NOTICE OF HEARING
City of Hudson Oaks
SOAH Docket No. 582-25-17367
TCEQ Docket No. 2025-0083-MWD
TPDES Permit No. WQ0016323001

APPLICATION.

City of Hudson Oaks, 210 Hudson Oaks Drive, Hudson Oaks, Texas 76087, has applied to the Texas Commission on Environmental Quality (TCEQ) for new Texas Pollutant Discharge Elimination System (TPDES) Permit No. WQ0016323001, to authorize the discharge of treated domestic wastewater at an annual average flow not to exceed 1,190,000 gallons per day.

The facility will be located approximately 1,150 feet west of the intersection of Clearview Court and Trinity River Drive, in Parker County, Texas 76087. The treated effluent will be discharged via pipe to South Fork Trinity River, thence to Clear Fork Trinity River Below Lake Weatherford in Segment No. 0831 of the Trinity River Basin. The unclassified receiving water use is high aquatic life use for South Fork Trinity River. The designated uses for Segment No. 0831 are primary contact recreation, public water supply, and high aquatic life use. In accordance with 30 Texas Administrative Code § 307.5 and TCEQ's *Procedures to Implement the Texas Surface Water Quality Standards* (June 2010), an antidegradation review of the receiving waters was performed. A Tier 1 antidegradation review has preliminarily determined that existing water quality uses will not be impaired by this permit action. Numerical and narrative criteria to protect existing uses will be maintained. A Tier 2 review has preliminarily determined that no significant degradation of water quality is expected in South Fork Trinity River and Segment No. 0831, which have been identified as having high aquatic life uses. Existing uses will be maintained and protected. The preliminary determination can be reexamined and may be modified if new information is received. This link to an electronic map of the site or facility's general location is provided as a public courtesy and is not part of the application or notice. For the exact location, refer to the application.

The TCEQ Executive Director has completed the technical review of the application and prepared a draft permit. The draft permit, if approved, would establish the conditions under which the facility must operate. The Executive Director has made a preliminary decision that this permit, if issued, meets all statutory and regulatory requirements. The permit application, Executive Director's preliminary decision, and draft permit are available for viewing and copying at City of Hudson Oaks City Hall, 210 Hudson Oaks Drive, Hudson Oaks, Texas.

The evidentiary hearing phase of the proceeding, which will occur at a later date, will be similar to a civil trial in state district court. The hearing will address the disputed issues of fact identified in the TCEQ order concerning this application issued on March 5, 2025. In addition to these issues, the judge may consider additional issues if certain factors are met.

The hearing will be conducted in accordance with Chapter 2001, Texas Government Code; Chapter 26, Texas Water Code; and the procedural rules of the TCEQ and SOAH, including 30 TAC Chapter 80 and 1 TAC Chapter 155. In accordance with 1 Tex. Admin. Code § 155.401(a), Notice of Hearing, “Parties that are not represented by an attorney may obtain information regarding contested case hearings on the public website of the State Office of Administrative Hearings at www.soah.texas.gov, or in printed format upon request to SOAH.”

AVISO DE AUDIENCIA
City of Hudson Oaks
Expediente SOAH No. 582-25-17367
Expediente TCEQ No. 2025-0083-MWD
Permiso TPDES No. WQ0016323001

APLICACIÓN.

La Ciudad de Hudson Oaks, localizada en la calle 210 Hudson Oaks Dr, Hudson Oaks, Texas 76087, ha solicitado a la Comisión de Calidad Ambiental del Estado de Texas (TCEQ) por un nuevo permiso del sistema de eliminación de descargas de contaminantes de Texas (TPDES) No. WQ0016323001 para autorizar las descargas de aguas residuales tratadas en un volumen promedio anual que no exceda 1,190,000 de galones por día.

La planta está ubicada aproximadamente a 1,150 pies al Oeste de la intersección de la calle Clearview Ct y la calle Trinity River, en el Condado Parker, Texas 76087. El efluente tratado es descargado al río South Fork Trinity, después al río Clear Fork Trinity debajo del lago Weatherford (segmento No. 0823) de la Cuenca del Río Trinity. Los usos no clasificados de las aguas receptoras son elevados usos de la vida acuática para el río South Fork Trinity. Los usos designados para el Segmento No. 0823 son elevados uso de vida acuática; abastecimiento de agua potable; y recreación con contacto. De acuerdo con la 30 TAC §307.5 y los procedimientos de implementación de la TCEQ (Junio 2010) para las Normas de Calidad de Aguas Superficiales en Texas, fue realizada una revisión de la antidegradación de las aguas recibidas. Una revisión de antidegradación del Nivel 1 ha determinado preliminarmente que los usos de la calidad del agua existente no serán perjudicados por la acción de este permiso. Se mantendrá un criterio narrativo y numérico para proteger los usos existentes. Una revisión del Nivel 2 ha determinado preliminarmente que no se espera ninguna degradación significativa en el río South Fork y el río Clear Fork Trinity (segmento No. 0831) el cual se ha identificado que tiene altos usos en la vida acuática. Los usos existentes serán mantenidos y protegidos. La determinación preliminar puede ser reexaminada y puede ser modificada, si se recibe alguna información nueva. Este enlace a un mapa electrónico de la ubicación general del sitio o de la instalación es proporcionado como una cortesía y no es parte de la solicitud o del aviso. Para la ubicación exacta, consulte la solicitud.

<https://gisweb.tceq.texas.gov/LocationMapper/?marker=-97.722,32.741&level=18>

El Director Ejecutivo de la TCEQ ha completado la revisión técnica de la solicitud y ha preparado un borrador del permiso. El borrador del permiso, si es aprobado, establecería las condiciones bajo las cuales la instalación debe operar. El Director Ejecutivo ha tomado una decisión preliminar que si este permiso es emitido, cumple con

todos los requisitos normativos y legales. La solicitud del permiso, la decisión preliminar del Director Ejecutivo y el borrador del permiso están disponibles para leer y copiar en el ayuntamiento de la Ciudad de Hudson Oaks localizado en la calle 210 Hudson Oaks Dr, Hudson Oaks, Texas 76087.

AUDIENCIA DE CASO IMPUGNADO.

La Oficina Estatal de Audiencias Administrativas (SOAH, por sus siglas en inglés) llevará a cabo una audiencia preliminar a través de una videoconferencia de Zoom. El propósito de una audiencia preliminar es establecer la jurisdicción, nombrar a las partes, establecer un cronograma procesal para el resto del procedimiento y abordar otros asuntos según lo determine el juez. La fase de audiencia probatoria del procedimiento, que tendrá lugar en una fecha posterior, será similar a un juicio civil en un tribunal de distrito estatal. La audiencia abordará las cuestiones de hecho en disputa identificadas en la orden de TCEQ con respecto a esta solicitud emitida el 5 de marzo de 2025. Además de estas cuestiones, el juez puede considerar cuestiones adicionales si se cumplen ciertos factores.

La audiencia se llevará a cabo de acuerdo con el Capítulo 2001 del Código de Gobierno de Texas; Capítulo 26, Código de Aguas de Texas; y las normas de procedimiento de la TCEQ y la SOAH, incluidos el capítulo 80 del TAC 30 y el capítulo 155 del TAC. La audiencia se llevará a cabo a menos que todas las solicitudes de audiencia oportunas hayan sido retiradas o denegadas.

Para solicitar ser parte, debe asistir a la audiencia y demostrar que se vería afectado negativamente por la solicitud de una manera que no es común para los miembros del público en general. Cualquier persona puede asistir a la audiencia y solicitar ser parte. Solo las personas nombradas como partes pueden participar en la audiencia.

De acuerdo con 1 Código Administrativo de Texas § 155.401(a), Aviso de audiencia, "Las partes que no están representadas por un abogado pueden obtener información sobre las audiencias de casos impugnados en el sitio web público de la Oficina Estatal de Audiencias Administrativas en www.soah.texas.gov, o en formato impreso previa solicitud a SOAH".

INFORMACIÓN.

Si necesita más información sobre el proceso de audiencia para esta solicitud, llame al Programa de Educación Pública, sin cargo, al (800) 6874040. Puede encontrar información general sobre la TCEQ en nuestro sitio web en www.tceq.texas.gov.

También se puede obtener información adicional de la Ciudad de Hudson Oaks en la dirección indicada arriba o llamando al Sr. Kyle Kubista al (817) 339-2288.

Las personas con discapacidades que necesiten adaptaciones especiales en la audiencia deben llamar al Departamento de Expedientes de SOAH al (512) 475-4993, al menos una semana antes de la audiencia.

Texas Commission on Environmental Quality

Revised

**NOTICE OF APPLICATION AND PRELIMINARY
DECISION FOR TPDES PERMIT FOR MUNICIPAL
WASTEWATER**

NEW

PERMIT NO. WQ0016323001

APPLICATION AND PRELIMINARY DECISION. City of Hudson Oaks, 210 Hudson Oaks Drive, Hudson Oaks, Texas 76087, has applied to the Texas Commission on Environmental Quality (TCEQ) for new Texas Pollutant Discharge Elimination System (TPDES) Permit No.

WQ0016323001, to authorize the discharge of treated domestic wastewater at an annual average flow not to exceed 1,190,000 gallons per day. TCEQ received this application on March 31, 2023.

