**NOTICE OF HEARING**  
**Greenwood Ventures Group LLC**  
**SOAH Docket No. 582-24-14574**  
**TCEQ Docket No. 2023-1563-MWD**  
**TPDES Permit No. WQ0016148001**

### APPLICATION.

Greenwood Ventures Group LLC, 101 Parklane Boulevard, Suite 102, Sugar Land, Texas 77478, has applied to the Texas Commission on Environmental Quality (TCEQ) for new Texas Pollutant Discharge Elimination System (TPDES) Permit No. WQ0016148001, to authorize the discharge of treated domestic wastewater at a daily average flow not to exceed 975,000 gallons per day.

The facility will be located approximately 1.87 miles southwest of the intersection of County Road 214 and U.S. Highway 183, in Caldwell County, Texas 78644. The treated effluent will be discharged to an unnamed tributary, thence to a second unnamed tributary, thence to West Fork Plum Creek, thence to Plum Creek in Segment No. 1810 of the Guadalupe River Basin. The unclassified receiving water uses are minimal aquatic life use for the unnamed tributary and limited aquatic life use for West Fork Plum Creek (intermittent with pools), and high aquatic life use for West Fork Plum Creek (perennial). The designated uses for Segment No. 1810 are primary contact recreation, aquifer protection, and high aquatic life use. In accordance with 30 Texas Administrative Code § 307.5 and the TCEQ's *Procedure to Implement the Texas Surface Water Quality Standards* (June 2010), an antidegradation review of the receiving waters was performed. A Tier 1 antidegradation review has preliminarily determined that existing water quality uses will not be impaired by this permit action. Numerical and narrative criteria to protect existing uses will be maintained. A Tier 2 review has preliminarily determined that no significant degradation of water quality is expected West Fork Plum Creek (perennial portion) and Plum Creek, which have been identified as high aquatic life use. Existing uses will be maintained and protected. The preliminary determination can be reexamined and may be modified if new information is received. For the exact location, refer to the application.

The TCEQ Executive Director has completed the technical review of the application and prepared a draft permit. The draft permit, if approved, would establish the conditions under which the facility must operate. The Executive Director has made a preliminary decision that this permit, if issued, meets all statutory and regulatory requirements. The permit application, Executive Director's preliminary decision, and draft permit are available for viewing and copying at Lockhart City Hall, 308 West San Antonio Street, Lockhart, Texas.

### CONTESTED CASE HEARING.

The State Office of Administrative Hearings (SOAH) will conduct a preliminary hearing via Zoom videoconference. A Zoom meeting is a secure, free meeting held over the internet that allows video, audio, or audio/video conferencing.

**10:00 a.m. - May 29, 2024**

#### To join the Zoom meeting via computer:

<https://soah-texas.zoomgov.com/>  
 Meeting ID: 160 131 0857

Visit the SOAH website for registration at: <http://www.soah.texas.gov/>  
 or call SOAH at 512-475-4993.

The purpose of a preliminary hearing is to establish jurisdiction, name the parties, establish a procedural schedule for the remainder of the proceeding, and to address other matters as determined by the judge. The evidentiary hearing phase of the proceeding, which will occur at a later date, will be similar to a civil trial in state district court. The hearing will address the disputed issues of fact identified in the TCEQ order concerning this application issued on February 27, 2024. In addition to these issues, the judge may consider additional issues if certain factors are met.

The hearing will be conducted in accordance with Chapter 2001, Texas Government Code; Chapter 26, Texas Water Code; and the procedural rules of the TCEQ and SOAH, including 30 TAC Chapter 80 and 1 TAC Chapter 155. The hearing will be held unless all timely hearing requests have been withdrawn or denied.

To request to be a party, you must attend the hearing and show you would be adversely affected by the application in a way not common to members of the general public. Any person may attend the hearing and request to be a party. Only persons named as parties may participate at the hearing.

In accordance with 1 Tex. Admin. Code § 155.401(a), Notice of Hearing, "Parties that are not represented by an attorney may obtain information regarding contested case hearings on the public website of the State Office of Administrative Hearings at [www.soah.texas.gov](http://www.soah.texas.gov), or in printed format upon request to SOAH."

### INFORMATION.

If you need more information about the hearing process for this application, please call the Public Education Program, toll free, at (800) 687-4040. General information about the TCEQ can be found at our web site at [www.tceq.texas.gov](http://www.tceq.texas.gov).

Dear Ms. Gilbert, Mr. Ryan, and Ms. Crone,

As you know, the Chief Clerk's Office has referred this matter over to the State Office of Administrative Hearings (SOAH) for a contested case hearing on your application.

SOAH will conduct a preliminary hearing via Zoom video conference at:

10:00 a.m. – May 29, 2024

You are now required to publish notice for this hearing. To help you meet the requirements associated with this notice, we have enclosed the following items:

- Notice for Newspaper Publication
- Instructions for Notice of Hearing
- Affidavit of Publication

Please note that it is VERY IMPORTANT that you follow ALL directions in the ENCLOSED INSTRUCTIONS. If you do not, you may be required to republish the notice. One of the most common mistakes we see is the unauthorized changing of notice wording or font. If you have any questions, please contact us before you proceed with publication.

The following items and time limitations are also described in the enclosed instructions. However, due to their importance, we want to highlight them for you.

1. Publish the enclosed notice within at least **30 calendar days** prior to the date of the hearing.
2. Return **acceptable proof of publication** of the complete notice, which shows publication date and newspaper name, to the TCEQ Office of the Chief Clerk within **10 business days** after notice is published in the newspaper.
3. File the original enclosed *Affidavit of Publication* with the TCEQ Office of the Chief Clerk within **30 calendar days** after the notice is published in the newspaper.

If you do not comply with all requirements described in the instructions, further processing of your application may be suspended or the commission may take other actions.

As required by 30 TAC § 80.118(c), the TCEQ Office of the Chief Clerk (OCC) will provide the administrative record to SOAH, and will retain one copy for its files. In addition, one copy of the administrative record will be provided to you by the OCC on CD. Neither SOAH nor TCEQ is responsible for providing additional copies to the parties. However, the OCC can provide copies upon request.

The administrative record is not in evidence until properly offered by motion of a party, and subsequently admitted by the Administrative Law Judge, pursuant to 30 TAC § 80.127(h). The party seeking admission of the administrative record must supply copies to the other parties in the proceeding at the time it is offered, or by agreement of the parties.

If you have any questions regarding publication requirements, or obtaining copies of the administrative record, please contact the SOAH Docket Clerk in the OCC at 512-239-3300. If you have any other questions, please contact Kathy Humphreys or Fernando Salazar Martinez at 512-239-0600.

Sincerely,

Laurie Gharis

## **NOTICE OF HEARING Greenwood Ventures Group LLC SOAH Docket No. 582-24-14574 TCEQ Docket No. 2023-1563-MWD TPDES Permit No. WQ0016148001**

### **APPLICATION.**

Greenwood Ventures Group LLC, 101 Parklane Boulevard, Suite 102, Sugar Land, Texas 77478, has applied to the Texas Commission on Environmental Quality (TCEQ) for new Texas Pollutant Discharge Elimination System (TPDES) Permit No. WQ0016148001, to authorize the discharge of treated domestic wastewater at a daily average flow not to exceed 975,000 gallons per day.

The facility will be located approximately 1.87 miles southwest of the intersection of County Road 214 and U.S. Highway 183, in Caldwell County, Texas 78644. The treated effluent will be discharged to an unnamed tributary, thence to a second unnamed tributary, thence to West Fork Plum Creek, thence to Plum Creek in Segment No. 1810 of the Guadalupe River Basin. The unclassified receiving water uses are minimal aquatic life use for the unnamed tributary and limited aquatic life use for West Fork Plum Creek (intermittent with pools), and high aquatic life use for West Fork Plum Creek (perennial). The designated uses for Segment No. 1810 are primary contact recreation, aquifer protection, and high aquatic life use. In accordance with 30 Texas Administrative Code § 307.5 and the TCEQ's *Procedure to Implement the Texas Surface Water Quality Standards* (June 2010), an antidegradation review of the receiving waters was performed. A Tier 1 antidegradation review has preliminarily determined that existing water quality uses will not be impaired by this permit action. Numerical and narrative criteria to protect existing uses will be maintained. A Tier 2 review has preliminarily determined that no significant degradation of water quality is expected West Fork Plum Creek (perennial portion) and Plum Creek, which have been identified as high aquatic life use. Existing uses will be maintained and protected. The preliminary determination can be reexamined and may be modified if new information is received. For the exact location, refer to the application.

<https://tceq.maps.arcgis.com/apps/webappviewer/index.html?id=db5bac44afbc468bbddd36of816825of&marker=-97.700833%2C29.796111&level=12>

The TCEQ Executive Director has completed the technical review of the application and prepared a draft permit. The draft permit, if approved, would establish the conditions under which the facility must operate. The Executive Director has made a preliminary decision that this permit, if issued, meets all statutory and regulatory requirements. The permit application, Executive Director's preliminary decision, and draft permit are

available for viewing and copying at Lockhart City Hall, 308 West San Antonio Street, Lockhart, Texas.

**CONTESTED CASE HEARING.**

The State Office of Administrative Hearings (SOAH) will conduct a preliminary hearing via Zoom videoconference. A Zoom meeting is a secure, free meeting held over the internet that allows video, audio, or audio/video conferencing.

The purpose of a preliminary hearing is to establish jurisdiction, name the parties, establish a procedural schedule for the remainder of the proceeding, and to address other matters as determined by the judge. The evidentiary hearing phase of the proceeding, which will occur at a later date, will be similar to a civil trial in state district court. The hearing will address the disputed issues of fact identified in the TCEQ order concerning this application issued on February 27, 2024. In addition to these issues, the judge may consider additional issues if certain factors are met.

The hearing will be conducted in accordance with Chapter 2001, Texas Government Code; Chapter 26, Texas Water Code; and the procedural rules of the TCEQ and SOAH, including 30 TAC Chapter 80 and 1 TAC Chapter 155. The hearing will be held unless all timely hearing requests have been withdrawn or denied.

To request to be a party, you must attend the hearing and show you would be adversely affected by the application in a way not common to members of the general public. Any person may attend the hearing and request to be a party. Only persons named as parties may participate at the hearing.

**In accordance with 1 Tex. Admin. Code § 155.401(a), Notice of Hearing, “Parties that are not represented by an attorney may obtain information regarding contested case hearings on the public website of the State Office of Administrative Hearings at [www.soah.texas.gov](http://www.soah.texas.gov/), or in printed format upon request to SOAH.”**

**INFORMATION.**

If you need more information about the hearing process for this application, please call the Public Education Program, toll free, at (800) 687-4040. General information about the TCEQ can be found at our web site at [www.tceq.texas.gov](http://www.tceq.texas.gov).

Further information may also be obtained from Greenwood Ventures Group LLC at the address stated above or by calling Mr. Daniel Ryan, P.E., LJA Engineering, Inc, at (512) 439-4700.

Persons with disabilities who need special accommodations at the hearing should call the SOAH Docketing Department at (512) 475-4993, at least one week prior to the hearing.

**AVISO DE AUDIENCIA**  
**Grupo Greenwood Ventures LLC**  
**Expediente SOAH No. 582-24-14574**  
**Expediente TCEQ No. 2023-1563-MWD**  
**Permiso TPDES No. WQ0016148001**

## **APLICACIÓN.**

Greenwood Ventures Group LLC, 101 Parklane Boulevard, Suite 102, Sugar Land, Texas 77478, ha solicitado a la Comisión de Calidad Ambiental de Texas (TCEQ) un nuevo Permiso No. WQ0016148001, autorizar la descarga de aguas residuales domésticas tratadas a un caudal medio diario que no exceda los 975.000 galones diarios.

La instalación estará ubicada aproximadamente a 1.87 millas al suroeste de la intersección de County Road 214 y U.S. Highway 183, en el condado de Caldwell, Texas 78644. El efluente tratado se descargará a un afluente sin nombre, de allí a un segundo afluente sin nombre, de allí a West Fork Plum Creek, de allí a Plum Creek en el Segmento No. 1810 de la cuenca del río Guadalupe. Los usos de agua receptora no clasificados son el uso mínimo de vida acuática para el afluente sin nombre y el uso limitado de vida acuática para West Fork Plum Creek (intermitente con piscinas), y el uso de vida acuática alta para West Fork Plum Creek (perenne). Los usos designados para el Segmento No. 1810 son la recreación de contacto primario, la protección de acuíferos y el uso de alta vida acuática. De acuerdo con el Título 30 del Código Administrativo de Texas § 307.5 y el Procedimiento de la TCEQ *para Implementar los Estándares de Calidad del Agua Superficial* de Texas (junio de 2010), se realizó una revisión antidegradación de las aguas receptoras. Una revisión antidegradación de Nivel 1 ha determinado preliminarmente que los usos existentes de la calidad del agua no se verán afectados por esta acción de permiso. Se mantendrán los criterios numéricos y descriptivos para proteger los usos existentes. Una revisión de Nivel 2 ha determinado preliminarmente que no se espera una degradación significativa de la calidad del agua West Fork Plum Creek (parte perenne) y Plum Creek, que han sido identificados como de alto uso de vida acuática. Se mantendrán y protegerán los usos existentes. La determinación preliminar puede ser reexaminada y puede ser modificada si se recibe nueva información. Para conocer la ubicación exacta, consulte la aplicación.

El Director Ejecutivo de la TCEQ ha completado el examen técnico de la solicitud y ha preparado un proyecto de permiso. El proyecto de permiso, de ser aprobado, establecería las condiciones bajo las cuales la instalación debe operar. El Director Ejecutivo ha tomado una decisión preliminar en el sentido de que este permiso, si se concede, cumple con todos los requisitos legales y reglamentarios. La solicitud de

permiso, la decisión preliminar del Director Ejecutivo y el borrador del permiso están disponibles para su visualización y copia en el Ayuntamiento de Lockhart, 308 West San Antonio Street, Lockhart, Texas.

**AUDIENCIA DE CASO IMPUGNADO.**

La Oficina Estatal de Audiencias Administrativas (SOAH, por sus siglas en inglés) llevará a cabo una audiencia preliminar a través de una videoconferencia de Zoom. Una reunión de Zoom es una reunión segura y gratuita que se celebra a través de Internet y que permite realizar videoconferencias de audio/audio.

**10:00 a.m. - 29 de mayo de 2024**

**Visite el sitio web de SOAH para registrarse en: <http://www.soah.texas.gov/>  
o llame a SOAH al 512-475-4993.**

El propósito de una audiencia preliminar es establecer la jurisdicción, nombrar a las partes, establecer un cronograma procesal para el resto del procedimiento y abordar otros asuntos según lo determine el juez. La fase de audiencia probatoria del procedimiento, que tendrá lugar en una fecha posterior, será similar a un juicio civil en un tribunal de distrito estatal. La audiencia abordará las cuestiones de hecho en disputa identificadas en la orden de TCEQ con respecto a esta solicitud emitida el 27 de febrero de 2024. Además de estas cuestiones, el juez puede considerar cuestiones adicionales si se cumplen ciertos factores.

La audiencia se llevará a cabo de acuerdo con el Capítulo 2001 del Código de Gobierno de Texas; Capítulo 26, Código de Aguas de Texas; y las normas de procedimiento de la TCEQ y la SOAH, incluidos el capítulo 80 del TAC 30 y el capítulo 155 del TAC. La audiencia se llevará a cabo a menos que todas las solicitudes de audiencia oportunas hayan sido retiradas o denegadas.

Para solicitar ser parte, debe asistir a la audiencia y demostrar que se vería afectado negativamente por la solicitud de una manera que no es común para los miembros del público en general. Cualquier persona puede asistir a la audiencia y solicitar ser parte. Solo las personas nombradas como partes pueden participar en la audiencia.

**De acuerdo con 1 Código Administrativo de Texas § 155.401(a), Aviso de audiencia, "Las partes que no están representadas por un abogado pueden obtener información sobre las audiencias de casos impugnados en el sitio**

**web público de la Oficina Estatal de Audiencias Administrativas en [www.soah.texas.gov](http://www.soah.texas.gov), o en formato impreso previa solicitud a SOAH".**

**INFORMACIÓN.**

Si necesita más información sobre el proceso de audiencia para esta solicitud, llame al Programa de Educación Pública, sin cargo, al (800) 6874040. Puede encontrar información general sobre la TCEQ en nuestro sitio web en [www.tceq.texas.gov](http://www.tceq.texas.gov).

También se puede obtener más información de Greenwood Ventures Group LLC en la dirección indicada anteriormente o llamando al Sr. Daniel Ryan, P.E., LJA Engineering, Inc, al (512) 439-4700.

Las personas con discapacidades que necesiten adaptaciones especiales en la audiencia deben llamar al Departamento de Expedientes de SOAH al (512) 475-4993, al menos una semana antes de la audiencia.

## INSTRUCTIONS FOR PUBLIC NOTICE For Water Quality Permit

### NOTICE OF HEARING

A hearing was requested on issues related to your application and the Commission granted this request. The matter has been referred to the State Office of Administrative Hearings. Now you must comply with the following instructions:

#### **Please Review Notice**

We have included in the hearing notice all of the information which we believe is necessary. Please read it carefully and notify us immediately if it contains any errors or omissions. You are responsible for ensuring the accuracy of all information published. You may not change the text of the notice without prior approval from the TCEQ.

#### **Newspaper Notice**

- You must publish the enclosed Notice of Hearing no less than **30** days before the hearing.
- You must publish the enclosed Notice of Hearing at least once and at your expense, in a newspaper that is regularly published or circulated in each county where, by virtue of the county's geographical relation to the subject matter of the hearing, a person may reasonably believe persons reside who may be affected by the action that may be taken as a result of the hearing. A list of the appropriate counties provided by the executive director is described in the cover letter.

#### **Proof of Publication**

- For each published notice, you must submit proof of publication that shows the notice, the date of publication, and the name of the newspaper to the Office of the Chief Clerk within **10 business days** after the date of publication. Acceptable proof of publication is 1) a copy of the published notice or 2) the original newspaper clipping of the published notice. If you choose to submit a copy of the published notice to the Office of the Chief Clerk, the copy must be on standard-size 8½" x 11" paper and must show

the actual size of the published notice (do not reduce the image when making copies). Published notices longer than 11" must be copied onto multiple 8½" x 11" pages. Please note, submitting a copy of your published notice could result in faster processing of your application. It is recommended that you maintain the original newspaper clipping or tear sheet of the notice for your records.

- You must submit a **publisher's affidavit** to the Office of the Chief Clerk within **30 calendar days** after the date of publication. **You must use the enclosed affidavit form.** The affidavit must clearly identify the applicant's name and permit number.
- You are encouraged to submit the affidavit with the proof of publication described above; however, the affidavit must be submitted no later than **30 calendar days** after publication of notice.
- The **publisher's affidavit** and **proof of publication of each published notice** may be filed with the Chief Clerk electronically at [www.tceq.texas.gov/goto/efilings](http://www.tceq.texas.gov/goto/efilings) or mailed to:

TCEQ  
Office of the Chief Clerk, MC 105  
Attn: SOAH Docket Clerk  
P.O. Box 13087  
Austin, Texas 78711-3087

- Please ensure that the affidavit you send to the Chief Clerk is original and that all blanks on the affidavit are filled in correctly.

### **Failure to Publish and Submit Proof of Publication**

You must meet all publication requirements. **If you fail to publish the notice or submit proof of publication *on time***, the TCEQ may suspend further processing of your application or take other actions.

### **General Information**

When contacting the Commission regarding this application, please refer to the permit number and TCEQ Docket number at the top of the Notice of Hearing.

If you have questions or need assistance regarding this notice, please contact the staff attorney listed in the cover letter or the SOAH Docket Clerk in the Office of the Chief Clerk at (512) 239-3300.

## Texas Commission on Environmental Quality

### NOTICE OF SECOND PUBLIC MEETING FOR TPDES PERMIT FOR MUNICIPAL WASTEWATER

NEW

**PERMIT NO. WQ0016148001**

**APPLICATION.** Greenwood Ventures Group LLC, 101 Parklane Boulevard, Suite 102, Sugar Land, Texas 77478, has applied to the Texas Commission on Environmental Quality (TCEQ) for new Texas Pollutant Discharge Elimination System (TPDES) Permit No. WQ0016148001, to authorize the discharge of treated domestic wastewater at a daily average flow not to exceed 975,000 gallons per day. TCEQ received this application on April 20, 2022.

