and I bring it up all the time. I no longer trust him and wonder why I stay. I love him and I don't at the same time. I feel stuck.

I was married before, and I feel like a failure. I'm in good physical shape, financially successful and loving. What went wrong? I always felt he was hiding something, but he swears he wasn't. He says this was the first time he's cheated on a woman and he was

confused. I wish I had the courage to leave, but I feel defeated because I just

turned 60. Please help. — DEPRESSED AND HOPELESS IN INDIANA

DEAR D and H: You are not a failure. Your husband is. The surest way to find out "what went wrong" and begin rebuilding your self-esteem would be to discuss this entire scenario BY YOURSELF with a licensed marriage and family therapist. The reason you haven't left this marriage may be that you are self-conscious about your age or think nothing is worse than being alone. Life does not end at 60, and THIS is worse than being alone.

Comisión de Calidad Ambiental de Texas

CONVOCATORIA DE REUNIÓN PÚBLICA PARA EL PERMISO TPDES PARA AGUAS RESIDUALES MUNICIPALES

Nuevo

PERMISO N.º WQ0016060001

SOLICITUD. South Central Water Company, P.O. Box 570177, Houston, Texas 77257, ha solicitado a la Comisión de Calidad Ambiental de Texas (TCEQ, por sus siglas en inglés) el nuevo Permiso N.º WQ0016060001, para autorizar la descarga de aguas residuales domésticas tratadas a un flujo promedio diario que no exceda los 600,000 galones por día.

La instalación estará ubicada aproximadamente a 4,300 pies al norte de la intersección de Farm-to-Market Road 1863 y Stahl Lane, en el Condado de Comal, Texas 78163. El efluente tratado se descargará a través de una tubería a una zanja sin nombre; de allí a Upper Cibolo Creek en el Segmento N.º 1908 de la cuenca del Río San Antonio. El uso de agua receptora no clasificada es un uso mínimo de vida acuática para la zanja sin nombre. Los usos designados para el segmento N.º 1908 son recreación de contacto primario, suministro público de agua, protección de acuíferos y alto uso de vida acuática. El uso de protección del acuífero se aplica ya que la instalación está ubicada en la zona contribuyente del acuífero Edwards. De acuerdo con 30 Código Administrativo de Texas Sección 307.5 y los Procedimientos de la TCEQ para implementar los Estándares de Calidad de Aguas Superficiales de Texas (junio de 2010), se realizó una revisión antidegradación de las aguas receptoras. Una revisión antidegradación de Nivel 1 ha determinado preliminarmente que los usos existentes de la calidad del agua no se verán afectados por esta acción de permiso. Se mantendrán criterios numéricos y narrativos para proteger los usos existentes. Una revisión de Nivel 2 ha determinado preliminarmente que no se espera una degradación significativa de la calidad del agua en Upper Cibolo Creek, que se ha identificado que tiene un alto uso de vida acuática. Los usos existentes se mantendrán y protegerán. La determinación preliminar puede ser reexaminada y puede ser modificada si se recibe nueva información. Este enlace a un mapa electrónico de la ubicación general del sitio o instalación se proporciona como cortesía pública y no forma parte de la solicitud o aviso. <https://tceq.maps.arcgis.com/apps/webappviewer/index.html?id=db5bac44afbc468bddd360f8168250f&marker=-98.411388%2C29.759722&level=12>

El Director Ejecutivo de la TCEQ ha completado la revisión técnica de la solicitud y ha preparado un bosquejo de permiso. El bosquejo de permiso, si se aprueba, establecerá las condiciones bajo las cuales la instalación debe operar. El Director Ejecutivo ha adoptado una decisión preliminar de que este permiso, si se expide, cumple todos los requisitos legales y reglamentarios.

COMENTARIO PÚBLICO / REUNIÓN PÚBLICA. Se llevará a cabo una reunión pública que constará de dos partes, un Periodo de Discusión Informal y un Periodo de Comentarios Formales. Una reunión pública no es una audiencia de caso impugnado en virtud de la Ley de Procedimiento Administrativo. Durante el Periodo de Discusión Informal, se alentará al público a hacer preguntas al solicitante y al personal de la TCEQ sobre la solicitud de permiso. Los comentarios y preguntas presentadas oralmente durante el Periodo de Discusión Informal no serán considerados antes de que se llegue a una decisión sobre la solicitud de permiso y no se dará una respuesta formal. Las respuestas se proporcionarán oralmente durante el Periodo de Discusión Informal. Durante el Periodo de Comentarios Formales sobre la solicitud de permiso, los miembros del público pueden declarar sus comentarios formales oralmente en el registro oficial. El Director Ejecutivo preparará una respuesta por escrito a todos los comentarios oportunos, pertinentes y materiales, o significativas. Todos los comentarios formales

became a couple. That was 10 months ago.

Grant asked me to move in with him next year, and I have decided to do so. His college tuition and housing are paid for, and he wants to help in paying mine while we pursue an in-person relationship. Some of my relatives know about my decision, but the two family members I live with do not. They are very serious and old-fashioned in their beliefs and do not respect my relationship in any way. I'm not sure how to tell them about my decision to move 900 miles away to a state where neither Grant nor I have friends or family. I'm looking for any advice possible. — BIG PLANS IN INDIANA

DEAR BIG PLANS: I'm glad you are seeking advice about this because I have serious reservations about what you are planning. If you move in with Grant (as generous as his offer may be), you will be

college experience. This is a chance for each of you to complete your education, as well as grow and define yourselves as INDIVIDUALS. Both of you will meet new people and develop interests apart from the other, which is both challenging and healthy. Please do not deny yourself or Grant this important experience.

DEAR ABBY: Our family is worried about my brother. Ever since he met and married his wife, he has changed. There was a "surprise" baby. Access to the baby is limited — even my parents, who visit only once a year, must schedule an appointment at least two days in advance. My brother now rarely leaves the house. He has begun questioning my parents about their will. He is asking to be bought out of the family business, which he has stated numerous times that he absolutely loves being a part of.

out will affect everyone, leave that night. He all of the principals — including your brother — should meet with your

something, but he swears he wasn't. He says this was the first time he's cheated on a woman and he was worse than being alone. Life does not end at 60, and THIS is worse than being alone.

**CANYON LAKE
PET OF THE WEEK**

Words cannot explain how absolutely amazing this girl is! We have named her Diva. Diva is an old girl, maybe 9-10, possibly a boxer mix. She is so gentle and sweet to every dog she has met, every kitten she has sniffed, and every kid that has walked in the door. She is both crate trained and housebroken. We leave her in our lobby when we leave for the day. If you're looking for an overall gentle, loving, older girl, Diva is the one! Come meet her before one of our staff members takes her home.

Titans rookie QB Willis to start vs. Texas with Tannehill injured

Associated Press

NASHVILLE, Tenn. (AP) — Tennessee rookie Malik Willis will start his third NFL game Saturday against the Houston Texans with veteran quarterback Ryan Tannehill ruled out with an injured right ankle.

Titans coach Mike Vrabel refused to discuss Tannehill's future beyond this game.

"Just out this week," Vrabel said Thursday. "I don't have to issue an injury report for next week until next week."

The Titans (7-7) sit atop the AFC South looking for a third straight division title, yet their once four-game lead is down to one with three games remaining.

Tannehill hurt his right ankle, which he sprained Oct. 23 in a win over Indianapolis, in the first quarter of last week's 17-14 loss in Los Angeles to the Chargers. Tannehill was carted to the locker room, missed one series and returned to finish the game. The 11-year veteran ran for the tying touchdown with 48 seconds left.

This will be Willis' second start against the Texans (1-12-1). He threw only 10 passes in a 17-10 win in Houston on Oct. 30 with Derrick Henry running for 219 yards and two touchdowns. The Titans will need Willis' mobility with center Ben Jones placed on injured reserve after his second concussion in a month.

Right guard Nate Davis

(ankle) has been ruled out for this game. The Titans' other three offensive linemen also are on a lengthy injury report. Left tackle Dennis Daley was added Wednesday with an abdominal injury, joining left guard Aaron Brewer (rib) and right tackle Nicholas Petit-Frere has an injured ankle.

Willis will be backed up by Joshua Dobbs, a fourth-round pick by Pittsburgh out of Tennessee in 2017, who was signed Wednesday off Detroit's practice squad and practiced with the Titans that same day.

Dobbs appeared in six games combined with the Steelers in 2018 and 2020. He spent 2019 with Jacksonville after being traded to the Jaguars.

Dobbs signed with Cleveland earlier this year, and he signed with Detroit's practice squad earlier this month.

"We've seen some guys do it," Dobbs said. "I saw Baker (Mayfield) do it a couple weeks ago, but it's not easy. Luckily there's a lot of crossover in this system from the system I've been in all year in Cleveland in terminology and overall offensive mindset so that helps a ton."

NOTES: The Titans also will be without starting CB Kristian Fulton (groin) along with LB Dylan Cole (ankle) and DB Josh Thompson (concussion). They also placed CB Terrence Mitchell (hamstring) on injured reserve, putting

them at 19. They signed OL Daniel Munyer, added to the practice squad Tuesday, to the active roster.

Steelers set to start QB Pickett

PITTSBURGH (AP) — Kenny Pickett isn't worried that he's become concussion prone after sustaining a second one in a matter of months, though the Pittsburgh Steelers rookie quarterback is taking steps to hopefully avoid more of them down the road.

The 20th overall pick in last spring's draft will wear a larger helmet on Saturday night when the Steelers (6-8) host Las Vegas (6-8). The new helmet offers a little more protection for the back of Pickett's head. Both

of the concussions Pickett has sustained this season — against Tampa Bay on Oct. 16 and against Baltimore on Dec. 11 — came on plays in which the back of his helmet smacked against the Acrisure Stadium turf. "Slamming my head on the ground is what has been the issue," Pickett said Thursday. "(The new helmet) has (more protection) in the back, which I think will help."

Pickett sat out last week's victory over Carolina after concussion-like symptoms lingered after getting knocked down by Baltimore linebacker Roquan Smith early in the first quarter of what became a 16-14 Ravens victory.

Medical personnel ini-

tially cleared Pickett to go back in the game, but he self-reported issues after returning for one series and was placed into the protocol.

"When I got back out there and started running (and) vision started coming into play more and I'm moving and things are going fast, that's when symptoms started to come up and I had to go inside," Pickett said.

Pickett called the symptoms this time more severe than the ones he experienced after being removed against Tampa Bay in October on a similar hit. He returned to start the next week.

That wasn't an option after the Baltimore game

as symptoms lingered. The Steelers made him inactive, starting Mitch Trubisky in his place.

Pickett said the decision was the right call, but added things have "cleared up now and I'm good to go."

Sitting out gave Pickett a chance to wear the headset and listen in while the coaches went through the calls during the course of the game.

"It was a unique experience," Pickett said. "But I definitely like being out on the field more."

The former Pitt star has made steady strides during the second half of the season. He's gone 129 straight pass attempts without an interception after throwing eight in his first five games.

Texas Commission on Environmental Quality

NOTICE OF PUBLIC MEETING FOR TPDES PERMIT FOR MUNICIPAL WASTEWATER

NEW

PERMIT NO. WQ0016060001

APPLICATION. South Central Water Company, P.O. Box 570177, Houston, Texas 77257, has applied to the Texas Commission on Environmental Quality (TCEQ) for new Texas Pollutant Discharge Elimination System (TPDES) Permit No. WQ0016060001, to authorize the discharge of treated domestic wastewater at a daily average flow not to exceed 600,000 gallons per day.

The facility will be located approximately 4,300 feet north of the intersection of Farm-to-Market Road 1863 and Stahl Lane, in Comal County, Texas 78163. The treated effluent will be discharged via pipe to an unnamed ditch; thence to Upper Cibolo Creek in Segment No. 1908 of the San Antonio River Basin. The unclassified receiving water use is minimal aquatic life use for the unnamed ditch. The designated uses for Segment No. 1908 are primary contact recreation, public water supply, aquifer protection, and high aquatic life use. The aquifer protection use applies as the facility is located in the Edwards Aquifer contributing zone. In accordance with 30 Texas Administrative Code Section 307.5 and the TCEQ's *Procedures to Implement the Texas Surface Water Quality Standards* (June 2010), an antidegradation review of the receiving waters was performed. A Tier 1 antidegradation review has preliminarily determined that existing water quality uses will not be impaired by this permit action. Numerical and narrative criteria to protect existing uses will be maintained. A Tier 2 review has preliminarily determined that no significant degradation of water quality is expected in Upper Cibolo Creek, which has been identified as having high aquatic life use. Existing uses will be maintained and protected. The preliminary determination can be reexamined and may be modified if new information is received. This link to an electronic map of the site or facility's general location is provided as a public courtesy and is not part of the application or notice. For the exact location, refer to the application.

<https://tceq.maps.arcgis.com/apps/webappviewer/index.html?id=db5bac44afbc468bbdd4360f8168250f&marker=-98.411388%2C29.759722&level=12>

The TCEQ Executive Director has completed the technical review of the application and prepared a draft permit. The draft permit, if approved, would establish the conditions under which the facility must operate. The Executive Director has made a preliminary decision that this permit, if issued, meets all statutory and regulatory requirements.

PUBLIC COMMENT / PUBLIC MEETING. A public meeting will be held and will consist of two parts, an Informal Discussion Period and a Formal Comment Period. A public meeting is not a contested case hearing under the Administrative Procedure Act. During the Informal Discussion Period, the public will be encouraged to ask questions of the applicant and TCEQ staff concerning the permit application. The comments and questions submitted orally during the Informal Discussion Period will not be considered before a decision is reached on the permit application and no formal response will be made. Responses will be provided orally during the Informal Discussion Period. During the Formal Comment Period on the permit application, members of the public may state their formal comments orally into the official record. A written response to all timely, relevant and material, or significant comments will be prepared by the Executive Director. All formal comments will be considered before a decision is reached on the permit application. A copy of the written response will be sent to each person who submits a formal comment or who requested to be on the mailing list for this permit application and

CL

During the Formal Comment Period on the permit application, members of the public may state their formal comments orally into the official record. A written response to all timely, relevant and material, or significant comments will be prepared by the Executive Director. All formal comments will be considered before a decision is reached on the permit application. A copy of the written response will be sent to each person who submits a formal comment or who requested to be on the mailing list for this permit application and provides a mailing address. Only relevant and material issues raised during the Formal Comment Period can be considered if a contested case hearing is granted on this permit application.