The facility will be located approximately 1,150 feet west of the intersection of Clearview Court and Trinity River Drive, in Parker County, Texas 76087. The treated effluent will be discharged via pipe to South Fork Trinity River, thence to Clear Fork Trinity River Below Lake Weatherford in Segment No. 0831 of the Trinity River Basin. The unclassified receiving water use is high aquatic life use for South Fork Trinity River. The designated uses for Segment No. 0831 are primary contact recreation, public water

supply, and high aquatic life use. In accordance with 30 Texas Administrative Code § 307.5 and TCEQ's *Procedures to Implement the Texas Surface Water Quality Standards* (June 2010), an antidegradation review of the receiving waters was performed. A Tier 1 antidegradation review has preliminarily determined that existing water quality uses will not be impaired by this permit action. Numerical and narrative criteria to protect existing uses will be maintained. A Tier 2 review has preliminarily determined that no significant degradation of water quality is expected in South Fork Trinity River and Segment No. 0831, which have been identified as having high aquatic life uses. Existing uses will be maintained and protected. The preliminary determination can be reexamined and may be modified if new information is received. This link to an electronic map of the site or facility's general location is provided as a public courtesy and is not part of the application or notice. For the exact location, refer to the application.

<https://gisweb.tceq.texas.gov/LocationMapper/?marker=-97.722,32.741&level=18>

The TCEQ Executive Director has completed the technical review of the application and prepared a draft permit. The draft permit, if approved, would establish the conditions under which the facility must operate. The Executive Director has made a preliminary decision that this permit, if issued, meets all statutory and regulatory requirements. The permit application, Executive Director's preliminary decision, and draft permit are available for viewing and copying at City of Hudson Oaks City Hall, 210 Hudson Oaks Drive, Hudson Oaks, Texas.

PUBLIC COMMENT / PUBLIC MEETING. You may **submit public comments or request a public meeting about this application.** The purpose of a public meeting is to provide the opportunity to submit comments or to ask questions about the application. TCEQ holds a public meeting if the Executive Director determines that there is a significant degree of public interest in the application or if requested by a local legislator. A public meeting is not a contested case hearing.

OPPORTUNITY FOR A CONTESTED CASE HEARING.

After the deadline for submitting public comments, the Executive Director will consider all timely comments and prepare a response to all relevant and material, or significant public comments.

Unless the application is directly referred for a contested case hearing, the response to comments will be mailed to everyone who submitted public comments and to those persons who are on the mailing list for this application. If comments are received, the mailing will also provide instructions for requesting a contested case hearing or reconsideration of the Executive Director's decision. A contested case hearing is a legal proceeding similar to a civil trial in a state district court.

TO REQUEST A CONTESTED CASE HEARING, YOU MUST INCLUDE THE

FOLLOWING ITEMS IN YOUR REQUEST: your name, address, phone number; applicant's name and proposed permit number; the location and distance of your property/activities relative to the proposed facility; a

specific description of how you would be adversely affected by the facility in a way not common to the general public; a list of all disputed issues of fact that you submit during the comment period; and the statement "[I/we] request a contested case hearing." If the request for contested case hearing is filed on behalf of a group or association, the request must designate the group's representative for receiving future correspondence; identify by name and physical address an individual member of the group who would be adversely affected by the proposed facility or activity; provide the information discussed above regarding the affected member's location and distance from the facility or activity; explain how and why the member would be affected; and explain how the interests the group seeks to protect are relevant to the group's purpose.

Following the close of all applicable comment and request periods, the Executive Director will forward the application and any requests for reconsideration or for a contested case hearing to the TCEQ Commissioners for their consideration at a scheduled Commission meeting.

The Commission may only grant a request for a contested case hearing on issues the requestor submitted in their timely comments that were not subsequently withdrawn. **If a hearing is granted, the subject of a hearing will be limited to disputed issues of fact or mixed questions of fact and law relating to relevant and material water quality concerns submitted during the comment period.**

EXECUTIVE DIRECTOR ACTION. The Executive Director may issue final approval of the application unless a timely contested case hearing request or request for reconsideration is filed. If a timely hearing request or request for reconsideration is

filed, the Executive Director will not issue final approval of the permit and will forward the application and request to the TCEQ Commissioners for their consideration at a scheduled Commission meeting.

MAILING LIST. If you submit public comments, a request for a contested case hearing or a reconsideration of the Executive Director's decision, you will be added to the mailing list for this specific application to receive future public notices mailed by the Office of the Chief Clerk. In addition, you may request to be placed on: (1) the permanent mailing list for a specific applicant name and permit number; and/or (2) the mailing list for a specific county. If you wish to be placed on the permanent and/or the county mailing list, clearly specify which list(s) and send your request to TCEQ Office of the Chief Clerk at the address below.

All written public comments and public meeting requests must be submitted to the Office of the Chief Clerk, MC 105, Texas Commission on Environmental Quality,

P.O. Box 13087, Austin, TX 78711-3087 or electronically at www.tceq.texas.gov/goto/comment within 30 days from the date of newspaper publication of this notice.

INFORMATION AVAILABLE ONLINE. For details about the status of the application, visit the Commissioners' Integrated Database at www.tceq.texas.gov/goto/cid. Search the database using the permit number for this application, which is provided at the top of this notice.

AGENCY CONTACTS AND INFORMATION. Public comments and requests must be submitted either electronically at www.tceq.texas.gov/goto/comment, or in writing to the Texas Commission on Environmental Quality, Office of the Chief Clerk,

MC 105, P.O. Box 13087, Austin, Texas 78711-3087. Any personal information you submit to the TCEQ will become part of the agency's record; this includes email addresses. Entrevista al Presidente de la Asociación Nacional de Periodistas, Locutores y Comunicadores USA- México.

Por: Rosana Narez-Directora

Gilberto Cortez, un destacado líder con una trayectoria profesional de más de 40 años en periodismo y locución a nivel internacional, es el Fundador-Presidente de la ANLPC en USA y nos concedió una amena entrevista "entre amigos" con el fin de promover su nuevo Programa Educativo en Periodismo y Locución a nivel profesional avalados con una extensa trayectoria acreditándolo como un mentor-exponente de primer nivel, cuya experiencia beneficiará a todas aquellas personas interesada en adquirir conocimientos y una educación especializada para convertirse en personas calificadas en la profesión de la Radiodifusión, TV y medios de Prensa escrita y las Redes Sociales.

Gilberto es un apasionado y experto en Comunicaciones a nivel "master", quien facilitará en teoría y práctica las herramientas necesarias para impartir y compartir sus conocimientos en

locución y como hablar en público,(oratoria) a todos los interesados.

La iniciativa de la ANPLC USA- México, de emprender estos cursos y seminarios fue por demanda popular, de parte de un considerable número de participantes decepcionados de pseudo- academias locales en Dallas que se promueven como expertos en hablar en público, locución y periodismo que los defraudaron supuestos maestros no calificados ni avalados legítimamente por ninguna institución.

Mr. Cortez, categóricamente se pronuncia en contra de todas aquellas personas que sin ninguna experiencia en las ciencias de la comunicación se autoproclaman Comunicadores profesionales en el área de DFW, pero tristemente solo son oportunistas y sin una trayectoria, ni educación o un medio de comunicación en la industria y que denigran la imagen seria y la ética del gremio profesional.

¿Y EL VOTO EXTRANJERO?

Francisco de la Torre
Cónsul General de México en Dallas

He tenido la oportunidad de vivir fuera de México sirviendo a mi país por muchos años y estoy convencido que, sin importar en qué lugar del mundo vivimos, todas las personas mexicanas estamos llamadas a participar en el proceso democrático y podemos hacerlo emitiendo nuestro sufragio desde el exterior. Nos toca seguir construyendo y consolidando nuestra democracia juntos. En 2005 se reconoció por primera vez en la legislación electoral mexicana el voto a las personas mexicanas desde el exterior, pero únicamente en elección presidencial y por correo (modalidad postal). Este modelo se instrumentó en 2006 y 2012. En 2014 se reformó la ley para permitir: (i) votar por presidencia, senadurías y gubernaturas (si así lo determina cada estado), (ii) Credencialización en embajadas y consulados (operativamente desde 2016) y, (iii) voto postal, electrónico (por internet) y presencial (en Embajadas y Consulados). Hoy 23 estados reconocen el voto de sus oriundos en el exterior: Aguascalientes, Baja California Sur, Chiapas, Chihuahua, Ciudad de México, Coahuila, Durango, Estado de México, Guanajuato, Guerrero, Jalisco, Michoacán, Morelos, Nayarit, Puebla, Querétaro, San Luis Potosí, Sinaloa, Tamaulipas, Yucatán y Zacatecas. Además, la Ciudad de México, Jalisco, Oaxaca y el Estado de México eligen diputados migrantes a nivel local. Este 2024 las personas mexicanas que residimos fuera del país podremos votar por: -Presidencia -Senado -Gubernaturas Desde 2016, las Embajadas y Consulados de la Secretaría de Relaciones Exteriores han atendido más de un millón y medio de personas mexicanas que se han credencializado, es decir, que han

solicitado en las representaciones en el exterior su Credencial para Votar con Fotografía (CVCF) y que el Instituto Nacional Electoral (INE) se las ha enviado al domicilio que han proporcionado. Para procesar la solicitud de CVCF se requiere: 1. Documento que acredite la nacionalidad Si naciste en México requieres acta de nacimiento o documento que acredite la nacionalidad mexicana.

2. Si naciste en el exterior deberás presentar copia del acta de nacimiento de padre o madre para determinar en qué estado quedarás empadronado para votaciones locales. Si obtuviste la ciudadanía mexicana, requieres documento que acredite la nacionalidad mexicana por naturalización. La Matricula Consular y el Pasaporte también te sirven para estos fines. Contar con la Clave Única de Registro de Población (CURP) resulta esencial para realizar el trámite.

3. Identificación con fotografía. Puede ser tu Matricula Consular o Pasaporte vigentes. Debe ser original y vigente. También te sirve la Cartilla de Servicio Militar Nacional, Cédula Profesional, credenciales expedidas por el Instituto Nacional de las Personas Adultas Mayores (INAPAM) o certificado de primaria. Si cuentas con una también te sirve. 3. Comprobante de domicilio. Un recibo de teléfono, luz, banco, escuela u otros servicios públicos o privados y no es necesario que esté a nombre de quien tramita. Este documento debe ser original (incluso impreso de internet) y con fecha de expedición no mayor a 3 meses, excepto recibos de pago que se expiden de forma anual, con vigencia de hasta un año.

