Type of Authorization: Amendment

Dear Mr. Swift and Mr. Aziz,

As you know, the Chief Clerk's Office has referred this matter over to the State Office of Administrative Hearings (SOAH) for a contested case hearing on your application.

SOAH will conduct a formal contested case hearing at:

**10:00 a.m. – June 17, 2024**

You are now required to publish notice for this hearing. To help you meet the requirements associated with this notice, we have enclosed the following items:

- Notice for Newspaper Publication
- Instructions for Notice of Hearing
- Affidavit of Publication

Please note that it is VERY IMPORTANT that you follow ALL directions in the ENCLOSED INSTRUCTIONS. If you do not, you may be required to republish the notice. One of the most common mistakes we see is the unauthorized changing of notice wording or font. If you have any questions, please contact us before you proceed with publication.

The following items and time limitations are also described in the enclosed instructions. However, due to their importance, we want to highlight them for you.

1. Publish the enclosed notice within at least **30 calendar days** prior to the date of the hearing.

P.O. Box 13087 • Austin, Texas 78711-3087 • 512-239-1000 • [tceq.texas.gov](http://tceq.texas.gov)

How is our customer service? [tceq.texas.gov/customersurvey](http://tceq.texas.gov/customersurvey)

2. Return **acceptable proof of publication** of the complete notice, which shows publication date and newspaper name, to the TCEQ Office of the Chief Clerk within **10 business days** after notice is published in the newspaper.
3. Return the original enclosed *Affidavit of Publication* to the TCEQ Office of the Chief Clerk within **30 calendar days** after the notice is published in the newspaper.

If you do not comply with all requirements described in the instructions, further processing of your application may be suspended or the commission may take other actions.

As required by 30 TAC § 80.118(c), the TCEQ Office of the Chief Clerk (OCC) will provide the administrative record to SOAH, and will retain one copy for its files. In addition, one copy of the administrative record will be provided to you by the OCC on CD. Neither SOAH nor TCEQ is responsible for providing additional copies to the parties. However, the OCC can provide copies upon request.

The administrative record is not in evidence until properly offered by motion of a party, and subsequently admitted by the Administrative Law Judge, pursuant to 30 TAC § 80.127(h). The party seeking admission of the administrative record must supply copies to the other parties in the proceeding at the time it is offered, or by agreement of the parties.

If you have any questions regarding publication requirements, or obtaining copies of the administrative record, please contact the SOAH Docket Clerk in the OCC at 512-239-3300. If you have any other questions, please contact Contessa Gay at 512-239-0600.

Sincerely,

Laurie Gharis  
Chief Clerk

**NOTICE OF HEARING**  
**Corpus Christi Liquefaction, LLC**  
**SOAH Docket No. 582-24-14373**  
**TCEQ Docket No. 2023-1474-AIR**  
**Air Quality Permit Nos. 105710 and PSDTX1306M1**

**APPLICATION.**

Corpus Christi Liquefaction, LLC, PO Box 162, Gregory, TX 78359-0162, has applied to the Texas Commission on Environmental Quality (TCEQ) for an amendment to Air Quality Permit Number 105710, which would authorize a modification to operations at Corpus Christi Liquefaction located at 622 State Hwy 35, Gregory, San Patricio County, Texas 78359. This application was submitted to the TCEQ on April 20, 2021. The existing facility will emit the following contaminants: carbon monoxide, hydrogen sulfide, nitrogen oxides, organic compounds, particulate matter including particulate matter with diameters of 10 microns or less and 2.5 microns or less, sulfur dioxide, and hazardous air pollutants.

The executive director has completed the technical review of the application and prepared a draft permit which, if approved, would establish the conditions under which the facility must operate. The executive director has made a preliminary decision to issue the permit because it meets all rules and regulations. The permit application, executive director's preliminary decision, and draft permit will be available for viewing and copying at the TCEQ central office, the TCEQ Corpus Christi regional office, and at the Portland Chamber of Commerce, 1512 Wildcat Drive, Portland, San Patricio County, Texas. The facility's compliance file, if any exists, is available for public review at the TCEQ Corpus Christi Regional Office, 500 N. Shoreline Blvd., Suite 500, Corpus Christi, Texas.

**CONTESTED CASE HEARING.**

The State Office of Administrative Hearings (SOAH) will conduct a preliminary hearing via Zoom videoconference. A Zoom meeting is a secure, free meeting held over the internet that allows video, audio, or audio/video conferencing.

**10:00 a.m. – June 17, 2024**

**To join the Zoom meeting via computer:**

**<https://soah-texas.zoomgov.com/>**

Meeting ID: 161 061 5915

**Visit the SOAH website for registration at: <http://www.soah.texas.gov/>  
or call SOAH at 512-475-4993.**

The purpose of a preliminary hearing is to establish jurisdiction, name the parties, establish a procedural schedule for the remainder of the proceeding, and to address other matters as determined by the judge. The evidentiary hearing phase of the proceeding, which will occur at a later date, will be similar to a civil trial in state district court. The hearing will address the disputed issues of fact identified in the TCEQ order concerning this application issued on December 21, 2023. In addition to these issues, the judge may consider additional issues if certain factors are met.

The hearing will be conducted in accordance with the Chapter 2001, Texas Government Code; Chapter 382, Texas Health and Safety Code; TCEQ rules including 30 Texas Administrative Code (TAC) Chapter 116, Subchapters A and B; and the procedural rules of the TCEQ and SOAH, including 30 TAC Chapter 80 and 1 TAC Chapter 155. The hearing will be held unless all timely hearing requests have been withdrawn or denied.

To request to be a party, you must attend the hearing and show you would be affected by the application in a way not common to the general public. Any person may attend the hearing and request to be a party. Only persons named as parties may participate at the hearing.

#### **MAILING LIST.**

You may ask to be placed on a mailing list to obtain additional information on this application by sending a request to the Office of the Chief Clerk at the address below.

#### **AGENCY CONTACTS AND INFORMATION.**

Public comments and requests must be submitted either electronically at [www.tceq.texas.gov/agency/decisions/cc/comments.html](http://www.tceq.texas.gov/agency/decisions/cc/comments.html), or in writing to the Texas Commission on Environmental Quality, Office of the Chief Clerk, MC-105, P.O. Box 13087, Austin, Texas 78711-3087. If you communicate with the TCEQ electronically, please be aware that your email address, like your physical mailing address, will become part of the agency's public record. ## INSTRUCTIONS FOR PUBLIC NOTICE Air Permits

### NOTICE OF HEARING

A hearing was requested on issues related to your application and the Commission granted this request. The matter has been referred to the State Office of Administrative Hearings. Now you must comply with the following instructions:

#### Please Review Notice

We have included in the notice all of the information which we believe is necessary. Please read it carefully and notify us immediately if it contains any errors or omissions. You are responsible for ensuring the accuracy of all information published. You may not change the text of the notice or affidavit of publication without prior approval from the TCEQ.

#### Newspaper Notice

- You must publish the enclosed Notice of Hearing no less than **30** days before the hearing.
- You must publish the enclosed Notice of Hearing (Example A) at your expense, in the public notice section of a newspaper that is of general circulation in the municipality in which the facility is located or proposed to be located or in the municipality nearest to the location or proposed location of the facility.
- Example B must be published in the **same issue** of the newspaper as Example A; however, it must be published in a prominent location (other than the public notice section). Example B notice refers the public to the "public notice" section of the newspaper where Example A provides more information regarding the permit application.

- Example B must be a total of at least **6 column inches (standard advertising units)** with a vertical dimension of at least **3 inches** and a horizontal dimension of **2 column widths**. If the newspaper chosen does not use standard advertising units for measurement, the notice must be at least **12 square inches** with the shortest side of at least **3 inches**.
- Companies that meet the TCEQ's definition of a small business and will not have a significant impact on air quality are not required to publish Example B. Contact the TCEQ permit reviewer to determine if you qualify for this exemption.

## Proof of Publication

- For each published notice, you must submit proof of publication that shows the notice, the date of publication, and the name of the newspaper to the Office of the Chief Clerk within **10 business days** after the date of publication. Acceptable proof of publication is 1) a copy of the published notice or 2) the original newspaper clipping of the published notice. If you choose to submit a copy of the published notice to the Office of the Chief Clerk, the copy must be on standard-size 8½" x 11" paper and must show the actual size of the published notice (do not reduce the image when making copies). Published notices longer than 11" must be copied onto multiple 8½" x 11" pages. Please note, submitting a copy of your published notice could result in faster processing of your application. It is recommended that you maintain the original newspaper clipping or tear sheet of the notice for your records.
- You must submit a **publisher's affidavit** to the Office of the Chief Clerk within **30 calendar days** after the date of publication. **You must use the enclosed affidavit form**. The affidavit must clearly identify the applicant's name and permit number.
- You are encouraged to submit the affidavit with the proof of publication described above; however, the affidavit must be submitted no later than **30 calendar days** after publication of notice.
- The **publisher's affidavit** and **proof of publication of each published notice** may be filed with the Chief Clerk electronically at [www.tceq.texas.gov/goto/efilings](http://www.tceq.texas.gov/goto/efilings) or mailed to:

TCEQ  
Office of the Chief Clerk, MC-105  
Attn: SOAH Docket Clerk  
P.O. Box 13087  
Austin, Texas 78711-3087

- Please ensure that the affidavit(s) you send to the Chief Clerk is/are originals and that all blanks on the affidavit are filled in correctly.

- You must furnish a copy of the notices and affidavits to the EPA regional administrator in Dallas, all local air pollution control agencies with jurisdiction in the county in which the construction is to occur; and the air pollution control agency of any nearby state in which air quality may be adversely affected by the emissions from the new or modified facility.

### **Failure to Publish and Submit Proof of Publication**

You must meet all publication requirements. **If you fail to publish the notice or submit proof of publication on time, then** the TCEQ may suspend further processing on your application or take other actions.

### **General Information**

When contacting the Commission regarding this application, please refer to the permit number and the TCEQ Docket number at the top of the Notice of Hearing.

If you have questions or need assistance regarding this notice, please contact the staff attorney listed in the cover letter or the SOAH Docket Clerk in the Office of the Chief Clerk at (512) 239-3300.

Good afternoon,

Attached is the Notice of Hearing (NOH) packet for the above-referenced matter. The NOH packet was also mailed to you today via Certified and First Class mail. The Word version of the NOH is also included for your convenience.

Please let me know if you have any questions or need additional information.

Thank you,

Senate Bill 709 (84th Texas Legislative Session, 2015) amended the Texas Water Code by adding new Section 5.5553, which requires the Texas Commission on Environmental Quality (TCEQ) to provide written notice to you at least thirty (30) days prior to the TCEQ's issuance of draft permits for applications that are located in your district.

**Corpus Christi Liquefaction, LLC** has applied to the TCEQ for air quality permitting actions regarding a Corpus Christi Liquefaction.

Application Received Date: **April 20, 2021**

Location: 622 State Highway 35, Gregory, San Patricio County, Texas, 78359

This link to an electronic map of the site or facility's general location is provided as a public courtesy and not part of the application or notice:

<http://www.tceq.texas.gov/assets/public/hb610/index.html?lat=27.883055&lng=-97.269166&zoom=13&type=r>.

Air Quality Permits affected:

- **Air Quality Permit 105710**
- *Prevention of Significant Deterioration PSDTX1306M2*
- *Greenhouse Gas Prevention of Significant Deterioration GHGPSDTX123M1*

You were previously sent notification for this application, but the draft permit was delayed.

TCEQ is preparing the initial draft permit for applicant review. At the time the draft permit is issued, the applicant will be required to publish notice in a newspaper of general circulation, and the TCEQ will provide a copy of the notice of draft permit to persons who have requested to be on a mailing list.

Questions regarding this email may be directed to Christopher Loughran, P.E. by calling 512-239-0838.

# Not sarcastic about safety

Couple spreads the word on dangers of ocean currents

by Paul Gonzales  
Editor

Gregory restaurant Sarcastic Susie's sees its fair share of beach-goers from Dallas, Austin and as far away as Chicago. Restaurant owners Mike and Angela Arevalo said they see people from all over and when they head to the beach they're so excited they rarely pay attention to the signs along Corpus Christi beaches that warn of rip currents.

So when they heard the story of Je'Sani Smith and what his mother has accomplished since, they knew they had to act.

On April 11, 2019, eight days after his 18th birthday, Smith was swept away by a rip current at Whitecap beach in Corpus

Christi. Even though he was a strong swimmer, the young man was no match for the current and drowned.

His father and mother, Terry

and Kiwana Denson, would later start the Je'Sani Smith Foundation to help spread the message about the dangers of coastal hazards in hopes to save lives. The

foundation is designed to provide education, awareness and water skills training on beach safety, seaward-flowing water currents and other coastal hazards.

"We contacted her and wanted to bring her out here because we get a lot of customers from out of town," Mike said. "We figured if we got her here, a lot of people can learn about the currents and it'll save lives."

Voestalpine officer's iron-strong daughter takes first place at Buc Days

by Paul Gonzales  
Editor

After taking the position as chief technical officer for Voestalpine, Dr. Michael Spitz brought his family – all Austrian natives – to join him in South Texas.

In 2021, his 8-year-old daughter Lina attended her first Buc Days rodeo in Corpus Christi where she grew fascinated with the mutton bustin' competition, where young children grab on to a sheep and hold on as the

thing goes wild. Participants are then scored on their performance and on the animal,

just like the professionals. A year later, Lina was signed up and ready to ride at Buc Days 2022.

With her father, mother Sabine and brother Luis cheering her on, she grabbed on to the sheep

and held on as the thing tried its hardest to buck

# SDI's Millett takes Steelmaker of the Year award

by Paul Gonzales  
Editor

Steel Dynamics Inc. (SDI) recently congratulated President/CEO and co-founder Mark D. Millett for being named the Association for Iron & Steel Technology (AIST) Steelmaker of the Year, one of AIST's highest honors recognizing his outstanding contributions to the steel industry.

Millett co-founded Steel Dynamics in 1993 and has been instrumental in building Steel Dynamics from its inception to its current status as one of the

largest and fastest growing steel producers and metals recyclers in North America with nearly 11,000 team members. Millett has been Steel Dynamics' president and chief executive officer since January 2012 and was named chairman of the board in May 2021.

Steel Dynamics Southwest – Sinton Division opened in February of this year and is already expanding with a second phase of the facility underway.

"Millett is awarded Steelmaker of the Year in recognition of his innovative and steadfast leadership to guide the strategic growth

Millett

of Steel Dynamics Inc. by fostering a culture recognized for valuing personal safety, customer service, social responsibility and shareholder value; his commitment to transformational technologies and green steelmaking;

his advocacy on behalf of the North American steel industry; and his more than 40 years of dedication to the advancement of iron and steel," the Association for Iron & Steel Technology stated in a press release.

Executive Vice President and Chief Financial Officer Theresa E. Wagler added, "Mark has driven significant innovation and growth in the steel industry throughout his career, and has led transformational strategic growth at Steel Dynamics. Mark has driven innovation in steel-

## Gill takes Teacher of the Year at Dallas ISD

Sinton resident Elizabeth Esparza Fuentes received a surprise notification earlier this month when her oldest daughter, Sara Gill, won the Teacher of the Year Award in the secondary schools category at Dallas ISD.

Gill is the Ann Richards STEAM Academy sixth-grade English language arts and reading teacher and joined Dallas ISD in 2014. She was born in Dallas, raised in Garland and obtained her Bachelor of Arts in Interdisciplinary Studies from the University of Texas at Dallas.

At Ann Richards, she holds the responsibilities

of sixth-grade representative on the Faculty Advisory Committee, facilitator of grade-level content professional learning community, member of the Culture Committee and model classroom that new and progressing teachers can observe.

Gill is the granddaughter of Jesse and Olga Esparza and great-granddaughter of Raymundo and Rosa Esparza of Sinton, all from Sinton with the exception of her grandmother who is from Raymondville.

## Charles Butt Foundation selects S.F. Austin Principal Brinkman for leadership institute

Gregory-Portland ISD's Brenda Brinkman is among 40 school leaders from across Texas selected to the 2022 Cohort of Educators who will attend summer leadership institutes at the Harvard Graduate School of Education. She will represent G-PISD as sponsored by the Charles Butt Foundation, a non-profit pursuing a more equitable and prosperous future for all Texans through education and community partnerships.

Along with the 40 members of her cohort, Brinkman and her fellow leaders will be joined by 45 members selected in the 2020 cohort (yet who were not able to attend due to COVID-19 restrictions at the time). Together, the 85 members in these two cohorts will participate in one of two weeklong workshops on leadership development, coaching, or school turnaround led by Harvard faculty and other national and international experts.

Each program is designed to inspire, challenge, and empower school leaders to bring lasting impact to their

Brinkman

campuses and communities, the entire state of Texas, and beyond.

"I could not be more excited and honored to be part of this leadership institute," Brinkman said. "It's an incredible opportunity, and I am thankful to the Charles Butt Foundation and the Harvard Institute for counting me among the leaders in Texas who will help move our schools and districts forward together thanks to the training we will receive from renowned experts in our field."

G-PISD Superintendent Michelle Cavazos also expressed her excitement regarding Brinkman's appointment to the cohort.

"This is exceptional news for Mrs. Brinkman, and for all of us at

G-PISD, because I know she will be bringing home invaluable tools and techniques that will help all of our school leaders educate, inspire and empower our students through next-level leadership that supports next-level learning," Cavazos said. "We could not be more proud of her, and are excited for her!"

Sarah Hodges, G-PISD executive director for school leadership and supervisor of school principals said, "Mrs. Brinkman is a dynamic school leader with amazing ideas, and she's an excellent candidate for this one-of-a-kind opportunity. She's driven and passionate about building leaders and continuing her own learning, and this selection is a testament to her continued commitment to those objectives, her students and her amazing team at SFA."

For every participant in the Harvard Institutes, the Charles Butt Foundation covers all expenses for the attendees including tuition, travel, and hotel – investing on average about \$9,200 per attendee, for a total of

about \$1 million in sponsorships for 2019, and more than \$9 million since the program's inception.

"Great teachers, along with strong school and district leaders, represent the most significant influencers of academic achievement and supportive culture," Charles Butt Foundation Director of Leadership Development Tim Miller said. "Our alumni often report that their Harvard experience is the best professional development they have ever experienced and that they return to their campuses energized, inspired and empowered to make meaningful change that benefits all students."

Following the Harvard Institutes, attendees remain a part of the program's statewide network of school leaders and are empowered to work together to create change at the campus and district levels. Alumni are sponsored to attend the organization's annual leadership symposium and receive continuous support and professional development.

## TxDOT urges all passengers to buckle up

The single most effective thing to prevent injuries and death in a car crash is to wear a seat belt.

While most drivers and passengers are wearing their seat belts in the front seat, for some reason, many adults riding

in the back seat do not feel they need to buckle their seat belt.

Texas law requires all passengers to be buckled up in the front and the back even in 15 passenger vans!

This year's Click It or Ticket campaign runs

from May 23 to June 5 and includes Memorial Day weekend when there will be extra travelers on the road.

With summer vacations coming up, Texas A&M AgriLife Extension Family and Community Health Agent Kathy Farrow, San Patricio County, reminds drivers and passengers of these important safety tips.

• Children should ride in the back seat until they reach the age of 13. Until a child reaches age 13, their bones are not fully developed.

Placing a child whose bones are not yet strong enough in the front seat, where there is the windshield, dashboard, and air bags, puts them at greater risk of injury or death during a crash.

• Pickup trucks, while

big and strong, are twice as likely to rollover in a crash due to their higher center of gravity.

It is important to always make sure that the driver and every passenger in a pickup truck is buckled up.

• Buckling up is not just for the daytime. Between 6 p.m. and 5:59 a.m. is when more crashes and fatalities happen.

• Buckle up on short trips as well as long trips! Most fatal crashes happen within 25 miles from home and at speeds of less than 40 mph.

The single, most effective thing a driver and passenger can do is to wear their seat belt and make sure that everyone in the vehicle buckles up!

## TEXAS COMMISSION ON ENVIRONMENTAL QUALITY

### COMBINED PUBLIC MEETING AND NOTICE OF APPLICATION AND PRELIMINARY DECISION FOR AN AIR QUALITY PERMIT

PERMIT NUMBER: 105710

**APPLICATION AND PRELIMINARY DECISION:** Corpus Christi Livestock, LLC, PO Box 162, Grayton, TX 78154-0162, has applied to the Texas Commission on Environmental Quality (TCEQ) for an unannounced Air Quality Permit Number 105710, which would authorize a modification to operations at Corpus Christi Livestock located at 622 State Hwy 35, Grayton, San Patricio County, Texas 78154. This application was submitted to the TCEQ on April 20, 2021. The facility will emit the following pollutants: carbon monoxide, hydrogen sulfide, nitrogen oxide, organic compounds, particulate matter including particulate matter with diameters of 10 microns or less and 2.5 microns or less, sulfur dioxide, and hazardous air pollutants.