The facility will be located approximately 1.87 miles southwest of the intersection of County Road 214 and U.S. Highway 183, in Caldwell County, Texas 78644. The treated effluent will be discharged to an unnamed tributary, thence to a second unnamed tributary, thence to West Fork Plum Creek, thence to Plum Creek in Segment No. 1810 of the Guadalupe River Basin. The unclassified receiving water uses are minimal aquatic life use for unnamed tributary and limited aquatic life use for West Fork Plum Creek (intermittent with pools), and high aquatic life use for West Fork Plum Creek (perennial). The designated uses for Segment No. 1810 are primary contact recreation, aquifer protection, and high aquatic life use. In accordance with 30 Texas Administrative Code § 307.5 and the TCEQ's *Procedure to Implement the Texas Surface Water Quality Standards* (June 2010), an antidegradation review of the receiving waters was performed. A Tier 1 antidegradation review has preliminarily determined that existing water quality uses will not be impaired by this permit action. Numerical and narrative criteria to protect existing uses will be maintained. A Tier 2 review has preliminarily determined that no significant degradation of water quality is expected West Fork Plum Creek (perennial portion) and Plum Creek, which have been identified as high aquatic life use. Existing uses will be maintained and protected. The preliminary determination can be reexamined and may be modified if new information is received. For the exact location, refer to the application.

The TCEQ Executive Director has completed the technical review of the application and prepared a draft permit. The draft permit, if approved, would establish the conditions under which the facility must operate. The Executive Director has made a preliminary decision that this permit, if issued, meets all statutory and regulatory

San Marcos.

Ward said he was a member of Lockhart High School's Class of 1984, "The best class that's ever come out of Lockhart."

Also attending the St. John Colony Juneteenth grounds on this occasion were Caldwell County Sheriff Mike Lane, new Lockhart Police Chief Gary Williamson, County Commissioner Daryl Thomas, County Environmental Investigator Alberto Luna, and Lockhart City Councilmembers Jeffry Mickelson and Brad Westmoreland.

Juneteenth will be celebrated this year in Texas for the 158th year. St. John Colony was founded in 1872 by 14 families fleeing racist violence in Bastrop County.

"We're here today because this is home," Ward said. "This started out with 14 families. They had a vision that we would have something here, a piece of property that was owned that people could always come back to and some place to go for Juneteenth. Now it's a national holiday, so we're getting 300, 400 people out here and we need to improve the grounds. We continue to have more and more people out here. It's pretty amazing. The Hills have done one heck of a job of maintaining what was left here. Putting in the work and doing what they're doing is unbelievable."

Marshall Hill said

the \$25,000 would help upgrade the Community Center, which needs air conditioning, among other things. The Community Center is 1,200 square feet.

"People that have full-time jobs come out here and help in the evenings and on week-ends," Hill said.

Ward, who founded MW Logistics in 2001, said he has been blessed and owes it all to his home.

"You won't find me anywhere not talking about Lockhart," Ward said. "You're gonna know where I'm from and you're gonna know where the best barbecue is. I'm always bragging about my home because I'm proud. Without coming up out of these sticks I would not be who I am today. I learned a lot. I learned a lot of good and I learned a lot of bad, but all of that made me who I was."

There will be a work day on June 3 at the Juneteenth grounds and Hill asked that anyone that can help in any manner to please come to the St. John Colony Juneteenth grounds as they get things spruced up for the Juneteenth Day (June 17)

"There's a lot of good people in Lockhart, Dale and St. John Colony," Ward said. "A lot of people have come out of here with greatness. I do believe there are some kids in our community that are just as great as those who have come through already."

## Texas House expels Slaton, first member ousted since 1927

### Texas Tribune

The Texas House unanimously voted to expel Bryan Slaton on Tuesday, one day after the Royse City Republican submitted his resignation after an internal investigation determined that he had an inappropriate sexual relationship with an aide.

Upon a 147-0 vote after a solemn, sometimes angry and at times tearful recounting of Slaton's inappropriate relationship with a 19-year-old aide, Slaton became the first member of the Texas Legislature to be cast out of office since 1927.

Support of two-thirds of the House was needed for expulsion.

Slaton's nameplate was immediately removed from his desk and from the vote tally board at the front of the House chamber.

Slaton's expulsion followed an almost month-long examination by the House General Investigating Committee after receiving complaints of Slaton's behavior from three Capitol employees and four representatives. On Saturday, the committee released a 16-page report detailing actions taken by Slaton, 45, in furnish-

ing the young woman with large amounts of alcohol before the April 1 encounter and recommending that Slaton be expelled from the House.

Ahead of the vote, members of the committee briefly outlined the "unpleasant" and "graphic" allegations and noted that Slaton had not disputed them and still had not expressed remorse or regret. They also said Slaton likely committed multiple crimes, including providing alcohol to a minor.

"This Texas House is not going to hear from multiple complainants about serious and alarming facts and then turn the other cheek or simply slap a member on the wrist," Rep. Andrew Murr, a Junction Republican who leads the investigating committee, told the House.

"My heart breaks," Murr said, his voice growing thick. "I suspect that yours does too."

In a heartfelt speech, Rep. Ann Johnson, D-Houston, said Slaton had exhibited a "systematic pattern of manipulation" and questioned whether the aide was able to consent at the time of the encounter.

**Comisión de Calidad Ambiental del Estado de Texas**

**AVISO DE RECIBO DE LA SOLICITUD Y EL INTENTO DE OBTENER PERMISO PARA LA CALIDAD DEL AGUA**

**PERMISO PROPUESTO NO. WQ0016220001**

SOLICITUD. Tack Redwood Partners, 230 Klattenhoff Lane, Suite 100, Hutto, Texas 78634, ha solicitado a la Comisión de Calidad Ambiental del Estado de Texas (TCEQ) para el propuesto Permiso No. WQ0016220001 (EPA I.D. No. TX0143311) del Sistema de Eliminación/Descargas de Contaminantes de Texas (TPDES) para autorizar la descarga de aguas residuales tratadas en un volumen que no sobrepasa un flujo promedio diario de 423,000 galones por día. La instalación de tratamiento de aguas residuales domésticas estará ubicada aproximadamente a 0.7 millas al suroeste de la intersección de State Highway 142 y County Road 241, en el condado de Caldwell, Texas 78644. La ruta de descarga es del sitio de la planta a hasta Big West Fork Plum Creek, de allí a West Fork Plum Creek, de allí a Plum Creek, de allí a Lower San Marcos River. La TCEQ recibió esta solicitud el 13 de septiembre de 2022. La solicitud para el permiso está disponible para leerla y copiarla en la Biblioteca Dr. Eugene Clark, 217 South Main Street, Lockhart, Texas. Este enlace a un mapa electrónico de la ubicación general del sitio o de la instalación es proporcionado como una cortesía y no es parte de la solicitud o del aviso. Para la ubicación exacta, consulte la solicitud.

**Comisión de Calidad Ambiental de Texas**

**AVISO DE SEGUNDA REUNIÓN PÚBLICA PARA EL PERMISO TPDES PARA AGUAS RESIDUALES MUNICIPALES NUEVO**

**PERMISO N.º WQ0016148001**

SOLICITUD. Greenwood Ventures Group LLC, 101 Parklane Boulevard, Suite 102, Sugar Land, Texas 77478, ha solicitado a la Comisión de Calidad Ambiental de Texas (TCEQ, por sus siglas en inglés) el nuevo Permiso N.º WQ0016148001, para autorizar la descarga de aguas residuales domésticas tratadas a un flujo promedio diario que no exceda los 975,000 galones por día. La TCEQ recibió esta solicitud el 20 de abril del 2022.

La instalación estará ubicada aproximadamente a 1.87 millas al suroeste de la intersección de County Road 214 y U.S. Highway 183, en el Condado de Caldwell, Texas 78644. El efluente tratado se descargará a un afluente sin nombre, de allí a un segundo afluente sin nombre, de allí a West Fork Plum Creek, de allí a Plum Creek en el Segmento N.º 1810 de la cuenca del río Guadalupe. Los usos no clasificados del agua receptora son el uso mínimo de la vida acuática para los afluentes sin nombre y el uso limitado de la vida acuática para West Fork Plum Creek (intermitente con piscinas), y el uso de vida acuática alta para West Fork Plum Creek (perenne). Los usos designados para el segmento N.º 1810 son recreación de contacto primario, protección de acuíferos y alto uso de vida acuática. De acuerdo con 30 Código Administrativo de Texas § 307.5 y el Procedimiento de la TCEQ para Implementar los Estándares de Calidad del Agua Superficial de Texas (junio del 2010), se realizó una revisión antidegradación de las aguas receptoras. Una revisión antidegradación de Nivel 1 ha determinado preliminarmente que los usos existentes de la calidad del agua no se verán afectados por esta acción de permiso. Se mantendrán criterios numéricos y narrativos para proteger los usos existentes. Una revisión de Nivel 2 ha determinado preliminarmente que no se espera una degradación significativa de la calidad del agua West Fork Plum Creek (parte perenne) y Plum Creek, que han sido identificados como de alto uso de vida acuática. Los usos existentes se mantendrán y protegerán. La determinación preliminar puede ser reexaminada y puede ser modificada si se recibe nueva información. Para conocer la ubicación exacta, consulte la solicitud.

**COMENTARIO PUBLICO / REUNION PUBLICA.** Usted puede presentar comentarios públicos o pedir una reunión pública sobre esta solicitud. El propósito de una reunión pública es dar la oportunidad de presentar comentarios o hacer preguntas acerca de la solicitud. La TCEQ realiza una reunión pública si el Director Ejecutivo determina que hay un grado de interés público suficiente en la solicitud o si un legislador local lo pide. Una reunión pública no es una audiencia administrativa de lo contencioso.

**OPORTUNIDAD DE UNA AUDIENCIA ADMINISTRATIVA DE LO CONTENCIOSO.** Después del plazo para presentar comentarios públicos, el Director Ejecutivo considerará todos los comentarios recibidos y preparará una respuesta a todos los comentarios públicos esenciales, pertinentes, o significativos. A menos que la solicitud haya sido referida directamente a una audiencia administrativa de lo contencioso, la respuesta a los comentarios y la decisión del Director Ejecutivo

El Director Ejecutivo de la TCEQ ha completado la revisión técnica de la solicitud y ha preparado un bosquejo de permiso. El bosquejo de permiso, si se aprueba, establecerá las condiciones bajo las cuales la instalación debe operar. El Director

**COMENTARIO PÚBLICO / REUNIÓN PÚBLICA.** Se llevará a cabo una segunda reunión pública que constará de dos partes, un período de discusión informal y un período formal de comentarios. Una reunión pública no es una audiencia de caso impugnado en virtud de la Ley de Procedimiento Administrativo. Durante el Período de Discusión Informal, se alentará al público a hacer preguntas al solicitante y al personal de la TCEQ sobre la solicitud de permiso. Los comentarios y preguntas presentadas oralmente durante el Período de Discusión Informal no serán considerados antes de que se llegue a una decisión sobre la solicitud de permiso y no se dará una respuesta formal. Las respuestas se proporcionarán oralmente durante el período de debate oficioso. Durante el Período de comentarios formales sobre la solicitud de permiso, los miembros del público pueden declarar sus comentarios formales oralmente en el registro oficial. El Director Ejecutivo preparará una respuesta por escrito a todas las observaciones oportunas, pertinentes y materiales, o significativas. Todos los comentarios formales serán considerados antes de llegar a una decisión sobre la solicitud de permiso. Se enviará una copia de la respuesta por escrito a cada persona que envíe un comentario formal o que haya solicitado estar en la lista de correo para esta solicitud de permiso y proporcione una dirección postal. Solo se pueden considerar las cuestiones relevantes y materiales planteadas durante el Período de Comentarios Formales si se concede una audiencia de caso impugnado sobre esta solicitud de permiso.

Después del cierre de todos los períodos de comentarios y de petición que aplican, el Director Ejecutivo enviará la solicitud y cualquier petición para reconsideración o para una audiencia de caso impugnado a los Comisionados de la TCEQ para su consideración durante una reunión programada de la Comisión. La Comisión sólo puede conceder una solicitud de una audiencia de caso impugnado sobre los temas que el solicitante haya presentado en sus comentarios oportunos que no fueron retirados posteriormente. Si se concede una audiencia, el tema de la audiencia estará limitado a cuestiones de hecho en disputa o cuestiones mixtas de hecho y de derecho relacionadas a intereses pertinentes y materiales de calidad del agua que se hayan presentado durante el período de comentarios.

LISTA DE CORREO. Si somete comentarios públicos, un pedido para una audiencia administrativa de lo contencioso o una reconsideración de la decisión del Director Ejecutivo, la Oficina del Secretario Principal enviará por correo los avisos públicos en relación con la solicitud. Además, puede pedir que la Oficina ponga su nombre en una o más de las listas de correo siguientes (1) la lista de correo permanente para recibir los avisos de el solicitante indicado por nombre y número del permiso específico y/o (2) la lista de correo de todas las solicitudes en un condado específico. Si desea que se agregue su nombre en una de las listas designe cual lista(s) y envía por correo su pedido a la Oficina del Secretario Principal de la TCEQ.

CONTACTOS E INFORMACIÓN A LA AGENCIA. Todos los comentarios públicos y solicitudes deben ser presentadas electrónicamente vía <http://www14.tceq.texas.gov/eplc/eComment/> o por escrito dirigidos a la Comisión de Texas de Calidad Ambiental, Oficina de la Secretaría (Office of Chief Clerk), MC-105, P.O. Box 13087, Austin, Texas 78711-3087. Tenga en cuenta que cualquier información personal que usted proporcione, incluyendo su nombre, número de teléfono, dirección de correo electrónico y dirección física pasarán a formar parte del registro público de la Agencia. Para obtener más información acerca de esta solicitud de permiso o el proceso de permisos, llame al programa de educación pública de la TCEQ, gratis, al 1-800-687-4040. Si desea información en Español, puede llamar al 1-800-687-4040.

También se puede obtener información adicional de Tack Redwood Partners a la dirección indicada arriba o llamando al Sr. Andy Barrett, Abogado, Andy Barrett & Associates, PLLC, al 512-217-4956.

Fecha de emisión el 19 de octubre de 2022.

**COMENTARIO PÚBLICO / REUNIÓN PÚBLICA.** Se llevará a cabo una segunda reunión pública que constará de dos partes, un período de discusión informal y un período formal de comentarios. Una reunión pública no es una audiencia de caso impugnado en virtud de la Ley de Procedimiento Administrativo. Durante el Período de Discusión Informal, se alentará al público a hacer preguntas al solicitante y al personal de la TCEQ sobre la solicitud de permiso. Los comentarios y preguntas presentadas oralmente durante el Período de Discusión Informal no serán considerados antes de que se llegue a una decisión sobre la solicitud de permiso y no se dará una respuesta formal. Las respuestas se proporcionarán oralmente durante el período de debate oficioso. Durante el Período de comentarios formales sobre la solicitud de permiso, los miembros del público pueden declarar sus comentarios formales oralmente en el registro oficial. El Director Ejecutivo preparará una respuesta por escrito a todas las observaciones oportunas, pertinentes y materiales, o significativas. Todos los comentarios formales serán considerados antes de llegar a una decisión sobre la solicitud de permiso. Se enviará una copia de la respuesta por escrito a cada persona que envíe un comentario formal o que haya solicitado estar en la lista de correo para esta solicitud de permiso y proporcione una dirección postal. Solo se pueden considerar las cuestiones relevantes y materiales planteadas durante el Período de Comentarios Formales si se concede una audiencia de caso impugnado sobre esta solicitud de permiso.

La reunión pública se convocará:

martes, 13 de junio del 2023  
a las 7:00 PM  
Lockhart Evening Lions Club  
220 Burkin Lane  
Lockhart, Texas 78644

**INFORMACIÓN.** Se alienta a los miembros del público a enviar comentarios por escrito en cualquier momento durante la reunión o por correo antes del cierre del período de comentarios públicos a Office of the Chief Clerk, TCEQ, Mail Code MC-105, P.O. Box 13087, Austin, TX 78711-3087 o electrónicamente en [www.tceq.texas.gov/eplc/comment/](http://www.tceq.texas.gov/eplc/comment/). ## Instructions to Publish Notice for Public Meeting

The Executive Director has determined that a public meeting should be held for your permit application. The Chief Clerk has issued mailed notice, and now you must publish notice of the meeting in a newspaper.

### Newspaper Notice

Please publish the enclosed notice of public meeting, at your expense, in a newspaper that is regularly published or circulated within each county where the proposed facility is located and in each county affected by the discharge. **The entire notice must be published once, including all text from 'NOTICE OF PUBLIC MEETING . . .'** through the issued date. **While it is not required, we recommend that the notice be at least 15 square inches (96.8 square centimeters), with the shortest dimension at least three inches (7.6 centimeters) in size.** Also, if feasible, we recommend that the notice be published in a regular section of the paper, rather than in the classified advertising section. Please publish the notice as soon as possible, but not later than 30 calendar days prior to the date of the public meeting.

### Proof of Publication

Please submit an **original newspaper clipping** of the published notice, and a sworn affidavit completed by the newspaper giving the date on which the notice was published and listing the pertinent counties of newspaper circulation. The enclosed affidavit includes all the information needed. Therefore, please ask the newspaper to use this form. Please file the newspaper clipping and affidavit of publication with the Office of the Chief Clerk within 10 days after the notice is published.

### Submission Requirements

The newspaper clipping and affidavit should be mailed to:

TCEQ  
Office of the Chief Clerk, MC 105  
P.O. Box 13087  
Austin, Texas 78711-3087

Please send an original newspaper clipping, rather than photocopies. Also, please be sure the affidavit of publication is completely filled out and is properly executed.

## NOTICE OF SECOND PUBLIC MEETING FOR TPDES PERMIT FOR MUNICIPAL WASTEWATER

NEW

**PERMIT NO. WQ0016148001**

**APPLICATION.** Greenwood Ventures Group LLC, 101 Parklane Boulevard, Suite 102, Sugar Land, Texas 77478, has applied to the Texas Commission on Environmental Quality (TCEQ) for new Texas Pollutant Discharge Elimination System (TPDES) Permit No. WQ0016148001, to authorize the discharge of treated domestic wastewater at a daily average flow not to exceed 975,000 gallons per day. TCEQ received this application on April 20, 2022.

The facility will be located approximately 1.87 miles southwest of the intersection of County Road 214 and U.S. Highway 183, in Caldwell County, Texas 78644. The treated effluent will be discharged to an unnamed tributary, thence to a second unnamed tributary, thence to West Fork Plum Creek, thence to Plum Creek in Segment No. 1810 of the Guadalupe River Basin. The unclassified receiving water uses are minimal aquatic life use for unnamed tributary and limited aquatic life use for West Fork Plum Creek (intermittent with pools), and high aquatic life use for West Fork Plum Creek (perennial). The designated uses for Segment No. 1810 are primary contact recreation, aquifer protection, and high aquatic life use. In accordance with 30 Texas Administrative Code § 307.5 and the TCEQ's *Procedure to Implement the Texas Surface Water Quality Standards* (June 2010), an antidegradation review of the receiving waters was performed. A Tier 1 antidegradation review has preliminarily determined that existing water quality uses will not be impaired by this permit action. Numerical and narrative criteria to protect existing uses will be maintained. A Tier 2 review has preliminarily determined that no significant degradation of water quality is expected West Fork Plum Creek (perennial portion) and Plum Creek, which have been identified as high aquatic life use. Existing uses will be maintained and protected. The preliminary determination can be reexamined and may be modified if new information is received. For the exact location, refer to the application. <https://tceq.maps.arcgis.com/apps/webappviewer/index.html?id=db5bac44afbc468bbddd36of816825of&marker=-97.700833%2C29.796111&level=12>

The TCEQ Executive Director has completed the technical review of the application and prepared a draft permit. The draft permit, if approved, would establish the conditions under which the facility must operate. The Executive Director has made a preliminary decision that this permit, if issued, meets all statutory and regulatory requirements.

**ALTERNATIVE LANGUAGE NOTICE.** Alternative language notice in Spanish is available at <https://www.tceq.texas.gov/permitting/wastewater/plain-language-summaries-and-public-notice>. El aviso de idioma alternativo en español está disponible en <https://www.tceq.texas.gov/permitting/wastewater/plain-language-summaries-and-public-notice>.

**PUBLIC COMMENT / PUBLIC MEETING.** A second public meeting will be held and will consist of two parts, an Informal Discussion Period and a Formal Comment Period. A public meeting is not a contested case hearing under the Administrative Procedure Act. During the Informal Discussion Period, the public will be encouraged to ask questions of the applicant and TCEQ staff concerning the permit application. The comments and questions submitted orally during the Informal Discussion Period will not be considered before a decision is reached on the permit application and no formal response will be made. Responses will be provided orally during the Informal Discussion Period. During the Formal Comment Period on the permit application, members of the public may state their formal comments orally into the official record. A written response to all timely, relevant and material, or significant comments will be prepared by the Executive Director. All formal comments will be considered before a decision is reached on the permit application. A copy of the written response will be sent to each person who submits a formal comment or who requested to be on the mailing list for this permit application and provides a mailing address. Only relevant and material issues raised during the Formal Comment Period can be considered if a contested case hearing is granted on this permit application.