¡Acción! La industria cinematográfica tiene un impacto multimillonario en Fort Worth

Febrero de 2024 | Fort Worth

Visit Fort Worth extendió la alfombra roja al cine y la industria cinematográfica cuando inauguró su Film Commission en 2015. Desde entonces, ha sido una actuación ganadora de un Oscar.

En los últimos ocho años, la Comisión de Cine ha tenido un impacto económico de \$655 millones en Fort Worth, dijo el martes la comisionada de cine Jessica Christopherson al Concejo Municipal.

El impulso económico se ha traducido en la creación de más de 20,000 puestos de trabajo hasta la fecha.

Lo que dicen: "Fort Worth se ha hecho conocida como una ciudad que hace que las cosas sucedan para proyectos cinematográficos", dijo Christopherson. "El cine es un negocio muy colaborativo y nos gusta unir a la comunidad de Fort Worth tanto como sea posible".

Qué sigue: La Film Commission apoya la producción cinematográfica aquí y busca formas de crear oportunidades y construir relaciones, dijo. Por ejemplo, la comisión se ha asociado con Tarrant County College y 101 Studios en un programa de certificación diseñado para

hacer crecer la fuerza laboral local para que se conviertan en miembros del equipo de estas producciones locales.

Invertir en producciones locales produce un retorno de 1:5 en impacto económico con una amplia gama de negocios que se benefician en toda la ciudad, como gastos en hoteles, alquiler de equipos y catering, dijo.

En cifras: el condado de Tarrant ocupa el cuarto lugar entre los 20 condados principales clasificados por el número de proyectos, según la Comisión de Cine de Texas.

En 2023, Fort Worth fue nombrada la ciudad más proactiva y amigable con el cine de Texas por el consultor de la industria cinematográfica global Olsberg SPI. Algunas de las producciones más recientes han atraído enormemente al turismo, incluidas las de Taylor Sheridan, nativo de Texas y ex residente de Fort Worth, y su exitosa serie 1883 y Yellowstone, que se filmaron parcialmente aquí.

Centro Cultural Oak Cliff organiza inauguración de learning to be T.U.F. de la artista Tiara Unique Francois, comisariada por Ciara Elle Bryant

DALLAS -- El Oak Cliff Cultural Center se complace en presentar learning to be T.U.F., una exposición individual de Tiara Unique Francois comisariada por Ciara Elle Bryant, que se inaugurará el 24 de febrero con una recepción de 6 a 8 p.m. La artista y curadora darán una charla en la galería a las 7 p.m. el día de la recepción.

Utilizando la pintura y el ensamblaje, el trabajo de Francois explora narrativas centradas en su identidad, familia y experiencias personales a través de recuerdos reimaginados. Arraigados en la autorreflexión, sus autorretratos recuerdan su colección de experiencias como una joven mujer afroamericana, navegando por el crecimiento personal a través de pensamientos contrapuestos de esperanza y duda.

El título de la exposición, learning to be T.U.F., hace referencia directa a su experiencia vivida desde la infancia hasta la edad adulta. T.U.F. es un acrónimo de Tiara Unique Francois y aunque se relaciona con ser una persona con piel dura tal como la vida lo requiere también se trata de ser

sabio y conocerse a uno mismo. Ciara Elle Bryant comparte: "Tiara Unique Francois no es tímida a la hora de la exploración. Learning to be T.U.F. es una reflexión directa del viaje del alma. Desde anotaciones en un diario hasta los retratos del alma, Francois ofrece al espectador un vistazo a su nueva práctica de aprender sobre sí misma".

PERRO CON PROPÓSITO

Un médico veterinario, fue llamado para examinar a un sabueso irlandés de 10 años de edad llamado Belker. Los dueños del perro, Ron, su esposa Lisa y su pequeño hijo Shane, estaban muy apegados a Belker, y esperaban un milagro.

Examinó a Belker y descubrió que se estaba muriendo de cáncer. Dijo a la familia que no podían hacer más nada por Belker y se ofreció para llevarlo al procedimiento de eutanasia en su casa. Hicieron los arreglos necesarios. Ron y Lisa dijeron que sería buena idea que el niño de 6 años observara el suceso. Sintieron que podría aprender algo de esa dolorosa experiencia.

Al día siguiente, el veterinario sintió la familiar sensación en mi garganta cuando Belker fue rodeado por la familia. El niño se veía tranquilo, acariciaba al perro por última vez, y el veterinario se preguntaba si el niño comprendía lo que estaba pasando. En unos cuantos minutos Belker se quedó dormido pacíficamente para ya no despertar.

El pequeño niño pareció aceptar la transición de Belker sin ninguna dificultad o confusión. Se sentaron luego todos por un momento preguntándose el porqué del lamentable hecho de que la vida de las mascotas sea más corta que la de los humanos. El niño, que había estado escuchando atentamente, dijo: "Yo sé porqué."

Sorprendidos, todos se voltearon a mirarlo. Lo que dijo a continuación fue lo más maravilloso que habían escuchado en sus vidas, no se esperaban una explicación más reconfortante que ésta.

Ese momento, cambió la forma en que el veterinario veía la vida.

Dijo: "La gente viene al mundo para aprender cómo vivir una buena vida, cómo amar a los demás todo el tiempo y ser buenas personas, ¿verdad?"

El niño de 6 años continuó:

"Bueno, como los perros ya saben como hacer todo eso, no tienen que quedarse tanto tiempo como nosotros."

REFLEXIÓN

He estado en la triste posición cuando era niño, luego de adolescente, mas tarde joven y mas recientemente como adulto de llevar al veterinario a algunas de mis mascotas cuando el peso de una enfermedad asociada a su vejez ha alcanzado. Se lo que se siente en cada fase cuando muere una criatura de Dios.

De ninguna manera creo que sea mas doloroso perder una mascota que a un ser humano, pero hay algo muy emocional cuando hemos convivido con las mascotas y estás se han apegado a uno tanto como uno a ellas.

Hay un ciclo natural, pero todo en la vida nos prepara para una eternidad con Dios si aprendemos, crecemos y cambiamos para vivir autenticamente conforme al plan de Dios.

ESCRITURA

Apocalipsis 5:13

"Y oí a cuanta criatura hay en el cielo, y en la tierra, y debajo de la tierra y en el mar, a todos en la creación, que cantaban: «¡Al que está sentado en el trono y al Cordero, sean la alabanza y la honra, la gloria y el poder, por los siglos de los siglos!»"

Dios ha creado todo en el universo, y debemos cuidarlo y aprovecharlo con sabiduría, amando al creador de todas las cosas. Dios nos enseña a través de todo ser, situación y circunstancia. Si entendemos que fuimos creados a imagen y semejanza suya comprenderemos que toda la creación le alaba y nos enseña, incluida una mascota en nuestro hogar.

Destacados Empresarios en la Industria Restaurantera, un ejemplo a seguir para los Emprendedores.

Por: Rosana Narez-Directora

Con una charla muy amena en una hermosa tarde tuve el honor y privilegio de convivir con 2 grandes de la industria restaurantera de Dallas-Fort Worth, Don Mariano Martinez, Fundador de Hacienda the Ranch y Marianos y el famoso Michael Rodriguez, mejor conocido como "Mico" fundador de la cadena de restaurantes Mi Cocina. Meseros, sin duda es un icono en el mundo de la comida tex-mex en Dallas. Su historia es una mezcla de éxito inigualable e incomparable.

Hace 18 años, Mico Rodriguez, también conocido como "Mico", estableció el primer restaurante Mi Cocina en un pequeño centro comercial embargado. Con solo \$82,500 de inversión inicial de tres socios, su modesto negocio se convirtió en un imperio culinario con 22 restaurantes y el elegante lounge Twenty2. M. Crowd Restaurant Group, la empresa que surgió de ese pequeño restaurante, generó aproximadamente 78 millones de dólares el primer año.

Rodriguez revolucionó la forma en que las personas percibían la comida tex-mex, convenciendo a los inversionistas de que podían gastar \$14 en enchiladas en un ambiente elegante y sofisticado. Sin embargo, a medida que su imperio culinario crecía, el mismo se autodestruía. Vendió gran parte de su participación en la empresa para financiar un estilo de vida lleno de lujos, que incluía arte, ropa de diseñador, autos de lujo y costosas casas. Finalmente, se retiró como CEO de M. Crowd Restaurant Group y se aisló en una vida de hermitaño en su penthouse en la Torre Republic, una zona lujosa en la ciudad de Dallas, luchando con debilidades personales y profesionales que lo llevaron a decadencia.

A pesar de los altibajos, Mico Rodriguez sigue siendo una figura influyente en la industria gastronómica de Dallas. Hace unos años regresó a su pasión y raíces que lo llevaron en el pasado a la fortuna y fama, abriendo su primer restaurante en el área de Uptown Dallas con el restaurante Doce Mesas, y como lo que Mico toca lo convierte en oro, ya cuenta con su segunda sucursal en Walnut Hill y el 175 cerca de NorthPark donde continúa dejando su huella en la cocina tex-mex con un concepto muy lujoso.

Don Mariano por su parte no solo es un exitoso empresario en la gastronomía tex-mex, también es un inversionista inmobiliario en la compra de propiedades comerciales que le han generado ganancias jugosas. Mico y Don Mariano son grandes amigos, con carreras muy exitosas. Comenta Mico que le tiene una gran admiración y respeto a Don Mariano, que ha sido su mentor y amigo por décadas, sin duda estos 2 iconos son un digno ejemplo a seguir de perseverancia e inteligencia para los negocios en la industria restaurantera.

