**NOTICE OF HEARING**  
**Corix Utilities (Texas) Inc.**  
**SOAH Docket No. 582-24-22552**  
**TCEQ Docket No. 2023-1591-MWD**  
**TPDES Permit No. WQ0013977001**

**APPLICATION.**

Corix Utilities (Texas) Inc., P.O. Box 140164, Austin, Texas 78714, has applied to the Texas Commission on Environmental Quality (TCEQ) for a major amendment to Texas Pollutant Discharge Elimination System (TPDES) Permit No. WQ0013977001 to authorize an increase in the discharge of treated domestic wastewater from a daily average flow not to exceed 50,000 gallons per day to a daily average flow not to exceed 510,000 gallons per day.

The facility is located approximately 1,500 feet northeast of the intersection of Hyatt Lost Pines Road and State Highway 71 West, in Bastrop County, Texas 78612. The treated effluent is discharged to an unnamed tributary, thence to the Colorado River Below Lady Bird Lake/Town Lake in Segment No. 1428 of the Colorado River Basin. The unclassified receiving water use is minimal aquatic life use for the unnamed tributary. The designated uses for Segment No. 1428 are primary contact recreation, public water supply, and exceptional aquatic life use. In accordance with 30 Texas Administrative Code § 307.5 and TCEQ's *Procedures to Implement the Texas Surface Water Quality Standards* (June 2010), an antidegradation review of the receiving waters was performed. A Tier 1 antidegradation review has preliminarily determined that existing water quality uses will not be impaired by this permit action. Numerical and narrative criteria to protect existing uses will be maintained. A Tier 2 review has preliminarily determined that no significant degradation of water quality is expected in Colorado River Below Lady Bird Lake/Town Lake, which has been identified as having exceptional aquatic life use. Existing uses will be maintained and protected. The preliminary determination can be reexamined and may be modified if new information is received. This link to an electronic map of the site or facility's general location is provided as a public courtesy and is not part of the application or notice. For the exact location, refer to the application.

The TCEQ Executive Director has completed the technical review of the application and prepared a draft permit. The draft permit, if approved, would establish the conditions under which the facility must operate. The Executive Director has made a preliminary decision that this permit, if issued, meets all statutory and regulatory requirements. The permit application, Executive Director's preliminary decision, and draft permit are

available for viewing and copying at Bastrop Public Library, 1100 Church Street, Bastrop, Texas.

The purpose of a preliminary hearing is to establish jurisdiction, name the parties, establish a procedural schedule for the remainder of the proceeding, and to address other matters as determined by the judge. The evidentiary hearing phase of the proceeding, which will occur at a later date, will be similar to a civil trial in state district court. The hearing will address the disputed issues of fact identified in the TCEQ order concerning this application issued on February 13, 2024. In addition to these issues, the judge may consider additional issues if certain factors are met.

The hearing will be conducted in accordance with Chapter 2001, Texas Government Code; Chapter 26, Texas Water Code; and the procedural rules of the TCEQ and SOAH, including 30 TAC Chapter 80 and 1 TAC Chapter 155. The hearing will be held unless all timely hearing requests have been withdrawn or denied.

To request to be a party, you must attend the hearing and show you would be adversely affected by the application in a way not common to members of the general public. Any person may attend the hearing and request to be a party. Only persons named as parties may participate at the hearing.

**In accordance with 1 Tex. Admin. Code § 155.401(a), Notice of Hearing, “Parties that are not represented by an attorney may obtain information regarding contested case hearings on the public website of the State Office of Administrative Hearings at [www.soah.texas.gov](http://www.soah.texas.gov), or in printed format upon request to SOAH.”**

**TCEQ Expediente N.º 2023-1591-MWD**  
**TPDES Permiso N.º WQ0013977001**

**SOLICITUD.**

Corix Utilities (Texas) Inc., P.O. Box 140164, Austin, Texas 78714, ha solicitado a la Comisión de Calidad Ambiental del Estado de Texas (TCEQ) por un modificación principal para autorizar enmienda importante al Permiso No. WQ0013977001 para autorizar un aumento en la descarga de aguas residuales domésticas tratadas de un flujo promedio diario que no exceda los 50,000 galones por día a un flujo promedio diario que no exceda los 510,000 galones por día.

La planta está ubicada en aproximadamente 1,500 pies al noreste de la intersección de Hyatt Lost Pines Road y State Highway 71 West, en el Condado de Bastrop, Texas. El efluente tratado es descargado al afluente sin nombre, de allí al río Colorado debajo del lago Lady Bird / lago Town en el Segmento No. 1428 de la Cuenca del Río Colorado. Los usos no clasificados de las aguas receptoras son no significativos usos de la vida acuática para Tributario sin nombre. Los usos designados para el Segmento No. 1428 son excepcionales uso de vida acuática; abastecimiento de agua potable; navegación; recreación de contacto primario. De acuerdo con la 30 TAC §307.5 y los procedimientos de implementación de la TCEQ (Enero 2010) para las Normas de Calidad de Aguas Superficiales en Texas, fue realizada una revisión de la antidegradación de las aguas recibidas. Una revisión de antidegradación del Nivel 1 ha determinado preliminarmente que los usos de la calidad del agua existente no serán perjudicados por la acción de este permiso. Se mantendrá un criterio narrativo y numérico para proteger los usos existentes. Una revisión del Nivel 2 ha determinado preliminarmente que no se espera ninguna degradación significativa en Río Colorado debajo del lago Lady Bird/lago Town, el cual se ha identificado que tiene excepcionales usos en la vida acuática. Los usos existentes serán mantenidos y protegidos. La determinación preliminar puede ser reexaminada y puede ser modificada, si se recibe alguna información nueva. Este enlace a un mapa electrónico de la ubicación general del sitio o de la instalación es proporcionado como una cortesía y no es parte de la solicitud o del aviso. El Director Ejecutivo de la TCEQ ha completado la revisión técnica de la solicitud y ha preparado un borrador del permiso. El borrador del permiso, si es aprobado, establecería las condiciones bajo las cuales la instalación debe operar. El Director Ejecutivo ha tomado una decisión preliminar que si este permiso es emitido, cumple con todos los requisitos normativos y legales. La solicitud del permiso, la decisión

preliminar del Director Ejecutivo y el borrador del permiso están disponibles para leer y copiar en Biblioteca Pública de Bastrop, 1100 Church Street, Bastrop, Texas.

# Musk's wealth drops after chaotic week

## Letter accuses Tesla of not controlling the CEO

**Kara Carlson**

Austin American-Statesman  
USA TODAY NETWORK

Elon Musk's wealth slumped \$12.6 billion amid a chaotic week for the billionaire and his collection of companies. His week wrapped up with a group of investors accusing Austin-based Tesla of mismanagement.

Since Wednesday, Musk — whose business empire consists of five companies, many of which have a presence in Central Texas — has had a turbulent few days that included a less-than-stellar Tesla earnings call, policy changes at Twitter and a rocket launch by his aerospace company SpaceX that ended in an explosion.

The week was capped with a letter sent Friday by a group of 17 Tesla investors who together hold more than \$1.5 billion in company stock. The letter raised concerns about Musk's ability to be an effective CEO as he runs the rest of his empire. The letter also accused the board of not controlling the CEO.

Stock prices for Tesla, Musk's only publicly traded company, dropped nearly 12% last week, helping send Musk's personal wealth, which is largely tied up in Tesla stock, down.

The Bloomberg Billionaires Index, which ranks the daily wealth of the world's richest people, showed that Musk lost \$12.6 billion Thursday. The drop is the most the billionaire has seen this year. Still, Musk easily remains the second-richest person in the world, behind only Bernard Arnault, the CEO of French luxury goods maker LVMH, which owns Louis Vuitton, Tiffany and other brands. As of Friday evening, Musk was worth \$164 billion and Arnault was worth \$211 billion.

Tesla's stock drop followed a quarterly earnings report and meeting Wednesday evening for the electric carmaker's first quarter as it reported a 24% decrease in net income last quarter. The drop came amid multiple rounds of vehicle price cuts this year that tightened profit margins. On Wednesday, Musk said the cuts are likely to continue. They have come as competition in the electric vehicle market has heated up.

verified the identity of accounts for nonpaying subscribers and eliminated marking for government accounts and public figures, including the pope and President Joe Biden.

