You are now required to publish notice for this hearing. To help you meet the requirements associated with this notice, we have enclosed the following items:

- Notice for Newspaper Publication
- Instructions for Notice of Hearing
- Affidavit of Publication

Please note that it is VERY IMPORTANT that you follow ALL directions in the ENCLOSED INSTRUCTIONS. If you do not, you may be required to republish the notice. One of the most common mistakes we see is the unauthorized changing of notice wording or font. If you have any questions, please contact us before you proceed with publication.

The following items and time limitations are also described in the enclosed instructions. However, due to their importance, we want to highlight them for you.

1. Publish the enclosed notice within at least **30 calendar days** prior to the date of the hearing.

If you do not comply with all requirements described in the instructions, further processing of your application may be suspended or the commission may take other actions.

As required by 30 TAC § 80.118(c), the TCEQ Office of the Chief Clerk (OCC) will provide the administrative record to SOAH, and will retain one copy for its files. In addition, one copy of the administrative record will be provided to you by the OCC on CD. Neither SOAH nor TCEQ is responsible for providing additional copies to the parties. However, the OCC can provide copies upon request.

The administrative record is not in evidence until properly offered by motion of a party, and subsequently admitted by the Administrative Law Judge, pursuant to 30 TAC § 80.127(h). The party seeking admission of the administrative record must supply copies to the other parties in the proceeding at the time it is offered, or by agreement of the parties.

Texas Commission on Environmental Quality

Revised Notice of Application and Preliminary Decision for Municipal Solid Waste Permit Amendment

Proposed Limited-Scope Amendment to Permit No. 2383

Application and Preliminary Decision. 130 Environmental Park LLC, 5200 N US Highway 183 (NB), Lockhart TX 78644, has applied to the Texas Commission on Environmental Quality (TCEQ) for a permit amendment to authorize the expansion of waste acceptance hours to 5:00 am to 7:00 pm, Monday through Friday, and 6:00 am to 5:00 pm on Saturdays and operating hours to 5:00 am to 9:00 pm, Monday through Friday, and 6:00 am to 6:00 pm on Saturdays. The facility is located at 5200 N US Highway 183 (NB), Lockhart 78644 in Caldwell County, Texas. The TCEQ received this application on December 22, 2021. The following link to an electronic map of the site or facility's general location is provided as a public courtesy and is not part of the application or notice: <https://arcg.is/1WrL4G1>. For exact location, refer to application.

The TCEQ Executive Director has completed the technical review of the application and prepared a draft limited scope amendment document. The draft limited scope amendment, if approved, would establish the conditions under which the facility must operate. The Executive Director has made a preliminary decision that this permit amendment, if issued, meets all statutory and regulatory requirements. The permit amendment application, Executive Director's preliminary decision, and draft limited scope amendment document are available for viewing and copying at Dr. Eugene Clark Library, 217 S. Main Street, Lockhart, Texas. The permit application may be viewed online at <https://www.biggsandmathews.com/on-linedocuments/permits-v2/category/7-130-environmental-park>.

Alternative Language Notice/ Aviso de idioma alternativo. Alternative language notice in Spanish is available at www.tceq.texas.gov/goto/mswapps. La notificación en otro idioma en español está disponible en www.tceq.texas.gov/goto/mswapps.

Public Comment/Public Meeting. You may submit public comments or request a public meeting about this application. The purpose of a public meeting is to provide the opportunity to submit comments or to ask questions about the application. TCEQ holds a public meeting if the Executive Director determines that there is a significant degree of public interest in the application or if requested by a local legislator. A public meeting is not a contested case hearing.

Opportunity for a Contested Case Hearing. After the deadline for submitting public comments, the Executive Director will consider all timely comments and prepare a response to all relevant and material, or significant public comments. **Unless the application is directly referred for a contested case hearing, the response to comments and the Executive Director's decision on the application will be mailed to everyone who submitted public comments and to those persons who are on the mailing list for this application. If comments**

are received, the mailing will also provide instructions for requesting a contested case hearing or reconsideration of the Executive Director's decision. A person who may be affected by the proposed facility is entitled to request a contested case hearing from the commission. A contested case hearing is a legal proceeding similar to a civil trial in a state district court.

To Request a Contested Case Hearing, You Must Include The Following Items in Your Request: your name, address, phone; applicant's name and permit number; the location and distance of your property/activities relative to the facility; a specific description of how you would be adversely affected by the facility in a way not common to the general public; a list of all disputed issues of fact that you submit during the comment period; and the statement "[I/we] request a contested case hearing." If the request for contested case hearing is filed on behalf of a group or association, the request must designate the group's representative for receiving future correspondence; identify by name and physical address an individual member of the group who would be adversely affected by the facility or activity; provide the information discussed above regarding the affected member's location and distance from the facility or activity; explain how and why the member would be affected; and explain how the interests the group seeks to protect are relevant to the group's purpose.

Following the close of all applicable comment and request periods, the Executive Director will forward the application and any requests for reconsideration or for a contested case hearing to the TCEQ Commissioners for their consideration at a scheduled Commission meeting. The Commission may only grant a request for a contested case hearing on issues the requestor submitted in their timely comments that were not subsequently withdrawn.

If a hearing is granted, the subject of a hearing will be limited to disputed issues of fact or mixed questions of fact and law that are relevant and material to the Commission's decision on the application submitted during the comment period.

Executive Director Action. The Executive Director may issue final approval of the application unless a timely contested case hearing request or request for reconsideration is filed. If a timely hearing request or request for reconsideration is filed, the Executive Director will not issue final approval of the limited scope amendment and will forward the application and request to the TCEQ Commissioners for their consideration at a scheduled Commission meeting.

Mailing List. If you submit public comments, a request for a contested case hearing, or a reconsideration of the Executive Director's decision, you will be added to the mailing list for this application to receive future public notices mailed by the Office of the Chief Clerk. In addition, you may request to be placed on: (1) the permanent mailing list for a specific applicant name and permit number; and/or (2) the mailing list for a specific county. To be placed on the permanent and/or the county mailing list, clearly specify which list(s) and send your request to TCEQ Office of the Chief Clerk at the address below.

Information Available Online. For details about the status of the application, visit the Commissioners' Integrated Database (CID) at www.tceq.texas.gov/goto/cid. Once you have access to the CID using the above link, enter the permit number for this application, which is provided at the top of this notice.

Agency Contacts and Information. All public comments and requests must be submitted within 30 days from the date of newspaper publication of this notice either electronically at www14.tceq.texas.gov/epic/eComment/ or in writing to the Texas Commission on Environmental Quality, Office of the Chief Clerk, MC-105, P.O. Box 13087, Austin, Texas

78711-3087. Please be aware that any contact information you provide, including your name, phone number, email address and physical address will become part of the agency's public record. Public Comment/Public Meeting. You may submit public comments or request a public meeting about this application. The purpose of a public meeting is to provide the opportunity to submit comments or to ask questions about the application. TCEQ holds a public meeting if the Executive Director determines that there is a significant degree of public interest in the application or if requested by a local legislator. A public meeting is not a contested case hearing.

Opportunity for a Contested Case Hearing. After the deadline for submitting public comments, the Executive Director will consider all timely comments and prepare a response to all relevant and material, or significant public comments. **Unless the application is directly referred for a contested case hearing, the response to comments and the Executive Director's decision on the application will be mailed to everyone who submitted public comments and to those persons who are on the mailing list for this application. If comments**

are received, the mailing will also provide instructions for requesting a contested case hearing or reconsideration of the Executive Director's decision. A person who may be affected by the proposed facility is entitled to request a contested case hearing from the commission. A contested case hearing is a legal proceeding similar to a civil trial in a state district court.

To Request a Contested Case Hearing, You Must Include The Following Items in Your Request: your name, address, phone; applicant's name and permit number; the location and distance of your property/activities relative to the facility; a specific description of how you would be adversely affected by the facility in a way not common to the general public; a list of all disputed issues of fact that you submit during the comment period; and the statement "[I/we] request a contested case hearing." If the request for contested case hearing is filed on behalf of a group or association, the request must designate the group's representative for receiving future correspondence; identify by name and physical address an individual member of the group who would be adversely affected by the facility or activity; provide the information discussed above regarding the affected member's location and distance from the facility or activity; explain how and why the member would be affected; and explain how the interests the group seeks to protect are relevant to the group's purpose.

Following the close of all applicable comment and request periods, the Executive Director will forward the application and any requests for reconsideration or for a contested case hearing to the TCEQ Commissioners for their consideration at a scheduled Commission meeting. The Commission may only grant a request for a contested case hearing on issues the requestor submitted in their timely comments that were not subsequently withdrawn.

If a hearing is granted, the subject of a hearing will be limited to disputed issues of fact or mixed questions of fact and law that are relevant and material to the Commission's decision on the application submitted during the comment period.

Executive Director Action. The Executive Director may issue final approval of the application unless a timely contested case hearing request or request for reconsideration is filed. If a timely hearing request or request for reconsideration is filed, the Executive Director will not issue final approval of the limited scope amendment and will forward the application and request to the TCEQ Commissioners for their consideration at a scheduled Commission meeting.

Mailing List. If you submit public comments, a request for a contested case hearing, or a reconsideration of the Executive Director's decision, you will be added to the mailing list for this application to receive future public notices mailed by the Office of the Chief Clerk. In addition, you may request to be placed on: (1) the permanent mailing list for a specific applicant name and permit number; and/or (2) the mailing list for a specific county. Revisado Aviso de la Solicitud y Decisión Preliminar para Enmienda del Permiso de Residuos Sólidos Municipales

Enmienda Propuesta de Alcance Limitado al Permiso No. 2383

Solicitud y Decisión Preliminar. 130 Environmental Park LLC, 5200 N. US Highway 183 (NB), Lockhart, TX 78644 ha solicitado a la Comisión de Calidad Ambiental de Texas (TCEQ, por sus siglas en inglés) por una enmienda de permiso para autorizar la ampliación del horario de aceptación de residuos a las 5:00 a 19:00 horas, de lunes a viernes, y a las 6:00 a 17:00 horas los sábados, y del horario de funcionamiento a las 5:00 a 21:00 horas, de lunes a viernes, y a las 6:00 a 18:00 horas los sábados. La instalación está ubicada en 5200 N US Highway 183 (NB), Lockhart 78644 en el Condado de Caldwell, Texas. La TCEQ recibió esta solicitud el 22 de diciembre de 2021. El enlace a continuación a un mapa electrónico de la ubicación general del sitio o de la instalación es proporcionado como una cortesía y no es parte de la solicitud o del aviso: <https://arcg.is/1WrL4G1>. Para la ubicación exacta, consulte la solicitud.

El Director Ejecutivo de la TCEQ ha completado el examen técnico de la solicitud y ha preparado un borrador de un documento de enmienda de alcance limitado. El borrador de la enmienda de alcance limitado, si es aprobado, establecería las condiciones bajo las cuales la instalación debe operar. El Director Ejecutivo ha tomado una decisión preliminar que esta enmienda de permiso, si es emitida, cumple con todos los requisitos legales y normativos. La solicitud para enmienda del permiso, la decisión preliminar del Director Ejecutivo y el borrador del documento de la enmienda de alcance limitado están disponibles para examinar y copiar en Dr. Eugene Clark Biblioteca, 217 S. Main Street, Lockhart, Texas. La solicitud de permiso se puede ver en línea en <https://www.biggsandmathews.com/on-line-documents/permitsv2/category/7-130-environmental-park>.

Comentario Público/Reunión Pública. Usted puede presentar comentarios públicos o solicitar una reunión pública sobre esta solicitud. El propósito de una reunión pública es dar la oportunidad de presentar comentarios o hacer preguntas acerca de la solicitud. La TCEQ realiza una reunión pública si el Director Ejecutivo determina que hay un suficiente grado de interés público en la solicitud, o si un legislador local lo pide. Una reunión pública no es una audiencia de caso impugnado.

Oportunidad de una Audiencia de Caso Impugnado. Después del plazo para presentar comentarios públicos, el Director Ejecutivo considerará todos los comentarios oportunos y preparará una respuesta a todo los comentarios públicos pertinentes y materiales, o significativos. A menos que la solicitud haya sido remitida directamente para una audiencia de caso impugnado, la respuesta a los comentarios y la decisión del Director Ejecutivo será enviada por correo a todos los que hayan presentado comentario público y a las personas que estén en la lista de correo sobre esta solicitud. Si se han recibido comentarios, el aviso también proveerá instrucciones para solicitar una audiencia de caso impugnado o una reconsideración de la decisión del Director Ejecutivo. Una persona que puede ser afectada por la instalación propuesta tiene el derecho a solicitar de la TCEQ una audiencia de caso

impugnado. Una audiencia de caso impugnado es un procedimiento legal similar a un juicio civil en un tribunal de distrito del estado.

Para Solicitar una Audiencia de Caso Impugnado, Usted Debe Incluir en su Solicitud los Sigüientes Datos: Su nombre, dirección y número de teléfono; el nombre del solicitante y número del permiso; la ubicación y la distancia de su propiedad/actividades con respecto a la instalación; una descripción específica de cómo sería usted afectado negativamente por la instalación en una manera no común al público en general; una lista de todas las cuestiones de hecho en disputa que usted presente durante el período de comentarios; y la declaración "[Yo/nosotros] solicito/solicitamos una audiencia de caso impugnado." Si presenta la petición para una audiencia de caso impugnado de parte de un grupo o asociación, debe identificar una persona que representa al grupo para recibir correspondencia en el futuro; identificar el nombre y la dirección física de un miembro del grupo que sería afectado adversamente por la planta o la actividad propuesta; proveer la información indicada anteriormente con respecto a la ubicación del miembro afectado y su distancia de la planta o actividad propuesta; explicar cómo y porqué el miembro sería afectado; y explicar cómo los intereses que el grupo desea proteger son pertinentes al propósito del grupo.