The executive director has completed the technical review of the application and prepared a draft permit which, if approved, would establish the conditions under which the facility must operate. The executive director has made a preliminary decision to issue the permit because it meets all rules and regulations. The permit application, executive director's preliminary decision, and the draft permit are available for review and copying at the TCEQ central office, the TCEQ Corpus Christi regional office, and at the Portland Chamber of Commerce, 1512 Village Drive, Portland, San Patricio County, Texas, beginning the first day of publication of this notice. The facility's compliance fee, if any exists, is available for public review at the TCEQ Corpus Christi Regional Office, 520 N. Shoreline Blvd., Suite 300, Corpus Christi, Texas.

**PUBLIC COMMENT/PUBLIC MEETING:** You may submit public comments about this application. The TCEQ will hold a public meeting on this application because it was requested by local legislators. The purpose of a public meeting is to provide the opportunity for interested parties to ask questions about the application. A public meeting is not a contested case hearing. The TCEQ will consider all public comments in developing a final decision on the application. The public meeting will consist of two parts, an Informal Discussion Period and a Formal Comment Period. During the Informal Discussion Period, the public is encouraged to ask questions of the applicant and TCEQ staff concerning the application. However, informal comments made during the Informal Discussion Period will not be considered by the TCEQ Commissioners before reaching a decision on the permit and no formal response will be made in the Informal comments. During the Formal Comment Period, members of the public may state their formal comments into the official record. A written response to all formal comments will be prepared and considered by the Commissioners before they reach a decision on the permit. A copy of the response will be sent to each person who submits a formal comment or who is requested to be on the mailing list for this application and who provides a mailing address.

The Public Meeting is to be held:

Thursday, June 30, 2022 at 7:00 PM  
Portland Community Center  
401 Biltmore Avenue  
Portland, Texas 78744

Persons with disabilities who need special accommodations at the public meeting should call the Office of the Chief Clerk at (512) 222-3302 or 1-800-645-7474 (TDD) at least five business days prior to the meeting.

You may submit additional written public comments within 30 days of the date of newspaper publication of this notice in the manner set forth in the AGENCY CONTACTS AND INFORMATION paragraph below, or by the date of the public meeting, whichever is later. After the deadline for public comment, the executive director will consider the comments and prepare a response to all public comment. The response to comments, along with the executive director's decision on the application will be mailed to everyone who submitted public comments or is on a mailing list for this application.

**OPPORTUNITY FOR A CONTESTED CASE HEARING:** A contested case hearing is a legal proceeding similar to a civil trial in a state district court. A person who may be affected by emissions of air contaminants from the facility is entitled to request a hearing. A contested case hearing request must include the following: (1) your name for a group or association, an official representative, mailing address, daytime phone number; (2) applicant's name and permit number; (3) the statement "I/we request a contested case hearing"; (4) a specific description of how you would be adversely affected by the application and air emissions from the facility in a way not common to the general public; (5) the location and distance of your property relative to the facility; (6) a description of how you use the property which may be impacted by the facility; and (7) a list of all disputed issues of fact that you submit during the comment period. If the request is made by a group or association, one or more members who have standing to request a hearing must be identified by name and physical address. The interests of a group or association seek to protect must also be identified. You may also submit your proposed adjustments to the application(s) which would satisfy your concerns. Requests for a contested case hearing must be submitted in writing within 30 days following this notice to the Office of the Chief Clerk, at the address provided in the information section below.

A contested case hearing will only be granted based on disputed issues of fact or mixed questions of fact and law that are relevant and material to the Commission's decisions on the application. The Commission may only grant a request for a contested case hearing on issues the requestor submitted in their timely comments that were not subsequently withdrawn. Issues that are not submitted in public comments may not be considered during a hearing.

**EXECUTIVE DIRECTOR ACTION:** A timely hearing request has been received by the TCEQ. However, if all timely contested case hearing requests have been withdrawn and no additional comments are received, the executive director may issue final approval of the application. The response to comments, along with the executive director's decision on the application will be mailed to everyone who submitted public comments or is on a mailing list for this application, and will be posted electronically to the Commission's Integrated Database (CID). If all timely hearing requests are not withdrawn, the executive director will issue final approval of the permit and will forward the application and requests to the Commissioners for their consideration at a scheduled commission meeting.

**INFORMATION AVAILABLE ONLINE:** When they become available, the executive director's response to comments and the final decision on the application will be accessible through the Commission's Web site at [www.tceq.texas.gov/airquality](http://www.tceq.texas.gov/airquality). Once you have accessed the CID, along the above link, enter the permit number for this application which is provided at the top of this notice. This link to an electronic copy of the site or facility's general location is provided as a public courtesy and not part of the public comment period. For case information, refer to application: <http://www.tceq.texas.gov/airquality/permit/105710/index.html>

**MAILING LIST:** You may ask to be placed on a mailing list to obtain additional information on this application by sending a request to the Office of the Chief Clerk at the address below:

**AGENCY CONTACTS AND INFORMATION:** Public comments and requests must be submitted either electronically at [publiccomment@tceq.texas.gov](mailto:publiccomment@tceq.texas.gov) or in writing to the Texas Commission on Environmental Quality, Office of the Chief Clerk, 640-C-05, P.O. Box 13087, Austin, Texas 78711-3087. Please be aware that any contact information you provide, including your name, phone number, email address and physical address will become part of the agency's public record. # Rita Vidaurri: La Belleza Morena De Tejas... Leyendas:

Por: Manuel Ayala tyg-news

Businessman, Juan Vidaurri, father of San Antonio Native, Rita Vidaurri, was convinced by friend, Mario Moreno (Cantiflas) to take young Rita to Mexico City where Mr. Armando Guzman of La Cathedral de la radio, la XEW, immediately, hired her.

Actress, musician, and businesswoman, Rita Vidaurri, was born in San Antonio, Texas in a neighborhood called *El Callejon de Montezuma*. It was in 1938 that 14-year old, Rita Vidaurri would apply her vocals with sister, Queta to later record *Alma Angelina*, which would be her first 78RPM under the Blue Bird Record Label.

Rita, with her unique voice, would become very popular, and later become very much in demand in the 1940's and 1950's throughout Mexico, Central, and South America, it was at that time, that the San Antonio Native would receive International Fame. Throughout her musical career, Rita would tour the Island of Cuba with *Azucar* queen, Celia Cruz, and the queen of *El Bolero*, Olga Guillot. Due to the fact that Rita spent most of her touring outside of the United States, fans did not believe that she was Tejana; in addition, Rita would also have to make time and later make a journey, every six months, back to San Antonio to renew her Visa. While in the music industry, Rita performed and toured with Tin Tan, Pedro Vargas, Trio Tiaracuri, Lalo Gonzalez (El Piporro), Tito Guizar, Pepe Guizar, Lucho Gatica, Cantiflas, and many other Latino performers.

In 1954, Rita recorded the

big hit entitled *El Sacrificio* for Pegasso Record Label; later, Rita recorded more than 40 songs for record producer, Jose Morante of San Antonio, Texas who owned Sombrero Record Company. Famed Mexican singer, Lorenzo Barcelata gave his own personal-autographed guitar, and later baptized Rita with the name of *La Calandria*; Lorenzo also became her padrino in 1941 while he toured San Antonio, Texas.

In addition to having a great musical career, Rita also experienced acting; during that time, she would appear in some movies including a part with Chelo Campos in *Ay! Jalisco No Te Rajes*, and *Tesoro de Pancho Villa*.

Currently, Rita is retired, and lives in San Antonio, Texas; it was in 1999 that the San Antonio native, Rita Vidaurri released her album, *Canciones Del Recuerdo*, which was in memory of her beloved sons, Leo, Roger, and Eddie; in addition, Rita also dedicated her album to her daughter Linda. Rita's album was released under EDEN Records of San Antonio, Texas; Rita has contributed so much to music that not one Hall Of Fame has taken the time to recognize her and her work, but we here at Tejano Y Gruperio News recognize a San Antonio native who never feared to take *la cultura Tejana* to a new level not only here in the United States, but throughout the world. We wish Rita and her family the best of luck in her future, y que el recuerdo de *La Calandria* sigue con nosotros para siempre.

### **ES TIEMPO DE LLORAR, DE SUFRIR, DE REFLEXIONAR!**

Es triste saber que 18 niños inocentes perdieron la vida en TEXAS, ¿Que culpa tenían estos pequeños angelitos? En lo que va del año van más de 20 atentados en colegios de Estados Unidos, sin contar el ataque en el supermercado en Buffalo que dejó 10 muertos.

¿Que está pasando?  
¿Que le está pasando a nuestros jóvenes? ¿Por que tanta violencia?  
¿Que ven los jóvenes en sus celulares? ¿Donde están los padres?

Padres este mensaje es para ustedes, observen a sus hijos, regulen el uso de celulares, observen sus comportamientos, esta comprobado que los juegos de violencia influyen en el comportamiento de nuestros hijos.

Duele pero esto seguirá ocurriendo mientras no se regule el uso de armas en EEUU, prácticamente cualquier persona puede poseer un arma. SINO HAY AMOR, MAÑANA, LAS CÁRCELES NO SERÁN SUFICIENTES.

## ¿CUÁL ES LA DIFERENCIA ENTRE RAYO, TRUENO Y RELÁMPAGO?

## El Poder de la Mujer

*"The strongest substance in existence is the heart of a mother"*

When I was a kid, my mother had eight track tapes of music by various artist like Vicente Fernandez, El Piporo, Los Tigres del Norte to name only a few and one in particular that I loved listening to was Cornelio Reyna. His voice is so beautiful and it reaches the emotions. One of my favorite songs was "Ya No Tengo a Mi Madre" because it was sad but it also had dialogue from people comforting him because he did not have his mother anymore and he was remembering her on Mother's Day which made him sad. This year on May 8<sup>th</sup> we celebrated Mother's Day and it got me thinking about how and why this holiday started and what that day means to me and possibly others.

Mother's Day was started in the early 1900's by a woman named of Anna Jarvis when she had the idea to honor mothers with their own special day after experiencing the death of her mother in 1905. I guess it's true what the Joanie Mitchell song says "you don't know what you got 'til it's gone." I imagine that Anna Jarvis wished she had not waited to thank her mother for all the sacrifices she had made and to make her feel special while she was living. It's really a little sad when you think about it because Anna Jarvis thought all this up only after her mother passed away. She had the benefit of hindsight and we can now honor our own mothers because of that idea. Thank you, Anna Jarvis.

One of my favorite mother figures of history is Eleanor Roosevelt, the wife of Franklin Delano Roosevelt our 32<sup>nd</sup> president of the United States and first lady during the Great Depression. She and FDR had six children. Caray! She was such a famous and busy woman and she traveled all over the world as a political leader yet she still had the time to raise six children. That is amazing to me and I admire her strength. Some of my favorite quotes come from Eleanor Roosevelt such as "It is better to light a candle than curse the darkness." And she said "You can often change your circumstances by changing your attitude." These quotes embody the best stance a mother can take when she strives to be an example for her children. That our attitude about any situation can light a new way and improve our position because otherwise we may just stay stuck in negative thoughts and in unfavorable conditions. We are the master of our lives and that quote tells us that we should always be positive. She also said "The purpose of life is to live it, to taste experience to the utmost, to reach out eagerly and without fear for newer and richer experience."

Another Eleanor Roosevelt quote that I love is "With the new day comes new strength." And I think of the mothers in Uvalde that have experience something no mother should have to go through in losing their children so young that they have barely had time to have lives of their own. Que tristeza, que dolor de corazon y alma. No se como lo pueden soportar. Que difícil pensar lo pues, esas familias que perdieron niños han tenido que tar fuerte por toda la familia y hayar la fortaleza ah seguir moviendo paradelante. My heart goes out to those families and as a mother I send prayers that they may have so much strength and I send love.

There are no easy answers as to why these things happen but mothers will pray in this time that no one else loses a child in such a senseless manner. Which brings me to one last quote. In words of E.M. Foster "I am sure that if the mothers of various nations could meet, there would be no more wars."

## American Society / Sociedad Americana

America the Beautiful, The Star Spangled Banner, I pledge allegiance, One Nation under God, Red White & Blue, Equality under the law, The United States of America, Americans! These are all songs and phrases we have learned throughout our lives. Most of us will jump to attention when we hear these words and it shows how proud we are to be living in this country!

Many of us attended the Corpus Christi Hooks game on Sunday, before Memorial Day, and we were honored for our service in the Vietnam War. I might have been the youngest Vietnam Veteran as I was in Vietnam in 1973 and again in 1975 at the end of the Vietnam War! I felt proud to be amongst the other Veterans, including a 93 year old gentleman who served in the Korean and Vietnam War. We all received a pin and a copy of the Proclamation commemorating the 50th anniversary of the Vietnam War. My son, who is in the US Navy today, was there to put the pin on me. What a wonderful moment for all the Vietnam Veterans.

After World War II, the Communist Soviet Union with it's allies, and the Democratic United States with it's allies and Democracy, pretty much divided the world in half. That's how we got North and South Vietnam! The North was communist and the South was a Democracy. The French pretty much controlled South Vietnam and Communism was the form of government in North Vietnam.

The Vietnam War did not have to happen. It was the French Government in control of South Vietnam on one side against Communist North Vietnam who wanted to unite both Vietnams. When it looked like France was about to lose, they asked for help from the good 'ol USA. So, our government called us up for service to go fight for Democracy in Vietnam! Guess what? We answered the call, but not all of us answered the call!

War is a money making machine, although not for you and me! As many have said, we were fighting with one hand tied behind our back. US soldiers were not allowed to cross certain lines to fight. The guy washing the American soldier's clothes during the day was the guy shooting at us at night. Approximately 1500 American aircraft were shot down, over 58,000 Americans lost their lives and about 1300 American soldiers are MIA. I did not fight on land but I understand that our soldiers were not allowed to use the M4 rifle because it was too destructive so they used the M16 instead. If this is wrong information, then I ask to be corrected by my fellow Veterans who fought on the ground, God bless them! So, it was 'the powers that be' and politicians who controlled and still control our military machine!

Nowadays, we have politicians running our country who did not answer the call to serve in the Vietnam War. Three former Presidents dodged the draft during Vietnam! Bill Clinton was a scholar going to school in England, George W. Bush joined the Texas Air National Guard at Senator George H W Bush's request and the worst one of all was Donald J. Trump who supposedly had bone spurs and could not walk, much less pick up a rifle and serve his country. By the way, he no longer has bone spurs as he was cured with no surgery. Wait! Is Trump an American citizen? I would like to see his birth certificate. I have mine! Each one had an EXCUSE for not serving. All are COBARDES!

Not much has changed with the war machine and politicians. The Second Amendment gives us the right to bear arms! The gun makers and the National Rifle Association, who have bought and paid mostly Republicans and some Democrats running our government, make the laws that allow an 18 year old to buy Assault Rifles with all the ammunition they want. The AR-15 used to slaughter our children in schools, and are sold at gun shows and gun shops, are identical to the M4 rifles denied our soldiers in Vietnam because they are too destructive. Something is wrong with this picture my fellow Tejanos! We need gun laws to be reformed NOW! Our politicians are not in government to serve you and me. They are there to serve the gun makers and themselves with the millions of dollars they are paid by the NRA, Russia and other rich cowards. Only you and I can make the change for our own good. Vote all these COBARDES out! Are you registered to vote?

## COMISIÓN DE CALIDAD AMBIENTAL DE TEXAS

### CONJUNTO REUNIÓN PÚBLICA Y

#### AVISO DE SOLICITUD Y DECISIÓN PRELIMINAR PARA UN PERMISO DE CALIDAD DEL AIRE

NÚMERO DE PERMISO: 105710

**SOLICITUD Y DECISIÓN PRELIMINAR.** Corpus Christi Liquefaction, LLC, PO Box 162, Gregory, TX 78359-0162, solicitó a la Comisión de Calidad Ambiental de Texas (TCEQ) una enmienda al Permiso de calidad del aire número 105710, que autorizaría una modificación de las operaciones en Corpus Christi Liquefaction ubicada en 622 State Hwy 35, Gregory, San Patricio County, Texas 78359. Esta solicitud fue enviada a la TCEQ el 20 de abril de 2021. La instalación existente emitirá los siguientes contaminantes: monóxido de carbono, sulfuro de hidrógeno, óxidos de nitrógeno, compuestos orgánicos, materia en partículas incluidas las partículas con diámetros de 10 micras o menos y 2.5 micras o menos y dióxido de azufre.

El director ejecutivo ha completado la revisión técnica de la solicitud y ha preparado un proyecto de permiso que, de ser aprobado, establecería las condiciones en las que instalación debe operar. El director ejecutivo ha tomado una decisión preliminar para emitir el permiso porque cumple con todas las reglas y regulaciones. La solicitud de permiso, la decisión preliminar del director ejecutivo y el bosquejo del permiso estarán disponibles para su visualización y copia en la oficina central de la TCEQ, la oficina regional de Corpus Christi de la TCEQ y en la Cámara de Comercio de Portland, 1512 Wildcat Drive, Portland, condado de San Patricio, Texas, a partir del primer día de publicación de este aviso. El archivo de cumplimiento de la instalación, si existe, está disponible para revisión pública en la Oficina Regional de TCEQ en Corpus Christi, 500 N. Shoreline Blvd., Suite 500, Corpus Christi, Texas.

**COMENTARIO PÚBLICO/REUNIÓN PÚBLICA.** Puede enviar comentarios públicos sobre esta aplicación. La TCEQ llevará a cabo una reunión pública sobre esta solicitud porque fue solicitada por los legisladores locales. El propósito de una reunión pública es brindar la oportunidad de enviar comentarios o hacer preguntas sobre la solicitud. Una reunión pública no es una audiencia de caso impugnado. La TCEQ considerará todos los comentarios públicos al desarrollar una decisión final sobre la solicitud. La reunión pública constará de dos partes, un Período de Discusión Informal y un Período de Comentarios Formales. Durante el Período de Discusión Informal, se alienta al público a hacer preguntas al solicitante y al personal de la TCEQ con respecto a la solicitud. Sin embargo, los comentarios informales hechos durante el Período de Discusión Informal no serán considerados por los Comisionados de la TCEQ antes de tomar una decisión sobre el permiso y no se dará ninguna respuesta formal a los comentarios informales. Durante el Período de Comentarios Formales, los miembros del público pueden expresar sus comentarios formales en el registro oficial. El Director Ejecutivo preparará una respuesta por escrito a todos los comentarios formales y los Comisionados la considerarán antes de tomar una decisión sobre el permiso. Se enviará una copia de la respuesta a cada persona que envíe un comentario formal o que haya solicitado estar en la lista de correo para esta solicitud y que proporcione una dirección postal.

**La Reunión Pública se llevará a cabo:**

**jueves, 30 de junio de 2022 a las 19:00**

**Centro Comunitario de Portland**

**2000 Billy G Webb**

**Portland, Texas 78374**

Las personas con discapacidades que necesiten adaptaciones especiales en la reunión pública deben llamar a la Oficina del secretario general al (512) 239-3300 o al 1-800-RELAY-TX (TDD) al menos cinco días hábiles antes de la reunión.

Puede enviar comentarios públicos adicionales por escrito dentro de los 30 días posteriores a la fecha de publicación en el periódico de este aviso de la manera establecida en el párrafo CONTACTOS E INFORMACIÓN DE LA AGENCIA a continuación, o antes de la fecha de la reunión pública, lo que ocurra más tarde. Después de la fecha límite para comentarios públicos, el director ejecutivo considerará los comentarios y preparará una respuesta a todos los comentarios públicos. La respuesta a los comentarios, junto con la decisión del director ejecutivo sobre la solicitud, se enviará por correo a todas las personas que enviaron comentarios públicos o que están en una lista de correo para esta solicitud.

**OPORTUNIDAD PARA UNA AUDIENCIA DE CASO IMPUGNADO.** Una audiencia de caso impugnado es un procedimiento legal similar a un juicio civil en un tribunal estatal de distrito. Una persona que puede estar afectada por contaminantes de emisiones atmosféricas de una planta tiene derecho a solicitar una audiencia. Si se solicita una audiencia de caso impugnado, debe presentar lo siguiente: (1) su nombre (o para un grupo o asociación, un representante oficial), dirección, y número de teléfono durante el día; (2) el nombre del solicitante y número del permiso; (3) la declaración "[yo/nosotros] solicito/solicitamos una audiencia de caso impugnado;" (4) una descripción específica de cómo sería adversamente afectado por la solicitud y emisiones atmosféricas de la planta de manera que no es común para el público en general; (5) la ubicación y la distancia de su propiedad con relación a la planta; (6) una descripción de cómo usa la propiedad, que puede verse afectada por la planta; y (7) una lista de todas las cuestiones de hecho en disputa que usted presente durante el período de comentarios. Si la petición la hace un grupo o una asociación, uno o más miembros que tienen derecho a solicitar una audiencia deben ser identificados por su nombre y dirección física. Los intereses que el grupo o la asociación busca proteger también deben ser identificados. También puede presentar sus modificaciones propuestas a la solicitud/al permiso que satisfarían sus inquietudes.