Now any users with a blue verification mark are those who pay for an \$8 monthly subscription to Twitter Blue and verify their phone number or organizations that pay \$1,000 a month. Musk also paid for a few select accounts himself, including for LeBron James and William Shatner, who both publicly said they would not pay for Blue.

On Friday, Twitter also quietly took labels that implied government oversight or involvement off of accounts that had been labeled as "Government-funded" and "China state-affili-

be overcommitted at a time when the company faces critical challenges, including increased competition, regulatory scrutiny, and a stock slide," the letter said.

As a result, the investors asked for a meeting by May 25 to discuss concerns and made several requests of the board. They asked that the board ensure the company has a CEO who dedicates adequate time and attention to the company and make a plan to overhaul board member compensation, including rotating out members with close ties to Musk. They also asked for either a policy that limits the CEO's outside commitments or a CEO succession plan.

The letter also pointed out that as of April 3, Tesla had lost \$582.4 billion in market capitalization since Musk disclosed his stake in Twitter about a year before, and it said Tesla is losing market share on electric vehicles as automakers launch comparable models at similar or lower price points.

The investors also cited a number of concerns related to human and labor rights, including incidents at Tesla's southeastern Travis County manufac-

profit margins. On Wednesday, Musk said the cuts are likely to continue. They have come as competition in the electric vehicle market has heated up.

On Thursday morning, SpaceX launched its first orbital flight of Starship, and though the rocket got off the ground, it suffered a fiery explosion four minutes into the test flight. Musk called the launch as exciting and a learning experience, but the rocket is designed to reach the Moon and Mars, and its failure showed how far the company needs to go before those lofty goals can be reached.

That same day, Musk's notable problem child, Twitter, which he acquired in October, stirred up new controversy when the platform eliminated verification status for its legacy accounts, an action that Musk had promised to take but had pushed back several times. The platform eliminated a checkmark that

On Friday, Twitter also quietly took labels that implied government oversight or involvement off of accounts that had been labeled as "Government-funded" and "China state-affiliated," according to a report from Reuters.

### What did the letter say?

On Friday, the Tesla investors raised a number of concerns, stating that the board of directors is "failing to adequately represent the interests of Tesla's shareholders" and had a "meager oversight" of Musk. Their letter said the same for other aspects of corporate strategy, including the company's approach to human rights and labor rights, which the investors said brought legal, operational and reputational risks.

The investors also cited a number of concerns related to human and labor rights, including incidents at Tesla's southeastern Travis County manufac-

turing facility. The letter listed allegations of incidents related to unsafe working conditions, wage theft and falsified certificates of safety training in Tesla's Austin facility, and it linked to media reports. It also cited complaints about Tesla's factory in Fremont, Calif., including allegations of racial discrimination and a hostile work environment, as well as allegations of union busting in New York.

The letter accused Tesla of embracing a culture of being "above the law" and mentioned probes by the U.S. Department of Justice as well as investigations by the National Highway Traffic Safety Administration and the California Department of Vehicles related to Tesla's controversial self-driving software.

"Instead of working to address problems with regulators, CEO Musk has made derogatory tweets and comments, fueling tensions," the letter said.

## Concerns likely to stay

Concerns that Musk has been stretched too thin have been raised before, particularly since he purchased Twitter.

Dan Ives, an industry analyst with Wedbush Securities, said the scrutiny is likely to continue.

"This is a careful balancing act for Musk as he is juggling a lot of balls at the same time with Tesla, SpaceX and Twitter," Ives said. "Investor scrutiny will continue to grow around Musk with a pivotal year for Tesla looking ahead."

The criticism comes as Musk has increasingly moved and expanded his business empire into Central Texas. In 2020, the billionaire confirmed he had moved to Texas to be closer to SpaceX's South Texas site and Tesla's Austin manufacturing facility.

Musk also has moved the headquarters of Tesla and the Boring Co., a tunneling and infrastructure firm, to Central Texas, along with his private foundation. He has set up offices in the region for SpaceX and his neurotechnology company Neuralink. Musk has also hinted about putting a second Twitter headquarters or office in Texas in the past but so far has made no public moves to do so.

 PERMIT NO. WQ0013977001

**APPLICATION.** Corix Utilities (Texas) Inc., P.O. Box 140164, Austin, Texas 78714, has applied to the Texas Commission on Environmental Quality (TCEQ) for a major amendment to Texas Pollutant Discharge Elimination System (TPDES) Permit No. WQ0013977001 to authorize an increase in the discharge of treated domestic wastewater from a daily average flow not to exceed 50,000 gallons per day to a daily average flow not to exceed 510,000 gallons per day. TCEQ received this application on July 29, 2022.

The facility is located approximately 1,500 feet northeast of the intersection of Lost Pines Road and State Highway 71 West, in Bastrop County, Texas 78612. The treated effluent is discharged to an unnamed tributary thence to the Colorado River Below Lady Bird Lake/Town Lake in Segment No. 1428 of the Colorado River Basin. The unclassified receiving water use is minimal aquatic life use for the unnamed tributary. The designated uses for Segment No. 1428 are primary contact recreation, public water supply, and exceptional aquatic life use. In accordance with 30 Texas Administrative Code § 307.5 and TCEQ's *Procedures to Implement the Texas Surface Water Quality Standards* (June 2010), an antidegradation review of the receiving waters was performed. A Tier 1 antidegradation review has preliminarily determined that existing water quality uses will not be impaired by this permit action. Numerical and narrative criteria to protect existing uses will be maintained. A Tier 2 review has preliminarily determined that no significant degradation of water quality is expected in Colorado River Below Lady Bird Lake/Town Lake, which has been identified as having exceptional aquatic life use. Existing uses will be maintained and protected. The preliminary determination can be reexamined and may be modified if new information is received. This link to an electronic map of the site or facility's general location is provided as a public courtesy and is not part of the application or notice. For the exact location, refer to the application.

The TCEQ Executive Director has completed the technical review of the application and prepared a draft permit. The draft permit, if approved, would establish the conditions under which the facility must operate. The Executive Director has made a preliminary decision that this permit, if issued, meets all statutory and regulatory requirements.

 ENMIENDA  
 PERMISO NO. WQ0013977001

**SOLICITUD.** Corix Utilidades (Texas) Inc., P.O. Box 140164, Austin, Texas 78714, ha solicitado a la Comisión de Calidad Ambiental de Texas (TCEQ, por sus siglas en inglés) una enmienda importante al Permiso N.º WQ00 del Sistema de Eliminación de Descargas de Contaminantes de Texas (TPDES, por sus siglas en inglés) N.º WQ0013977001 para autorizar un aumento en la descarga de aguas residuales domésticas tratadas de un flujo promedio diario que no exceda los 50,000 galones por día a un flujo promedio diario que no exceda los 510,000 galones por día. La TCEQ recibió esta solicitud el 29 de julio del 2022.

La instalación está ubicada aproximadamente a 1,500 pies al noreste de la intersección de Hyatt Lost Pines Road y State Highway 71 West, en el condado de Bastrop, Texas 78612. El efluente tratado se descarga a un afluente sin nombre, desde allí al Río Colorado debajo del Lago Lady Bird / Lago Town en el segmento N.º 1428 de la cuenca del Río Colorado. El uso de agua receptora no clasificada es un uso mínimo de vida acuática para el afluente sin nombre. De acuerdo con 30 Código Administrativo de Texas § 307.5 y los *Procedimientos de la TCEQ para implementar los Estándares de Calidad del Agua Superficial de Texas* (junio del 2010), se realizó una revisión antidegradación de las aguas receptoras. Una revisión antidegradación de Nivel 1 ha determinado preliminarmente que los usos existentes de la calidad del agua no se verán afectados por esta acción de permiso. Se mantendrán criterios numéricos y narrativos para proteger los usos existentes. Una revisión de Nivel 2 ha determinado preliminarmente que no se espera una degradación significativa de la calidad del agua en el Río Colorado debajo del Lago Lady Bird / Town Lake, que se ha identificado como un uso excepcional de la vida acuática. Los usos existentes se mantendrán y protegerán. La determinación preliminar puede ser reexaminada y puede ser modificada si se recibe nueva información. ## Instructions to Publish Notice for Public Meeting

The Executive Director has determined that a public meeting should be held for your permit application. The Chief Clerk has issued mailed notice, and now you must publish notice of the meeting in a newspaper.