**The Public Meeting is to be held:**

**Tuesday, June 13, 2023 at 7:00 PM  
Lockhart Evening Lions Club  
220 Bufkin Lane  
Lockhart, Texas 78644**

**INFORMATION.** Members of the public are encouraged to submit written comments anytime during the meeting or by mail before the close of the public comment period to the Office of the Chief Clerk, TCEQ, Mail Code MC-105, P.O. Box 13087, Austin, TX 78711-3087 or electronically at [www.tceq.texas.gov/goto/comment](http://www.tceq.texas.gov/goto/comment). If you need more information about the permit application or the permitting process, please call the TCEQ Public Education Program, Toll Free, at 1-800-687-4040. *Si desea información en Español, puede llamar 1-800-687-4040.* General information about the TCEQ can be found at our web site at <https://www.tceq.texas.gov>.

The permit application, Executive Director's preliminary decision, and draft permit are available for viewing and copying at Lockhart City Hall, 308 West San Antonio Street, Lockhart, Texas. Further information may also be obtained from Greenwood Ventures Group LLC at the address stated above or by calling Mr. Daniel Ryan, P.E., LJA Engineering, Inc, at 512-439-4700.

Persons with disabilities who need special accommodations at the meeting should call the Office of the Chief Clerk at (512) 239-3300 or 1-800-RELAY-TX (TDD) at least five business days prior to the meeting.

## Comisión de Calidad Ambiental de Texas

### AVISO DE SEGUNDA REUNIÓN PÚBLICA PARA EL PERMISO TPDES PARA AGUAS RESIDUALES MUNICIPALES

NUEVO

#### PERMISO N.º WQ0016148001

**SOLICITUD.** Greenwood Ventures Group LLC, 101 Parklane Boulevard, Suite 102, Sugar Land, Texas 77478, ha solicitado a la Comisión de Calidad Ambiental de Texas (TCEQ, por sus siglas en inglés) el nuevo Permiso N.º WQ0016148001, para autorizar la descarga de aguas residuales domésticas tratadas a un flujo promedio diario que no exceda los 975,000 galones por día. La TCEQ recibió esta solicitud el 20 de abril del 2022.

La instalación estará ubicada aproximadamente a 1.87 millas al suroeste de la intersección de County Road 214 y U.S. Highway 183, en el Condado de Caldwell, Texas 78644. El efluente tratado se descargará a un afluente sin nombre, de allí a un segundo afluente sin nombre, de allí a West Fork Plum Creek, de allí a Plum Creek en el Segmento N.º 1810 de la cuenca del río Guadalupe. Los usos no clasificados del agua receptora son el uso mínimo de la vida acuática para los afluentes sin nombre y el uso limitado de la vida acuática para West Fork Plum Creek (intermitente con piscinas), y el uso de vida acuática alta para West Fork Plum Creek (perenne). Los usos designados para el segmento N.º 1810 son recreación de contacto primario, protección de acuíferos y alto uso de vida acuática. De acuerdo con 30 Código Administrativo de Texas § 307.5 y el Procedimiento de la TCEQ *para implementar los Estándares de Calidad del Agua Superficial de Texas* (junio del 2010), se realizó una revisión antidegradación de las aguas receptoras. Una revisión antidegradación de Nivel 1 ha determinado preliminarmente que los usos existentes de la calidad del agua no se verán afectados por esta acción de permiso. Se mantendrán criterios numéricos y narrativos para proteger los usos existentes. Una revisión de Nivel 2 ha determinado preliminarmente que no se espera una degradación significativa de la calidad del agua West Fork Plum Creek (parte perenne) y Plum Creek, que han sido identificados como de alto uso de vida acuática. Los usos existentes se mantendrán y protegerán. La determinación preliminar puede ser reexaminada y puede ser modificada si se recibe nueva información. Para conocer la ubicación exacta, consulte la solicitud.

El Director Ejecutivo de la TCEQ ha completado la revisión técnica de la solicitud y ha preparado un bosquejo de permiso. El bosquejo de permiso, si se aprueba, establecería las condiciones bajo las cuales la instalación debe operar. El Director Ejecutivo ha adoptado una decisión preliminar de que este permiso, si se expide, cumple todos los requisitos legales y reglamentarios.

**COMENTARIO PÚBLICO / REUNIÓN PÚBLICA.** Se llevará a cabo una segunda reunión pública que constará de dos partes, un período de discusión informal y un período formal de comentarios. Una reunión pública no es una audiencia de caso impugnado en virtud de la Ley de Procedimiento Administrativo. Durante el Período de Discusión Informal, se alentará al público a hacer preguntas al solicitante y al personal de la TCEQ sobre la solicitud de permiso. Los comentarios y preguntas presentadas oralmente durante el Período de Discusión Informal no serán considerados antes de que se llegue a una decisión sobre la solicitud de permiso y no se dará una respuesta formal. Las respuestas se proporcionarán oralmente durante el período de debate oficioso. Durante el Período de comentarios formales sobre la solicitud de permiso, los miembros del público pueden declarar sus comentarios formales oralmente en el registro oficial. El Director Ejecutivo preparará una respuesta por escrito a todas las observaciones oportunas, pertinentes y materiales, o significativas. Todos los comentarios formales serán considerados antes de llegar a una decisión sobre la solicitud de permiso. Se enviará una copia de la respuesta por escrito a cada persona que envíe un comentario formal o que haya solicitado estar en la lista de correo para esta solicitud de permiso y proporcione una dirección postal. Solo se pueden considerar las cuestiones relevantes y materiales planteadas durante el Período de Comentarios Formales si se concede una audiencia de caso impugnado sobre esta solicitud de permiso.

**La reunión pública se convocará:**

**martes, 13 de junio del 2023 a las 7:00 PM**  
**Lockhart Evening Lions Club**

## Instructions to Publish Notice for Public Meeting

The Executive Director has determined that a public meeting should be held for your permit application. The Chief Clerk has issued mailed notice, and now you must publish notice of the meeting in a newspaper.

### Newspaper Notice

Please publish the enclosed notice of public meeting, at your expense, in a newspaper that is regularly published or circulated within each county where the proposed facility is located and in each county affected by the discharge. **The entire notice must be published once, including all text from 'NOTICE OF PUBLIC MEETING . . .'** through the issued date. **While it is not required, we recommend that the notice be at least 15 square inches (96.8 square centimeters), with the shortest dimension at least three inches (7.6 centimeters) in size.** Also, if feasible, we recommend that the notice be published in a regular section of the paper, rather than in the classified advertising section. Please publish the notice as soon as possible, but not later than 30 calendar days prior to the date of the public meeting.

### Proof of Publication

Please submit an **original newspaper clipping** of the published notice, and a sworn affidavit completed by the newspaper giving the date on which the notice was published and listing the pertinent counties of newspaper circulation. The enclosed affidavit includes all the information needed. Therefore, please ask the newspaper to use this form. Please file the newspaper clipping and affidavit of publication with the Office of the Chief Clerk within 10 days after the notice is published.

### Submission Requirements

The newspaper clipping and affidavit should be mailed to:

TCEQ  
Office of the Chief Clerk, MC 105  
P.O. Box 13087  
Austin, Texas 78711-3087

Please send an original newspaper clipping, rather than photocopies. Also, please be sure the affidavit of publication is completely filled out and is properly executed.

**Failure to Publish and Submit Proof of Publication**

Proper notice of the public meeting must be given before the public meeting can be held. If you fail to publish the notice or submit the affidavit, we may have to postpone the public meeting, and delay issuance of your permit. Ultimately, your application could be returned. If your application is returned, and you wish to continue with your project, you will need to submit a new application.

**If you are unable publish the notice according to the instructions above, please notify us immediately so that we may reschedule the public meeting.**

**Please Review the Notice**

We have included in the notice all the information which we believe is necessary. Please read it carefully and notify us immediately if it contains any errors or omissions.

**Please Attend the Public Meeting**

The Commission asks that you or your representative appear at the public meeting. Unless you are represented at the meeting, processing of your application may be suspended.

When contacting the Commission regarding this application, please refer to the permit number. If you have questions or need assistance regarding this notice, please contact the Office of the Chief Clerk at (512)239-3300.

## Texas Commission on Environmental Quality

NOTICE OF PUBLIC MEETING  
FOR TPDES PERMIT FOR MUNICIPAL WASTEWATER

NEW

PERMIT NO. WQ0016148001

**APPLICATION.** Greenwood Ventures Group LLC, 101 Parklane Boulevard, Suite 102, Sugar Land, Texas 77478, has applied to the Texas Commission on Environmental Quality (TCEQ) for new Texas Pollutant Discharge Elimination System (TPDES) Permit No. WQ0016148001, to authorize the discharge of treated domestic wastewater at a daily average flow not to exceed 975,000 gallons per day. TCEQ received this application on April 20, 2022.

The facility will be located approximately 1.87 miles southwest of the intersection of County Road 214 and U.S. Highway 183, in Caldwell County, Texas 78644. The treated effluent will be discharged to an unnamed tributary, thence to a second unnamed tributary, thence to West Fork Plum Creek, thence to Plum Creek in Segment No. 1810 of the Guadalupe River Basin. The unclassified receiving water uses are minimal aquatic life use for unnamed tributary and limited aquatic life use for West Fork Plum Creek (intermittent with pools), and high aquatic life use for West Fork Plum Creek (perennial). The designated uses for Segment No. 1810 are primary contact recreation, aquifer protection, and high aquatic life use. In accordance with 30 Texas Administrative Code § 307.5 and the TCEQ's *Procedure to Implement the Texas Surface Water Quality Standards* (June 2010), an antidegradation review of the receiving waters was performed. A Tier 1 antidegradation review has preliminarily determined that existing water quality uses will not be impaired by this permit action. Numerical and narrative criteria to protect existing uses will be maintained. A Tier 2 review has preliminarily determined that no significant degradation of water quality is expected West Fork Plum Creek (perennial portion) and Plum Creek, which have been identified as high aquatic life use. Existing uses will be maintained and protected. The preliminary determination can be reexamined and may be modified if new information is received. For the exact location, refer to the application.

<https://tceq.maps.arcgis.com/apps/webappviewer/index.html?id=db5bac44afbc468bbdd360f8168250f&marker=-97.700833%2C29.796111&level=12>

The TCEQ Executive Director has completed the technical review of the application and prepared a draft permit. The draft permit, if approved, would establish the conditions under which the facility must operate. The Executive Director has made a preliminary decision that this permit, if issued, meets all statutory and regulatory requirements.

**ALTERNATIVE LANGUAGE NOTICE.** Alternative language notice in Spanish is available at <https://www.tceq.texas.gov/permitting/wastewater/plain-language-summaries-and-public-notices>. El aviso de idioma alternativo en español está disponible en <https://www.tceq.texas.gov/permitting/wastewater/plain-language-summaries-and-public-notices>.

**PUBLIC COMMENT / PUBLIC MEETING.** A public meeting will be held and will consist of two parts, an Informal Discussion Period and a Formal Comment Period. A public meeting is not a contested case hearing under the Administrative Procedure Act. During the Informal Discussion Period, the public will be encouraged to ask questions of the applicant and TCEQ staff concerning the permit application. The comments and questions submitted orally during the Informal Discussion Period will not be considered before a decision is reached on the permit application and no formal response will be made. Responses will be provided orally during the Informal Discussion Period. During the Formal Comment Period on the permit application, members of the public may state their formal comments orally into the official record. A written response to all timely, relevant and material, or significant comments will be prepared by the Executive Director. All formal comments will be considered before a decision is reached on the permit application. A copy of the written response will be sent to each person who submits a formal comment or who requested to be on the mailing list for this permit application and provides a mailing address. Only relevant and material issues raised during the Formal Comment Period can be considered if a contested case hearing is granted on this permit application.

## The Public Meeting is to be held:

**Tuesday, March 28, 2023 at  
7:00 PM Lockhart Evening  
Lions Club  
220 Bufkin Lane  
Lockhart, Texas 78644**

**INFORMATION.** Members of the public are encouraged to submit written comments anytime during the meeting or by mail before the close of the public comment period to the Office of the Chief Clerk, TCEQ, Mail Code MC-105, P.O. Box 13087, Austin, TX 78711-3087 or electronically at [www.tceq.texas.gov/goto/comment](http://www.tceq.texas.gov/goto/comment). If you need more information about the permit application or the permitting process, please call the TCEQ Public Education Program, Toll Free, at 1-800-687-4040. *Si desea información en Español, puede llamar 1-800-687-4040.* General information about the TCEQ can be found at our web site at <https://www.tceq.texas.gov>.

The permit application, Executive Director's preliminary decision, and draft permit are available for viewing and copying at Lockhart City Hall, 308 West San Antonio Street, Lockhart, Texas.

Further information may also be obtained from Greenwood Ventures Group LLC at the address stated above or by calling Mr. Daniel Ryan, P.E., LJA Engineering, Inc, at 512-439-4700.

Persons with disabilities who need special accommodations at the meeting should call the Office of the Chief Clerk at (512) 239-3300 or 1-800-RELAY-TX (TDD) at least five business days prior to the meeting.

Library welcomes  
Judy Painter to  
Songwriter event

Evenings with the Songwriter at the historic Dr. Eugene Clark Library in Lockhart opens the 2023 season on Tuesday, Feb. 28, at 7 p.m.

Greg Whitfield was to have been the guest for January, but weather forced a cancellation, and he has been re-scheduled for June.) The monthly series is free to the public and has been hosted and produced by Lockhart songwriter Fletcher Clark for eleven seasons.

Judy Painter is from Chicago originally and started out playing open mics and stages locally in the city and surrounding suburbs. She relocated to Texas in the early 80's and continued to play the folk listening venues in Austin: Chicago House, Colorado Street Café, Saxon Pub, and Cactus Café. Teaming up with her wife, Rose Kimball, in 1991, they played Austin stages and festivals as well as the Woody Guthrie Festival in Oklahoma and the famed Strawberry Music Festival in California. They released two records as a duo, "The Journey" (produced by Fletcher Clark) and "Goodnight Moon." The duo was also featured for a cut on Fletcher's compilation album "Taking Turns."

Songwriting has been a passion for Painter throughout her career. Her songs "Ghost of Billy Grey" and "The Journey" won 2nd place and honorable mention respectively at the Woody Guthrie International Songwriting Contest. She has also received honorable mentions in the Song Door competition.

While Rose is currently taking a break from performing, Judy is getting back at it on the singer-songwriter

circuit. With her guitar in hand and recognizable vocals, she presents well-written, visually compelling songs for all to enjoy.

"I actually swooned when first I heard Judy sing her songs with Rose," recounts Fletcher, "and I boldly pressed the case that I should produce their next CD. My esteem, however, is not merely professional, but familial. It is always a joy to swap songs in a circle with this wonderful talent."

Evenings with the Songwriter began in 2010, bringing artists "to explore the art and craft of songwriting". Celebrated guests in the past have included Tish Hinojosa, Shake Russell, Don Sanders (RIP), Vince Bell, Susan Gibson, Butch Hancock, Christine Albert, Eric Taylor (RIP), Dana Cooper, Ken Gaines, Shelley King, Rex Foster (RIP), Walt Wilkins, and Bianca DeLeon; plus local favorites Jim Muggford, Stoney Gabel, and Talia Bryce; and scores more. The 2023 season will continue with Michael Hearne, Lorrie Singer, Lynn Dowdy McCracken, Greg Whitfield, Dustin Welch, Matthew Wise, Eric Gerber, Mark Jungers, and Halley Anna Finlay.

The ambiance of the Lyceum of the Dr. Eugene Clark Library (oldest continually operating library building in Texas) and the exceptionally attentive audience offer artists an experience unlike any other in their careers. Free to the public, the dedicated staff of Library Director Bertha Martinez make this possible on the last Tuesdays of the month (except December). Local support comes from Old Settlers Music Festival and Lockhart Area Music Association.

Dairy MAX  
Scholarship  
applications open

Dairy MAX GRAND PRAIRIE -- Dairy MAX is committed to strengthening agriculture and sustaining a viable future for dairy farming. One way that Dairy MAX follows through with this commitment is the Dairy MAX scholarship program, which supports local dairy farm families while investing in future generations. Dairy MAX will continue that program this spring and award three \$2,500 academic scholarships. Scholarship applications are now open until March 31.

To be eligible for the Dairy MAX scholarship, students must reside in the Dairy MAX region, be a graduating high school senior or an undergraduate student currently enrolled in college, and be a child of a dairy farmer, child of a dairy farm employee, or an FFA/4-H dairy show participant.

For a full list of eligibility requirements and information about applying, visit [DairyMAX.org/dairy/scholarships](http://DairyMAX.org/dairy/scholarships).

## Comisión de Calidad Ambiental de Texas

### AVISO DE REUNIÓN PÚBLICA PARA EL PERMISO TPDES PARA AGUAS RESIDUALES MUNICIPALES NUEVO PERMISO N.º WQ0016148001

**SOLICITUD.** Greenwood Ventures Group LLC, 101 Parklane Boulevard, Suite 102, Sugar Land, Texas 77478, ha solicitado a la Comisión de Calidad Ambiental de Texas (TCEQ, por sus siglas en inglés) el nuevo Permiso N.º WQ0016148001, para autorizar la descarga de aguas residuales domésticas tratadas a un flujo promedio diario que no exceda los 975,000 galones por día. La TCEQ recibió esta solicitud el 20 de abril del 2022.

La instalación estará ubicada aproximadamente a 1.87 millas al suroeste de la intersección de County Road 214 y U.S. Highway 183, en el Condado de Caldwell, Texas 78644. El efluente tratado se descargará a un afluente sin nombre, de allí a un segundo afluente sin nombre, de allí a West Fork Plum Creek, de allí a Plum Creek en el Segmento N.º 1810 de la cuenca del río Guadalupe. Los usos no clasificados del agua receptora son el uso mínimo de la vida acuática para los afluentes sin nombre y el uso limitado de la vida acuática para West Fork Plum Creek (intermitente con piscinas), y el uso de vida acuática alta para West Fork Plum Creek (perenne).

Los usos designados para el segmento N.º 1810 son recreación de contacto primario, protección de acuíferos y alto uso de vida acuática. De acuerdo con 30 Código Administrativo de Texas § 307.5 y el Procedimiento de TCEQ para implementar los Estándares de Calidad del Agua Superficial de Texas (junio del 2010), se realizó una revisión antidegradación de las aguas receptoras. Una revisión antidegradación de Nivel 1 ha determinado preliminarmente que los usos existentes de la calidad del agua no se verán afectados por esta acción de permiso. Se mantendrán criterios numéricos y narrativos para proteger los usos existentes. Una revisión de Nivel 2 ha determinado preliminarmente que no se espera una degradación significativa de la calidad del agua West Fork Plum Creek (parte perenne) y Plum Creek, que han sido identificados como de alto uso de vida acuática. Los usos existentes se mantendrán y protegerán. La determinación preliminar puede ser reexaminada y puede ser modificada si se recibe nueva información. Para conocer la ubicación exacta, consulte la solicitud.

El Director Ejecutivo de la TCEQ ha completado la revisión técnica de la solicitud y ha preparado un bosquejo de permiso. El bosquejo de permiso, si se aprueba, establecería las condiciones bajo las cuales la instalación debe operar. El Director Ejecutivo ha adoptado una decisión preliminar de que este permiso, si se expide, cumple todos los requisitos legales y reglamentarios.

**COMENTARIO PÚBLICO / REUNIÓN PÚBLICA.** Se llevará a cabo una reunión pública que constará de dos partes, un período de discusión informal y un período formal de comentarios. Una reunión pública no es una audiencia de caso impugnado en virtud de la Ley de Procedimiento Administrativo. Durante el Período de Discusión Informal, se alentará al público a hacer preguntas al solicitante y al personal de la TCEQ sobre la solicitud de permiso. Los comentarios y preguntas presentadas oralmente durante el Período de Discusión Informal no serán considerados antes de que se llegue a una decisión sobre la solicitud de permiso y no se dará una respuesta formal. Las respuestas se proporcionarán oralmente durante el período de debate oficioso. Durante el Período de comentarios formales sobre la solicitud de permiso, los miembros del público pueden declarar sus comentarios formales oralmente en el registro oficial. El Director Ejecutivo preparará una respuesta por escrito a todas las observaciones oportunas, pertinentes y materiales, o significativas. Todos los comentarios formales serán considerados antes de llegar a una decisión sobre la solicitud de permiso. Se enviará una copia de la respuesta por escrito a cada persona que envíe un comentario formal o que haya solicitado estar en la lista de correo para esta solicitud de permiso y proporcione una dirección postal. Solo se pueden considerar las cuestiones relevantes y materiales planteadas durante el Período de Comentarios Formales si se concede una audiencia de caso impugnado sobre esta solicitud de permiso.