**CONTINUACION EN LA PAGINA #7**

**CONTINUACION DE LA PAGINA #6**

**Las solicitudes para una audiencia de caso impugnado deben presentarse por escrito dentro de los 30 días siguientes a este aviso a la Oficina del Secretario Principal, a la dirección proporcionada en la sección de información a continuación.**

Sólo se concederá una audiencia de caso impugnado sobre la base de cuestiones de hecho de asuntos en disputa que sean relevantes y materiales para las decisiones de la Comisión sobre la solicitud. Además, La Comisión solo concederá una audiencia sobre cuestiones presentadas por usted u otros durante el periodo de comentarios públicos y que no se pueden ser considerados durante una audiencia.

**ACCIÓN DEL DIRECTOR EJECUTIVO.** La TCEQ ha recibido una solicitud de audiencia oportuna. Sin embargo, si se han retirado todas las solicitudes de audiencia de casos impugnados oportunamente y no se reciben comentarios adicionales, el director ejecutivo puede emitir la aprobación final de la solicitud. La respuesta a los comentarios, junto con la decisión del director ejecutivo sobre la solicitud, se enviará por correo a todos los que enviaron comentarios públicos o están en una lista de correo para esta solicitud, y se publicarán electrónicamente en la Base de datos integrada de comisionados (CID). Si no se retiran todas las solicitudes de audiencia oportunas, el director ejecutivo no emitirá la aprobación final del permiso y enviará la solicitud y las solicitudes a los comisionados para su consideración en una reunión de comisión programada.

**INFORMACIÓN DISPONIBLE EN LÍNEA.** Cuando estén disponibles, la respuesta del director ejecutivo a los comentarios y la decisión final sobre esta solicitud estarán disponibles a través del sitio web de la Comisión en [www.tceq.texas.gov/goto/cid](http://www.tceq.texas.gov/goto/cid). Una vez que tenga acceso al CID mediante el enlace anterior, ingrese el número de permiso para esta solicitud que se proporciona en la parte superior de este aviso. ## Cómo protegerse la piel del sol

Usted puede reducir el riesgo de daño solar y cáncer de piel quedándose en la sombra debajo de una sombrilla, un árbol u otro tipo de protección. La mejor forma de protegerse la piel es mediante la aplicación de un filtro solar o el uso de ropa que lo proteja cuando esté al aire libre, incluso en la sombra.

**Ropa;** Cuando sea posible, use camisas de manga larga, y faldas y pantalones largos, los cuales pueden proveer protección contra los rayos UV. Si no es práctico ponerse este tipo de prendas, trate de ponerse una camiseta o una salida de baño. La ropa fabricada con una tela de tejido muy cerrado ofrece la mejor protección. Una camiseta mojada ofrece menos protección contra los rayos UV que una seca, y los colores oscuros pueden ofrecer más protección que los claros. Algunas prendas de vestir, certificadas bajo estándares internacionales, ofrecen protección contra los rayos UV.

**Sombreros o gorras;** Para obtener una mayor protección, póngase un sombrero de ala ancha que le cubra la cara, las orejas y la parte de atrás del cuello. Una tela de tejido muy cerrado, como lona, funciona mejor para protegerle la piel contra los rayos UV. Evite los sombreros de paja con orificios que dejan pasar la luz del sol. Un sombrero oscuro puede ofrecerle más protección contra los rayos UV.

Si usa una gorra de béisbol, también debe protegerse las orejas y la nuca con prendas que cubran esas áreas, aplicándose un filtro solar o permaneciendo en la sombra.

**Gafas de sol;** Las gafas de sol protegen

los ojos de los rayos UV y reducen el riesgo de cataratas. También protegen la piel delicada alrededor de los ojos de la exposición al sol.

Las gafas de sol que bloquean los rayos UVA y UVB ofrecen la mejor protección. La mayoría de las gafas de sol vendidas en los Estados Unidos, independientemente del precio, satisfacen este estándar. Las gafas de sol que protegen los lados de la cara son mejores porque impiden que los rayos UV entren por ahí.

**Filtro solar;** Antes de salir afuera, aplíquese un filtro solar de amplio espectro que bloquee tanto los rayos UVA como los UVB y tenga un FPS de 15 o más. No se olvide de aplicar una capa gruesa en todas las áreas expuestas de la piel. Pídale a alguien que lo ayude a aplicárselo en áreas difíciles de alcanzar como la espalda. Y recuerde, el filtro solar es más eficaz cuando se combina con otras opciones. No se recomienda usar filtro solar para los bebés de 6 meses de edad o menores. La Administración de Alimentos y Medicamentos de los Estados Unidos (FDA) recomienda que se mantenga a los bebés fuera del sol durante el mediodía, y que se les ponga ropa de protección si tienen que estar al sol.

**FPS.** A los filtros solares se les asigna un factor de protección solar (FPS), el cual es un número que indica qué tan bien bloquean los rayos UV. Mientras más alto sea el número, mayor será la protección. Se debe usar un filtro solar de amplio espectro con un FPS de 15 o más.

**Reaplicación.** La eficacia del filtro solar dura cierto tiempo. Vuelva a aplicárselo si permanece en el sol por más de 2 horas, y después de nadar, sudar o secarse con una toalla.

**Fecha de vencimiento.** Verifique la fecha de vencimiento del filtro solar. Los filtros solares que no indiquen una fecha de vencimiento tienen una duración máxima de tres años. La duración es menor si el filtro ha sido expuesto a temperaturas altas. CDC

**COMISIÓN DE CALIDAD AMBIENTAL DE TEXAS****AVISO DE RECIBIMIENTO DE SOLICITUDES E INTENCIÓN DE OBTENER  
MODIFICACIÓN Y RENOVACIÓN DE PERMISO DE AIRE (NORI)****NÚMERO DE PERMISO DE CALIDAD DEL AIRE 83864**

**SOLICITUD** Equistar Chemicals, LP., ha solicitado a la Comisión de Calidad Ambiental de Texas (TCEQ, por sus siglas en inglés) una enmienda y renovación del Número de Permiso de Calidad del Aire 83864, que autorizaría modificaciones y operación continua de la planta de Equistar Chemicals en Corpus Christi ubicado en 1501 McKinzie Road, Corpus Christi, Condado de Nueces, Texas 78410. Este enlace a un mapa electrónico de la ubicación general del sitio o instalación se proporciona como cortesía pública y no como parte de la solicitud o aviso. Para conocer la ubicación exacta, consulte la aplicación. <http://www.tceq.texas.gov/assets/public/hb610/index.html?lat=27.81&lng=-97.593611&zoom=13&type=r>. La instalación existente y / o las instalaciones relacionadas emitirán los siguientes contaminantes del aire: monóxido de carbono, sulfuro de hidrógeno, óxidos de nitrógeno, compuestos orgánicos, material particulado, incluido el material particulado con diámetros de 10 y 2,5 micras o menos y dióxido de azufre.

Las solicitudes se presentaron a la TCEQ el 18 de Mayo de 2022. La renovación del permiso se emitirá junto con la enmienda. Las razones de cualquier cambio o incorporación, en la medida en que estén incluidos en el permiso renovado, pueden incluir la mejora del control operativo en la planta o la aplicabilidad del permiso. Las solicitudes estarán disponibles para su visualización y copia en la oficina central de la TCEQ, la oficina regional de la TCEQ Región 14 y en la librería pública de Corpus Christi Owen R. Hopkins ubicada en 3202 McKinzie Road, Corpus Christi, Condado de Nueces, Texas a partir del primer día de publicación de este aviso. El archivo de cumplimiento de la instalación, si existe alguno, está disponible para su revisión pública en la oficina regional región 14 de la TCEQ.

El director ejecutivo ha determinado que las solicitudes están administrativamente completas y llevará a cabo una revisión técnica de las solicitudes.

**COMENTARIO PÚBLICO. Puede enviar comentarios públicos a la Oficina del Secretario Oficial en la dirección a continuación.** La TCEQ considerará todos los comentarios públicos al desarrollar una decisión final sobre las solicitudes y el director ejecutivo preparará una respuesta a esos comentarios.

**REUNIÓN PÚBLICA. Puede solicitar una reunión pública a la Oficina del Secretario Oficial en la dirección a continuación.** El propósito de una reunión pública es para brindar la oportunidad de enviar comentarios o hacer preguntas sobre las solicitudes. Se llevará a cabo una reunión pública sobre las solicitudes si lo solicita una persona interesada y el director ejecutivo determina que existe un grado significativo de interés público en las solicitudes o si lo solicita un legislador local. Una reunión pública no es una audiencia de caso impugnado.

**ANUNCIO DE SOLICITUD Y DECISIÓN PRELIMINAR.** Además de este NORI, 30 Texas Admin. Cod. (TAC) § 39.419 requiere que esta solicitud también tenga un Aviso de Solicitud y Decisión Preliminar (NAPD, por sus siglas en inglés) después de que se determine que la solicitud está técnicamente completa y se prepare un bosquejo de permiso. **Tenga en cuenta que: La TCEQ puede actuar sobre esta solicitud sin emitir un NAPD y sin buscar más comentarios públicos o proporcionar más oportunidades para una audiencia de caso impugnado si los cambios en las representaciones en la solicitud hacen que la solicitud ya no esté sujeta a los requisitos de aplicabilidad de 30 TAC § 39.402. En tales casos, este NORI será su aviso final de esta solicitud y no tendrá oportunidades adicionales para hacer comentarios o solicitar una audiencia de caso impugnado.** Si se requiere un NAPD, se publicará y enviará por correo a aquellos que hicieron comentarios, enviaron solicitudes de audiencia o están en la lista de correo para esta solicitud, y contendrá la fecha límite final para enviar comentarios públicos.

**OPORTUNIDAD PARA UNA AUDIENCIA DE CASO IMPUGNADO.** Puede solicitar una audiencia de caso impugnado si es una persona que puede verse afectada por las emisiones de contaminantes del aire de la instalación tiene derecho a solicitar una audiencia. Si solicita una audiencia de caso impugnado, debe presentar lo siguiente: (1) su nombre (o para un grupo o asociación, un representante oficial), dirección postal, número de teléfono diurno; (2) nombre y número de permiso del solicitante; (3) la declaración "[Yo/nosotros] solicitamos una audiencia de caso impugnado"; (4) una descripción específica de cómo se vería afectado negativamente por la aplicación y las emisiones atmosféricas de la instalación de una manera no común para el público en general; (5) la ubicación y distancia de su propiedad en relación con la instalación; (6) una descripción de cómo utiliza la propiedad que puede verse afectada por la instalación; y (7) una lista de todas las cuestiones de hecho en disputa que envíe durante el período de comentarios. Si la solicitud es hecha por un grupo o una asociación, uno o más miembros que tienen capacidad para solicitar una audiencia deben ser identificados por su nombre y dirección física. También deben identificarse los intereses que el grupo o asociación pretende proteger. También puede presentar los ajustes propuestos a la solicitud / permiso que satisfagan sus inquietudes.

**La fecha límite para presentar una solicitud para una audiencia de caso impugnado es de 30 días después de que se publique el aviso del periódico. Si una solicitud se presenta oportunamente, el plazo para solicitar una audiencia de caso impugnado se extenderá a 30 días después del envío de la respuesta a los comentarios.**

Si una solicitud de audiencia se presenta oportunamente, después del cierre de todos los periodos de comentarios y solicitudes aplicables, el Director Ejecutivo enviará la solicitud y cualquier solicitud de audiencia de caso impugnado a los Comisionados para su consideración en una reunión programada de la Comisión. La Comisión sólo podrá conceder una solicitud de audiencia de un asunto impugnado sobre cuestiones que el solicitante haya presentado en sus observaciones oportunas que no hayan sido retiradas posteriormente.

**CONTINUACION EN LA PAGINA #9**

**CONTINUACION DE LA PAGINA #8**

Si se concede una audiencia, el tema de una audiencia se limitará a cuestiones de hecho en disputa o cuestiones mixtas de hecho y de derecho relacionadas con preocupaciones relevantes y materiales sobre la calidad del aire presentadas durante el periodo de comentarios. Cuestiones como los valores de las propiedades, el ruido, la seguridad del tráfico y la zonificación están fuera de la jurisdicción de la Comisión para abordarlas en este procedimiento.

**LISTA DE CORREO.** Además de enviar comentarios públicos, puede solicitar ser colocado en una lista de correo para recibir futuros avisos públicos para estas solicitudes específicas enviadas por correo por la Oficina del Secretario Oficial enviando una solicitud por escrito a la Oficina del Secretario Oficial a la dirección a continuación.

**CONTACTOS E INFORMACIÓN DE LA AGENCIA.** Los comentarios y solicitudes del público deben enviarse electrónicamente a [www.tceq.texas.gov/agency/decisions/cc/comments.html](http://www.tceq.texas.gov/agency/decisions/cc/comments.html), o por escrito a Texas Commission on Environmental Quality, Office of Chief Clerk, MC-105, P.O. ## 7 PROPIEDADES DE LA PIÑA QUE ES IMPORTANTE QUE CONOZCAS

1- Utiliza la piña como digestivo natural

¿Sabías que la piña contiene una sustancia llamada bromelina? Esta enzima es super útil a la hora de digerir las proteínas de la carne. Así que ya sabes, el secreto para las digestiones pesadas consiste en comer un buen trozo de piña para el postre.

2 – Ayuda a eliminar ardor, acidez y gases

Una de las principales propiedades curativas de la piña es eliminar las molestias gastrointestinales y la hinchazón abdominal, gracias a la mejora de la digestión que ya hemos comentado.

3 – Además elimina el estreñimiento

La tercera parte es la mejora de la digestión que se produce por la cantidad de fibra insoluble de esta sabrosa fruta, en definitiva es muy útil para todo tu sistema digestivo.

4 – Fuente de antioxidantes y manganeso

Los antioxidantes mantendrán tu organismo joven evitando el envejecimiento prematuro. Por otro lado el manganeso (difícil de encontrar en otros alimentos) fortalece tus huesos y el sistema inmunitario.

5 – Un postre delicioso y natural

La piña es un postre ideal, ya que te quita el antojo de dulce si estas a dieta y ayuda a controlar tus niveles de glucosa en sangre, mejorando la sensación de saciedad.

6 – La piña está llena de vitamina C

La piña es otra de las frutas ricas en vitamina C, excelente para prevenir los catarros y resfriados ¡Consúmela siempre que puedas para mantener una salud de hierro!

7 – Elimina la retención de líquidos

El ultimo beneficio de la piña es que actúa como un diurético natural que te ayudará a eliminar la retención de líquidos, previniendo la hinchazón y logrando un vientre plano.

La Cancion Mi Cariño de Manuel Esperón

(Song that young Vicente learned from his Mother in the Novela)

Por Manuel Ayala

Cariño que Dios me ha dado para quererlo  
Cariño que a mi me quiere sin interés  
El cielo me dio un carino sin merecerlo  
Mirando ay eso ojitos sabran quien es  
Con ella no existe pena que desespere  
Cariño que a mi quiere con dulce amor  
Para ella no existe pena que no consuele  
Mirandale su carita yo miro a Dios  
Ay que dichoso soy  
Cuando la escucho hablar  
Con cuanta amor le doy esta cantar  
A que dichoso soy  
Con ella soy feliz  
Viva su vida mi carinito que tengo agui

## AVISO DE SOLICITUD Y DECISIÓN PRELIMINAR PARA PERMISOS DE CALIDAD DEL AIRE

NÚMEROS DE PERMISO DE CALIDAD DEL AIRE 38754, PSDTX324M15 Y GHGPSDTX211

**SOLICITUD Y DECISIÓN PRELIMINAR.** Valero Refining-Texas, L.P., Post Office Box 9370, Corpus Christi, Texas 78469-9370, ha solicitado a la Comisión de Calidad Ambiental de Texas (TCEQ) una enmienda al Permiso estatal de calidad del aire 38754, modificación a la Prevención de deterioro significativo (PSD). ) Permiso de calidad del aire PSDTX324M15, y emisión del Permiso de calidad del aire de gases de Efecto Inverandero (GEI) PSD GHGPSDTX211 para emisiones de GEI, que autorizaría la modificación de la planta oeste de la refinería Valero Corpus Christi ubicada en 5900 Up River Road, Corpus Christi, condado de Nueces, Texas 78407. Esta solicitud se procesó de manera expedita, según lo permiten las reglas de la comisión en el Código Administrativo de Texas 30, Capítulo 101, Subcapítulo J. La instalación existente emitirá los siguientes contaminantes del aire en una cantidad significativa: monóxido de carbono, óxidos de nitrógeno, compuestos orgánicos, partículas, incluidas las partículas con diámetros de 10 micras o menos y 2,5 micras o menos y dióxido de azufre. Además, la instalación emitirá los siguientes contaminantes del aire: amoníaco y sulfuro de hidrógeno.

El grado de incremento de PSD previsto para ser consumido por la instalación existente y otras fuentes de consumo de incremento en el área es el siguiente:

Esta solicitud fue presentada al la TCEQ el 30 de septiembre de 2021. El director ejecutivo ha determinado que las emisiones de contaminantes del aire de la instalación existente que están sujetas a la revisión del PSD no violarán ninguna regulación estatal o federal de calidad del aire y no tendrán ningún "significativo impacto adverso en los suelos, la vegetación o la visibilidad. Se han evaluado todos los contaminantes del aire y se utilizará la "mejor tecnología de control disponible" para el control de estos contaminantes.

El director ejecutivo ha completado la revisión técnica de la solicitud y preparó un borrador de permiso que, de aprobarse, establecería las condiciones bajo las cuales debe operar la instalación. La solicitud de permiso, la decisión preliminar del director ejecutivo, el borrador del permiso y el resumen de la determinación preliminar del director ejecutivo y el análisis de la calidad del aire del director ejecutivo estarán disponibles para ver y copiar en la oficina central de la TCEQ, la oficina regional de la TCEQ en Corpus Christi y en la Biblioteca Pública Owen R. Hopkins, 3202 McKinzie Road, Corpus Christi, Condado de Nueces, Texas, comenzando el primer día de publicación de este aviso. El archivo de cumplimiento de la instalación, si existe, está disponible para revisión pública en la Oficina Regional de TCEQ Corpus Christi, 500 North Shoreline Boulevard, Suite 500, Corpus Christi, Texas.

**INFORMACIÓN DISPONIBLE EN LÍNEA.** Se puede acceder a estos documentos a través del sitio web de la Comisión en [www.tceq.texas.gov/goto/cid](http://www.tceq.texas.gov/goto/cid): la decisión preliminar del director ejecutivo que incluye el borrador del permiso, el resumen de la determinación preliminar del director ejecutivo, el análisis de la calidad del aire y, una vez que esté disponible, el la respuesta del director ejecutivo a los comentarios y la decisión final sobre esta solicitud. Acceda a la base de datos integrada de comisionados (CID) utilizando el enlace anterior e ingrese el número de permiso para esta aplicación. **COMENTARIO PÚBLICO/REUNIÓN PÚBLICA.** Puede enviar comentarios públicos o solicitar una reunión pública a la Oficina del Secretario Oficial en la dirección abajo indicada. El propósito de una reunión pública es proporcionar la oportunidad de presentar comentarios o hacer preguntas sobre la solicitud. El TCEQ celebrará una reunión pública si el director ejecutivo determina que existe un grado significativo de interés público en la solicitud, si lo solicita una persona interesada o si lo solicita un legislador local. Una reunión pública no es una audiencia de caso disputado. Usted puede enviar comentarios públicos adicionales por escrito dentro de los 30 días de la fecha de publicación de este aviso en el periódico de la manera establecida en el párrafo CONTACTOS E INFORMACIÓN de la AGENCIA a continuación.

CONTINUACION EN LA PAGINA #11

## CONTINUACION DE LA PAGINA #10

Después de la fecha límite para comentarios públicos, el director ejecutivo considerará los comentarios y preparará una respuesta a todos los comentarios públicos relevantes y materiales o significativos. **La respuesta a los comentarios, junto con la decisión del director ejecutivo sobre la solicitud, se enviará por correo a todas las personas que enviaron comentarios públicos o que están en una lista de correo para esta solicitud. El correo también proporcionará instrucciones para solicitar una audiencia de caso impugnado o una reconsideración de la decisión del director ejecutivo.**

**OPORTUNIDAD PARA UNA AUDIENCIA DE CASO IMPUGNADO.** Usted puede solicitar una audiencia de caso impugnado con respecto a las partes de la solicitud de Permiso de Calidad del Aire Estatal Número 38754 y del Permiso de Calidad del Aire PSD Número PSDTX324M15. No existe oportunidad de solicitar una audiencia de caso impugnado con respecto a la parte de la solicitud para el Número de Permiso de Calidad del Aire GHG PSD GHGPSDTX211. Una audiencia de caso impugnado es un procedimiento legal similar a un juicio civil en un tribunal de distrito estatal. Una persona que pueda verse afectada por las emisiones de contaminantes atmosféricos, distintos de los GEI, de la instalación tiene derecho a solicitar una audiencia. Una persona que pueda verse afectada por las emisiones de contaminantes del aire, distintos de los GEI, de la instalación tiene derecho a solicitar una audiencia. Una solicitud de audiencia de caso impugnado debe incluir lo siguiente: (1) su nombre (o para un grupo o asociación, un representante oficial), dirección postal, número de teléfono durante el día; (2) nombre del solicitante y número de permiso; (3) la declaración "Yo/nosotros solicitamos una audiencia de caso impugnado;" (4) una descripción específica de cómo se vería afectado negativamente por la aplicación y las emisiones al aire de la instalación de una manera que no es común para público en general; (5) la ubicación y la distancia de su propiedad con respecto a la instalación; (6) una descripción de cómo utiliza la propiedad que puede verse afectada por la instalación; y (7) una lista de todas las cuestiones de hecho en disputa que presente durante el período de comentarios. Si la solicitud es hecha por un grupo o asociación, uno o más miembros que tienen derecho a solicitar una audiencia deberán identificarse con nombre y dirección física. También deben identificarse los intereses que el grupo o asociación pretende proteger. También puede presentar sus ajustes propuestos a la solicitud/ permiso que satisfaga sus preocupaciones. Las solicitudes para una audiencia de caso impugnado deben presentarse por escrito dentro de los 30 días siguientes a este aviso a la Oficina del Secretario Oficial, en la dirección proporcionada en la sección de información a continuación.