Después del cierre de todos los períodos de comentarios y de petición que aplican, el Director Ejecutivo enviará la solicitud y cualquier petición para reconsideración o para una audiencia de caso impugnado a los Comisionados de la TCEQ para su consideración durante una reunión programada de la Comisión. La Comisión sólo puede conceder una solicitud de una audiencia de caso impugnado sobre los temas que el solicitante haya presentado en sus comentarios oportunos que no fueron retirados posteriormente.

Si se concede una audiencia, el tema de la audiencia estará limitado a cuestiones de hecho en disputa o cuestiones mixtas de hecho y de derecho que son pertinentes y materiales a la decisión de la Comisión sobre la solicitud que se hayan presentado durante el período de comentarios.

Acción del Director Ejecutivo. El Director Ejecutivo puede emitir una aprobación final de la solicitud a menos que se haya presentado a tiempo una petición para una audiencia de caso impugnado o una petición para reconsideración. Si se ha presentado a tiempo una petición de audiencia o una petición de reconsideración, el Director Ejecutivo no emitirá una aprobación final sobre la enmienda de alcance limitado y enviará la solicitud y la petición a los Comisionados de la TCEQ para su consideración durante una reunión programada de la Comisión.

Lista de Correo. Si presenta comentarios públicos, una petición para una audiencia de caso impugnado o una petición para reconsideración de la decisión del Director Ejecutivo, añadiremos su nombre a la lista de correo para esta solicitud para recibir futuros avisos públicos enviados por la Oficina del Secretario Oficial. Además, puede pedir que la TCEQ ponga su nombre en (1) la lista de correo permanente para un específico nombre de solicitante y número de permiso y/o (2) la lista de correo para un condado específico. Para ser añadido a una lista de correo permanente y/o una de condado, especifique claramente cuál/cuáles lista(s) y envíe su petición por correo a la Oficina del Secretario Oficial de la TCEQ.

Información Disponible en Línea. Para detalles sobre el estado de la solicitud, visite la Base de Datos Integrada de los Comisionados (CID, por sus siglas en inglés) al www.tceq.texas.gov/goto/cid. Una vez que haya obtenido acceso al CID usando el enlace de arriba, rellene el número de permiso de esta solicitud, la cual está proporcionada al inicio de este aviso.

Comunicación y Transferencia de Información a la Agencia. Todos los comentarios públicos y las peticiones deberán presentarse durante los 30 días a partir de la publicación en periódico de este aviso o electrónicamente en www14.tceq.texas.gov/epic/eComment/ o por escrito a la TCEQ, Oficina del Secretario Oficial, MC 105, P.O. Box 13087, Austin, TX 78711-3087. Tenga en cuenta que cualquier información personal que usted proporcione, incluyendo su nombre, número de teléfono, dirección de correo electrónico y dirección física pasarán a formar parte del registro público de la Agencia. sucesos que consideras poco importantes. No seas indiferente con aquellos que amas y escúchalo. Esa persona necesita de tu atención y consejos.

Cáncer. Has estado permitiendo sobrecarga y abuso por parte de compañeros y superiores. Decidirás romper con esta cadena y solo encargarte de las cosas que realmente te compete realizar.

Leo. Aunque a veces tu mente te lleve al recuerdo de esa persona, ahora controlas mejor tus pasiones o sentimientos. Ya no te dejarás llevar por lo que sientes. Recuperas el equilibrio.

Virgo. Analizarás el comportamiento de esa persona que llama tu atención. Te darás cuenta que no actúa con madurez y decidirás mantener solo la amistad. Asistirás a un evento con amigos o familiares.

Libra. Te unirás con un grupo de personas para trabajar un proyecto en conjunto. No conviene que idealices o te entusiasmes en exceso. Sé práctico y organízate para que todo avance exitosamente.

Escorpio. Hay planes que vienes desarrollando con otras personas, pero no conviene imponerte ni mostrarte intolerante si deseas que las alianzas establecidas duren y te conduzcan a tus objetivos.

Sagitario. Tu determinación y seguridad hace que tu entorno confíe en tu capacidad. Te hablarán de alianzas o sociedad auspiciosas, no las dejes de establecer. En el amor: llegan momentos de pasión.

Capricornio. Estás cuidando el dinero tratando de medir cada gasto o inversión que se deba de realizar. Algunas personas no entienden tu proceder y esto sería materia de tensión. Dialoga y te entenderán.

Acuario. Luego de haber dicho cosas que no sentías y haber afectado la armonía familiar te sientes culpable y deseas cambiar esta situación. Tu entorno sabrá disculparte.

Pisces. Sabes que regresar con esa persona es volver a la misma inestabilidad de siempre. Tomas la decisión de cortar con aquello que no es conveniente. Este tiempo de soledad te dará tranquilidad.

Revised Notice of Application and Preliminary Decision for Municipal Solid Waste Permit Amendment

Proposed Limited-Scope Amendment to Permit No. 2383

Application and Preliminary Decision. 130 Environmental Park LLC, 5200 N US Highway 183 (NB), Lockhart TX 78644, has applied to the Texas Commission on Environmental Quality (TCEQ) for a permit amendment to authorize the expansion of waste acceptance hours to 5:00 am to 7:00 pm, Monday through Friday, and 6:00 am to 5:00 pm on Saturdays and operating hours to 5:00 am to 9:00 pm, Monday through Friday, and 6:00 am to 6:00 pm on Saturdays. The facility is located at 5200 N US Highway 183 (NB), Lockhart 78644 in Caldwell County, Texas. The TCEQ received this application on December 22, 2021. The following link to an electronic map of the site or facility's general location is provided as a public courtesy and is not part of the application or notice: <https://arcg.is/1WrL4G1>. For exact location, refer to application.

The TCEQ Executive Director has completed the technical review of the application and prepared a draft limited scope amendment document. The draft limited scope amendment, if approved, would establish the conditions under which the facility must operate. The Executive Director has made a preliminary decision that this permit amendment, if issued, meets all statutory and regulatory requirements. The permit amendment application, Executive Director's preliminary decision, and draft limited scope amendment document are available for viewing and copying at Dr. Eugene Clark Library, 217 S. Main Street, Lockhart, Texas. The permit application may be viewed online at <https://www.biggsandmathews.com/on-line-documents/permits-v2/category/7-130-environmental-park>.

Alternative Language Notice/ Aviso de idioma alternativo. Alternative language notice in Spanish is available at www.tceq.texas.gov/goto/mswapps. La notificación en otro idioma en español está disponible en www.tceq.texas.gov/goto/mswapps.

Public Comment/Public Meeting. You may submit public comments or request a public meeting about this application. The purpose of a public meeting is to provide the opportunity to submit comments or to ask questions about the application. TCEQ holds a public meeting if the Executive Director determines that there is a significant degree of public interest in the application or if requested by a local legislator. A public meeting is not a contested case hearing.

Opportunity for a Contested Case Hearing. After the deadline for submitting public comments, the Executive Director will consider all timely comments and prepare a response to all relevant and material, or significant public comments. **Unless the application is directly referred for a contested case hearing, the response to comments and the Executive Director's decision on the application will be mailed to everyone who submitted public**

comments and to those persons who are on the mailing list for this application. If comments are received, the mailing will also provide instructions for requesting a contested case hearing or reconsideration of the Executive Director's decision. A person who may be affected by the proposed facility is entitled to request a contested case hearing from the commission. A contested case hearing is a legal proceeding similar to a civil trial in a state district court.

To Request a Contested Case Hearing, You Must Include The Following Items in Your Request: your name, address, phone; applicant's name and permit number; the location and distance of your property/activities relative to the facility; a specific description of how you would be adversely affected by the facility in a way not common to the general public; a list of all disputed issues of fact that you submit during the comment period; and the statement "[I/we] request a contested case hearing." If the request for contested case hearing is filed on behalf of a group or association, the request must designate the group's representative for receiving future correspondence; identify by name and physical address an individual member of the group who would be adversely affected by the facility or activity; provide the information discussed above regarding the affected member's location and distance from the facility or activity; explain how and why the member would be affected; and explain how the interests the group seeks to protect are relevant to the group's purpose.

Following the close of all applicable comment and request periods, the Executive Director will forward the application and any requests for reconsideration or for a contested case hearing to the TCEQ Commissioners for their consideration at a scheduled Commission meeting. The Commission may only grant a request for a contested case hearing on issues the requestor submitted in their timely comments that were not subsequently withdrawn.

If a hearing is granted, the subject of a hearing will be limited to disputed issues of fact or mixed questions of fact and law that are relevant and material to the Commission's decision on the application submitted during the comment period.

Executive Director Action. The Executive Director may issue final approval of the application unless a timely contested case hearing request or request for reconsideration is filed. If a timely hearing request or request for reconsideration is filed, the Executive Director will not issue final approval of the limited scope amendment and will forward the application and request to the TCEQ Commissioners for their consideration at a scheduled Commission meeting.

Mailing List. If you submit public comments, a request for a contested case hearing, or a reconsideration of the Executive Director's decision, you will be added to the mailing list for this application to receive future public notices mailed by the Office of the Chief Clerk. In addition, you may request to be placed on: (1) the permanent mailing list for a specific applicant name and permit number; and/or (2) the mailing list for a specific county. To be placed on the permanent and/or the county mailing list, clearly specify which list(s) and send your request to TCEQ Office of the Chief Clerk at the address below.

Information Available Online. For details about the status of the application, visit the Commissioners' Integrated Database (CID) at www.tceq.texas.gov/goto/cid. Once you have access to the CID using the above link, enter the permit number for this application, which is provided at the top of this notice.

Agency Contacts and Information. All public comments and requests must be submitted within 30 days from the date of newspaper publication of this notice either electronically at www14.tceq.texas.gov/epic/eComment/ or in writing to the Texas Commission on

Environmental Quality, Office of the Chief Clerk, MC-105, P.O. Box 13087, Austin, Texas 78711-3087. Please be aware that any contact information you provide, including your name, phone number, email address and physical address will become part of the agency's public record. For more information about this permit amendment application or the permitting process, please call the TCEQ's Public Education Program, Toll Free, at 800-687-4040 or visit their website at www.tceq.texas.gov/goto/pep. Si desea información en español, puede llamar al 800-687-4040.

Issued Date: October 3, 2022

Texas Commission on Environmental Quality

Revisado Aviso de la Solicitud y Decisión Preliminar para Enmienda del Permiso de Residuos Sólidos Municipales

Enmienda Propuesta de Alcance Limitado al Permiso No. 2383

Solicitud y Decisión Preliminar. 130 Environmental Park LLC, 5200 N. US Highway 183 (NB), Lockhart, TX 78644 ha solicitado a la Comisión de Calidad Ambiental de Texas (TCEQ, por sus siglas en inglés) por una enmienda de permiso para autorizar la ampliación del horario de aceptación de residuos a las 5:00 a 19:00 horas, de lunes a viernes, y a las 6:00 a 17:00 horas los sábados, y del horario de funcionamiento a las 5:00 a 21:00 horas, de lunes a viernes, y a las 6:00 a 18:00 horas los sábados. La instalación está ubicada en 5200 N US Highway 183 (NB), Lockhart 78644 en el Condado de Caldwell, Texas. La TCEQ recibió esta solicitud el 22 de diciembre de 2021. El enlace a continuación a un mapa electrónico de la ubicación general del sitio o de la instalación es proporcionado como una cortesía y no es parte de la solicitud o del aviso: <https://arcg.is/1WrL4G1>. Para la ubicación exacta, consulte la solicitud.

El Director Ejecutivo de la TCEQ ha completado el examen técnico de la solicitud y ha preparado un borrador de un documento de enmienda de alcance limitado. El borrador de la enmienda de alcance limitado, si es aprobado, establecería las condiciones bajo las cuales la instalación debe operar. El Director Ejecutivo ha tomado una decisión preliminar que esta enmienda de permiso, si es emitida, cumple con todos los requisitos legales y normativos. La solicitud para enmienda del permiso, la decisión preliminar del Director Ejecutivo y el borrador del documento de la enmienda de alcance limitado están disponibles para examinar y copiar en Dr. Eugene Clark Biblioteca, 217 S. Main Street, Lockhart, Texas. La solicitud de permiso se puede ver en línea en <https://www.biggsandmathews.com/on-line-documents/permits-v2/category/7-130-environmental-park>.

Comentario Público/Reunión Pública. Usted puede presentar comentarios públicos o solicitar una reunión pública sobre esta solicitud. El propósito de una reunión pública es dar la oportunidad de presentar comentarios o hacer preguntas acerca de la solicitud. La TCEQ realiza una reunión pública si el Director Ejecutivo determina que hay un suficiente grado de interés público en la solicitud, o si un legislador local lo pide. Una reunión pública no es una audiencia de caso impugnado.

Oportunidad de una Audiencia de Caso Impugnado. Después del plazo para presentar comentarios públicos, el Director Ejecutivo considerará todos los comentarios oportunos y preparará una respuesta a todo los comentarios públicos pertinentes y materiales, o significativos. A menos que la solicitud haya sido remitida directamente para una audiencia de caso impugnado, la respuesta a los comentarios y la decisión del Director Ejecutivo será enviada por correo a todos los que hayan presentado comentario público y a las personas que estén en la lista de correo sobre esta solicitud. Si se han recibido comentarios, el aviso también proveerá instrucciones para solicitar una audiencia de caso impugnado o una reconsideración de la decisión del Director Ejecutivo. Una persona que puede ser afectada

por la instalación propuesta tiene el derecho a solicitar de la TCEQ una audiencia de caso impugnado. Una audiencia de caso impugnado es un procedimiento legal similar a un juicio civil en un tribunal de distrito del estado.

Para Solicitar una Audiencia de Caso Impugnado, Usted Debe Incluir en su Solicitud los Sigüientes Datos: Su nombre, dirección y número de teléfono; el nombre del solicitante y número del permiso; la ubicación y la distancia de su propiedad/actividades con respecto a la instalación; una descripción específica de cómo sería usted afectado negativamente por la instalación en una manera no común al público en general; una lista de todas las cuestiones de hecho en disputa que usted presente durante el período de comentarios; y la declaración "[Yo/nosotros] solicito/solicitamos una audiencia de caso impugnado." Si presenta la petición para una audiencia de caso impugnado de parte de un grupo o asociación, debe identificar una persona que representa al grupo para recibir correspondencia en el futuro; identificar el nombre y la dirección física de un miembro del grupo que sería afectado adversamente por la planta o la actividad propuesta; proveer la información indicada anteriormente con respecto a la ubicación del miembro afectado y su distancia de la planta o actividad propuesta; explicar cómo y porqué el miembro sería afectado; y explicar cómo los intereses que el grupo desea proteger son pertinentes al propósito del grupo.