La reunión pública se convocará:  
martes, 28 de marzo del 2023 a las 7:00 PM  
Lockhart Evening Lions Club

## NOTICE OF PUBLIC MEETING FOR TPDES PERMIT FOR MUNICIPAL WASTEWATER

NEW

**PERMIT NO. WQ0016148001**

**APPLICATION.** Greenwood Ventures Group LLC, 101 Parklane Boulevard, Suite 102, Sugar Land, Texas 77478, has applied to the Texas Commission on Environmental Quality (TCEQ) for new Texas Pollutant Discharge Elimination System (TPDES) Permit No. WQ0016148001, to authorize the discharge of treated domestic wastewater at a daily average flow not to exceed 975,000 gallons per day. TCEQ received this application on April 20, 2022.

The facility will be located approximately 1.87 miles southwest of the intersection of County Road 214 and U.S. Highway 183, in Caldwell County, Texas 78644. The treated effluent will be discharged to an unnamed tributary, thence to a second unnamed tributary, thence to West Fork Plum Creek, thence to Plum Creek in Segment No. 1810 of the Guadalupe River Basin. The unclassified receiving water uses are minimal aquatic life use for unnamed tributary and limited aquatic life use for West Fork Plum Creek (intermittent with pools), and high aquatic life use for West Fork Plum Creek (perennial). The designated uses for Segment No. 1810 are primary contact recreation, aquifer protection, and high aquatic life use. In accordance with 30 Texas Administrative Code § 307.5 and the TCEQ's *Procedure to Implement the Texas Surface Water Quality Standards* (June 2010), an antidegradation review of the receiving waters was performed. A Tier 1 antidegradation review has preliminarily determined that existing water quality uses will not be impaired by this permit action. Numerical and narrative criteria to protect existing uses will be maintained. A Tier 2 review has preliminarily determined that no significant degradation of water quality is expected West Fork Plum Creek (perennial portion) and Plum Creek, which have been identified as high aquatic life use. Existing uses will be maintained and protected. The preliminary determination can be reexamined and may be modified if new information is received. For the exact location, refer to the application.  
<https://tceq.maps.arcgis.com/apps/webappviewer/index.html?id=db5bac44afbc468bbddd36of816825of&marker=-97.700833%2C29.796111&level=12>

The TCEQ Executive Director has completed the technical review of the application and prepared a draft permit. The draft permit, if approved, would establish the conditions under which the facility must operate. The Executive Director has made a preliminary decision that this permit, if issued, meets all statutory and regulatory requirements.

**ALTERNATIVE LANGUAGE NOTICE.** Alternative language notice in Spanish is available at <https://www.tceq.texas.gov/permitting/wastewater/plain-language-summaries-and-public-notices>. El aviso de idioma alternativo en español está disponible en <https://www.tceq.texas.gov/permitting/wastewater/plain-language-summaries-and-public-notices>.

**PUBLIC COMMENT / PUBLIC MEETING.** A public meeting will be held and will consist of two parts, an Informal Discussion Period and a Formal Comment Period. A public meeting is not a contested case hearing under the Administrative Procedure Act. During the Informal Discussion Period, the public will be encouraged to ask questions of the applicant and TCEQ staff concerning the permit application. The comments and questions submitted orally during the Informal Discussion Period will not be considered before a decision is reached on the permit application and no formal response will be made. Responses will be provided orally during the Informal Discussion Period. During the Formal Comment Period on the permit application, members of the public may state their formal comments orally into the official record. A written response to all timely, relevant and material, or significant comments will be prepared by the Executive Director. All formal comments will be considered before a decision is reached on the permit application. A copy of the written response will be sent to each person who submits a formal comment or who requested to be on the mailing list for this permit application and provides a mailing address. Only relevant and material issues raised during the Formal Comment Period can be considered if a contested case hearing is granted on this permit application.

**The Public Meeting is to be held:**

**Tuesday, March 28, 2023 at 7:00 PM  
Lockhart Evening Lions Club  
220 Bufkin Lane  
Lockhart, Texas 78644**

**INFORMATION.** Members of the public are encouraged to submit written comments anytime during the meeting or by mail before the close of the public comment period to the Office of the Chief Clerk, TCEQ, Mail Code MC-105, P.O. Box 13087, Austin, TX 78711-3087 or electronically at [www.tceq.texas.gov/goto/comment](http://www.tceq.texas.gov/goto/comment). If you need more information about the permit application or the permitting process, please call the TCEQ Public Education Program, Toll Free, at 1-800-687-4040. *Si desea información en Español, puede llamar 1-800-687-4040.* General information about the TCEQ can be found at our web site at <https://www.tceq.texas.gov>.

The permit application, Executive Director's preliminary decision, and draft permit are available for viewing and copying at Lockhart City Hall, 308 West San Antonio Street, Lockhart, Texas. Further information may also be obtained from Greenwood Ventures Group LLC at the address stated above or by calling Mr. Daniel Ryan, P.E., LJA Engineering, Inc, at 512-439-4700.

## Comisión de Calidad Ambiental de Texas

### AVISO DE REUNIÓN PÚBLICA PARA EL PERMISO TPDES PARA AGUAS RESIDUALES MUNICIPALES

NUEVO

PERMISO N.º WQ0016148001

**SOLICITUD.** Greenwood Ventures Group LLC, 101 Parklane Boulevard, Suite 102, Sugar Land, Texas 77478, ha solicitado a la Comisión de Calidad Ambiental de Texas (TCEQ, por sus siglas en inglés) el nuevo Permiso N.º WQ0016148001, para autorizar la descarga de aguas residuales domésticas tratadas a un flujo promedio diario que no exceda los 975,000 galones por día. La TCEQ recibió esta solicitud el 20 de abril del 2022.

La instalación estará ubicada aproximadamente a 1.87 millas al suroeste de la intersección de County Road 214 y U.S. Highway 183, en el Condado de Caldwell, Texas 78644. El efluente tratado se descargará a un afluente sin nombre, de allí a un segundo afluente sin nombre, de allí a West Fork Plum Creek, de allí a Plum Creek en el Segmento N.º 1810 de la cuenca del río Guadalupe. Los usos no clasificados del agua receptora son el uso mínimo de la vida acuática para los afluentes sin nombre y el uso limitado de la vida acuática para West Fork Plum Creek (intermitente con piscinas), y el uso de vida acuática alta para West Fork Plum Creek (perenne). Los usos designados para el segmento N.º 1810 son recreación de contacto primario, protección de acuíferos y alto uso de vida acuática. De acuerdo con 30 Código Administrativo de Texas § 307.5 y el Procedimiento de TCEQ *para implementar los Estándares de Calidad del Agua Superficial de Texas* (junio del 2010), se realizó una revisión antidegradación de las aguas receptoras. Una revisión antidegradación de Nivel 1 ha determinado preliminarmente que los usos existentes de la calidad del agua no se verán afectados por esta acción de permiso. Se mantendrán criterios numéricos y narrativos para proteger los usos existentes. Una revisión de Nivel 2 ha determinado preliminarmente que no se espera una degradación significativa de la calidad del agua West Fork Plum Creek (parte perenne) y Plum Creek, que han sido identificados como de alto uso de vida acuática. Los usos existentes se mantendrán y protegerán. La determinación preliminar puede ser reexaminada y puede ser modificada si se recibe nueva información. Para conocer la ubicación exacta, consulte la solicitud.

El Director Ejecutivo de la TCEQ ha completado la revisión técnica de la solicitud y ha preparado un bosquejo de permiso. El bosquejo de permiso, si se aprueba, establecería las condiciones bajo las cuales la instalación debe operar. El Director Ejecutivo ha adoptado una decisión preliminar de que este permiso, si se expide, cumple todos los requisitos legales y reglamentarios.

**COMENTARIO PÚBLICO / REUNIÓN PÚBLICA.** Se llevará a cabo una reunión pública que constará de dos partes, un período de discusión informal y un período formal de comentarios. Una reunión pública no es una audiencia de caso impugnado en virtud de la Ley de Procedimiento Administrativo. Durante el Período de Discusión Informal, se alentará al público a hacer preguntas al solicitante y al personal de la TCEQ sobre la solicitud de permiso. Los comentarios y preguntas presentadas oralmente durante el Período de Discusión Informal no serán considerados antes de que se llegue a una decisión sobre la solicitud de permiso y no se dará una respuesta formal. Las respuestas se proporcionarán oralmente durante el período de debate oficioso. Durante el Período de comentarios formales sobre la solicitud de permiso, los miembros del público pueden declarar sus comentarios formales oralmente en el registro oficial. El Director Ejecutivo preparará una respuesta por escrito a todas las observaciones oportunas, pertinentes y materiales, o significativas. Todos los comentarios formales serán considerados antes de llegar a una decisión sobre la solicitud de permiso. Se enviará una copia de la respuesta por escrito a cada persona que envíe un comentario formal o que haya solicitado estar en la lista de correo para esta solicitud de permiso y proporcione una dirección postal. Solo se pueden considerar las cuestiones relevantes y materiales planteadas durante el Período de Comentarios Formales si se concede una audiencia de caso impugnado sobre esta solicitud de permiso.

**La reunión pública se convocará:**

**martes, 28 de marzo del 2023 a las 7:00 PM**  
**Lockhart Evening Lions Club**  
**220 Bufkin Lane**  
**Lockhart, Texas 78644**

**INFORMACIÓN.** Se alienta a los miembros del público a enviar comentarios por escrito en cualquier momento durante la reunión o por correo antes del cierre del período de comentarios públicos a Office of the Chief Clerk, TCEQ, Mail Code MC-105, P.O. Box 13087, Austin, TX 78711-3087 o electrónicamente en [www.tceq.texas.gov/goto/comment](http://www.tceq.texas.gov/goto/comment). Si necesita más información sobre la solicitud de permiso o el proceso de permisos, llame al Programa de Educación Pública de la TCEQ, al número gratuito, al 1-800-687-4040. *Si desea información en Español, puede llamar al 1-800-687-4040.* Puede encontrar información general sobre la TCEQ en nuestro sitio web en <https://www.tceq.texas.gov>.

La solicitud de permiso, la decisión preliminar del Director Ejecutivo y el bosquejo del permiso están disponibles para ver y copiar en Lockhart City Hall, 308 West San Antonio Street, Lockhart, Texas. También se puede obtener más información de Greenwood Ventures Group LLC en la dirección indicada anteriormente o llamando al Sr. Daniel Ryan, P.E., LJA Engineering, Inc, al 512-439-4700.

Las personas con discapacidades que necesiten acomodaciones especiales en la reunión deben llamar a la Oficina del Secretario Oficial al (512) 239-3300 o 1-800-RELAY-TX (TDD) al menos cinco días hábiles antes de la reunión.

## Instructions to Publish Notice for Public Meeting

The Executive Director has determined that a public meeting should be held for your permit application. The Chief Clerk has issued mailed notice, and now you must publish notice of the meeting in a newspaper.

### Newspaper Notice

Please publish the enclosed notice of public meeting, at your expense, in a newspaper that is regularly published or circulated within each county where the proposed facility is located and in each county affected by the discharge. **The entire notice must be published once, including all text from 'NOTICE OF PUBLIC MEETING . . . ' through the issued date. While it is not required, we recommend that the notice be at least 15 square inches (96.8 square centimeters), with the shortest dimension at least three inches (7.6 centimeters) in size.** Also, if feasible, we recommend that the notice be published in a regular section of the paper, rather than in the classified advertising section. Please publish the notice as soon as possible, but not later than 30 calendar days prior to the date of the public meeting.

### Proof of Publication

Please submit an **original newspaper clipping** of the published notice, and a sworn affidavit completed by the newspaper giving the date on which the notice was published and listing the pertinent counties of newspaper circulation. The enclosed affidavit includes all the information needed. Therefore, please ask the newspaper to use this form. Please file the newspaper clipping and affidavit of publication with the Office of the Chief Clerk within 10 days after the notice is published.

### Submission Requirements

The newspaper clipping and affidavit should be mailed to:

TCEQ  
Office of the Chief Clerk, MC 105  
P.O. Box 13087  
Austin, Texas 78711-3087

Please send an original newspaper clipping, rather than photocopies. Also, please be sure the affidavit of publication is completely filled out and is properly executed.

### **Failure to Publish and Submit Proof of Publication**

Proper notice of the public meeting must be given before the public meeting can be held. If you fail to publish the notice or submit the affidavit, we may have to postpone the public meeting, and delay issuance of your permit. Ultimately, your application could be returned. If your application is returned, and you wish to continue with your project, you will need to submit a new application.

**If you are unable publish the notice according to the instructions above, please notify us immediately so that we may reschedule the public meeting.**

### **Please Review the Notice**

We have included in the notice all the information which we believe is necessary. Please read it carefully and notify us immediately if it contains any errors or omissions.

### **Please Attend the Public Meeting**

The Commission asks that you or your representative appear at the public meeting. Unless you are represented at the meeting, processing of your application may be suspended.

When contacting the Commission regarding this application, please refer to the permit number. If you have questions or need assistance regarding this notice, please contact the Office of the Chief Clerk at (512)239-3300.

## Texas Commission on Environmental Quality

NOTICE OF APPLICATION AND PRELIMINARY DECISION  
FOR TPDES PERMIT FOR MUNICIPAL WASTEWATERNEW  
PERMIT NO. WQ0016148001

**APPLICATION AND PRELIMINARY DECISION.** Greenwood Ventures Group LLC, 101 Parkland boulevard, Suite 102, Sugar Land, Texas 77478, has applied to the Texas Commission of Environmental Quality (TCEQ) for new Texas Pollutant Discharge Elimination System (TPDES) Permit No. WQ0016148001, to authorize the discharge of treated domestic wastewater at a daily average flow not to exceed 975,000 gallons per day. TCEQ received this application on April 20, 2022.

The facility will be located approximately 1.87 miles southwest of the intersection of County Road 214 and U.S. Highway 183, in Caldwell County, Texas 78644. The treated effluent will be discharged to an unnamed tributary, thence to a second unnamed tributary, thence to West Fork Plum creek, thence to Plum Creek in Segment No. 1810 of the Guadalupe River Basin. The unclassified receiving water uses are minimal aquatic life use for unnamed tributary and limited aquatic life use for West Fork Plum Creek (intermittent with pools), and high aquatic life use for West Fork Plum Creek (perennial). The designated uses for Segment No. 1810 are primary contact recreation, aquifer protection, and high aquatic life use. In accordance with 30 Texas Administrative Code § 307.5 and the TCEQ's *Procedure to Implement the Texas Surface Water Quality Standards* (June 2010), an antidegradation review of the receiving waters was performed. A Tier 1 antidegradation review has preliminarily determined that existing water quality uses will not be impaired by this permit action. Numerical and narrative criteria to protect existing uses will be maintained. A Tier 2 review has preliminarily determined that no significant degradation of water quality is expected West Fork Plum Creek (perennial portion) and Plum Creek, which have been identified as high aquatic life use. Existing uses will be maintained and protected. The preliminary determination can be reexamined and may be modified if new information is received. For the exact location, refer to the application.

<https://tceq.maps.arcgis.com/apps/webappviewer/index.html?id=db5bac44afbc468bbdd360f8168250&marker=-97.7008433%2C29.796111&level=12>

The TCEQ Executive director has completed the technical review of the application and prepared a draft permit. The draft permit, if approved, would establish the conditions under which the facility must operate. The Executive Director has made a preliminary decision that this permit, if issued, meets all statutory and regulatory requirements. The permit application, Executive Director's preliminary decision, and draft permit are available for viewing and copying at Lockhart City Hall, 308 West San Antonio Street, Lockhart, Texas.

**ALTERNATIVE LANGUAGE NOTICE.** Alternative language notice in Spanish available at <https://www.tceq.texas.gov/permitting/wastewater/plain-language-summaries-and-public-notices>. El aviso de idioma alternativo en español está disponible en <https://www.tceq.texas.gov/permitting/wastewater/plain-language-summaries-and-public-notices>.

**PUBLIC COMMENT / PUBLIC MEETING** You may submit public comments or request a public meeting about this application. The purpose of a public meeting is to provide the opportunity to submit comments or to ask questions about the application. TCEQ holds a public meeting if the Executive Director determines that there is a significant degree of public interest in the application or if requested by a local legislator. A public meeting is not a contested case hearing.

**OPPORTUNITY FOR A CONTESTED CASE HEARING.** After the deadline for submitting public comments, the Executive Director will consider all timely comments and prepare a response to all relevant and material or significant public comments. Unless the application is directly referred for a contested case hearing, the response to comments will be mailed to everyone who submitted public comments and to those persons who are on the mailing list for this application. If comments are received, the mailing will also provide instructions for requesting a contested case hearing or reconsideration of the Executive Director's decision. A contested case hearing is a legal proceeding similar to a civil trial in a state district court.

**TO REQUEST A CONTESTED CASE HEARING, YOU MUST INCLUDE THE FOLLOWING ITEMS IN YOUR REQUEST:** your name, address, phone number; applicant's name and proposed permit number; the location and distance of your property/activities relative to the proposed facility; a specified description of how you would be adversely affected by the facility in a way not common to the general public; a list of all disputed issues of fact that you submit during the comment period; and the statement "[I/we] request a contested case hearing." If the request for contested case hearing is filed on behalf of a group or association, the request must designate the group's representative for receiving future correspondence; identify by name and physical address an individual member of the group who would be adversely affected by the proposed facility or activity; provide the information discussed above regarding the affected member's location and distance from the facility or activity; explain how and why the member would be affected; and explain how the interests the group seeks to protect are relevant to the group's purpose.

Following the close of all applicable comment and request periods, the Executive Director will forward the application and any requests for reconsideration or for a contested case hearing to the TCEQ Commissioners for their consideration at a scheduled Commission meeting.

The Commission may only grant a request for a contested case hearing on issues the requestor submitted in their timely comments that were not subsequently withdrawn. If a hearing is granted, the subject of a hearing will be limited to disputed issues of fact or mixed questions of fact and law relating to relevant and material water quality concerns submitted during the comment period.

**EXECUTIVE DIRECTOR ACTION.** The Executive Director may issue final approval of the application under a timely contested case hearing request or request for reconsideration is filed. If a timely hearing request or request for reconsideration is filed, the Executive Director will not issue final approval of the permit and will forward the application and request to the TCEQ Commissioners for their consideration at a scheduled Commission meeting.

**MAILING LIST.** If you submit public comments, a request for a contested case hearing or a reconsideration of the Executive Director's decision, you will be added to the mailing list for this specific application to receive future public notices mailed by the Office of the Chief Clerk. In addition, you may request to be placed on: (1) the permanent mailing list for a specific applicant name and permit number; and/or (2) the mailing list for a specific county. If you wish to be placed on the permanent and/or the county mailing list, clearly specify which list(s) and send your request to TCEQ Office of the Chief Clerk at the address below.

All written public comments and public meeting requests must be submitted to the Office of the Chief Clerk, MC 105, Texas Commission on Environmental Quality, P.O. Box 13087, Austin, TX 78711-3087 or electronically at [www.tceq.texas.gov/goto/comment](http://www.tceq.texas.gov/goto/comment) within 30 days from the date of newspaper publication of this notice.

**INFORMATION AVAILABLE ONLINE.** For details about the status of the application, visit the Commissioner's Integrated Database at [www.tceq.texas.gov/goto/cid](http://www.tceq.texas.gov/goto/cid). Search the database using the permit number for this application, which is provided at the top of this notice.

**AGENCY CONTACTS AND INFORMATION.** Public comments and requests must be submitted either electronically at [www.tceq.texas.gov/goto/comment](http://www.tceq.texas.gov/goto/comment), or in writing to the Texas Commission on Environmental Quality, Office of the Chief Clerk, MC 105, P.O. Box 13087, Austin, Texas 78711-3087. Any personal information you submit to the TCEQ will become part of the agency's record; this includes email addresses. For more information about this permit application or the permitting process, please call the TCEQ Public Education Program, Toll Free, at 1-800-687-4040 or visit their website at [www.tceq.texas.gov/goto/pep](http://www.tceq.texas.gov/goto/pep). ## Martha Jolene Schreiber Williams

October 26, 1936 –  
December 13, 2022

Martha Jolene Schreiber Williams, age 86, passed away peacefully on December 13, 2022, into the loving arms of her Savior. Jolene was born on

October 26, 1936, in Luling to Milton Joe Schreiber and Martha Louise Germer Schreiber. She grew up on her parents' farm in Maxwell and was big sister to Dennis Schreiber and Kathy Matthews. Jolene graduated from Lockhart High in 1954 and attended Texas Lutheran University for two years before marrying her high school sweetheart and love of her life, Perry Gordon Williams, in 1956. They raised five children together until his untimely death in 1978.