Una audiencia de caso impugnado solo se otorgará en base a cuestiones de hecho en disputa o cuestiones mixtas de hecho y derecho que sean relevantes y materiales para las decisiones de la Comisión sobre la solicitud. La Comisión solo puede conceder una solicitud de audiencia de caso impugnado sobre asuntos que el solicitante presentó en sus comentarios oportunos que no fueron retirados posteriormente. Los asuntos que no se presenten en los comentarios públicos no podrán ser considerados durante una audiencia.

**ACCIÓN DEL DIRECTOR EJECUTIVO.** El director ejecutivo puede emitir la aprobación final de la solicitud para la parte de la solicitud del Permiso de calidad del aire del PSD de GEI GHGPSDTX211. Si no se recibe una solicitud de audiencia de caso impugnado oportunamente o si se retiran todas las solicitudes de audiencia de caso impugnado oportunamente con respecto al Permiso estatal de calidad del aire número 38754 y para el Permiso de calidad del aire del PSD número PSDTX324M15, el director ejecutivo puede emitir la aprobación final de la solicitud. La respuesta a los comentarios, junto con la decisión del director ejecutivo sobre la solicitud, se enviará por correo a todos los que enviaron comentarios públicos o están en una lista de correo para esta solicitud, y se publicarán electrónicamente en el CID. Si se reciben solicitudes de audiencia oportunas y no se retiran, el director ejecutivo no emitirá la aprobación final del permiso estatal de calidad del aire número 38754 y del permiso de calidad del aire del PSD número PSDTX324M15 y enviará la solicitud y las solicitudes a los comisionados para su consideración en una reunión. reunión de la comisión programada.

**LISTA DE CORREO.** Usted puede solicitar ser colocado en una lista de correo para obtener información adicional sobre esta solicitud enviando una solicitud a la Oficina del Secretario Jefe en la dirección abajo.

### AVISO DE UN PERMISO FEDERAL PARA OPERACIÓN PRELIMINAR

Número de permiso preliminar: O3869

**SOLICITUD Y PERMISO PRELIMINAR** Buckeye Texas Processing, LLC, 7209 Up River Rd, Corpus Christi, TX 78409-2817, ha presentado una solicitud ante la Comisión de Calidad Ambiental de Texas (TCEQ, por sus siglas en inglés) para un examen significativo del Permiso Federal de Operación (en adelante denominado el Permiso) número O3869 en el Corpus Christi Refining, una refinería. El área a la cual se refiere la solicitud está ubicada en 7209 Up River Rd en la ciudad de Corpus Christi, Condado de Nueces, Texas 78411. Esta solicitud se está procesando de manera expedita, según lo permitido por las reglas de la comisión en Título 30 Código Administrativo de Texas, Capítulo 101, Subcapítulo J. Este enlace a un mapa electrónico de la ubicación general del sitio o de la instalación es proporcionado como una cortesía y no es parte de la solicitud o del aviso. Para la ubicación exacta, consulte la solicitud. <http://www.tceq.texas.gov/assets/public/hb610/index.html?lat=27.812222&lng=-97.503333&zoom=13&type=r>. Esta solicitud fue recibida por la TCEQ el 6 de Abril 2021.

El propósito de un Permiso Federal de Operación es mejorar el acatamiento general con las normas que gobiernan el control de la contaminación atmosférica, claramente definiendo todos los requisitos aplicables como están definidos en el Título 30 del Código Administrativo de Texas § 122.10 (30 TAC § 122.10, por sus siglas en inglés). El permiso preliminar, si es aprobado, codificará las condiciones bajo las cuales el área debe operar. El permiso no autorizará construcción nueva. El director ejecutivo ha concluido la revisión técnica de la solicitud y ha hecho una decisión preliminar para preparar el permiso preliminar para la revisión y comentario público. El director ejecutivo de la TCEQ recomienda la expedición de este permiso preliminar. La solicitud de permiso, la declaración de base y el permiso preliminar estarán disponibles para ser revisados y copiados en la Oficina Central de la TCEQ, 12100 Park 35 Circle, Building (Edificio) E, First Floor (primer Piso), Austin, Texas 78753, y en la TCEQ Corpus Christi Regional Office, 500 N Shoreline BLVD, Suite 500, Corpus Christi, Texas 78401-0318 La Retama Central Library, 805 Comanche St, Corpus Christi, Texas 78401-2715, empezando el primer día de la publicación de este aviso. El permiso preliminar y la declaración de base están disponibles en el sitio de la TCEQ:

[www.tceq.texas.gov/goto/tvnotice](http://www.tceq.texas.gov/goto/tvnotice)

En la oficina central y la oficina regional también puede revisar y copiar documentos pertinentes para el permiso preliminar, así como los permisos para la Evaluación de Nuevas Fuentes que han sido incorporados por referencia. Cualquier persona que tengan dificultades obteniendo estos materiales debido a restricciones para viajar pueden comunicarse con la sala de archivos de la Oficina Central al teléfono (512) 239-2900.

**COMENTARIOS/NOTIFICACIÓN PÚBLICA Y AUDIENCIA. Cualquier persona puede entregar comentarios públicos sobre el permiso preliminar.** Comentarios relacionados a la exactitud, lo completo, y lo apropiado de las condiciones del permiso pueden resultar en cambios al permiso preliminar.

**Una persona que podría ser afectada por la emisión de contaminantes atmosféricos del área del sitio del permiso puede solicitar una audiencia de aviso y comentarios.** El propósito de la audiencia de notificación y comentarios es para proporcionar la oportunidad para entregar comentarios sobre el permiso preliminar. El permiso puede ser cambiado en base a si los comentarios relacionados con el permiso permiten el cumplimiento con el Título 30 del Código Administrativo de Texas, Capítulo 122 (ejemplos pueden incluir que el permiso no tiene todos los requisitos aplicables que correspondan o que no se cumplieron los procedimientos de aviso público). La TCEQ puede otorgar una audiencia de aviso y comentarios con respecto a esta solicitud si una petición por escrito es presentada dentro de los treinta días después de la publicación del anuncio en el diario. La solicitud de audiencia debe incluir la base de la solicitud, incluyendo una descripción de como la persona puede ser afectada por la emisión de contaminantes atmosféricos del área de la solicitud. La solicitud también debería especificar las condiciones del permiso borrador que son inapropiados o especificar como la decisión preliminar para expedir o denegar el permiso es inapropiado. Todos los asuntos razonablemente verificables deben ser planteados y todos los argumentos razonablemente disponibles deben ser entregados a no más tardar al final del período de comentarios públicos. Si se concede una audiencia de aviso y comentario, todos los individuos que presentaron comentarios por escrito o una solicitud de audiencia recibirán confirmación por escrito de la audiencia. Esta confirmación indicará la fecha, hora y lugar de la audiencia.

**Comentarios públicos por escrito y/o peticiones para una audiencia de aviso y comentarios deberían ser presentados a la Comisión de Calidad Ambiental (TCEQ), Oficina del Secretario Oficial (Office of Chief Clerk), MC-105, P.O. Box 13087, Austin, Texas 78711-3087, o por internet al [www14.tceq.texas.gov/epic/eComment/](http://www14.tceq.texas.gov/epic/eComment/), dentro de treinta días después de la fecha de publicación en el periódico de este aviso.** Si se comunica electrónicamente con la TCEQ, favor de notar que su correo electrónico, tal como su dirección de correo doméstico, formarán parte del archivo público de la agencia.

**Un aviso de la acción final propuesta que incluye una respuesta a los comentarios y denotando cualquier cambio al permiso preliminar, será enviado a todas las personas que hayan presentado comentarios públicos, una solicitud de audiencia o que hayan solicitado ser incluidos en la lista de correo.** Este envío de correo también proveerá instrucciones para hacer peticiones públicas a la Agencia de Protección Ambiental (EPA, por sus siglas en inglés), para solicitar que la EPA se oponga a la expedición del permiso preliminar. Después de recibir una solicitud, la EPA solamente podrá objetar a la expedición de un permiso que no cumple con los requisitos aplicables o los requisitos del 30 TAC Capítulo 122.

**CONTINUACION DE LA PAGINA #12**

**LISTA PARA ENVÍO DE CORREO.** Aparte de entregar comentarios públicos, usted puede solicitar ser incluido en una lista para envío de correo con respecto a esta solicitud al enviar su petición a la Oficina del Secretario Oficial (Office of Chief Clerk) a la dirección antes mencionada. Los que se encuentran en la lista para envío de correo recibirán copias de avisos públicos futuros (si hay) para esta solicitud enviados por correo por el Secretario Oficial.

**INFORMACIÓN.** Para más información con respecto a esta solicitud de permiso o el proceso de permisos, favor de contactar a la Texas Commission on Environmental Quality (Comisión de Calidad Ambiental de Texas), Programa de Educación del Público (Public Education Program), MC-108, P.O. Box 13087, Austin, Texas 78711-3087 o llamar sin cargo al 1-800-687-4040. Si desea información en Español, puede llamar al 1800-687-4040.

Puede obtener más información sobre Buckeye Texas Processing, LLC llamando a Sra. Shahana Banoo al teléfono (361) 371-6644.

## SE APROXIMA LOS DÍAS CON INTENSO CALOR

A mediados del próximo mes de julio iniciará la canícula 2022; es decir, el periodo más caluroso del año, caracterizado por un aumento excesivo en la temperatura, derivado del eje de inclinación de la Tierra respecto al Sol.

No se tiene una fecha exacta de cuándo entra la canícula; sin embargo, se sabe que se hace presente a mediados del mes de julio y tiene una duración aproximada de 30 a 40 días, terminando en agosto.

El aumento excesivo de la temperatura en esta época del año comienza unas semanas después del solsticio de verano (que ocurre el 21 de junio en el hemisferio norte y el 21 de diciembre en el hemisferio sur).

En el periodo de canícula, el Sol del mediodía está a la máxima altura posible sobre el horizonte de la Tierra, provocando temperaturas de hasta más de 104 grados fahrenheit.

Hace muchos años, no se sabe con exactitud cuántos, la gente de campo de los países de América Central iniciaba la siembra de cultivos tomando como referencia la posición de las estrellas y sus constelaciones, notando que cerca del 15 de julio, el clima era

seco y la temperatura aumentaba, por lo que no era conveniente sembrar.

Este periodo del año seco, que termina cerca del 15 de agosto, coincidía con la posición de la constelación del Can Menor en el cenit a la media noche. A este tiempo se le denominaba canícula, de ahí surgió el nombre.

Para evitar sufrir los estragos en este periodo caluroso del año, los expertos recomiendan a la población en general seguir las siguientes recomendaciones.

No exponerse de manera prolongada a los rayos solares (entre las 11:00 y 17:00 horas)

Consumir abundantes líquidos

Utilizar sombreros o sombrillas para evitar los rayos solares

Usar ropa de colores claros, ligera y holgada

Tomar descansos de 5 minutos a la sombra

Usar protector solar con un factor de protección igual o mayor a 50.

# HOROSCOPOS

**Aries.** - You're taking no prisoners when it comes to your love life situation. Although you might come on too strong at certain moments, ultimately, this brave and self-serving attitude should help you keep your power and avoid any victimization potential in matters of the heart making your approach to love abrasive or even extreme. Fortunately, that should pass quickly, you are literally creating your own luck in love. It looks glorious!

**Taurus.** - This is a week when you can truly feel like you've come into your own. You're able to be comfortable in your own skin and truly love every inch of yourself, regardless of societal standards around body image and beauty. Until she leaves on June 22, you can embody her energy and boost your powers of attraction until you're practically a deity of love! If single, this is a superb time for you to attract a new and possibly life-changing romance your way.

**Gemini.** - Your extended community and overall social life are about to be activated in a quite exciting way, and this is sure to have ramifications on your love life. You can pursue connections that genuinely serve you and your personal goals. As a cherry on top, you might find a spiritually-aligned soulmate through social connections. If already attached, you and your mate could achieve a shared aspiration. Things will probably happen fast.

**Cancer.** - This week might feel like your wish is the universe's command when it comes to love! You've got the capacity to see a grounded, stable love connection absolutely flourish, thanks to steadfast. If you're already in a partnership, you and your sweetheart might be heavily focused on remaining in a place of gratitude for your shared blessings. This mindset should help you attract even more goodness. If single, you could easily meet a new love interest while you're mingling with peers. A loyal friend of yours might also share romantic feelings for you.

**Leo.** - Love becomes a fast-paced, wild adventure this week, which will probably make you hungrier than ever for new romantic experiences. When it comes to singles, you can get ready to reach out and take in an experience in love you've never had before! If attached, you and your partner could finally be on the same page about diving into a spontaneous experience connected to sports or travel that will leave you both breathless.

**Virgo.** - You are about to become intoxicatingly sexy to your partner! As a result, you could be moments from enjoying some of the most memorable, passionate moments together. Couples can thrive in their physical connection -- sex should literally bring you closer together emotionally and spiritually as well as physically. If you are single, you may open yourself up to new possibilities in romance. While you might still stick to your guns and make sure your values are aligned with a prospective lover, you aren't locking yourself into similarities in every area.

**Libra.** - Your love life is on fire this week! Passion and sexy energy are literally exploding in your love life if you're already partnered. This might even feel too hot to handle at times, but don't worry -- you can manage it. If you're single, you might feel a strong, potentially obsessive pull towards a mysterious, sexy someone after Saturday. Feel free to explore the possibilities -- after you've done a background check, of course!

**Scorpio.** - You're likely to approach even the most boring chores with a touch of style now. Your attention to detail can help you bring pleasure to routine things that you may normally take for granted. However, explaining to others why you're focused on what they see as minor stuff could be frustrating. They might not understand your priorities, so you're better off moving forward on your own without seeking their validation.

**Sagittarius.** - Pleasure could be a high priority for you today. However, you may have to watch what you spend on fun! Though there might be more wiggle room in your budget than you think, your sense of feeling deprived is what's most likely to provoke you to lash out and go completely wild. Checking your bank balance before you get rolling can give you a realistic sense of what's possible. Fortunately, the facts are probably more favorable to you than your fears are.

**Capricorn.** - Family life could seem especially cozy now, but you may wonder whether that closeness comes at a cost. If there's not room for you to be your true self within the family dynamic, your repressed frustration might come out in ways that disrupt the overall harmony. Your task is perhaps to take responsibility for your own expression without blaming yourself for everything that led up to the present moment.

**Aquarius.** - You can be witty and engaging in conversation today, but keep an eye out for humor that has too much of an edge. If you feel the urge to tell a joke at somebody else's expense, it might be a sign that you have deeper issues in need of attention. Though you may want to give the impression that you have everything figured out, being honest and vulnerable about your challenges should create less trouble for you than antagonizing others would.

**Pisces.** - Getting an accurate sense of your financial picture could be difficult now. Although you might feel proud of what you have, comparing yourself to your peers has the potential to burst your bubble. Being grounded in a reality outside yourself has value, but you may need to carefully discern which comparisons are truly relevant to your situation. If it becomes obvious that you have different goals and needs than others you're communicating with.

## REFLEXIONES

### **Acabo de ver a una persona de noticias e entrevistar a un director de una escuela y preguntar?**

"¿Qué nos estamos perdiendo? ¿Qué necesitan los niños?"

"El no paraba de hablar de las enfermedades mentales, el sistema de justicia juvenil, el control de armas, la reforma educativa, bla, bla, bla."

Amigos, ninguna de esas tonterías tiene sentido. Esto es lo que los niños necesitan:

1. Los niños necesitan una madre y un padre que se amen y trabajen juntos en equipo. Por supuesto, cuando falta papá o mamá, pueden estar abuelos, tíos, etcétera.

2. Los niños necesitan una bicicleta, vecinos y primos.

3. Los niños necesitan una abuela para hornear y un abuelo para llevarlos a pescar.

4. Los niños necesitan una iglesia, una clase de escuela dominical y un predicador que diga la verdad.

5. Los niños necesitan una cena con comida casera, oración y conversación.

6. Los niños necesitan fútbol del domingo por la tarde y pollo frito.

7. Los niños necesitan libros en cinta y páginas para colorear.

8. Los niños necesitan veranos en la playa y chicle bazooka.

9. Los niños necesitan un viaje a Arlington y fuegos artificiales del 4 de julio (Contexto EEUU).

10. Los niños necesitan fogatas, historias de fantasmas, el viaje y palomitas reales.

11. Los niños necesitan disciplina de sus padres.

12. Los niños necesitan tareas, un trabajo, una manera de ganar lo que quieren.

13. Los niños necesitan una educación que reconozca a mamá y papá como la autoridad, a Dios como el creador y a la Biblia como la ruta.

14. Si es verdad, también necesitan terapia, no con cualquier psicólogo, sino con terapeutas calificados.

Pero, y por sobre todas las cosas:

15. Necesitan a Dios en sus vidas. Padres, hijos, familiares, necesitamos a Dios. Esto no se trata de una agenda, se trata de niños.

Volver a lo básico: fe, familia y buena diversión.

Dear Mr. Aziz:

The Texas Commission on Environmental Quality (TCEQ) has completed the technical review of your application and has prepared a preliminary decision and draft permit.

You are now required to publish notice of your proposed activity. To help you meet the regulatory requirements associated with this notice, we have included the following items:

- Notices for Newspaper Publication (Examples A and B)
- Public Notice Checklist
- Instructions for Public Notice
- Affidavit of Publication for Air Permitting (Form TCEQ-20533) and Alternative Language Affidavit of Publication for Air Permitting (Form TCEQ-20534)
- Web link to download Public Notice Verification Form (refer to Public Notice Instructions)
- Notification List
- Draft Permit

Please note that it is **very important** that you follow **all** directions in the enclosed instructions. If you do not, you may be required to republish the notice. A common mistake is the unauthorized changing of notice wording or font. If you have any questions, please contact us before you proceed with publication.

A "Public Notice Checklist" is enclosed which notes the time limitations for each step of the public notice process. **The processing of your application may be delayed if these time limitations are not met (i.e., submitting proof of publication of the notice within 10 business days after publication, affidavits of publication within 30 calendar days after the date of publication, and public notice verification form within 10 business days after the end of the designated comment period).** This checklist should be used as a tool in conjunction with the enclosed, detailed instructions.

If you do not comply with **all** requirements described in the instructions, further processing of your application may be suspended or the agency may take other actions.

# TEXAS COMMISSION ON ENVIRONMENTAL QUALITY

## EXAMPLE A

**COMBINED  
PUBLIC MEETING  
AND  
NOTICE OF APPLICATION AND PRELIMINARY DECISION  
FOR AN AIR QUALITY PERMIT**

**PERMIT NUMBER: 105710**

**APPLICATION AND PRELIMINARY DECISION.** Corpus Christi Liquefaction, LLC, PO Box 162, Gregory, TX 78359-0162, has applied to the Texas Commission on Environmental Quality (TCEQ) for an amendment to Air Quality Permit Number 105710, which would authorize a modification to operations at Corpus Christi Liquefaction located at 622 State Hwy 35, Gregory, San Patricio County, Texas 78359. This application was submitted to the TCEQ on April 20, 2021. The existing facility will emit the following contaminants: carbon monoxide, hydrogen sulfide, nitrogen oxides, organic compounds, particulate matter including particulate matter with diameters of 10 microns or less and 2.5 microns or less, sulfur dioxide, and hazardous air pollutants.

The executive director has completed the technical review of the application and prepared a draft permit which, if approved, would establish the conditions under which the facility must operate. The executive director has made a preliminary decision to issue the permit because it meets all rules and regulations. The permit application, executive director's preliminary decision, and draft permit will be available for viewing and copying at the TCEQ central office, the TCEQ Corpus Christi regional office, and at the Portland Chamber of Commerce, 1512 Wildcat Drive, Portland, San Patricio County, Texas, beginning the first day of publication of this notice. The facility's compliance file, if any exists, is available for public review at the TCEQ Corpus Christi Regional Office, 500 N. Shoreline Blvd., Suite 500, Corpus Christi, Texas.