Después del cierre de todos los períodos de comentarios y de petición que aplican, el Director Ejecutivo enviará la solicitud y cualquier petición para reconsideración o para una audiencia de caso impugnado a los Comisionados de la TCEQ para su consideración durante una reunión programada de la Comisión. La Comisión sólo puede conceder una solicitud de una audiencia de caso impugnado sobre los temas que el solicitante haya presentado en sus comentarios oportunos que no fueron retirados posteriormente.

Si se concede una audiencia, el tema de la audiencia estará limitado a cuestiones de hecho en disputa o cuestiones mixtas de hecho y de derecho que son pertinentes y materiales a la decisión de la Comisión sobre la solicitud que se hayan presentado durante el período de comentarios.

Acción del Director Ejecutivo. El Director Ejecutivo puede emitir una aprobación final de la solicitud a menos que se haya presentado a tiempo una petición para una audiencia de caso impugnado o una petición para reconsideración. Si se ha presentado a tiempo una petición de audiencia o una petición de reconsideración, el Director Ejecutivo no emitirá una aprobación final sobre la enmienda de alcance limitado y enviará la solicitud y la petición a los Comisionados de la TCEQ para su consideración durante una reunión programada de la Comisión.

Lista de Correo. Si presenta comentarios públicos, una petición para una audiencia de caso impugnado o una petición para reconsideración de la decisión del Director Ejecutivo, añadiremos su nombre a la lista de correo para esta solicitud para recibir futuros avisos públicos enviados por la Oficina del Secretario Oficial. Además, puede pedir que la TCEQ ponga su nombre en (1) la lista de correo permanente para un específico nombre de solicitante y número de permiso y/o (2) la lista de correo para un condado específico. Para ser añadido a una lista de correo permanente y/o una de condado, especifique claramente cuál/cuáles lista(s) y envíe su petición por correo a la Oficina del Secretario Oficial de la TCEQ.

Información Disponible en Línea. Para detalles sobre el estado de la solicitud, visite la Base de Datos Integrada de los Comisionados (CID, por sus siglas en inglés) al www.tceq.texas.gov/goto/cid. Una vez que haya obtenido acceso al CID usando el enlace de arriba, rellene el número de permiso de esta solicitud, la cual está proporcionada al inicio de este aviso.

Comunicación y Transferencia de Información a la Agencia. Todos los comentarios públicos y las peticiones deberán presentarse durante los 30 días a partir de la publicación en periódico de este aviso o electrónicamente en www14.tceq.texas.gov/epic/eComment/ o por escrito a la TCEQ, Oficina del Secretario Oficial, MC 105, P.O. Box 13087, Austin, TX 78711-3087. Tenga en cuenta que cualquier información personal que usted proporcione, incluyendo su nombre, número de teléfono, dirección de correo electrónico y dirección física pasarán a formar parte del registro público de la Agencia. Revised Notice of Application and Preliminary Decision for Municipal Solid Waste Permit Amendment

Proposed Limited-Scope Amendment to Permit No. 2383

Application and Preliminary Decision. 130 Environmental Park LLC, 5200 N US Highway 183 (NB), Lockhart TX 78644, has applied to the Texas Commission on Environmental Quality (TCEQ) for a permit amendment to authorize the expansion of waste acceptance hours to 5:00 am to 7:00 pm, Monday through Friday, and 6:00 am to 5:00 pm on Saturdays and operating hours to 5:00 am to 9:00 pm, Monday through Friday, and 6:00 am to 6:00 pm on Saturdays. The facility is located at 5200 N US Highway 183 (NB), Lockhart 78644 in Caldwell County, Texas. The TCEQ received this application on December 22, 2021. The following link to an electronic map of the site or facility's general location is provided as a public courtesy and is not part of the application or notice: <https://arcgis.com/arcgis/1WrL4G1>. For exact location, refer to application.

The TCEQ Executive Director has completed the technical review of the application and prepared a draft limited scope amendment document. The draft limited scope amendment, if approved, would establish the conditions under which the facility must operate. The Executive Director has made a preliminary decision that this permit amendment, if issued, meets all statutory and regulatory requirements. The permit amendment application, Executive Director's preliminary decision, and draft limited scope amendment document are available for viewing and copying at Dr. Eugene Clark Library, 217 S. Main Street, Lockhart, Texas. The permit application may be viewed online at <https://www.biggsandmathews.com/on-line-documents/permits-v2/category/7-130-environmental-park>.

Alternative Language Notice/ Aviso de idioma alternativo. Alternative language notice in Spanish is available at www.tceq.texas.gov/goto/mswapps. La notificación en otro idioma en español está disponible en www.tceq.texas.gov/goto/mswapps.

Public Comment/Public Meeting. You may submit public comments or request a public meeting about this application. The purpose of a public meeting is to provide the opportunity to submit comments or to ask questions about the application. TCEQ holds a public meeting if the Executive Director determines that there is a significant degree of public interest in the application or if requested by a local legislator. A public meeting is not a contested case hearing.

Opportunity for a Contested Case Hearing. After the deadline for submitting public comments, the Executive Director will consider all timely comments and prepare a response to all relevant and material, or significant public comments. **Unless the application is directly referred for a contested case hearing, the response to comments and the Executive Director's decision on the application will be mailed to everyone who submitted public**

comments and to those persons who are on the mailing list for this application. If comments are received, the mailing will also provide instructions for requesting a contested case hearing or reconsideration of the Executive Director's decision. A person who may be affected by the proposed facility is entitled to request a contested case hearing from the commission. A contested case hearing is a legal proceeding similar to a civil trial in a state district court.

To Request a Contested Case Hearing, You Must Include The Following Items in Your Request: your name, address, phone; applicant's name and permit number; the location and distance of your property/activities relative to the facility; a specific description of how you would be adversely affected by the facility in a way not common to the general public; a list of all disputed issues of fact that you submit during the comment period; and the statement "[I/we] request a contested case hearing." If the request for contested case hearing is filed on behalf of a group or association, the request must designate the group's representative for receiving future correspondence; identify by name and physical address an individual member of the group who would be adversely affected by the facility or activity; provide the information discussed above regarding the affected member's location and distance from the facility or activity; explain how and why the member would be affected; and explain how the interests the group seeks to protect are relevant to the group's purpose.

Following the close of all applicable comment and request periods, the Executive Director will forward the application and any requests for reconsideration or for a contested case hearing to the TCEQ Commissioners for their consideration at a scheduled Commission meeting. The Commission may only grant a request for a contested case hearing on issues the requestor submitted in their timely comments that were not subsequently withdrawn.

If a hearing is granted, the subject of a hearing will be limited to disputed issues of fact or mixed questions of fact and law that are relevant and material to the Commission's decision on the application submitted during the comment period.

Executive Director Action. The Executive Director may issue final approval of the application unless a timely contested case hearing request or request for reconsideration is filed. If a timely hearing request or request for reconsideration is filed, the Executive Director will not issue final approval of the limited scope amendment and will forward the application and request to the TCEQ Commissioners for their consideration at a scheduled Commission meeting.

Mailing List. If you submit public comments, a request for a contested case hearing, or a reconsideration of the Executive Director's decision, you will be added to the mailing list for this application to receive future public notices mailed by the Office of the Chief Clerk. In addition, you may request to be placed on: (1) the permanent mailing list for a specific applicant name and permit number; and/or (2) the mailing list for a specific county. To be placed on the permanent and/or the county mailing list, clearly specify which list(s) and send your request to TCEQ Office of the Chief Clerk at the address below.

Information Available Online. For details about the status of the application, visit the Commissioners' Integrated Database (CID) at www.tceq.texas.gov/goto/cid. Once you have access to the CID using the above link, enter the permit number for this application, which is provided at the top of this notice.

Agency Contacts and Information. All public comments and requests must be submitted within 30 days from the date of newspaper publication of this notice either electronically at www14.tceq.texas.gov/epic/eComment/ or in writing to the Texas Commission on

Environmental Quality, Office of the Chief Clerk, MC-105, P.O. Box 13087, Austin, Texas 78711-3087. Please be aware that any contact information you provide, including your name, phone number, email address and physical address will become part of the agency's public record. Issued Date: October 3, 2022

Texas Commission on Environmental Quality

Revisado Aviso de la Solicitud y Decisión Preliminar para Enmienda del Permiso de Residuos Sólidos Municipales

Enmienda Propuesta de Alcance Limitado al Permiso No. 2383

Solicitud y Decisión Preliminar. 130 Environmental Park LLC, 5200 N. US Highway 183 (NB), Lockhart, TX 78644 ha solicitado a la Comisión de Calidad Ambiental de Texas (TCEQ, por sus siglas en inglés) por una enmienda de permiso para autorizar la ampliación del horario de aceptación de residuos a las 5:00 a 19:00 horas, de lunes a viernes, y a las 6:00 a 17:00 horas los sábados, y del horario de funcionamiento a las 5:00 a 21:00 horas, de lunes a viernes, y a las 6:00 a 18:00 horas los sábados. La instalación está ubicada en 5200 N US Highway 183 (NB), Lockhart 78644 en el Condado de Caldwell, Texas. La TCEQ recibió esta solicitud el 22 de diciembre de 2021. El enlace a continuación a un mapa electrónico de la ubicación general del sitio o de la instalación es proporcionado como una cortesía y no es parte de la solicitud o del aviso: <https://arcgis/1WrL4G1>. Para la ubicación exacta, consulte la solicitud.

El Director Ejecutivo de la TCEQ ha completado el examen técnico de la solicitud y ha preparado un borrador de un documento de enmienda de alcance limitado. El borrador de la enmienda de alcance limitado, si es aprobado, establecería las condiciones bajo las cuales la instalación debe operar. El Director Ejecutivo ha tomado una decisión preliminar que esta enmienda de permiso, si es emitida, cumple con todos los requisitos legales y normativos. La solicitud para enmienda del permiso, la decisión preliminar del Director Ejecutivo y el borrador del documento de la enmienda de alcance limitado están disponibles para examinar y copiar en Dr. Eugene Clark Biblioteca, 217 S. Main Street, Lockhart, Texas. La solicitud de permiso se puede ver en línea en <https://www.biggsandmathews.com/on-line-documents/permits-v2/category/7-130-environmental-park>.

Comentario Público/Reunión Pública. Usted puede presentar comentarios públicos o solicitar una reunión pública sobre esta solicitud. El propósito de una reunión pública es dar la oportunidad de presentar comentarios o hacer preguntas acerca de la solicitud. La TCEQ realiza una reunión pública si el Director Ejecutivo determina que hay un suficiente grado de interés público en la solicitud, o si un legislador local lo pide. Una reunión pública no es una audiencia de caso impugnado.

Oportunidad de una Audiencia de Caso Impugnado. Después del plazo para presentar comentarios públicos, el Director Ejecutivo considerará todos los comentarios oportunos y preparará una respuesta a todo los comentarios públicos pertinentes y materiales, o significativos. **A menos que la solicitud haya sido remitida directamente para una audiencia de caso impugnado, la respuesta a los comentarios y la decisión del Director Ejecutivo será enviada por correo a todos los que hayan presentado comentario público y a las personas que estén en la lista de correo sobre esta solicitud. Si se han recibido comentarios, el aviso también proveerá instrucciones para solicitar una audiencia de caso impugnado o una reconsideración de la decisión del Director Ejecutivo. Una persona que puede ser afectada**

por la instalación propuesta tiene el derecho a solicitar de la TCEQ una audiencia de caso impugnado. Una audiencia de caso impugnado es un procedimiento legal similar a un juicio civil en un tribunal de distrito del estado.

Para Solicitar una Audiencia de Caso Impugnado, Usted Debe Incluir en su Solicitud los Sigüientes Datos: Su nombre, dirección y número de teléfono; el nombre del solicitante y número del permiso; la ubicación y la distancia de su propiedad/actividades con respecto a la instalación; una descripción específica de cómo sería usted afectado negativamente por la instalación en una manera no común al público en general; una lista de todas las cuestiones de hecho en disputa que usted presente durante el período de comentarios; y la declaración "[Yo/nosotros] solicito/solicitamos una audiencia de caso impugnado." Si presenta la petición para una audiencia de caso impugnado de parte de un grupo o asociación, debe identificar una persona que representa al grupo para recibir correspondencia en el futuro; identificar el nombre y la dirección física de un miembro del grupo que sería afectado adversamente por la planta o la actividad propuesta; proveer la información indicada anteriormente con respecto a la ubicación del miembro afectado y su distancia de la planta o actividad propuesta; explicar cómo y porqué el miembro sería afectado; y explicar cómo los intereses que el grupo desea proteger son pertinentes al propósito del grupo.

Después del cierre de todos los períodos de comentarios y de petición que aplican, el Director Ejecutivo enviará la solicitud y cualquier petición para reconsideración o para una audiencia de caso impugnado a los Comisionados de la TCEQ para su consideración durante una reunión programada de la Comisión. La Comisión sólo puede conceder una solicitud de una audiencia de caso impugnado sobre los temas que el solicitante haya presentado en sus comentarios oportunos que no fueron retirados posteriormente.

Si se concede una audiencia, el tema de la audiencia estará limitado a cuestiones de hecho en disputa o cuestiones mixtas de hecho y de derecho que son pertinentes y materiales a la decisión de la Comisión sobre la solicitud que se hayan presentado durante el período de comentarios.