Sin duda, una tarde llena de memorias e historias de Éxito que disfrute escuchar y sobre todo compartir con ellos, que por cierto Mico nos ha apapachado con una especialidad de la casa, los famosos "sopes gourmet" y el ceviche, acompañado de una bebida refrescante, mi favorita por cierto, "el Director" con un exquisito fusion de tequila y cítricos.

Por favor visiten Doce Mesas y Mariano's/HaciendaThe Ranch, con los mejores platillos de la región.

RAICES

Organización sin fines de lucro en apoyo a los inmigrantes.

¿Sabía que han pasado casi cuatro décadas desde la última vez que el Congreso aprobó un proyecto de ley de inmigración significativo? Esta nación necesita desde hace mucho tiempo una legislación que proteja el derecho legal y humano a buscar asilo, proporcione un camino hacia la ciudadanía a nuestros vecinos, aborde el problema sistémico fallas en nuestra actual política de inmigración y reafirme nuestro compromiso de ser una nación más acogedora y compasiva.

Por eso es especialmente preocupante que, en los últimos meses, nuestros funcionarios electos se hayan revelado más que dispuestos a negociar con las vidas de familias e individuos que buscan seguridad y una vida mejor en los EE. UU. ¿Hasta dónde llegarán la Casa Blanca y el Congreso? ¿Hasta proponer cerrar nuestra frontera, poniendo innumerables vidas en riesgo de tortura, secuestro e incluso la muerte.

Lo que es aún más aterrador es que el proyecto de ley propuesto esta semana no fue lo suficientemente lejos como para obtener votos de ciertos representantes para aprobarlo en el Senado, y fracasó durante una votación de procedimiento el miércoles 2 de Febrero, 2024. Nuestros funcionarios electos nos están fallando, pero estamos comprometidos para garantizar que los líderes en todos los niveles de gobierno comprendan que la gente común, como usted y yo, apoyamos políticas de inmigración justas y justas que satisfagan las necesidades de esta generación y reconocen las consideraciones humanitarias que son fundamentales para un sistema de inmigración compasivo y eficaz.

Es por eso que continuaremos instando a nuestros líderes a regresar a la mesa, de buena fe, para negociar un proyecto de ley que restablezca, proteja y amplíe las protecciones de asilo y proponga soluciones que centren la humanidad de las personas que son lo suficientemente valientes como para buscar seguridad y seguridad en los EE. UU. Cuando se trata de política de inmigración, debemos recordar que estamos hablando de nuestros vecinos que esperan y esperan convertirse algún día en ciudadanos de nuestra nación. Continuaremos haciendo oír nuestra voz para garantizar que cualquier proyecto de ley de inmigración propuesto excluya la militarización de nuestra frontera y las píldoras venenosas que dañan a los miembros de nuestra comunidad.

Tenemos una larga lucha por delante, pero lo que la historia nos ha enseñado es que la justicia, la compasión y la humanidad siempre prevalecen. ¿Cómo prevalecerá la humanidad? Debemos tomar medidas sostenidas y consistentes para luchar por un país más acogedor y compasivo al que todos podamos llamar hogar con orgullo. Good afternoon Kim,

Attached is the resubmittal for the Hudson Oaks DP NAPD. I wanted to clarify a few things on the English newspaper posting, we reached out to the Parker County Today and they were not able to provide a tearsheet that included the folio with the newspaper name, date and notice number. They reasoned that the newspaper name is shown on the first page, the notice number is shown in the posting, and the Affidavit verifies the date of the posting. Additionally, this was the only newspaper in the area that we were able to work with. Please advise and feel free to reach out if you have any questions or concerns.

Thanks,

NOTICE OF APPLICATION AND PRELIMINARY DECISION FOR TPDES PERMIT FOR MUNICIPAL WASTEWATER

NEW

PERMIT NO. WQ0016323001

APPLICATION AND PRELIMINARY DECISION. City of Hudson Oaks, 210 Hudson Oaks Drive, Hudson Oaks, Texas 76087, has applied to the Texas Commission on Environmental Quality (TCEQ) for new Texas Pollutant Discharge Elimination System (TPDES) Permit No. WQ0016323001, to authorize the discharge of treated domestic wastewater at an annual average flow not to exceed 1,190,000 gallons per day. TCEQ received this application on March 31, 2023.

The facility will be located approximately 1,150 feet west of the intersection of Clearview Court and Trinity River Drive, in Parker County, Texas 76087. The treated effluent will be discharged via pipe to South Fork Trinity River, thence to Clear Fork Trinity River Below Lake Weatherford in Segment No. 0831 of the Trinity River Basin. The unclassified receiving water use is high aquatic life use for South Fork Trinity River. The designated uses for Segment No. 0831 are primary contact recreation, public water supply, and high aquatic life use. In accordance with 30 Texas Administrative Code § 307.5 and TCEQ's *Procedures to Implement the Texas Surface Water Quality Standards* (June 2010), an antidegradation review of the receiving waters was performed. A Tier 1 antidegradation review has preliminarily determined that existing water quality uses will not be impaired by this permit action. Numerical and narrative criteria to protect existing uses will be maintained. A Tier 2 review has preliminarily determined that no significant degradation of water quality is expected in South Fork Trinity River and Segment No. 0831, which have been identified as having high aquatic life uses. Existing uses will be maintained and protected. The preliminary determination can be reexamined and may be modified if new information is received. This link to an electronic map of the site or facility's general location is provided as a public courtesy and is not part of the application or notice. For the exact location, refer to the application.

<https://gisweb.tceq.texas.gov/LocationMapper/?marker=-97.722,32.741&level=18>

The TCEQ Executive Director has completed the technical review of the application and prepared a draft permit. The draft permit, if approved, would establish the conditions under which the facility must operate. The Executive Director has made a preliminary decision that this permit, if issued, meets all statutory and regulatory requirements. The permit application, Executive Director's preliminary decision, and draft permit are available for viewing and copying at City of Hudson Oaks City Hall, 210 Hudson Oaks Drive, Hudson Oaks, Texas.

ALTERNATIVE LANGUAGE NOTICE. Alternative language notice in Spanish is available at <https://www.tceq.texas.gov/permitting/wastewater/plain-language-summaries-and-public-notice>. El aviso de idioma alternativo en español está disponible en <https://www.tceq.texas.gov/permitting/wastewater/plain-language-summaries-and-public-notice>.

PUBLIC COMMENT / PUBLIC MEETING. You may submit public comments or request a public meeting about this application. The purpose of a public meeting is to provide the opportunity to submit comments or to ask questions about the application. TCEQ holds a public meeting if the Executive Director determines that there is a significant degree of public interest in the application or if requested by a local legislator. A public meeting is not a contested case hearing.

OPPORTUNITY FOR A CONTESTED CASE HEARING. After the deadline for submitting public comments, the Executive Director will consider all timely comments and prepare a response to all relevant and material, or significant public comments. **Unless the application is directly referred for a contested case hearing, the response to comments will be mailed to everyone who submitted public comments and to those persons who are on the mailing list for this application. If comments are received, the mailing will also provide instructions for requesting a contested case hearing or reconsideration of the Executive Director's decision.** A contested case hearing is a legal proceeding similar to a civil trial in a state district court.

TO REQUEST A CONTESTED CASE HEARING, YOU MUST INCLUDE THE FOLLOWING ITEMS IN YOUR REQUEST: your name, address, phone number; applicant's name and proposed permit number; the location and distance of your property/activities relative to the proposed facility; a specific description of how you would be adversely affected by the facility in a way not common to the general public; a list of all disputed issues of fact that you submit during the comment period; and the statement "[I/we] request a contested case hearing." If the request for contested case hearing is filed on behalf of a group or association, the request must designate the group's representative for receiving future correspondence; identify by name and physical address an individual member of the group who would be adversely affected by the proposed facility or activity; provide the information discussed above regarding the affected member's location and distance from the facility or activity; explain how and why the member would be affected; and explain how the interests the group seeks to protect are relevant to the group's purpose.

Following the close of all applicable comment and request periods, the Executive Director will forward the application and any requests for reconsideration or for a contested case hearing to the TCEQ Commissioners for their consideration at a scheduled Commission meeting.

The Commission may only grant a request for a contested case hearing on issues the requestor submitted in their timely comments that were not subsequently withdrawn. **If a hearing is granted, the subject of a hearing will be limited to disputed issues of fact or mixed questions of fact and law relating to relevant and material water quality concerns submitted during the comment period.**

EXECUTIVE DIRECTOR ACTION. The Executive Director may issue final approval of the application unless a timely contested case hearing request or request for reconsideration is filed. If a timely hearing request or request for reconsideration is filed, the Executive Director will not issue final approval of the permit and will forward the application and request to the TCEQ Commissioners for their consideration at a scheduled Commission meeting.

MAILING LIST. If you submit public comments, a request for a contested case hearing or a reconsideration of the Executive Director's decision, you will be added to the mailing list for this specific application to receive future public notices mailed by the Office of the Chief Clerk. In addition, you may request to be placed on: (1) the permanent mailing list for a specific applicant name and permit number; and/or (2) the mailing list for a specific county. If you wish to be placed on the permanent and/or the county mailing list, clearly specify which list(s) and send your request to TCEQ Office of the Chief Clerk at the address below.

All written public comments and public meeting requests must be submitted to the Office of the Chief Clerk, MC 105, Texas Commission on Environmental Quality, P.O. Box 13087, Austin, TX 78711-3087 or electronically at www.tceq.texas.gov/goto/comment within 30 days from the date of newspaper publication of this notice.

INFORMATION AVAILABLE ONLINE. For details about the status of the application, visit the Commissioners' Integrated Database at www.tceq.texas.gov/goto/cid. Search the database using the permit number for this application, which is provided at the top of this notice.