The Public Meeting is to be held:

Thursday, January 26, 2023 at 7:00 PM
Hampton Inn Bulverde Texas Hill Country
499 Singing Oaks
Spring Branch, Texas 78070

INFORMATION. Members of the public are encouraged to submit written comments anytime during the meeting or by mail before the close of the public comment period to the Office of the Chief Clerk, TCEQ, Mail Code MC-105, P.O. Box 13087, Austin, TX 78711-3087 or electronically at www.tceq.texas.gov/goto/comment. If you need more information about the permit application or the permitting process, please call the TCEQ Public Education Program, Toll Free, at 1-800-687-4040. Si desea información en Español, puede llamar 1-800-687-4040. General information about the TCEQ can be found at our web site at [https://www.tceq.texas.gov](http://www.tceq.texas.gov).

The permit application, Executive Director's preliminary decision, and draft permit are available for viewing and copying at Mammen Family Public Library, 131 Bulverde Crossing, Bulverde, Texas. Further information may also be obtained from South Central Water Company at the address stated above or by calling Mr. Doug Bailey, South Central Water Company, at 713-783-6611.

Persons with disabilities who need special accommodations at the meeting should call the Office of the Chief Clerk at (512) 239-3300 or 1-800-RELAY-TX (TDD) at least five business days prior to the meeting.

Issued: December 13, 2022

Student planning for her future with long-distance boyfriend

DEAR ABBY: I am a senior in high school in a long-distance relationship. My boyfriend, "Grant," and I live two states apart and have visited each other several times. He's four years older than I am. We met three years ago, when Grant was 19 and I was 15, and became friends through banter online. However, he had a girlfriend and we were nothing more than friends. I developed feelings, but he did not reciprocate because I was underage. Later, after he and his girlfriend broke up, I told him how I felt and we became a couple. That was 10 months ago.

Grant asked me to move in with him next year, and I have decided to do so. His college tuition and housing are paid for, and he wants to help in paying mine while we pursue an in-person relationship. Some of my relatives know about my decision, but the two family members I live with do not. They are very serious and old-fashioned in their beliefs and do not respect my relationship in any way. I'm not sure how to tell them about my decision to move 900 miles away to a state where neither Grant nor I have friends or family. I'm looking for any advice possible. — BIG PLANS IN INDIANA

DEAR BIG PLANS: I'm glad you are seeking advice about this because I have serious reservations about what you are planning. If you move in with Grant (as generous as his offer may be), you will be

DEAR ABBY

Dear Abby is written by Abigail Van Buren, also known as Jeanne Phillips, and was founded by her mother, Pauline Phillips. Write Dear Abby at P.O. Box 69440, Los Angeles 90069, or visit www.Dear-Abby.com.

denying him and yourself an important aspect of the college experience. This is a chance for each of you to complete your education, as well as grow and define yourselves as INDIVIDUALS. Both of you will meet new people and develop interests apart from the other, which is both challenging and healthy. Please do not deny yourself or Grant this important experience.

DEAR ABBY: Our family is worried about my brother. Ever since he met and married his wife, he has changed. There was a "surprise" baby. Access to the baby is limited — even my parents, who visit only once a year, must schedule an appointment at least two days in advance. My brother now rarely leaves the house. He has begun questioning my parents about their will. He is asking to be bought out of the family business, which he has stated numerous times that he absolutely loves being a part of.

Abby, I know you typically say to stand aside and offer support if asked, but some of his decisions, like wanting to leave the family business, will have serious negative impacts on the whole family. Is there anything we can do? — CONCERNED BIG BROTHER IN WASHINGTON

DEAR BIG BROTHER: Your brother's wife appears to be very controlling. Is he all right? I ask because you wrote that he has always loved the family business. Because his request to be bought out will affect everyone, all of the principals — including your brother — should meet with your

attorney as well as your financial adviser to discuss what that will mean for all of you. If this is being caused by your brother's wife, do not allow her to isolate him. Assure him that you will always be there for him regardless where his path may lead.

DEAR ABBY: My husband of 2 1/2 years was having an affair with a much younger woman for what I believe was about two months. I never suspected. It ended because he got caught. I was devastated and asked him to leave that night. He always seemed uninterested in sex, and when we had sex, it was quick. He

had difficulty performing so, of course, I was extra shocked.

We went to marriage counseling, which didn't help. I decided to stay with him, but I'm miserable. I can't get over the fact that he cheated, and I bring it up all the time. I no longer trust him and wonder why I stay. I love him and I don't at the same time. I feel stuck.

I was married before, and I feel like a failure. I'm in good physical shape, financially successful and loving. What went wrong? I always felt he was hiding something, but he swears he wasn't. He says this was the first time he's cheated on a woman and he was

confused. I wish I had the courage to leave, but I feel defeated because I just turned 60. Please help.

— DEPRESSED AND HOPELESS IN INDIANA

DEAR D and H: You are not a failure. Your husband is. The surest way to find out "what went wrong" and begin rebuilding your self-esteem would be to discuss this entire scenario BY YOURSELF with a licensed marriage and family therapist. The reason you haven't left this marriage may be that you are self-conscious about your age or think nothing is worse than being alone. Life does not end at 60, and THIS is worse than being alone.

Comisión de Calidad Ambiental de Texas

CONVOCATORIA DE REUNIÓN PÚBLICA PARA EL PERMISO TPDES PARA AGUAS RESIDUALES MUNICIPALES

Nuevo

PERMISO N.º WQ0016060001

SOLICITUD. South Central Water Company, P.O. Box 570177, Houston, Texas 77257, ha solicitado a la Comisión de Calidad Ambiental de Texas (TCEQ, por sus siglas en inglés) el nuevo Permiso N.º WQ0016060001, para autorizar la descarga de aguas residuales domésticas tratadas a un flujo promedio diario que no exceda los 600,000 galones por día.

La instalación estará ubicada aproximadamente a 4,300 pies al norte de la intersección de Farm-to-Market Road 1863 y Stahl Lane, en el Condado de Comal, Texas 78163. El efluente tratado se descargará a través de una tubería a una zanja sin nombre; de allí a Upper Cibolo Creek en el Segmento N.º 1908 de la cuenca del Río San Antonio. El uso de agua receptora no clasificada es un uso mínimo de vida acuática para la zanja sin nombre. Los usos designados para el segmento N.º 1908 son recreación de contacto primario, suministro público de agua, protección de acuíferos y alto uso de vida acuática. El uso de protección del acuífero se aplica ya que la instalación está ubicada en la zona contribuyente del acuífero Edwards. De acuerdo con 30 Código Administrativo de Texas Sección 307.5 y los Procedimientos de la TCEQ para implementar los Estándares de Calidad de Aguas Superficiales de Texas (junio de 2010), se realizó una revisión antidegradación de las aguas receptoras. Una revisión antidegradación de Nivel 1 ha determinado preliminarmente que los usos existentes de la calidad del agua no se verán afectados por esta acción de permiso. Se mantendrán criterios numéricos y narrativos para proteger los usos existentes. Una revisión de Nivel 2 ha determinado preliminarmente que no se espera una degradación significativa de la calidad del agua en Upper Cibolo Creek, que se ha identificado que tiene un alto uso de vida acuática. Los usos existentes se mantendrán y protegerán. La determinación preliminar puede ser reexaminada y puede ser modificada si se recibe nueva información. Este enlace a un mapa electrónico de la ubicación general del sitio o instalación se proporciona como cortesía pública y no forma parte de la solicitud o aviso. Para conocer la ubicación exacta, consulte la solicitud.

<https://tceq.maps.arcgis.com/apps/webappviewer/index.html?id=db5bac44afbc468bbdd360f8168250f&marker=-98.411388%2C29.759722&level=12>

El Director Ejecutivo de la TCEQ ha completado la revisión técnica de la solicitud y ha preparado un bosquejo de permiso. El bosquejo de permiso, si se aprueba, establecerá las condiciones bajo las cuales la instalación debe operar. El Director Ejecutivo ha adoptado una decisión preliminar de que este permiso, si se expide, cumple todos los requisitos legales y reglamentarios.

COMENTARIO PÚBLICO / REUNIÓN PÚBLICA. Se llevará a cabo una reunión pública que constará de dos partes, un Periodo de Discusión Informal y un Periodo de Comentarios Formales. Una reunión pública no es una audiencia de caso impugnado en virtud de la Ley de Procedimiento Administrativo. Durante el Periodo de Discusión Informal, se alentará al público a hacer preguntas al solicitante y al personal de la TCEQ sobre la solicitud de permiso. Los comentarios y preguntas presentadas oralmente durante el Periodo de Discusión Informal no serán considerados antes de que se llegue a una decisión sobre la solicitud de permiso y no se dará una respuesta formal. Las respuestas se proporcionarán oralmente durante el Periodo de Discusión Informal. Durante el Periodo de Comentarios Formales sobre la solicitud de permiso, los miembros del público pueden declarar sus comentarios formales oralmente en el registro oficial. El Director Ejecutivo preparará una respuesta por escrito a todas los comentarios oportunos, pertinentes y materiales, o significativas. Todos los comentarios formales serán considerados antes de llegar a una decisión sobre la solicitud de permiso. Se enviará una copia de la

CANYON LAKE PET OF THE WEEK

Words cannot explain how absolutely amazing this girl is! We have named her Diva. Diva is an old girl, maybe 9-10, possibly a boxer mix. She is so gentle and sweet to every dog she has met, every kitten she has sniffed, and every kid that has walked in the door. She is both crate trained and housebroken. We leave her in our lobby when we leave for the day. If you're looking for an overall gentle, loving, older girl, Diva is the one! Come meet her before one of our staff members takes her home.

Texas Commission on Environmental Quality

NOTICE OF PUBLIC MEETING FOR TPDES PERMIT FOR MUNICIPAL WASTEWATER

NEW

PERMIT NO. WQ0016060001

APPLICATION. South Central Water Company, P.O. Box 570177, Houston, Texas 77257, has applied to the Texas Commission on Environmental Quality (TCEQ) for new Texas Pollutant Discharge Elimination System (TPDES) Permit No. WQ0016060001, to authorize the discharge of treated domestic wastewater at a daily average flow not to exceed 600,000 gallons per day.

The facility will be located approximately 4,300 feet north of the intersection of Farm-to-Market Road 1863 and Stahl Lane, in Comal County, Texas 78163. The treated effluent will be discharged via pipe to an unnamed ditch; thence to Upper Cibolo Creek in Segment No. 1908 of the San Antonio River Basin. The unclassified receiving water use is minimal aquatic life use for the unnamed ditch. The designated uses for Segment No. 1908 are primary contact recreation, public water supply, aquifer protection, and high aquatic life use. The aquifer protection use applies as the facility is located in the Edwards Aquifer contributing zone. In accordance with 30 Texas Administrative Code Section 307.5 and the TCEQ's *Procedures to Implement the Texas Surface Water Quality Standards* (June 2010), an antidegradation review of the receiving waters was performed. A Tier 1 antidegradation review has preliminarily determined that existing water quality uses will not be impaired by this permit action. Numerical and narrative criteria to protect existing uses will be maintained. A Tier 2 review has preliminarily determined that no significant degradation of water quality is expected in Upper Cibolo Creek, which has been identified as having high aquatic life use. Existing uses will be maintained and protected. The preliminary determination can be reexamined and may be modified if new information is received. This link to an electronic map of the site or facility's general location is provided as a public courtesy and is not part of the application or notice. For the exact location, refer to the application.

<https://tceq.maps.arcgis.com/apps/webappviewer/index.html?id=db5bac44afbc468bbddd36of816825of&marker=-98.411388%2C29.759722&level=12>

The TCEQ Executive Director has completed the technical review of the application and prepared a draft permit. The draft permit, if approved, would establish the conditions under which the facility must operate. The Executive Director has made a preliminary decision that this permit, if issued, meets all statutory and regulatory requirements.

PUBLIC COMMENT / PUBLIC MEETING. A public meeting will be held and will consist of two parts, an Informal Discussion Period and a Formal Comment Period. A public meeting is not a contested case hearing under the Administrative Procedure Act. During the Informal Discussion Period, the public will be encouraged to ask questions of the applicant and TCEQ staff concerning the permit application. The comments and questions submitted orally during

the Informal Discussion Period will not be considered before a decision is reached on the permit application and no formal response will be made. Responses will be provided orally during the Informal Discussion Period. During the Formal Comment Period on the permit application, members of the public may state their formal comments orally into the official record. A written response to all timely, relevant and material, or significant comments will be prepared by the Executive Director. All formal comments will be considered before a decision is reached on the permit application. A copy of the written response will be sent to each person who submits a formal comment or who requested to be on the mailing list for this permit application and provides a mailing address. Only relevant and material issues raised during the Formal Comment Period can be considered if a contested case hearing is granted on this permit application.

The Public Meeting is to be held:

**Thursday, January 26, 2023 at 7:00 PM
Hampton Inn Bulverde Texas Hill Country
499 Singing Oaks
Spring Branch, Texas 78070**

INFORMATION. Members of the public are encouraged to submit written comments anytime during the meeting or by mail before the close of the public comment period to the Office of the Chief Clerk, TCEQ, Mail Code MC-105, P.O. Box 13087, Austin, TX 78711-3087 or electronically at www.tceq.texas.gov/goto/comment. If you need more information about the permit application or the permitting process, please call the TCEQ Public Education Program, Toll Free, at 1-800-687-4040. *Si desea información en Español, puede llamar 1-800-687-4040.* General information about the TCEQ can be found at our web site at <https://www.tceq.texas.gov>.

The permit application, Executive Director's preliminary decision, and draft permit are available for viewing and copying at Mammen Family Public Library, 131 Bulverde Crossing, Bulverde, Texas. Further information may also be obtained from South Central Water Company at the address stated above or by calling Mr. Doug Bailey, South Central Water Company, at **713-783-6611**.

Persons with disabilities who need special accommodations at the meeting should call the Office of the Chief Clerk at (512) 239-3300 or 1-800-RELAY-TX (TDD) at least five business days prior to the meeting.

Issued: December 13, 2022

Comisión de Calidad Ambiental de Texas

CONVOCATORIA DE REUNIÓN PÚBLICA PARA EL PERMISO TPDES PARA AGUAS RESIDUALES MUNICIPALES

Nuevo

PERMISO N.º WQ0016060001

SOLICITUD. South Central Water Company, P.O. Box 570177, Houston, Texas 77257, ha solicitado a la Comisión de Calidad Ambiental de Texas (TCEQ, por sus siglas en inglés) el nuevo Permiso N.º WQ0016060001, para autorizar la descarga de aguas residuales domésticas tratadas a un flujo promedio diario que no exceda los 600,000 galones por día.

