

RECIPE OF THE WEEK

Sizzling seafood is a summertime staple

Metro Creative Services

It's grilling season, and people are on the look-out for delicious recipes they can easily cook out-doors. Many fall back on tried-and-true favorites because they may be ap-prehensive about grilling with new ingredients. But grilling is more than just burgers and steaks. In fact, seafood is a great option for the grill, and it cooks up in a snap.

The following recipe for "Grilled Striper with Cactus and Black Beans" from "Jon Bonnell's Texas Favorites" (Gibbs Smith) is a great seafood dish to grill up this summer.

Grilled Striper with Cactus and Black Beans
Serves 4
4 fillets wild striped

bass, approximately 8 ounces each

1 teaspoon southwest-ern blend rub
1 tablespoon canola oil
4 cactus paddles (called nopales in Mexican markets)
3 cups Bacon-Laced Black Beans (see below)
1 lemon

Clean the fish well, re-moving any bones and scales, and pat dry. Dust each fillet with the rub, then brush each with canola oil just before grilling. Grill over high heat for 3 to 4 minutes on each side until the fish is cooked through. The time may vary, depending on your grill.

Clean the cactus pad-dles well with a sharp knife, removing any small needles. Grill the cactus

over high heat, just toss-ing it right onto the grill bars - no oil, no season-ings. Once the cactus be-gins to bubble slightly, turn over and season with a sprinkle of the rub. As soon as both sides are lightly charred and the cactus is bubbling inside, it's ready to serve. Pull the cactus from the grill and cut into strips. Line a plat-ter with a layer of the cac-tus and top with the black beans; then lay the grilled striper on top. Finish with a squeeze of fresh lemon and serve.

Bacon-Laced Black Beans
Serves 8 to 10
1 pound black turtle beans, rinsed under cold water
1 large yellow onion, diced and divided

4 strips bacon, diced
3 cloves garlic, minced
11/2 teaspoons salt
1/2 teaspoon freshly ground black pepper

Place the beans and half of the chopped on-ion in a saucepot with just enough cold water to cover. Soak in the fridge overnight, then simmer for approximately 1 hour (do not drain), just until the beans become soft. Strain the liquid into a separate bowl and keep it for later.

In a separate pot, ren-der the bacon, then add the remaining onion and the garlic. Sauté until the onion has softened; then pour the beans and 1 cup of their cooking liquid into the pot. Puree the mix with a stick blender until smooth.

TEXAS COMMISSION ON ENVIRONMENTAL QUALITY

NOTICE OF HEARING
OurCalling, Inc.
SOAH Docket No. 582-25-18195
TCEQ Docket No. 2025-0081-MWD
TPDES Permit No. WQ0016272001

APPLICATION.

OurCalling, Inc., P.O. Box 140428, Dallas, Texas 75214, a nonprofit serving the homeless, has applied to the Texas Commission on Environmental Quality (TCEQ) for a new Texas Pollutant Discharge Elimination System (TPDES) Permit No. WQ0016272001, to authorize the discharge of treated domestic wastewater at a daily average flow not to exceed 90,000 gallons per day.

The facility will be located at 231 Wickliffe Road, in Ellis County, Texas 75125. The treated effluent will be discharged to an unnamed tributary, thence to Bear Creek, thence to Red Oak Creek, thence to Upper Trinity River in Segment No. 0805 of the Trinity River Basin. The unclassified receiving water uses are minimal aquatic life use for an unnamed tributary, and high aquatic life use for Bear Creek and Red Oak Creek. The designated uses for Segment No. 0805 are primary contact recreation and high aquatic life use. In accordance with 30 Texas Administrative Code Section 307.5 and the TCEQ's Procedures to Implement the Texas Surface Water Quality Standards (June 2010), an antidegradation review of the receiving waters was performed. A Tier 1 antidegradation review has preliminarily determined that existing water quality uses will not be impaired by this permit action. Numerical and narrative criteria to protect existing uses will be maintained. A Tier 2 review has preliminarily determined that no significant degradation of water quality is expected in Bear Creek or Red Oak Creek, which have been identified as having high aquatic life uses. Existing uses will be maintained and protected. The preliminary determination can be reexamined and may be modified if new information is received. This link to an electronic map of the site or facility's general location is provided as a public courtesy and is not part of the application or notice. For the exact location, refer to the application.
<https://gisweb.tceq.texas.gov/LocationMapper/?marker=-96.57302,32.512257&level=18>

The TCEQ Executive Director has completed the technical review of the application and prepared a draft permit. The draft permit, if approved, would establish the conditions under which the facility must operate. The Executive Director has made a preliminary decision that this permit, if issued, meets all statutory and regulatory requirements. The permit application, Executive Director's preliminary decision, and draft permit are available for viewing and copying at Ferris Public Library, 301 East 10th Street, Ferris, Texas.

CONTESTED CASE HEARING.

The State Office of Administrative Hearings (SOAH) will conduct a preliminary hearing via Zoom videoconference. A Zoom meeting is a secure, free meeting held over the internet that allows video, audio, or audio/video conferencing.

10:00 a.m. – July 2, 2025

To join the Zoom meeting via computer:

<https://soah-texas.zoomgov.com/>

Meeting ID: 160 101 0388

Password: TCQ895

or

To join the Zoom meeting via telephone:

(669) 254-5252 or (646) 828-7666

Meeting ID: 160 101 0388

Password: 765953

Visit the SOAH website for registration at: <http://www.soah.texas.gov/> or call SOAH at (512) 475-4993.

The purpose of a preliminary hearing is to establish jurisdiction, name the parties, establish a procedural schedule for the remainder of the proceeding, and to address other matters as determined by the judge. The evidentiary hearing phase of the proceeding, which will occur at a later date, will be similar to a civil trial in state district court. The hearing will address the disputed issues of fact identified in the TCEQ order concerning this application issued on April 8, 2025. In addition to these issues, the judge may consider additional issues if certain factors are met.

The hearing will be conducted in accordance with Chapter 2001, Texas Government Code; Chapter 26, Texas Water Code; and the procedural rules of the TCEQ and SOAH, including 30 TAC Chapter 80 and 1 TAC Chapter 155. The hearing will be held unless all timely hearing requests have been withdrawn or denied.

To request to be a party, you must attend the hearing and show you would be adversely affected by the application in a way not common to members of the general public. Any person may attend the hearing and request to be a party. Only persons named as parties may participate at the hearing.

In accordance with 1 Tex. Admin. Code § 155.401(a), Notice of Hearing, "Parties that are not represented by an attorney may obtain information regarding contested case hearings on the public website of the State Office of Administrative Hearings at www.soah.texas.gov, or in printed format upon request to SOAH."

INFORMATION.

If you need more information about the hearing process for this application, please call the Public Education Program, toll free, at (800) 6874040. General information about the TCEQ can be found at our web site at www.tceq.texas.gov.

Further information may also be obtained from OurCalling, Inc. at the address stated above or by calling Ms. Victoria Lahr, Project Manager, Authers Building Group, LLC, at (714) 215-0149.

Persons with disabilities who need special accommodations at the hearing should call the SOAH Docketing Department at (512) 475-4993, at least one week prior to the hearing.