**PUBLIC COMMENT/PUBLIC MEETING.** You may submit public comments about this application. The TCEQ will hold a public meeting on this application because it was requested by local legislators. The purpose of a public meeting is to provide the opportunity to submit comments or to ask questions about the application. A public meeting is not a contested case hearing. The TCEQ will consider all public comments in developing a final decision on the application. The public meeting will consist of two parts, an Informal Discussion Period and a Formal Comment Period. During the Informal Discussion Period, the public is encouraged to ask questions of the applicant and TCEQ staff concerning the application. However, informal comments made during the Informal Discussion Period will not be considered by the TCEQ Commissioners before reaching a decision on the permit and no formal response will be made to the informal comments. During the Formal Comment Period, members of the public may state their formal comments into the official record. A written response to all formal comments will be prepared by the Executive Director and considered by the Commissioners before they reach a decision on the permit. A copy of the response will be sent to each person who submits a formal comment or who requested to be on the mailing list for this application and who provides a mailing address.

**The Public Meeting is to be held:**

**Thursday, June 30, 2022 at 7:00 PM  
Portland Community Center  
2000 Billy G Webb  
Portland, Texas 78374**

Persons with disabilities who need special accommodations at the public meeting should call the Office of the Chief Clerk at (512) 239-3300 or 1-800-RELAY-TX (TDD) at least five business days prior to the meeting.

You may submit additional written public comments within 30 days of the date of newspaper publication of this notice in the manner set forth in the AGENCY CONTACTS AND INFORMATION paragraph below, or by the date of the public meeting, whichever is later. After the deadline for public comment, the executive director will consider the comments and prepare a response to all public comment. The response to comments, along with the executive director's decision on the application will be mailed to everyone who submitted public comments or is on a mailing list for this application.

**OPPORTUNITY FOR A CONTESTED CASE HEARING.** A contested case hearing is a legal proceeding similar to a civil trial in a state district court. A person who may be affected by emissions of air contaminants from the facility is entitled to request a hearing. A contested case hearing request must include the following: (1) your name (or for a group or association, an official representative), mailing address, daytime phone number; (2) applicant's name and permit number; (3) the statement "I/we request a contested case hearing;" (4) a specific description of how you would be adversely affected by the application and air emissions from the facility in a way not common to the general public; (5) the location and distance of your property relative to the facility; (6) a description of how you use the property which may be impacted by the facility; and (7) a list of all disputed issues of fact that you submit during the comment period. If the request is made by a group or association, one or more members who have standing to request a hearing must be identified by name and physical address. The interests the group or association seeks to protect must also be identified. You may also submit your proposed adjustments to the application/permit which would satisfy your concerns. Requests for a contested case hearing must be submitted in writing within 30 days following this notice to the Office of the Chief Clerk, at the address provided in the information section below.

A contested case hearing will only be granted based on disputed issues of fact or mixed questions of fact and law that are relevant and material to the Commission's decisions on the application. The Commission may only grant a request for a contested case hearing on issues the requestor submitted in their timely comments that were not subsequently withdrawn. Issues that are not submitted in public comments may not be considered during a hearing.

**EXECUTIVE DIRECTOR ACTION.** A timely hearing request has been received by the TCEQ. However, if all timely contested case hearing requests have been withdrawn and no additional comments are received, the executive director may issue final approval of the application. The response to comments, along with the executive director's decision on the application will be mailed to everyone who submitted public comments or is on a mailing list for this application, and will be posted electronically to the Commissioners' Integrated Database (CID). If all timely hearing requests are not withdrawn, the executive director will not issue final approval of the permit and will forward the application and requests to the Commissioners for their consideration at a scheduled commission meeting.

**INFORMATION AVAILABLE ONLINE.** When they become available, the executive director's response to comments and the final decision on this application will be accessible through the Commission's Web site at [www.tceq.texas.gov/goto/cid](http://www.tceq.texas.gov/goto/cid). Once you have access to the CID using the above link, enter the permit number for this application which is provided at the top of this notice. This link to an electronic map of the site or facility's general location is provided as a public courtesy and not part of the application or notice. **MAILING LIST.** You may ask to be placed on a mailing list to obtain additional information on this application by sending a request to the Office of the Chief Clerk at the address below.

**AGENCY CONTACTS AND INFORMATION.** Public comments and requests must be submitted either electronically at [www14.tceq.texas.gov/epic/eComment/](http://www14.tceq.texas.gov/epic/eComment/), or in writing to the Texas Commission on Environmental Quality, Office of the Chief Clerk, MC-105, P.O. Box 13087, Austin, Texas 78711-3087. Please be aware that any contact information you provide, including your name, phone number, email address and physical address will become part of the agency's public record. # TEXAS COMMISSION ON ENVIRONMENTAL QUALITY

## Instructions for Public Notice For New Source Review Air Permit

### Notice of Application and Preliminary Decision

We have completed the technical review of your application and issued a preliminary decision. You must comply with the following instructions:

#### Review Notice

Included in the notice is all of the information which the commission believes is necessary to effectuate compliance with applicable public notice requirements. Please read it carefully and notify the Texas Commission on Environmental Quality (TCEQ) immediately if it contains any errors or omissions. You are responsible for ensuring the accuracy of all information published. You may not change the text of the notice without prior approval from the TCEQ.

#### Newspaper Notice

- You must publish the enclosed *Notice of Application and Preliminary Decision for an Air Quality Permit* within **33 calendar days** after the date this information was mailed to you (see date of letter).
- You must publish the enclosed *Notice of Application and Preliminary Decision for an Air Quality Permit* at your expense, in the same newspaper(s) in which you published the *Notice of Receipt and Intent to Obtain Permit* for this application. The newspaper must be a newspaper that is of general circulation in the municipality where the facility is or will be located. If the facility is not located within a municipality, the newspaper must be of general circulation in the municipality nearest the location.
- You must publish this notice in one issue of any applicable newspaper.
- You will find two example notices enclosed in this package. *Example A* must be published in the "public notice" section of the newspaper. The phrase "Example A" is not required to be published. *Example B* must be published in the **same issue** of the newspaper as *Example A*; however, it must be published in a prominent location (other than the public notice section). *Example B* refers the public to the "public notice" section of the newspaper where *Example A* provides more information regarding the permit application.
- *Example B* must be a total of at least **6 column inches (standard advertising units)** with a height of at least **3 inches** and a horizontal dimension of **2 column widths**. If the newspaper chosen does not use standard advertising units for measurement, the notice must be at least **12 square inches** with the shortest side of at least **3 inches**.
- The bold text of the enclosed notice **must** be printed in the newspaper in a font style or size that distinguishes it from the rest of the notice (i.e., **bold**, *italics*). **Failure to do so may require re-notice.**

## Alternative Language Notice

In certain circumstances, applicants for air permits must complete notice in alternative languages.

- Public notice rules require the applicant to determine whether a bilingual program is required at either the elementary or middle school nearest to the facility or proposed facility location. Bilingual education programs are determined on a district-wide basis. When students who are required to attend either school are eligible to be enrolled in a bilingual education program, some alternative language notice is required (newspaper notice).
- Since the school district, and not the schools, must provide the bilingual education program, these programs do not have to be located at the elementary or middle school nearest to the facility or proposed facility to trigger the alternative language notice requirement. If there are students who would normally attend the nearest schools eligible to be taught in a bilingual education program at a different location, alternative language notice is required.
- If triggered, publications of alternative language notices must be made in a newspaper or publication printed primarily in each language taught in the bilingual education program. The same newspaper(s) used for *Notice of Receipt and Intent to Obtain Permit* must be used for publication of the *Notice of Application and Preliminary Decision for an Air Quality Permit*. This notice is required if such a newspaper or publication exists in the municipality or the county where the facility is or will be located.
- The applicant must demonstrate a good faith effort to identify a newspaper or publication in the required language. If a newspaper or publication of general circulation published at least once a month in such language cannot be found, publishing in that language is not required, but signs must remain posted in the same location(s) utilized during the *Notice of Receipt of Intent to Obtain Permit (1<sup>st</sup> public notice)*.
- Publication in an alternative language section or insertion within an English language newspaper does not satisfy these requirements.
- The applicant has the burden to demonstrate compliance with these requirements. You must fill out the **Public Notice Verification Form (Form TCEQ-20244)** indicating your compliance with the requirements regarding publication in an alternative language. **This form is available at [www.tceq.texas.gov/permitting/air/nav/air\\_publicnotice.html](http://www.tceq.texas.gov/permitting/air/nav/air_publicnotice.html).**
- It is suggested the applicant work with the local school district to do the following:
  - (a) determine if a bilingual program is required in the district;
  - (b) determine which language is required by the bilingual program;
  - (c) locate the nearest elementary and middle schools; and
  - (d) determine if any students attending either school are entitled to be enrolled in a bilingual educational program.
- **If you determine that you must meet the alternative language notice requirements after receipt of the full public notice package, you are responsible for ensuring that the publication in the alternative language is complete and accurate in that language. Spanish notice templates are available through the Air Permits Division Web site at [www.tceq.texas.gov/permitting/air/nav/air\\_publicnotice.html](http://www.tceq.texas.gov/permitting/air/nav/air_publicnotice.html). All italic notes should be replaced with the corresponding Spanish translations for the specific application and published in the alternative language publication. Email a copy to Air Permits Division staff.**
- If you are required to publish notice in a language other than Spanish, you must translate the entire public notice at your own expense.

## Public Comment Period

- The public comment period should last at least **30 calendar days after publication of the last notice**.
- The comment period will be longer if the last day of the public comment period ends on a weekend or a holiday. In this case, the comment period will end on the next business day.
- The comment period for the permit may lengthen depending on whether a public meeting is held. If a public meeting is held, the comment period will be extended to the later of either the date of the public meeting or the end of the second notice period.

## Proof of Publication

- Check each publication to ensure that the articles were accurately published. If a notice was not published correctly you may be required to republish.
- For each newspaper in which you published, you must submit proof of publication that shows the notice, the date of publication, and the name of the newspaper to the Office of the Chief Clerk within **10 business days** after the date of publication. Acceptable proofs of publication are 1) copies of the published notice or 2) the newspaper clippings of the published notice. If you choose to submit copies of the published notice to the Office of the Chief Clerk, copies must be on standard-size 8½" x 11" paper and must show the actual size of the published notice (do not reduce the image when making copies). Published notices longer than 11" must be copied onto multiple 8½" x 11" pages. Please note, submitting a copy of your published notice could result in faster processing of your application. It is recommended that you maintain newspaper clippings or tear sheets of the notice for your records.
- You must submit an **affidavit of publication for air permitting and alternate language affidavit of publication for air permitting (if applicable)** to the Office of the Chief Clerk within **30 calendar days** after the date of publication. **You must use the enclosed affidavit forms.** The affidavits must clearly identify the applicant's name and permit number. You are encouraged to submit the affidavit with the proof of publication described above.
- You must submit the ***Public Notice Verification Form (Form TCEQ-20244)*** to the Office of the Chief Clerk within **10 business days** of the end of this public comment period. You must use this form to certify that you have met bilingual notice requirements. **This form is available at [www.tceq.texas.gov/permitting/air/nav/air\\_publicnotice.html](http://www.tceq.texas.gov/permitting/air/nav/air_publicnotice.html).**
- The **affidavits of publication, *Public Notice Verification Form*, and acceptable proof of publication of the published notices** should be emailed to [PROOFS@tceq.texas.gov](mailto:PROOFS@tceq.texas.gov) or mailed to:

Texas Commission on Environmental Quality  
Office of the Chief Clerk, MC-105  
Attn: Notice Team  
P.O. Box 13087  
Austin, Texas 78711-3087

- Please ensure that the affidavit(s) you send to the Chief Clerk have all blanks filled in correctly.
- Photocopies of newspaper clippings, affidavits, and verifications must also be sent to those listed on the enclosed *Notification List* within the deadlines specified above.

## Failure to Publish and Submit Proof of Publication

You must meet all publication requirements. **If you fail to publish the notice or submit proof of publication on time**, the TCEQ may suspend further processing on your application or take other actions.

## Sign Posting

It is recommended that the signs that were put in place prior to publication of the first notice remain in place and be legible and visible until 30 days after publication of the *Notice of Application and Preliminary Decision* (either English or alternative language notice, whichever is later).

## Application in a Public Place

- You must provide a copy of the complete application (including any subsequent revisions) and the executive director's preliminary decision (including the draft permit), at a public place for review and copying by the public. This place must be in the county in which the facility is located or proposed to be located.
- A public place is one that is publicly owned or operated (ex: libraries, county courthouses, or city halls.)
- This copy must be accessible to the public for review and copying. The copy must be available beginning on the first day of newspaper publication and remain in place until the commission has taken action on the application or the commission refers issues to the State Office of Administrative Hearings.
- If the application is submitted to the TCEQ with information marked as "CONFIDENTIAL," you are required to indicate which specific portions of the application are not being made available to the public. These portions of the application must be accompanied with the following statement: "Any request for portions of this application that are marked as confidential must be submitted in writing, pursuant to the Public Information Act, to the Texas Commission on Environmental Quality, Public Information Coordinator, MC-197, P.O. Box 13087, Austin, Texas 78711-3087."
- You must submit verification of file availability using the ***Public Notice Verification Form (Form TCEQ-20244)*** within **10 business days** after end of the publications' designated comment period. Do not submit the form verifying that the application was in a public place until after the comment period is complete. If a public meeting is held or second notice is required causing the public comment period to be extended, at a later date you will be required to verify that the application was in a public place during the entire public comment period. **This form is available at [www.tceq.texas.gov/permitting/air/nav/air\\_publicnotice.html](http://www.tceq.texas.gov/permitting/air/nav/air_publicnotice.html).**

## General Information

When contacting the Commission regarding this application, please refer to the permit number at the top of the *Notice of Application and Preliminary Decision*.

If you have questions or need assistance regarding publication requirements, please contact the Office of the Chief Clerk at (512) 239-3300 or the project reviewer listed in the cover letter.

Dear Mr. Aziz:

The Texas Commission on Environmental Quality (TCEQ) has made a preliminary decision on the above-referenced application. In accordance with Title 30 Texas Administrative Code § 39.419(b), you are now required to publish Notice of Application and Preliminary Decision. You must provide a copy of this preliminary decision letter with the draft permit at the public place referenced in the public notice.

If you have any questions, please call Mr. Lyndon Poole, P.E. at (512) 239-6971, or write to the TCEQ, Office of Air, Air Permits Division, MC-163, P.O. Box 13087, Austin, Texas 78711-3087.

Sincerely,

A handwritten signature in cursive script that reads "Daniel Guthrie".

# TEXAS COMMISSION ON ENVIRONMENTAL QUALITY

## EXAMPLE A

**COMBINED  
PUBLIC MEETING  
AND  
NOTICE OF APPLICATION AND PRELIMINARY DECISION  
FOR AN AIR QUALITY PERMIT**

**PERMIT NUMBER: 105710**

**APPLICATION AND PRELIMINARY DECISION.** Corpus Christi Liquefaction, LLC, PO Box 162, Gregory, TX 78359-0162, has applied to the Texas Commission on Environmental Quality (TCEQ) for an amendment to Air Quality Permit Number 105710, which would authorize a modification to operations at Corpus Christi Liquefaction located at 622 State Hwy 35, Gregory, San Patricio County, Texas 78359. This application was submitted to the TCEQ on April 20, 2021. The existing facility will emit the following contaminants: carbon monoxide, hydrogen sulfide, nitrogen oxides, organic compounds, particulate matter including particulate matter with diameters of 10 microns or less and 2.5 microns or less, sulfur dioxide, and hazardous air pollutants.

The executive director has completed the technical review of the application and prepared a draft permit which, if approved, would establish the conditions under which the facility must operate. The executive director has made a preliminary decision to issue the permit because it meets all rules and regulations. The permit application, executive director's preliminary decision, and draft permit will be available for viewing and copying at the TCEQ central office, the TCEQ Corpus Christi regional office, and at the Portland Chamber of Commerce, 1512 Wildcat Drive, Portland, San Patricio County, Texas, beginning the first day of publication of this notice. The facility's compliance file, if any exists, is available for public review at the TCEQ Corpus Christi Regional Office, 500 N. Shoreline Blvd., Suite 500, Corpus Christi, Texas.

**PUBLIC COMMENT/PUBLIC MEETING.** You may submit public comments about this application. The TCEQ will hold a public meeting on this application because it was requested by local legislators. The purpose of a public meeting is to provide the opportunity to submit comments or to ask questions about the application. A public meeting is not a contested case hearing. The TCEQ will consider all public comments in developing a final decision on the application. The public meeting will consist of two parts, an Informal Discussion Period and a Formal Comment Period. During the Informal Discussion Period, the public is encouraged to ask questions of the applicant and TCEQ staff concerning the application. However, informal comments made during the Informal Discussion Period will not be considered by the TCEQ Commissioners before reaching a decision on the permit and no formal response will be made to the informal comments. During the Formal Comment Period, members of the public may state their formal comments into the official record. A written response to all formal comments will be prepared by the Executive Director and considered by the Commissioners before they reach a decision on the permit. A copy of the response will be sent to each person who submits a formal comment or who requested to be on the mailing list for this application and who provides a mailing address.

**The Public Meeting is to be held:**

**Thursday, June 30, 2022 at 7:00 PM  
Portland Community Center  
2000 Billy G Webb  
Portland, Texas 78374**

Persons with disabilities who need special accommodations at the public meeting should call the Office of the Chief Clerk at (512) 239-3300 or 1-800-RELAY-TX (TDD) at least five business days prior to the meeting.

You may submit additional written public comments within 30 days of the date of newspaper publication of this notice in the manner set forth in the AGENCY CONTACTS AND INFORMATION paragraph below, or by the date of the public meeting, whichever is later. After the deadline for public comment, the executive director will consider the comments and prepare a response to all public comment. The response to comments, along with the executive director's decision on the application will be mailed to everyone who submitted public comments or is on a mailing list for this application.

**OPPORTUNITY FOR A CONTESTED CASE HEARING.** A contested case hearing is a legal proceeding similar to a civil trial in a state district court. A person who may be affected by emissions of air contaminants from the facility is entitled to request a hearing. A contested case hearing request must include the following: (1) your name (or for a group or association, an official representative), mailing address, daytime phone number; (2) applicant's name and permit number; (3) the statement "I/we request a contested case hearing;" (4) a specific description of how you would be adversely affected by the application and air emissions from the facility in a way not common to the general public; (5) the location and distance of your property relative to the facility; (6) a description of how you use the property which may be impacted by the facility; and (7) a list of all disputed issues of fact that you submit during the comment period. If the request is made by a group or association, one or more members who have standing to request a hearing must be identified by name and physical address. The interests the group or association seeks to protect must also be identified. You may also submit your proposed adjustments to the application/permit which would satisfy your concerns. Requests for a contested case hearing must be submitted in writing within 30 days following this notice to the Office of the Chief Clerk, at the address provided in the information section below.

A contested case hearing will only be granted based on disputed issues of fact or mixed questions of fact and law that are relevant and material to the Commission's decisions on the application. The Commission may only grant a request for a contested case hearing on issues the requestor submitted in their timely comments that were not subsequently withdrawn. Issues that are not submitted in public comments may not be considered during a hearing.

**EXECUTIVE DIRECTOR ACTION.** A timely hearing request has been received by the TCEQ. However, if all timely contested case hearing requests have been withdrawn and no additional comments are received, the executive director may issue final approval of the application. The response to comments, along with the executive director's decision on the application will be mailed to everyone who submitted public comments or is on a mailing list for this application, and will be posted electronically to the Commissioners' Integrated Database (CID). If all timely hearing requests are not withdrawn, the executive director will not issue final approval of the permit and will forward the application and requests to the Commissioners for their consideration at a scheduled commission meeting.

**INFORMATION AVAILABLE ONLINE.** When they become available, the executive director's response to comments and the final decision on this application will be accessible through the Commission's Web site at [www.tceq.texas.gov/goto/cid](http://www.tceq.texas.gov/goto/cid). Once you have access to the CID using the above link, enter the permit number for this application which is provided at the top of this notice. # COMISIÓN DE CALIDAD AMBIENTAL DE TEXAS

## EJEMPLO A

### COMBINACIÓN REUNIÓN PÚBLICA Y

### AVISO DE SOLICITUD Y DECISIÓN PRELIMINAR PARA UN PERMISO DE CALIDAD DEL AIRE

NÚMERO DE PERMISO: 105710

**SOLICITUD Y DECISIÓN PRELIMINAR.** Corpus Christi Liquefaction, LLC, PO Box 162, Gregory, TX 78359-0162, ha solicitado a la Comisión de Calidad Ambiental de Texas (TCEQ, por sus siglas en inglés) una enmienda al Permiso de Calidad del Aire Número 105710, que autorizaría una modificación a las operaciones en Corpus Christi Liquefaction ubicada en 622 State Hwy 35, Gregory, Condado de San Patricio, Texas 78359. Esta solicitud fue presentada a la TCEQ el 20 de abril de 2021. La instalación existente emitirá los siguientes contaminantes: monóxido de carbono, sulfuro de hidrógeno, óxidos de nitrógeno, compuestos orgánicos, material particulado, incluido el material particulado con diámetros de 10 micras o menos y 2.5 micras o menos, dióxido de azufre y contaminantes peligrosos del aire.