La instalación estará ubicada aproximadamente a 4,300 pies al norte de la intersección de Farm-to-Market Road 1863 y Stahl Lane, en el Condado de Comal, Texas 78163. El efluente tratado se descargará a través de una tubería a una zanja sin nombre; de allí a Upper Cibolo Creek en el Segmento N.º 1908 de la cuenca del Río San Antonio. El uso de agua receptora no clasificada es un uso mínimo de vida acuática para la zanja sin nombre. Los usos designados para el segmento N.º 1908 son recreación de contacto primario, suministro público de agua, protección de acuíferos y alto uso de vida acuática. El uso de protección del acuífero se aplica ya que la instalación está ubicada en la zona contribuyente del acuífero Edwards. De acuerdo con 30 Código Administrativo de Texas Sección 307.5 y los Procedimientos de la TCEQ *para implementar los Estándares de Calidad de Aguas Superficiales de Texas* (junio de 2010), se realizó una revisión antidegradación de las aguas receptoras. Una revisión antidegradación de Nivel 1 ha determinado preliminarmente que los usos existentes de la calidad del agua no se verán afectados por esta acción de permiso. Se mantendrán criterios numéricos y narrativos para proteger los usos existentes. Una revisión de Nivel 2 ha determinado preliminarmente que no se espera una degradación significativa de la calidad del agua en Upper Cibolo Creek, que se ha identificado que tiene un alto uso de vida acuática. Los usos existentes se mantendrán y protegerán. La determinación preliminar puede ser reexaminada y puede ser modificada si se recibe nueva información. Este enlace a un mapa electrónico de la ubicación general del sitio o instalación se proporciona como cortesía pública y no forma parte de la solicitud o aviso. Para conocer la ubicación exacta, consulte la solicitud.

<https://tceq.maps.arcgis.com/apps/webappviewer/index.html?id=db5bac44afbc468bbddd360f8168250f&marker=-98.411388%2C29.759722&level=12>

El Director Ejecutivo de la TCEQ ha completado la revisión técnica de la solicitud y ha preparado un bosquejo de permiso. El bosquejo de permiso, si se aprueba, establecería las condiciones bajo las cuales la instalación debe operar. El Director Ejecutivo ha adoptado una decisión preliminar de que este permiso, si se expide, cumple todos los requisitos legales y reglamentarios.

COMENTARIO PÚBLICO / REUNIÓN PÚBLICA. Se llevará a cabo una reunión pública que constará de dos partes, un Periodo de Discusión Informal y un Periodo de Comentarios Formales. Una reunión pública no es una audiencia de caso impugnado en virtud de la Ley de Procedimiento Administrativo. Durante el Periodo de Discusión Informal, se alentará al público a hacer preguntas al

solicitante y al personal de la TCEQ sobre la solicitud de permiso. Los comentarios y preguntas presentadas oralmente durante el Periodo de Discusión Informal no serán considerados antes de que se llegue a una decisión sobre la solicitud de permiso y no se dará una respuesta formal. Las respuestas se proporcionarán oralmente durante el Periodo de Discusión Informal. Durante el Periodo de Comentarios Formales sobre la solicitud de permiso, los miembros del público pueden declarar sus comentarios formales oralmente en el registro oficial. El Director Ejecutivo preparará una respuesta por escrito a todas los comentarios oportunos, pertinentes y materiales, o significativas. Todos los comentarios formales serán considerados antes de llegar a una decisión sobre la solicitud de permiso. Se enviará una copia de la respuesta por escrito a cada persona que envíe un comentario formal o que haya solicitado estar en la lista de correo para esta solicitud de permiso y proporcione una dirección postal. Solo se pueden considerar las cuestiones relevantes y materiales planteadas durante el Periodo de Comentarios Formales si se concede una audiencia de caso impugnado sobre esta solicitud de permiso.

La Reunión Pública se convocará:

**jueves, 26 de enero del 2023 a las 7:00 PM
Hampton Inn Bulverde Texas Hill Country
499 Singing Oaks
Spring Branch, Texas 78070**

INFORMACIÓN. Se alienta a los miembros del público a enviar comentarios por escrito en cualquier momento durante la reunión o por correo antes del cierre del periodo de comentarios públicos a Office of the Chief Clerk, TCEQ, Mail Code MC-105, P.O. Box 13087, Austin, TX 78711-3087 o electrónicamente en www.tceq.texas.gov/goto/comment. Si necesita más información sobre la solicitud de permiso o el proceso de permisos, llame al Programa de Educación Pública de la TCEQ, al número gratuito, al 1-800-687-4040. *Si desea información en español, puede llamar 1-800-687-4040.* Puede encontrar información general sobre la TCEQ en nuestro sitio web en <https://www.tceq.texas.gov>.

La solicitud de permiso, la decisión preliminar del Director Ejecutivo y el bosquejo del permiso están disponibles para ver y copiar en Mammen Family Public Library, 131 Bulverde Crossing, Bulverde, Texas. También se puede obtener más información de South Central Water Company en la dirección indicada anteriormente o llamando al Sr. Doug Bailey, South Central Water Company, al **713-7 83-6611**.

Las personas con discapacidades que necesiten acomodaciones especiales en la reunión deben llamar a la Oficina del Secretario Oficial al (512) 239-3300 o 1-800-RELAY-TX (TDD) al menos cinco días hábiles antes de la reunión.

TEXAS COMMISSION ON ENVIRONMENTAL QUALITY

Instructions to Publish Notice for Public Meeting

The Executive Director has determined that a public meeting should be held for your permit application. The Chief Clerk has issued mailed notice, and now you must publish notice of the meeting in a newspaper.

Newspaper Notice

Please publish the enclosed notice of public meeting, at your expense, in a newspaper that is regularly published or circulated within each county where the proposed facility is located and in each county affected by the discharge. **The entire notice must be published once, including all text from 'NOTICE OF PUBLIC MEETING . . . ' through the issued date. While it is not required, we recommend that the notice be at least 15 square inches (96.8 square centimeters), with the shortest dimension at least three inches (7.6 centimeters) in size.** Also, if feasible, we recommend that the notice be published in a regular section of the paper, rather than in the classified advertising section. Please publish the notice as soon as possible, but not later than 30 calendar days prior to the date of the public meeting.

Proof of Publication

Please submit an **original newspaper clipping** of the published notice, and a sworn affidavit completed by the newspaper giving the date on which the notice was published and listing the pertinent counties of newspaper circulation. The enclosed affidavit includes all the information needed. Therefore, please ask the newspaper to use this form. Please file the newspaper clipping and affidavit of publication with the Office of the Chief Clerk within 10 days after the notice is published.

Submission Requirements

The newspaper clipping and affidavit should be mailed to:

TCEQ
Office of the Chief Clerk, MC 105
P.O. Box 13087
Austin, Texas 78711-3087

Please send an original newspaper clipping, rather than photocopies. Also, please be sure the affidavit of publication is completely filled out and is properly executed.

Failure to Publish and Submit Proof of Publication

Proper notice of the public meeting must be given before the public meeting can be held. If you fail to publish the notice or submit the affidavit, we may have to postpone the public meeting, and delay issuance of your permit. Ultimately, your application could be returned. If your application is returned, and you wish to continue with your project, you will need to submit a new application.

If you are unable publish the notice according to the instructions above, please notify us immediately so that we may reschedule the public meeting.

Please Review the Notice

We have included in the notice all the information which we believe is necessary. Please read it carefully and notify us immediately if it contains any errors or omissions.

Please Attend the Public Meeting

The Commission asks that you or your representative appear at the public meeting. Unless you are represented at the meeting, processing of your application may be suspended.

When contacting the Commission regarding this application, please refer to the permit number. If you have questions or need assistance regarding this notice, please contact the Office of the Chief Clerk at (512)239-3300.

1500-Farm Road, 1500-Farm Road 1863 and State Lane, in Comal County, Texas 78124. The treated effluent will be discharged via a pipe into the Edwards Aquifer in the Upper Cibola Creek in Segment No. 1908 of the San Antonio River Basin. The unclassified receiving water use is for drinking water. The aquifer is a managed field. The designated uses for Segment No. 1908 are primary contact recreation, public water supply, aquifer protection, and agriculture. The aquifer protection use applies as the facility is located in the Edwards Aquifer contributing zone. In accordance with 30 Texas Administrative Code Chapter 30.101 and the TCEQ's Procedures to Implement the Texas Surface Water Quality Standards (June 2001), an anti-degradation review of the receiving water quality is required. A Tier 1 antidegradation review has preliminarily determined that existing water quality by uses will not be impaired by the proposed discharge. Therefore, the water criteria to protect existing uses will be maintained. A Tier 2 review has preliminarily determined that no significant degradation of water quality will occur.

property/activities relative to the

The Commission may only grant a request for a contested case hearing on issues the requestor submitted in their timely comments that were not subsequently withdrawn. If a hearing is granted, the subject of a hearing will be limited to disputed issues of fact or mixed questions of fact and law relating to relevant and material water quality concerns submitted during the comment period.

Clearly, retailers, both big and small, are noticing customers changing their habits in recent months. Last month, major retailers like Target reported a faster-than-expected shift away from couches and casual wear that were in hot demand during the height of the pandemic to more pre-pandemic routines. They're also seeing shoppers become more fo-

"We are trying to help our consumer since we know they don't have discretionary income and the money they have available is much less than they had last year," he said.

A Tier 1 antidegradation review has preliminarily determined that existing water quality uses will not be impaired by this permit action. Numerical and narrative criteria to protect existing uses will be maintained. A Tier 2 review has preliminarily determined that no significant

AGENCY CONTACTS AND INFORMATION. Public comments and requests must be submitted either electronically at www.tceq.texas.gov/peto/comment, or in writing to the Texas Commission on Environmental Quality, Office of the Chief Executive Officer, 1400 North St. 14th Floor, Austin, Texas 78711-3087. Any personal information you submit to the TCEQ will become part of the agency's record; this includes email addresses. For more information on the public participation application or the permitting process, please call the TCEQ Public Education on Program, Toll Free, at 1-800-687-4040 or visit their website at www.tceq.texas.gov/peto/pep. Si desea información en Español, puede llamar al 1-800-581-4040.

Further information may also be obtained from South Central Water Company at the address stated above or by calling Mr. Jeff Smith at South Central Water Company, at 734-724-9321.

What makes newspapers the best source for public notice?
Newspapers are read both in print and online. So are the public notices we publish. And after they're published, we archive them. Forever.

EDWARDS AQUIFER
AUTHORITY
**NOTICE OF COMMENCEMENT STAGE III CRITICAL
PERIOD FOR SAN ANTONIO POOL**

The purpose of this notice is to advise Edwards Aquifer (Aquifer) groundwater withdrawal permit holders that the General Manager of the Edwards Aquifer Authority (EAA) determined that the criteria for declaring Stage III of the EAA Critical Period Management Plan (CPM) have been satisfied. The General Manager hereby gives notice of implementation of Stage III of the CPM in the San Antonio Pool effective June 13, 2022. When water levels of the Aquifer or springflows of Comal Springs or San Marcos Springs decline below certain levels, the CPM requires reductions in withdrawals from the Aquifer. This plan is designed to slow the rate of decline of Aquifer levels or springflows. During a stage of the CPM, a permit holder's groundwater withdrawal amount authorized within an Initial Regular Permit is adjusted *downward* by the calculations in § 715.218 of the EAA rules. For the San Antonio Pool, permitted withdrawal amounts are reduced by 35% during Stage III.

In accordance with EAA rules, once per calendar year, irrigators in the San Antonio Pool may claim an exemption from critical period reductions in order to finish irrigating a crop already planted. In order to take advantage of this exemption, an irrigator must demonstrate that he/she is within 30 days or less of exceeding his/her permitted groundwater withdrawal amount (including applied reduction), at such time a Notice of Intent to Finish Out a Crop form may be filed with the EAA. See EAA RULES § 715.219. These notice forms are available on the EAA website at www.edwardsaquifer.org, or may be obtained by requesting a copy. To aid in calculating the groundwater withdrawal amount authorized, permit holders may use the EAA Groundwater Calculator also available on the website.

If any interested person has questions or would like additional information, they may contact the EAA's Critical Period team at (210) 477-1883 or (866) 931-3239 or visit the EAA offices at 900 E. Quincy, San Antonio, Texas. Provisions of the EAA Critical Period Management Plan can be found in Chapter 715, Subchapter E of the EAA rules. The rules are available on the EAA website or can be obtained at the EAA offices.

ISSUED THIS 13TH DAY OF JUNE 2022

has been identified as having high aquatic life use. Existing uses will be maintained and no new uses are proposed. Information can be reexamined and may be modified if new information is received.

The purpose of the release of the site or facility's general location is to inform the public and to provide notice of the application or notice. For the exact location of the application, please visit:

<https://ices.mesa.arizona.gov/apps/webapp/iceswebapp?tab=detail&id=640b2c46-9841-4885-92C9-75912122cb1e>

The CEO Executive Director has reviewed the application and prepared a draft permit. The draft permit, if approved, would authorize the applicant to construct the facility must operate. The Executive Director has made a preliminary decision on this permit. If issued, meets all statutory requirements for review and approval. In application, Executive Director's preliminary decision, and draft permit are available at:

Family Public Library, 31 Bulverde Crossing, Bulverde, Texas.

PUBLIC COMMENT / PUBLIC MEETING. You may submit public comments or request a public meeting about this proposed rule. The Executive Director is required to provide the opportunity to submit comments or to ask questions of the Executive Director at a public meeting if the Executive Director determines that there is a significant degree of public interest in the application or if the Executive Director determines that the hearing is not a contested case hearing.

OPPORTUNITY FOR A CONTESTED CASE HEARING. After the deadline for submitting public comments, the Executive Director will consider all timely comments and will prepare a written response to material or significant, public comments. Unless the application is directly affected by the comments, the Executive Director's response to comments will be made available to everyone who submitted public comments and to those persons who are on the mailing list. If a contested case hearing is requested, the mailing list will be updated. If no comments are received, the mailing list will not be updated. After the Executive Director has provided instructions for requesting a contested case hearing, the reconsideration period will begin. If a contested case hearing is requested, the contested case hearing is a legal

TO REQUEST A CONTESTED CASE HEARING, YOU MUST INCLUDE THE FOLLOWING ITEMS IN YOUR REQUEST:

- your name, address, phone number;

Comisión de Calidad Medioambiental de Texas

SOLICITUD Y DECISION PRELIMINAR. South Central Water Company, P.O. Box 570177, Houston, Texas 77257, ha solicitado a la Comisión de Calidad Medioambiental de Texas (TCEQ por sus siglas en inglés), No. de Permiso WQ0016060001, para autorizar el vertido de aguas residuales domésticas tratadas con un flujo promedio diario no superior a 600,000 galones por día. TCEQ recibió esta solicitud el 19 de octubre de 2021.