After working as a special education teacher's aide for years, Jolene eventually completed her bachelor's degree in education from Texas State University in 1985 where she was also a member of Kappa Delta Pi. She taught special education and second and fourth grade math, science, and social studies in Lockhart and Marble Falls school districts, respectively, before retiring in 2000.

Jolene will best be remembered for her love of shoes. She received her first glass shoe from her Oma Frieda Germer as a child. The two had a special affinity for each other. Jolene was the only grandchild who could speak German with Oma, as German was Jolene's first language. From there her passion ignited to more than 100 shoes in her collection.

From an early age, Jolene enjoyed cooking. She would bargain with her mother to do all the cooking and kitchen clean up in the house just so she would not have to pick cotton in the fields. This is where she really began to perfect her recipes. Her apple and cinnamon coffee cake was a grandkid favorite, as well as her brown beans and Spanish rice at Christmas time.

Not known in her family for loving house work especially, Jolene preferred to focus her time and energies on her creative side. Jolene was a gifted artist who loved painting and jewelry and stain glass making. An avid seamstress, she made countless school clothes and formal dresses over the years. Jolene even made the wedding dress and two bridesmaids dresses for her daughter Melinda's wedding. Her talent also extended to crocheting and embroidery. As a quilter, Jolene had an eye and flair for color and pattern coordination producing some beautiful creations her family will cherish forever.

Retirement saw Jolene travel, have fun with her friends, and enjoy her grandkids and great-grandkids. She even passed on her appreciation of Gershwin music to some of her older granddaughters. She belonged to the Highland Lakes Quilt Guild, Alpha Chi Chapter of Delta Kappa Gamma Society International, and the Red Hats Society. Additionally, Jolene was a charter member of the Falls on the Colorado Museum and took many fun trips with the Bluebonnet Travel Club.

A lifelong Lutheran, Jolene was baptized, confirmed, and married at Ebenezer Lutheran Church in Maxwell, where she grew up playing the church organ. As a young wife and mother, she also played the church organ at St. John's Lutheran Church in Austin when she was a member. Jolene joined St. Peter's Lutheran Church in Marble Falls along with her family in 1976 where she sang in the choir and again served as church organist, as well as church council member in the late 1980s.

Jolene is preceded in death by her parents, Milton and Martha; her beloved Perry; her daughter, Lisa Gaye Williams Copeland; her brother, Dennis; and her great-grandson, Brody Wyatt Sivells.

Although she is already missed greatly, Jolene will live on in the hearts and memories of her loved ones. She is survived by her children, Gordon and Angela Williams; Bryan and Kerry Williams; Melinda Jo and Alan Sivells; Amy and Michael DeLeon; her sister, Kathy; grandchildren Elizabeth Williams (Joseph Carpenter); Krista (Ross) Martin; Taylor (Brittany) Williams; Toby (Becca) Williams; Wesley Williams; Amber (Brett) Cooper; April (Felipe) Martinez; Ashley (Colt) Damuth; Seth (Jenna) Sivells; Caleb (Felicia) Sivells; Joel Sivells, Paul Sivells; Keren Jo Sivells; Luke Sivells; Gabriel Sivells; Anna (Jonathan) Evans; Mark Sivells; Bethany Sivells; Charity Sivells; Grace Sivells; and Andrew Sivells; 24 great-grandchildren; and many other family members and friends.

A visitation will be held on December 16, 2022, from 5 p.m. - 7 p.m. at Clements-Wilcox Funeral Home in Marble Falls. Services celebrating Jolene's life will begin at 10 a.m. on December 17, 2022, at St. Peter's Lutheran Church in Marble Falls with a 2 p.m. graveside service following at Memory Lawn Memorial Park in Martindale.

In memory of Jolene, please consider a donation to St. Peter's Lutheran Church in Marble Falls (<http://stpetersmarblefalls.org/>).

De acuerdo con la 30 TAC §307.5 y  
los procedimientos de implementación  
de la TCEQ (Enero 2010) para  
las Normas de Calidad de Aguas  
Superficiales en Texas, ha realizado  
una revisión de la antidegradación  
de las aguas receptoras. Una revisión  
de antidegradación del Nivel 1 ha  
determinado preliminarmente que los  
usos de la calidad del agua existente  
no serán perjudicados por la acción de  
este permiso. Se mantendrá un control  
reservativo y numérico para proteger los  
usos existentes. Una revisión del Nivel  
2 ha determinado preliminarmente que  
no se espera ninguna degradación  
significativa en West Fork Plum Creek  
por el permiso en Plum Creek, el cual  
se ha identificado que viene sujeto a  
en la vida acuática. Los usos existentes  
serán mantenidos y protegidos. La  
determinación preliminar puede ser  
reexaminada y puede ser modificada,  
si se recibe alguna información nueva.

El Director Ejecutivo de la TCEQ ha  
completado la revisión técnica de la  
solicitud y ha preparado un borrador del  
permiso. El borrador del permiso, si es  
aprobado, establecerá las condiciones  
bajo las cuales la instalación debe  
operar. El Director Ejecutivo ha tomado  
una decisión preliminar que si este  
permiso es emitido, cumple con todos  
los requisitos normativos y legales.  
La solicitud del permiso, la decisión  
preliminar del Director Ejecutivo y el  
borrador del permiso están disponibles

recibir sobre esta solicitud. Si se requiere, el solicitante deberá proporcionar instrucciones para el Director Ejecutivo y para poder una audiencia administrativa de lo contencioso. Una audiencia administrativa de lo contencioso es un procedimiento legal similar a un procedimiento legal civil en un tribunal de distrito del estado.

**PARA SOLICITAR UNA AUDIENCIA DE CASO IMPUGNADO, USTED DEBE INCLUIR EN SU SOLICITUD LOS SIGUIENTES DATOS:** nombre, dirección, y número de teléfono; el nombre del solicitante y número del permiso; la ubicación y distancia de su propiedad/actividad con respecto a la instalación; una descripción específica de la forma cómo usted sería afectado adversamente por el sitio de una manera no común al público en general; una lista de todas las cuestiones de hecho en disputa que usted presente durante el período de comentarios; y la declaración "[Vinculados] solicita/solicitamos una audiencia de caso impugnado". Si presenta la petición para una audiencia de caso impugnado de parte de un grupo o institución, debe identificar una persona que represente al grupo para recibir correspondencia en el futuro; identificar el nombre y la dirección de un miembro del grupo que sería afectado adversamente por la planta y la actividad propuesta; proveer la información indicada anteriormente con respecto a la ubicación del miembro afectado y su distancia de la planta o actividad propuesta; explicar cómo y por qué el miembro sería afectado, y explicar cómo los intereses que el grupo desea proteger son pertinentes al propósito del grupo.

Después del cierre de todos los períodos de comentarios y de petición que aplican, el Director Ejecutivo evaluará la solicitud y cualquier petición para reconsideración o para una audiencia de caso impugnado a las Comisiones de la TCEQ para su consideración durante una reunión programada de la Comisión. La Comisión sólo puede otorgar una solicitud de una audiencia de caso impugnado sobre los temas que el solicitante haya presentado en sus comentarios oportunos que no hayan retirados posteriormente. Si se concede una audiencia, el tema de la audiencia estará limitado a cuestiones de hecho en disputa o cuestiones sobre los hechos y de derecho relacionadas a intereses pertinentes y materiales de calidad del agua que se hayan presentado durante el período de comentarios.

**ACCIÓN DEL DIRECTOR EJECUTIVO**  
 El Director Ejecutivo puede emitir una aprobación final de la solicitud a menos que exista un pedido antes del plazo de vencimiento de una audiencia administrativa de lo contencioso o se ha presentado un pedido de reconsideración. Si un pedido ha llegado antes del plazo de vencimiento de la audiencia o el pedido de reconsideración ha sido presentado, el Director Ejecutivo no emitirá una aprobación final sobre el permiso y enviará la solicitud y el pedido a las Comisiones de la TCEQ para consideración en una reunión programada de la Comisión.

**LISTA DE CORREO.** Si solicita comentarios públicos, un pedido para una audiencia administrativa de lo contencioso o una reconsideración de la decisión del Director Ejecutivo, la Oficina del Secretario Principal enviará por correo las listas públicas en relación con la solicitud. Además, puede pedir que la TCEQ ponga su nombre en una o más de las listas de correo siguientes (1) la lista de correo permanente para recibir los avisos de el solicitante indicado por nombre y número del permiso especificar y/o (2) la lista de correo de todas las solicitudes en un condado específico. Si desea que se agregue su nombre en una de las listas designe cual lista(s) y envíe por correo su pedido a la Oficina del Secretario Principal de la TCEQ.

Todos los comentarios escritos del público y los pedidos una reunión deben ser presentados durante los 30 días después de la publicación del aviso a la Oficina del Secretario Principal, MC 105, TCEQ, P.O. DEAR MR RYAN :

The executive director has completed the technical review of the above referenced application and has prepared a preliminary decision and draft permit.

You are now required to publish another notice of your proposed activity. To help you meet the requirements associated with this notice, we have included the following items:

- Instructions for Public Notice
- Notice for Newspaper Publication
- Publisher's Affidavit
- Draft Permit
- Executive Director's Preliminary Decision
- Public Notice Verification Form

You must follow all the directions in the enclosed instructions. The most common mistakes are the unauthorized changing of notice, wording, or font. If you fail to follow these instructions, you may be required to republish the notices.

The following requirements are also described in the enclosed instructions. However, due to their importance, they are highlighted here as well.

P.O. Box 13087 • Austin, Texas 78711-3087 • 512-239-1000 • [tceq.texas.gov](http://tceq.texas.gov)

printed on recycled paper

- You must publish the enclosed notice as soon as possible, but no later than 45 days from the date on the cover letter. **You may be required to publish the notice in more than one newspaper, including a newspaper published in an alternative language, to satisfy all of the notice requirements.**
- On or before the date you publish notice, you must place the following items in a public place in the county where the facility is or will be located: (a) a copy of your permit application, including any subsequent revisions; (b) the executive director's preliminary decision as contained in the technical summary and fact sheet; and (c) the draft permit, including any subsequent revisions. These items must be accessible to the public for review and copying, must be updated to reflect changes to the application, and must remain in place until the commission has taken action on the application or the commission refers issues to the State Office of Administrative Hearings.
- For each publication, submit proof of publication of the notice that shows the publication date and newspaper name to the Office of the Chief Clerk within **30 calendar days** after notice is published in the newspaper.
- Return the original enclosed Public Notice Verification and the Publisher's Affidavits to the Office of the Chief Clerk within **30 calendar days** after the notice is published in the newspaper.

If you do not comply with all the requirements described in the instructions, further processing of your application may be suspended or the agency may take other actions.

If you have any questions regarding publication requirements, please contact the Office of Legal Services at 512-239-0600. If you have any questions regarding the content of the notice, please contact the individual in the permitting area assigned to your application.

Sincerely,

Laurie Gharis  
Chief Clerk

**Texas Commission on Environmental Quality  
Instructions for Public Notice for a Water Quality Permit  
Notice of Application and Preliminary Decision (NAPD)**

The executive director has completed the technical review of your application and issued a preliminary decision. You must comply with the following instructions. There are seven (7) steps involved in publishing notice. Complete each step.

**1. REVIEW THE NOTICE FOR ACCURACY**

**Read the enclosed notice carefully and notify the Wastewater Permitting Section at 512-239-4671 immediately if it contains any errors or omissions.** You are responsible for ensuring the accuracy of all information published. Do not change the text or formatting of the notice or affidavit of publication without prior approval from the TCEQ. Changing the text or formatting of the notice may require new publication at your expense and delay processing of your application.

**2. PUBLISH THE NOTICE IN THE NEWSPAPER**

**You must publish the enclosed notice as soon as possible, but no later than 45 days from the date on the cover letter.**

For renewal applications, you must publish at least once in the same newspaper that you published the Notice of Receipt of Application and Intent to Obtain Permit.

For all other applications, you must publish at least once in a newspaper regularly published or circulated within each county where the facility and discharge point are located or proposed to be located.

The bold text of the enclosed notice must be printed in the newspaper in a font style or size that distinguishes it from the rest of the notice (i.e., bold, italics). Failure to do so may require re-notice.

**3. PUBLISH THE NOTICE IN AN ALTERNATIVE LANGUAGE**

**You must publish notice in an alternative language IF:** either the elementary or middle school nearest to the facility or proposed facility is required to provide a "bilingual education program" (BEP) as required by Texas Education Code (TEC), Chapter 29, Subchapter B, and 19 Tex. Admin. Code §89.1205(a) AND one of the following conditions is met:

- students are enrolled in a program at that school;
- students from that school attend a bilingual education program at another location; or
- the school that otherwise would be required to provide a bilingual education program has been granted an exception from the requirements to provide the program as provided for in 19 Tex. Admin. Code §89.1207(a).

A "bilingual education program" is different from an "English as a second language program" (ESL). An ESL program alone, will not require public notice in an alternative language.

If triggered, you must publish the notice in a newspaper or publication primarily published in the alternative language taught in the bilingual education program. Publication in an alternative language section or insert within a large publication which is not printed primarily in that alternative language does not satisfy these requirements. The newspaper or publication must be of general circulation in the county in which the facility and discharge point are located or proposed to be located. If the facility and discharge point are located or proposed to be located in a municipality, and there exists a newspaper or publication of general circulation in the municipality, you must publish the notice only in the newspaper or publication in the municipality.

You must demonstrate a good faith effort to identify a newspaper or publication in the required language. If there is no general circulation newspaper or publication printed in such language, then publishing in that language is not required. You have the burden to demonstrate compliance with these requirements.

If you are required to publish notice in Spanish, you must translate the site-specific information in the notice that is specific to your application, at your own expense. You may then insert the Spanish translation of your site-specific information into a Spanish template developed by the TCEQ. The Spanish templates are available on the TCEQ website at [www.tceq.texas.gov/permitting/wastewater/review/napd/wqspanish\\_napd.html](http://www.tceq.texas.gov/permitting/wastewater/review/napd/wqspanish_napd.html). If you are required to publish notice in a language other than Spanish, you must translate the entire public notice, at your own expense.

#### **4. PUT THE APPLICATION IN A PUBLIC PLACE**

**You must put a copy of the following documents in the public place identified in the enclosed notice:**

- the complete application,
- the executive director's preliminary decision as contained in the technical summary and fact sheet,
- the draft permit, and
- any subsequent revisions to these documents.

This copy must be accessible to the public for review and copying beginning on the first day of newspaper publication and remain in place until the commission has taken action on the application or the commission refers issues to the State Office of Administrative Hearings.

For confidential information contained in the application, you must indicate which specific portions of the application cannot be made available to the public. These portions of the application must be accompanied with the following statement: "Any request for portions of this application that are marked as confidential must be submitted in writing, pursuant to the Public Information Act, to the TCEQ Public Information Coordinator, MC 197, P.O. Box 13087, Austin, Texas 78711-3087."

#### **5. PROVIDE PROOF OF PUBLICATION**

**For each newspaper in which you published, you must submit proof of publication.** Proof of publication must include the following:

- a completed Publisher's Affidavit (enclosed); and
- a copy of the published notice which shows the notice, the date published, and the newspaper name. The copy must be on standard-size 8½ x 11" paper and must show the actual size of the published notice. Do not reduce the image when making copies. Published notices longer than 11" must be copied onto multiple 8½ x 11" pages. Or you can submit the original newspaper clipping.

**If you are required to publish notice in an alternative language and are unable to do so, complete and submit the Alternative Language Exemption form (enclosed).**

**6. PROVIDE PROOF OF APPLICATION VIEWING LOCATION**

**You must submit a completed Public Notice Verification Form (enclosed),** which certifies that the complete application and draft permit were placed at the public place identified in the enclosed notice.

**7. SUBMIT PROOFS TO TCEQ**

**Scan and email the proof of publication documents (Step 5) and the completed Public Notice Verification Form (Step 6) within 30 days of publication to [PROOFS@tceq.texas.gov](mailto:PROOFS@tceq.texas.gov);**

**Or Mail to:**

TCEQ  
Office of the Chief Clerk, MC 105  
Attn: Notice Team  
P.O. Box 13087  
Austin, Texas 78711-3087

**Additional Information**

**If you fail to publish the notice or submit proofs within the timeframes noted above, the TCEQ may suspend further processing on your application or take other actions in accordance with 30 Tex. Admin. Code §39.405(a).**

If you have any questions regarding publication requirements, please contact the Office of Legal Services at 512-239-0600. If you have any questions regarding the content of the notice, please contact the Wastewater Permitting Section at 512-239-4671. When contacting TCEQ regarding this application, please refer to the permit number at the top of the enclosed notice.

If you wish to obtain an electronic copy of the notice, please visit our web site at [www.tceq.texas.gov/agency/decisions/cc/cc\\_db.html](http://www.tceq.texas.gov/agency/decisions/cc/cc_db.html) or [www.tceq.texas.gov/agency/decisions/cc/eda.html](http://www.tceq.texas.gov/agency/decisions/cc/eda.html). # Texas Commission on Environmental Quality

## NOTICE OF APPLICATION AND PRELIMINARY DECISION FOR TPDES PERMIT FOR MUNICIPAL WASTEWATER

NEW

**PERMIT NO. WQ0016148001**

**APPLICATION AND PRELIMINARY DECISION.** Greenwood Ventures Group LLC, 101 Parklane Boulevard, Suite 102, Sugar Land, Texas 77478, has applied to the Texas Commission on Environmental Quality (TCEQ) for new Texas Pollutant Discharge Elimination System (TPDES) Permit No. WQ0016148001, to authorize the discharge of treated domestic wastewater at a daily average flow not to exceed 975,000 gallons per day. TCEQ received this application on April 20, 2022.

The facility will be located approximately 1.87 miles southwest of the intersection of County Road 214 and U.S. Highway 183, in Caldwell County, Texas 78644. The treated effluent will be discharged to an unnamed tributary, thence to a second unnamed tributary, thence to West Fork Plum Creek, thence to Plum Creek in Segment No. 1810 of the Guadalupe River Basin. The unclassified receiving water uses are minimal aquatic life use for unnamed tributary and limited aquatic life use for West Fork Plum Creek (intermittent with pools), and high aquatic life use for West Fork Plum Creek (perennial). The designated uses for Segment No. 1810 are primary contact recreation, aquifer protection, and high aquatic life use. In accordance with 30 Texas Administrative Code § 307.5 and the TCEQ's *Procedure to Implement the Texas Surface Water Quality Standards* (June 2010), an antidegradation review of the receiving waters was performed. A Tier 1 antidegradation review has preliminarily determined that existing water quality uses will not be impaired by this permit action. Numerical and narrative criteria to protect existing uses will be maintained. A Tier 2 review has preliminarily determined that no significant degradation of water quality is expected West Fork Plum Creek (perennial portion) and Plum Creek, which have been identified as high aquatic life use. Existing uses will be maintained and protected. The preliminary determination can be reexamined and may be modified if new information is received. For the exact location, refer to the application. <https://tceq.maps.arcgis.com/apps/webappviewer/index.html?id=db5bac44afbc468bbddd36of816825of&marker=-97.700833%2C29.796111&level=12>

The TCEQ Executive Director has completed the technical review of the application and prepared a draft permit. The draft permit, if approved, would establish the conditions under which the facility must operate. The Executive Director has made a preliminary decision that this permit, if issued, meets all statutory and regulatory requirements. The permit application, Executive Director's preliminary decision, and draft permit are available for viewing and copying at Lockhart City Hall, 308 West San Antonio Street, Lockhart, Texas.

**ALTERNATIVE LANGUAGE NOTICE.** Alternative language notice in Spanish is available at <https://www.tceq.texas.gov/permitting/wastewater/plain-language-summaries-and-public-notices>. El aviso de idioma alternativo en español está disponible en <https://www.tceq.texas.gov/permitting/wastewater/plain-language-summaries-and-public-notices>.

**PUBLIC COMMENT / PUBLIC MEETING** You may submit public comments or request a public meeting about this application. The purpose of a public meeting is to provide the opportunity to submit comments or to ask questions about the application. TCEQ holds a public meeting if the Executive Director determines that there is a significant degree of public interest in the application or if requested by a local legislator. A public meeting is not a contested case hearing.