El director ejecutivo ha completado la revisión técnica de la solicitud y ha preparado un bosquejo de permiso que, de ser aprobado, establecería las condiciones en las que la instalación debe operar. El ejecutivo ha tomado una decisión preliminar de emitir el permiso porque cumple con todas las reglas y regulaciones. La solicitud de permiso, la decisión preliminar del ejecutivo y el bosquejo del permiso estarán disponibles para su visualización y copia en la oficina central de la TCEQ Corpus Christi, y en Portland Chamber of Commerce 1512 Wildcat Drive, Portland, Condado de San Patricio, Texas, a partir del primer día de publicación de este aviso. El archivo de cumplimiento de la instalación, si existe alguno, está disponible para su revisión pública en la Oficina Regional de TCEQ Corpus Christi, 500 N. Shoreline Blvd., Suite 500, Corpus Christi, Texas.

**COMENTARIO PÚBLICO/REUNIÓN PÚBLICA.** Puede enviar comentarios públicos sobre esta solicitud. La TCEQ realizará una reunión pública sobre esta solicitud porque fue solicitada por legisladores locales. El propósito de una reunión pública es para brindar la oportunidad de enviar comentarios o hacer preguntas sobre la solicitud. Una reunión pública no es una audiencia de caso impugnado. La TCEQ considerará todos los comentarios públicos al desarrollar una decisión final sobre la solicitud. La reunión pública constará de dos partes, un periodo de debate informal y un periodo de comentarios formales. Durante el Periodo de Discusión Informal, se alienta al público a hacer preguntas al solicitante y al personal de la TCEQ con respecto a la solicitud. Sin embargo, los Comisionados de la TCEQ no considerarán los comentarios informales formulados durante el Periodo de Discusión Informal antes de tomar una decisión sobre el permiso y no se dará una respuesta formal a los comentarios informales. Durante el Periodo de Comentarios Formales, los miembros del público pueden declarar sus comentarios formales en el registro oficial. El Director Ejecutivo preparará una respuesta por escrito a todas los comentarios oficiales y los Comisionados los examinarán antes de adoptar una decisión sobre el permiso. Se enviará una copia de la respuesta a cada persona que envíe un comentario formal o que solicite estar en la lista de correo para esta solicitud y que proporcione una dirección postal.

**La Reunión Pública se llevará a cabo:**

**jueves, 30 de junio de 2022 a las 7:00 PM  
Portland Community Center  
2000 Billy G Webb  
Portland, Texas 78374**

Las personas con discapacidades que necesiten acomodaciones especiales en la reunión pública deben llamar a la Oficina del Secretario Oficial al (512) 239-3300 o 1-800-RELAY-TX (TDD) al menos cinco días hábiles antes de la reunión.

Puede enviar comentarios públicos adicionales por escrito dentro de los 30 días posteriores a la fecha de publicación de este aviso en el periódico de la manera establecida en el párrafo CONTACTOS E INFORMACIÓN DE LA AGENCIA a continuación, o antes de la fecha de la reunión pública, lo que ocurra más tarde. Después de la fecha límite para comentarios públicos, el director ejecutivo considerará los comentarios y preparará una respuesta a todos los comentarios públicos. La respuesta a los comentarios, junto con la decisión del director ejecutivo sobre la solicitud, se enviará por correo a todos los que enviaron comentarios públicos o están en una lista de correo para esta solicitud.

**OPORTUNIDAD PARA UNA AUDIENCIA DE CASO IMPUGNADO.** Una audiencia de caso impugnado es un procedimiento legal similar a un juicio civil en un tribunal de distrito estatal. Una persona que pueda verse afectada por las emisiones de contaminantes atmosféricos de la instalación tiene derecho a solicitar una audiencia. Una solicitud de audiencia de caso impugnado debe incluir lo siguiente: (1) su nombre (o para un grupo o asociación, un representante oficial), dirección postal, número de teléfono diurno; (2) nombre y número de permiso del solicitante; (3) la declaración "Yo/nosotros solicito/amos una audiencia de caso impugnado;" (4) una descripción específica de cómo se vería afectado negativamente por la solicitud y las emisiones atmosféricas de la instalación de una manera no común para el público en general; (5) la ubicación y distancia de su propiedad en relación con la instalación; (6) una descripción de cómo usa la propiedad que puede verse afectada por la instalación; y (7) una lista de todos los problemas de hecho en disputa que envíe durante el periodo de comentarios. Si la solicitud es hecha por un grupo o asociación, uno o más miembros que tienen legitimación para solicitar una audiencia deben ser identificados por su nombre y dirección física. También deben identificarse los intereses que el grupo o asociación busca proteger. También puede presentar los ajustes propuestos a la solicitud / permiso que satisfagan sus inquietudes. Las solicitudes de una audiencia de caso impugnado deben presentarse por escrito dentro de los 30 días siguientes a este aviso a la Oficina del Secretario Oficial, en la dirección proporcionada en la sección de información a continuación.

Una audiencia de caso impugnado solo se concederá sobre la base de cuestiones de hecho controvertidas o cuestiones mixtas de hecho y de derecho que sean relevantes y materiales para las decisiones de la Comisión sobre la solicitud. La Comisión sólo podrá conceder una solicitud de audiencia de un asunto impugnado sobre cuestiones que el solicitante haya presentado en sus observaciones oportunas que no hayan sido retiradas posteriormente. Los asuntos que no se presentan en comentarios públicos no pueden ser considerados durante una audiencia.

**ACCIÓN DEL DIRECTOR EJECUTIVO.** La TCEQ ha recibido una solicitud de audiencia oportuna. Sin embargo, si se han retirado todas las solicitudes de audiencia de casos impugnados oportunamente y no se reciben comentarios adicionales, el director ejecutivo podrá emitir la aprobación final de la solicitud. La respuesta a los comentarios, junto con la decisión del director ejecutivo sobre la solicitud, se enviará por correo a todos los que hayan presentado comentarios públicos o estén en una lista de correo para esta solicitud, y se publicará electrónicamente en la Base de Datos Integrada de los Comisionados (CID, por sus siglas en inglés). Si no se retiran todas las solicitudes de audiencia oportunas, el director ejecutivo no emitirá la aprobación final del permiso y enviará la solicitud y las solicitudes a los Comisionados para su consideración en una reunión programada de la comisión.

**INFORMACIÓN DISPONIBLE EN LÍNEA.** Cuando estén disponibles, la respuesta del director ejecutivo a los comentarios y la decisión final sobre esta solicitud podrán consultarse a través del sitio de la Comisión en [www.tceq.texas.gov/goto/cid](http://www.tceq.texas.gov/goto/cid). Una vez que tenga acceso al CID utilizando el enlace anterior, ingrese el número de permiso para esta solicitud que se proporciona en la parte superior de este aviso. Este enlace a un mapa electrónico de la ubicación general del sitio o instalación se proporciona como cortesía pública y no como parte de la solicitud o aviso. Para conocer la ubicación exacta, consulte la solicitud.

# TEXAS COMMISSION ON ENVIRONMENTAL QUALITY

## EXAMPLE A

### COMBINED PUBLIC MEETING AND NOTICE OF APPLICATION AND PRELIMINARY DECISION FOR AN AIR QUALITY PERMIT

**PERMIT NUMBER: 105710**

**APPLICATION AND PRELIMINARY DECISION.** Corpus Christi Liquefaction, LLC, PO Box 162, Gregory, TX 78359-0162, has applied to the Texas Commission on Environmental Quality (TCEQ) for an amendment to Air Quality Permit Number 105710, which would authorize a modification to operations at Corpus Christi Liquefaction located at 622 State Hwy 35, Gregory, San Patricio County, Texas 78359. This application was submitted to the TCEQ on April 20, 2021. The existing facility will emit the following contaminants: carbon monoxide, hydrogen sulfide, nitrogen oxides, organic compounds, particulate matter including particulate matter with diameters of 10 microns or less and 2.5 microns or less, sulfur dioxide, and hazardous air pollutants.

The executive director has completed the technical review of the application and prepared a draft permit which, if approved, would establish the conditions under which the facility must operate. The executive director has made a preliminary decision to issue the permit because it meets all rules and regulations. The permit application, executive director's preliminary decision, and draft permit will be available for viewing and copying at the TCEQ central office, the TCEQ Corpus Christi regional office, and at the Portland Chamber of Commerce, 1512 Wildcat Drive, Portland, San Patricio County, Texas, beginning the first day of publication of this notice. The facility's compliance file, if any exists, is available for public review at the TCEQ Corpus Christi Regional Office, 500 N. Shoreline Blvd., Suite 500, Corpus Christi, Texas.

**PUBLIC COMMENT/PUBLIC MEETING.** You may submit public comments about this application. The TCEQ will hold a public meeting on this application because it was requested by local legislators. The purpose of a public meeting is to provide the opportunity to submit comments or to ask questions about the application. A public meeting is not a contested case hearing. The TCEQ will consider all public comments in developing a final decision on the application. The public meeting will consist of two parts, an Informal Discussion Period and a Formal Comment Period. During the Informal Discussion Period, the public is encouraged to ask questions of the applicant and TCEQ staff concerning the application. However, informal comments made during the Informal Discussion Period will not be considered by the TCEQ Commissioners before reaching a decision on the permit and no formal response will be made to the informal comments. During the Formal Comment Period, members of the public may state their formal comments into the official record. A written response to all formal comments will be prepared by the Executive Director and considered by the Commissioners before they reach a decision on the permit. A copy of the response will be sent to each person who submits a formal comment or who requested to be on the mailing list for this application and who provides a mailing address.

**The Public Meeting is to be held:**

**Thursday, June 30, 2022 at 7:00 PM  
Portland Community Center  
2000 Billy G Webb  
Portland, Texas 78374**

Persons with disabilities who need special accommodations at the public meeting should call the Office of the Chief Clerk at (512) 239-3300 or 1-800-RELAY-TX (TDD) at least five business days prior to the meeting.

You may submit additional written public comments within 30 days of the date of newspaper publication of this notice in the manner set forth in the AGENCY CONTACTS AND INFORMATION paragraph below, or by the date of the public meeting, whichever is later. After the deadline for public comment, the executive director will consider the comments and prepare a response to all public comment. The response to comments, along with the executive director's decision on the application will be mailed to everyone who submitted public comments or is on a mailing list for this application.

**OPPORTUNITY FOR A CONTESTED CASE HEARING.** A contested case hearing is a legal proceeding similar to a civil trial in a state district court. A person who may be affected by emissions of air contaminants from the facility is entitled to request a hearing. A contested case hearing request must include the following: (1) your name (or for a group or association, an official representative), mailing address, daytime phone number; (2) applicant's name and permit number; (3) the statement "I/we request a contested case hearing;" (4) a specific description of how you would be adversely affected by the application and air emissions from the facility in a way not common to the general public; (5) the location and distance of your property relative to the facility; (6) a description of how you use the property which may be impacted by the facility; and (7) a list of all disputed issues of fact that you submit during the comment period. If the request is made by a group or association, one or more members who have standing to request a hearing must be identified by name and physical address. The interests the group or association seeks to protect must also be identified. You may also submit your proposed adjustments to the application/permit which would satisfy your concerns. Requests for a contested case hearing must be submitted in writing within 30 days following this notice to the Office of the Chief Clerk, at the address provided in the information section below.

A contested case hearing will only be granted based on disputed issues of fact or mixed questions of fact and law that are relevant and material to the Commission's decisions on the application. The Commission may only grant a request for a contested case hearing on issues the requestor submitted in their timely comments that were not subsequently withdrawn. Issues that are not submitted in public comments may not be considered during a hearing.

**EXECUTIVE DIRECTOR ACTION.** A timely hearing request has been received by the TCEQ. However, if all timely contested case hearing requests have been withdrawn and no additional comments are received, the executive director may issue final approval of the application. The response to comments, along with the executive director's decision on the application will be mailed to everyone who submitted public comments or is on a mailing list for this application, and will be posted electronically to the Commissioners' Integrated Database (CID). If all timely hearing requests are not withdrawn, the executive director will not issue final approval of the permit and will forward the application and requests to the Commissioners for their consideration at a scheduled commission meeting.

**INFORMATION AVAILABLE ONLINE.** When they become available, the executive director's response to comments and the final decision on this application will be accessible through the Commission's Web site at [www.tceq.texas.gov/goto/cid](http://www.tceq.texas.gov/goto/cid). Once you have access to the CID using the above link, enter the permit number for this application which is provided at the top of this notice. ## TEXAS COMMISSION ON ENVIRONMENTAL QUALITY

### NOTICE OF RECEIPT OF APPLICATION AND INTENT TO OBTAIN AIR PERMIT

AIR QUALITY PERMIT NUMBER 105710

**APPLICATION** Corpus Christi Liquefaction, LLC, has applied to the Texas Commission on Environmental Quality (TCEQ) for:  
Amendment of Permit 105710

This application would authorize modification of the Corpus Christi Liquefaction facility located at 622 State Highway 35, Gregory, San Patricio County, Texas 78359. This link to an electronic map of the site or facility's general location is provided as a public courtesy and not part of the application or notice. For exact location, refer to application. <http://www.tceq.texas.gov/assets/public/hb610/index.html?lat=27.883055&lng=-97.269166&zoom=13&type=r>. The facility will emit the following contaminants: carbon monoxide, hydrogen sulfide, nitrogen oxides, organic compounds, particulate matter including particulate matter with diameters of 10 microns or less and 2.5 microns or less and sulfur dioxide.

This application was submitted to the TCEQ on April 20, 2021. The application will be available for viewing and copying at the TCEQ central office, the TCEQ Corpus Christi regional office, and the Portland Chamber of Commerce, 1512 Wildcat Drive, Portland, San Patricio County, Texas beginning the first day of publication of this notice. The facility's compliance file, if any exists, is available for public review in the Corpus Christi regional office of the TCEQ.

The executive director has determined the application is administratively complete and will conduct a technical review of the application.

**PUBLIC COMMENT/PUBLIC MEETING** You may submit public comments, or request a public meeting or a contested case hearing to the Office of the Chief Clerk at the address below. The TCEQ will consider all public comments in developing a final decision on the application. After the deadline for public comments, the executive director will prepare a response to all public comments.

The purpose of a public meeting is to provide the opportunity to submit comments or ask questions about the application. A public meeting about the application will be held if the executive director determines that there is a significant degree of public interest in the application, if requested by an interested person, or if requested by a local legislator. A public meeting is not a contested case hearing.

After technical review of the application is complete, the executive director may prepare a draft permit and will issue a preliminary decision on the application. Notice of Application and Preliminary Decision for an Air Quality Permit will then be published and mailed to those who made comments, submitted hearing requests or are on the mailing list for this application. That notice will contain the final deadline for submitting public comments.

**OPPORTUNITY FOR A CONTESTED CASE HEARING** You may request a contested case hearing. A contested case hearing is a legal proceeding similar to a civil trial in state district court. A contested case hearing will only be granted based on disputed issues of fact that are relevant and material to the Commission's decision. Further, the

comments in developing a final decision on the application. After the deadline for public comments, the executive director will prepare a response to all public comments.

The purpose of a public meeting is to provide the opportunity to submit comments or ask questions about the application. A public meeting about the application will be held if the executive director determines that there is a significant degree of public interest in the application, if requested by an interested person, or if requested by a local legislator. A public meeting is not a contested case hearing.

After technical review of the application is complete, the executive director may prepare a draft permit and will issue a preliminary decision on the application. Notice of Application and Preliminary Decision for an Air Quality Permit will then be published and mailed to those who made comments, submitted hearing requests or are on the mailing list for this application. That notice will contain the final deadline for submitting public comments.

**OPPORTUNITY FOR A CONTESTED CASE HEARING** You may request a contested case hearing. A contested case hearing is a legal proceeding similar to a civil trial in state district court. A contested case hearing will only be granted based on disputed issues of fact that are relevant and material to the Commission's decision. Further, the Commission will only grant a hearing on those issues submitted during the public comment period and not withdrawn. The deadline to submit a request for a contested case hearing is 30 days after newspaper notice is published. If a request is timely filed, the deadline for requesting a contested case hearing will be extended to 30 days after the mailing of the response to comments.

A person who may be affected by emissions of air contaminants from the facility is entitled to request a hearing. If requesting a contested case hearing, you must submit the following: (1) your name (or for a group or association, an official representative), mailing address, and daytime phone number; (2) applicant's name and permit number; (3) the statement "[I/we] request a contested case hearing"; (4) a specific description of how you would be adversely affected by the application and air emissions from the facility in a way not common to the general public; (5) the location and distance of your property relative to the facility; (6) a description of how you use the property which may be impacted by the facility; and (7) a list of all disputed issues of fact that you submit during the comment period. If the request is made by a group or an association, one or more members who have standing to request a hearing must be identified by name and physical address. The interests the group or association seeks to protect must also be identified. You may also submit your proposed adjustments to the application/permit which would satisfy your concerns.

If a hearing request is timely filed, following the close of all applicable comment and request periods, the Executive Director will forward the application and any requests for contested case hearing to the Commissioners for their consideration at a scheduled Commission meeting. The Commission may only grant a request for a contested case hearing on issues the requestor submitted in their timely comments that were not subsequently withdrawn. If a hearing is granted, the subject of a hearing will be limited to disputed issues of fact or mixed questions of fact and law relating to relevant and material air quality concerns submitted during the comment period. Issues such as property values, noise, traffic safety, and zoning are outside of the Commission's jurisdiction to address in this proceeding.

**MAILING LIST** In addition to submitting public comments, you may ask to be placed on a mailing list to receive future public notices for this specific application by sending a written request to the Office of the Chief Clerk at the address below.

**AGENCY CONTACTS AND INFORMATION** Public comments and requests must be submitted either electronically at [www.t4.lcaq.texas.gov/epic/eComment/](http://www.t4.lcaq.texas.gov/epic/eComment/), or in writing to the Texas Commission on Environmental Quality, Office of the Chief Clerk, MC-105, P.O. Box 13087, Austin, Texas 78711-3087. Please be aware that any contact information you provide, including your name, phone number, email address and physical address will become part of the agency's public record. ## NEW BEGINNINGS FELLOWSHIP

By Pam Parker

## The best is yet to come

Today we will wrap up our recent discussion on the Prophet Haggai. We've been talking about what it means to wake up from our state of apathy ... what it means to truly put God first in our lives. We 'met' a group of people who were extremely discouraged and probably a bit pessimistic. They had been conquered by the Babylonian king, Nebuchadnezzar, and now they are ruled by the Persian empire.

They were allowed to go to their homeland and rebuild their lives and the temple, but what did they do?

They forgot to put God first. Haggai rebuked them, reminding them they were doing the right things, but with the wrong heart, and that was still wrong.

## In all we do, serve God

Have you ever stopped to think about where you are today, and to try to determine how you got to this place? I believe that much of who we are, not to mention where we are, is very much dependent on the choices that we made yesterday...and the day before. Granted, some of current row we are hoeing is just a matter of happenstance. However, most of what we experience today is a result of the choices we made yesterday.

When I consider my family tree, there is a sense in which my lineage has nothing to do with who I am today. On the other hand, there is a sense in which my lineage has everything to do with who I am and where I am. Having the parents that I did, and the brothers with whom I grew up, has had a great bearing and impact on the life that I am currently living.

I am blessed to have been part of a family whose main ambition was to serve God. From the very beginning, it was drilled into me that before you do anything else, you serve God. Furthermore, I was taught that the choices that we make must first consider what God thinks of that. The apostle Paul told the Galatian brethren, "you have been called unto liberty; only use not liberty for an occasion to the flesh, but by love serve one another."

Paul continues in this fifth chapter of Galatians to say that the law of God can be summed up this way, "Thou shalt love thy neighbor as thyself." If we demonstrated that love for each other that God expects of us, there would be far fewer arguments, there would be far fewer riots, there would be much less insurrection in the world. What is the reason for all of this? We are too concerned with self...we are too concerned with the flesh to live

## MR. ROGERS' NEIGHBOR- HOOD

By Tim Rogers

lives in accordance with God's will.

Much of the problem in our world is a lack of teaching of the principles that God lays out for us in scripture. God says, in Proverbs 22, "Thorns and snares are in the way of the froward: he that doth keep his soul shall be far from them. Train up a child in the way he should go: and when he is old, he will not depart from it."

As parents and grandparents, it is our responsibility to instill in our children the principles of right and wrong. We should instill in them the desire to serve Jehovah in all we do. Do you recall the song we sang in bible class, as children? "The wise man built his house upon the rock." One of the foundational principles upon which we should build our house, is found in Galatians 6:10, "As we have therefore opportunity, let us do good unto all men."

If we would be more concerned with building our "houses" upon the principles of God, we will have much fewer problems.

with the wrong heart, and that was still wrong.

While it's easy to think of this book being all about Haggai or Jeshua or even Zerubbabel, the reality is it's about God. A God who demands to be put first and is always faithful. As we conclude, let's think about a few truths we've learned in recent weeks.

The first truth is that we serve a God who speaks to His people. In verse 18, we see the phrase: "The Lord sent this message ..." (Haggai 2:20.) The book of Haggai contains over 20 references to the Lord speaking, in 38 verses. Seems that maybe God is trying to tell us something. Haggai delivered a message that came from God and were His thoughts and His challenges.