Acción del Director Ejecutivo. El Director Ejecutivo puede emitir una aprobación final de la solicitud a menos que se haya presentado a tiempo una petición para una audiencia de caso impugnado o una petición para reconsideración. Si se ha presentado a tiempo una petición de audiencia o una petición de reconsideración, el Director Ejecutivo no emitirá una aprobación final sobre la enmienda de alcance limitado y enviará la solicitud y la petición a los Comisionados de la TCEQ para su consideración durante una reunión programada de la Comisión.

Lista de Correo. Si presenta comentarios públicos, una petición para una audiencia de caso impugnado o una petición para reconsideración de la decisión del Director Ejecutivo, añadiremos su nombre a la lista de correo para esta solicitud para recibir futuros avisos públicos enviados por la Oficina del Secretario Oficial. Además, puede pedir que la TCEQ ponga su nombre en (1) la lista de correo permanente para un específico nombre de solicitante y número de permiso y/o (2) la lista de correo para un condado específico. Para ser añadido a una lista de correo permanente y/o una de condado, especifique claramente cuál/cuáles lista(s) y envíe su petición por correo a la Oficina del Secretario Oficial de la TCEQ.

Información Disponible en Línea. Para detalles sobre el estado de la solicitud, visite la Base de Datos Integrada de los Comisionados (CID, por sus siglas en inglés) al www.tceq.texas.gov/goto/cid. Una vez que haya obtenido acceso al CID usando el enlace de arriba, rellene el número de permiso de esta solicitud, la cual está proporcionada al inicio de este aviso.

Comunicación y Transferencia de Información a la Agencia. Todos los comentarios públicos y las peticiones deberán presentarse durante los 30 días a partir de la publicación en periódico de este aviso o electrónicamente en www14.tceq.texas.gov/epic/eComment/ o por escrito a la TCEQ, Oficina del Secretario Oficial, MC 105, P.O. Box 13087, Austin, TX 78711-3087. Tenga en cuenta que cualquier información personal que usted proporcione, incluyendo su nombre, número de teléfono, dirección de correo electrónico y dirección física pasarán a formar parte del registro público de la Agencia. Para obtener más información acerca de esta solicitud de permiso o el proceso de permisos, llame al programa de educación pública de la TCEQ, gratis, al 1-800-687-4040 o visite su sitio de la red al www.tceq.texas.gov/goto/pep. Si desea información en español, puede llamar al 1-800-687-4040.

Solicitud y Decisión Preliminar. 130 Environmental Park LLC, 5200 N. US Highway 183 (NB), Lockhart, TX 78644 ha solicitado a la Comisión de Calidad Ambiental de Texas (TCEQ, por sus siglas en inglés) por una enmienda de permiso para autorizar la ampliación del horario de funcionamiento y aceptación de residuos a 24 horas al día, siete días a la semana. La instalación está ubicada en 5200 N US Highway 183 (NB), Lockhart 78644 en el Condado de Caldwell, Texas. La TCEQ recibió esta solicitud el 22 Diciembre de 2021. El borrador de la enmienda de alcance limitado, si es aprobado, establecería las condiciones bajo las cuales la instalación debe operar. El Director Ejecutivo ha tomado una decisión preliminar que esta enmienda de permiso, si es emitida, cumple con todos los requisitos legales y normativos. La solicitud para enmienda del permiso, la decisión preliminar del Director Ejecutivo y el borrador del documento de la enmienda de alcance limitado están disponibles para examinar y copiar en Dr. Eugene Clark Biblioteca, 217 S. Comentario Público/Reunión Pública. Usted puede presentar comentarios públicos o solicitar una reunión pública sobre esta solicitud. El propósito de una reunión pública es dar la oportunidad de presentar comentarios o hacer preguntas acerca de la solicitud. La TCEQ realiza una reunión pública si el Director Ejecutivo determina que hay un suficiente grado de interés público en la solicitud, o si un legislador local lo pide. Una reunión pública no es una audiencia de caso impugnado.

Oportunidad de una Audiencia de Caso Impugnado. Después del plazo para presentar comentarios públicos, el Director Ejecutivo considerará todos los comentarios oportunos y preparará una respuesta a todo los comentarios públicos pertinentes y materiales, o significativos. **A menos que la solicitud haya sido remitida directamente para una audiencia de caso impugnado, la respuesta a los comentarios y la decisión del Director Ejecutivo será enviada por correo a todos los que hayan presentado comentario público y a las personas que estén en la lista de correo sobre esta solicitud. Si se han recibido comentarios, el aviso también proveerá instrucciones para solicitar una audiencia de caso impugnado o una reconsideración de la decisión del Director Ejecutivo. Una persona que puede ser afectada por la instalación propuesta tiene el derecho a solicitar de la TCEQ una audiencia de caso**

impugnado. Una audiencia de caso impugnado es un procedimiento legal similar a un juicio civil en un tribunal de distrito del estado.

Para Solicitar una Audiencia de Caso Impugnado, Usted Debe Incluir en su Solicitud los Sigüientes Datos: Su nombre, dirección y número de teléfono; el nombre del solicitante y número del permiso; la ubicación y la distancia de su propiedad/actividades con respecto a la instalación; una descripción específica de cómo sería usted afectado negativamente por la instalación en una manera no común al público en general; una lista de todas las cuestiones de hecho en disputa que usted presente durante el período de comentarios; y la declaración "[Yo/nosotros] solicito/solicitamos una audiencia de caso impugnado." Si presenta la petición para una audiencia de caso impugnado de parte de un grupo o asociación, debe identificar una persona que representa al grupo para recibir correspondencia en el futuro; identificar el nombre y la dirección física de un miembro del grupo que sería afectado adversamente por la planta o la actividad propuesta; proveer la información indicada anteriormente con respecto a la ubicación del miembro afectado y su distancia de la planta o actividad propuesta; explicar cómo y porqué el miembro sería afectado; y explicar cómo los intereses que el grupo desea proteger son pertinentes al propósito del grupo.

Después del cierre de todos los períodos de comentarios y de petición que aplican, el Director Ejecutivo enviará la solicitud y cualquier petición para reconsideración o para una audiencia de caso impugnado a los Comisionados de la TCEQ para su consideración durante una reunión programada de la Comisión. La Comisión sólo puede conceder una solicitud de una audiencia de caso impugnado sobre los temas que el solicitante haya presentado en sus comentarios oportunos que no fueron retirados posteriormente.

Si se concede una audiencia, el tema de la audiencia estará limitado a cuestiones de hecho en disputa o cuestiones mixtas de hecho y de derecho que son pertinentes y materiales a la decisión de la Comisión sobre la solicitud que se hayan presentado durante el período de comentarios.

Acción del Director Ejecutivo. El Director Ejecutivo puede emitir una aprobación final de la solicitud a menos que se haya presentado a tiempo una petición para una audiencia de caso impugnado o una petición para reconsideración. Si se ha presentado a tiempo una petición de audiencia o una petición de reconsideración, el Director Ejecutivo no emitirá una aprobación final sobre la enmienda de alcance limitado y enviará la solicitud y la petición a los Comisionados de la TCEQ para su consideración durante una reunión programada de la Comisión.

Lista de Correo. Si presenta comentarios públicos, una petición para una audiencia de caso impugnado o una petición para reconsideración de la decisión del Director Ejecutivo, añadiremos su nombre a la lista de correo para esta solicitud para recibir futuros avisos públicos enviados por la Oficina del Secretario Oficial. Texas Commission on Environmental Quality

Notice of Application and Preliminary Decision for Municipal Solid Waste Permit Amendment

Proposed Limited-Scope Amendment to Permit No. 2383

Application and Preliminary Decision. 130 Environmental Park LLC, 5200 N. US Highway 183 (NB), Lockhart, TX 78644 has applied to the Texas Commission on Environmental Quality (TCEQ) for a permit amendment to authorize the expansion of operating and waste acceptance hours to 24 hours per day, seven days per week. The facility is located at 5200 N US Highway 183 (NB), Lockhart 78644 in Caldwell County, Texas. The TCEQ received this application on December 22, 2021. The following link to an electronic map of the site or facility's general location is provided as a public courtesy and is not part of the application or notice: <https://arcg.is/1WrL4G1>. For exact location, refer to application.

The TCEQ Executive Director has completed the technical review of the application and prepared a draft limited-scope amendment document. The draft limited-scope amendment, if approved, would establish the conditions under which the facility must operate. The Executive Director has made a preliminary decision that this permit amendment, if issued, meets all statutory and regulatory requirements. The permit amendment application, Executive Director's preliminary decision, and draft limited-scope amendment document are available for viewing and copying at Dr. Eugene Clark Library, 217 S. Main Street, Lockhart, Texas. The permit application may be viewed online at <https://www.biggsandmathews.com/on-line-documents/permits-v2/category/7-130-environmental-park>.

Public Comment/Public Meeting. You may submit public comments or request a public meeting about this application. The purpose of a public meeting is to provide the opportunity to submit comments or to ask questions about the application. TCEQ holds a public meeting if the Executive Director determines that there is a significant degree of public interest in the application or if requested by a local legislator. A public meeting is not a contested case hearing.

Opportunity for a Contested Case Hearing. After the deadline for submitting public comments, the Executive Director will consider all timely comments and prepare a response to all relevant and material, or significant public comments. **Unless the application is directly referred for a contested case hearing, the response to comments and the Executive Director's decision on the application will be mailed to everyone who submitted public comments and to those persons who are on the mailing list for this application. If comments are received, the mailing will also provide instructions for requesting a contested case hearing or reconsideration of the Executive Director's decision. A person who may be affected by the proposed facility is entitled to request a contested case hearing from the commission.** A contested case hearing is a legal proceeding similar to a civil trial in a state district court.

To Request a Contested Case Hearing, You Must Include The Following Items in Your Request: your name, address, phone; applicant's name and permit number; the location and distance of your property/activities relative to the facility; a specific description of how you would be adversely affected by the facility in a way not common to the general public; a list of all disputed issues of fact that you submit during the comment period; and the statement "[I/we] request a contested case hearing." If the request for contested case hearing is filed on behalf of a group or association, the request must designate the group's representative for receiving future correspondence; identify by name and physical address an individual member of the group who would be adversely affected by the facility or activity; provide the information discussed above regarding the affected member's location and distance from the facility or activity; explain how and why the member would be affected; and explain how the interests the group seeks to protect are relevant to the group's purpose.

Following the close of all applicable comment and request periods, the Executive Director will forward the application and any requests for reconsideration or for a contested case hearing to the TCEQ Commissioners for their consideration at a scheduled Commission meeting. The Commission may only grant a request for a contested case hearing on issues the requestor submitted in their timely comments that were not subsequently withdrawn.

If a hearing is granted, the subject of a hearing will be limited to disputed issues of fact or mixed questions of fact and law that are relevant and material to the Commission's decision on the application submitted during the comment period.

Executive Director Action. The Executive Director may issue final approval of the application unless a timely contested case hearing request or request for reconsideration is filed. If a timely hearing request or request for reconsideration is filed, the Executive Director will not issue final approval of the limited-scope amendment and will forward the application and request to the TCEQ Commissioners for their consideration at a scheduled Commission meeting.

Mailing List. If you submit public comments, a request for a contested case hearing, or a reconsideration of the Executive Director's decision, you will be added to the mailing list for this application to receive future public notices mailed by the Office of the Chief Clerk. In addition, you may request to be placed on: (1) the permanent mailing list for a specific applicant name and permit number; and/or (2) the mailing list for a specific county. To be placed on the permanent and/or the county mailing list, clearly specify which list(s) and send your request to TCEQ Office of the Chief Clerk at the address below.

Information Available Online. For details about the status of the application, visit the Commissioners' Integrated Database (CID) at <www.tceq.texas.gov/goto/cid>. Once you have access to the CID using the above link, enter the permit number for this application, which is provided at the top of this notice.

Agency Contacts and Information. All public comments and requests must be submitted within 30 days from the date of newspaper publication of this notice either electronically at <www14.tceq.texas.gov/epic/eComment/> or in writing to the Texas Commission on Environmental Quality, Office of the Chief Clerk, MC-105, P.O. Box 13087, Austin, Texas 78711-3087. Please be aware that any contact information you provide, including your name, phone number, email address and physical address will become part of the agency's public record. For more information about this permit amendment application or the permitting process, please call the TCEQ's Public Education Program, Toll Free, at 800-687-4040 or visit their website at <www.tceq.texas.gov/goto/pep>. Public Comment/Public Meeting. You may submit public comments or request a public meeting about this application. The purpose of a public meeting is to provide the opportunity to submit comments or to ask questions about the application. TCEQ holds a public meeting if the Executive Director determines that there is a significant degree of public interest in the application or if requested by a local legislator. A public meeting is not a contested case hearing.

Opportunity for a Contested Case Hearing. After the deadline for submitting

public comments, the Executive Director will consider all timely comments and prepare a response to all relevant and material, or significant public comments. Unless the application is directly referred for a contested case hearing, the response to comments and the Executive Director's decision on the application will be mailed to everyone who submitted public comments and to those persons who are on the mailing list for this application. If comments are received, the mailing will also provide instructions for requesting a contested case hearing or reconsideration of the Executive Director's decision. A person who may be affected by the proposed facility is entitled to request a contested case hearing from the commission. A contested case hearing is a legal proceeding similar to a civil trial in a state district court.

To Request a Contested Case Hearing, You Must Include The Following Items in Your Request: your name, address, phone; applicant's name and permit number; the location and distance of your property/activities relative to the facility; a specific description of how you would be adversely affected by the facility in a way not common to the general public; a list of all disputed issues of fact that you submit during the comment period; and the statement "[I/we] request a contested case hearing." If the request for contested case hearing is filed on behalf of a group or association, the request must designate the group's representative for receiving future correspondence; identify by name and physical address an individual member of the group who would be adversely affected by the facility or activity; provide the information discussed above regarding the affected member's location and distance from the facility or activity; explain how and why the member would be affected; and explain how the interests the group seeks to protect are relevant to the group's purpose.

Following the close of all applicable comment and request periods, the Executive Director will forward the application and any requests for reconsideration or for a contested case hearing to the TCEQ Commissioners for their consideration at a scheduled Commission meeting. The Commission may only grant a request for a contested case hearing on issues the requestor submitted in their timely comments that were not subsequently withdrawn.