### Newspaper Notice

Please publish the enclosed notice of public meeting, at your expense, in a newspaper that is regularly published or circulated within each county where the proposed facility is located and in each county affected by the discharge. **The entire notice must be published once, including all text from 'NOTICE OF PUBLIC MEETING . . .'** through the issued date. **While it is not required, we recommend that the notice be at least 15 square inches (96.8 square centimeters), with the shortest dimension at least three inches (7.6 centimeters) in size.** Also, if feasible, we recommend that the notice be published in a regular section of the paper, rather than in the classified advertising section. Please publish the notice as soon as possible, but not later than 30 calendar days prior to the date of the public meeting.

### Proof of Publication

Please submit an **original newspaper clipping** of the published notice, and a sworn affidavit completed by the newspaper giving the date on which the notice was published and listing the pertinent counties of newspaper circulation. The enclosed affidavit includes all the information needed. Therefore, please ask the newspaper to use this form. Please file the newspaper clipping and affidavit of publication with the Office of the Chief Clerk within 10 days after the notice is published.

### Submission Requirements

The newspaper clipping and affidavit should be mailed to:

TCEQ  
Office of the Chief Clerk, MC 105  
P.O. Box 13087  
Austin, Texas 78711-3087

Please send an original newspaper clipping, rather than photocopies. Also, please be sure the affidavit of publication is completely filled out and is properly executed.

### **Failure to Publish and Submit Proof of Publication**

Proper notice of the public meeting must be given before the public meeting can be held. If you fail to publish the notice or submit the affidavit, we may have to postpone the public meeting, and delay issuance of your permit. Ultimately, your application could be returned. If your application is returned, and you wish to continue with your project, you will need to submit a new application.

**If you are unable publish the notice according to the instructions above, please notify us immediately so that we may reschedule the public meeting.**

### **Please Review the Notice**

We have included in the notice all the information which we believe is necessary. Please read it carefully and notify us immediately if it contains any errors or omissions.

### **Please Attend the Public Meeting**

The Commission asks that you or your representative appear at the public meeting. Unless you are represented at the meeting, processing of your application may be suspended.

When contacting the Commission regarding this application, please refer to the permit number. If you have questions or need assistance regarding this notice, please contact the Office of the Chief Clerk at (512)239-3300.

## NOTICE OF APPLICATION AND PRELIMINARY DECISION FOR TPDES PERMIT FOR MUNICIPAL WASTEWATER

### AMENDMENT

**PERMIT NO. WQ0013977001**

**APPLICATION AND PRELIMINARY DECISION.** Corix Utilities (Texas) Inc., P.O. Box 140164, Austin, Texas 78714, has applied to the Texas Commission on Environmental Quality (TCEQ) for a major amendment to Texas Pollutant Discharge Elimination System (TPDES) Permit No. WQ0013977001 to authorize an increase in the discharge of treated domestic wastewater from a daily average flow not to exceed 50,000 gallons per day to a daily average flow not to exceed 510,000 gallons per day. TCEQ received this application on July 29, 2022.

The facility is located approximately 1,500 feet northeast of the intersection of Hyatt Lost Pines Road and State Highway 71 West, in Bastrop County, Texas 78612. The treated effluent is discharged to an unnamed tributary, thence to the Colorado River Below Lady Bird Lake/Town Lake in Segment No. 1428 of the Colorado River Basin. The unclassified receiving water use is minimal aquatic life use for the unnamed tributary. The designated uses for Segment No. 1428 are primary contact recreation, public water supply, and exceptional aquatic life use. In accordance with 30 Texas Administrative Code § 307.5 and TCEQ's *Procedures to Implement the Texas Surface Water Quality Standards* (June 2010), an antidegradation review of the receiving waters was performed. A Tier 1 antidegradation review has preliminarily determined that existing water quality uses will not be impaired by this permit action. Numerical and narrative criteria to protect existing uses will be maintained. A Tier 2 review has preliminarily determined that no significant degradation of water quality is expected in Colorado River Below Lady Bird Lake/Town Lake, which has been identified as having exceptional aquatic life use. Existing uses will be maintained and protected. The preliminary determination can be reexamined and may be modified if new information is received. This link to an electronic map of the site or facility's general location is provided as a public courtesy and is not part of the application or notice. For the exact location, refer to the application.

<https://tceq.maps.arcgis.com/apps/webappviewer/index.html?id=db5bac44afbc468bbddd36of816825of&marker=-97.4625%2C30.141388&level=12>

The TCEQ Executive Director has completed the technical review of the application and prepared a draft permit. The draft permit, if approved, would establish the conditions under which the facility must operate. The Executive Director has made a preliminary decision that this permit, if issued, meets all statutory and regulatory requirements. The permit application, Executive Director's preliminary decision, and draft permit are available for viewing and copying at Bastrop Public Library, 1100 Church Street, Bastrop, Texas.

**ALTERNATIVE LANGUAGE NOTICE.** Alternative language notice in Spanish is available at <https://www.tceq.texas.gov/permitting/wastewater/plain-language-summaries-and-public-notice>. El aviso de idioma alternativo en español está disponible en <https://www.tceq.texas.gov/permitting/wastewater/plain-language-summaries-and-public-notice>.

**PUBLIC COMMENT / PUBLIC MEETING.** You may submit public comments or request a public meeting about this application. The purpose of a public meeting is to provide the opportunity to submit comments or to ask questions about the application. TCEQ holds a public meeting if the Executive Director determines that there is a significant degree of public interest in the application or if requested by a local legislator. A public meeting is not a contested case hearing.

**OPPORTUNITY FOR A CONTESTED CASE HEARING.** After the deadline for submitting public comments, the Executive Director will consider all timely comments and prepare a response to all relevant and material or significant public comments. **Unless the application is directly referred for a contested case hearing, the response to comments will be mailed to everyone who submitted public comments and to those persons who are on the mailing list for this application. If comments are received, the mailing will also provide instructions for requesting a contested case hearing or reconsideration of the Executive Director's decision.** A contested case hearing is a legal proceeding similar to a civil trial in a state district court.

**TO REQUEST A CONTESTED CASE HEARING, YOU MUST INCLUDE THE FOLLOWING ITEMS IN YOUR REQUEST: your name, address, phone number; applicant's name and proposed permit number; the location and distance of your property/activities relative to the proposed facility; a specific description of how you would be adversely affected by the facility in a way not common to the general public; a list of all disputed issues of fact that you submit during the comment period; and the statement "[I/we] request a contested case hearing." If the request for contested case hearing is filed on behalf of a group or association, the request must designate the group's representative for receiving future correspondence; identify by name and physical address an individual member of the group who would be adversely affected by the proposed facility or activity; provide the information discussed above regarding the affected member's location and distance from the facility or activity; explain how and why the member would be affected; and explain how the interests the group seeks to protect are relevant to the group's purpose.**

Following the close of all applicable comment and request periods, the Executive Director will forward the application and any requests for reconsideration or for a contested case hearing to the TCEQ Commissioners for their consideration at a scheduled Commission meeting.

The Commission may only grant a request for a contested case hearing on issues the requestor submitted in their timely comments that were not subsequently withdrawn. **If a hearing is granted, the subject of a hearing will be limited to disputed issues of fact or mixed questions of fact and law relating to relevant and material water quality concerns submitted during the comment period.**

**EXECUTIVE DIRECTOR ACTION.** The Executive Director may issue final approval of the application unless a timely contested case hearing request or request for reconsideration is filed. If a timely hearing request or request for reconsideration is filed, the Executive Director will not issue final approval of the permit and will forward the application and request to the TCEQ Commissioners for their consideration at a scheduled Commission meeting.

# Comisión De Calidad Ambiental Del Estado De Texas

## AVISO DE LA SOLICITUD Y DECISIÓN PRELIMINAR PARA EL PERMISO DEL SISTEMA DE ELIMINACION DE DESCARGAS DE CONTAMINANTES DE TEXAS (TPDES) PARA AGUAS RESIDUALES MUNICIPALES

### MODIFICACIÓN

PERMISO NO. WQ0013977001

**SOLICITUD Y DECISIÓN PRELIMINAR.** Corix Utilities (Texas) Inc., P.O. Box 140164, Austin, Texas 78714, ha solicitado a la Comisión de Calidad Ambiental del Estado de Texas (TCEQ) por un modificación principal para autorizar enmienda importante al Permiso No. WQ0013977001 para autorizar un aumento en la descarga de aguas residuales domésticas tratadas de un flujo promedio diario que no exceda los 50,000 galones por día a un flujo promedio diario que no exceda los 510,000 galones por día. La TCEQ recibió esta solicitud el 29 de julio de 2022.