The second truth we see is that we serve a God who shakes the earth. We see this referenced in verse 21. This is a promise from God that there will be a day when He will make all things right. A day of judgement.

The third truth we see here is that we serve a God who shatters the kingdoms. In verse 22 we read "I will overthrow the royal thrones and destroy the power of foreign kingdoms."

God is really saying, you may think all these other rulers are in charge .... but there is only one King and that's Jesus Christ.

The fourth truth we see here is that we serve a God who selects the ruler. Zerubbabel was no doubt discouraged because he wasn't wearing the crown nor sitting on the throne.

But God encourages him in verse 23, "... I will honor you, Zerubbabel ... I have chosen you." He is making it known that He has a plan for him. It is the same for us. As a follower of Christ, there is nothing that can happen to us that He does not allow.

The last truth we see here is that we serve a God who sends the Redeemer. He will send an ultimate Redeemer who will come in judgment and power and make all things right. That is none other than Jesus Christ!

What is the reason for all of this? We are too concerned with self...we are too concerned with the flesh to live

houses upon the principles of God, we will have much fewer problems.

# Jesus, the atoning sacrifice

The letters of the New Testament are stories of "I guess you had to be there."

They are written to definite hearers in definite circumstances encountering definite issues. Sometimes it's hard for us so many centuries removed to get to what was happening in these churches and to apply these truths of God written by John to ourselves and our situation.

For John's readers in the late first century, they were confronted with those who had left the church and most certainly did not believe that Jesus Christ had come from God in the flesh. Confessing this truth about Jesus Christ set these young churches and the Christians apart from the society around them. To say that Jesus Christ came in the flesh from God meant that sin, of which John wrote earlier, was a huge problem separating God from man. Only God could deal with this. It required a perfect, complete blood sacrifice. God had to die. That was unthinkable to the society around the churches to which John wrote.

Jesus Christ, sent from God in

## TRINITY LUTHERAN CHURCH

By Rick Schmitt

the flesh... I wonder if we're really that different from the society that surrounded John's original hearers. We've all seen Christians disappear from the Church, abandoning the faith and joining themselves to the prevailing wisdom of the society around us. We're surrounded by a society that likes to talk about Jesus as a man, but leaves this whole God thing by the side of the road.

The truth is, Jesus Christ came in the flesh from God to deal with sin once and for all. God from God, light from light, taking on human flesh, fully God and fully man, Jesus dies for sinners in order to save His rebellious creatures. God in the flesh really does suffer on the cross to redeem sinners like you and me.

So John writes, with the true faith

handed down to the apostles as the foundation, "Let us love one another." The love of which John writes is a selfless, self-sacrificing love that is completely for the benefit of the one being loved. This is Godly love. We know love because God has loved us first. God has loved us in His great, selfless, self-sacrificing love.

In this way, then, we're called to love our brothers and sisters in the faith. Redeemed by Christ, purchased and won by Him who came in the flesh from God, we are children of God through Jesus by the Holy Spirit. There is nothing we can do to make ourselves children of God. He has taken care of it, adopting us as His children through Jesus by the Holy Spirit.

The second century church father Justin Martyr wrote of how the Romans noticed the actions of the Christians. "See how they love one another," Justin wrote. We love because God has loved us in Christ. God is this love. His love is self-sacrificing instead of self-serving. Abiding in God through Jesus by the Holy Spirit, we love, too. Amen.

## \$460K donation helps support Coastal Bend Community, other disaster relief efforts

Methodist Healthcare Ministries of South Texas, Inc. – a private, faith-based, not-for-profit organization dedicated to creating access to health care for low-income families and the uninsured – has donated \$463,500 in emergency funding to five nonprofits in the Coastal Bend to support their response and recovery efforts stemming from winter storms that left thousands without power, water and food locally and

across South Texas.

Included among the organizations receiving funds are the Coastal Bend Food Bank (\$250,000) and the Coastal Bend Community Foundation (\$100,000), both of whom support local charities.

The funds allocated to these organizations are part of more than \$3.2 million donated to nonprofits across Methodist Healthcare Ministries' 74-county service area who are helping those impacted the most.

"The winter storm that impacted millions of Texans hit some South Texas communities especially hard and months later, organizations are still doing incredible work supporting those who were impacted the most," President and

CEO of Methodist Healthcare Ministries Jaime Wesolowski said. "In times like these, we know it's important to support great partners like these, who always respond and provide the needed comfort and resources to those in need.

"On behalf of our entire team and the board of directors at Methodist Healthcare Ministries, I'd like to thank these partners, their staff and volunteers, who have worked so diligently over the past several weeks to answer the call for help by so many throughout South Texas."

Each organization has responded to the increased need for community support compounded by the winter storm. The Coastal Bend Food Bank has served 63,022 individuals a month since the storm, which translates to an increase of 26.3 percent over January 2021.

The Coastal Bend Disaster Recovery Group has been helping individuals

who experienced plumbing/pipe damage as a result of the freezing weather and interior work associated with the access to plumbing pipes and more.

The Coastal Bend Community Foundation was able to leverage the donation by Methodist Healthcare Ministries to secure match-funding from other area funders, enabling them to then provide grants of their own to area nonprofits both suffering physical damage, as well as assisting low-income populations suffering storm damage.

The CBCF helps support a number of local charities and organizations, including the Bee County Historical Society, Boys & Girls Club of Beeville, low-income populations residential bills, the Sinton Historical Museum, the Women's Shelter of South Texas (The Purple Door) and more.

## COMISIÓN DE CALIDAD AMBIENTAL DE TEXAS

### AVISO DE RECIBO DE SOLICITUD E INTENCIÓN DE OBTENER PERMISO DE AIRE

PERMISO de CALIDAD DE AIRE NÚM. 105710

**SOLICITUD** Corpus Christi Liquefaction, LLC, ha solicitado a la Comisión de Calidad Ambiental de Texas (TCEQ, por sus siglas en inglés) para enmienda del permiso de Calidad de Aire Núm. 105710, el cual autorizaría modificación de la instalación de Corpus Christi Liquefaction ubicada en 622 State Highway 35, Gregory, Condado de San Patricio, Texas 78359. Este enlace a un mapa electrónico de la instalación o ubicación general del sitio es proporcionado como una cortesía al público y no es parte de la solicitud o del aviso. Para la ubicación exacta, consulte la solicitud. <http://www.tceq.texas.gov/assets/public/hb610/index.html?lat=27.883055&lng=-97.269166&zoom=13&type=r>. La instalación emitirá los siguientes contaminantes: monóxido de carbono, sulfuro de hidrógeno, óxidos de nitrógeno, compuestos orgánicos, materia en partículas incluidas las partículas con diámetros de 10 micras o menos y 2.5 micras o menos y dióxido de azufre.

Esta solicitud se presentó a la TCEQ el 20 de abril de 2021. La solicitud estará disponible para ser revisada y copiada en la oficina central de la TCEQ, la oficina regional de la TCEQ en Corpus Christi, y la Portland Chamber of Commerce, 1512 Wildcat Drive, Portland, Condado de San Patricio, Texas, comenzando el primer día de la publicación de este aviso. El expediente de cumplimiento normativo de la instalación, si alguno existe, está disponible para su revisión pública en la oficina regional de la TCEQ en Corpus Christi.

El director ejecutivo de la TCEQ ha determinado que la solicitud está completa administrativamente y llevará a cabo un examen técnico de la solicitud.

**COMENTARIO PÚBLICO/REUNIÓN PÚBLICA** Usted puede presentar comentarios públicos, o solicitar una reunión pública o solicitar una audiencia de caso impugnado a la Oficina del Secretario Oficial al domicilio a continuación. La TCEQ tomará en cuenta todos los comentarios públicos en la decisión final sobre la solicitud. Después de la fecha límite para los comentarios públicos, el director ejecutivo preparará una respuesta a todos los comentarios públicos.

**El propósito de una reunión pública es proporcionar la oportunidad de presentar comentarios o hacer preguntas sobre la solicitud.** Si el director ejecutivo determina que existe un importante nivel de interés público con respecto a la solicitud, si lo solicita una persona de interés, o si lo solicita un legislador local, se llevará a cabo una reunión pública sobre la solicitud. Una reunión pública no es una audiencia de caso impugnado.

Después de que la revisión técnica de la solicitud este completa, el director ejecutivo puede preparar un permiso en desarrollo (borrador) de la solicitud. El Aviso de la Solicitud y la Decisión Preliminar del Permiso de Calidad del Aire será publicada y enviada por correo a esos que hicieron comentarios, enviaron solicitudes de audiencia o están en las listas de correos para esta solicitud. Ese aviso incluirá el plazo final para presentar comentarios públicos.

**OPORTUNIDAD PARA UNA AUDIENCIA DE CASO IMPUGNADO** Usted puede solicitar una audiencia de caso impugnado. Una audiencia de caso impugnado es un procedimiento legal similar a un juicio civil en un tribunal de distrito del estado. Una audiencia de caso impugnado solo se concederá con base a cuestiones de hechos en disputa que son pertinentes y materiales a la decisión de la Comisión. Además, la Comisión sólo otorgará una audiencia sobre las cuestiones presentadas durante el período de comentarios públicos y no retiradas. **La fecha límite para enviar una solicitud para una audiencia de caso impugnado es 30 días después de que se publique el aviso en el periódico. Si una solicitud se presenta a tiempo, el plazo para solicitar una audiencia de caso impugnado se extenderá a 30 días después de que se envíen por correo la respuesta de los comentarios.**

### Ingredientes

2 tazas de agua

1 taza de leche

1 taza de Leche evaporada

1/2 kg Fresa , desinfectadas y sin rabo

3/4 lata Leche condensada

Para el agua de fresa ocuparemos tres cuartas partes de nuestra fruta para molarla junto con la leche, a esté preparado agregamos la leche evaporada y condensada el agua y mezclaremos bien, endulzamos al gusto y el resto de fruta la utilizaremos para picarla y darle textura a nuestra bebida, este detalle es típico de las aguas frescas que podemos encontrar en mercados y puestos de calle.

### AVISO DE UN PERMISO FEDERAL PARA OPERACIÓN PRELIMINAR

Permiso Preliminar Número: O1486

**SOLICITUD Y PERMISO PRELIMINAR** Equistar Chemicals, LP, PO Box 10940, Corpus Christi, TX 78460-0940, ha presentado una solicitud ante la Comisión de Calidad Ambiental de Texas (TCEQ, por sus siglas en inglés) para una revisión significativa del Permiso Federal de Operación (en adelante denominado el Permiso) número O1486, Solicitud núm. 30953 una planta de Químicos Organicos Industriales. El área a la cual se refiere la solicitud está ubicada en 1501 McKinzie Rd en la ciudad de Corpus Christi, Condado de Nueces, Texas 78410-9706. Este enlace a un mapa electrónico de la ubicación general del sitio o de la instalación es proporcionado como una cortesía y no es parte de la solicitud o del aviso. Para la ubicación exacta, consulte la solicitud. <http://www.tceq.texas.gov/assets/public/hb610/index.html?lat=27.806666&lng=-97.591388&zoom=13&type=r>. Esta solicitud fue recibida por la TCEQ el 27 de julio de 2020. Una revisión significativa de aumento resultará en un cambio de emisiones en cuanto al a los siguientes contaminantes: monóxido de carbono, óxidos de nitrógeno límites de contenido de VOC, y óxidos de azufre.

El propósito de un Permiso Federal de Operación es mejorar el acatamiento general con las normas que gobiernan el control de la contaminación atmosférica, claramente definiendo todos los requisitos aplicables como están definidos en el Título 30 del Código Administrativo de Texas § 122.10 (30 TAC § 122.10, por sus siglas en inglés). El permiso preliminar, si es aprobado, codificará las condiciones bajo las cuales el área debe operar. El permiso no autorizará construcción nueva. El director ejecutivo ha concluido la revisión técnica de la solicitud y ha hecho una decisión preliminar para preparar el permiso preliminar para la revisión y comentario público. El director ejecutivo de la TCEQ recomienda la expedición de este permiso preliminar. La solicitud de permiso, la declaración de base y el permiso preliminar estarán disponibles para ser revisados y copiados en la Oficina Central de la TCEQ, 12100 Park 35 Circle, Building (Edificio) E, First Floor (primer Piso), Austin, Texas 78753, y en la en la Oficina Regional de Corpus Christi de la TCEQ, NRC Building (Edificio) Suite 1200, 6300 Ocean Drive, Unit (Unidad) 5839, Corpus Christi, Texas 78412-5839; y en la Biblioteca Pública Owen R. Hopkins, 3202 McKinzie Road, Corpus Christi, Texas 78410-2442, empezando el primer día de la publicación de este aviso. El permiso preliminar y la declaración de base están disponibles en el sitio de la TCEQ: [www.tceq.texas.gov/goto/tvnotice](http://www.tceq.texas.gov/goto/tvnotice)

En la oficina central y la oficina regional también puede revisar y copiar documentos pertinentes para el permiso preliminar, así como los permisos para la Evaluación de Nuevas Fuentes que han sido incorporados por referencia. Cualquier persona que tengan dificultades obteniendo estos materiales debido a restricciones para viajar pueden comunicarse con la sala de archivos de la Oficina Central al teléfono (512) 239-2900.

**COMENTARIOS/NOTIFICACIÓN PÚBLICA Y AUDIENCIA.** Cualquier persona puede entregar comentarios públicos sobre el permiso preliminar. Comentarios relacionados a la exactitud, lo completo, y lo apropiado de las condiciones del permiso pueden resultar en cambios al permiso preliminar.

**Una persona que podría ser afectada por la emisión de contaminantes atmosféricos del área del sitio del permiso puede solicitar una audiencia de aviso y comentarios.** El propósito de la audiencia de notificación y comentarios es para proporcionar la oportunidad para entregar comentarios sobre el permiso preliminar. El permiso puede ser cambiado en base a si los comentarios relacionados con el permiso permiten el cumplimiento con el Título 30 del Código Administrativo de Texas, Capítulo 122 (ejemplos pueden incluir que el permiso no tiene todos los requisitos aplicables que correspondan o que no se cumplieron los procedimientos de aviso público). La TCEQ puede otorgar una audiencia de aviso y comentarios con respecto a esta solicitud si una petición por escrito es presentada dentro de los treinta días después de la publicación del anuncio en el diario. La solicitud de audiencia debe incluir la base de la solicitud, incluyendo una descripción de como la persona puede ser afectada por la emisión de contaminantes atmosféricos del área de la solicitud. La solicitud también debería especificar las condiciones del permiso borrador que son inapropiados o especificar como la decisión preliminar para expedir o denegar el permiso es inapropiado. Todos los asuntos razonablemente verificables deben ser planteados y todos los argumentos razonablemente disponibles deben ser entregados a no más tardar al final del período de comentarios públicos. Si se concede una audiencia de aviso y comentario, todos los individuos que presentaron comentarios por escrito o una solicitud de audiencia recibirán confirmación por escrito de la audiencia. Esta confirmación indicará la fecha, hora y lugar de la audiencia.

**Comentarios públicos por escrito y/o peticiones para una audiencia de aviso y comentarios deberían ser presentados a la Comisión de Calidad Ambiental (TCEQ), Oficina del Secretario, Oficina de Opinión Pública, 12100 Park 35 Circle, Austin, Texas 78753.**

## Memorial Day

El Día de los Caídos (en inglés Memorial Day), también Día de la Recordación o Día de la Conmemoración de los Caídos, es una fecha conmemorativa de carácter federal que tiene lugar en los Estados Unidos de América el último lunes de mayo de cada año, con el objetivo de recordar a los soldados estadounidenses que murieron en combate. Inicialmente fue establecido para conmemorar a los soldados caídos de la Unión americana que participaron en la Guerra Civil estadounidense, aunque tras la primera guerra mundial fue extendido para rendir homenaje a todos los soldados estadounidenses fallecidos en las guerras en las que participó ese país.

Comienza como un ritual de conmemoración y reconciliación tras la guerra civil, aunque posteriormente, a principios del siglo XX, empieza a ser visto como una ocasión para rendir homenaje a los muertos en general. Tal es así que los ciudadanos visitan las tumbas de sus parientes fallecidos, que hayan servido en el ejército o no. Así mismo se ha convertido en un día de reunión familiar, donde la gente realiza diversas actividades recreativas como ir de compras o pasar un día en la playa, y de eventos masivos a nivel nacional, tales como las 500 millas de Indianápolis, que se disputan en esta fecha anualmente desde 1911.

Oficialmente el lugar de nacimiento del Día de los caídos es Waterloo (Nueva York) por decisión del presidente Lyndon B. Johnson, desde mayo de 1966. La fecha fue proclamada el 5 de mayo de 1868 por el General John Logan, comandante nacional del Gran Ejército del país, y se conmemoró por primera vez el 30 de mayo de ese mismo año. Ese día se colocan flores a las tumbas de los soldados de la unión y de los confederados, en el Cementerio Nacional de Arlington (Virginia).

En 1971 el Congreso de Estados Unidos aprobó el acta Nacional de los feriados. Fue el momento que se decidió que el Día de los caídos se conmemoraría el último lunes de mayo, con un fin de semana con tres días de duelo. Es común que el presidente de los Estados Unidos dé un discurso en esta fecha en el que se recuerde la labor de los soldados caídos en combate. Wikipedia

## EXAMPLE A

### NOTICE OF RECEIPT OF APPLICATION AND INTENT TO OBTAIN AIR PERMIT

AIR QUALITY PERMIT NUMBER 105710

**APPLICATION** Corpus Christi Liquefaction, LLC, has applied to the Texas Commission on Environmental Quality (TCEQ) for:  
Amendment of Permit 105710

This application would authorize modification of the Corpus Christi Liquefaction facility located at 622 State Highway 35, Gregory, San Patricio County, Texas 78359. This link to an electronic map of the site or facility's general location is provided as a public courtesy and not part of the application or notice. For exact location, refer to application.

<http://www.tceq.texas.gov/assets/public/hb610/index.html?lat=27.883055&lng=-97.269166&zoom=13&type=r>. The facility will emit the following contaminants: carbon monoxide, hydrogen sulfide, nitrogen oxides, organic compounds, particulate matter including particulate matter with diameters of 10 microns or less and 2.5 microns or less and sulfur dioxide.

This application was submitted to the TCEQ on April 20, 2021. The application will be available for viewing and copying at the TCEQ central office, the TCEQ Corpus Christi regional office, and the Portland Chamber of Commerce, 1512 Wildcat Drive, Portland, San Patricio County, Texas beginning the first day of publication of this notice. The facility's compliance file, if any exists, is available for public review in the Corpus Christi regional office of the TCEQ.

The executive director has determined the application is administratively complete and will conduct a technical review of the application.

**PUBLIC COMMENT/PUBLIC MEETING** You may submit public comments, or request a public meeting or a contested case hearing to the Office of the Chief Clerk at the address below. The TCEQ will consider all public comments in developing a final decision on the application. After the deadline for public comments, the executive director will prepare a response to all public comments.

The purpose of a public meeting is to provide the opportunity to submit comments or ask questions about the application. A public meeting about the application will be held if the executive director determines that there is a significant degree of public interest in the application, if requested by an interested person, or if requested by a local legislator. A public meeting is not a contested case hearing.

After technical review of the application is complete, the executive director may prepare a draft permit and will issue a preliminary decision on the application. Notice of Application and Preliminary Decision for an Air Quality Permit will then be published and mailed to those who made comments, submitted hearing requests or are on the mailing list for this application. That notice will contain the final deadline for submitting public comments.

**OPPORTUNITY FOR A CONTESTED CASE HEARING** You may request a contested case hearing. A contested case hearing is a legal proceeding similar to a civil trial in state district court. A contested case hearing will only be granted based on disputed issues of fact that are relevant and material to the Commission's decision. Further, the Commission will only grant a hearing on those issues submitted during the public comment period and not withdrawn. **The deadline to submit a request for a contested case hearing is 30 days after newspaper notice is published. If a request is timely filed, the deadline for requesting a contested case hearing will be extended to 30 days after the mailing of the response to comments.**

A person who may be affected by emissions of air contaminants from the facility is entitled to request a hearing. If requesting a contested case hearing, you must submit the following: (1) your name (or for a group or association, an official representative), mailing address, and daytime phone number; (2) applicant's name and permit number; (3) the statement "[I/we] request a contested case hearing"; (4) a specific description of how you would be adversely affected by the application and air emissions from the facility in a way not common to the general public; (5) the location and distance of your property relative to the facility; (6) a description of how you use the property which may be impacted by the facility; and (7) a list of all disputed issues of fact that you submit during the comment period. If the request is made by a group or an association, one or more members who have standing to request a hearing must be identified by name and physical address. The interests the group or association seeks to protect must also be identified. You may also submit your proposed adjustments to the application/permit which would satisfy your concerns.

If a hearing request is timely filed, following the close of all applicable comment and request periods, the Executive Director will forward the application and any requests for contested case hearing to the Commissioners for their consideration at a scheduled Commission meeting. The Commission may only grant a request for a contested case hearing on issues the requestor submitted in their timely comments that were not subsequently withdrawn. **If a hearing is granted, the subject of a hearing will be limited to disputed issues of fact or mixed questions of fact and law relating to relevant and material air quality concerns submitted during the comment period.** Issues such as property values, noise, traffic safety, and zoning are outside of the Commission's jurisdiction to address in this proceeding.