If a hearing is granted, the subject of a hearing will be limited to disputed issues of fact or mixed questions of fact and law that are relevant and material to the Commission's decision on the application submitted during the comment period.

Executive Director Action. The Executive Director may issue final approval of the application unless a timely

contested case hearing request or request for reconsideration is filed. If a timely hearing request or request for reconsideration is filed, the Executive Director will not issue final approval of the limited-scope amendment and will forward the application and request to the TCEQ Commissioners for their consideration at a scheduled Commission meeting.

Mailing List. If you submit public comments, a request for a contested case hearing, or a reconsideration of the Executive Director's decision, you will be added to the mailing list for this application to receive future public notices mailed by the Office of the Chief Clerk. Public Notices

Application and Preliminary Decision. 130 Environmental Park LLC, 5200 N. US Highway 183 (NB), Lockhart, TX 78644 has applied to the Texas Commission on Environmental Quality (TCEQ) for a permit amendment to authorize the expansion of operating and waste acceptance hours to 24 hours per day, seven days per week. The facility is located at 5200 N US Highway 183 (NB), Lockhart 78644 in Caldwell County, Texas. The TCEQ received this application on December 22, 2021. The following link to an electronic map of the site or facility's general location is provided as a public courtesy and is not part of the application or notice: <https://arcg.is/1WrL4G1>. For exact location, refer to application.

The TCEQ Executive Director has completed the technical review of the application and prepared a draft limited-scope amendment document. The draft limited-scope amendment, if approved, would establish the conditions under which the facility must operate. The Executive Director has made a preliminary decision that this permit amendment, if issued, meets all statutory and regulatory requirements. The permit amendment application, Executive Director's preliminary decision, and draft limited-scope amendment document are available for viewing and copying at Dr. Eugene Clark Library, 217 S. Main Street, Lockhart, Texas. The permit application may be viewed online at <https://www.biggsandmathe ws.com/on-line-documents /permits-v2/category/7-130-environmental-park>.

Public Comment/Public Meeting. You may submit public comments or request a public meeting about this application. The purpose of a public meeting is to provide the opportunity to submit comments or to ask questions about the application. TCEQ holds a public meeting if the Executive Director determines that there is a significant degree of public interest in the application or if requested by a local legislator. A public meeting is not a contested case hearing.

Opportunity for a Contested Case Hearing. After the deadline for submitting public comments, the Executive Director will consider all timely comments and prepare a response to all relevant and material, or significant public comments. Unless the application is directly referred for a contested case hearing, the response to comments and the Executive Director's decision on the application will be mailed to everyone who submitted public comments and to those

persons who are on the mailing list for this application. If comments are received, the mailing will also provide instructions for requesting a contested case hearing or reconsideration of the Executive Director's decision. A person who may be affected by the proposed facility is entitled to request a contested case hearing from the commission. A contested case hearing is a legal proceeding similar to a civil trial in a state district court.

To Request a Contested Case Hearing, You Must Include The Following Items in Your Request: your name, address, phone; applicant's name and permit number; the location and distance of your property/activities relative to the facility; a specific description of how you would be adversely affected by the facility in a way not common to the general public; a list of all disputed issues of fact that you submit during the comment period; and the statement "[I/we] request a contested case hearing." If the request for contested case hearing is filed on behalf of a group or association, the request must designate the group's representative for receiving future correspondence; identify by name and physical address an individual member of the group who would be adversely affected by the facility or activity; provide the information discussed above regarding the affected member's location and distance from the facility or activity; explain how and why the member would be affected; and explain how the interests the group seeks to protect are relevant to the group's purpose.

Following the close of all applicable comment and request periods, the Executive Director will forward the application and any requests for reconsideration or for a contested case hearing to the TCEQ Commissioners for their consideration at a scheduled Commission meeting. The Commission may only grant a request for a contested case hearing on issues the requestor submitted in their timely comments that were not subsequently withdrawn.

If a hearing is granted, the subject of a hearing will be limited to disputed issues of fact or mixed questions of fact and law that are relevant and material to the Commission's decision on the application submitted during the comment period.

Executive Director Action. The Executive Director may issue final approval of the application unless a timely contested case hearing request or request for reconsideration is filed. If a timely

hearing request or request for reconsideration is filed, the Executive Director will not issue final approval of the limited-scope amendment and will forward the application and request to the TCEQ Commissioners for their consideration at a scheduled Commission meeting.

Mailing List. Lockhart Fire & Rescue, Dale VFD among those getting LCRA grants

LCRA
AUSTIN – The Lower Colorado River Authority recently awarded more than \$815,000 in Community Development Partnership Program grants for a wide range of projects across LCRA's wholesale electric, water and transmission service areas.

The grants will help fund 36 community projects, including new firetrucks in Lee and Tom Green counties, a new trailhead and outdoor classroom in Early, renovations to a decades-old kitchenette at the Columbus public library and a new splash pad at Lavaca Swimming Pool in Hallettsville.

LCRA General Manager Phil Wilson said the grants help support important community projects that otherwise may not be funded.

"These projects contribute to the health, safety and development of local communities," Wilson said. "Whether it's providing new rescue equipment for first responders or replacing an outdated playscape at a community park, these projects help improve lives and support communities across the LCRA service territory."

Fifteen projects will support first responders by providing personal protective equipment, emergency vehicles and additional critical resources such as rescue tools and transport ventilators.

"First responders need protective gear, reliable equipment and fully functional vehicles ready to go at a moment's notice, and LCRA is proud to assist," Wilson said. "These grants will help first responders act quickly and operate

safely as they work to protect their communities."

To date, LCRA has awarded 1,888 community grants totaling more than \$48.7 million. When combined with almost \$230 million in community-raised matching funds, the program has invested more than \$278 million in local communities.

Among the 36 grants awarded in the most recent grant cycle include: **BASTROP:** A \$15,900 grant from LCRA and Bluebonnet Electric Cooperative to Bastrop County First Responders for two new heart monitors to improve emergency care for cardiac patients.

BASTROP: A \$19,429 grant from LCRA and Bluebonnet Electric Cooperative to Heart of the Pines Volunteer Fire Department for a dozen sets of new personal protective equipment and a fire-rescue saw.

DALE: A \$16,476 grant from LCRA and Bluebonnet Electric Cooperative to the Dale Volunteer Fire Department in Caldwell County for new battery-operated rescue tools.

LOCKHART: A \$6,649 grant from LCRA to the City of Lockhart for personal protective equipment and emergency gear for Lockhart Fire Rescue.

CDPP grants are awarded twice a year for capital projects for volunteer fire departments, emergency responders, cities and counties, schools, libraries, civic groups, museums, and other tax-exempt non-profit organizations. Applications for the next round of grants will be available at lra.org/cdpp on July 1 and are due by midnight on July 31.

Notice of Application and Preliminary Decision for Municipal Solid Waste Permit Amendment

Proposed Limited-Scope Amendment to Permit No. 2383

Application and Preliminary Decision. 130 Environmental Park LLC, 5200 N. US Highway 183 (NB), Lockhart, TX 78644 has applied to the Texas Commission on Environmental Quality (TCEQ) for a permit amendment to authorize the expansion of operating and waste acceptance hours to 24 hours per day, seven days per week. The facility is located at 5200 N US Highway 183 (NB), Lockhart 78644 in Caldwell County, Texas. The TCEQ received this application on December 22, 2021. The following link to an electronic map of the site or facility's general location is provided as a public courtesy and is not part of the application or notice: <https://arcgis/1WrL4G1>. For exact location, refer to application.

The TCEQ Executive Director has completed the technical review of the application and prepared a draft limited-scope amendment document. The draft limited-scope amendment, if approved, would establish the conditions under which the facility must operate. The Executive Director has made a preliminary decision that this permit amendment, if issued, meets all statutory and regulatory requirements. The permit amendment application, Executive Director's preliminary decision, and draft limited-scope amendment document are available for viewing and copying at Dr. Eugene Clark Library, 217 S. Main Street, Lockhart, Texas. The permit application may be viewed online at <https://www.biggsandmathews.com/on-line-documents/permits-v2/category/7-130-environmental-park>.

Public Comment/Public Meeting. You may submit public comments or request a public meeting about this application. The purpose of a public meeting is to provide the opportunity to submit comments or to ask questions about the application. TCEQ holds a public meeting if the Executive Director determines that there is a significant degree of public interest in the application or if requested by a local legislator. A public meeting is not a contested case hearing.

Opportunity for a Contested Case Hearing. After the deadline for submitting public comments, the Executive Director will consider all timely comments and prepare a response to all relevant and material, or significant public comments. **Unless the application is directly referred for a contested case hearing, the response to comments and the Executive Director's decision on the application will be mailed to everyone who submitted public comments and to those persons who are on the mailing list for this application. If comments are received, the mailing will also provide instructions for requesting a contested case hearing or reconsideration of the Executive Director's decision. A person who may be affected by the proposed facility is entitled to request a contested case hearing from the commission.** A contested case hearing is a legal proceeding similar to a civil trial in a state district court.

To Request a Contested Case Hearing, You Must Include The Following Items in Your Request: your name, address, phone; applicant's name and permit number; the location and distance of your property/activities relative to the facility; a specific description of how you would be adversely affected by the facility in a way not common to the general public; a list of all disputed issues of fact that you submit during the comment period; and the statement "[I/we] request a contested case hearing." If the request for contested case hearing is filed on behalf of a group or association, the request must designate the group's representative for receiving future correspondence; identify by name and physical address an individual member of the group who would be adversely affected by the facility or activity; provide the information discussed above regarding the affected member's location and distance from the facility or activity; explain how and why the member would be affected; and explain how the interests the group seeks to protect are relevant to the group's purpose.

Following the close of all applicable comment and request periods, the Executive Director will forward the application and any requests for reconsideration or for a contested case hearing to the TCEQ Commissioners for their consideration at a scheduled Commission meeting. The Commission may only grant a request for a contested case hearing on issues the requestor submitted in their timely comments that were not subsequently withdrawn.

If a hearing is granted, the subject of a hearing will be limited to disputed issues of fact or mixed questions of fact and law that are relevant and material to the Commission's decision on the application submitted during the comment period.

Executive Director Action. The Executive Director may issue final approval of the application unless a timely contested case hearing request or request for reconsideration is filed. If a timely hearing request or request for reconsideration is filed, the Executive Director will not issue final approval of the limited-scope amendment and will forward the application and request to the TCEQ Commissioners for their consideration at a scheduled Commission meeting.

Mailing List. If you submit public comments, a request for a contested case hearing, or a reconsideration of the Executive Director's decision, you will be added to the mailing list for this application to receive future public notices mailed by the Office of the Chief Clerk. In addition, you may request to be placed on: (1) the permanent mailing list for a specific applicant name and permit number; and/or (2) the mailing list for a specific county. To be placed on the permanent and/or the county mailing list, clearly specify which list(s) and send your request to TCEQ Office of the Chief Clerk at the address below.

Once you have access to the CID using the above link, enter the permit number for this application, which is provided at the top of this notice.

Agency Contacts and Information. All public comments and requests must be submitted within 30 days from the date of newspaper publication of this notice either electronically at <www14.tceq.texas.gov/epic/eComment/> or in writing to the Texas Commission on Environmental Quality, Office of the Chief Clerk, MC-105, P.O. The TCEQ Executive Director has completed the technical review of the application and prepared a draft limited-scope amendment document. The draft limited-scope amendment, if approved, would establish the conditions under which the facility must operate. The Executive Director has made a preliminary decision that this permit amendment, if issued, meets all statutory and regulatory requirements. The permit amendment application, Executive Director's preliminary decision, and draft limited-scope amendment document are available for viewing and copying at Dr. Eugene Clark Library, 217 S. TCEQ holds a public meeting if the Executive Director determines that there is a significant degree of public interest in the application or if requested by a local legislator. A public meeting is not a contested case hearing.

Opportunity for a Contested Case Hearing. After the deadline for submitting public comments, the Executive Director will consider all timely comments and prepare a response to all relevant and material, or significant public comments. **Unless the application is directly referred for a contested case hearing, the response to comments and the Executive Director's decision on the application will be mailed to everyone who submitted public comments and to those persons who are on the mailing list for this application. Following the close of all applicable comment and request periods, the Executive Director will forward the application and any requests for reconsideration or for a contested case hearing to the TCEQ Commissioners for their consideration at a scheduled Commission meeting. The Commission may only grant a request for a contested case hearing on issues the requestor submitted in their timely comments that were not subsequently withdrawn.

If a hearing is granted, the subject of a hearing will be limited to disputed issues of fact or mixed questions of fact and law that are relevant and material to the Commission's decision on the application submitted during the comment period.

Executive Director Action. The Executive Director may issue final approval of the application unless a timely contested case hearing request or request for reconsideration is filed. If a timely hearing request or request for reconsideration is filed, the Executive Director will not issue final approval of the limited-scope amendment and will forward the application and request to the TCEQ Commissioners for their consideration at a scheduled Commission meeting.

Lockhart Fire & Rescue, Dale VFD among those getting LCRA grants

LCRA
AUSTIN – The Lower Colorado River Authority recently awarded more than \$815,000 in Community Development Partnership Program grants for a wide range of projects across LCRA's wholesale electric, water and transmission service areas.

The grants will help fund 36 community projects, including new firetrucks in Lee and Tom Green counties, a new trailhead and outdoor classroom in Early, renovations to a decades-old kitchenette at the Columbus public library and a new splash pad at Lavaca Swimming Pool in Hallettsville.

LCRA General Manager Phil Wilson said the grants help support important community projects that otherwise may not be funded.

"These projects contribute to the health, safety and development of local communities," Wilson said. "Whether it's providing new rescue equipment for first responders or replacing an outdated playscape at a community park, these projects help improve lives and support communities across the LCRA service territory." Fifteen projects will support first responders by providing personal protective equipment, emergency vehicles and additional critical resources such as rescue tools and transport ventilators.

