RE: Initial Application for On-Site Sewage Facility Installer I License- First Notice

Dear Mr. Pendley:

The Executive Director (ED) of the Texas Commission on Environmental Quality (TCEQ) received your On-Site Sewage Facility Installer I license application in December 2023. As part of the application review process, the ED is required to review an applicant's criminal history. The review was conducted in accordance with guidelines established by 30 Texas Administrative Code (TAC) Section (§) 30.35. The review of your application revealed that you received a Third-Degree Felony in 2021.

The ED intends to deny your On-Site Sewage Facility Installer I license application because you have been convicted of a sexually violent offense that directly relates to the license as referenced in Texas Occupations Code (TOC) §§ 53.021(a)(1) and (3). The ED also considered the factors in TOC §§ 53.022 and 53.023 and this decision was based on the nature and seriousness of the crime, the relationship of the crime to the purposes for requiring a license to engage in the occupation, the opportunity the license may offer to engage in further criminal activity of the same type as that in which you were previously involved, the extent and nature of your past criminal activity, your age when the crime was committed, the amount of time that has elapsed since your last criminal activity, the fact that you have not completed supervision and are scheduled to complete court supervision in April 2026, and the fact that you are a registered Sex Offender.

It is the applicant's responsibility to provide to TCEQ evidence regarding the factors listed in TOC § 53.023(a):

- The context (extent and nature) behind the events that led to the convictions listed in your criminal history record;
- Your conduct and work activity before and after the criminal activity;
- Evidence of your rehabilitation or rehabilitative effort while incarcerated or after release;
- Evidence of your compliance with any conditions of community supervision parole, or mandatory supervision; and
- Other evidence of your fitness, including letters of recommendation. (Must be signed and on official letterhead to be considered during the review process)

Mr. Blake Pendley

January 25, 2024

TCEQ must consider any correlation between the elements of the crime and the specific duties of the licensed occupation to determine whether a conviction directly relates to the license. In determining whether your criminal conviction directly relates to the duties and responsibilities of the licensed occupation, the ED considered the following factors:

- the nature and seriousness of the crime;
- the relationship of the crime to the purposes for requiring a license to engage in the occupation;
- the extent to which a license might offer an opportunity to engage in further criminal activity of the same type as that in which the person previously had been involved;
- the relationship of the crime to the ability, capacity required to perform the duties and discharge the responsibilities of the licensed occupation;
- any correlation between the elements of the crime and the duties and responsibilities of the licensed occupation

You may submit additional relevant information for the ED to consider to the address below, within 30 days of this letter, including but not limited to any evidence relating to any rehabilitation efforts you may have undergone while incarcerated, or after release, and any evidence of compliance with conditions of community supervision, parole, or mandatory supervision, in accordance with TOC § 53.023.

RE: Initial Application for On-Site Sewage Facility Installer I License- Second and Final Notice

Dear Mr. Pendley:

This second and final notice is in regard to your On-Site Sewage Facility Installer I license application received by Executive Director (ED) of the Texas Commission of Environmental Quality (TCEQ) in December 2023. As part of the application review process, the ED is required to review an applicant's criminal history. The review was conducted in accordance with guidelines established by 30 Texas Administrative Code (TAC) Section (§) 30.35. Any additional information that you may have submitted in response to our initial notice on January 25, 2024 regarding your rehabilitation efforts and compliance with court ordered requirements was also considered.

The review of your application revealed that you received a Third-Degree Felony in 2021. The ED intends to deny your On-Site Sewage Facility Installer I license application because you have been convicted of a sexually violent offense that directly relates to the license as referenced in Texas Occupations Code (TOC) §§ 53.021(a)(1) and (3). The ED also considered the factors in TOC §§ 53.022 and 53.023 and this decision was based on the nature and seriousness of the crime, the relationship of the crime to the purposes for requiring a license to engage in the occupation, the opportunity the license may offer to engage in further criminal activity of the same type as that in which you were previously involved, the extent and nature of your past criminal activity, your age when the crime was committed, the amount of time that has elapsed since your last criminal activity, the fact that you have not completed supervision and are scheduled to complete court supervision in April 2026, and the fact that you are a registered Sex Offender.

The formal hearing is known as a contested case hearing and is conducted by the State Office of Administrative Hearings (SOAH). The contested case hearing usually consists of a preliminary hearing and an evidentiary hearing. The purpose of a preliminary hearing is to establish jurisdiction, name the parties, establish a procedural schedule for the remainder of the proceeding, provide an opportunity for settlement discussions, and address other matters as determined by the administrative law judge. The preliminary hearing will be held unless all timely hearing requests are withdrawn or denied, or the parties agree to waive the preliminary hearing.

The evidentiary phase of the contested case hearing, to be held at a later date, will be a legal proceeding similar to a civil trial in state district court to determine whether you should be issued a On-Site Sewage Facility Installer I license. Unless agreed to by all parties in attendance at the preliminary hearing, an evidentiary hearing will not be held on the date of this preliminary hearing.

If you fail to appear at the preliminary hearing or evidentiary hearing, the ED will request that the hearing be canceled and that the appeal of the ED's decision be dismissed.

SOAH's rules allow for participation by telephone or videoconference. Permission must be obtained from SOAH at least ten days before the hearing.