**MAILING LIST** In addition to submitting public comments, you may ask to be placed on a mailing list to receive future public notices for this specific application by sending a written request to the Office of the Chief Clerk at the address below.

**AGENCY CONTACTS AND INFORMATION** Public comments and requests must be submitted either electronically at [www14.tceq.texas.gov/epic/eComment/](http://www14.tceq.texas.gov/epic/eComment/), or in writing to the Texas Commission on Environmental Quality, Office of the Chief Clerk, MC-105, P.O. Box 13087, Austin, Texas 78711-3087. Please be aware that any contact information you provide, including your name, phone number, email address and physical address will become part of the agency's public record. For more information about this permit application or the permitting process, please call the Public Education Program toll free at 1-800-687-4040. Si desea información en Español, puede llamar al 1-800-687-4040.

Further information may also be obtained from Corpus Christi Liquefaction, LLC, P.O. Box 162, Gregory, Texas 78359-0162 or by calling Ms. Jessica Muennink, Health, Safety, And Environmental Manager at (361) 977-1342.

Re: Declaration of Administrative Completeness Permit Amendment Application  
Permit Number: 105710  
Corpus Christi Liquefaction, LLC  
Corpus Christi Liquefaction  
Gregory, San Patricio County  
Customer Reference Number: CN604136374  
Regulated Entity Number: RN104104716

Dear Mr. Aziz:

The Texas Commission on Environmental Quality (TCEQ) has declared the above-referenced application, received on April 20, 2021, administratively complete on April 23, 2021.

You are now required to publish notice of your proposed activity. To help you meet the regulatory requirements associated with this notice, we have included the following items:

- Notices for Newspaper Publication (Examples A and B)
- Sign Posting Example (Example C)
- Public Notice Checklist
- Instructions for Public Notice
- Affidavit of Publication for Air Permitting (Form TCEQ-20533) and
- Alternative Language Affidavit of Publication for Air Permitting (Form TCEQ-20534)
- Web link to download Public Notice Verification Form (refer to Public Notice Instructions)
- Notification List

**Please note that it is very important that you follow all directions in the enclosed instructions.** If you do not, you may be required to republish the notice. Some common errors are the unauthorized changing of notice wording or font, omission of air contaminants, and inaccurate plant site location information represented in the application. Additional information can be found at [www.tceq.texas.gov/permitting/air/bilingual/how1\\_2\\_pn.html](http://www.tceq.texas.gov/permitting/air/bilingual/how1_2_pn.html) or **if you have any questions, please contact us before you proceed with publication.**

A "Public Notice Checklist" is enclosed which notes the time limitations for each step of the public notice process. **The processing of your application may be delayed if these time limitations are not met (i.e.; submitting proof of publication of the notice within 10 business days after publication, affidavits of publication within 30 calendar days after the date of publication, and public notice verification form within 10 business days after the end of the designated comment period).** This checklist should be used as a tool in conjunction with the enclosed, detailed instructions.

Mr. Ari Aziz

Re: Permit: 105710

If you do not comply with **all** requirements described in the instructions, the TCEQ cannot continue processing the application and may take other actions. Please note that as your application undergoes the technical review, we may request additional information.

If you have any questions regarding publication requirements, please contact the Office of the Chief Clerk at (512) 239-3300. If you have any other questions, please contact Mr. Steven Piper at (512) 239-1589.

Sincerely,

### NOTICE OF RECEIPT OF APPLICATION AND INTENT TO OBTAIN AIR PERMIT

AIR QUALITY PERMIT NUMBER 105710

**APPLICATION** Corpus Christi Liquefaction, LLC, has applied to the Texas Commission on Environmental Quality (TCEQ) for:  
Amendment of Permit 105710

This application would authorize modification of the Corpus Christi Liquefaction facility located at 622 State Highway 35, Gregory, San Patricio County, Texas 78359. This link to an electronic map of the site or facility's general location is provided as a public courtesy and not part of the application or notice. For exact location, refer to application. <http://www.tceq.texas.gov/assets/public/hb610/index.html?lat=27.883055&lng=-97.269166&zoom=13&type=r>. The facility will emit the following contaminants: carbon monoxide, hydrogen sulfide, nitrogen oxides, organic compounds, particulate matter including particulate matter with diameters of 10 microns or less and 2.5 microns or less and sulfur dioxide.

This application was submitted to the TCEQ on April 20, 2021. The application will be available for viewing and copying at the TCEQ central office, the TCEQ Corpus Christi regional office, and the Portland Chamber of Commerce, 1512 Wildcat Drive, Portland, San Patricio County, Texas beginning the first day of publication of this notice. The facility's compliance file, if any exists, is available for public review in the Corpus Christi regional office of the TCEQ.

The executive director has determined the application is administratively complete and will conduct a technical review of the application.

**PUBLIC COMMENT/PUBLIC MEETING** You may submit public comments, or request a public meeting or a contested case hearing to the Office of the Chief Clerk at the address below. The TCEQ will consider all public comments in developing a final decision on the application. After the deadline for public comments, the executive director will prepare a response to all public comments.

The purpose of a public meeting is to provide the opportunity to submit comments or ask questions about the application. A public meeting about the application will be held if the executive director determines that there is a significant degree of public interest in the application, if requested by an interested person, or if requested by a local legislator. A public meeting is not a contested case hearing.

After technical review of the application is complete, the executive director may prepare a draft permit and will issue a preliminary decision on the application. Notice of Application and Preliminary Decision for an Air Quality Permit will then be published and mailed to those who made comments, submitted hearing requests or are on the mailing list for this application. That notice will contain the final deadline for submitting public comments.

**OPPORTUNITY FOR A CONTESTED CASE HEARING** You may request a contested case hearing. A contested case hearing is a legal proceeding similar to a civil trial in state district court. A contested case hearing will only be granted based on disputed issues of fact that are relevant and material to the Commission's decision. Further, the Commission will only grant a hearing on those issues submitted during the public comment period and not withdrawn. **The deadline to submit a request for a contested case hearing is 30 days after newspaper notice is published. If a request is timely filed, the deadline for requesting a contested case hearing will be extended to 30 days after the mailing of the response to comments.**

**A person who may be affected by emissions of air contaminants from the facility is entitled to request a hearing. If requesting a contested case hearing, you must submit the following: (1) your name (or for a group or**

association, an official representative), mailing address, and daytime phone number; (2) applicant's name and permit number; (3) the statement "[I/we] request a contested case hearing"; (4) a specific description of how you would be adversely affected by the application and air emissions from the facility in a way not common to the general public; (5) the location and distance of your property relative to the facility; (6) a description of how you use the property which may be impacted by the facility; and (7) a list of all disputed issues of fact that you submit during the comment period. If the request is made by a group or an association, one or more members who have standing to request a hearing must be identified by name and physical address. The interests the group or association seeks to protect must also be identified. You may also submit your proposed adjustments to the application/permit which would satisfy your concerns.

If a hearing request is timely filed, following the close of all applicable comment and request periods, the Executive Director will forward the application and any requests for contested case hearing to the Commissioners for their consideration at a scheduled Commission meeting. The Commission may only grant a request for a contested case hearing on issues the requestor submitted in their timely comments that were not subsequently withdrawn. **If a hearing is granted, the subject of a hearing will be limited to disputed issues of fact or mixed questions of fact and law relating to relevant and material air quality concerns submitted during the comment period.** Issues such as property values, noise, traffic safety, and zoning are outside of the Commission's jurisdiction to address in this proceeding.

**MAILING LIST** In addition to submitting public comments, you may ask to be placed on a mailing list to receive future public notices for this specific application by sending a written request to the Office of the Chief Clerk at the address below.

**AGENCY CONTACTS AND INFORMATION** Public comments and requests must be submitted either electronically at [www14.tceq.texas.gov/epic/eComment/](http://www14.tceq.texas.gov/epic/eComment/), or in writing to the Texas Commission on Environmental Quality, Office of the Chief Clerk, MC-105, P.O. Box 13087, Austin, Texas 78711-3087. Please be aware that any contact information you provide, including your name, phone number, email address and physical address will become part of the agency's public record. For more information about this permit application or the permitting process, please call the Public Education Program toll free at 1-800-687-4040. Si desea información en Español, puede llamar al 1-800-687-4040.

Further information may also be obtained from Corpus Christi Liquefaction, LLC, P.O. Box 162, Gregory, Texas 78359-0162 or by calling Ms. Jessica Muennink, Health, Safety, And Environmental Manager at (361) 977-1342.

Notice Issuance Date: April 23, 2021

## Example C

### Sign Posting

Sign(s) must be in place on day of publication of first newspaper notice **and must remain in place and the lettering must be legible during that designated comment period (30 days).** It is recommended that the signs remain in place until 30 days after the last newspaper publication of the second notice (either English or alternate language notice, whichever is later). Note - The information shown is an example only. It is your responsibility to verify that the appropriate information pertaining to your application is accurate. Each sign placed at the site must be located within 10 feet of each (every) property line paralleling a public highway, street or road. Signs must be visible from the street and spaced at not more than 1,500-foot intervals. A minimum of one sign, but not more than three signs shall be required along any property line paralleling a public highway, street, or road.

Sign(s) must be placed at whatever height above the ground is necessary for sign(s) to be 100% visible from the street.

**WHITE BACKGROUND WITH BLACK LETTERS**

**All lettering must be no less than 1-1/2 inch block printed capitals.**

**Public Notice Checklist**  
**Notice of Receipt of Application and Intent to Obtain Permit**  
**(1st Notice)**

The following tasks must be completed for public notice. If publication in an alternative language is required, please complete the tasks for both the English and alternative language publications. Detailed instructions are included in the "Instructions for Public Notice" section of this package.

**Within 30 calendar days after date of administrative completeness letter**

Publish *Notice of Receipt of Application and Intent to Obtain Permit*

- Example A must be published in "public notice" section of newspaper. Review for accuracy prior to publishing.
- Example B must be published in prominent location (other than "public notice") in same issue of newspaper.

Provide copy of application at a public place for review and copying. Keep it there until end of the designated comment period.

Prepare signs.

**First day of newspaper publication**

Review published newspaper notice for accuracy. If errors, contact Air Permits Division.

Post signs and keep them up for duration of the designated comment period (see Example C).

Ensure copy of application is at the public place.

**Within 10 business days after date of publication**

Mail proof of publication showing publication date and newspaper name to:

# TEXAS COMMISSION ON ENVIRONMENTAL QUALITY

## Instructions for Public Notice For New Source Review Air Permit

### Notice of Receipt of Application and Intent to Obtain Permit

Your application has been declared administratively complete and now you must comply with the following instructions:

#### Review Notice

Included in the notice is all of the information which the commission believes is necessary to effectuate compliance with applicable public notice requirements. Please read it carefully and notify the Texas Commission on Environmental Quality (TCEQ) immediately if it contains any errors or omissions. You are responsible for ensuring the accuracy of all information published. You may not change the text of the notice without prior approval from the TCEQ.

#### Newspaper Notice

- You must publish the enclosed *Notice of Receipt of Application and Intent to Obtain Permit* within **30 calendar days** after the date of administrative completeness. Refer to the cover letter for the date of administrative completeness.
- You must publish the enclosed *Notice of Receipt of Application and Intent to Obtain Permit* at your expense, in a newspaper that is of general circulation in the municipality where the facility is or will be located. If the facility is not located within a municipality, the newspaper should be of general circulation in the municipality nearest to the location or proposed location.
- You must publish this notice in one issue of any applicable newspaper.
- You will find two example notices enclosed in this package. *Example A* must be published in the "public notice" section of the newspaper. The phrase "Example A" is not required to be published. *Example B* must be published in the **same issue** of the newspaper as *Example A*; however, it must be published in a prominent location (other than the public notice section). *Example B* refers the public to the "public notice" section of the newspaper where *Example A* provides more information regarding the permit application.
- *Example B* must be a total of at least **6 column inches (standard advertising units)** with a height of at least **3 inches** and a horizontal dimension of **2 column widths**. If the newspaper chosen does not use standard advertising units for measurement, the notice must be at least **12 square inches** with the shortest side at least 3 inches.
- The bold text of the enclosed notice **must** be printed in the newspaper in a font style or size that distinguishes it from the rest of the notice (i.e., **bold**, *italics*). **Failure to do so may require re-notice.**

## Alternative Language Notice

In certain circumstances, applicants for air permits must complete notice in alternative languages.

- Public notice rules require the applicant to determine whether a bilingual program is required at either the elementary or middle school nearest to the facility or proposed facility location. Bilingual education programs are determined on a district-wide basis. When students who are required to attend either school are eligible to be enrolled in a bilingual education program, some alternative language notice is required (signs, or signs and newspaper notice).
- Since the school district, and not the schools, must provide the bilingual education program, these programs do not have to be located at the elementary or middle school nearest to the facility or proposed facility to trigger the alternative language notice requirement. If there are students who would normally attend the nearest schools eligible to be taught in a bilingual education program at a different location, alternative language notice is required.
- If triggered, publication of alternative language notices must be made in a newspaper or publication primarily printed in each language taught in the bilingual education program. This notice is required if such a newspaper or publication exists in the municipality or the county where the facility is or will be located.
- The applicant must demonstrate a good faith effort to identify a newspaper or publication in the required language. If a newspaper or publication of general circulation published at least once a month in such language cannot be found, publishing in that language is not required, but signs must still be posted adjacent to each English language sign.
- Publication in an alternative language section or insertion within an English language newspaper does not satisfy these requirements.
- The applicant has the burden to demonstrate compliance with these requirements. You must fill out the **Public Notice Verification Form (Form TCEQ-20244)** indicating your compliance with the requirements regarding publication in an alternative language. **This form is available at [www.tceq.texas.gov/permitting/air/nav/air\\_publicnotice.html](http://www.tceq.texas.gov/permitting/air/nav/air_publicnotice.html).**
- It is suggested the applicant work with the local school district to do the following:
  - (a) determine if a bilingual program is required in the district;
  - (b) determine which language is required by the bilingual program;
  - (c) locate the nearest elementary and middle schools; and
  - (d) determine if any students attending either school are eligible to be enrolled in a bilingual educational program.
- **If you determine that you must meet the alternative language notice requirements, you are responsible for ensuring that the publication in the alternative language is complete and accurate in that language. Spanish notice templates are available through the Air Permits Division Web site at [www.tceq.texas.gov/permitting/air/nav/air\\_publicnotice.html](http://www.tceq.texas.gov/permitting/air/nav/air_publicnotice.html). All italic notes should be replaced with the corresponding Spanish translations for the specific application and published in the alternative language publication.**
- If you are required to publish notice in a language other than Spanish, you must translate the entire public notice at your own expense.

## Public Comment Period

- The public comment period should last at least **30 calendar days**.

- The comment period will be longer if the last day of the public comment period ends on a weekend or a holiday. In this case, the comment period will end on the next business day.
- The comment period for the permit may lengthen depending on whether a public meeting is held. If a public meeting is held, the comment period will be extended to the later of either the date of the public meeting or the end of the second notice period.

### Proof of Publication

- Check each publication to ensure that the articles were accurately published. If a notice was not published correctly you may be required to republish.
- For each newspaper in which you published, you must submit proof of publication that shows the notice, the date of publication, and the name of the newspaper to the Office of the Chief Clerk within **10 business days** after the date of publication. Acceptable proofs of publication are 1) copies of the published notice or 2) the original newspaper clippings of the published notice. If you choose to submit copies of the published notice to the Office of the Chief Clerk, copies must be on standard-size 8½" x 11" paper and must show the actual size of the published notice (do not reduce the image when making copies). Published notices longer than 11" must be copied onto multiple 8½" x 11" pages. Please note, submitting a copy of your published notice could result in faster processing of your application. It is recommended that you maintain original newspaper clippings or tear sheets of the notice for your records.
- You must submit an **original affidavit of publication for air permitting and alternate language affidavit of publication for air permitting (if applicable)** to the Office of the Chief Clerk within **30 calendar days** after the date of publication. **You must use the enclosed affidavit forms.** The affidavits must clearly identify the applicant's name and permit number. You are encouraged to submit the affidavit with the proof of publication described above.
- You must submit the **Public Notice Verification Form (Form TCEQ-20244)** to the Office of the Chief Clerk within **10 business days** of the end of this public comment period. You must use this form to certify that you have met bilingual notice requirements. **This form is available at [www.tceq.texas.gov/permitting/air/nav/air\\_publicnotice.html](http://www.tceq.texas.gov/permitting/air/nav/air_publicnotice.html).**
- The **original affidavits of publication, Public Notice Verification Form, and acceptable proof of publication of the published notices** must be mailed to:

Texas Commission on Environmental Quality  
Office of the Chief Clerk, MC-105  
Attn: Notice Team / AIR Expedited Permitting  
P.O. Box 13087  
Austin, Texas 78711-3087

- Please ensure that the affidavit(s) you send to the Chief Clerk is/are originals and that all blanks on the affidavit are filled in correctly. Photocopies of affidavits will not be accepted.
- Photocopies of newspaper clippings, affidavits, and verifications must also be sent to those listed on the enclosed *Notification List* within the deadlines specified above.

### Failure to Publish and Submit Proof of Publication

You must meet all publication requirements. **If you fail to publish the notice or submit proof of publication on time, then** the TCEQ may suspend further processing on your application or take other actions.

## Sign Posting

Applicants for air quality permits must also post signs.

- You must post at least one sign in English and as applicable, in each alternative language.
- Signs must be in place on the first day of publication in a newspaper and must remain in place and be legible and be visible from the street for the entire duration of the publications' designated comment period (see Example C).
- The sign template enclosed (*Example C*) is an example only. Read the sign template carefully and notify the TCEQ if it has an error or omissions. It is your responsibility to verify that the appropriate information pertaining to your application is accurate. Any changes to the text prepared by the TCEQ must be approved by the agency.
- Signs placed at the site must be located within 10 feet of each (every) property line paralleling a public street, road, or highway. Signs must be spaced at not more than 1,500-foot intervals. A minimum of one sign, but not more than three signs are required along any property line paralleling a public street, road, or highway. Sign(s) must be placed at a sufficient height above the ground that is necessary for sign(s) to be 100 percent visible from the street.
- All lettering on the sign must be no less than 1½" in height with block printed capital lettering. The sign must be at least 18" wide and 28" tall, and consist of black lettering on a white background.
- Alternative language signs are required if alternative notice is required, even if no newspaper can be found.
- Inspect each posted sign daily to ensure it is present and visible throughout the entire comment period.
- You must submit verification of sign posting using the **Public Notice Verification Form (Form TCEQ-20244)** within **10 business days** after end of the publications' designated comment period. Do not submit the *Public Notice Verification Form* verifying sign posting until after the comment period is over. You cannot certify that the sign posting is in compliance until after the comment period is over. **This form is available at [www.tceq.texas.gov/permitting/air/nav/air\\_publicnotice.html](http://www.tceq.texas.gov/permitting/air/nav/air_publicnotice.html).**

## Application in a Public Place

- You must provide a copy of the administratively complete application at a public place for review and copying by the public. This place must be in the county in which the facility is located or proposed to be located.
- A public place is one that is publicly owned or operated. For example, libraries, county courthouses, or city halls.
- The administratively complete application must be available beginning on the first day of newspaper publication and remain available during the entire public comment period.
- If the application is submitted to the TCEQ with information marked as confidential, you are required to indicate which specific portions of the application are not being made available to the public. These portions of the application must be accompanied with the following statement: "Any request for portions of this application that are marked as confidential must be submitted in writing, pursuant to the Public Information Act, to the Texas Commission on Environmental Quality, Public Information Coordinator, MC-197, P.O. Box 13087, Austin, Texas 78711-3087."

- You must submit verification of file availability using the **Public Notice Verification Form (Form TCEQ-20244)** within **10 business days** after end of the publications' designated comment period. Do not submit the form verifying that the application was in a public place until after the comment period is complete. If a public meeting is held or second notice is required causing the public comment period to be extended, at a later date you will be required to verify that the application was in a public place during the entire public comment period. **This form is available at [www.tceq.texas.gov/permitting/air/nav/air\\_publicnotice.html](http://www.tceq.texas.gov/permitting/air/nav/air_publicnotice.html).**

### **General Information**

When contacting the Commission regarding this application, please refer to the permit number at the top of the *Notice of Application and Intent to Obtain Permit*.

If you wish to obtain an electronic copy, please contact the initial reviewer who assisted in the preparation of this public notice package. The electronic version is available in Microsoft Word format only and can be requested once your application has been declared administratively complete. Please ensure that the electronic version is correct and consistent with the hard copies that were provided. Any revisions made may not be accepted. **You may download copies of the Public Notice Verification Form and Affidavits of publication by visiting our agency Web site at [www.tceq.texas.gov/permitting/air/nav/air\\_publicnotice.html](http://www.tceq.texas.gov/permitting/air/nav/air_publicnotice.html).**

If you have questions or need assistance regarding publication requirements, please contact the Office of the Chief Clerk at (512) 239-3300 or the administrative reviewer listed in the cover letter.