"First responders need protective gear, reliable equipment and fully functional vehicles ready to go at a moment's notice, and LCRA is proud to assist," Wilson said. "These grants will help first responders act quickly and operate

safely as they work to protect their communities."

To date, LCRA has awarded 1,888 community grants totaling more than \$48.7 million. When combined with almost \$230 million in community-raised matching funds, the program has invested more than \$278 million in local communities.

Among the 36 grants awarded in the most recent grant cycle include: BASTROP: A \$15,900 grant from LCRA and Bluebonnet Electric Cooperative to Bastrop County First Responders for two new heart monitors to improve emergency care for cardiac patients.

BASTROP: A \$19,429 grant from LCRA and Bluebonnet Electric Cooperative to Heart of the Pines Volunteer Fire Department for a dozen sets of new personal protective equipment and a fire-rescue saw.

DALE: A \$16,476 grant from LCRA and Bluebonnet Electric Cooperative to the Dale Volunteer Fire Department in Caldwell County for new battery-operated rescue tools.

LOCKHART: A \$6,649 grant from LCRA to the City of Lockhart for personal protective equipment gear for Lockhart Fire Rescue.

CDPI grants are awarded twice a year for capital projects for volunteer fire departments, emergency responders, cities and counties, schools, libraries, civic groups, museums, and other tax-exempt non-profit organizations. Applications for the next round of grants will be available at lra.org/cdpp on July 1 and are due by midnight on July 31.

La solicitud para enmienda del permiso, la decisión preliminar del Director Ejecutivo y el borrador del documento de la enmienda de alcance limitado están disponibles para examinar y copiar en Dr. Eugene Clark Biblioteca, 217 S. Comentario Público/Reunión Pública. Usted puede presentar comentarios públicos o solicitar una reunión pública sobre esta solicitud. El propósito de una reunión pública es dar la oportunidad de presentar comentarios o hacer preguntas acerca de la solicitud. La TCEQ realiza una reunión pública si el Director Ejecutivo determina que hay un suficiente grado de interés público en la solicitud, o si un legislador local lo pide. Una reunión pública no es una audiencia de caso impugnado.

Oportunidad de una Audiencia de Caso Impugnado. Después del plazo para presentar comentarios públicos, el Director Ejecutivo considerará todos los comentarios oportunos y preparará una respuesta a todo los comentarios públicos pertinentes y materiales, o significativos. A menos que la solicitud haya sido remitida directamente para una audiencia de caso impugnado, la respuesta a los comentarios y la decisión del Director Ejecutivo será enviada por correo a todos los que hayan presentado comentario público y a las personas que estén en la lista de correo sobre esta solicitud. Si se han recibido comentarios, el aviso también proveerá instrucciones para solicitar una audiencia de caso impugnado o una reconsideración de la decisión del Director Ejecutivo. Una persona que puede ser afectada por la instalación propuesta tiene el derecho a solicitar de la TCEQ una audiencia de caso

impugnado. Una audiencia de caso impugnado es un procedimiento legal similar a un juicio civil en un tribunal de distrito del estado.

Para Solicitar una Audiencia de Caso Impugnado, Usted Debe Incluir en su Solicitud los Sigüientes Datos: Su nombre, dirección y número de teléfono; el nombre del solicitante y número del permiso; la ubicación y la distancia de su propiedad/actividades con respecto a la instalación; una descripción específica de cómo sería usted afectado negativamente por la instalación en una manera no común al público en general; una lista de todas las cuestiones de hecho en disputa que usted presente durante el período de comentarios; y la declaración "[Yo/nosotros] solicito/solicitamos una audiencia de caso impugnado." Si presenta la petición para una audiencia de caso impugnado de parte de un grupo o asociación, debe identificar una persona que representa al grupo para recibir correspondencia en el futuro; identificar el nombre y la dirección física de un miembro del grupo que sería afectado adversamente por la planta o la actividad propuesta; proveer la información indicada anteriormente con respecto a la ubicación del miembro afectado y su distancia de la planta o actividad propuesta; explicar cómo y porqué el miembro sería afectado; y explicar cómo los intereses que el grupo desea proteger son pertinentes al propósito del grupo.

Después del cierre de todos los períodos de comentarios y de petición que aplican, el Director Ejecutivo enviará la solicitud y cualquier petición para reconsideración o para una audiencia de caso impugnado a los Comisionados de la TCEQ para su consideración durante una reunión programada de la Comisión. La Comisión sólo puede conceder una solicitud de una audiencia de caso impugnado sobre los temas que el solicitante haya presentado en sus comentarios oportunos que no fueron retirados posteriormente.

Si se concede una audiencia, el tema de la audiencia estará limitado a cuestiones de hecho en disputa o cuestiones mixtas de hecho y de derecho que son pertinentes y materiales a la decisión de la Comisión sobre la solicitud que se hayan presentado durante el período de comentarios.

Acción del Director Ejecutivo. El Director Ejecutivo puede emitir una aprobación final de la solicitud a menos que se haya presentado a tiempo una petición para una audiencia de caso impugnado o una petición para reconsideración. Si se ha presentado a tiempo una petición de audiencia o una petición de reconsideración, el Director Ejecutivo no emitirá una aprobación final sobre la enmienda de alcance limitado y enviará la solicitud y la petición a los Comisionados de la TCEQ para su consideración durante una reunión programada de la Comisión.

Lista de Correo. Si presenta comentarios públicos, una petición para una audiencia de caso impugnado o una petición para reconsideración de la decisión del Director Ejecutivo, añadiremos su nombre a la lista de correo para esta solicitud para recibir futuros avisos públicos enviados por la Oficina del Secretario Oficial. Además, puede pedir que la TCEQ ponga su nombre en (1) la lista de correo permanente para un específico nombre de solicitante y número de permiso y/o (2) la lista de correo para un condado específico. Para ser añadido a una lista de correo permanente y/o una de condado, especifique claramente cuál/cuáles lista(s) y envíe su petición por correo a la Oficina del Secretario Oficial de la TCEQ.

Opportunity for a Contested Case Hearing. After the deadline for submitting public comments, the Executive Director will consider all timely comments and prepare a response to all relevant and material, or significant public comments. Unless the application is directly referred for a contested case hearing, the response to comments and the Executive Director's decision on the application will be mailed to everyone who submitted public comments and to those persons who are on the mailing list for this application. Following the close of all applicable comment and request periods, the Executive Director will forward the application and any requests for reconsideration or for a contested case hearing to the TCEQ Commissioners for their consideration at a scheduled Commission meeting. The Commission may only grant a request for a contested case hearing on issues the requestor submitted in their timely comments that were not subsequently withdrawn.

If a hearing is granted, the subject of a hearing will be limited to disputed issues of fact or mixed questions of fact and law that are relevant and material to the Commission's decision on the application submitted during the comment period.

Executive Director Action. The Executive Director may issue final approval of the application unless a timely contested case hearing request or request for reconsideration is filed. If a timely hearing request or request for reconsideration is filed, the Executive Director will not issue final approval of the limited-scope amendment and will forward the application and request to the TCEQ Commissioners for their consideration at a scheduled Commission meeting.

Lockhart Fire & Rescue, Dale VFD among those getting LCRA grants

LCRA
AUSTIN – The Lower Colorado River Authority recently awarded more than \$815,000 in Community Development Partnership Program grants for a wide range of projects across LCRA's wholesale electric, water and transmission service areas.

The grants will help fund 36 community projects, including new firetrucks in Lee and Tom Green counties, a new trailhead and outdoor classroom in Early, renovations to a decades-old kitchenette at the Columbus public library and a new splash pad at Lavaca Swimming Pool in Hallettsville.

LCRA General Manager Phil Wilson said the grants help support important community projects that otherwise may not be funded.

"These projects contribute to the health, safety and development of local communities," Wilson said. "Whether it's providing new rescue equipment for first responders or replacing an outdated playscape at a community park, these projects help improve lives and support communities across the LCRA service territory."

Fifteen projects will support first responders by providing personal protective equipment, emergency vehicles and additional critical resources such as rescue tools and transport ventilators.

"First responders need protective gear, reliable equipment and fully functional vehicles ready to go at a moment's notice, and LCRA is proud to assist," Wilson said. "These grants will help first responders act quickly and operate

safely as they work to protect their communities."

To date, LCRA has awarded 1,888 community grants totaling more than \$48.7 million. When combined with almost \$230 million in community-raised matching funds, the program has invested more than \$278 million in local communities.

Among the 36 grants awarded in the most recent grant cycle include: BASTROP: A \$15,900 grant from LCRA and Bluebonnet Electric Cooperative to Bastrop County First Responders for two new heart monitors to improve emergency care for cardiac patients.

BASTROP: A \$19,429 grant from LCRA and Bluebonnet Electric Cooperative to Heart of the Pines Volunteer Fire Department for a dozen sets of new personal protective equipment and a fire-rescue saw.

Texas Commission on Environmental Quality

Notice of Application and Preliminary Decision for Municipal Solid Waste Permit Amendment

Proposed Limited-Scope Amendment to Permit No. 2383

Application and Preliminary Decision. 130 Environmental Park LLC, 5200 N. US Highway 183 (NB), Lockhart, TX 78644 has applied to the Texas Commission on Environmental Quality (TCEQ) for a permit amendment to authorize the expansion of operating and waste acceptance hours to 24 hours per day, seven days per week. The facility is located at 5200 N US Highway 183 (NB), Lockhart 78644 in Caldwell County, Texas. The TCEQ received this application on December 22, 2021. The following link to an electronic map of the site or facility's general location is provided as a public courtesy and is not part of the application or notice: <https://arcg.is/1WrL4G1>. For exact location, refer to application.

The TCEQ Executive Director has completed the technical review of the application and prepared a draft limited-scope amendment document. The draft limited-scope amendment, if approved, would establish the conditions under which the facility must operate. The Executive Director has made a preliminary decision that this permit amendment, if issued, meets all statutory and regulatory requirements. The permit amendment application, Executive Director's preliminary decision, and draft limited-scope amendment document are available for viewing and copying at Dr. Eugene Clark Library, 217 S. Main Street, Lockhart, Texas. The permit application may be viewed online at <https://www.biggsandmathews.com/on-line-documents/permits-v2/category/7-130-environmental-park>.

Public Comment/Public Meeting. You may submit public comments or request a public meeting about this application. The purpose of a public meeting is to provide the opportunity to submit comments or to ask questions about the application. TCEQ holds a public meeting if the Executive Director determines that there is a significant degree of public interest in the application or if requested by a local legislator. A public meeting is not a contested case hearing.

Opportunity for a Contested Case Hearing. After the deadline for submitting public comments, the Executive Director will consider all timely comments and prepare a response to all relevant and material, or significant public comments. **Unless the application is directly referred for a contested case hearing, the response to comments and the Executive Director's decision on the application will be mailed to everyone who submitted public comments and to those persons who are on the mailing list for this application. If comments are received, the mailing will also provide instructions for requesting a contested case hearing or reconsideration of the Executive Director's decision. A person who may be affected by the proposed facility is entitled to request a contested case hearing from the commission.** A contested case hearing is a legal proceeding similar to a civil trial in a state district court.

To Request a Contested Case Hearing, You Must Include The Following Items in Your Request: your name, address, phone; applicant's name and permit number; the location and distance of your property/activities relative to the facility; a specific description of how you would be adversely affected by the facility in a way not common to the general public; a list of all disputed issues of fact that you submit during the comment period; and the statement "[I/we] request a contested case hearing." If the request for contested case hearing is filed on behalf of a group or association, the request must designate the group's representative for receiving future correspondence; identify by name and physical address an individual member of the group who would be adversely affected by the facility or activity; provide the information discussed above regarding the affected member's location and distance from the facility or activity; explain how and why the member would be affected; and explain how the interests the group seeks to protect are relevant to the group's purpose.

Following the close of all applicable comment and request periods, the Executive Director will forward the application and any requests for reconsideration or for a contested case hearing to the TCEQ Commissioners for their consideration at a scheduled Commission meeting. The Commission may only grant a request for a contested case hearing on issues the requestor submitted in their timely comments that were not subsequently withdrawn.

If a hearing is granted, the subject of a hearing will be limited to disputed issues of fact or mixed questions of fact and law that are relevant and material to the Commission's decision on the application submitted during the comment period.

Executive Director Action. The Executive Director may issue final approval of the application unless a timely contested case hearing request or request for reconsideration is filed. If a timely hearing request or request for reconsideration is filed, the Executive Director will not issue final approval of the limited-scope amendment and will forward the application and request to the TCEQ Commissioners for their consideration at a scheduled Commission meeting.

Mailing List. If you submit public comments, a request for a contested case hearing, or a reconsideration of the Executive Director's decision, you will be added to the mailing list for this application to receive future public notices mailed by the Office of the Chief Clerk. In addition, you may request to be placed on: (1) the permanent mailing list for a specific applicant name and permit number; and/or (2) the mailing list for a specific county. To be placed on the permanent and/or the county mailing list, clearly specify which list(s) and send your request to TCEQ Office of the Chief Clerk at the address below.

Information Available Online. For details about the status of the application, visit the Commissioners' Integrated Database (CID) at <www.tceq.texas.gov/goto/cid>. Once you have access to the CID using the above link, enter the permit number for this application, which is provided at the top of this notice.

Agency Contacts and Information. All public comments and requests must be submitted within 30 days from the date of newspaper publication of this notice either electronically at <www14.tceq.texas.gov/epic/eComment/> or in writing to the Texas Commission on Environmental Quality, Office of the Chief Clerk, MC-105, P.O. Box 13087, Austin, Texas 78711-3087. Please be aware that any contact information you provide, including your name, phone number, email address and physical address will become part of the agency's public record. For more information about this permit amendment application or the permitting process, please call the TCEQ's Public Education Program, Toll Free, at 800-687-4040 or visit their website at <www.tceq.texas.gov/goto/pep>. If comments are received, the mailing will also provide instructions for requesting a contested case hearing or reconsideration of the Executive Director's decision. A person who may be affected by the proposed facility is entitled to request a contested case hearing from the commission.** A contested case hearing is a legal proceeding similar to a civil trial in a state district court.