Box 13087, Austin, Texas 78711-3087. Any personal information you submit to the TCEQ will become part of the agency's record; this includes email addresses. Comisión De Calidad Ambiental Del Estado De Texas

AVISO DE LA SOLICITUD Y DECISIÓN PRELIMINAR PARA EL PERMISO DEL SISTEMA DE ELIMINACION DE DESCARGAS DE CONTAMINANTES DE TEXAS (TPDES) PARA AGUAS RESIDUALES MUNICIPALES

NUEVO

PERMISO NO. WQ0016323001

SOLICITUD Y DECISIÓN PRELIMINAR. La Ciudad de Hudson Oaks, localizada en la calle 210 Hudson Oaks Dr, Hudson Oaks, Texas 76087, ha solicitado a la Comisión de Calidad Ambiental del Estado de Texas (TCEQ) por un nuevo permiso del sistema de eliminación de descargas de contaminantes de Texas (TPDES) No. WQ0016323001 para autorizar las descargas de aguas residuales tratadas en un volumen promedio anual que no exceda 1,190,000 de galones por día. La TCEQ recibió esta solicitud el marzo 31, 2023.

La planta está ubicada aproximadamente a 1,150 pies al Oeste de la intersección de la calle Clearview Ct y la calle Trinity River, en el Condado Parker, Texas 76087. El efluente tratado es descargado al río South Fork Trinity, después al río Clear Fork Trinity debajo del lago Weatherford (segmento No. 0823) de la Cuenca del Río Trinity. Los usos no clasificados de las aguas receptoras son elevados usos de la vida acuática para el río South Fork Trinity. Los usos designados para el Segmento No. 0823 son elevados uso de vida acuática; abastecimiento de agua potable; y recreación con contacto. De acuerdo con la 30 TAC §307.5 y los procedimientos de implementación de la TCEQ (Junio 2010) para las Normas de Calidad de Aguas Superficiales en Texas, fue realizada una revisión de la antidegradación de las aguas recibidas. Una revisión de antidegradación del Nivel 1 ha determinado preliminarmente que los usos de la calidad del agua existente no serán perjudicados por la acción de este permiso. Se mantendrá un criterio narrativo y numérico para proteger los usos existentes. Una revisión del Nivel 2 ha determinado preliminarmente que no se espera ninguna degradación significativa en el río South Fork y el río Clear Fork Trinity (segmento No. 0831) el cual se ha identificado que tiene altos usos en la vida acuática. Los usos existentes serán mantenidos y protegidos. La determinación preliminar puede ser reexaminada y puede ser modificada, si se recibe alguna información nueva. Este enlace a un mapa electrónico de la ubicación general del sitio o de la instalación es proporcionado como una cortesía y no es parte de la solicitud o del aviso. Para la ubicación exacta, consulte la solicitud.

El Director Ejecutivo de la TCEQ ha completado la revisión técnica de la solicitud y ha preparado un borrador del permiso. El borrador del permiso, si es aprobado, establecería las condiciones bajo las cuales la instalación debe operar. El Director Ejecutivo ha tomado una decisión preliminar que si este permiso es emitido, cumple con todos los requisitos normativos y legales. La solicitud del permiso, la decisión preliminar del Director Ejecutivo y el borrador del permiso están disponibles para leer y copiar en el ayuntamiento de la Ciudad de Hudson Oaks localizado en la calle 210 Hudson Oaks Dr, Hudson Oaks, Texas 76087.

COMENTARIO PUBLICO / REUNION PUBLICA. Usted puede presentar comentarios públicos o pedir una reunión pública sobre esta solicitud. El propósito de una reunión pública es dar la oportunidad de presentar comentarios o hacer preguntas acerca de la solicitud. La TCEQ realiza una reunión pública si el Director Ejecutivo determina que hay un grado de interés público suficiente en la solicitud o si un legislador local lo pide. Una reunión pública no es una audiencia administrativa de lo contencioso.

OPORTUNIDAD DE UNA AUDIENCIA ADMINISTRATIVA DE LO CONTENCIOSO.

Después de la fecha límite para presentar comentarios públicos, el Director Ejecutivo considerará los comentarios y preparará una respuesta a todos los comentarios públicos relevantes y materiales, o significativos. **A menos que la solicitud sea remitida directamente para una audiencia de caso impugnado, la respuesta a los comentarios se enviará por correo a todos los que enviaron comentarios públicos y a aquellas personas que estén en la lista de correo para esta solicitud. Si se reciben comentarios, el correo también proporcionará instrucciones para solicitar una audiencia de caso impugnado o reconsiderar la decisión del Director Ejecutivo.** Una audiencia de caso impugnado es un procedimiento legal similar a un juicio civil en un tribunal de distrito estatal.

PARA SOLICITAR UNA AUDIENCIA DE CASO IMPUGNADO, USTED DEBE INCLUIR EN SU SOLICITUD LOS SIGUIENTES DATOS: su nombre, dirección, y número de teléfono; el nombre del solicitante y número del permiso; la ubicación y distancia de su propiedad/actividad con respecto a la instalación; una descripción específica de la forma cómo usted sería afectado adversamente por el sitio de una manera no común al público en general; una lista de todas las cuestiones de hecho en disputa que usted presente durante el período de comentarios; y la declaración "[Yo/nosotros] solicito/solicitamos una audiencia de caso impugnado". Si presenta la petición para una audiencia de caso impugnado de parte de un grupo o asociación, debe identificar una persona que representa al grupo para recibir correspondencia en el futuro; identificar el nombre y la dirección de un miembro del grupo que sería afectado adversamente por la planta o la actividad propuesta; proveer la información indicada anteriormente con respecto a la ubicación del miembro afectado y su distancia de la planta o actividad propuesta; explicar cómo y porqué el miembro sería afectado; y explicar cómo los intereses que el grupo desea proteger son pertinentes al propósito del grupo.

Tras el cierre de todos los periodos de comentarios y solicitudes aplicables, el Director Ejecutivo remitirá la solicitud y cualquier solicitud de reconsideración o de una audiencia de caso impugnado a los Comisionados de la TCEQ para su consideración en una reunión programada de la Comisión.

La Comisión sólo puede conceder una solicitud de una audiencia de caso impugnado sobre los temas que el solicitante haya presentado en sus comentarios oportunos que no fueron retirados posteriormente. **Si se concede una audiencia, el tema de la audiencia estará limitado a cuestiones de hecho en disputa o cuestiones mixtas de hecho y de derecho relacionadas a intereses pertinentes y materiales de calidad del agua que se hayan presentado durante el período de comentarios.**

ACCIÓN DEL DIRECTOR EJECUTIVO. El Director Ejecutivo puede emitir la aprobación final de la solicitud a menos que se presente una solicitud de audiencia de caso impugnado oportunamente o una solicitud de reconsideración. Si se presenta una solicitud de audiencia oportuna o una solicitud de reconsideración, el Director Ejecutivo no emitirá la aprobación final del permiso y enviará la solicitud y la solicitud a los Comisionados de TCEQ para su consideración en una reunión programada de la Comisión.

LISTA DE CORREO. Si envía comentarios públicos, una solicitud de una audiencia de caso impugnado o una reconsideración de la decisión del Director Ejecutivo, se le agregará a la lista de correo de esta solicitud específica para recibir futuros avisos públicos enviados por correo por la Oficina del Secretario Oficial. Además, puede solicitar ser colocado en: (1) la lista de correo permanente para un nombre de solicitante específico y número de permiso; y/o (2) la lista de correo para un condado específico. Si desea ser colocado en la lista de correo permanente y / o del condado, especifique claramente qué lista (s) y envíe su solicitud a la Oficina del Secretario Oficial de la TCEQ a la dirección a continuación.

Todos los comentarios públicos escritos y las solicitudes de reunión pública deben enviarse a Office of the Chief Clerk, MC 105, TCEQ, P.O. Box 13087, Austin, TX 78711-3087 o electrónicamente a www.tceq.texas.gov/goto/comment dentro de los 30 días a partir de la fecha de publicación de este aviso en el periódico.

CONTACTOS E INFORMACIÓN DE LA AGENCIA. Los comentarios y solicitudes públicas deben enviarse electrónicamente a www.tceq.texas.gov/goto/comment, o por escrito a Texas Commission on Environmental Quality, Office of the Chief Clerk, MC-105, P.O. Box 13087, Austin, Texas 78711-3087. Cualquier información personal que envíe a la TCEQ pasará a formar parte del registro de la agencia; esto incluye las direcciones de correo electrónico. - You must publish the enclosed notice as soon as possible, but no later than 45 days from the date on the cover letter. **You may be required to publish the notice in more than one newspaper, including a newspaper published in an alternative language, to satisfy all of the notice requirements.**
- On or before the date you publish notice, you must place the following items in a public place in the county where the facility is or will be located: (a) a copy of your permit application, including any subsequent revisions; (b) the executive director's preliminary decision as contained in the technical summary and fact sheet; and (c) the draft permit, including any subsequent revisions. Texas Commission on Environmental Quality

Instructions for Public Notice for a Water Quality Permit

Notice of Application and Preliminary Decision (NAPD)

The executive director has completed the technical review of your application and issued a preliminary decision. You must comply with the following instructions. There are seven (7) steps involved in publishing notice. Complete each step.

1. REVIEW THE NOTICE FOR ACCURACY

Read the enclosed notice carefully and notify the Wastewater Permitting Section at 512-239-4671 immediately if it contains any errors or omissions. You are responsible for ensuring the accuracy of all information published. Do not change the text or formatting of the notice or affidavit of publication without prior approval from the TCEQ. Changing the text or formatting of the notice may require new publication at your expense and delay processing of your application.

2. PUBLISH THE NOTICE IN THE NEWSPAPER

You must publish the enclosed notice as soon as possible, but no later than 45 days from the date on the cover letter.

For renewal applications, you must publish at least once in the same newspaper that you published the Notice of Receipt of Application and Intent to Obtain Permit.