La notificación combinada está siendo enviada para corregir la información de contacto del solicitante tal y como se indica en el NORI.

COMBINADA NOTIFICACIÓN DE RECEPCIÓN DE SOLICITUD E INTENCIÓN DE OBTENER PERMISO DE CALIDAD DEL AGUA (NORI) NOTIFICACIÓN DE SOLICITUD Y DECISION PRELIMINAR PARA PERMISO TPDES PARA AGUAS RESIDUALES MUNICIPALES NUEVO

NO. DE PERMISO WQ0016060001

La planta estará ubicada aproximadamente 4,300 pies al norte de la intersección de Farm-to-Market Road 1863 y Strahl Lane, en el Condado de Comal, Texas 78163. El vertido tratado será vertido a través de una tubería hasta una acequia no designada, desde allí, hasta Upper Cibolo Creek en el Segmento No. 1908 de la Cuenca del Río San Antonio. El uso sin clasificar de aguas receptoras es un uso mínimo para la vida acuática para la acequia no designada. Los usos designados para el Segmento No. 1908 son recreación de contacto primario, protección de aguas públicas, protección de acuíferos y uso elevado para vida acuática. El uso para protección de acuáticos aplica la zona de afluencia del Acuífero de Edwards. De conformidad con el Código Administrativo de Texas, Sección 307.5, Procedimientos para Implementar Estándares de Calidad de Aguas Superficiales de

Texas de la TCEQ (junio de 2010), se llevó a cabo una revisión de anti-degradación de las aguas receptoras. Una revisión de anti-degradación de Nivel 1 ha determinado preliminarmente que los usos de calidad del agua existentes no se verán afectados por este permiso. Se mantendrán los criterios numéricos y narrativos para proteger los usos existentes. Una revisión de Nivel 2 ha determinado preliminarmente que no se espera ninguna degradación significativa de la calidad del agua en Upper Cibolo Creek, que ha sido identificado como que tiene un uso elevado de vida acuática. Se mantendrán y protegerán usos existentes. La determinación preliminar puede ser reevaluada y puede ser modificada si se recibe nueva información. Se proporciona este vínculo con un mapa electrónico de la ubicación o la ubicación general de la planta como correa para el público y no es parte de la solicitud o la

notificación. Para determinar la ubicación exacta, consulte la solicitud. https://ceq.w.e.a.s.a.r.c.e.s.com/APPs/w_e_h_a_p_d_v_i_e_w_e_l/index.html?id=dbspac44fbc68b6d6a60f816885d0&marker=9844f7883c29759228&level=12

El Director Ejecutivo de la TCEQ ha completado la evaluación técnica de la solicitud y ha preparado un borrador de permiso. El borrador de permiso, si es aprobado, establecerá las condiciones bajo las cuales debe operar la planta. El Director Ejecutivo ha tomado una decisión preliminar en el sentido de que este permiso, si es emitido, cumple con todos los requisitos legales y reglamentarios. La solicitud de permiso, la decisión preliminar del Director Ejecutivo, y el borrador de permiso están disponibles para consulta y copia en Mammen Family Public Library, 131 Bulverde Crossing, Bulverde, Texas.

COMENTARIOS DEL PÚBLICO / REUNIÓN PÚBLICA. Usted puede enviar comentarios públicos o solicitar una reunión pública en relación con esta solicitud. El fin de una reunión pública es brindar la oportunidad para presentar comentarios o hacer preguntas acerca de la reunión pública si el Director Ejecutivo determina que hay un grado importante de interés público en la solicitud o si es solicitada por un legislador local. Una reunión pública no es una vista del caso.

OPORTUNIDAD PARA UNA VISTA DEL CASO. Tras la fecha límite para enviar comentarios del público, el Director Ejecutivo considerará todos los comentarios enviados a tiempo y preparará una respuesta para todos los comentarios públicos relevantes y sustanciales, o significativos. A menos que la solicitud sea

remitida directamente a una vista del caso, la respuesta a los comentarios será enviada por correo a todos aquellos que hayan presentado comentarios públicos y a aquellas personas que estén incluidas en la lista de envío por correo para esta solicitud. Si se reciben comentarios, el envío por correo proporcionará asimismo instrucciones para solicitar la reconsideración de la decisión del Director Ejecutivo y la solicitud de una vista del caso. Una vista del caso es un procedimiento legal similar a un juicio civil en una corte de distrito estatal.

PARA SOLICITAR UNA VISTA DEL CASO, USTED DEBE INCLUIR LO SIGUIENTE EN SU SOLICITUD: su nombre, dirección, número de teléfono; nombre del solicitante y número de permiso propuesto; la ubicación y distancia de su propiedad/actividades respecto a la planta propuesta; la descripción específica de la manera en que usted se verá afectado de forma adversa por la planta de una manera que no resulte común para el público en general; una lista de todas las cuestiones de hecho disputadas que envíe durante el período de comentarios, y la declaración "[Yo/ nosotros] solicitamos una vista del caso". Si la solicitud de una vista del caso es registrada en nombre de un grupo o asociación, la solicitud debe designar al representante del grupo a efectos de recepción

identificar nombre y c un miembro grupo que de forma planta o act proporcionar tratada r relación c distancia del mite respecto actividad; por que se miembro; manera en que el grup resultan re fin del grup.

Tras la finalización de los periodos de comentarios, el Director Ejecutivo evaluará y evaluará la calidad de la información del caso a los TCEQ para la Comisión. La Comisión una petición caso con resp el solicitante comentarios y que no hay posteriori una vista, e estará limit disputa o c y de der relaciona preocupaci sustanciai calidad de presentad periodo de ACCION D EJECUTIV. Texas Commission on Environmental Quality

COMBINED

NOTICE OF RECEIPT OF APPLICATION AND INTENT TO OBTAIN WATER QUALITY PERMIT (NORI)

AND

NOTICE OF APPLICATION AND PRELIMINARY DECISION FOR TPDES PERMIT FOR MUNICIPAL WASTEWATER

NEW

PERMIT NO. WQ0016060001

APPLICATION AND PRELIMINARY DECISION. South Central Water Company, P.O. Box 570177, Houston, Texas 77257, has applied to the Texas Commission on Environmental Quality (TCEQ) for new Texas Pollutant Discharge Elimination System (TPDES) Permit No. WQ0016060001, to authorize the discharge of treated domestic wastewater at a daily average flow not to exceed 600,000 gallons per day. TCEQ received this application on October 19, 2021.

The combined notice is being issued to correct the applicant's contact information as stated in the NORI.

The facility will be located approximately 4,300 feet north of the intersection of Farm-to-Market Road 1863 and Stahl Lane, in Comal County, Texas 78163. The treated effluent will be discharged via pipe to an unnamed ditch; thence to Upper Cibolo Creek in Segment No. 1908 of the San Antonio River Basin. The unclassified receiving water use is minimal aquatic life use for the unnamed ditch. The designated uses for Segment No. 1908 are primary contact recreation, public water supply, aquifer protection, and high aquatic life use. The aquifer protection use applies as the facility is located in the Edwards Aquifer contributing zone. In accordance with 30 Texas Administrative Code Section 307.5 and the TCEQ's *Procedures to Implement the Texas Surface Water Quality Standards* (June 2010), an antidegradation review of the receiving waters was performed. A Tier 1 antidegradation review has preliminarily determined that existing water quality uses will not be impaired by this permit action. Numerical and narrative criteria to protect existing uses will be maintained. A Tier 2 review has preliminarily determined that no significant degradation of water quality is expected in Upper Cibolo Creek, which has been identified as having high aquatic life use. Existing uses will be maintained and protected. The preliminary determination can be reexamined and may be modified if new information is received. This link to an electronic map of the site or facility's general location is provided as a public courtesy and is not part of the application or notice. For the exact location, refer to the application.

<https://tceq.maps.arcgis.com/apps/webappviewer/index.html?id=db5bac44afbc468bbddd36of816825of&marker=-98.411388%2C29.759722&level=12>

The TCEQ Executive Director has completed the technical review of the application and prepared a draft permit. The draft permit, if approved, would establish the conditions under which the facility must operate. The Executive Director has made a preliminary decision that this permit, if issued, meets all statutory and regulatory requirements. The permit application, Executive Director's preliminary decision, and draft permit are available for viewing and copying at Mammen Family Public Library, 131 Bulverde Crossing, Bulverde, Texas.

PUBLIC COMMENT / PUBLIC MEETING. You may submit public comments or request a public meeting about this application. The purpose of a public meeting is to provide the opportunity to submit comments or to ask questions about the application. TCEQ holds a public meeting if the Executive Director determines that there is a significant degree of public interest in the application or if requested by a local legislator. A public meeting is not a contested case hearing.

OPPORTUNITY FOR A CONTESTED CASE HEARING. After the deadline for submitting public comments, the Executive Director will consider all timely comments and prepare a response to all relevant and material or significant public comments. **Unless the application is directly referred for a contested case hearing, the response to comments will be mailed to everyone who submitted public comments and to those persons who are on the mailing list for this application. If comments are received, the mailing will also provide instructions for requesting a contested case hearing or reconsideration of the Executive Director's decision.** A contested case hearing is a legal proceeding similar to a civil trial in a state district court.

TO REQUEST A CONTESTED CASE HEARING, YOU MUST INCLUDE THE FOLLOWING ITEMS IN YOUR REQUEST: your name, address, phone number; applicant's name and proposed permit number; the location and distance of your property/activities relative to the proposed facility; a specific description of how you would be adversely affected by the facility in a way not common to the general public; a list of all disputed issues of fact that you submit during the comment period; and the statement "[I/we] request a contested case hearing." If the request for contested case hearing is filed on behalf of a group or association, the request must designate the group's representative for receiving future correspondence; identify by name and physical address an individual member of the group who would be adversely affected by the proposed facility or activity; provide the information discussed above regarding the affected member's location and distance from the facility or activity; explain how and why the member would be affected; and explain how the interests the group seeks to protect are relevant to the group's purpose.

Following the close of all applicable comment and request periods, the Executive Director will forward the application and any requests for reconsideration or for a contested case hearing to the TCEQ Commissioners for their consideration at a scheduled Commission meeting.

The Commission may only grant a request for a contested case hearing on issues the requestor submitted in their timely comments that were not subsequently withdrawn. **If a hearing is granted, the subject of a hearing will be limited to disputed issues of fact or mixed questions of fact and law relating to relevant and material water quality concerns submitted during the comment period.**

EXECUTIVE DIRECTOR ACTION. The Executive Director may issue final approval of the application unless a timely contested case hearing request or request for reconsideration is filed. If a timely hearing request or request for reconsideration is filed, the Executive Director will not issue final approval of the permit and will forward the application and request to the TCEQ Commissioners for their consideration at a scheduled Commission meeting.

MAILING LIST. If you submit public comments, a request for a contested case hearing or a reconsideration of the Executive Director's decision, you will be added to the mailing list for this specific application to receive future public notices mailed by the Office of the Chief Clerk. In addition, you may request to be placed on: (1) the permanent mailing list for a specific applicant name and permit number; and/or (2) the mailing list for a specific county. If you wish to be placed on the permanent and/or the county mailing list, clearly specify which list(s) and send your request to TCEQ Office of the Chief Clerk at the address below.

All written public comments and public meeting requests must be submitted to the Office of the Chief Clerk, MC 105, Texas Commission on Environmental Quality, P.O. Box 13087, Austin, TX 78711-3087 or electronically at www.tceq.texas.gov/goto/comment within 30 days from the date of newspaper publication of this notice.

INFORMATION AVAILABLE ONLINE. For details about the status of the application, visit the Commissioners' Integrated Database at www.tceq.texas.gov/goto/cid. Search the database using the permit number for this application, which is provided at the top of this notice.

AGENCY CONTACTS AND INFORMATION. Public comments and requests must be submitted either electronically at www.tceq.texas.gov/goto/comment, or in writing to the Texas Commission on Environmental Quality, Office of the Chief Clerk, MC 105, P.O. Box 13087, Austin, Texas 78711-3087. Any personal information you submit to the TCEQ will become part of the agency's record; this includes email addresses. For more information about this permit application or the permitting process, please call the TCEQ Public Education Program, Toll Free, at 1-800-687-4040 or visit their website at www.tceq.texas.gov/goto/pep. Si desea información en Español, puede llamar al 1-800-687-4040.

Further information may also be obtained from South Central Water Company at the address stated above or by calling Mr. Jeff Goebel, South Central Water Company, at **713-724-9321**.

TPDES PERMIT FOR MUNICIPAL WASTEWATER NEW**

DEAR MR GOEBEL:

The executive director has declared the above referenced application administratively complete, has completed the technical review, and has prepared a preliminary decision and draft permit.

You are now required to publish notice of your proposed activity and make a copy of all documents available for public review. To help you meet the requirements associated with this notice, we have included the following items:

- Instructions for Public Notice
- Notice for Newspaper Publication
- Publisher's Affidavits
- Draft Permit
- Executive Director's Preliminary Decision
- Public Notice Verification Form

You must follow all the directions in the enclosed instructions. The most common mistakes are the unauthorized changing of notice, wording, or font. If you fail to follow these instructions, you may be required to republish the notices. The following requirements are also described in the enclosed instructions. However, due to their importance, they are highlighted here as well.

MR JEFF GOEBEL

May 12, 2022

Page 2 of 2

1. Publish the enclosed notice within **30 calendar days** after the date of this cover letter. **You may be required to publish the notice in more than one newspaper, including a newspaper published in an alternative language, to satisfy all of the notice requirements.**
2. On or before the date you publish notice, you must place the following items in a public place in the county where the facility is or will be located: (a) a copy of your permit application, including any subsequent revisions; (b) the executive director's preliminary decision as contained in the technical summary and fact sheet; and (c) the draft permit, including any subsequent revisions. These items must be accessible to the public for review and copying, must be updated to reflect changes to the application, and must remain in place until the commission has taken action on the application or the commission refers issues to the State Office of Administrative Hearings.
3. For each publication, submit proof of publication of the notice that shows the publication date and newspaper name to the Office of the Chief Clerk within **30 calendar days** after notice is published in the newspaper.
4. Return the original enclosed Public Notice Verification and the Publisher's Affidavits to the Office of the Chief Clerk within **30 calendar days** after the notice is published in the newspaper.