To Request a Contested Case Hearing, You Must Include The Following Items in Your Request: your name, address, phone; applicant's name and permit number; the location and distance of your property/activities relative to the facility; a specific description of how you would be adversely affected by the facility in a way not common to the general public; a list of all disputed issues of fact that you submit during the comment period; and the statement "[I/we] request a contested case hearing." If the request for contested case hearing is filed on behalf of a group or association, the request must designate the group's representative for receiving future correspondence; identify by name and physical address an individual member of the group who would be adversely affected by the facility or activity; provide the information discussed above regarding the affected member's location and distance from the facility or activity; explain how and why the member would be affected; and explain how the interests the group seeks to protect are relevant to the group's purpose.

Following the close of all applicable comment and request periods, the Executive Director will forward the application and any requests for reconsideration or for a contested case hearing to the TCEQ Commissioners for their consideration at a scheduled Commission meeting. The Commission may only grant a request for a contested case hearing on issues the requestor submitted in their timely comments that were not subsequently withdrawn.

If a hearing is granted, the subject of a hearing will be limited to disputed issues of fact or mixed questions of fact and law that are relevant and material to the Commission's decision on the application submitted during the comment period.

Executive Director Action. The Executive Director may issue final approval of the application unless a timely contested case hearing request or request for reconsideration is filed. If a timely hearing request or request for reconsideration is filed, the Executive Director will not issue final approval of the limited-scope amendment and will forward the application and request to the TCEQ Commissioners for their consideration at a scheduled Commission meeting.

If you submit public comments, a request for a contested case hearing, or a reconsideration of the Executive Director's decision, you will be added to the mailing list for this application to receive future public notices mailed by the Office of the Chief Clerk. Enmienda Propuesta de Alcance Limitado al Permiso No. 2383

Solicitud y Decisión Preliminar. 130 Environmental Park LLC, 5200 N. US Highway 183 (NB), Lockhart, TX 78644 ha solicitado a la Comisión de Calidad Ambiental de Texas (TCEQ, por sus siglas en inglés) por una enmienda de permiso para autorizar la ampliación del horario de funcionamiento y aceptación de residuos a 24 horas al día, siete días a la semana. La instalación está ubicada en 5200 N US Highway 183 (NB), Lockhart 78644 en el Condado de Caldwell, Texas. La TCEQ recibió esta solicitud el 22 Diciembre de 2021. El enlace a continuación a un mapa electrónico de la ubicación general del sitio o de la instalación es proporcionado como una cortesía y no es parte de la solicitud o del aviso: <https://arcgis/1WrL4G1>. Para la ubicación exacta, consulte la solicitud.

El Director Ejecutivo de la TCEQ ha completado el examen técnico de la solicitud y ha preparado un borrador de un documento de enmienda de alcance limitado. El borrador de la enmienda de alcance limitado, si es aprobado, establecería las condiciones bajo las cuales la instalación debe operar. El Director Ejecutivo ha tomado una decisión preliminar que esta enmienda de permiso, si es emitida, cumple con todos los requisitos legales y normativos. La solicitud para enmienda del permiso, la decisión preliminar del Director Ejecutivo y el borrador del documento de la enmienda de alcance limitado están disponibles para examinar y copiar en Dr. Eugene Clark Biblioteca, 217 S. Main Street, Lockhart, Texas. La solicitud de permiso se puede ver en línea en <https://www.biggsandmathews.com/on-line-documents/permits-v2/category/7-130-environmental-park>.

Comentario Público/Reunión Pública. Usted puede presentar comentarios públicos o solicitar una reunión pública sobre esta solicitud. El propósito de una reunión pública es dar la oportunidad de presentar comentarios o hacer preguntas acerca de la solicitud. La TCEQ realiza una reunión pública si el Director Ejecutivo determina que hay un suficiente grado de interés público en la solicitud, o si un legislador local lo pide. Una reunión pública no es una audiencia de caso impugnado.

Oportunidad de una Audiencia de Caso Impugnado. Después del plazo para presentar comentarios públicos, el Director Ejecutivo considerará todos los comentarios oportunos y preparará una respuesta a todo los comentarios públicos pertinentes y materiales, o significativos. A menos que la solicitud haya sido remitida directamente para una audiencia de caso impugnado, la respuesta a los comentarios y la decisión del Director Ejecutivo será enviada por correo a todos los que hayan presentado comentario público y a las personas que estén en la lista de correo sobre esta solicitud. Si se han recibido comentarios, el aviso también proveerá instrucciones para solicitar una audiencia de caso impugnado o una reconsideración de la decisión del Director Ejecutivo. Una persona que puede ser afectada por la instalación propuesta tiene el derecho a solicitar de la TCEQ una audiencia de caso

impugnado. Una audiencia de caso impugnado es un procedimiento legal similar a un juicio civil en un tribunal de distrito del estado.

Para Solicitar una Audiencia de Caso Impugnado, Usted Debe Incluir en su Solicitud los Sigüientes Datos: Su nombre, dirección y número de teléfono; el nombre del solicitante y número del permiso; la ubicación y la distancia de su propiedad/actividades con respecto a la instalación; una descripción específica de cómo sería usted afectado negativamente por la instalación en una manera no común al público en general; una lista de todas las cuestiones de hecho en disputa que usted presente durante el período de comentarios; y la declaración "[Yo/nosotros] solicito/solicitamos una audiencia de caso impugnado." Si presenta la petición para una audiencia de caso impugnado de parte de un grupo o asociación, debe identificar una persona que representa al grupo para recibir correspondencia en el futuro; identificar el nombre y la dirección física de un miembro del grupo que sería afectado adversamente por la planta o la actividad propuesta; proveer la información indicada anteriormente con respecto a la ubicación del miembro afectado y su distancia de la planta o actividad propuesta; explicar cómo y porqué el miembro sería afectado; y explicar cómo los intereses que el grupo desea proteger son pertinentes al propósito del grupo.

Después del cierre de todos los períodos de comentarios y de petición que aplican, el Director Ejecutivo enviará la solicitud y cualquier petición para reconsideración o para una audiencia de caso impugnado a los Comisionados de la TCEQ para su consideración durante una reunión programada de la Comisión. La Comisión sólo puede conceder una solicitud de una audiencia de caso impugnado sobre los temas que el solicitante haya presentado en sus comentarios oportunos que no fueron retirados posteriormente.

Si se concede una audiencia, el tema de la audiencia estará limitado a cuestiones de hecho en disputa o cuestiones mixtas de hecho y de derecho que son pertinentes y materiales a la decisión de la Comisión sobre la solicitud que se hayan presentado durante el período de comentarios.

Acción del Director Ejecutivo. El Director Ejecutivo puede emitir una aprobación final de la solicitud a menos que se haya presentado a tiempo una petición para una audiencia de caso impugnado o una petición para reconsideración. Si se ha presentado a tiempo una petición de audiencia o una petición de reconsideración, el Director Ejecutivo no emitirá una aprobación final sobre la enmienda de alcance limitado y enviará la solicitud y la petición a los Comisionados de la TCEQ para su consideración durante una reunión programada de la Comisión.

Lista de Correo. Si presenta comentarios públicos, una petición para una audiencia de caso impugnado o una petición para reconsideración de la decisión del Director Ejecutivo, añadiremos su nombre a la lista de correo para esta solicitud para recibir futuros avisos públicos enviados por la Oficina del Secretario Oficial. Además, puede pedir que la TCEQ ponga su nombre en (1) la lista de correo permanente para un específico nombre de solicitante y número de permiso y/o (2) la lista de correo para un condado específico. Para ser añadido a una lista de correo permanente y/o una de condado, especifique claramente cuál/cuáles lista(s) y envíe su petición por correo a la Oficina del Secretario Oficial de la TCEQ.

Información Disponible en Línea. Para detalles sobre el estado de la solicitud, visite la Base de Datos Integrada de los Comisionados (CID, por sus siglas en inglés) al www.tceq.texas.gov/goto/cid. Una vez que haya obtenido acceso al CID usando el enlace de arriba, rellene el número de permiso de esta solicitud, la cual está proporcionada al inicio de este aviso.

Comunicación y Transferencia de Información a la Agencia. CCCM FOOD PANTRY GARDENING

Hard work rewards apparent in community

By Sue Bussa

Our two weeks of Spring temperatures and rain inspired some collaborative energy at the Food Pantry Garden. Back in the winter of February, Texas A&M students had laid cardboard and woodchips in the paths between vegetable rows for weed control. The city had set an electric pole and augured two holes for peach trees while they were at it.

With warmer weather, some new volunteer interest budded, which is always welcome. Cattle tubs were donated for our flower planting to attract pollinators without taking up vegetable-growing space.

The Community Restitution kids mowed the growing grass and weeds, shoveled dirt, and planted one of the peach trees.

Volunteers planted seeds of spinach, radish, bok choy (not a favorite on the survey, but so delicious), chives, kale, collards, beets, and cantaloupe (in a raised bed for drainage). The tomato, pepper, and eggplant seedlings had been in the ground a week when the hail hit. They were

ant mounds obvious. We drenched them with beneficial nematode solution. Some died, some didn't. We will re-drench, but in the meantime, a new volunteer applied diatomaceous earth quite heavily to the mound areas. We will see what happens.

Last Saturday's workday, we attempted to answer the squash vine borer problem. The moth lays her eggs on your baby squash plants. Upon hatching, the larvae burrows into the stem and eats its way up your plant, killing it, or at least diminishing its yield. So, we draped row cover fabric over our just-sprouted seedlings with a soaker hose on the row, allowing sun and rain to penetrate, but keeping the moth out! Hopefully. Wait and see is the name of our game... Cruise by 694 N. Medina to see our professional look.

We anticipate putting a refrigerator in the shed for cold water, seed storage, and harvest preservation. The greenhouse will be an October project. Meanwhile, thinning seedlings, weeding, transplanting, garden maintenance and

but there's much to do during the week also.

Notice of Receipt of Application and Intent to Obtain Municipal Solid Waste Permit Amendment

Proposed Limited Scope Amendment to Permit No. 2383

Application. 130 Environmental Park, LLC, 5200 N. U.S. Highway 183 (NB), Lockhart, Texas 78644, a waste management company, has applied to the Texas Commission on Environmental Quality (TCEQ) for a limited-scope major permit amendment to authorize expanding the operating hours of the 130 Environmental Park Type I municipal solid waste landfill facility to 24 hours per day, seven days per week. The facility is located at 5200 N. U.S. Highway 183 (NB), Lockhart, Texas 78644, north of FM 1185 between U.S. Highway 183 and Homannville Trail, about two miles north of Lockhart in Caldwell County, Texas. The TCEQ received this application on December 23, 2021. The permit application is available for viewing and copying at Dr. Eugene Clark Library, 217 South Main Street, Lockhart, Caldwell County, Texas 78644, and may be viewed online at <<https://www.biggsandmathews.com/on-line-documents/permits-v2/category/7-130-environmental-park>>. The following link to an electronic map of the site or facility's general location is provided as a public courtesy and is not part of the application or notice: <<https://arcg.is/1WrL4G1>>. For exact location, refer to application.

Additional Notice. TCEQ's Executive Director has determined the application is administratively complete and will conduct a technical review of the application. After technical review of the application is complete, the Executive Director may prepare a draft permit and will issue a preliminary decision on the application. **Notice of the Application and Preliminary Decision will be published and mailed to those who are on the county-wide mailing list and to those who are on the mailing list for this application. That notice will contain the deadline for submitting public comments.**

generous, chives, kale, collards, beets, and cantaloupe (in a raised bed for drainage). The tomato, pepper, and eggplant seedlings had been in the ground a week when the hail hit. They were pretty battered, with some broken branches, but are sprouting anew. The peach trees were unscathed, thankfully. The green onions were harvested despite having their tops torn up.

The accompanying rainstorm made the fire

for cold water, seed storage, and harvest preservation. The greenhouse will be an October project. Meanwhile, thinning seedlings, weeding, transplanting, garden maintenance and harvesting will keep us busy.

You can join in this productive labor, feeding the food insecure (and yourself), by calling the food pantry at 512-376-6661. We have Saturday workdays for the employed,

Additional Notice. TCEQ's Executive Director has determined the application is administratively complete and will conduct a technical review of the application. Public Comment/Public Meeting. You may submit public comments or request a public meeting on this application. The purpose of a public meeting is to provide the opportunity to submit comments or to ask questions about the application. TCEQ will hold a public meeting if the Executive Director determines that there is a significant degree of public interest in the application or if requested by a local legislator. A public meeting is not a contested case hearing.

Opportunity for a Contested Case Hearing. After the deadline for submitting public comments, the Executive Director will consider all timely comments and prepare a response to all relevant and material, or significant public comments. **Unless the application is directly referred for a contested case hearing, the response to comments, and the Executive Director's decision on the application, will be mailed to everyone who submitted public comments and to those persons who are on the mailing list for this application. If comments are received, the mailing will also provide instructions for requesting reconsideration of the Executive Director's decision and for requesting a contested case hearing. A person who may be affected by the facility is entitled to request a contested case hearing from the commission. A contested case hearing is a legal proceeding similar to a civil trial in state district court.**

To Request a Contested Case Hearing, You Must Include The Following Items in Your Request: your name, address, phone number; applicant's name and permit number; the location and distance of your property/activities relative to the facility; a specific description of how you would be adversely affected by the facility in a way not common to the general public; a list of all disputed issues of fact that you submit during the comment period; and the statement "[I/we] request a contested case hearing." If the request for contested case hearing is filed on behalf of a group or association, the request must designate the group's representative for receiving future correspondence; identify by name and physical address an individual member of the group who would be adversely affected by the facility or activity; provide the information discussed above regarding the affected member's location and distance from the facility or activity; explain how and why the member would be affected; and explain how the interests the group seeks to protect are relevant to the group's purpose.