La planta está ubicada en aproximadamente 1,500 pies al noreste de la intersección de Hyatt Lost Pines Road y State Highway 71 West, en el Condado de Bastrop, Texas. Este enlace a un mapa electrónico de la ubicación general del sitio o de la instalación es proporcionado como una cortesía y no es parte de la solicitud o del aviso. Para la ubicación exacta, consulte la solicitud. <https://tceq.maps.arcgis.com/apps/webappviewer/index.html?id=db5bac44afbc468bbddd36of816825of&marker=-97.4625%2C30.141388&level=12>

El efluente tratado es descargado al afluyente sin nombre, de allí al río Colorado debajo del lago Lady Bird / lago Town en el Segmento No. 1428 de la Cuenca del Río Colorado. Los usos no clasificados de las aguas receptoras son no significativos usos de la vida acuática para Tributario sin nombre. Los usos designados para el Segmento No. 1428 son excepcionales uso de vida acuática; abastecimiento de agua potable; navegación; recreación de contacto primario.

De acuerdo con la 30 TAC §307.5 y los procedimientos de implementación de la TCEQ (Enero 2010) para las Normas de Calidad de Aguas Superficiales en Texas, fue realizada una revisión de la antidegradación de las aguas recibidas. Una revisión de antidegradación del Nivel 1 ha determinado preliminarmente que los usos de la calidad del agua existente no serán perjudicados por la acción de este permiso. Se mantendrá un criterio narrativo y numérico para proteger los usos existentes. Una revisión del Nivel 2 ha determinado preliminarmente que no se espera ninguna degradación significativa en Río Colorado debajo del lago Lady Bird/lago Town, el cual se ha identificado que tiene excepcionales usos en la vida acuática. Los usos existentes serán mantenidos y protegidos. La determinación preliminar puede ser reexaminada y puede ser modificada, si se recibe alguna información nueva.

El Director Ejecutivo de la TCEQ ha completado la revisión técnica de la solicitud y ha preparado un borrador del permiso. El borrador del permiso, si es aprobado, establecería las condiciones bajo las cuales la instalación debe operar. El Director Ejecutivo ha tomado una decisión preliminar que si este permiso es emitido, cumple con todos los requisitos normativos y legales. La solicitud del permiso, la decisión preliminar del Director Ejecutivo y el borrador del permiso están disponibles para leer y copiar en Biblioteca Pública de Bastrop, 1100 Church Street, Bastrop, Texas.

**COMENTARIO PUBLICO / REUNION PUBLICA. Usted puede presentar comentarios públicos o pedir una reunión pública sobre esta solicitud.** El propósito de una reunión pública es dar la oportunidad de presentar comentarios o hacer preguntas acerca de la solicitud. La TCEQ realiza una reunión pública si el Director Ejecutivo determina que hay un grado de interés público suficiente en la solicitud o si un legislador local lo pide. Una reunión pública no es una audiencia administrativa de lo contencioso.

**OPORTUNIDAD DE UNA AUDIENCIA ADMINISTRATIVA DE LO CONTENCIOSO.** Después del plazo para presentar comentarios públicos, el Director Ejecutivo considerará todos los comentarios apropiados y preparará una respuesta a todo los comentarios públicos esenciales, pertinentes, o significativos. **A menos que la solicitud haya sido referida directamente a una audiencia administrativa de lo contencioso, la respuesta a los comentarios y la decisión del Director Ejecutivo sobre la solicitud serán enviados por correo a todos los que presentaron un comentario público y a las personas que están en la lista para recibir avisos sobre esta solicitud. Si se reciben comentarios, el aviso también proveerá instrucciones para pedir una reconsideración de la decisión del Director Ejecutivo y para pedir una audiencia administrativa de lo contencioso.** Una audiencia administrativa de lo contencioso es un procedimiento legal similar a un procedimiento legal civil en un tribunal de distrito del estado.

**PARA SOLICITAR UNA AUDIENCIA DE CASO IMPUGNADO, USTED DEBE INCLUIR EN SU SOLICITUD LOS SIGUIENTES DATOS:** su nombre, dirección, y número de teléfono; el nombre del solicitante y número del permiso; la ubicación y distancia de su propiedad/actividad con respecto a la instalación; una descripción específica de la forma cómo usted sería afectado adversamente por el sitio de una manera no común al público en general; una lista de todas las cuestiones de hecho en disputa que usted presente durante el período de comentarios; y la declaración "[Yo/nosotros] solicito/solicitamos una audiencia de caso impugnado". Si presenta la petición para una audiencia de caso impugnado de parte de un grupo o asociación, debe identificar una persona que representa al grupo para recibir correspondencia en el futuro; identificar el nombre y la dirección de un miembro del grupo que sería afectado adversamente por la planta o la actividad propuesta; proveer la información indicada anteriormente con respecto a la ubicación del miembro afectado y su distancia de la planta o actividad propuesta; explicar cómo y porqué el miembro sería afectado; y explicar cómo los intereses que el grupo desea proteger son pertinentes al propósito del grupo.

Después del cierre de todos los períodos de comentarios y de petición que aplican, el Director Ejecutivo enviará la solicitud y cualquier petición para reconsideración o para una audiencia de caso impugnado a los Comisionados de la TCEQ para su consideración durante una reunión programada de la Comisión. La Comisión sólo puede conceder una solicitud de una audiencia de caso impugnado sobre los temas que el solicitante haya presentado en sus comentarios oportunos que no fueron

**retirados posteriormente. Si se concede una audiencia, el tema de la audiencia estará limitado a cuestiones de hecho en disputa o cuestiones mixtas de hecho y de derecho relacionadas a intereses pertinentes y materiales de calidad del agua que se hayan presentado durante el período de comentarios.**

**ACCIÓN DEL DIRECTOR EJECUTIVO.** El Director Ejecutivo puede emitir una aprobación final de la solicitud a menos que exista un pedido antes del plazo de vencimiento de una audiencia administrativa de lo contencioso o se ha presentado un pedido de reconsideración. Si un pedido ha llegado antes del plazo de vencimiento de la audiencia o el pedido de reconsideración ha sido presentado, el Director Ejecutivo no emitirá una aprobación final sobre el permiso y enviará la solicitud y el pedido a los Comisionados de la TCEQ para consideración en una reunión programada de la Comisión.

**LISTA DE CORREO.** Si somete comentarios públicos, un pedido para una audiencia administrativa de lo contencioso o una reconsideración de la decisión del Director Ejecutivo, la Oficina del Secretario Principal enviará por correo los avisos públicos en relación con la solicitud. Además, puede pedir que la TCEQ ponga su nombre en una o más de las listas de correos siguientes (1) la lista de correo permanente para recibir los avisos de el solicitante indicado por nombre y número del permiso específico y/o (2) la lista de correo de todas las solicitudes en un condado específico. Si desea que se agregue su nombre en una de las listas designe cual lista(s) y envía por correo su pedido a la Oficina del Secretario Principal de la TCEQ.

**Todos los comentarios escritos del público y los pedidos una reunión deben ser presentados durante los 30 días después de la publicación del aviso a la Oficina del Secretario Principal, MC 105, TCEQ, P.O. Box 13087, Austin, TX 78711-3087 or por el internet a [www.tceq.texas.gov/about/comments.html](http://www.tceq.texas.gov/about/comments.html).** Tenga en cuenta que cualquier información personal que usted proporcione, incluyendo su nombre, número de teléfono, dirección de correo electrónico y dirección física pasarán a formar parte del registro público de la Agencia.

**CONTACTOS E INFORMACIÓN DE LA TCEQ.** Si necesita más información en Español sobre esta solicitud para un permiso o el proceso del permiso, por favor llame a El Programa de Educación Pública de la TCEQ, sin cobro, al 1-800-687-4040. ## Instructions for Public Notice for a Water Quality Permit Notice of Application and Preliminary Decision (NAPD)

The executive director has completed the technical review of your application and issued a preliminary decision. You must comply with the following instructions. There are seven (7) steps involved in publishing notice. Complete each step.