For all other applications, you must publish at least once in a newspaper regularly published or circulated within each county where the facility and discharge point are located or proposed to be located.

The bold text of the enclosed notice must be printed in the newspaper in a font style or size that distinguishes it from the rest of the notice (i.e., bold, italics). Failure to do so may require re-notice.

3. PUBLISH THE NOTICE IN AN ALTERNATIVE LANGUAGE

You must publish notice in an alternative language IF: either the elementary or middle school nearest to the facility or proposed facility is required to provide a "bilingual education program" (BEP) as required by Texas Education Code (TEC), Chapter 29, Subchapter B, and 19 Tex. Admin. Code §89.1205(a) AND one of the following conditions is met:

- students are enrolled in a program at that school;
- students from that school attend a bilingual education program at another location; or
- the school that otherwise would be required to provide a bilingual education program has been granted an exception from the requirements to provide the program as provided for in 19 Tex. Admin. Code §89.1207(a).

A "bilingual education program" is different from an "English as a second language program" (ESL). An ESL program alone, will not require public notice in an alternative language.

If triggered, you must publish the notice in a newspaper or publication primarily published in the alternative language taught in the bilingual education program. Publication in an alternative language section or insert within a large publication which is not printed primarily in that alternative language does not satisfy these

requirements. The newspaper or publication must be of general circulation in the county in which the facility and discharge point are located or proposed to be located. If the facility and discharge point are located or proposed to be located in a municipality, and there exists a newspaper or publication of general circulation in the municipality, you must publish the notice only in the newspaper or publication in the municipality.

You must demonstrate a good faith effort to identify a newspaper or publication in the required language. If there is no general circulation newspaper or publication printed in such language, then publishing in that language is not required. You have the burden to demonstrate compliance with these requirements.

If you are required to publish notice in Spanish, you must translate the site-specific information in the notice that is specific to your application, at your own expense. You may then insert the Spanish translation of your site-specific information into a Spanish template developed by the TCEQ. The Spanish templates are available on the TCEQ website at www.tceq.texas.gov/permitting/wastewater/review/napd/wqspanish_napd.html. If you are required to publish notice in a language other than Spanish, you must translate the entire public notice, at your own expense.

4. PUT THE APPLICATION IN A PUBLIC PLACE

You must put a copy of the following documents in the public place identified in the enclosed notice:

- the complete application,
- the executive director's preliminary decision as contained in the technical summary and fact sheet,
- the draft permit, and
- any subsequent revisions to these documents.

This copy must be accessible to the public for review and copying beginning on the first day of newspaper publication and remain in place until the commission has taken action on the application or the commission refers issues to the State Office of Administrative Hearings.

For confidential information contained in the application, you must indicate which specific portions of the application cannot be made available to the public. These portions of the application must be accompanied with the following statement: "Any request for portions of this application that are marked as confidential must be submitted in writing, pursuant to the Public Information Act, to the TCEQ Public Information Coordinator, MC 197, P.O. Box 13087, Austin, Texas 78711-3087."

5. PROVIDE PROOF OF PUBLICATION

For each newspaper in which you published, you must submit proof of publication. Proof of publication must include the following:

- a completed Publisher's Affidavit (enclosed); and
- a copy of the published notice which shows the notice, the date published, and the newspaper name. The copy must be on standard-size 8½ x 11" paper and must show the actual size of the published notice. Do not reduce the image when making copies. Published notices longer than 11" must be

copied onto multiple 8½ x 11" pages. Or you can submit the original newspaper clipping.

If you are required to publish notice in an alternative language and are unable to do so, complete and submit the Alternative Language Exemption form (enclosed).

6. PROVIDE PROOF OF APPLICATION VIEWING LOCATION

You must submit a completed Public Notice Verification Form (enclosed), which certifies that the complete application and draft permit were placed at the public place identified in the enclosed notice.

7. SUBMIT PROOFS TO TCEQ

Scan and email the proof of publication documents (Step 5) and the completed Public Notice Verification Form (Step 6) within 30 days of publication to PROOFS@tceq.texas.gov;

Or Mail to:

TCEQ
Office of the Chief Clerk, MC 105
Attn: Notice Team
P.O. Box 13087
Austin, Texas 78711-3087

Additional Information

If you fail to publish the notice or submit proofs within the timeframes noted above, the TCEQ may suspend further processing on your application or take other actions in accordance with 30 Tex. Admin. Code §39.405(a).

If you have any questions regarding publication requirements, please contact the Office of Legal Services at 512-239-0600. If you have any questions regarding the content of the notice, please contact the Wastewater Permitting Section at 512-239-4671. When contacting TCEQ regarding this application, please refer to the permit number at the top of the enclosed notice.

If you wish to obtain an electronic copy of the notice, please visit our web site at www.tceq.texas.gov/agency/decisions/cc/cc_db.html or www.tceq.texas.gov/agency/decisions/cc/eda.html. Please be aware that formatting codes may be lost and that any notices downloaded from these web sites must be reformatted by you so that your downloaded copy looks like the notice document you received from us.

Texas Commission on Environmental Quality

Instructions for Public Notice for a Water Quality Permit

Notice of Application and Preliminary Decision (NAPD)

The executive director has completed the technical review of your application and issued a preliminary decision. You must comply with the following instructions. There are seven (7) steps involved in publishing notice. Complete each step.

1. REVIEW THE NOTICE FOR ACCURACY

Read the enclosed notice carefully and notify the Wastewater Permitting Section at 512-239-4671 immediately if it contains any errors or omissions. You are responsible for ensuring the accuracy of all information published. Do not change the text or formatting of the notice or affidavit of publication without prior approval from the TCEQ. Changing the text or formatting of the notice may require new publication at your expense and delay processing of your application.

2. PUBLISH THE NOTICE IN THE NEWSPAPER

You must publish the enclosed notice as soon as possible, but no later than 45 days from the date on the cover letter.

For renewal applications, you must publish at least once in the same newspaper that you published the Notice of Receipt of Application and Intent to Obtain Permit.

For all other applications, you must publish at least once in a newspaper regularly published or circulated within each county where the facility and discharge point are located or proposed to be located.

The bold text of the enclosed notice must be printed in the newspaper in a font style or size that distinguishes it from the rest of the notice (i.e., bold, italics). Failure to do so may require re-notice.

3. PUBLISH THE NOTICE IN AN ALTERNATIVE LANGUAGE

You must publish notice in an alternative language IF: either the elementary or middle school nearest to the facility or proposed facility is required to provide a "bilingual education program" (BEP) as required by Texas Education Code (TEC), Chapter 29, Subchapter B, and 19 Tex. Admin. Code §89.1205(a) AND one of the following conditions is met:

- students are enrolled in a program at that school;
- students from that school attend a bilingual education program at another location; or
- the school that otherwise would be required to provide a bilingual education program has been granted an exception from the requirements to provide the program as provided for in 19 Tex. Admin. Code §89.1207(a).

A "bilingual education program" is different from an "English as a second language program" (ESL). An ESL program alone, will not require public notice in an alternative language.

If triggered, you must publish the notice in a newspaper or publication primarily published in the alternative language taught in the bilingual education program. Publication in an alternative language section or insert within a large publication which is not printed primarily in that alternative language does not satisfy these requirements. The newspaper or publication must be of general circulation in the county in which the facility and discharge point are located or proposed to be located. If the facility and discharge point are located or proposed to be located in a municipality, and there exists a newspaper or publication of general circulation in the municipality, you must publish the notice only in the newspaper or publication in the municipality.

You must demonstrate a good faith effort to identify a newspaper or publication in the required language. If there is no general circulation newspaper or publication printed in such language, then publishing in that language is not required. You have the burden to demonstrate compliance with these requirements.

If you are required to publish notice in Spanish, you must translate the site-specific information in the notice that is specific to your application, at your own expense. You may then insert the Spanish translation of your site-specific information into a Spanish template developed by the TCEQ. The Spanish templates are available on the TCEQ website at www.tceq.texas.gov/permitting/wastewater/review/napd/wqspanish_napd.html. If you are required to publish notice in a language other than Spanish, you must translate the entire public notice, at your own expense.

4. PUT THE APPLICATION IN A PUBLIC PLACE

You must put a copy of the following documents in the public place identified in the enclosed notice:

- the complete application,
- the executive director's preliminary decision as contained in the technical summary and fact sheet,
- the draft permit, and
- any subsequent revisions to these documents.

This copy must be accessible to the public for review and copying beginning on the first day of newspaper publication and remain in place until the commission has taken action on the application or the commission refers issues to the State Office of Administrative Hearings.

For confidential information contained in the application, you must indicate which specific portions of the application cannot be made available to the public. These portions of the application must be accompanied with the following statement: "Any request for portions of this application that are marked as confidential must be submitted in writing, pursuant to the Public Information Act, to the TCEQ Public Information Coordinator, MC 197, P.O. Box 13087, Austin, Texas 78711-3087."

5. PROVIDE PROOF OF PUBLICATION

For each newspaper in which you published, you must submit proof of publication. Proof of publication must include the following:

- a completed Publisher's Affidavit (enclosed); and
- a copy of the published notice which shows the notice, the date published, and the newspaper name. The copy must be on standard-size 8½ x 11" paper and must show the actual size of the published notice. Do not reduce the image when making copies. Published notices longer than 11" must be copied onto multiple 8½ x 11" pages. Or you can submit the original newspaper clipping.

If you are required to publish notice in an alternative language and are unable to do so, complete and submit the Alternative Language Exemption form (enclosed).

6. PROVIDE PROOF OF APPLICATION VIEWING LOCATION

You must submit a completed Public Notice Verification Form (enclosed), which certifies that the complete application and draft permit were placed at the public place identified in the enclosed notice.