**OPPORTUNITY FOR A CONTESTED CASE HEARING.** After the deadline for submitting public comments, the Executive Director will consider all timely comments and prepare a response to all relevant and material or significant public comments. **Unless the application is directly referred for a contested case hearing, the response to comments will be mailed to everyone who submitted public comments and to those persons who are on the mailing list for this application. If comments are received, the mailing will also provide instructions for requesting a contested case hearing or reconsideration of the Executive Director's decision.** A contested case hearing is a legal proceeding similar to a civil trial in a state district court.

**TO REQUEST A CONTESTED CASE HEARING, YOU MUST INCLUDE THE FOLLOWING ITEMS IN YOUR REQUEST: your name, address, phone number; applicant's name and proposed permit number; the location and distance of your property/activities relative to the proposed facility; a specific description of how you would be adversely affected by the facility in a way not common to the general public; a list of all disputed issues of fact that you submit during the comment period; and the statement "[I/we] request a contested case hearing." If the request for contested case hearing is filed on behalf of a group or association, the request must designate the group's representative for receiving future correspondence; identify by name and physical address an individual member of the group who would be adversely affected by the proposed facility or activity; provide the information discussed above regarding the affected member's location and distance from the facility or activity; explain how and why the member would be affected; and explain how the interests the group seeks to protect are relevant to the group's purpose.**

Following the close of all applicable comment and request periods, the Executive Director will forward the application and any requests for reconsideration or for a contested case hearing to the TCEQ Commissioners for their consideration at a scheduled Commission meeting.

The Commission may only grant a request for a contested case hearing on issues the requestor submitted in their timely comments that were not subsequently withdrawn. **If a hearing is granted, the subject of a hearing will be limited to disputed issues of fact or mixed questions of fact and law relating to relevant and material water quality concerns submitted during the comment period.**

**EXECUTIVE DIRECTOR ACTION.** The Executive Director may issue final approval of the application unless a timely contested case hearing request or request for reconsideration is filed. If a timely hearing request or request for reconsideration is filed, the Executive Director will not issue final approval of the permit and will forward the application and request to the TCEQ Commissioners for their consideration at a scheduled Commission meeting.

**MAILING LIST.** If you submit public comments, a request for a contested case hearing or a reconsideration of the Executive Director's decision, you will be added to the mailing list for this specific application to receive future public notices mailed by the Office of the Chief Clerk. In addition, you may request to be placed on: (1) the permanent mailing list for a specific applicant name and permit number; and/or (2) the mailing list for a specific county. If you wish to be placed on the permanent and/or the county mailing list, clearly specify which list(s) and send your request to TCEQ Office of the Chief Clerk at the address below.

**All written public comments and public meeting requests must be submitted to the Office of the Chief Clerk, MC 105, Texas Commission on Environmental Quality, P.O. Box 13087, Austin, TX 78711-3087 or electronically at [www.tceq.texas.gov/goto/comment](http://www.tceq.texas.gov/goto/comment) within 30 days from the date of newspaper publication of this notice.**

**INFORMATION AVAILABLE ONLINE.** For details about the status of the application, visit the Commissioners' Integrated Database at [www.tceq.texas.gov/goto/cid](http://www.tceq.texas.gov/goto/cid). Search the database using the permit number for this application, which is provided at the top of this notice.

**AGENCY CONTACTS AND INFORMATION.** Public comments and requests must be submitted either electronically at [www.tceq.texas.gov/goto/comment](http://www.tceq.texas.gov/goto/comment), or in writing to the Texas Commission on Environmental Quality, Office of the Chief Clerk, MC 105, P.O. Box 13087, Austin, Texas 78711-3087. Any personal information you submit to the TCEQ will become part of the agency's record; this includes email addresses. For more information about this permit application or the permitting process, please call the TCEQ Public Education Program, Toll Free, at 1-800-687-4040 or visit their website at [www.tceq.texas.gov/goto/pep](http://www.tceq.texas.gov/goto/pep). Si desea información en Español, puede llamar al 1-800-687-4040.

# Comisión De Calidad Ambiental Del Estado De Texas

## AVISO DE LA SOLICITUD Y DECISIÓN PRELIMINAR PARA EL PERMISO DEL SISTEMA DE ELIMINACION DE DESCARGAS DE CONTAMINANTES DE TEXAS (TPDES) PARA AGUAS RESIDUALES MUNICIPALES

NUEVO

PERMISO NO. WQ0016148001

**SOLICITUD Y DECISIÓN PRELIMINAR.** Greenwood Ventures Group LLC, 101 Parklane Boulevard, Suite 102, Sugar Land, Texas 77478 ha solicitado a la Comisión de Calidad Ambiental del Estado de Texas (TCEQ) por un nuevo para autorizar el vertido de aguas residuales domesticas tratadas a caudal medio diario que no exceda los 975,000 galones por día. La TCEQ recibió esta solicitud el 20 de abril de 2022.

La planta está ubicada aproximadamente a 1.87 millas al suroeste de la intersección de County Road 214 y US Highway 183 en el Condado de Caldwell, Texas. Este enlace a un mapa electrónico de la ubicación general del sitio o de la instalación es proporcionado como una cortesía y no es parte de la solicitud o del aviso. Para la ubicación exacta, consulte la solicitud. <https://tceq.maps.arcgis.com/apps/webappviewer/index.html?id=db5bac44afbc468bbddd36of816825of&marker=-97.700833%2C29.796111&level=12>

El efluente tratado es descargado al afluente sin nombre, de allí a un segundo afluente sin nombre, de allí a West Fork Plum Creek, de allí a Plum Creek en el Segmento No. 1810 de la Cuenca del Río Guadalupe. Los usos no clasificados de las aguas receptoras son uso mínimo de vida acuática para afluentes sin nombre y uso limitado de vida acuática para West Fork Plum Creek (intermitente com piscinas, y alto uso de vida acuática para West Fork Plum Creek (perenne). Los usos designados para Segmento No. 1810 son recreaion de contacto primario, protección de acuíferos y alto uso de la vida acuática.

De acuerdo con la 30 TAC §307.5 y los procedimientos de implementación de la TCEQ (Enero 2010) para las Normas de Calidad de Aguas Superficiales en Texas, fue realizada una revisión de la antidegradación de las aguas recibidas. Una revisión de antidegradación del Nivel 1 ha determinado preliminarmente que los usos de la calidad del agua existente no serán perjudicados por la acción de este permiso. Se mantendrá un criterio narrativo y numérico para proteger los usos existentes. Una revisión del Nivel 2 ha determinado preliminarmente que no se espera ninguna degradación significativa en West Fork Plum Creek (porción perenne) y Plum Creek, el cual se ha identificado que tiene altos usos en la vida acuática. Los usos existentes serán mantenidos y protegidos. La determinación preliminar puede ser reexaminada y puede ser modificada, si se recibe alguna información nueva.

El Director Ejecutivo de la TCEQ ha completado la revisión técnica de la solicitud y ha preparado un borrador del permiso. El borrador del permiso, si es aprobado, establecería las condiciones bajo las cuales la instalación debe operar. El Director Ejecutivo ha tomado una decisión preliminar que si este permiso es emitido, cumple con todos los requisitos normativos y legales. La solicitud del permiso, la decisión preliminar del Director Ejecutivo y el borrador del permiso están disponibles para leer y copiar en Lockhart City Hall, 308 West San Antonio Street, Lockhart, Texas.

**COMENTARIO PUBLICO / REUNION PUBLICA. Usted puede presentar comentarios públicos o pedir una reunión pública sobre esta solicitud.**

El propósito de una reunión pública es dar la oportunidad de presentar comentarios o hacer preguntas acerca de la solicitud. La TCEQ realiza una reunión pública si el Director Ejecutivo determina que hay un grado de interés público suficiente en la solicitud o si un legislador local lo pide. Una reunión pública no es una audiencia administrativa de lo contencioso.

**OPORTUNIDAD DE UNA AUDIENCIA ADMINISTRATIVA DE LO CONTENCIOSO.** Después del plazo para presentar comentarios públicos, el Director Ejecutivo considerará todos los comentarios apropiados y preparará una respuesta a todo los comentarios públicos esenciales, pertinentes, o significativos. **A menos que la solicitud haya sido referida directamente a una audiencia administrativa de lo contencioso, la respuesta a los comentarios y la decisión del Director Ejecutivo sobre la solicitud serán enviados por correo a todos los que presentaron un comentario público y a las personas que están en la lista para recibir avisos sobre esta solicitud. Si se reciben comentarios, el aviso también proveerá instrucciones para pedir una reconsideración de la decisión del Director Ejecutivo y para pedir una audiencia administrativa de lo contencioso.** Una audiencia administrativa de lo contencioso es un procedimiento legal similar a un procedimiento legal civil en un tribunal de distrito del estado.

**PARA SOLICITAR UNA AUDIENCIA DE CASO IMPUGNADO, USTED DEBE INCLUIR EN SU SOLICITUD LOS SIGUIENTES DATOS:** su nombre, dirección, y número de teléfono; el nombre del solicitante y número del permiso; la ubicación y distancia de su propiedad/actividad con respecto a la instalación; una descripción específica de la forma cómo usted sería afectado adversamente por el sitio de una manera no común al público en general; una lista de todas las cuestiones de hecho en disputa que usted presente durante el período de comentarios; y la declaración "[Yo/nosotros] solicito/solicitamos una audiencia de caso impugnado". Si presenta la petición para una audiencia de caso impugnado de parte de un grupo o asociación, debe identificar una persona que representa al grupo para recibir correspondencia en el futuro; identificar el nombre y la dirección de un miembro del grupo que sería afectado adversamente por la planta o la actividad propuesta; proveer la información indicada anteriormente con respecto a la ubicación del miembro afectado y su distancia de la planta o actividad propuesta; explicar cómo y porqué el miembro sería afectado; y explicar cómo los intereses que el grupo desea proteger son pertinentes al propósito del grupo.

Después del cierre de todos los períodos de comentarios y de petición que aplican, el Director Ejecutivo enviará la solicitud y cualquier petición para reconsideración o para una audiencia de caso impugnado a los Comisionados de la TCEQ para su consideración durante una reunión programada de la Comisión. La Comisión sólo puede conceder una solicitud de una audiencia de caso impugnado sobre los temas que el solicitante haya presentado en sus comentarios oportunos que no fueron retirados posteriormente. Si se concede una audiencia, el tema de la audiencia estará limitado a cuestiones de hecho en disputa o cuestiones mixtas de hecho y de derecho relacionadas a intereses pertinentes y materiales de calidad del agua que se hayan presentado durante el período de comentarios.

**ACCIÓN DEL DIRECTOR EJECUTIVO.** El Director Ejecutivo puede emitir una aprobación final de la solicitud a menos que exista un pedido antes del plazo de vencimiento de una audiencia administrativa de lo contencioso o se ha presentado un pedido de reconsideración. Si un pedido ha llegado antes del plazo de vencimiento de la audiencia o el pedido de reconsideración ha sido presentado, el Director Ejecutivo no emitirá una aprobación final sobre el permiso y enviará la solicitud y el pedido a los Comisionados de la TECQ para consideración en una reunión programada de la Comisión.

**LISTA DE CORREO.** Si somete comentarios públicos, un pedido para una audiencia administrativa de lo contencioso o una reconsideración de la decisión del Director Ejecutivo, la Oficina del Secretario Principal enviará por correo los avisos públicos en relación con la solicitud. Además, puede pedir que la TCEQ ponga su nombre en una o más de las listas de correos siguientes (1) la lista de correo permanente para recibir los avisos de el solicitante indicado por nombre y número del permiso específico y/o (2) la lista de correo de todas las solicitudes en un condado específico. Si desea que se agregue su nombre en una de las listas designe cual lista(s) y envía por correo su pedido a la Oficina del Secretario Principal de la TCEQ.

**Todos los comentarios escritos del público y los pedidos una reunión deben ser presentados durante los 30 días después de la publicación del aviso a la Oficina del Secretario Principal, MC 105, TCEQ, P.O. Box 13087, Austin, TX 78711-3087 or por el internet a [www.tceq.texas.gov/about/comments.html](http://www.tceq.texas.gov/about/comments.html).** Tenga en cuenta que cualquier información personal que usted proporcione, incluyendo su nombre, número de teléfono, dirección de correo electrónico y dirección física pasarán a formar parte del registro público de la Agencia.

**CONTACTOS E INFORMACIÓN DE LA TCEQ.** Si necesita más información en Español sobre esta solicitud para un permiso o el proceso del permiso, por favor llame a El Programa de Educación Pública de la TCEQ, sin cobro, al 1-800-687-4040. Sept. 21 - Dec. 21, 2023. Construction will follow beginning on an estimated Dec. 21, 2023, with completion around Dec. 31, 2025.

Lockhart Mayor Lew White noted that the Downtown Revitalization Project began as a means to replace aging waterlines, but now there will be many upgrades. Among them will be rerouting large trucks from SH 130 around the downtown area. That process is yet to be finalized.

Councilmember Brad Westmoreland said he was "very excited" about the project.

In other business: The Lockhart Independent School District asked for rezoning of 2.253 acres adjacent to its administration building to a High-Density District so that it could put up staff housing for teachers on Pecos and Wichita streets.

Several city personnel commented on the tragedy involving the two

## TEXAS COMMISSION ON ENVIRONMENTAL QUALITY

### NOTICE OF RECEIPT OF APPLICATION AND INTENT TO OBTAIN WATER QUALITY PERMIT

#### PROPOSED PERMIT NO. WQ0016148001

**APPLICATION.** Greenwood Ventures Group LLC, 101 Parklane Boulevard, Suite 102, Sugar Land, Texas 77478, has applied to the Texas Commission on Environmental Quality (TCEQ) for proposed Texas Pollutant Discharge Elimination System (TPDES) Permit No. WQ0016148001 (EPA I.D. No. TX0142794) to authorize the discharge of treated wastewater at a volume not to exceed a daily average flow of 975,000 gallons per day. The domestic wastewater treatment facility will be located approximately 1.87 miles southwest of the intersection of County Road 214 and U.S. Highway 183, in Caldwell County, Texas 78644. The discharge route will be from the plant site to an unnamed tributary; thence to West Fork Plum Creek; thence to Plum Creek. TCEQ received this application on April 20, 2022. The permit application is available for viewing and copying at Lockhart City Hall, 308 West San Antonio Street, Lockhart, Texas. This link to an electronic map of the site or facility's general location is provided as a public courtesy and not part of the application or notice. For the exact location, refer to the application.

<https://tceq.maps.arcgis.com/apps/webappviewer/index.html?id=db5bac44afbc468bbddd360f8168250f&marker=-97.700833%2C29.796111&level=12>

**ADDITIONAL NOTICE.** TCEQ's Executive Director has determined the application is administratively complete and will conduct a technical review of the application. After technical review of the application is complete, the Executive Director may prepare a draft permit and will issue a preliminary decision on the application. **Notice of the Application and Preliminary Decision will be published and mailed to those who are on the county-wide mailing list and to those who are on the mailing list for this application.** That notice will contain the deadline for submitting public comments.

**PUBLIC COMMENT / PUBLIC MEETING.** You may submit public comments or request a public meeting on this application. The purpose of a public meeting is to provide the opportunity to submit comments or to ask questions about the application. TCEQ will hold a public meeting if the Executive Director determines that there is a significant degree of public interest in the application or if requested by a local legislator. A public meeting is not a contested case hearing.

**OPPORTUNITY FOR A CONTESTED CASE HEARING.** After the deadline for submitting public comments, the Executive Director will consider all timely comments and prepare a response to all relevant and material, or significant public comments. **Unless the application is directly referred for a contested case hearing, the response to comments, and the Executive Director's decision on the application, will be mailed to everyone who submitted public comments and to those persons who are on the mailing list for this application.** If comments are received, the mailing will also provide instructions for requesting reconsideration of the Executive Director's decision and for requesting a contested case hearing. A contested case hearing is a legal proceeding similar to a civil trial in state district court.

**TO REQUEST A CONTESTED CASE HEARING, YOU MUST INCLUDE THE FOLLOWING ITEMS IN YOUR REQUEST:** your name, address, phone number; applicant's name and proposed permit number; the location and distance of your property/activities relative to the proposed facility; a specific description of how you would be adversely affected by the facility in a way not common to the general public; a list of all disputed issues of fact that you submit during the comment period and, the statement "[I/we] request a contested case hearing." If the request for contested case hearing is filed on behalf of a group or association, the request must designate the group's representative for receiving future correspondence; identify by name and physical address an individual member of the group who would be adversely affected by the proposed facility or activity; provide the information discussed above regarding the affected member's location and distance from the facility or activity; explain how and why the member would be affected; and explain how the interests the group seeks to protect are relevant to the group's purpose.

ment members, brothers Jonathon and Hunter Coco, that were killed in Lockhart while returning from a wildfire last week.

"I would like the Maxwell community to know we are praying for them," said Councilmember David Bryant. "Our community and our hearts go out to our neighbors."

White said the tragedy was "devastating to everyone involved."

Lockhart Fire Chief Randy Jenkins also offered his condolences to the Maxwell Community Volunteer Fire Department and to the Coco families.

Resident Len Gabbay used the citizen's comments portion to talk about the accident.

"I want to speak to the tragedy of the firefighters on State Park Road," Gabbay said. "Negligence does not discriminate. Carelessness does not discriminate. It affects every color, every gender, and everyone in this room in this community."

White read a proclamation in honor of City Attorney Monte Akers, who has been with the City of Lockhart since 2009. He received the Susan Rocha Award for being recognized by the Texas City Attorneys As-

the project at a public meeting. However, the decision to make affordable housing to attract teachers to Lockhart was praised by some at the council meeting.

LISD Superintendent Mark Estrada said the district would take pride in the housing addition just as it would in any other facility within the school district, keeping it maintained and assuring everyone it would be "well-kept."

The request was approved 7-0.

"The residents will be 100 percent staff members," Estrada said. "Public education is quite frankly in a crisis. Teachers can no longer afford to live in central Texas. Only 30 percent of our staff live in Lockhart. Currently, we are out of inventory and the inventory that does come up is out of their price range. About a dozen potential teachers are waiting to see if this will become available."

The three-bedroom, three-bath homes will cost \$1,680 a month, and the two-bedroom, two-bath homes will be \$1,085 a month.

Resident Michael Laird praised the superintendent for "looking forward in his vision to make affordable housing for teachers."

Following the close of all applicable comment and request periods, the Executive Director will forward the application and any requests for reconsideration or for a contested case hearing to the TCEQ Commissioners for their consideration at a scheduled Commission meeting.

The Commission may only grant a request for a contested case hearing on issues the requestor submitted in their timely comments that were not subsequently withdrawn. If a hearing is granted, the subject of a hearing will be limited to disputed issues of fact or mixed questions of fact and law relating to relevant and material water quality concerns submitted during the comment period.

**MAILING LIST.** If you submit public comments, a request for a contested case hearing or a reconsideration of the Executive Director's decision, you will be added to the mailing list for this specific application to receive future public notices mailed by the Office of the Chief Clerk. In addition, you may request to be placed on: (1) the permanent mailing list for a specific applicant name and permit number; and/or (2) the mailing list for a specific county. If you wish to be placed on the permanent and/or the county mailing list, clearly specify which list(s) and send your request to TCEQ Office of the Chief Clerk at the address below.

**INFORMATION AVAILABLE ONLINE.** For details about the status of the application, visit the Commissioners' Integrated Database at [www.tceq.texas.gov/goto/cid](http://www.tceq.texas.gov/goto/cid). Search the database using the permit number for this application, which is provided at the top of this notice.

**AGENCY CONTACTS AND INFORMATION.** Public comments and requests must be submitted either electronically at <https://www14.tceq.texas.gov/epic/eComment/>, or in writing to the Texas Commission on Environmental Quality, Office of the Chief Clerk, MC-105, P.O. Box 13087, Austin, Texas 78711-3087. Please be aware that any contact information you provide, including your name, phone number, email address, and physical address will become part of the agency's public record. **PARA SOLICITAR UNA AUDIENCIA DE CASO IMPUGNADO, USTED DEBE INCLUIR EN SU SOLICITUD LOS SIGUIENTES DATOS:** su nombre, dirección, y número de teléfono; el nombre del solicitante y número del permiso; la ubicación y distancia de su propiedad/actividad con respecto a la instalación; una descripción específica de la forma cómo usted sería afectado adversamente por el sitio de una manera no común al público en general; una lista de todas las cuestiones de hecho en disputa que usted presenta durante el período de comentarios; y la declaración "(Yo/nosotros) solicitamos una audiencia de caso impugnado". Si presenta la petición para una audiencia de caso impugnado de parte de un grupo o asociación, debe identificar una persona que represente al grupo para recibir correspondencia en el futuro; identificar el nombre y la dirección de un miembro del grupo que sería afectado adversamente por la planta o la actividad propuesta; explicar cómo y por qué el miembro sería afectado; y explicar cómo los intereses que el grupo desea proteger son pertinentes al propósito del grupo.