### 1. REVIEW THE NOTICE FOR ACCURACY

**Read the enclosed notice carefully and notify the Wastewater Permitting Section at 512-239-4671 immediately if it contains any errors or omissions.** You are responsible for ensuring the accuracy of all information published. Do not change the text or formatting of the notice or affidavit of publication without prior approval from the TCEQ. Changing the text or formatting of the notice may require new publication at your expense and delay processing of your application.

### 2. PUBLISH THE NOTICE IN THE NEWSPAPER

**You must publish the enclosed notice as soon as possible, but no later than 45 days from the date on the cover letter.**

For renewal applications, you must publish at least once in the same newspaper that you published the Notice of Receipt of Application and Intent to Obtain Permit.

For all other applications, you must publish at least once in a newspaper regularly published or circulated within each county where the facility and discharge point are located or proposed to be located.

The bold text of the enclosed notice must be printed in the newspaper in a font style or size that distinguishes it from the rest of the notice (i.e., bold, italics). Failure to do so may require re-notice.

### 3. PUBLISH THE NOTICE IN AN ALTERNATIVE LANGUAGE

**You must publish notice in an alternative language IF:** either the elementary or middle school nearest to the facility or proposed facility is required to provide a “bilingual education program” (BEP) as required by Texas Education Code (TEC), Chapter 29, Subchapter B, and 19 Tex. Admin. Code §89.1205(a) AND one of the following conditions is met:

- students are enrolled in a program at that school;
- students from that school attend a bilingual education program at another location; or
- the school that otherwise would be required to provide a bilingual education program has been granted an exception from the requirements to provide the program as provided for in 19 Tex. Admin. Code §89.1207(a).

A “bilingual education program” is different from an “English as a second language program” (ESL). An ESL program alone, will not require public notice in an alternative language.

If triggered, you must publish the notice in a newspaper or publication primarily published in the alternative language taught in the bilingual education program. Publication in an alternative language section or insert within a large publication which is not printed primarily in that alternative language does not satisfy these

requirements. The newspaper or publication must be of general circulation in the county in which the facility and discharge point are located or proposed to be located. If the facility and discharge point are located or proposed to be located in a municipality, and there exists a newspaper or publication of general circulation in the municipality, you must publish the notice only in the newspaper or publication in the municipality.

You must demonstrate a good faith effort to identify a newspaper or publication in the required language. If there is no general circulation newspaper or publication printed in such language, then publishing in that language is not required. You have the burden to demonstrate compliance with these requirements.

If you are required to publish notice in Spanish, you must translate the site-specific information in the notice that is specific to your application, at your own expense. You may then insert the Spanish translation of your site-specific information into a Spanish template developed by the TCEQ. The Spanish templates are available on the TCEQ website at [www.tceq.texas.gov/permitting/wastewater/review/napd/wqspanish\\_napd.html](http://www.tceq.texas.gov/permitting/wastewater/review/napd/wqspanish_napd.html). If you are required to publish notice in a language other than Spanish, you must translate the entire public notice, at your own expense.

#### **4. PUT THE APPLICATION IN A PUBLIC PLACE**

**You must put a copy of the following documents in the public place identified in the enclosed notice:**

- the complete application,
- the executive director's preliminary decision as contained in the technical summary and fact sheet,
- the draft permit, and
- any subsequent revisions to these documents.

This copy must be accessible to the public for review and copying beginning on the first day of newspaper publication and remain in place until the commission has taken action on the application or the commission refers issues to the State Office of Administrative Hearings.

For confidential information contained in the application, you must indicate which specific portions of the application cannot be made available to the public. These portions of the application must be accompanied with the following statement: "Any request for portions of this application that are marked as confidential must be submitted in writing, pursuant to the Public Information Act, to the TCEQ Public Information Coordinator, MC 197, P.O. Box 13087, Austin, Texas 78711-3087."

#### **5. PROVIDE PROOF OF PUBLICATION**

**For each newspaper in which you published, you must submit proof of publication.** Proof of publication must include the following:

- a completed Publisher's Affidavit (enclosed); and
- a copy of the published notice which shows the notice, the date published, and the newspaper name. The copy must be on standard-size 8½ x 11" paper and must show the actual size of the published notice. Do not reduce the image when making copies. Published notices longer than 11" must be

copied onto multiple 8½ x 11" pages. Or you can submit the original newspaper clipping.

**If you are required to publish notice in an alternative language and are unable to do so, complete and submit the Alternative Language Exemption form (enclosed).**

**6. PROVIDE PROOF OF APPLICATION VIEWING LOCATION**

**You must submit a completed Public Notice Verification Form (enclosed), which certifies that the complete application and draft permit were placed at the public place identified in the enclosed notice.**

**7. SUBMIT PROOFS TO TCEQ**

**Scan and email the proof of publication documents (Step 5) and the completed Public Notice Verification Form (Step 6) within 30 days of publication to PROOFS@tceq.texas.gov;**

**Or Mail to:**

TCEQ  
Office of the Chief Clerk, MC 105  
Attn: Notice Team  
P.O. Box 13087  
Austin, Texas 78711-3087

**Additional Information**

**If you fail to publish the notice or submit proofs within the timeframes noted above, the TCEQ may suspend further processing on your application or take other actions in accordance with 30 Tex. Admin. Code §39.405(a).**

If you have any questions regarding publication requirements, please contact the Office of Legal Services at 512-239-0600. If you have any questions regarding the content of the notice, please contact the Wastewater Permitting Section at 512-239-4671. When contacting TCEQ regarding this application, please refer to the permit number at the top of the enclosed notice.

## NOTICE OF RECEIPT OF APPLICATION AND INTENT TO OBTAIN WATER QUALITY PERMIT AMENDMENT

**PERMIT NO. WQ0013977001**

**APPLICATION.** Corix Utilities (Texas) Inc., P.O. Box 140164, Austin, Texas 78714, has applied to the Texas Commission on Environmental Quality (TCEQ) to amend Texas Pollutant Discharge Elimination System (TPDES) Permit No. WQ0013977001 (EPA I.D. No. TX0117609) to authorize an expansion of the facility and an increase to the discharge of treated wastewater to a volume not to exceed a daily average flow of 510,000 gallons per day. The domestic wastewater treatment facility is located approximately 1,500 feet northeast of the intersection of Hyatt Lost Pines Road and State Highway 71 West, in Bastrop County, Texas 78612. The discharge route is from the plant site to an unnamed tributary; thence to Colorado River Below Ladybird Lake/Town Lake. TCEQ received this application on July 29, 2022. The permit application is available for viewing and copying at Bastrop Public Library, 1100 Church Street, Bastrop, Texas. This link to an electronic map of the site or facility's general location is provided as a public courtesy and not part of the application or notice. For the exact location, refer to the application.

**ALTERNATIVE LANGUAGE NOTICE.** Alternative language notice in Spanish is available at <https://www.tceq.texas.gov/permitting/wastewater/plain-language-summaries-and-public-notices>. El aviso de idioma alternativo en español está disponible en <https://www.tceq.texas.gov/permitting/wastewater/plain-language-summaries-and-public-notices>.

**ADDITIONAL NOTICE.** TCEQ's Executive Director has determined the application is administratively complete and will conduct a technical review of the application. After technical review of the application is complete, the Executive Director may prepare a draft permit and will issue a preliminary decision on the application. **Notice of the Application and Preliminary Decision will be published and mailed to those who are on the county-wide mailing list and to those who are on the mailing list for this application. That notice will contain the deadline for submitting public comments.**

**PUBLIC COMMENT / PUBLIC MEETING.** You may submit public comments or request a public meeting on this application. The purpose of a public meeting is to provide the opportunity to submit comments or to ask questions about the application. TCEQ will hold a public meeting if the Executive Director determines that there is a significant degree of public interest in the application or if requested by a local legislator. A public meeting is not a contested case hearing.

**OPPORTUNITY FOR A CONTESTED CASE HEARING.** After the deadline for submitting public comments, the Executive Director will consider all timely comments and prepare a response to all relevant and material, or significant public comments. **Unless the application is directly referred for a contested case hearing, the response to comments, and the Executive Director's decision on the application, will be mailed to everyone who submitted public comments and to those persons who are on the mailing list for this application. If comments are received, the mailing will also provide instructions for requesting reconsideration of the Executive Director's decision and for requesting a contested case hearing.** A contested case hearing is a legal proceeding similar to a civil trial in state district court.