If you do not comply with all the requirements described in the instructions, further processing of your application may be suspended, or the agency may take other actions.

If you have any questions regarding publication requirements, please contact the Office of Legal Services at 512-239-0600. If you have any questions regarding the content of the notice, please contact the individual in the permitting area assigned to your application.

Sincerely,

Laurie Gharis

Laurie Gharis
Chief Clerk

**INSTRUCTIONS FOR PUBLIC NOTICE
For Water Quality Permit
(Renewal/Amendment/New)
For Combined**

**NOTICE OF RECEIPT OF APPLICATION AND INTENT TO OBTAIN PERMIT
AND NOTICE OF APPLICATION AND PRELIMINARY DECISION**

The executive director has completed the technical review of your application and issued a preliminary decision. You must comply with the following instructions. There are seven (7) steps involved in publishing notice. Complete each step.

1. REVIEW THE NOTICE FOR ACCURACY

Read the enclosed notice carefully and notify the Wastewater Permitting Section at 512-239-4671 immediately if it contains any errors or omissions. You are responsible for ensuring the accuracy of all information published. Do not change the text or formatting of the notice or affidavit of publication without prior approval from the TCEQ. Changing the text or formatting of the notice may require new publication at your expense and delay processing of your application.

2. PUBLISH THE NOTICE IN THE NEWSPAPER

You must publish the enclosed notice as soon as possible, but no later than 45 days from the date on the cover letter.

For renewal applications, you must publish at least once in the same newspaper that you published the Notice of Receipt of Application and Intent to Obtain Permit.

For all other applications, you must publish at least once in a newspaper regularly published or circulated within each county where the facility and discharge point are located or proposed to be located.

The bold text of the enclosed notice must be printed in the newspaper in a font style or size that distinguishes it from the rest of the notice (i.e., bold, italics). Failure to do so may require re-notice.

3. PUBLISH THE NOTICE IN AN ALTERNATIVE LANGUAGE

You must publish notice in an alternative language **IF**: either the elementary or middle school nearest to the facility or proposed facility is required to provide a "bilingual education program" (BEP) as required by Texas Education Code (TEC), Chapter 29, Subchapter B, and 19 Tex. Admin. Code §89.1205(a) AND one of the following conditions is met:

- students are enrolled in a program at that school;
- students from that school attend a bilingual education program at another location; or
- the school that otherwise would be required to provide a bilingual education program has been granted an exception from the requirements to provide the program as provided for in 19 Tex. Admin. Code §89.1207(a).

A "bilingual education program" is different from an "English as a second language program" (ESL). An ESL program alone, will not require public notice in an alternative language.

If triggered, you must publish the notice in a newspaper or publication primarily published in the alternative language taught in the bilingual education program. Publication in an alternative language section or insert within a large publication which is not printed primarily in that alternative language does not satisfy these requirements. The newspaper or publication must be of general circulation in the county in which the facility and discharge point are located or proposed to be located. If the facility and discharge point are located or proposed to be located in a municipality, and there exists a newspaper or publication of general circulation in the municipality, you must publish the notice only in the newspaper or publication in the municipality.

You must demonstrate a good faith effort to identify a newspaper or publication in the required language. If there is no general circulation newspaper or publication printed in such language, then publishing in that language is not required. You have the burden to demonstrate compliance with these requirements.

If you are required to publish notice in Spanish, you must translate the site-specific information in the notice that is specific to your application, at your own expense. You may then insert the Spanish translation of your site-specific information into a Spanish template developed by the TCEQ. The Spanish templates are available on the TCEQ website at http://www.tceq.texas.gov/permitting/wastewater/review/napd/wqspanish_napd.html. If you are required to publish notice in a language other than Spanish, you must translate the entire public notice, at your own expense.

4. PUT THE APPLICATION IN A PUBLIC PLACE

You must put a copy of the following documents in the public place identified in the enclosed notice:

- the complete application,
- the executive director's preliminary decision as contained in the technical summary and fact sheet,
- the draft permit, and
- any subsequent revisions to these documents.

This copy must be accessible to the public for review and copying beginning on the first day of newspaper publication and remain in place until the commission has taken action on the application or the commission refers issues to the State Office of Administrative Hearings.

For confidential information contained in the application, you must indicate which specific portions of the application cannot be made available to the public. These portions of the application must be accompanied with the following statement: "Any request for portions of this application that are marked as confidential must be submitted in writing, pursuant to the Public Information Act, to the TCEQ Public Information Coordinator, MC 197, P.O. Box 13087, Austin, Texas 78711-3087."

5. PROVIDE PROOF OF PUBLICATION

For each newspaper in which you published, you must submit proof of publication. Proof of publication must include the following:

- a completed Publisher's Affidavit (enclosed); and
- a copy of the published notice which shows the notice, the date published, and the newspaper name. The copy must be on standard-size 8½ x 11" paper and must show the actual size of the published notice. Do not reduce the image when making copies. Published notices longer than 11" must be copied onto multiple 8½ x 11" pages. Or you can submit the original newspaper clipping.

If you are required to publish notice in an alternative language and are unable to do so, complete and submit the Alternative Language Exemption form (enclosed).

6. PROVIDE PROOF OF APPLICATION VIEWING LOCATION

You must submit a completed Public Notice Verification Form (enclosed), which certifies that the complete application and draft permit were placed at the public place identified in the enclosed notice.

7. PROVIDE PROOFS TO TCEQ

Email the proof of publication documents to PROOFS@tceq.texas.gov OR mail the proof of publication documents (Step 5) and the completed Public Notice Verification Form (Step 6) within 30 days of publication to:

TCEQ
Office of the Chief Clerk, MC 105
Attn: Notice Team
P.O. Box 13087
Austin, Texas 78711-3087

Additional Information

If you fail to publish the notice or submit proofs within the timeframes noted above, the TCEQ may suspend further processing on your application or take other actions in accordance with 30 Tex. Admin. Code §39.405(a).

If you have any questions regarding publication requirements, please contact the Office of Legal Services at 512-239-0600. If you have any questions regarding the content of the notice, please contact the Wastewater Permitting Section at 512-239-4671. When contacting TCEQ regarding this application, please refer to the permit number at the top of the enclosed notice.

If you wish to obtain an electronic copy of the notice, please visit our web site at http://www.tceq.texas.gov/agency/cc/cc_db.html or <http://www.tceq.texas.gov/agency/cc/eda.html>. Please be aware that formatting codes may be lost and that any notices downloaded from these web sites must be reformatted by you so that your downloaded copy looks like the notice document you received from us.

day. That's a three-month high and a sign the omicron outbreak spurred some layoffs and kept more people out of work in January.

Jobless claims are a widely-followed labor market indicator, commonly used as a proxy for layoffs. The new claims drove the four-week moving average up to 231,000, an increase of 20,000. The jump in claims partially reversed a long downward trend. Claims spiked in the early months of the pandemic as businesses panicked in response to the early spread of the coronavirus, then plunged to a 50-year low in November as shortages impacted the labor market.

Last week's increase brings the weekly claims count to its highest point since October, suggesting the Omicron variant is having a strong impact on the job market.

In recent weeks, reports have documented severe shortages in industries like trucking — a crucial component of the country's supply chain — port logistics, air travel, food sales and essential services like garbage collection, firefighting and policing.

"This is a different dynamic than we've had," Swank said of the omicron surge. "The only silver lining is that it tends to go quickly."

Joseph Brusuelas, economist at the firm RSM, said the absences were bad news for the economy — a sign of just how significant the pandemic's effects continue to be, regardless of the political appetite for containing it.

"It's difficult to get a quorum to get anything done because of the number of people who have called out sick," he said.

He said he expected most firms — as his had — to revise downward their growth projections for the first quarter, saying that activity, like labor market growth and business productivity, and the consumer confidence that powers the economy were likely to take a hit.

"The fact that we've entered the third year and this is still with us should be another knock on consumer confidence and reinforce the idea of when will this ever end," Brusuelas said.

Job creation slowed the last two months of 2021, after a solid year of growth that saw the country surpass expectations and gain back some 6.4 million jobs that had been lost during the pandemic. Brusuelas said the absences could spell trouble for the January report, which will be released in the first week of February.

The absences are another reminder of how closely related the public health picture is to the country's economic growth, he said. Workers and businesses headed into this wave with few of the supports they had during previous ones, including tax incentives for paid sick leave programs and government loans.

"This is not the first variant and may not be the last," Brusuelas said. "(With) more proactive public health measures to help individuals and households mitigate risk, the better the economy will be."

Comisión De Calidad Ambiental Del Estado De Texas

SOLICITUD. South Central Water Company, P.O. Box 570177, Houston, Texas 77257-0177 ha solicitado a la Comisión de Calidad Ambiental del Estado de Texas (TCEQ) para renovar el Permiso No. WQ0016060001 (EPA I.D. No. TX 0141909) del Sistema de Eliminación de Descargas de Contaminantes de Texas (TPDES) para autorizar la descarga de aguas residuales tratadas en un volumen que no sobrepasa un flujo promedio diario de 600,000 galones por día. La planta esta ubicada 4,300 feet north of the intersection of Farm-to-Market Road 1863 and Stahl Lane, en el Condado de Comal, Texas. La ruta de descarga es del sitio de la planta a via a pipe to an unnamed ditch; then to Upper Cibolo Creek. La TCEQ recibió esta solicitud el 19 de October, 2021. La solicitud para el permiso esta disponible para leerla y copiarla en Mammen Family Public Library, 131 Bulverde Crossing, Bulverde, Texas. Este enlace a -un mapa electronico de la ubicación general del sitio o de la instalacion es proporcionado como una cortesia y no es parte de la solicitud o del aviso. Para la ubicación exacta, consulte la solicitud. <https://tceq.maps.arcgis.com/apps/webappviewer/index.html?id=db5baC44afbC468b5dd360f8168250f&marker=98.411388%2C29.759722&level=12>

AVISO ADICIONAL. El Director Ejecutivo de la TCEQ ha determinado que la solicitudes administrativamente completa y conducirá una revision tecnica

AVISO DE RECIBO DE LA SOLICITUD Y EL INTENTO DE OBTENER PERMISO PARA LA CALIDAD DEL AGUA RENOVACION

PERMISO NO. WQ0016060001

solicitud. El aviso dara la fecha limite para someter comentarios publicos.

COMENTARIO PÚBLICO / REUNION PÚBLICA. Usted puede presentar comentarios públicos o pedir una reunion pública sobre esta solicitud. El proposito de una reunion pública es dar la oportunidad de presentar comentarios o hacer preguntas acerca de la solicitud. La TCEQ realiza una reunion pública si el Director Ejecutivo determina que hay un grado de interes público suficiente en la solicitud o si un legislador local lo pide. Una reunion publica no es una audiencia administrativa de lo contencioso.

OPORTUNIDAD DE UNA AUDIENCIA ADMINISTRATIVA DE

a todos los que presentaron un comentario publico ya las personas que estan en la lista para recibir avisos sobre esta solicitud. Si se reciben comentarios, el aviso también proveera instrucciones para pedir una reconsideracion de la decision del Director Ejecutivo y para pedir una audiencia administrativa de lo contencioso. Una audiencia administrativa de lo contencioso es un procedimiento legal similar a un procedimiento legal civil en un tribunal de distrito del estado.

PARA SOLICITAR UNA AUDIENCIA DE CASO IMPUGNADO, USTED DEBE INCLUIR EN SU SOLICITUD LOS SIGUIENTES DATOS: su nombre, direccion, y numero de teléfono; el nombre del solicitante y numero del

presenta la petición para una audiencia de caso impugnado de parte de un grupo o asociación, debe identificar una persona que representa al grupo para recibir correspondencia en el futuro; identificar el nombre y la dirección de un miembro del grupo que seria afectado adversamente por la planta o la actividad propuesta; proveer la información indicada anteriormente con respecto a la ubicación del miembro afectado y su distancia de la planta o actividad propuesta; explicar como y porque el miembro seria afectado; y explicar como los intereses que el grupo desea proteger son pertinentes al proposito del grupo.

Despues del cierre de todos los periodos de comentarios y de petición que aplican, el Director Ejecutivo enviara la solicitud y cualquier petición para reconsideración o para una audiencia de caso impugnado a los Comisionados de la TCEQ para su consideración durante una reunión programada de la Comisión. La Comisión solo puede conceder una solicitud de una audiencia de caso impugnado sobre los temas que el solicitante haya presentado en sus comentarios oportunos que no fueron retirados posteriormente. Si se concede una audiencia, el tema de la audiencia estara limitado a cuestiones de hecho en disputa o cuestiones mixtas de hecho y de

Comisión de Calidad Ambiental del Estado de Texas

PERMISO NO. WQ0016060001

solicitud. Además, puede pedir que la TCEQ ponga su nombre en una o más de las listas correos siguientes (1) la lista de correo permanente para recibir los avisos de el solicitante indicado por nombre y número del permiso específico y/o (2) la lista de correo de todas las solicitudes en un condado específico. Si desea que se agregue su nombre en una de las listas designe cual lista(s) y envíe por correo su pedido a la Oficina del Secretario Principal de la TCEQ.

CONTACTOS E INFORMACIÓN A LA AGENCIA. Todos los comentarios públicos y solicitudes deben ser presentadas electrónicamente vía <https://www14.tceq.texas.gov/epic/eComment/o> por escrito dirigidos a la Comisión de Calidad Ambiental, Oficial de la Secretaría (Office of Chief Clerk), MC-105, P.O. Box 13087, Austin, Texas 78711.

3087, Tenga en cuenta que cualquier información personal que usted proporcione, incluyendo su nombre, número de teléfono, dirección de correo electrónico y dirección física pasaran a formar parte del registro público de la Agenda. Para obtener más información acerca de esta solicitud de permiso o el proceso de permisos, llame al programa de educación pública de la TCEQ, gratis, al 1-800-687-4040. Si desea información en Español, puede llamar al 1-800-687-4040.

También se puede obtener información adicional del South Central Water Company a la dirección indicada arriba o llamando a Mr. Jeff Goebel al 713-274-9321.