7. SUBMIT PROOFS TO TCEQ

Scan and email the proof of publication documents (Step 5) and the completed Public Notice Verification Form (Step 6) within 30 days of publication to PROOFS@tceq.texas.gov;

Or Mail to:

TCEQ
Office of the Chief Clerk, MC 105
Attn: Notice Team
P.O. Box 13087
Austin, Texas 78711-3087

Additional Information

If you fail to publish the notice or submit proofs within the timeframes noted above, the TCEQ may suspend further processing on your application or take other actions in accordance with 30 Tex. Admin. Code §39.405(a).

If you have any questions regarding publication requirements, please contact the Office of Legal Services at 512-239-0600. Texas Commission on Environmental Quality

NOTICE OF APPLICATION AND PRELIMINARY DECISION FOR TPDES PERMIT FOR MUNICIPAL WASTEWATER

NEW

PERMIT NO. WQ0016323001

APPLICATION AND PRELIMINARY DECISION. City of Hudson Oaks, 210 Hudson Oaks Drive, Hudson Oaks, Texas 76087, has applied to the Texas Commission on Environmental Quality (TCEQ) for new Texas Pollutant Discharge Elimination System (TPDES) Permit No. WQ0016323001, to authorize the discharge of treated domestic wastewater at an annual average flow not to exceed 1,190,000 gallons per day. TCEQ received this application on March 31, 2023.

The facility will be located approximately 1,150 feet west of the intersection of Clearview Court and Trinity River Drive, in Parker County, Texas 76087. The treated effluent will be discharged via pipe to South Fork Trinity River, thence to Clear Fork Trinity River Below Lake Weatherford in Segment No. 0831 of the Trinity River Basin. The unclassified receiving water use is high aquatic life use for South Fork Trinity River. The designated uses for Segment No. 0831 are primary contact recreation, public water supply, and high aquatic life use. In accordance with 30 Texas Administrative Code § 307.5 and TCEQ's *Procedures to Implement the Texas Surface Water Quality Standards* (June 2010), an antidegradation review of the receiving waters was performed. A Tier 1 antidegradation review has preliminarily determined that existing water quality uses will not be impaired by this permit action. Numerical and narrative criteria to protect existing uses will be maintained. A Tier 2 review has preliminarily determined that no significant degradation of water quality is expected in South Fork Trinity River and Segment No. 0831, which have been identified as having high aquatic life uses. Existing uses will be maintained and protected. The preliminary determination can be reexamined and may be modified if new information is received. This link to an electronic map of the site or facility's general location is provided as a public courtesy and is not part of the application or notice. For the exact location, refer to the application.

<https://gisweb.tceq.texas.gov/LocationMapper/?marker=-97.722,32.741&level=18>

The TCEQ Executive Director has completed the technical review of the application and prepared a draft permit. The draft permit, if approved, would establish the conditions under which the facility must operate. The Executive Director has made a preliminary decision that this permit, if issued, meets all statutory and regulatory requirements. The permit application, Executive Director's preliminary decision, and draft permit are available for viewing and copying at City of Hudson Oaks City Hall, 210 Hudson Oaks Drive, Hudson Oaks, Texas.

ALTERNATIVE LANGUAGE NOTICE. Alternative language notice in Spanish is available at <https://www.tceq.texas.gov/permitting/wastewater/plain-language-summaries-and-public-notices>. El aviso de idioma alternativo en español está disponible en <https://www.tceq.texas.gov/permitting/wastewater/plain-language-summaries-and-public-notices>.

PUBLIC COMMENT / PUBLIC MEETING. You may submit public comments or request a public meeting about this application. The purpose of a public meeting is to provide the opportunity to submit comments or to ask questions about the application. TCEQ holds a public meeting if the Executive Director determines that there is a significant degree of public interest in the application or if requested by a local legislator. A public meeting is not a contested case hearing.

OPPORTUNITY FOR A CONTESTED CASE HEARING. After the deadline for submitting public comments, the Executive Director will consider all timely comments and prepare a response to all relevant and material, or significant public comments. **Unless the application is directly referred for a contested case hearing, the response to comments will be mailed to everyone who submitted public comments and to those persons who are on the mailing list for this application. If comments are received, the mailing will also provide instructions for requesting a contested case hearing or reconsideration of the Executive Director's decision.** A contested case hearing is a legal proceeding similar to a civil trial in a state district court.

TO REQUEST A CONTESTED CASE HEARING, YOU MUST INCLUDE THE FOLLOWING ITEMS IN YOUR REQUEST: your name, address, phone number; applicant's name and proposed permit number; the location and distance of your property/activities relative to the proposed facility; a specific description of how you would be adversely affected by the facility in a way not common to the general public; a list of all disputed issues of fact that you submit during the comment period; and the statement "[I/we] request a contested case hearing." If the request for contested case hearing is filed on behalf of a group or association, the request must designate the group's representative for receiving future correspondence; identify by name and physical address an individual member of the group who would be adversely affected by the proposed facility or activity; provide the information discussed above regarding the affected member's location and distance from the facility or activity; explain how and why the member would be affected; and explain how the interests the group seeks to protect are relevant to the group's purpose.

Following the close of all applicable comment and request periods, the Executive Director will forward the application and any requests for reconsideration or for a contested case hearing to the TCEQ Commissioners for their consideration at a scheduled Commission meeting.

The Commission may only grant a request for a contested case hearing on issues the requestor submitted in their timely comments that were not subsequently withdrawn. **If a hearing is granted, the subject of a hearing will be limited to disputed issues of fact or mixed questions of fact and law relating to relevant and material water quality concerns submitted during the comment period.**

EXECUTIVE DIRECTOR ACTION. The Executive Director may issue final approval of the application unless a timely contested case hearing request or request for reconsideration is filed. If a timely hearing request or request for reconsideration is filed, the Executive Director will not issue final approval of the permit and will forward the application and request to the TCEQ Commissioners for their consideration at a scheduled Commission meeting.

MAILING LIST. If you submit public comments, a request for a contested case hearing or a reconsideration of the Executive Director's decision, you will be added to the mailing list for this specific application to receive future public notices mailed by the Office of the Chief Clerk. In addition, you may request to be placed on: (1) the permanent mailing list for a specific applicant name and permit number; and/or (2) the mailing list for a specific county. If you wish to be placed on the permanent and/or the county mailing list, clearly specify which list(s) and send your request to TCEQ Office of the Chief Clerk at the address below.

All written public comments and public meeting requests must be submitted to the Office of the Chief Clerk, MC 105, Texas Commission on Environmental Quality, P.O. Box 13087, Austin, TX 78711-3087 or electronically at www.tceq.texas.gov/goto/comment within 30 days from the date of newspaper publication of this notice.

INFORMATION AVAILABLE ONLINE. For details about the status of the application, visit the Commissioners' Integrated Database at www.tceq.texas.gov/goto/cid. Search the database using the permit number for this application, which is provided at the top of this notice.

AGENCY CONTACTS AND INFORMATION. Public comments and requests must be submitted either electronically at www.tceq.texas.gov/goto/comment, or in writing to the Texas Commission on Environmental Quality, Office of the Chief Clerk, MC 105, P.O. Box 13087, Austin, Texas 78711-3087. Any personal information you submit to the TCEQ will become part of the agency's record; this includes email addresses. Comisión De Calidad Ambiental Del Estado De Texas

AVISO DE LA SOLICITUD Y DECISIÓN PRELIMINAR PARA EL PERMISO DEL SISTEMA DE ELIMINACION DE DESCARGAS DE CONTAMINANTES DE TEXAS (TPDES) PARA AGUAS RESIDUALES MUNICIPALES

NUEVO

PERMISO NO. WQ0016323001

SOLICITUD Y DECISIÓN PRELIMINAR. La Ciudad de Hudson Oaks, localizada en la calle 210 Hudson Oaks Dr, Hudson Oaks, Texas 76087, ha solicitado a la Comisión de Calidad Ambiental del Estado de Texas (TCEQ) por un nuevo permiso del sistema de eliminación de descargas de contaminantes de Texas (TPDES) No. WQ0016323001 para autorizar las descargas de aguas residuales tratadas en un volumen promedio anual que no exceda 1,190,000 de galones por día. La TCEQ recibió esta solicitud el marzo 31, 2023.

La planta está ubicada aproximadamente a 1,150 pies al Oeste de la intersección de la calle Clearview Ct y la calle Trinity River, en el Condado Parker, Texas 76087. El efluente tratado es descargado al río South Fork Trinity, después al río Clear Fork Trinity debajo del lago Weatherford (segmento No. 0823) de la Cuenca del Río Trinity. Los usos no clasificados de las aguas receptoras son elevados usos de la vida acuática para el río South Fork Trinity. Los usos designados para el Segmento No. 0823 son elevados uso de vida acuática; abastecimiento de agua potable; y recreación con contacto. De acuerdo con la 30 TAC §307.5 y los procedimientos de implementación de la TCEQ (Junio 2010) para las Normas de Calidad de Aguas Superficiales en Texas, fue realizada una revisión de la antidegradación de las aguas recibidas. Una revisión de antidegradación del Nivel 1 ha determinado preliminarmente que los usos de la calidad del agua existente no serán perjudicados por la acción de este permiso. Se mantendrá un criterio narrativo y numérico para proteger los usos existentes. Una revisión del Nivel 2 ha determinado preliminarmente que no se espera ninguna degradación significativa en el río South Fork y el río Clear Fork Trinity (segmento No. 0831) el cual se ha identificado que tiene altos usos en la vida acuática. Los usos existentes serán mantenidos y protegidos. La determinación preliminar puede ser reexaminada y puede ser modificada, si se recibe alguna información nueva. Este enlace a un mapa electrónico de la ubicación general del sitio o de la instalación es proporcionado como una cortesía y no es parte de la solicitud o del aviso. Para la ubicación exacta, consulte la solicitud.