**TO REQUEST A CONTESTED CASE HEARING, YOU MUST INCLUDE THE FOLLOWING ITEMS IN YOUR REQUEST:** your name, address, phone number; applicant's name and proposed permit number; the location and distance of your property/activities relative to the proposed facility; a specific description of how you would be adversely affected by the facility in a way not common to the general public; a list of all disputed issues of fact that you submit during the comment period and, the statement "[I/we] request a contested case hearing." If the request for contested case hearing is filed on behalf of a group or association, the request must designate the group's representative for receiving future correspondence; identify by name and physical address an individual member of the group who would be adversely affected by the proposed facility or activity; provide the information discussed above regarding the affected member's location and distance from the facility or activity; explain how and why the member would be affected; and explain how the interests the group seeks to protect are relevant to the group's purpose.

Following the close of all applicable comment and request periods, the Executive Director will forward the application and any requests for reconsideration or for a contested case hearing to the TCEQ Commissioners for their consideration at a scheduled Commission meeting.

The Commission may only grant a request for a contested case hearing on issues the requestor submitted in their timely comments that were not subsequently withdrawn. **If a hearing is granted, the subject of a hearing will be limited to disputed issues of fact or mixed questions of fact and law relating to relevant and material water quality concerns submitted during the comment period.**

**MAILING LIST.** If you submit public comments, a request for a contested case hearing or a reconsideration of the Executive Director's decision, you will be added to the mailing list for this specific application to receive future public notices mailed by the Office of the Chief Clerk. In addition, you may request to be placed on: (1) the permanent mailing list for a specific applicant name and permit number; and/or (2) the mailing list for a specific county. If you wish to be placed on the permanent and/or the county mailing list, clearly specify which list(s) and send your request to TCEQ Office of the Chief Clerk at the address below.

**INFORMATION AVAILABLE ONLINE.** For details about the status of the application, visit the Commissioners' Integrated Database at [www.tceq.texas.gov/goto/cid](http://www.tceq.texas.gov/goto/cid). Search the database using the permit number for this application, which is provided at the top of this notice.

**AGENCY CONTACTS AND INFORMATION.** Public comments and requests must be submitted either electronically at <https://www14.tceq.texas.gov/epic/eComment/>, or in writing to the Texas Commission on Environmental Quality, Office of the Chief Clerk, MC-105, P.O. Box 13087, Austin, Texas 78711-3087. Please be aware that any contact information you provide,

## AVISO DE RECIBO DE LA SOLICITUD Y EL INTENTO DE OBTENER PERMISO PARA LA CALIDAD DEL AGUA MODIFICACION

### PERMISO NO. WQ0013977001

**SOLICITUD.** Corix Utilities (Texas) Inc., P.O. Box 140164, Austin, Texas 78714 ha solicitado a la Comisión de Calidad Ambiental de Texas (TCEQ) para modificar el Permiso No. WQ0013977001 del Sistema de Eliminación de Descargas de Contaminantes de Texas (TPDES) (EPA I.D. No. TX0117609) para autorizar la descarga de aguas residuales tratadas en un volumen que no sobrepasa un flujo promedio diario de 510,000 galones por día. La planta está ubicada aproximadamente 1,500 pies al noreste de la intersección de Hyatt Lost Pines Road y State Highway 71 en el Condado de Bastrop, Texas. La TCEQ recibió esta solicitud el día 29 de julio de 2022. La solicitud para el permiso está disponible para leer y copiar en Bastrop Public Library, 1100 Church Street, Bastrop, Texas. Este enlace a un mapa electrónico de la ubicación general del sitio o de la instalación es proporcionado como una cortesía y no es parte de la solicitud o del aviso. **AVISO ADICIONAL.** El Director Ejecutivo de la TCEQ ha determinado que la solicitud es administrativamente completa y conducirá una revisión técnica de la solicitud. Después de completar la revisión técnica, el Director Ejecutivo puede preparar un borrador del permiso y emitirá una Decisión Preliminar sobre la solicitud. **El aviso de la solicitud y la decisión preliminar serán publicados y enviado a los que están en la lista de correo de las personas a lo largo del condado que desean recibir los avisos y los que están en la lista de correo que desean recibir avisos de esta solicitud. El aviso dará la fecha límite para someter comentarios públicos.**

**COMENTARIO PUBLICO / REUNION PUBLICA.** Usted puede presentar **comentarios públicos o pedir una reunión pública sobre esta solicitud.** El propósito de una reunión pública es dar la oportunidad de presentar comentarios o hacer preguntas acerca de la solicitud. La TCEQ realiza una reunión pública si el Director Ejecutivo determina que hay un grado de interés público suficiente en la solicitud o si un legislador local lo pide. Una reunión pública no es una audiencia administrativa de lo contencioso.

**OPORTUNIDAD DE UNA AUDIENCIA ADMINISTRATIVA DE LO CONTENCIOSO.** Después del plazo para presentar comentarios públicos, el Director Ejecutivo considerará todos los comentarios apropiados y preparará una respuesta a todo los comentarios públicos esenciales, pertinentes, o significativos. **A menos que la solicitud haya sido referida directamente a una audiencia administrativa de lo contencioso, la respuesta a los**

comentarios y la decisión del Director Ejecutivo sobre la solicitud serán enviados por correo a todos los que presentaron un comentario público y a las personas que están en la lista para recibir avisos sobre esta solicitud. Si se reciben comentarios, el aviso también proveerá instrucciones para pedir una reconsideración de la decisión del Director Ejecutivo y para pedir una audiencia administrativa de lo contencioso. Una audiencia administrativa de lo contencioso es un procedimiento legal similar a un procedimiento legal civil en un tribunal de distrito del estado.

**PARA SOLICITAR UNA AUDIENCIA DE CASO IMPUGNADO, USTED DEBE INCLUIR EN SU SOLICITUD LOS SIGUIENTES DATOS:** su nombre, dirección, y número de teléfono; el nombre del solicitante y número del permiso; la ubicación y distancia de su propiedad/actividad con respecto a la instalación; una descripción específica de la forma cómo usted sería afectado adversamente por el sitio de una manera no común al público en general; una lista de todas las cuestiones de hecho en disputa que usted presente durante el período de comentarios; y la declaración "[Yo/nosotros] solicito/solicitamos una audiencia de caso impugnado". Si presenta la petición para una audiencia de caso impugnado de parte de un grupo o asociación, debe identificar una persona que representa al grupo para recibir correspondencia en el futuro; identificar el nombre y la dirección de un miembro del grupo que sería afectado adversamente por la planta o la actividad propuesta; proveer la información indicada anteriormente con respecto a la ubicación del miembro afectado y su distancia de la planta o actividad propuesta; explicar cómo y porqué el miembro sería afectado; y explicar cómo los intereses que el grupo desea proteger son pertinentes al propósito del grupo.

Después del cierre de todos los períodos de comentarios y de petición que aplican, el Director Ejecutivo enviará la solicitud y cualquier petición para reconsideración o para una audiencia de caso impugnado a los Comisionados de la TCEQ para su consideración durante una reunión programada de la Comisión. La Comisión sólo puede conceder una solicitud de una audiencia de caso impugnado sobre los temas que el solicitante haya presentado en sus comentarios oportunos que no fueron retirados posteriormente. Si se concede una audiencia, el tema de la audiencia estará limitado a cuestiones de hecho en disputa o cuestiones mixtas de hecho y de derecho relacionadas a intereses pertinentes y materiales de calidad del agua que se hayan presentado durante el período de comentarios.

**LISTA DE CORREO.** Si somete comentarios públicos, un pedido para una audiencia administrativa de lo contencioso o una reconsideración de la decisión del Director Ejecutivo, la Oficina del Secretario Principal enviará por correo los avisos públicos en relación con la solicitud. Además, puede pedir que la TCEQ ponga su nombre en una o más de las listas de correos siguientes (1) la lista de correo permanente para recibir los avisos de el solicitante indicado por nombre y número del permiso específico y/o (2) la lista de correo de todas las solicitudes en un condado específico. Si desea que se agregue su nombre en una de las listas designe cual lista(s) y envía por correo su pedido a la Oficina del Secretario Principal de la TCEQ.