TEXAS COMMISSION ON ENVIRONMENTAL QUALITY

NOTICE OF RECEIPT OF APPLICATION AND INTENT TO OBTAIN WATER QUALITY PERMIT

PROPOSED PERMIT NO. WQ0016060001

APPLICATION. South Central Water Company, P.O. Box 570177, Houston, Texas 77257, has applied to the Texas Commission on Environmental Quality (TCEQ) for proposed Texas Pollutant Discharge Elimination System (TPDES) Permit No. WQ0016060001 (EPA I.D. No. TX0141909) to authorize the discharge of treated wastewater at a volume not to exceed a daily average flow of 600,000 gallons per day. The domestic wastewater treatment facility is located approximately 4,300 feet north of the intersection of Farm-to-Market Road 1863 and Stahl Lane, in Comal County, Texas 78163. The discharge route is from the plant site via pipe to an unnamed ditch; thence to Upper Cibolo Creek. TCEQ received this application on October 19, 2021. The permit application is available for viewing and copying at Mammen Family Public Library, 131 Bulverde Crossing, Bulverde, Texas. This link to an electronic map of the site or facility's general location is provided as a public courtesy and not part of the application or notice. For the exact location, refer to the application.
<https://tceq.maps.arcgis.com/apps/webappviewer/index.html?id=db5bac44afbc468bbddd36of8168250f&marker=-98.411388%2C29.759722&level=12>

ADDITIONAL NOTICE. TCEQ's Executive Director has determined the application is administratively complete and will conduct a technical review of the application. After technical review of the application is complete, the Executive Director may prepare a draft permit and will issue a preliminary decision on the application. **Notice of the Application and Preliminary Decision will be published and mailed to those who are on the county-wide mailing list and to those who are on the mailing list for this application. That notice will contain the deadline for submitting public comments.**

PUBLIC COMMENT / PUBLIC MEETING. You may submit public comments or request a public meeting on this application. The purpose of a public meeting is to provide the opportunity to submit comments or to ask questions about the application. TCEQ will hold a public meeting if the Executive Director determines that there is a significant degree of public interest in the application or if requested by a local legislator. A public meeting is not a contested case hearing.

OPPORTUNITY FOR A CONTESTED CASE HEARING. After the deadline for submitting public comments, the Executive Director will consider all timely comments and prepare a response to all relevant and material, or significant public comments. **Unless the application is directly referred for a contested case hearing, the response to comments, and the Executive Director's decision on the application, will be mailed to everyone who submitted public comments and to those persons who are on the mailing list for this application. If comments are received, the mailing will also provide**

instructions for requesting reconsideration of the Executive Director's decision and for requesting a contested case hearing. A contested case hearing is a legal proceeding similar to a civil trial in state district court.

TO REQUEST A CONTESTED CASE HEARING, YOU MUST INCLUDE THE FOLLOWING ITEMS IN YOUR REQUEST: your name, address, phone number; applicant's name and proposed permit number; the location and distance of your property/activities relative to the proposed facility; a specific description of how you would be adversely affected by the facility in a way not common to the general public; a list of all disputed issues of fact that you submit during the comment period and, the statement "[I/we] request a contested case hearing." If the request for contested case hearing is filed on behalf of a group or association, the request must designate the group's representative for receiving future correspondence; identify by name and physical address an individual member of the group who would be adversely affected by the proposed facility or activity; provide the information discussed above regarding the affected member's location and distance from the facility or activity; explain how and why the member would be affected; and explain how the interests the group seeks to protect are relevant to the group's purpose.

Following the close of all applicable comment and request periods, the Executive Director will forward the application and any requests for reconsideration or for a contested case hearing to the TCEQ Commissioners for their consideration at a scheduled Commission meeting.

The Commission may only grant a request for a contested case hearing on issues the requestor submitted in their timely comments that were not subsequently withdrawn. **If a hearing is granted, the subject of a hearing will be limited to disputed issues of fact or mixed questions of fact and law relating to relevant and material water quality concerns submitted during the comment period.**

MAILING LIST. If you submit public comments, a request for a contested case hearing or a reconsideration of the Executive Director's decision, you will be added to the mailing list for this specific application to receive future public notices mailed by the Office of the Chief Clerk. In addition, you may request to be placed on: (1) the permanent mailing list for a specific applicant name and permit number; and/or (2) the mailing list for a specific county. If you wish to be placed on the permanent and/or the county mailing list, clearly specify which list(s) and send your request to TCEQ Office of the Chief Clerk at the address below.

INFORMATION AVAILABLE ONLINE. For details about the status of the application, visit the Commissioners' Integrated Database at www.tceq.texas.gov/goto/cid. Search the database using the permit number for this application, which is provided at the top of this notice.

AGENCY CONTACTS AND INFORMATION. Public comments and requests must be submitted either electronically at <https://www14.tceq.texas.gov/epic/eComment/>, or in writing to the Texas Commission on Environmental Quality, Office of the Chief Clerk, MC-105, P.O. Box 13087, Austin, Texas 78711-3087. Please be aware that any contact information you provide, including your name, phone number, email address, and physical address will become part of the agency's public record. For more information about this permit application or the permitting process, please call the TCEQ Public Education Program, Toll Free, at 1-800-687-4040 or visit their website at www.tceq.texas.gov/goto/pep. Si desea información en Español, puede llamar al 1-800-687-4040.

Further information may also be obtained from South Central Water Company at the address stated above or by calling Mr. Jeff Goebel at 713-274-9321.

Vice President
South Central Water Company
32002 Pattys Landing
Magnolia, Texas 77354

RE: Declaration of Administrative Completeness
Applicant Name: South Central Water Company (CN602602179)
Permit No.: WQ0016060001 (EPA I.D. No. TX0141909)
Site Name: Diamante Ranch WWTP (RN111249694)
Type of Application: New

Dear Mr. Goebel:

The executive director has declared the above referenced application, received on October 19, 2021 administratively complete on December 23, 2021.

You are now required to publish notice of your proposed activity and make a copy of the application available for public review. The following items are included to help you meet the regulatory requirements associated with this notice:

- Instructions for Public Notice
- Notice for Newspaper Publication
- Public Notice Verification Form
- Publisher's Affidavits

You must follow all the directions in the enclosed instructions. The most common mistakes are the unauthorized changing of notice, wording, or font. If you fail to follow these instructions, you may be required to republish the notices.

The following requirements are also described in the enclosed instructions. However, due to their importance, they are highlighted here as well.

1. Publish the enclosed notice within **30 calendar days** after your application is declared administratively complete. (See this letter's first paragraph for the declaration date.) **You may be required to publish the notice in more than one newspaper, including a newspaper published in an alternative language, to satisfy all of the notice requirements.**

Declaration of Administrative Completeness

2. On or before the date you publish notice, place a copy of your permit application in a public place in the county where the facility is or will be located. This copy must be accessible to the public for review and copying, must be updated to reflect changes to the application, and must remain in place throughout the comment period.
3. For each publication, submit proof of publication of the notice that shows the publication date and newspaper name to the Office of the Chief Clerk within **30 calendar days** after notice is published in the newspaper.
4. Return the original enclosed Public Notice Verification and the Publisher's Affidavits to the Office of the Chief Clerk within **30 calendar days** after the notice is published in the newspaper.

If you do not comply with all the requirements described in the instructions, further processing of your application may be suspended or the agency may take other actions.

If you have any questions regarding publication requirements, please contact the Office of Legal Services at (512) 239-0600. If you have any questions regarding the content of the notice, please contact Abesha H. Michael at (512) 239-4912.

Sincerely,

Deirdre Shepphard, Manager
Applications Review and Processing Team (MC-148)
Water Quality Division

Enclosures

bcc: TCEQ Region 13, Water Program Manager

Texas Commission on Environmental Quality
Instructions for Public Notice for a Water Quality Permit
Notice of Receipt of Application and Intent to Obtain Permit (NORI)

Your application has been declared administratively complete. You must comply with the following instructions. There are seven (7) steps involved in publishing notice. Complete each step.

1. REVIEW THE NOTICE FOR ACCURACY

Read the enclosed notice carefully and notify the Application Review and Processing Team at 512-239-4671 immediately if it contains any errors or omissions. You are responsible for ensuring the accuracy of all information published. Do not change the text or formatting of the notice or affidavit of publication without prior approval from the TCEQ. Changing the text or formatting of the notice may require new publication at your expense and delay processing of your application.

2. PUBLISH THE NOTICE IN THE NEWSPAPER

You must publish the enclosed notice within 30 days after the date of administrative completeness. Refer to the cover letter for the date of administrative completeness.

You must publish the enclosed notice at your expense, at least once in the newspaper of largest circulation within each county where the facility and discharge point are located or will be located. If the facility and discharge point are located or will be located in a municipality, the enclosed notice must be published at least once in a newspaper of general circulation in the municipality. These requirements may be satisfied by one publication if the newspaper meets all of the above requirements.

The bold text of the enclosed notice must be printed in the newspaper in a font style or size that distinguishes it from the rest of the notice (i.e., bold, italics). Failure to do so may require re-notice.

3. PUBLISH THE NOTICE IN AN ALTERNATIVE LANGUAGE

You must publish notice in an alternative language IF: either the elementary or middle school nearest to the facility or proposed facility is required to provide a "bilingual education program" (BEP) as required by Texas Education Code (TEC), Chapter 29, Subchapter B, and 19 Tex. Admin. Code §89.1205(a) AND one of the following conditions is met:

- students are enrolled in a program at that school;
- students from that school attend a bilingual education program at another location; or
- the school that otherwise would be required to provide a bilingual education program has been granted an exception from the requirements to provide the program as provided for in 19 Tex. Admin. Code §89.1207(a).

A "bilingual education program" is different from an "English as a second language program" (ESL). An ESL program alone, will not require public notice in an alternative language.

If triggered, you must publish the notice in a newspaper or publication primarily published in the alternative language taught in the bilingual education program. Publication in an alternative language section or insert within a large publication which is not printed primarily in that alternative language does not satisfy these requirements. The newspaper or publication must be of general circulation in the county in which the facility and discharge point are located or proposed to be located. If the facility and discharge point are located or proposed to be located in a municipality, and there exists a newspaper or publication of general circulation in the municipality, you must publish the notice only in the newspaper or publication in the municipality.

You must demonstrate a good faith effort to identify a newspaper or publication in the required language. If there is no general circulation newspaper or publication printed in such language, then publishing in that language is not required. You have the burden to demonstrate compliance with these requirements.

If you are required to publish notice in Spanish, you must translate the site-specific information in the notice that is specific to your application, at your own expense. You may then insert the Spanish translation of your site-specific information into a Spanish template developed by the TCEQ. The Spanish templates are available on the TCEQ website at http://www.tceq.texas.gov/permitting/wastewater/review/wqspanish_nori.html. If you are required to publish notice in a language other than Spanish, you must translate the entire public notice, at your own expense.

4. PUT THE APPLICATION IN A PUBLIC PLACE

You must put a copy of the administratively complete application in the public place identified in the enclosed notice.

This copy must be accessible to the public for review and copying beginning on the first day of newspaper publication and remain in place for the publication's designated comment period.

During the technical review, you must update the publicly available application so that it includes all application revisions within 10 business days from the date the revision is transmitted to the TCEQ.

For confidential information contained in the application, you must indicate which specific portions of the application cannot be made available to the public. These portions of the application must be accompanied with the following statement: "Any request for portions of this application that are marked as confidential must be submitted in writing, pursuant to the Public Information Act, to the TCEQ Public Information Coordinator, MC 197, P.O. Box 13087, Austin, Texas 78711-3087."

5. PROVIDE PROOF OF PUBLICATION

For each newspaper in which you published, you must submit proof of publication. Proof of publication must include the following:

- a completed Publisher's Affidavit (enclosed); and
- a copy of the published notice which shows the notice, the date published, and the newspaper name. The copy must be on standard-size 8½ x 11" paper and must show the actual size of the published notice. Do not reduce the

image when making copies. Published notices longer than 11" must be copied onto multiple 8½ x 11" pages. Or you can submit the original newspaper clipping.

If you are required to publish notice in an alternative language and are unable to do so, complete and submit the Alternative Language Exemption form (enclosed).

6. PROVIDE PROOF OF APPLICATION VIEWING LOCATION

You must submit a completed Public Notice Verification Form (enclosed) which certifies that the administratively complete application was placed at the public place identified in the enclosed notice.

7. SUBMIT PROOFS TO TCEQ

The proof of publication documents (Step 5) and the completed Public Notice Verification Form (Step 6) must be submitted to TCEQ within 30 days of publication.

By email to: PROOFS@tceq.texas.gov

OR by mail at:

TCEQ

Office of the Chief Clerk, MC 105

Attn: Notice Team

P.O. Box 13087

Austin, Texas 78711-3087

NOTE: If proofs are submitted by email, you do not have to mail in the original documents.

Additional Information

If you fail to publish the notice or submit proofs within the timeframes noted above, the TCEQ may suspend further processing on your application or take other actions in accordance with 30 Tex. Admin. Code §39.405(a).

If you have any questions regarding publication requirements, please contact the Office of Legal Services at 512-239-0600. If you have any questions regarding the content of the notice, please contact the Wastewater Permitting Section at 512-239-4671. When contacting TCEQ regarding this application, please refer to the permit number at the top of the enclosed notice.

If you wish to obtain an electronic copy of the notice, please visit our web site at http://www.tceq.texas.gov/agency/cc/cc_db.html or <http://www.tceq.texas.gov/agency/cc/eda.html>. Please be aware that formatting codes may be lost and that any notices downloaded from these web sites must be reformatted by you so that your downloaded copy looks like the notice document you received from us.