Following the close of all applicable comment and request periods, the Executive Director will forward the application and any requests for reconsideration or for a contested case hearing to the TCEQ Commissioners for their consideration at a scheduled Commission meeting. The Commission may only grant a request for a contested case hearing on issues the requestor submitted in their timely comments that were not subsequently withdrawn.

by the facility is entitled to request a contested case hearing from the commission. A contested case hearing is a legal proceeding similar to a civil trial in state district court.

To Request a Contested Case Hearing, You Must Include The Following Items in Your Request: your name, address, phone number; applicant's name and permit number; the location and distance of your property/activities relative to the facility; a specific description of how you would be adversely affected by the facility in a way not common to the general public; a list of all disputed issues of fact that you submit during the comment period; and the statement "[I/we] request a contested case hearing." If the request for contested case hearing is filed on behalf of a group or association, the request must designate the group's representative for receiving future correspondence; identify by name and physical address an individual member of the group who would be adversely affected by the facility or activity; provide the information discussed above regarding the affected member's location and distance from the facility or activity; explain how and why the member would be affected; and explain how the interests the group seeks to protect are relevant to the group's purpose.

Following the close of all applicable comment and request periods, the Executive Director will forward the application and any requests for reconsideration or for a contested case hearing to the TCEQ Commissioners for their consideration at a scheduled Commission meeting. The Commission may only grant a request for a contested case hearing on issues the requestor submitted in their timely comments that were not subsequently withdrawn.

If a hearing is granted, the subject of a hearing will be limited to disputed issues of fact or mixed questions of fact and law that are relevant and material to the Commission's decision on the application submitted during the comment period.

Mailing List. If you submit public comments, a request for a contested case hearing or a reconsideration of the Executive Director's decision, you will be added to the mailing list for this application to receive future public notices mailed by the Office of the Chief Clerk. In addition, you may request to be placed on: (1) the permanent mailing list for a specific applicant name and permit number; and/or (2) the mailing list for a specific county. To be placed on the permanent and/or the county mailing list, clearly specify which list(s) and send your request to TCEQ Office of the Chief Clerk at the address below.

Dear Mr. Ryan:

The Executive Director has declared the above referenced application, received on December 23, 2021, administratively complete on March 7, 2022.

You must follow all the directions in the enclosed instructions. The most common mistakes are the unauthorized changing of notice, wording, or font. If you fail to follow these instructions, you may be required to republish the notices.

The following requirements are also described in the enclosed instructions. However, due to their importance, they are highlighted here as well.

1. Publish the enclosed notice within **30 calendar days** after your application is declared administratively complete. (See this letter's first paragraph for the declaration date.) **You may be required to publish the notice in more than one newspaper, including a newspaper published in an alternative language, to satisfy all of the notice requirements.**
2. On or before the date you publish notice, place a copy of your permit application in a public place in the county where the facility is or will be located. Notice of Receipt of Application and Intent to Obtain Municipal Solid Waste Permit Amendment

Proposed Limited Scope Amendment to Permit No. 2383

Application. 130 Environmental Park, LLC, 5200 N. U.S. Highway 183 (NB), Lockhart, Texas 78644, a waste management company, has applied to the Texas Commission on Environmental Quality (TCEQ) for a limited-scope major permit amendment to authorize expanding the operating hours of the 130 Environmental Park Type I municipal solid waste landfill facility to 24 hours per day, seven days per week. The facility is located at 5200 N. U.S. Highway 183 (NB), Lockhart, Texas 78644, north of FM 1185 between U.S. Highway 183 and Homannville Trail, about two miles north of Lockhart in Caldwell County, Texas. The TCEQ received this application on December 23, 2021. The permit application is available for viewing and copying at Dr. Eugene Clark Library, 217 South Main Street, Lockhart, Caldwell County, Texas 78644, and may be viewed online at <<https://www.biggsandmathews.com/on-line-documents/permits-v2/category/7-130-environmental-park>>. The following link to an electronic map of the site or facility's general location is provided as a public courtesy and is not part of the application or notice: <<https://arcg.is/1WrL4G1>>. For exact location, refer to application.

Additional Notice. TCEQ's Executive Director has determined the application is administratively complete and will conduct a technical review of the application. After technical review of the application is complete, the Executive Director may prepare a draft permit and will issue a preliminary decision on the application. **Notice of the Application and Preliminary Decision will be published and mailed to those who are on the county-wide mailing list and to those who are on the mailing list for this application. That notice will contain the deadline for submitting public comments.**

Public Comment/Public Meeting. You may submit public comments or request a public meeting on this application. The purpose of a public meeting is to provide the opportunity to submit comments or to ask questions about the application. TCEQ will hold a public meeting if the Executive Director determines that there is a significant degree of public interest in the application or if requested by a local legislator. A public meeting is not a contested case hearing.

Opportunity for a Contested Case Hearing. After the deadline for submitting public comments, the Executive Director will consider all timely comments and prepare a response to all relevant and material, or significant public comments. **Unless the application is directly referred for a contested case hearing, the response to comments, and the Executive Director's decision on the application, will be mailed to everyone who submitted public comments and to those persons who are on the mailing list for this application. If comments are received, the mailing will also provide instructions for requesting reconsideration of the Executive Director's decision and for requesting a contested case hearing. A person who may be affected**

by the facility is entitled to request a contested case hearing from the commission. A contested case hearing is a legal proceeding similar to a civil trial in state district court.

To Request a Contested Case Hearing, You Must Include The Following Items in Your Request: your name, address, phone number; applicant's name and permit number; the location and distance of your property/activities relative to the facility; a specific description of how you would be adversely affected by the facility in a way not common to the general public; a list of all disputed issues of fact that you submit during the comment period; and the statement "[I/we] request a contested case hearing." If the request for contested case hearing is filed on behalf of a group or association, the request must designate the group's representative for receiving future correspondence; identify by name and physical address an individual member of the group who would be adversely affected by the facility or activity; provide the information discussed above regarding the affected member's location and distance from the facility or activity; explain how and why the member would be affected; and explain how the interests the group seeks to protect are relevant to the group's purpose.

Following the close of all applicable comment and request periods, the Executive Director will forward the application and any requests for reconsideration or for a contested case hearing to the TCEQ Commissioners for their consideration at a scheduled Commission meeting. The Commission may only grant a request for a contested case hearing on issues the requestor submitted in their timely comments that were not subsequently withdrawn.

If a hearing is granted, the subject of a hearing will be limited to disputed issues of fact or mixed questions of fact and law that are relevant and material to the Commission's decision on the application submitted during the comment period.

Mailing List. If you submit public comments, a request for a contested case hearing or a reconsideration of the Executive Director's decision, you will be added to the mailing list for this application to receive future public notices mailed by the Office of the Chief Clerk. In addition, you may request to be placed on: (1) the permanent mailing list for a specific applicant name and permit number; and/or (2) the mailing list for a specific county. To be placed on the permanent and/or the county mailing list, clearly specify which list(s) and send your request to TCEQ Office of the Chief Clerk at the address below.

Information Available Online. For details about the status of the application, visit the Commissioners' Integrated Database (CID) at <www.tceq.texas.gov/goto/cid>. Once you have access to the CID using the above link, enter the permit number for this application, which is provided at the top of this notice.

Agency Contacts and Information. All public comments and requests must be submitted either electronically at <www14.tceq.texas.gov/epic/eComment/> or in writing to the Texas Commission on Environmental Quality, Office of the Chief Clerk, MC-105, P.O. Box 13087, Austin, Texas 78711-3087. Please be aware that any contact information you provide, including your name, phone number, email address and physical address will become part of the agency's public record. For more information about this permit application or the permitting process, please call the TCEQ's Public Education Program, Toll Free, at 800-687-4040 or visit their website at <www.tceq.texas.gov/goto/pep>. Si desea información en español, puede llamar al 800-687-4040.

Texas Commission on Environmental Quality

Instructions for Public Notice for Municipal Solid Waste Permit Notice of Receipt of Application and Intent to Obtain Permit

Your application has been declared administratively complete and now you must comply with the following instructions:

Please Review Notice

Included in the notice is all of the necessary information. Please read it carefully and notify us immediately if it contains any errors or omissions. You are responsible for ensuring the accuracy of all information published. You may not change the text or formatting of the notice without prior approval from the TCEQ.

Newspaper Notice

- You must publish the enclosed Notice of Receipt of Application and Intent to Obtain Permit within **30 calendar days** after the date of administrative completeness. Refer to the cover letter for the date of administrative completeness.
- You must publish the enclosed Notice of Receipt of Application and Intent to Obtain Permit at your expense, at least once in a newspaper(s) meeting the following requirements:
 - First. You must publish notice either 1) in the newspaper of largest circulation within the county where the facility is or is proposed to be located or, 2) if the facility is located or is proposed to be located in a municipality, in any newspaper of general circulation in the municipality, and
 - Second. You must publish notice either 1) in the newspaper of largest general circulation *that is published in the county* in which the facility is located or is proposed to be located, or 2) if a newspaper is not published in the county, the notice must be published in any newspaper of general circulation in the county.
- These requirements may be satisfied by one publication if the newspaper meets all of these requirements.
- The bold text of the enclosed notice must be printed in the newspaper in a font style or size that distinguishes it from the rest of the notice (i.e., **bold font**, *italics*). **Failure to do so may require re-notice.**

Alternative Language Notice

If your application was received on or after November 30, 2005, you must publish notice in an alternative language if the following criteria are met.

- You must publish the public notice in an alternative language if either the elementary or middle school nearest to the facility or proposed facility is required to provide a bilingual education program as required by Tex. Educ. Code, Chapter 29, Subchapter B, and 19 Tex. Admin. Code § 89.1205(a) and one of the following conditions is met:
 - students are enrolled in a program at that school;
 - students from that school attend a bilingual education program at another location; or
 - the school that otherwise would be required to provide a bilingual education program waives out of this requirement under 19 Tex. Admin. Code § 89.1205(g).
- If triggered, you must publish the notice in the alternative language taught in the bilingual education program. You must publish this notice in a newspaper or publication primarily published in that alternative language. The newspaper or publication must be of general circulation in the county in which the facility is located or proposed to be located. If the facility is located or proposed to be located in a municipality, and there exists a newspaper or publication of general circulation in the municipality, you must publish the notice only in the newspaper or publication in the municipality.
- You must demonstrate a good faith effort to identify a newspaper or publication in the required language. If there is no general circulation newspaper or publication printed in such language, then publishing in that language is not required. Publication in an alternative language section or insert within a large publication which is not printed primarily in that alternative language does not satisfy these requirements.
- You have the burden to demonstrate compliance with these requirements. To assist you in meeting these requirements, the TCEQ has provided a Public Notice Verification Form (enclosed). You must fill out the attached Public Notice Verification Form indicating your compliance with the requirements regarding publication in an alternative language.
- If you are required to publish notice in Spanish, you must translate the site-specific information in the notice that is specific to your application, at your own expense. You may then insert the Spanish translation of your site-specific information into a Spanish template developed by the TCEQ. You may obtain the electronic version of the Spanish template from the TCEQ website at www.tceq.texas.gov/permitting/waste_permits/wastespanishtemplates.html.
- If you are required to publish notice in a language other than Spanish, you must translate the entire public notice, at your own expense.

Proof of Publication

- Check each publication to ensure that the notices were accurately published. If a notice was not published correctly you may have to republish.
- For **each** newspaper in which you published, you must submit ***proof of publication*** that shows the notice, the date of publication, and the name of the newspaper to the Waste Permits Division (WPD) within **10 business days** after the date of publication. It is recommended that you maintain the original newspaper clipping or tear sheet of the notice for your records.
- For each newspaper notice, you must submit a ***Publisher's Affidavit*** to WPD within **30 calendar days** after the date of publication. **For each required published notice, you must use the appropriate Publisher's Affidavit form that is enclosed with these**

instructions. The affidavit must clearly identify the applicant's name and permit number. **If you are using one newspaper to satisfy all publication requirements, you must still fill out affidavits #1 and #2, checking the relevant boxes for the criteria that the newspaper satisfies.**

- You are encouraged to submit the affidavits with the proof of publication described above. However, the affidavits must be submitted no later than **30 calendar days** after publication of notice.
- You must fill out the attached *Public Notice Verification* form. On this form, you must verify that you submitted the notices and the *Publisher's Affidavits* as required by the TCEQ's regulations and instructions. This form must be submitted with the *Publisher's Affidavits* within **30 calendar days** after publication of the notice.
- Email copies of the *Publisher's Affidavits*, the *Public Notice Verification* form, and the **proofs of publication** to WPD-PNV@tceq.texas.gov.

Failure to Publish and Submit Proof of Publication

If you fail to publish the notice or submit proof of publication by the deadlines set forth above, the TCEQ may suspend further processing of your application or take other action.

Application in a Public Place

- You must put a copy of the administratively complete application in a public place for review and copying by the public. This public place must be located in the county where the facility is or proposed to be located.
- A public place is one that is publicly owned or operated (ex: libraries, county courthouses, or city halls).
- The administratively complete application must be available **beginning on the first day of newspaper publication and must remain in place until the end of the comment period.**
- During the technical review, you must update the publicly available application so that it includes all application revisions within **10 business days** from the date the revision is transmitted to the TCEQ.
- If the application was submitted to the TCEQ with information marked as confidential, you must indicate in the public copy of the application that there is additional information in a confidential file. These portions of the application must be accompanied with the following statement: "Any request for portions of this application that are marked as confidential must be submitted in writing, pursuant to the Public Information Act, to the TCEQ Public Information Coordinator, MC 197, P.O. Box 13087, Austin, Texas 78711-3087."
- You must fill out the attached Public Notice Verification form. On this Form, you must verify that a complete application and all subsequent revisions are available for review and copying in a public place as required by the TCEQ's regulations and instructions. This Form must be submitted with the Publisher's Affidavit within **30 calendar days** after publication of the notice.

When contacting the Commission regarding this application, please refer to the permit number at the top of the Notice of Receipt and Intent to Obtain Permit.

If you have any questions regarding publication requirements, please contact the Waste Permits Division at 512-239-2335. If you have any questions regarding the content of the notice, please contact the individual who completed the administrative review for your application.