**CONTACTOS E INFORMACIÓN A LA AGENCIA.** Todos los comentarios públicos y solicitudes deben ser presentadas electrónicamente vía <http://www14.tceq.texas.gov/epic/eComment/> o por escrito dirigidos a la Comisión de Texas de Calidad Ambiental, Oficial de la Secretaría (Office of Chief Clerk), MC-105, P.O. Box 13087, Austin, Texas 78711-3087. Tenga en cuenta que

cualquier información personal que usted proporcione, incluyendo su nombre, número de teléfono, dirección de correo electrónico y dirección física pasarán a formar parte del registro público de la Agencia. Type of Application: Major Amendment without Renewal

Dear Mr. Clements:

The executive director has declared the above referenced application, received on July 29, 2022, administratively complete on August 31, 2022.

You are now required to publish notice of your proposed activity and make a copy of the application available for public review. The following items are included to help you meet the regulatory requirements associated with this notice:

- Instructions for Public Notice
- Notice for Newspaper Publication
- Public Notice Verification Form
- Publisher's Affidavits

You must follow all the directions in the enclosed instructions. The most common mistakes are the unauthorized changing of notice, wording, or font. If you fail to follow these instructions, you may be required to republish the notices.

The following requirements are also described in the enclosed instructions. However, due to their importance, they are highlighted here as well.

1. Publish the enclosed notice within **30 calendar days** after your application is declared administratively complete. (See this letter's first paragraph for the declaration date.) **You may be required to publish the notice in more than one newspaper, including a newspaper published in an alternative language, to satisfy all of the notice requirements.**
2. On or before the date you publish notice, place a copy of your permit application in a public place in the county where the facility is or will be located. This copy must be accessible to the public for review and copying, must be updated to reflect changes to the application, and must remain in place throughout the comment period.

Enclosures

**Texas Commission on Environmental Quality**  
**Instructions for Public Notice for a Water Quality Permit**  
**Notice of Receipt of Application and Intent to Obtain Permit (NORI)**

Your application has been declared administratively complete. You must comply with the following instructions. There are seven (7) steps involved in publishing notice. Complete each step.

**1. REVIEW THE NOTICE FOR ACCURACY**

**Read the enclosed notice carefully and notify the Application Review and Processing Team at 512-239-4671 immediately if it contains any errors or omissions.** You are responsible for ensuring the accuracy of all information published. Do not change the text or formatting of the notice or affidavit of publication without prior approval from the TCEQ. Changing the text or formatting of the notice may require new publication at your expense and delay processing of your application.

**2. PUBLISH THE NOTICE IN THE NEWSPAPER**

**You must publish the enclosed notice within 30 days after the date of administrative completeness.** Refer to the cover letter for the date of administrative completeness.

You must publish the enclosed notice at your expense, at least once in the newspaper of largest circulation within each county where the facility and discharge point are located or will be located. If the facility and discharge point are located or will be located in a municipality, the enclosed notice must be published at least once in a newspaper of general circulation in the municipality. These requirements may be satisfied by one publication if the newspaper meets all of the above requirements.

The bold text of the enclosed notice must be printed in the newspaper in a font style or size that distinguishes it from the rest of the notice (i.e., bold, italics). Failure to do so may require re-notice.

**3. PUBLISH THE NOTICE IN AN ALTERNATIVE LANGUAGE**

**You must publish notice in an alternative language IF:** either the elementary or middle school nearest to the facility or proposed facility is required to provide a “bilingual education program” (BEP) as required by Texas Education Code (TEC), Chapter 29, Subchapter B, and 19 Tex. Admin. Code §89.1205(a) AND one of the following conditions is met:

- students are enrolled in a program at that school;
- students from that school attend a bilingual education program at another location; or
- the school that otherwise would be required to provide a bilingual education program has been granted an exception from the requirements to provide the program as provided for in 19 Tex. Admin. Code §89.1207(a).

A “bilingual education program” is different from an “English as a second language program” (ESL). An ESL program alone, will not require public notice in an alternative language.

If triggered, you must publish the notice in a newspaper or publication primarily published in the alternative language taught in the bilingual education program. Publication in an alternative language section or insert within a large publication which is not printed primarily in that alternative language does not satisfy these requirements. The newspaper or publication must be of general circulation in the county in which the facility and discharge point are located or proposed to be located. If the facility and discharge point are located or proposed to be located in a municipality, and there exists a newspaper or publication of general circulation in the municipality, you must publish the notice only in the newspaper or publication in the municipality.

You must demonstrate a good faith effort to identify a newspaper or publication in the required language. If there is no general circulation newspaper or publication printed in such language, then publishing in that language is not required. You have the burden to demonstrate compliance with these requirements.

If you are required to publish notice in Spanish, you must translate the site-specific information in the notice that is specific to your application, at your own expense. You may then insert the Spanish translation of your site-specific information into a Spanish template developed by the TCEQ. The Spanish templates are available on the TCEQ website at [http://www.tceq.texas.gov/permitting/wastewater/review/wqspanish\\_nori.html](http://www.tceq.texas.gov/permitting/wastewater/review/wqspanish_nori.html). # TEXAS COMMISSION ON ENVIRONMENTAL QUALITY

## NOTICE OF RECEIPT OF APPLICATION AND INTENT TO OBTAIN WATER QUALITY PERMIT AMENDMENT

**PERMIT NO. WQ0013977001**

**APPLICATION.** Corix Utilities (Texas) Inc., P.O. Box 140164, Austin, Texas 78714, has applied to the Texas Commission on Environmental Quality (TCEQ) to amend Texas Pollutant Discharge Elimination System (TPDES) Permit No. WQ0013977001 (EPA I.D. No. TX0117609) to authorize an expansion of the facility and an increase to the discharge of treated wastewater to a volume not to exceed a daily average flow of 510,000 gallons per day. The domestic wastewater treatment facility is located approximately 1,500 feet northeast of the intersection of Hyatt Lost Pines Road and State Highway 71 West, in Bastrop County, Texas 78612. The discharge route is from the plant site to an unnamed tributary; thence to Colorado River Below Ladybird Lake/Town Lake. TCEQ received this application on July 29, 2022. The permit application is available for viewing and copying at Bastrop Public Library, 1100 Church Street, Bastrop, Texas. This link to an electronic map of the site or facility's general location is provided as a public courtesy and not part of the application or notice. For the exact location, refer to the application.

**ALTERNATIVE LANGUAGE NOTICE.** Alternative language notice in Spanish is available at <https://www.tceq.texas.gov/permitting/wastewater/plain-language-summaries-and-public-notices>. El aviso de idioma alternativo en español está disponible en <https://www.tceq.texas.gov/permitting/wastewater/plain-language-summaries-and-public-notices>.

**ADDITIONAL NOTICE.** TCEQ's Executive Director has determined the application is administratively complete and will conduct a technical review of the application. After technical review of the application is complete, the Executive Director may prepare a draft permit and will issue a preliminary decision on the application. **Notice of the Application and Preliminary Decision will be published and mailed to those who are on the county-wide mailing list and to those who are on the mailing list for this application. That notice will contain the deadline for submitting public comments.**

**PUBLIC COMMENT / PUBLIC MEETING.** You may submit public comments or request a public meeting on this application. The purpose of a public meeting is to provide the opportunity to submit comments or to ask questions about the application. TCEQ will hold a public meeting if the Executive Director determines that there is a significant degree of public interest in the application or if requested by a local legislator. A public meeting is not a contested case hearing.

**OPPORTUNITY FOR A CONTESTED CASE HEARING.** After the deadline for submitting public comments, the Executive Director will consider all timely comments and prepare a response to all relevant and material, or significant public comments. **Unless the application is directly referred for a contested case hearing, the response to comments, and the Executive Director's decision on the application, will be mailed to everyone who submitted public comments and to those persons who are on the mailing list for this application. If comments are received, the mailing will also provide instructions for requesting reconsideration of the Executive Director's decision and for requesting a contested case hearing.** A contested case hearing is a legal proceeding similar to a civil trial in state district court.

**TO REQUEST A CONTESTED CASE HEARING, YOU MUST INCLUDE THE FOLLOWING ITEMS IN YOUR REQUEST:** your name, address, phone number; applicant's name and proposed permit number; the location and distance of your property/activities relative to the proposed facility; a specific description of how you would be adversely affected by the facility in a way not common to the general public; a list of all disputed issues of fact that you submit during the comment period and, the statement "[I/we] request a contested case hearing." If the request for contested case hearing is filed on behalf of a group or association, the request must designate the group's representative for receiving future correspondence; identify by name and physical address an individual member of the group who would be adversely affected by the proposed facility or activity; provide the information discussed above regarding the affected member's location and distance from the facility or activity; explain how and why the member would be affected; and explain how the interests the group seeks to protect are relevant to the group's purpose.