AVISO DE RECIBO DE LA SOLICITUD Y EL INTENTO DE OBTENER PERMISO PARA LA CALIDAD DEL AGUA

PERMISO PROPUESTO NO. WQoo_____

SOLICITUD. _____ *[Applicant's name and address]* ha solicitado a la Comisión de Calidad Ambiental del Estado de Texas (TCEQ) para el propuesto Permiso No. WQoo_____ (EPA I.D. No. TX _____) del Sistema de Eliminación de Descargas de Contaminantes de Texas (TPDES) para autorizar la descarga de aguas residuales tratadas en un volumen que no sobrepasa un flujo promedio diario de _____ *[daily average flow in gallons per day]* galones por día. La planta está ubicada _____ *[plant site location]* en el Condado de _____ *[County]*, Texas. La ruta de descarga es del sitio de la planta a _____ *[description of the discharge route]*. La TCEQ recibió esta solicitud el _____ *[date application received by TCEQ]*. La solicitud para el permiso está disponible para leerla y copiarla en _____ *[street address of public place where application is available in the county]*. Este enlace a un mapa electrónico de la ubicación general del sitio o de la instalación es proporcionado como una cortesía y no es parte de la solicitud o del aviso. Para la ubicación exacta, consulte la solicitud.
[Insert web link from English notice]

[Include the following non-italicized sentence if the facility is located in the Coastal Management Program boundary. The Coastal Management Program boundary is the area along the Texas Coast of the Gulf of México as depicted on the map in 31 TAC §503.1 and includes part or all of the following counties: Cameron, Willacy, Kenedy, Kleberg, Nueces, San Patricio, Aransas, Refugio, Calhoun, Victoria, Jackson, Matagorda, Brazoria, Galveston, Harris, Chambers, Jefferson y Orange.] El Director Ejecutivo de la TCEQ ha revisado esta medida para ver si está de acuerdo con los objetivos y las regulaciones del Programa de Administración Costero de Texas (CMP) de acuerdo con las regulaciones del Consejo Coordinador de la Costa (CCC) y ha determinado que la acción es conforme con las metas y regulaciones pertinentes del CMP.

AVISO ADICIONAL. El Director Ejecutivo de la TCEQ ha determinado que la solicitud es administrativamente completa y conducirá una revisión técnica de la solicitud. Después de completar la revisión técnica, el Director Ejecutivo puede preparar un borrador del permiso y emitirá una Decisión Preliminar sobre la solicitud. **El aviso de la solicitud y la decisión preliminar serán publicados y enviado a los que están en la lista de correo de las personas a lo largo del condado que desean recibir los avisos y los que están en la lista de correo que desean recibir avisos de esta solicitud. El aviso dará la fecha límite para someter comentarios públicos.**

COMENTARIO PUBLICO / REUNION PUBLICA. Usted puede presentar comentarios públicos o pedir una reunión pública sobre esta solicitud. El propósito de una reunión pública es dar la oportunidad de presentar comentarios o hacer preguntas acerca de la solicitud. La TCEQ realiza una reunión pública si el Director Ejecutivo determina que hay un grado de interés público suficiente en la solicitud o si un legislador local lo pide. Una reunión pública no es una audiencia administrativa de lo contencioso.

OPORTUNIDAD DE UNA AUDIENCIA ADMINISTRATIVA DE LO CONTENCIOSO.

Después del plazo para presentar comentarios públicos, el Director Ejecutivo considerará todos los comentarios apropiados y preparará una respuesta a todo los comentarios públicos esenciales, pertinentes, o significativos. **A menos que la solicitud haya sido referida directamente a una audiencia administrativa de lo contencioso, la respuesta a los comentarios y la decisión del Director Ejecutivo sobre la solicitud serán enviados por correo a todos los que presentaron un comentario público y a las personas que están en la lista para recibir avisos sobre esta solicitud.** Si se reciben comentarios, el aviso también proveerá instrucciones para pedir una reconsideración de la decisión del Director Ejecutivo y para pedir una audiencia administrativa de lo contencioso. Una audiencia administrativa de lo contencioso es un procedimiento legal similar a un procedimiento legal civil en un tribunal de distrito del estado.

PARA SOLICITAR UNA AUDIENCIA DE CASO IMPUGNADO, USTED DEBE INCLUIR EN SU SOLICITUD LOS SIGUIENTES DATOS: su nombre, dirección, y número de teléfono; el nombre del solicitante y número del permiso; la ubicación y distancia de su propiedad/actividad con respecto a la instalación; una descripción específica de la forma cómo usted sería afectado adversamente por el sitio de una manera no común al público en general; una lista de todas las cuestiones de hecho en disputa que usted presente durante el período de comentarios; y la declaración "[Yo/nosotros] solicito/solicitamos una audiencia de caso impugnado". Si presenta la petición para una audiencia de caso impugnado de parte de un grupo o asociación, debe identificar una persona que representa al grupo para recibir correspondencia en el futuro; identificar el nombre y la dirección de un miembro del grupo que sería afectado adversamente por la planta o la actividad propuesta; proveer la información indicada anteriormente con respecto a la ubicación del miembro afectado y su distancia de la planta o actividad propuesta; explicar cómo y porqué el miembro sería afectado; y explicar cómo los intereses que el grupo desea proteger son pertinentes al propósito del grupo.

Después del cierre de todos los períodos de comentarios y de petición que aplican, el Director Ejecutivo enviará la solicitud y cualquier petición para reconsideración o para una audiencia de caso impugnado a los Comisionados de la TCEQ para su consideración durante una reunión programada de la Comisión. La Comisión sólo puede conceder una solicitud de una audiencia de caso impugnado sobre los temas que el solicitante haya presentado en sus comentarios oportunos que no fueron retirados posteriormente. Si se concede una audiencia, el tema de la audiencia estará limitado a cuestiones de hecho en disputa o cuestiones mixtas de hecho y de derecho relacionadas a intereses pertinentes y materiales de calidad del agua que se hayan presentado durante el período de comentarios.

LISTA DE CORREO. Si somete comentarios públicos, un pedido para una audiencia administrativa de lo contencioso o una reconsideración de la decisión del Director Ejecutivo, la Oficina del Secretario Principal enviará por correo los avisos públicos en relación con la

solicitud. Además, puede pedir que la TCEQ ponga su nombre en una o más de las listas de correos siguientes (1) la lista de correo permanente para recibir los avisos de el solicitante indicado por nombre y número del permiso específico y/o (2) la lista de correo de todas las solicitudes en un condado específico. Si desea que se agregue su nombre en una de las listas designe cual lista(s) y envía por correo su pedido a la Oficina del Secretario Principal de la TCEQ.

CONTACTOS E INFORMACIÓN A LA AGENCIA. Todos los comentarios públicos y solicitudes deben ser presentadas electrónicamente vía

<http://www14.tceq.texas.gov/epic/eComment/> o por escrito dirigidos a la Comisión de Texas de Calidad Ambiental, Oficial de la Secretaría (Office of Chief Clerk), MC-105, P.O. Box 13087, Austin, Texas 78711-3087. Tenga en cuenta que cualquier información personal que usted proporcione, incluyendo su nombre, número de teléfono, dirección de correo electrónico y dirección física pasarán a formar parte del registro público de la Agencia. Para obtener más información acerca de esta solicitud de permiso o el proceso de permisos, llame al programa de educación pública de la TCEQ, gratis, al 1-800-687-4040. Si desea información en Español, puede llamar al 1-800-687-4040.

También se puede obtener información adicional del _____ [name of applicant] a la dirección indicada arriba o llamando a _____ [name of applicant's representative] al _____ [applicant's telephone number].

TEXAS COMMISSION ON ENVIRONMENTAL QUALITY

Protecting Texas by Reducing and Preventing Pollution

December 23, 2021

Mr. Jeff Goebel
Vice President
South Central Water Company
32002 Pattys Landing
Magnolia, Texas 77354

RE: Declaration of Administrative Completeness
Applicant Name: South Central Water Company (CN602602179)
Permit No.: WQ0016060001 (EPA I.D. No. TX0141909)
Site Name: Diamante Ranch WWTP (RN111249694)
Type of Application: New

Dear Mr. Goebel:

The executive director has declared the above referenced application, received on October 19, 2021 administratively complete on December 23, 2021.

You are now required to publish notice of your proposed activity and make a copy of the application available for public review. The following items are included to help you meet the regulatory requirements associated with this notice:

- Instructions for Public Notice
- Notice for Newspaper Publication
- Public Notice Verification Form
- Publisher's Affidavits

You must follow all the directions in the enclosed instructions. The most common mistakes are the unauthorized changing of notice, wording, or font. If you fail to follow these instructions, you may be required to republish the notices.

The following requirements are also described in the enclosed instructions. However, due to their importance, they are highlighted here as well.

1. Publish the enclosed notice within **30 calendar days** after your application is declared administratively complete. (See this letter's first paragraph for the declaration date.) **You may be required to publish the notice in more than one newspaper, including a newspaper published in an alternative language, to satisfy all of the notice requirements.**

Declaration of Administrative Completeness

Page 2

December 23, 2021

2. On or before the date you publish notice, place a copy of your permit application in a public place in the county where the facility is or will be located. This copy must be accessible to the public for review and copying, must be updated to reflect changes to the application, and must remain in place throughout the comment period.
3. For each publication, submit proof of publication of the notice that shows the publication date and newspaper name to the Office of the Chief Clerk within **30 calendar days** after notice is published in the newspaper.
4. Return the original enclosed Public Notice Verification and the Publisher's Affidavits to the Office of the Chief Clerk within **30 calendar days** after the notice is published in the newspaper.

If you do not comply with all the requirements described in the instructions, further processing of your application may be suspended or the agency may take other actions.

If you have any questions regarding publication requirements, please contact the Office of Legal Services at (512) 239-0600. If you have any questions regarding the content of the notice, please contact Abesha H. Michael at (512) 239-4912.

Sincerely,

Deirdre Shepphard, Manager
Applications Review and Processing Team (MC-148)

Instructions for Public Notice for a Water Quality Permit
Notice of Receipt of Application and Intent to Obtain Permit (NORI)

Your application has been declared administratively complete. You must comply with the following instructions. There are seven (7) steps involved in publishing notice. Complete each step.

1. REVIEW THE NOTICE FOR ACCURACY

Read the enclosed notice carefully and notify the Application Review and Processing Team at 512-239-4671 immediately if it contains any errors or omissions. You are responsible for ensuring the accuracy of all information published. Do not change the text or formatting of the notice or affidavit of publication without prior approval from the TCEQ. Changing the text or formatting of the notice may require new publication at your expense and delay processing of your application.

2. PUBLISH THE NOTICE IN THE NEWSPAPER

You must publish the enclosed notice within 30 days after the date of administrative completeness. Refer to the cover letter for the date of administrative completeness.

You must publish the enclosed notice at your expense, at least once in the newspaper of largest circulation within each county where the facility and discharge point are located or will be located. If the facility and discharge point are located or will be located in a municipality, the enclosed notice must be published at least once in a newspaper of general circulation in the municipality. These requirements may be satisfied by one publication if the newspaper meets all of the above requirements.

The bold text of the enclosed notice must be printed in the newspaper in a font style or size that distinguishes it from the rest of the notice (i.e., bold, italics). Failure to do so may require re-notice.

3. PUBLISH THE NOTICE IN AN ALTERNATIVE LANGUAGE

You must publish notice in an alternative language IF: either the elementary or middle school nearest to the facility or proposed facility is required to provide a "bilingual education program" (BEP) as required by Texas Education Code (TEC), Chapter 29, Subchapter B, and 19 Tex. Admin. Code §89.1205(a) AND one of the following conditions is met:

- students are enrolled in a program at that school;
- students from that school attend a bilingual education program at another location; or
- the school that otherwise would be required to provide a bilingual education program has been granted an exception from the requirements to provide the program as provided for in 19 Tex. Admin. Code §89.1207(a).

A "bilingual education program" is different from an "English as a second language program" (ESL). An ESL program alone, will not require public notice in an alternative language.

If triggered, you must publish the notice in a newspaper or publication primarily published in the alternative language taught in the bilingual education program. Publication in an alternative language section or insert within a large publication which is not printed primarily in that alternative language does not satisfy these requirements. The newspaper or publication must be of general circulation in the county in which the facility and discharge point are located or proposed to be located. If the facility and discharge point are located or proposed to be located in a municipality, and there exists a newspaper or publication of general circulation in the municipality, you must publish the notice only in the newspaper or publication in the municipality.

You must demonstrate a good faith effort to identify a newspaper or publication in the required language. If there is no general circulation newspaper or publication printed in such language, then publishing in that language is not required. You have the burden to demonstrate compliance with these requirements.

If you are required to publish notice in Spanish, you must translate the site-specific information in the notice that is specific to your application, at your own expense. You may then insert the Spanish translation of your site-specific information into a Spanish template developed by the TCEQ. The Spanish templates are available on the TCEQ website at http://www.tceq.texas.gov/permitting/wastewater/review/wqspanish_nori.html. If you are required to publish notice in a language other than Spanish, you must translate the entire public notice, at your own expense.

4. PUT THE APPLICATION IN A PUBLIC PLACE

You must put a copy of the administratively complete application in the public place identified in the enclosed notice.

This copy must be accessible to the public for review and copying beginning on the first day of newspaper publication and remain in place for the publication's designated comment period.

During the technical review, you must update the publicly available application so that it includes all application revisions within 10 business days from the date the revision is transmitted to the TCEQ.

For confidential information contained in the application, you must indicate which specific portions of the application cannot be made available to the public. These portions of the application must be accompanied with the following statement: "Any request for portions of this application that are marked as confidential must be submitted in writing, pursuant to the Public Information Act, to the TCEQ Public Information Coordinator, MC 197, P.O. Box 13087, Austin, Texas 78711-3087."

5. PROVIDE PROOF OF PUBLICATION

For each newspaper in which you published, you must submit proof of publication. Proof of publication must include the following:

- a completed Publisher's Affidavit (enclosed); and
- a copy of the published notice which shows the notice, the date published, and the newspaper name. The copy must be on standard-size 8½ x 11" paper and must show the actual size of the published notice. Do not reduce the

image when making copies. Published notices longer than 11" must be copied onto multiple 8½ x 11" pages. Or you can submit the original newspaper clipping.

If you are required to publish notice in an alternative language and are unable to do so, complete and submit the Alternative Language Exemption form (enclosed).

6. PROVIDE PROOF OF APPLICATION VIEWING LOCATION

You must submit a completed Public Notice Verification Form (enclosed) which certifies that the administratively complete application was placed at the public place identified in the enclosed notice.

7. SUBMIT PROOFS TO TCEQ

The proof of publication documents (Step 5) and the completed Public Notice Verification Form (Step 6) must be submitted to TCEQ within 30 days of publication.

By email to: PROOFS@tceq.texas.gov

OR by mail at:

TCEQ

Office of the Chief Clerk, MC 105

Attn: Notice Team

P.O. Box 13087

Austin, Texas 78711-3087

NOTE: If proofs are submitted by email, you do not have to mail in the original documents.

Additional Information

If you fail to publish the notice or submit proofs within the timeframes noted above, the TCEQ may suspend further processing on your application or take other actions in accordance with 30 Tex. Admin. Code §39.405(a).

If you have any questions regarding publication requirements, please contact the Office of Legal Services at 512-239-0600. If you have any questions regarding the content of the notice, please contact the Wastewater Permitting Section at 512-239-4671. When contacting TCEQ regarding this application, please refer to the permit number at the top of the enclosed notice.