Después del cierre de todos los períodos de comentarios y de petición que aplican, el Director Ejecutivo enviará la solicitud y cualquier petición para reconsideración o para una audiencia de caso impugnado a los Comisionados de la TCEQ para su consideración durante una reunión programada de la Comisión. La Comisión sólo puede conceder una audiencia de caso impugnado sobre los temas que el solicitante haya presentado en sus comentarios oportunos que no fueron retirados posteriormente. Si se concede una audiencia, el tema de la audiencia estará limitado a cuestiones de hecho en disputa o cuestiones mixtas de hecho y de derecho relacionadas a intereses pertinentes y materiales de calidad del agua que se hayan presentado durante el período de comentarios.

**LISTA DE CORREO.** Si solicita comentarios públicos, un pedido para una audiencia administrativa de lo contencioso o una reconsideración de la decisión del Director Ejecutivo, la Oficina del Secretario Principal enviará por correo los avisos públicos en relación con la solicitud. Además, puede pedir que la TCEQ ponga su nombre en una o más de las listas de correo siguientes (1) la lista de correo permanente para recibir los avisos de el solicitante indicado por nombre y número del permiso específico y/o (2) la lista de correo de todos las solicitudes en un condado específico. Si desea que se agregue su nombre en una de las listas designe cual lista(s) y envíe por correo su pedido a la Oficina del Secretario Principal de la TCEQ.

## Texas Commission on Environmental Quality

NOTICE OF APPLICATION AND PRELIMINARY DECISION  
FOR TPDES PERMIT FOR MUNICIPAL WASTEWATER  
NEW  
PERMIT NO. WQ0016148001

**APPLICATION AND PRELIMINARY DECISION.** Greenwood Ventures Group LLC, 101 Parkland boulevard, Suite 102, Sugar Land, Texas 77478, has applied to the Texas Commission of Environmental Quality (TCEQ) for new Texas Pollutant Discharge Elimination System (TPDES) Permit No. WQ0016148001, to authorize the discharge of treated domestic wastewater at a daily average flow not to exceed 975,000 gallons per day. TCEQ received this application on April 20, 2022.

The facility will be located approximately 1.87 miles southwest of the intersection of County Road 214 and U.S. Highway 183, in Caldwell County, Texas 78644. The treated effluent will be discharged to an unnamed tributary, thence to a second unnamed tributary, thence to West Fork Plum creek, thence to Plum Creek in Segment No. 1810 of the Guadalupe River Basin. The unclassified receiving water uses are minimal aquatic life use for unnamed tributary and limited aquatic life use for West Fork Plum Creek (intermittent with pools), and high aquatic life use for West Fork Plum Creek (perennial). The designated uses for Segment No. 1810 are primary contact recreation, aquifer protection, and high aquatic life use. In accordance with 30 Texas Administrative Code § 307.5 and the TCEQ's *Procedure to Implement the Texas Surface Water Quality Standards* (June 2010), an antidegradation review of the receiving waters was performed. A Tier 1 antidegradation review has preliminarily determined that existing water quality uses will not be impaired by this permit action. Numerical and narrative criteria to protect existing uses will be maintained. A Tier 2 review has preliminarily determined that no significant degradation of water quality is expected West Fork Plum Creek (perennial portion) and Plum Creek, which have been identified as high aquatic life use. Existing uses will be maintained and protected. The preliminary determination can be reexamined and may be modified if new information is received. For the exact location, refer to the application.

The TCEQ Executive director has completed the technical review of the application and prepared a draft permit. The draft permit, if approved, would establish the conditions under which the facility must operate. The Executive Director has made a preliminary decision that this permit, if issued, meets all statutory and regulatory requirements. The permit application, Executive Director's preliminary decision, and draft permit are available for viewing and copying at Lockhart City Hall, 308 West San Antonio Street, Lockhart, Texas.

**ALTERNATIVE LANGUAGE NOTICE.** Alternative language notice in Spanish available at <https://www.tceq.texas.gov/permitting/wastewater/plain-language-summaries-and-public-notices>. El aviso de idioma alternativo en español está disponible en <https://www.tceq.texas.gov/permitting/wastewater/plain-language-summaries-and-public-notices>.

**PUBLIC COMMENT / PUBLIC MEETING** You may submit public comments or request a public meeting about this application. The purpose of a public meeting is to provide the opportunity to submit comments or to ask questions about the application. TCEQ holds a public meeting if the Executive Director determines that there is a significant degree of public interest in the application or if requested by a local legislator. A public meeting is not a contested case hearing.

**OPPORTUNITY FOR A CONTESTED CASE HEARING.** After the deadline for submitting public comments, the Executive Director will consider all timely comments and prepare a response to all relevant and material or significant public comments. Unless the application is directly referred for a contested case hearing, the response to comments will be mailed to everyone who submitted public comments and to those persons who are on the mailing list for this application. If comments are received, the mailing will also provide instructions for requesting a contested case hearing or reconsideration of the Executive Director's decision. A contested case hearing is a legal proceeding similar to a civil trial in a state district court.

**TO REQUEST A CONTESTED CASE HEARING, YOU MUST INCLUDE THE FOLLOWING ITEMS IN YOUR REQUEST:** your name, address, phone number; applicant's name and proposed permit number; the location and distance of your property/activities relative to the proposed facility; a specified description of how you would be adversely affected by the facility in a way not common to the general public; a list of all disputed issues of fact that you submit during the comment period; and the statement "[I/we] request a contested case hearing." If the request for contested case hearing is filed on behalf of a group or association, the request must designate the group's representative for receiving future correspondence; identify by name and physical address an individual member of the group who would be adversely affected by the proposed facility or activity; provide the information discussed above regarding the affected member's location and distance from the facility or activity; explain how and why the member would be affected; and explain how the interests the group seeks to protect are relevant to the group's purpose.

Following the close of all applicable comment and request periods, the Executive Director will forward the application and any requests for reconsideration or for a contested case hearing to the TCEQ Commissioners for their consideration at a scheduled Commission meeting.

The Commission may only grant a request for a contested case hearing on issues the requestor submitted in their timely comments that were not subsequently withdrawn. If a hearing is granted, the subject of a hearing will be limited to disputed issues of fact or mixed questions of fact and law relating to relevant and material water quality concerns submitted during the comment period.

**EXECUTIVE DIRECTOR ACTION.** The Executive Director may issue final approval of the application unless a timely contested case hearing request or request for reconsideration is filed. If a timely hearing request or request for reconsideration is filed, the Executive Director will not issue final approval of the permit and will forward the application and request to the TCEQ Commissioners for their consideration at a scheduled Commission meeting.

**MAILING LIST.** If you submit public comments, a request for a contested case hearing or a reconsideration of the Executive Director's decision, you will be added to the mailing list for this specific application to receive future public notices mailed by the Office of the Chief Clerk. In addition, you may request to be placed on: (1) the permanent mailing list for a specific applicant name and permit number; and/or (2) the mailing list for a specific county. If you wish to be placed on the permanent and/or the county mailing list, clearly specify which list(s) and send your request to TCEQ Office of the Chief Clerk at the address below.

All written public comments and public meeting requests must be submitted to the Office of the Chief Clerk, MC 105, Texas Commission on Environmental Quality, P.O. Box 13087, Austin, TX 78711-3087 or electronically at [www.tceq.texas.gov/goto/comment](http://www.tceq.texas.gov/goto/comment) within 30 days from the date of newspaper publication of this notice.

**INFORMATION AVAILABLE ONLINE.** For details about the status of the application, visit the Commissioner's Integrated Database at [www.tceq.texas.gov/goto/cid](http://www.tceq.texas.gov/goto/cid). Search the database using the permit number for this application, which is provided at the top of this notice.

**AGENCY CONTACTS AND INFORMATION.** Public comments and requests must be submitted either electronically at [www.tceq.texas.gov/goto/comment](http://www.tceq.texas.gov/goto/comment), or in writing to the Texas Commission on Environmental Quality, Office of the Chief Clerk, MC 105, P.O. Box 13087, Austin, Texas 78711-3087. Any personal information you submit to the TCEQ will become part of the agency's record; this includes email addresses. For more information about this permit application or the permitting process, please call the TCEQ Public Education Program, Toll Free, at 1-800-687-4040 or visit their website at [www.tceq.texas.gov/goto/pep](http://www.tceq.texas.gov/goto/pep). **Martha Jolene Schreiber Williams**  
October 26, 1936 –  
December 13, 2022

Martha Jolene Schreiber Williams, age 86, passed away peacefully on December 13, 2022,

into the loving arms of her

Savior. Jolene was born on October 26, 1936, in Luling to Milton Joe Schreiber and Martha Louise Germer Schreiber. She grew up on her parents' farm in Maxwell and was big sister to Dennis Schreiber and Kathy Matthews. Jolene graduated from Lockhart High in 1954 and attended Texas Lutheran University for two years before marrying her high school sweetheart and love of her life, Perry Gordon Williams, in 1956. They raised five children together until his untimely death in 1978.

After working as a special education teacher's aide for years, Jolene eventually completed her bachelor's degree in education from Texas State University in 1985 where she was also a member of Kappa Delta Pi. She taught special education and second and fourth grade math, science, and social studies in Lockhart and Marble Falls school districts, respectively, before retiring in 2000.

Jolene will best be remembered for her love of shoes. She received her first glass shoe from her Oma Frieda Germer as a child. The two had a special affinity for each other. Jolene was the only grandchild who could speak German with Oma, as German was Jolene's first language. From there her passion ignited to more than 100 shoes in her collection.

From an early age, Jolene enjoyed cooking. She would bargain with her mother to do all the cooking and kitchen clean up in the house just so she would not have to pick cotton in the fields. This is where she really began to perfect her recipes. Her apple and cinnamon coffee cake was a grandkid favorite, as well as her brown beans and Spanish rice at Christmas time.

Not known in her family for loving house work especially, Jolene preferred to focus her time and energies on her creative side. Jolene was a gifted artist who loved painting and jewelry and stain glass making. An avid seamstress, she made countless school clothes and formal dresses over the years. Jolene even made the wedding dress and two bridesmaids dresses for her daughter Melinda's wedding. Her talent also extended to crochet and embroidery. As a quilter, Jolene had an eye and flair for color and pattern coordination producing some beautiful creations her family will cherish forever.

Retirement saw Jolene travel, have fun with her friends, and enjoy her grandkids and great-grandkids. She even passed on her appreciation of Gershwin music to some of her older granddaughters. She belonged to the Highland Lakes Quilt Guild, Alpha Chi Chapter of Delta Kappa Gamma Society International, and the Red Hats Society. Additionally, Jolene was a charter member of the Falls on the Colorado Museum and took many fun trips with the Bluebonnet Travel Club.

A lifelong Lutheran, Jolene was baptized, confirmed, and married at Ebenezer Lutheran Church in Maxwell, where she grew up playing the church organ. As a young wife and mother, she also played the church organ at St. John's Lutheran Church in Austin when she was a member. Jolene joined St. Peter's Lutheran Church in Marble Falls along with her family in 1976 where she sang in the choir and again served as church organist, as well as church council member in the late 1980s.

Jolene is preceded in death by her parents, Milton and Martha; her beloved Perry; her daughter, Lisa Gaye Williams Copeland; her brother, Dennis; and her great-grandson, Brody Wyatt Sivells.

Although she is already missed greatly, Jolene will live on in the hearts and memories of her loved ones. She is survived by her children, Gordon and Angela Williams; Bryan and Kerry Williams; Melinda Jo and Alan Sivells; Amy and Michael DeLeon; her sister, Kathy; grandchildren Elizabeth Williams (Joseph Carpenter); Krista (Reese) Martin; Taylor (Brittany) Williams; Toby (Becca) Williams; Wesley Williams; Amber (Brett) Cooper; April (Felipe) Martinez; Ashley (Colt) Damuth; Seth (Jenna) Sivells; Caleb (Felicia) Sivells; Joel Sivells; Paul Sivells; Keren Jo Sivells; Luke Sivells; Gabriel Sivells; Anna (Jonathan) Evans; Mark Sivells; Bethany Sivells; Charly Sivells; Grace Sivells; and Andrew Sivells; 24 great-grandchildren; and many other family members and friends.

A visitation will be held on December 16, 2022, from 5 p.m. – 7 p.m. at Clements-Wilcox Funeral Home in Marble Falls. Services celebrating Jolene's life will begin at 10 a.m. on December 17, 2022, at St. Peter's Lutheran Church in Marble Falls with a 2 p.m. graveside service following at Memory Lawn Memorial Park in Martindale.

In memory of Jolene, please consider a donation to St. Peter's Lutheran Church in Marble Falls (<http://stpetersmarblefalls.org/>).

Drummond Ventures Group LLC, 101  
Parklane Boulevard, Suite 102, Sugar  
Land, Texas 77478 ha solicitado a la  
Comisión de Calidad Ambiental del  
Estado de Texas (TCEQ) por un nuevo  
para autorizar el vertido de aguas  
residuales generadas por trabajos a  
causal medio diario que no exceda  
los 975,000 galones por día. La TCEQ  
recibió esta solicitud el 20 de abril  
de 2022.

La planta está ubicada  
aproximadamente a 1.87 millas al  
suroeste de la intersección de County  
Road 214 y US Highway 163 en el  
Condado de Caldwell, Texas. Este

El efluente tratado es descargado  
al afluente sin nombre, de allí a un  
segundo afluente sin nombre, de allí a  
West Fork Plum Creek, de allí a Plum  
Creek en el Sargento No. 1810 de la  
Cuenca del Río Brazos. Los usos no  
clasificados de las aguas receptoras  
son uso mínimo de vida acuática para  
afluentes sin nombre y uso limitado  
de vida acuática para West Fork Plum  
Creek (vibrantemente con piscinas, y  
uso de vida acuática para West  
Fork Plum Creek (perenne). Los usos  
designados para Sargento No. 1810  
son recreación de contacto primario,  
protección de acuicultura y alto uso de  
la vida acuática.

De acuerdo con la 30 TAC §307.5 y  
los procedimientos de implementación  
de la TCEQ (Enero 2010) para  
las Normas de Calidad de Aguas  
Superficiales en Texas, fue realizada  
una revisión de la implementación  
de las aguas receptoras. Una revisión  
de retrogradación del Nivel 1 ha  
determinado preliminarmente que los  
usos de la calidad del agua existente  
no serán perjudicados por la acción de  
esta permitida. Se mantendrá un criterio  
narrativo y numérico para proteger los  
usos existentes. Una revisión del Nivel  
2 ha determinado preliminarmente que  
no se espera ninguna degradación  
significativa en West Fork Plum Creek  
(porción perenne) y Plum Creek, el cual  
se ha identificado que tiene usos  
en la vida acuática. Los usos existentes  
serán mantenidos y protegidos. La  
determinación preliminar puede ser  
reexaminada y puede ser modificada,  
si se recibe alguna información nueva.

El Director Ejecutivo de la TCEQ ha  
completado la revisión técnica de la  
solicitud y ha preparado un borrador del  
permiso. El borrador del permiso, si es  
aprobado, establecerá las condiciones  
bajo las cuales la instalación debe  
operar. El Director Ejecutivo ha tomado  
una decisión preliminar que si este  
permiso es emitido, cumple con todos  
los requisitos normativos y legales.  
La solicitud del permiso, la decisión  
preliminar del Director Ejecutivo y el  
borrador del permiso están disponibles  
para leer y copiar en Lockhart City Hall,  
308 West San Antonio Street, Lockhart,  
Texas.

IN THE CIRCUIT COURT FOR MONTGOMERY COUNTY, MARYLAND  
 NORMA Y. URBINA MIRALDA : Case No. C-15-FM-22-003511  
 Plaintiff  
 v.  
 CENIA A. MIRALDA MENCIA :  
 GLODIN N. URBINA CANTILLANO :  
 Defendants

**NOTICE BY PUBLICATION**  
 A Complaint for Custody and Motion for Findings of Special Immigrant Juvenile Status was filed with the Circuit Court for Montgomery County, Maryland on June 17, 2022. The Complaint alleges, in substance: that the Plaintiff is the minor child's older sibling and the only family member in the United States able to provide for her care and custody. The minor child's name is Rosalba Urbina Miralda born April 23, 2002 in Honduras. She is currently residing with the Plaintiff at 19604 Enterprise Way, Montgomery Village, MD 20886 since on or about August 16, 2021. The minor child's mother, Defendant Cenia A. Miralda Mencia lives in Honduras and has been notified of this complaint. The minor child's father's, Defendant Glodin N. Urbina Cantillano's last known address is in Austin, Texas. That Defendants neglected the minor child as defined by, Inter alia, Maryland law. Plaintiff requests sole legal and physical custody to the minor child and that as part of the Order, the Court make the findings indicated above.

Karen A. Bushell  
 Clerk of the Circuit Court  
 For Montgomery County, Md

It is therefore this 8th day of December 2022 ORDERED, that the Plaintiff cause a copy of this Notice to be published at least once a week for three consecutive weeks in a newspaper of general circulation in Texas, publication to be completed by December 23rd, 2022. Defendant must file a response on or before February 24, 2023. Defendant is warned that failure to file a response within the time allowed may result in a default judgment or in the relief sought.

pero... según en la lista para recibir avisos sobre esta solicitud. Si se reciben comentarios, el aviso también proveerá instrucciones para pedir una reconsideración de la decisión del Director Ejecutivo y para pedir una audiencia administrativa de lo contencioso. Una audiencia administrativa de lo contencioso es un procedimiento legal similar a un procedimiento legal civil en un tribunal de distrito del estado.

**PARA SOLICITAR UNA AUDIENCIA DE CASO IMPUGNADO, USTED DEBE INCLUIR EN SU SOLICITUD LOS SIGUIENTES DATOS:** su nombre, dirección, y número de teléfono; el nombre del solicitante y número del permiso de la abitación y dirección de su propiedad/actividad con respecto a la instalación; una descripción específica de la forma cómo usted está afectado adversamente por el sitio de una manera no común al público en general; una lista de todas las cuestiones de hecho en disputa que usted presenta durante el período de comentarios; y la declaración "(We/ nosotros) solicitamos/solicitamos una audiencia de caso impugnado". Si presenta la petición para una audiencia de caso impugnado, de parte de un grupo o asociación, debe identificar una persona que represente al grupo para recibir correspondencia en el futuro; identificar el nombre y la dirección de un miembro del grupo que sería afectado adversamente por la planta o la actividad propuesta; proveer la información indicada anteriormente con respecto a la abitación del miembro afectado y su distancia de la planta o actividad propuesta; explicar cómo y por qué el miembro sería afectado; y explicar cómo los intereses que el grupo desea proteger se ven afectadas al propósito del grupo.

Después del cierre de todos los períodos de comentarios y de peticiones que aplican, el Director Ejecutivo enviará la solicitud y cualquier petición para reconsideración o para una audiencia de caso impugnado a los Comisionados de la TCEQ para su consideración durante una reunión programada de la Comisión. La Comisión sólo puede conceder una solicitud de una audiencia de caso impugnado sobre las listas que el solicitante haya presentado en esas concentraciones oportunas que no fueron retiradas posteriormente. Si se concede una audiencia, el tema de la audiencia estará limitado a cuestiones de hecho en disputa o cuestiones relativas de hecho y de derecho relacionadas a intereses particulares y materiales de calidad del agua que se hayan presentado durante el período de comentarios.

**ACCIÓN DEL DIRECTOR EJECUTIVO**  
 El Director Ejecutivo puede emitir una aprobación final de la solicitud a menos que exista un pedido antes del plazo de vencimiento de una audiencia administrativa de lo contencioso o se ha presentado un pedido de reconsideración. Si un pedido ha llegado antes del plazo de vencimiento de la audiencia o el pedido de reconsideración ha sido presentado, el Director Ejecutivo no emitirá una aprobación final sobre el permiso y enviará la solicitud y el pedido a los Comisionados de la TCEQ para consideración en una reunión programada de la Comisión.

**LISTA DE CORREO.** Si envía comentarios públicos, un pedido para una audiencia administrativa de lo contencioso o una reconsideración de la decisión del Director Ejecutivo, la Oficina del Secretario Principal enviará por correo los avisos públicos en relación con la solicitud. Además, puede pedir que la TCEQ ponga su nombre en una o más de las listas de correos siguientes (1) la lista de correo permanente para recibir los avisos de la solicitante indicado por nombre y número del permiso impugnado y/o (2) la lista de correo de todas las solicitudes en un condado específico. Si desea que se agregue su nombre en una de las listas designe cuál (s) y envíe por correo su pedido a la Oficina del Secretario Principal de la TCEQ.