Following the close of all applicable comment and request periods, the Executive Director will forward the application and any requests for reconsideration or for a contested case hearing to the TCEQ Commissioners for their consideration at a scheduled Commission meeting.

The Commission may only grant a request for a contested case hearing on issues the requestor submitted in their timely comments that were not subsequently withdrawn. **If a hearing is granted, the subject of a hearing will be limited to disputed issues of fact or mixed questions of fact and law relating to relevant and material water quality concerns submitted during the comment period.**

**MAILING LIST.** If you submit public comments, a request for a contested case hearing or a reconsideration of the Executive Director's decision, you will be added to the mailing list for this specific application to receive future public notices mailed by the Office of the Chief Clerk. In addition, you may request to be placed on: (1) the permanent mailing list for a specific applicant name and permit number; and/or (2) the mailing list for a specific county. If you wish to be placed on the permanent and/or the county mailing list, clearly specify which list(s) and send your request to TCEQ Office of the Chief Clerk at the address below.

**INFORMATION AVAILABLE ONLINE.** For details about the status of the application, visit the Commissioners' Integrated Database at [www.tceq.texas.gov/goto/cid](http://www.tceq.texas.gov/goto/cid). Search the database using the permit number for this application, which is provided at the top of this notice.

**AGENCY CONTACTS AND INFORMATION.** Public comments and requests must be submitted either electronically at <https://www14.tceq.texas.gov/epic/eComment/>, or in writing to the Texas Commission on Environmental Quality, Office of the Chief Clerk, MC-105, P.O. Box 13087, Austin, Texas 78711-3087. Please be aware that any contact information you provide,

# Comisión de Calidad Ambiental del Estado de Texas

## AVISO DE RECIBO DE LA SOLICITUD Y EL INTENTO DE OBTENER PERMISO PARA LA CALIDAD DEL AGUA MODIFICACION

PERMISO NO. WQ0013977001

**SOLICITUD.** Corix Utilities (Texas) Inc., P.O. Box 140164, Austin, Texas 78714 ha solicitado a la Comisión de Calidad Ambiental de Texas (TCEQ) para modificar el Permiso No. WQ0013977001 del Sistema de Eliminación de Descargas de Contaminantes de Texas (TPDES) (EPA I.D. No. TX0117609) para autorizar la descarga de aguas residuales tratadas en un volumen que no sobrepasa un flujo promedio diario de 510,000 galones por día. La planta está ubicada aproximadamente 1,500 pies al noreste de la intersección de Hyatt Lost Pines Road y State Highway 71 en el Condado de Bastrop, Texas. La TCEQ recibió esta solicitud el día 29 de julio de 2022. La solicitud para el permiso está disponible para leer y copiar en Bastrop Public Library, 1100 Church Street, Bastrop, Texas. Este enlace a un mapa electrónico de la ubicación general del sitio o de la instalación es proporcionado como una cortesía y no es parte de la solicitud o del aviso. Para la ubicación exacta, consulte la solicitud.

**AVISO ADICIONAL.** El Director Ejecutivo de la TCEQ ha determinado que la solicitud es administrativamente completa y conducirá una revisión técnica de la solicitud. Después de completar la revisión técnica, el Director Ejecutivo puede preparar un borrador del permiso y emitirá una Decisión Preliminar sobre la solicitud. **El aviso de la solicitud y la decisión preliminar serán publicados y enviado a los que están en la lista de correo de las personas a lo largo del condado que desean recibir los avisos y los que están en la lista de correo que desean recibir avisos de esta solicitud. El aviso dará la fecha límite para someter comentarios públicos.**

**COMENTARIO PUBLICO / REUNION PUBLICA.** Usted puede presentar **comentarios públicos o pedir una reunión pública sobre esta solicitud.** El propósito de una reunión pública es dar la oportunidad de presentar comentarios o hacer preguntas acerca de la solicitud. La TCEQ realiza una reunión pública si el Director Ejecutivo determina que hay un grado de interés público suficiente en la solicitud o si un legislador local lo pide. Una reunión pública no es una audiencia administrativa de lo contencioso.

**OPORTUNIDAD DE UNA AUDIENCIA ADMINISTRATIVA DE LO CONTENCIOSO.** Después del plazo para presentar comentarios públicos, el Director Ejecutivo considerará todos los comentarios apropiados y preparará una respuesta a todo los comentarios públicos esenciales, pertinentes, o significativos. **A menos que la solicitud haya sido referida directamente a una audiencia administrativa de lo contencioso, la respuesta a los**

comentarios y la decisión del Director Ejecutivo sobre la solicitud serán enviados por correo a todos los que presentaron un comentario público y a las personas que están en la lista para recibir avisos sobre esta solicitud. Si se reciben comentarios, el aviso también proveerá instrucciones para pedir una reconsideración de la decisión del Director Ejecutivo y para pedir una audiencia administrativa de lo contencioso. Una audiencia administrativa de lo contencioso es un procedimiento legal similar a un procedimiento legal civil en un tribunal de distrito del estado.

**PARA SOLICITAR UNA AUDIENCIA DE CASO IMPUGNADO, USTED DEBE INCLUIR EN SU SOLICITUD LOS SIGUIENTES DATOS:** su nombre, dirección, y número de teléfono; el nombre del solicitante y número del permiso; la ubicación y distancia de su propiedad/actividad con respecto a la instalación; una descripción específica de la forma cómo usted sería afectado adversamente por el sitio de una manera no común al público en general; una lista de todas las cuestiones de hecho en disputa que usted presente durante el período de comentarios; y la declaración "[Yo/nosotros] solicito/solicitamos una audiencia de caso impugnado". Si presenta la petición para una audiencia de caso impugnado de parte de un grupo o asociación, debe identificar una persona que representa al grupo para recibir correspondencia en el futuro; identificar el nombre y la dirección de un miembro del grupo que sería afectado adversamente por la planta o la actividad propuesta; proveer la información indicada anteriormente con respecto a la ubicación del miembro afectado y su distancia de la planta o actividad propuesta; explicar cómo y porqué el miembro sería afectado; y explicar cómo los intereses que el grupo desea proteger son pertinentes al propósito del grupo.

Después del cierre de todos los períodos de comentarios y de petición que aplican, el Director Ejecutivo enviará la solicitud y cualquier petición para reconsideración o para una audiencia de caso impugnado a los Comisionados de la TCEQ para su consideración durante una reunión programada de la Comisión. La Comisión sólo puede conceder una solicitud de una audiencia de caso impugnado sobre los temas que el solicitante haya presentado en sus comentarios oportunos que no fueron retirados posteriormente. Si se concede una audiencia, el tema de la audiencia estará limitado a cuestiones de hecho en disputa o cuestiones mixtas de hecho y de derecho relacionadas a intereses pertinentes y materiales de calidad del agua que se hayan presentado durante el período de comentarios.

**LISTA DE CORREO.** Si somete comentarios públicos, un pedido para una audiencia administrativa de lo contencioso o una reconsideración de la decisión del Director Ejecutivo, la Oficina del Secretario Principal enviará por correo los avisos públicos en relación con la solicitud. Además, puede pedir que la TCEQ ponga su nombre en una o más de las listas de correos siguientes (1) la lista de correo permanente para recibir los avisos de el solicitante indicado por nombre y número del permiso específico y/o (2) la lista de correo de todas las solicitudes en un condado específico. Si desea que se agregue su nombre en una de las listas designe cual lista(s) y envía por correo su pedido a la Oficina del Secretario Principal de la TCEQ.

**CONTACTOS E INFORMACIÓN A LA AGENCIA.** Todos los comentarios públicos y solicitudes deben ser presentadas electrónicamente vía <http://www14.tceq.texas.gov/epic/eComment/> o por escrito dirigidos a la Comisión de Texas de Calidad Ambiental, Oficial de la Secretaría (Office of Chief Clerk), MC-105, P.O. Box 13087, Austin, Texas 78711-3087. Tenga en cuenta que

cualquier información personal que usted proporcione, incluyendo su nombre, número de teléfono, dirección de correo electrónico y dirección física pasarán a formar parte del registro público de la Agencia. Para obtener más información acerca de esta solicitud de permiso o el proceso de permisos, llame al programa de educación pública de la TCEQ, gratis, al 1-800-687-4040.