If you wish to obtain an electronic copy of the notice, please visit our web site at http://www.tceq.texas.gov/agency/cc/cc_db.html or <http://www.tceq.texas.gov/agency/cc/eda.html>. Please be aware that formatting codes may be lost and that any notices downloaded from these web sites must be reformatted by you so that your downloaded copy looks like the notice document you received from us.

TEXAS COMMISSION ON ENVIRONMENTAL QUALITY

NOTICE OF RECEIPT OF APPLICATION AND INTENT TO OBTAIN WATER QUALITY PERMIT

PROPOSED PERMIT NO. WQ0016060001

APPLICATION. South Central Water Company, P.O. Box 570177, Houston, Texas 77257, has applied to the Texas Commission on Environmental Quality (TCEQ) for proposed Texas Pollutant Discharge Elimination System (TPDES) Permit No. WQ0016060001 (EPA I.D. No. TX0141909) to authorize the discharge of treated wastewater at a volume not to exceed a daily average flow of 600,000 gallons per day. The domestic wastewater treatment facility is located approximately 4,300 feet north of the intersection of Farm-to-Market Road 1863 and Stahl Lane, in Comal County, Texas 78163. The discharge route is from the plant site via pipe to an unnamed ditch; thence to Upper Cibolo Creek. TCEQ received this application on October 19, 2021. The permit application is available for viewing and copying at Mammen Family Public Library, 131 Bulverde Crossing, Bulverde, Texas. This link to an electronic map of the site or facility's general location is provided as a public courtesy and not part of the application or notice. For the exact location, refer to the application.
<https://tceq.maps.arcgis.com/apps/webappviewer/index.html?id=db5bac44afbc468bbddd36of816825of&marker=-98.411388%2C29.759722&level=12>

ADDITIONAL NOTICE. TCEQ's Executive Director has determined the application is administratively complete and will conduct a technical review of the application. After technical review of the application is complete, the Executive Director may prepare a draft permit and will issue a preliminary decision on the application. **Notice of the Application and Preliminary Decision will be published and mailed to those who are on the county-wide mailing list and to those who are on the mailing list for this application. That notice will contain the deadline for submitting public comments.**

PUBLIC COMMENT / PUBLIC MEETING. You may submit public comments or request a public meeting on this application. The purpose of a public meeting is to provide the opportunity to submit comments or to ask questions about the application. TCEQ will hold a public meeting if the Executive Director determines that there is a significant degree of public interest in the application or if requested by a local legislator. A public meeting is not a contested case hearing.

OPPORTUNITY FOR A CONTESTED CASE HEARING. After the deadline for submitting public comments, the Executive Director will consider all timely comments and prepare a response to all relevant and material, or significant public comments. **Unless the application is directly referred for a contested case hearing, the response to comments, and the Executive Director's decision on the application, will be mailed to everyone who submitted public comments and to those persons who are on the mailing list for this application. If comments are received, the mailing will also provide**

instructions for requesting reconsideration of the Executive Director's decision and for requesting a contested case hearing. A contested case hearing is a legal proceeding similar to a civil trial in state district court.

TO REQUEST A CONTESTED CASE HEARING, YOU MUST INCLUDE THE FOLLOWING ITEMS IN YOUR REQUEST: your name, address, phone number; applicant's name and proposed permit number; the location and distance of your property/activities relative to the proposed facility; a specific description of how you would be adversely affected by the facility in a way not common to the general public; a list of all disputed issues of fact that you submit during the comment period and, the statement "[I/we] request a contested case hearing." If the request for contested case hearing is filed on behalf of a group or association, the request must designate the group's representative for receiving future correspondence; identify by name and physical address an individual member of the group who would be adversely affected by the proposed facility or activity; provide the information discussed above regarding the affected member's location and distance from the facility or activity; explain how and why the member would be affected; and explain how the interests the group seeks to protect are relevant to the group's purpose.

Following the close of all applicable comment and request periods, the Executive Director will forward the application and any requests for reconsideration or for a contested case hearing to the TCEQ Commissioners for their consideration at a scheduled Commission meeting.

The Commission may only grant a request for a contested case hearing on issues the requestor submitted in their timely comments that were not subsequently withdrawn. **If a hearing is granted, the subject of a hearing will be limited to disputed issues of fact or mixed questions of fact and law relating to relevant and material water quality concerns submitted during the comment period.**

MAILING LIST. If you submit public comments, a request for a contested case hearing or a reconsideration of the Executive Director's decision, you will be added to the mailing list for this specific application to receive future public notices mailed by the Office of the Chief Clerk. In addition, you may request to be placed on: (1) the permanent mailing list for a specific applicant name and permit number; and/or (2) the mailing list for a specific county. If you wish to be placed on the permanent and/or the county mailing list, clearly specify which list(s) and send your request to TCEQ Office of the Chief Clerk at the address below.

INFORMATION AVAILABLE ONLINE. For details about the status of the application, visit the Commissioners' Integrated Database at www.tceq.texas.gov/goto/cid. Search the database using the permit number for this application, which is provided at the top of this notice.

AGENCY CONTACTS AND INFORMATION. Public comments and requests must be submitted either electronically at <https://www14.tceq.texas.gov/epic/eComment/>, or in writing to the Texas Commission on Environmental Quality, Office of the Chief Clerk, MC-105, P.O. Box 13087, Austin, Texas 78711-3087. Please be aware that any contact information you provide, including your name, phone number, email address, and physical address will become part of the agency's public record. For more information about this permit application or the permitting process, please call the TCEQ Public Education Program, Toll Free, at 1-800-687-4040 or visit their website at www.tceq.texas.gov/goto/pep. Si desea información en Español, puede llamar al 1-800-687-4040.

Further information may also be obtained from South Central Water Company at the address stated above or by calling Mr. Jeff Goebel at 713-274-9321.

Comisión de Calidad Ambiental del Estado de Texas

AVISO DE RECIBO DE LA SOLICITUD Y EL INTENTO DE OBTENER PERMISO PARA LA CALIDAD DEL AGUA

PERMISO PROPUESTO NO. WQoo_____

SOLICITUD. _____ *[Applicant's name and address]* ha solicitado a la Comisión de Calidad Ambiental del Estado de Texas (TCEQ) para el propuesto Permiso No. WQoo_____ (EPA I.D. No. TX _____) del Sistema de Eliminación de Descargas de Contaminantes de Texas (TPDES) para autorizar la descarga de aguas residuales tratadas en un volumen que no sobrepasa un flujo promedio diario de _____ *[daily average flow in gallons per day]* galones por día. La planta está ubicada _____ *[plant site location]* en el Condado de _____ *[County]*, Texas. La ruta de descarga es del sitio de la planta a _____ *[description of the discharge route]*. La TCEQ recibió esta solicitud el _____ *[date application received by TCEQ]*. La solicitud para el permiso está disponible para leerla y copiarla en _____ *[street address of public place where application is available in the county]*. Este enlace a un mapa electrónico de la ubicación general del sitio o de la instalación es proporcionado como una cortesía y no es parte de la solicitud o del aviso. Para la ubicación exacta, consulte la solicitud.
[Insert web link from English notice]

[Include the following non-italicized sentence if the facility is located in the Coastal Management Program boundary. The Coastal Management Program boundary is the area along the Texas Coast of the Gulf of México as depicted on the map in 31 TAC §503.1 and includes part or all of the following counties: Cameron, Willacy, Kenedy, Kleberg, Nueces, San Patricio, Aransas, Refugio, Calhoun, Victoria, Jackson, Matagorda, Brazoria, Galveston, Harris, Chambers, Jefferson y Orange.] El Director Ejecutivo de la TCEQ ha revisado esta medida para ver si está de acuerdo con los objetivos y las regulaciones del Programa de Administración Costero de Texas (CMP) de acuerdo con las regulaciones del Consejo Coordinador de la Costa (CCC) y ha determinado que la acción es conforme con las metas y regulaciones pertinentes del CMP.

AVISO ADICIONAL. El Director Ejecutivo de la TCEQ ha determinado que la solicitud es administrativamente completa y conducirá una revisión técnica de la solicitud. Después de completar la revisión técnica, el Director Ejecutivo puede preparar un borrador del permiso y emitirá una Decisión Preliminar sobre la solicitud. **El aviso de la solicitud y la decisión preliminar serán publicados y enviado a los que están en la lista de correo de las personas a lo largo del condado que desean recibir los avisos y los que están en la lista de correo que desean recibir avisos de esta solicitud. El aviso dará la fecha límite para someter comentarios públicos.**

COMENTARIO PUBLICO / REUNION PUBLICA. Usted puede presentar comentarios públicos o pedir una reunión pública sobre esta solicitud. El propósito de una reunión pública es dar la oportunidad de presentar comentarios o hacer preguntas acerca de la solicitud. La TCEQ realiza una reunión pública si el Director Ejecutivo determina que hay un grado de interés público suficiente en la solicitud o si un legislador local lo pide. Una reunión pública no es una audiencia administrativa de lo contencioso.

OPORTUNIDAD DE UNA AUDIENCIA ADMINISTRATIVA DE LO CONTENCIOSO. Después del plazo para presentar comentarios públicos, el Director Ejecutivo considerará todos los comentarios apropiados y preparará una respuesta a todo los comentarios públicos esenciales, pertinentes, o significativos. **A menos que la solicitud haya sido referida directamente a una audiencia administrativa de lo contencioso, la respuesta a los comentarios y la decisión del Director Ejecutivo sobre la solicitud serán enviados por correo a todos los que presentaron un comentario público y a las personas que están en la lista para recibir avisos sobre esta solicitud.** Si se reciben comentarios, el aviso también proveerá instrucciones para pedir una reconsideración de la decisión del Director Ejecutivo y para pedir una audiencia administrativa de lo contencioso. Una audiencia administrativa de lo contencioso es un procedimiento legal similar a un procedimiento legal civil en un tribunal de distrito del estado.

PARA SOLICITAR UNA AUDIENCIA DE CASO IMPUGNADO, USTED DEBE INCLUIR EN SU SOLICITUD LOS SIGUIENTES DATOS: su nombre, dirección, y número de teléfono; el nombre del solicitante y número del permiso; la ubicación y distancia de su propiedad/actividad con respecto a la instalación; una descripción específica de la forma cómo usted sería afectado adversamente por el sitio de una manera no común al público en general; una lista de todas las cuestiones de hecho en disputa que usted presente durante el período de comentarios; y la declaración "[Yo/nosotros] solicito/solicitamos una audiencia de caso impugnado". Si presenta la petición para una audiencia de caso impugnado de parte de un grupo o asociación, debe identificar una persona que representa al grupo para recibir correspondencia en el futuro; identificar el nombre y la dirección de un miembro del grupo que sería afectado adversamente por la planta o la actividad propuesta; proveer la información indicada anteriormente con respecto a la ubicación del miembro afectado y su distancia de la planta o actividad propuesta; explicar cómo y porqué el miembro sería afectado; y explicar cómo los intereses que el grupo desea proteger son pertinentes al propósito del grupo.

Después del cierre de todos los períodos de comentarios y de petición que aplican, el Director Ejecutivo enviará la solicitud y cualquier petición para reconsideración o para una audiencia de caso impugnado a los Comisionados de la TCEQ para su consideración durante una reunión programada de la Comisión. La Comisión sólo puede conceder una solicitud de una audiencia de caso impugnado sobre los temas que el solicitante haya presentado en sus comentarios oportunos que no fueron retirados posteriormente. Si se concede una audiencia, el tema de la audiencia estará limitado a cuestiones de hecho en disputa o cuestiones mixtas de hecho y de derecho relacionadas a intereses pertinentes y materiales de calidad del agua que se hayan presentado durante el período de comentarios.

LISTA DE CORREO. Si somete comentarios públicos, un pedido para una audiencia administrativa de lo contencioso o una reconsideración de la decisión del Director Ejecutivo, la Oficina del Secretario Principal enviará por correo los avisos públicos en relación con la

solicitud. Además, puede pedir que la TCEQ ponga su nombre en una o más de las listas de correos siguientes (1) la lista de correo permanente para recibir los avisos de el solicitante indicado por nombre y número del permiso específico y/o (2) la lista de correo de todas las solicitudes en un condado específico. Si desea que se agregue su nombre en una de las listas designe cual lista(s) y envía por correo su pedido a la Oficina del Secretario Principal de la TCEQ.

CONTACTOS E INFORMACIÓN A LA AGENCIA. Todos los comentarios públicos y solicitudes deben ser presentadas electrónicamente vía

<http://www14.tceq.texas.gov/epic/eComment/> o por escrito dirigidos a la Comisión de Texas de Calidad Ambiental, Oficial de la Secretaría (Office of Chief Clerk), MC-105, P.O. Box 13087, Austin, Texas 78711-3087. Tenga en cuenta que cualquier información personal que usted proporcione, incluyendo su nombre, número de teléfono, dirección de correo electrónico y dirección física pasarán a formar parte del registro público de la Agencia. Para obtener más información acerca de esta solicitud de permiso o el proceso de permisos, llame al programa de educación pública de la TCEQ, gratis, al 1-800-687-4040. Si desea información en Español, puede llamar al 1-800-687-4040.

También se puede obtener información adicional del _____ [name of applicant] a la dirección indicada arriba o llamando a _____ [name of applicant's representative] al _____ [applicant's telephone number].

Attachments: 16060-001 NORI Letter.pdf; NORI INSTRUCTIONS3-2021.docx; 16060-001 NORI.docx; Public Notice Verification Comp.docx; 16060-001 Affidavits.docx; Municipal Discharge Renew Spanish NORI.docx

Dear Mr. Goebel:

The above referenced permit application has been declared administratively complete and will begin technical review. Applicants are required to publish the Notice of Receipt of Application and Intent to Obtain a Water Quality Permit within 30 days of the application being declared administratively complete. Also, a copy of the application documents must be placed in the public viewing place that is listed in the application.

Attached is a courtesy copy of the public notice documents. Please review the notice and notify me immediately if it contains any errors or omissions.

- Letter of Declaration of Administrative completeness
- Instructions of Public Notice
- Notice of Receipt of Application and Intent to Obtain a Water Quality Permit
- Public Verification Form.
- Affidavits of Publication.
- Template for Notice of Receipt of Application and Intent to Obtain a Water Quality Permit in Spanish Language.

The original documents will be sent by our Chief Clerk's Office via regular mail within 8-10 business days.

Best regards,