Todos los comentarios escritos del público y los pedidos una reunión deben ser presentados durante los 30 días después de la publicación del aviso en la Oficina del Secretario Principal, MC 105, TCEQ, P.O. Box 13087, Austin, TX 78711-3087 or por el Internet a [www.tceq.texas.gov/epic/](http://www.tceq.texas.gov/epic/) o [epic@tceq.texas.gov](mailto:epic@tceq.texas.gov). ## NOTICE OF RECEIPT OF APPLICATION AND INTENT TO OBTAIN WATER QUALITY PERMIT

### PROPOSED PERMIT NO. WQ0016148001

**APPLICATION.** Greenwood Ventures Group LLC, 101 Parklane Boulevard, Suite 102, Sugar Land, Texas 77478, has applied to the Texas Commission on Environmental Quality (TCEQ) for proposed Texas Pollutant Discharge Elimination System (TPDES) Permit No. WQ0016148001 (EPA I.D. No. TX0142794) to authorize the discharge of treated wastewater at a volume not to exceed a daily average flow of 975,000 gallons per day. The domestic wastewater treatment facility will be located approximately 1.87 miles southwest of the intersection of County Road 214 and U.S. Highway 183, in Caldwell County, Texas 78644. The discharge route will be from the plant site to an unnamed tributary; thence to West Fork Plum Creek; thence to Plum Creek. TCEQ received this application on April 20, 2022. The permit application is available for viewing and copying at Lockhart City Hall, 308 West San Antonio Street, Lockhart, Texas. This link to an electronic map of the site or facility's general location is provided as a public courtesy and not part of the application or notice. For the exact location, refer to the application.

**ALTERNATIVE LANGUAGE NOTICE.** Alternative language notice in Spanish is available at <https://www.tceq.texas.gov/permitting/wastewater/plain-language-summaries-and-public-notice>. El aviso de idioma alternativo en español está disponible en <https://www.tceq.texas.gov/permitting/wastewater/plain-language-summaries-and-public-notice>.

**ADDITIONAL NOTICE.** TCEQ's Executive Director has determined the application is administratively complete and will conduct a technical review of the application. After technical review of the application is complete, the Executive Director may prepare a draft permit and will issue a preliminary decision on the application. **Notice of the Application and Preliminary Decision will be published and mailed to those who are on the county-wide mailing list and to those who are on the mailing list for this application. That notice will contain the deadline for submitting public comments.**

**PUBLIC COMMENT / PUBLIC MEETING.** You may submit public comments or request a public meeting on this application. The purpose of a public meeting is to provide the opportunity to submit comments or to ask questions about the application. TCEQ will hold a public meeting if the Executive Director determines that there is a significant degree of public interest in the application or if requested by a local legislator. A public meeting is not a contested case hearing.

**OPPORTUNITY FOR A CONTESTED CASE HEARING.** After the deadline for submitting public comments, the Executive Director will consider all timely comments and prepare a response to all relevant and material, or significant public comments. **Unless the application is directly referred for a contested case hearing, the response to comments, and the Executive Director's decision on the application, will be mailed to everyone who submitted public comments and to those persons who are on the mailing list for this application. If comments are received, the mailing will also provide instructions for requesting reconsideration of the Executive Director's decision and for requesting a contested case hearing.** A contested case hearing is a legal proceeding similar to a civil trial in state district court.

**TO REQUEST A CONTESTED CASE HEARING, YOU MUST INCLUDE THE FOLLOWING ITEMS IN YOUR REQUEST:** your name, address, phone number; applicant's name and proposed permit number; the location and distance of your property/activities relative to the proposed facility; a specific description of how you would be adversely affected by the facility in a way not common to the general public; a list of all disputed issues of fact that you submit during the comment period and, the statement "[I/we] request a contested case hearing." If the request for contested case hearing is filed on behalf of a group or association, the request must designate the group's representative for receiving future correspondence; identify by name and physical address an individual member of the group who would be adversely affected by the proposed facility or activity; provide the information discussed above regarding the affected member's location and distance from the facility or activity; explain how and why the member would be affected; and explain how the interests the group seeks to protect are relevant to the group's purpose.

Following the close of all applicable comment and request periods, the Executive Director will forward the application and any requests for reconsideration or for a contested case hearing to the TCEQ Commissioners for their consideration at a scheduled Commission meeting.

The Commission may only grant a request for a contested case hearing on issues the requestor submitted in their timely comments that were not subsequently withdrawn. **If a hearing is granted, the subject of a hearing will be limited to disputed issues of fact or mixed questions of fact and law relating to relevant and material water quality concerns submitted during the comment period.**

**MAILING LIST.** If you submit public comments, a request for a contested case hearing or a reconsideration of the Executive Director's decision, you will be added to the mailing list for this specific application to receive future public notices mailed by the Office of the Chief Clerk. In addition, you may request to be placed on: (1) the permanent mailing list for a specific applicant name and permit number; and/or (2) the mailing list for a specific county. If you wish to be placed on the permanent and/or the county mailing list, clearly specify which list(s) and send your request to TCEQ Office of the Chief Clerk at the address below.

**INFORMATION AVAILABLE ONLINE.** For details about the status of the application, visit the Commissioners' Integrated Database at [www.tceq.texas.gov/goto/cid](http://www.tceq.texas.gov/goto/cid). Search the database using the permit number for this application, which is provided at the top of this notice.

**AGENCY CONTACTS AND INFORMATION.** Public comments and requests must be submitted either electronically at <https://www14.tceq.texas.gov/epic/eComment/>, or in writing

to the Texas Commission on Environmental Quality, Office of the Chief Clerk, MC-105, P.O. Box 13087, Austin, Texas 78711-3087. Please be aware that any contact information you provide, including your name, phone number, email address, and physical address will become part of the agency's public record. For more information about this permit application or the permitting process, please call the TCEQ Public Education Program, Toll Free, at 1-800-687-4040 or visit their website at [www.tceq.texas.gov/goto/pep](http://www.tceq.texas.gov/goto/pep). Si desea información en Español, puede llamar al 1-800-687-4040.

# Comisión de Calidad Ambiental del Estado de Texas

## AVISO DE RECIBO DE LA SOLICITUD Y EL INTENTO DE OBTENER PERMISO PARA LA CALIDAD DEL AGUA

### PERMISO PROPUESTO NO. WQ0016148001

SOLICITUD. Greenwood Ventures Group LLC, 101 Parklane Boulevard, Suite 102, Sugar Land, Texas 77478, ha solicitado a la Comisión de Calidad Ambiental del Estado de Texas (TCEQ) para el propuesto Permiso No. WQ0016148001 (EPA I.D. No. TX0142794) del Sistema de Eliminación de Descargas de Contaminantes de Texas (TPDES) para autorizar la descarga de aguas residuales tratadas en un volumen que no sobrepasa un flujo promedio diario de 975,000 galones por día. La planta está ubicada aproximadamente 1.87 millas al suroeste de County Road 214 y U.S. Highway 183, en el condado de Caldwell, Texas. La ruta de descarga será desde el sitio de la planta hasta un afluyente sin nombre; de allí a West Fork Plum Creek; de allí a Plum Creek. La TCEQ recibió esta solicitud el 20 de abril de 2022. La solicitud para el permiso está disponible para leerla y copiarla en Lockhart City Hall, 308 West San Antonio Street, Lockhart, Texas. Este enlace a un mapa electrónico de la ubicación general del sitio o de la instalación es proporcionada como una cortesía y no es parte de la solicitud o del aviso. Para la ubicación exacta, consulte la solicitud.

**AVISO ADICIONAL.** El Director Ejecutivo de la TCEQ ha determinado que la solicitud es administrativamente completa y conducirá una revisión técnica de la solicitud. Después de completar la revisión técnica, el Director Ejecutivo puede preparar un borrador del permiso y emitirá una Decisión Preliminar sobre la solicitud. **El aviso de la solicitud y la decisión preliminar serán publicados y enviado a los que están en la lista de correo de las personas a lo largo del condado que desean recibir los avisos y los que están en la lista de correo que desean recibir avisos de esta solicitud. El aviso dará la fecha límite para someter comentarios públicos.**

**COMENTARIO PUBLICO / REUNION PUBLICA.** Usted puede presentar **comentarios públicos o pedir una reunión pública sobre esta solicitud.** El propósito de una reunión pública es dar la oportunidad de presentar comentarios o hacer preguntas acerca de la solicitud. La TCEQ realiza una reunión pública si el Director Ejecutivo determina que hay un grado de interés público suficiente en la solicitud o si un legislador local lo pide. Una reunión pública no es una audiencia administrativa de lo contencioso.

**OPORTUNIDAD DE UNA AUDIENCIA ADMINISTRATIVA DE LO CONTENCIOSO.** Después del plazo para presentar comentarios públicos, el Director Ejecutivo considerará todos los comentarios apropiados y preparará una respuesta a todo los comentarios públicos esenciales, pertinentes, o significativos. **A menos que la solicitud haya sido referida**

directamente a una audiencia administrativa de lo contencioso, la respuesta a los comentarios y la decisión del Director Ejecutivo sobre la solicitud serán enviados por correo a todos los que presentaron un comentario público y a las personas que están en la lista para recibir avisos sobre esta solicitud. Si se reciben comentarios, el aviso también proveerá instrucciones para pedir una reconsideración de la decisión del Director Ejecutivo y para pedir una audiencia administrativa de lo contencioso. Una audiencia administrativa de lo contencioso es un procedimiento legal similar a un procedimiento legal civil en un tribunal de distrito del estado.

**PARA SOLICITAR UNA AUDIENCIA DE CASO IMPUGNADO, USTED DEBE INCLUIR EN SU SOLICITUD LOS SIGUIENTES DATOS:** su nombre, dirección, y número de teléfono; el nombre del solicitante y número del permiso; la ubicación y distancia de su propiedad/actividad con respecto a la instalación; una descripción específica de la forma cómo usted sería afectado adversamente por el sitio de una manera no común al público en general; una lista de todas las cuestiones de hecho en disputa que usted presente durante el período de comentarios; y la declaración "[Yo/nosotros] solicito/solicitamos una audiencia de caso impugnado". Si presenta la petición para una audiencia de caso impugnado de parte de un grupo o asociación, debe identificar una persona que representa al grupo para recibir correspondencia en el futuro; identificar el nombre y la dirección de un miembro del grupo que sería afectado adversamente por la planta o la actividad propuesta; proveer la información indicada anteriormente con respecto a la ubicación del miembro afectado y su distancia de la planta o actividad propuesta; explicar cómo y porqué el miembro sería afectado; y explicar cómo los intereses que el grupo desea proteger son pertinentes al propósito del grupo.

Después del cierre de todos los períodos de comentarios y de petición que aplican, el Director Ejecutivo enviará la solicitud y cualquier petición para reconsideración o para una audiencia de caso impugnado a los Comisionados de la TCEQ para su consideración durante una reunión programada de la Comisión. La Comisión sólo puede conceder una solicitud de una audiencia de caso impugnado sobre los temas que el solicitante haya presentado en sus comentarios oportunos que no fueron retirados posteriormente. Si se concede una audiencia, el tema de la audiencia estará limitado a cuestiones de hecho en disputa o cuestiones mixtas de hecho y de derecho relacionadas a intereses pertinentes y materiales de calidad del agua que se hayan presentado durante el período de comentarios.

**LISTA DE CORREO.** Si somete comentarios públicos, un pedido para una audiencia administrativa de lo contencioso o una reconsideración de la decisión del Director Ejecutivo, la Oficina del Secretario Principal enviará por correo los avisos públicos en relación con la solicitud. Además, puede pedir que la TCEQ ponga su nombre en una o más de las listas de correos siguientes (1) la lista de correo permanente para recibir los avisos de el solicitante indicado por nombre y número del permiso específico y/o (2) la lista de correo de todas las solicitudes en un condado específico. Si desea que se agregue su nombre en una de las listas designe cual lista(s) y envía por correo su pedido a la Oficina del Secretario Principal de la TCEQ.

**CONTACTOS E INFORMACIÓN A LA AGENCIA.** Todos los comentarios públicos y solicitudes deben ser presentadas electrónicamente vía <http://www14.tceq.texas.gov/epic/eComment/> o por escrito dirigidos a la Comisión de Texas de Calidad Ambiental, Oficial de la Secretaría (Office of Chief

**Clerk), MC-105, P.O. Box 13087, Austin, Texas 78711-3087.** Tenga en cuenta que cualquier información personal que usted proporcione, incluyendo su nombre, número de teléfono, dirección de correo electrónico y dirección física pasarán a formar parte del registro público de la Agencia. RE: Declaration of Administrative Completeness  
Applicant Name: Greenwood Ventures Group LLC (CN606011039)  
Permit No.: WQ0016148001  
Site Name: Lockhart Landing WWTP (RN111484846)  
Type of Application: New

Dear Mr. Ryan:

The executive director has declared the above referenced application, received on April 20, 2022, administratively complete on June 14, 2022.

You are now required to publish notice of your proposed activity and make a copy of the application available for public review. The following items are included to help you meet the regulatory requirements associated with this notice:

- Instructions for Public Notice
- Notice for Newspaper Publication
- Public Notice Verification Form
- Publisher's Affidavits

You must follow all the directions in the enclosed instructions. The most common mistakes are the unauthorized changing of notice, wording, or font. If you fail to follow these instructions, you may be required to republish the notices.

The following requirements are also described in the enclosed instructions. However, due to their importance, they are highlighted here as well.

1. Publish the enclosed notice within **30 calendar days** after your application is declared administratively complete. (See this letter's first paragraph for the declaration date.) **You may be required to publish the notice in more than one newspaper, including a newspaper published in an alternative language, to satisfy all of the notice requirements.**
2. On or before the date you publish notice, place a copy of your permit application in a public place in the county where the facility is or will be located. This copy must be accessible to the public for review and copying, must be updated to reflect changes to the application, and must remain in place throughout the comment period.

Declaration of Administrative Completeness

June 14, 2022

3. For each publication, submit proof of publication of the notice that shows the publication date and newspaper name to the Office of the Chief Clerk within **30 calendar days** after notice is published in the newspaper.
4. Return the original enclosed Public Notice Verification and the Publisher's Affidavits to the Office of the Chief Clerk within **30 calendar days** after the notice is published in the newspaper.

If you do not comply with all the requirements described in the instructions, further processing of your application may be suspended, or the agency may take other actions.

If you have any questions regarding publication requirements, please contact the Office of Legal Services at (512) 239-0600. If you have any questions regarding the content of the notice, please contact Ms. Leah Whallon at (512) 239-0084.

Sincerely,

Erika Crespo, Assistant Deputy Director

**Texas Commission on Environmental Quality  
Instructions for Public Notice for a Water Quality Permit  
Notice of Receipt of Application and Intent to Obtain Permit (NORI)**

Your application has been declared administratively complete. You must comply with the following instructions. There are seven (7) steps involved in publishing notice. Complete each step.

**1. REVIEW THE NOTICE FOR ACCURACY**

**Read the enclosed notice carefully and notify the Application Review and Processing Team at 512-239-4671 immediately if it contains any errors or omissions.** You are responsible for ensuring the accuracy of all information published. Do not change the text or formatting of the notice or affidavit of publication without prior approval from the TCEQ. Changing the text or formatting of the notice may require new publication at your expense and delay processing of your application.

**2. PUBLISH THE NOTICE IN THE NEWSPAPER**

**You must publish the enclosed notice within 30 days after the date of administrative completeness.** Refer to the cover letter for the date of administrative completeness.

You must publish the enclosed notice at your expense, at least once in the newspaper of largest circulation within each county where the facility and discharge point are located or will be located. If the facility and discharge point are located or will be located in a municipality, the enclosed notice must be published at least once in a newspaper of general circulation in the municipality. These requirements may be satisfied by one publication if the newspaper meets all of the above requirements.

The bold text of the enclosed notice must be printed in the newspaper in a font style or size that distinguishes it from the rest of the notice (i.e., bold, italics). Failure to do so may require re-notice.

**3. PUBLISH THE NOTICE IN AN ALTERNATIVE LANGUAGE**

**You must publish notice in an alternative language IF:** either the elementary or middle school nearest to the facility or proposed facility is required to provide a “bilingual education program” (BEP) as required by Texas Education Code (TEC), Chapter 29, Subchapter B, and 19 Tex. Admin. Code §89.1205(a) AND one of the following conditions is met:

- students are enrolled in a program at that school;
- students from that school attend a bilingual education program at another location; or
- the school that otherwise would be required to provide a bilingual education program has been granted an exception from the requirements to provide the program as provided for in 19 Tex. Admin. Code §89.1207(a).

A “bilingual education program” is different from an “English as a second language program” (ESL). An ESL program alone, will not require public notice in an alternative language.

If triggered, you must publish the notice in a newspaper or publication primarily published in the alternative language taught in the bilingual education program. Publication in an alternative language section or insert within a large publication which is not printed primarily in that alternative language does not satisfy these requirements. The newspaper or publication must be of general circulation in the county in which the facility and discharge point are located or proposed to be located. If the facility and discharge point are located or proposed to be located in a municipality, and there exists a newspaper or publication of general circulation in the municipality, you must publish the notice only in the newspaper or publication in the municipality.

You must demonstrate a good faith effort to identify a newspaper or publication in the required language. If there is no general circulation newspaper or publication printed in such language, then publishing in that language is not required. You have the burden to demonstrate compliance with these requirements.

If you are required to publish notice in Spanish, you must translate the site-specific information in the notice that is specific to your application, at your own expense. You may then insert the Spanish translation of your site-specific information into a Spanish template developed by the TCEQ. The Spanish templates are available on the TCEQ website at [http://www.tceq.texas.gov/permitting/wastewater/review/wqspanish\\_nori.html](http://www.tceq.texas.gov/permitting/wastewater/review/wqspanish_nori.html). If you are required to publish notice in a language other than Spanish, you must translate the entire public notice, at your own expense.

#### **4. PUT THE APPLICATION IN A PUBLIC PLACE**

**You must put a copy of the administratively complete application in the public place identified in the enclosed notice.**

This copy must be accessible to the public for review and copying beginning on the first day of newspaper publication and remain in place for the publication's designated comment period.

During the technical review, you must update the publicly available application so that it includes all application revisions within 10 business days from the date the revision is transmitted to the TCEQ.

For confidential information contained in the application, you must indicate which specific portions of the application cannot be made available to the public. These portions of the application must be accompanied with the following statement: "Any request for portions of this application that are marked as confidential must be submitted in writing, pursuant to the Public Information Act, to the TCEQ Public Information Coordinator, MC 197, P.O. Box 13087, Austin, Texas 78711-3087."

#### **5. PROVIDE PROOF OF PUBLICATION**

**For each newspaper in which you published, you must submit proof of publication.** Proof of publication must include the following:

- a completed Publisher's Affidavit (enclosed); and
- a copy of the published notice which shows the notice, the date published, and the newspaper name. The copy must be on standard-size 8½ x 11" paper and must show the actual size of the published notice. Do not reduce the

image when making copies. Published notices longer than 11" must be copied onto multiple 8½ x 11" pages. Or you can submit the original newspaper clipping.

**If you are required to publish notice in an alternative language and are unable to do so, complete and submit the Alternative Language Exemption form (enclosed).**

**6. PROVIDE PROOF OF APPLICATION VIEWING LOCATION**

**You must submit a completed Public Notice Verification Form (enclosed) which certifies that the administratively complete application was placed at the public place identified in the enclosed notice.**

**7. SUBMIT PROOFS TO TCEQ**

**The proof of publication documents (Step 5) and the completed Public Notice Verification Form (Step 6) must be submitted to TCEQ within 30 days of publication.**

By email to: [PROOFS@tceq.texas.gov](mailto:PROOFS@tceq.texas.gov)

OR by mail at:  
TCEQ  
Office of the Chief Clerk, MC 105  
Attn: Notice Team  
P.O. Box 13087  
Austin, Texas 78711-3087

NOTE: If proofs are submitted by email, you do not have to mail in the original documents.

**Additional Information**

**If you fail to publish the notice or submit proofs within the timeframes noted above, the TCEQ may suspend further processing on your application or take other actions in accordance with 30 Tex. Admin. Code §39.405(a).**

If you have any questions regarding publication requirements, please contact the Office of Legal Services at 512-239-0600. If you have any questions regarding the content of the notice, please contact the Wastewater Permitting Section at 512-239-4671. When contacting TCEQ regarding this application, please refer to the permit number at the top of the enclosed notice.