<https://gisweb.tceq.texas.gov/LocationMapper/?marker=-97.722,32.741&level=18>

El Director Ejecutivo de la TCEQ ha completado la revisión técnica de la solicitud y ha preparado un borrador del permiso. El borrador del permiso, si es aprobado, establecería las condiciones bajo las cuales la instalación debe operar. El Director Ejecutivo ha tomado una decisión preliminar que si este permiso es emitido, cumple con todos los requisitos normativos y legales. La solicitud del permiso, la decisión preliminar del Director Ejecutivo y el borrador del permiso están disponibles para leer y copiar en el ayuntamiento de la Ciudad de Hudson Oaks localizado en la calle 210 Hudson Oaks Dr, Hudson Oaks, Texas 76087.

AVISO DE IDIOMA ALTERNATIVO. El aviso de idioma alternativo en español está disponible en <https://www.tceq.texas.gov/permitting/wastewater/plain-language-summaries-and-public-notice>.

COMENTARIO PUBLICO / REUNION PUBLICA. Usted puede presentar comentarios públicos o pedir una reunión pública sobre esta solicitud. El propósito de una reunión pública es dar la oportunidad de presentar comentarios o hacer preguntas acerca de la solicitud. La TCEQ realiza una reunión pública si el Director Ejecutivo determina que hay un grado de interés público suficiente en la solicitud o si un legislador local lo pide. Una reunión pública no es una audiencia administrativa de lo contencioso.

OPORTUNIDAD DE UNA AUDIENCIA ADMINISTRATIVA DE LO CONTENCIOSO. Después de la fecha límite para presentar comentarios públicos, el Director Ejecutivo considerará los comentarios y preparará una respuesta a todos los comentarios públicos relevantes y materiales, o significativos. **A menos que la solicitud sea remitida directamente para una audiencia de caso impugnado, la respuesta a los comentarios se enviará por correo a todos los que enviaron comentarios públicos y a aquellas personas que estén en la lista de correo para esta solicitud. Si se reciben comentarios, el correo también proporcionará instrucciones para solicitar una audiencia de caso impugnado o reconsiderar la decisión del Director Ejecutivo.** Una audiencia de caso impugnado es un procedimiento legal similar a un juicio civil en un tribunal de distrito estatal.

PARA SOLICITAR UNA AUDIENCIA DE CASO IMPUGNADO, USTED DEBE INCLUIR EN SU SOLICITUD LOS SIGUIENTES DATOS: su nombre, dirección, y número de teléfono; el nombre del solicitante y número del permiso; la ubicación y distancia de su propiedad/actividad con respecto a la instalación; una descripción específica de la forma cómo usted sería afectado adversamente por el sitio de una manera no común al público en general; una lista de todas las cuestiones de hecho en disputa que usted presente durante el período de comentarios; y la declaración "[Yo/nosotros] solicito/solicitamos una audiencia de caso impugnado". Si presenta la petición para una audiencia de caso impugnado de parte de un grupo o asociación, debe identificar una persona que representa al grupo para recibir correspondencia en el futuro; identificar el nombre y la dirección de un miembro del grupo que sería afectado adversamente por la planta o la actividad propuesta; proveer la información indicada anteriormente con respecto a la ubicación del miembro afectado y su distancia de la planta o actividad propuesta; explicar cómo y porqué el miembro sería afectado; y explicar cómo los intereses que el grupo desea proteger son pertinentes al propósito del grupo.

Tras el cierre de todos los periodos de comentarios y solicitudes aplicables, el Director Ejecutivo remitirá la solicitud y cualquier solicitud de reconsideración o de una audiencia de caso impugnado a los Comisionados de la TCEQ para su consideración en una reunión programada de la Comisión.

La Comisión sólo puede conceder una solicitud de una audiencia de caso impugnado sobre los temas que el solicitante haya presentado en sus comentarios oportunos que no fueron retirados posteriormente. **Si se concede una audiencia, el tema de la audiencia estará limitado a cuestiones de hecho en disputa o cuestiones mixtas de hecho y de derecho relacionadas a intereses pertinentes y materiales de calidad del agua que se hayan presentado durante el período de comentarios.**

ACCIÓN DEL DIRECTOR EJECUTIVO. El Director Ejecutivo puede emitir la aprobación final de la solicitud a menos que se presente una solicitud de audiencia de caso impugnado oportunamente o una solicitud de reconsideración. Si se presenta una solicitud de audiencia oportuna o una solicitud de reconsideración, el Director Ejecutivo no emitirá la aprobación final del permiso y enviará la solicitud y la solicitud a los Comisionados de TCEQ para su consideración en una reunión programada de la Comisión.

LISTA DE CORREO. Si envía comentarios públicos, una solicitud de una audiencia de caso impugnado o una reconsideración de la decisión del Director Ejecutivo, se le agregará a la lista de correo de esta solicitud específica para recibir futuros avisos públicos enviados por correo por la Oficina del Secretario Oficial. Además, puede solicitar ser colocado en: (1) la lista de correo permanente para un nombre de solicitante específico y número de permiso; y/o (2) la lista de correo para un condado específico. Si desea ser colocado en la lista de correo permanente y / o del condado, especifique claramente qué lista (s) y envíe su solicitud a la Oficina del Secretario Oficial de la TCEQ a la dirección a continuación.

Todos los comentarios públicos escritos y las solicitudes de reunión pública deben enviarse a Office of the Chief Clerk, MC 105, TCEQ, P.O. Box 13087, Austin, TX 78711-3087 o electrónicamente a www.tceq.texas.gov/goto/comment dentro de los 30 días a partir de la fecha de publicación de este aviso en el periódico.

CONTACTOS E INFORMACIÓN DE LA AGENCIA. Los comentarios y solicitudes públicas deben enviarse electrónicamente a www.tceq.texas.gov/goto/comment, o por escrito a Texas Commission on Environmental Quality, Office of the Chief Clerk, MC-105, P.O. Box 13087, Austin, Texas 78711-3087. Cualquier información personal que envíe a la TCEQ pasará a formar parte del registro de la agencia; esto incluye las direcciones de correo electrónico. Para obtener más información sobre esta solicitud de permiso o el proceso de permisos, llame al Programa de Educación Pública de TCEQ, línea gratuita, al 1-800-687-4040 o visite su sitio web en www.tceq.texas.gov/goto/pep. Si desea información en español, puede llamar al 1-800-687-4040.

También se puede obtener información adicional de la Ciudad de Hudson Oaks en la dirección indicada arriba o llamando al Sr. Kyle Kubista al 817-339-2288.

ALTERNATIVE LANGUAGE NOTICE. Alternative language notice in Spanish is available at <https://www.tceq.texas.gov/permitting/wastewater/plain-language-summaries-and-public-notices>. El aviso de idioma alternativo en español está disponible en <https://www.tceq.texas.gov/permitting/wastewater/plain-language-summaries-and-public-notices>.

ADDITIONAL NOTICE. TCEQ's Executive Director has determined the application is administratively complete and will conduct a technical review of the application. After technical review of the application is complete, the Executive Director may prepare a draft permit and will issue a preliminary decision on the application. **Notice of the Application and Preliminary Decision will be published and mailed to those who are on the county-wide mailing list and to those who are on the mailing list for this application. That notice will contain the deadline for submitting public comments.**

PUBLIC COMMENT / PUBLIC MEETING. You may submit public comments or request a public meeting on this application. The purpose of a public meeting is to provide the opportunity to submit comments or to ask questions about the application. TCEQ will hold a public meeting if the Executive Director determines that there is a significant degree of public interest in the application or if requested by a local legislator. A public meeting is not a contested case hearing.

OPPORTUNITY FOR A CONTESTED CASE HEARING. After the deadline for submitting public comments, the Executive Director will consider all timely comments and prepare a response to all relevant and material, or significant public comments. Unless the application is directly referred for a contested case hearing, the response to comments, and the Executive Director's decision on the application, will be mailed to everyone who submitted public comments and to those persons who are on the mailing list for this application. If comments are received, the mailing will also provide instructions for requesting reconsideration of the Executive Director's decision and for requesting a contested case hearing. A contested case hearing is a legal proceeding similar to a civil trial in state district court.

TO REQUEST A CONTESTED CASE HEARING, YOU MUST INCLUDE THE FOLLOWING ITEMS IN YOUR REQUEST: your name, address, phone number; applicant's name and proposed permit number; the location and distance of your property/activities relative to the proposed facility; a specific description of how you would be adversely affected by the facility in a way not common to the general public; a list of all disputed issues of fact that you submit during the comment period and, the statement "[I/we] request a contested case hearing." If the request for contested case hearing is filed on behalf of a group or association, the request must designate the group's representative for receiving future correspondence; identify by name and physical address an individual member of the group who would be adversely affected by the proposed facility or activity; provide the information discussed above regarding the affected member's location and distance from the facility or activity; explain how and why the member would be affected; and explain how the interests the group seeks to protect are relevant to the group's purpose.

Following the close of all applicable comment and request periods, the Executive Director will forward the application and any requests for reconsideration or for a contested case hearing to the TCEQ Commissioners for their consideration at a scheduled Commission meeting.

The Commission may only grant a request for a contested case hearing on issues the requestor submitted in their timely comments that were not subsequently withdrawn. **If a hearing is granted, the subject of a hearing will be limited to disputed issues of fact or mixed questions of fact and law relating to relevant and material water quality concerns submitted during the comment period.**

MAILING LIST. If you submit public comments, a request for a contested case hearing or a reconsideration of the Executive Director's decision, you will be added to the mailing list for this specific application to receive future public notices mailed by the Office of the Chief Clerk. In addition, you may request to be placed on: (1) the permanent mailing list for a specific applicant name and permit number; and/or (2) the mailing list for a specific county. If you wish to be placed on the permanent and/or the county mailing list, clearly specify which list(s) and send your request to TCEQ Office of the Chief Clerk at the address below.

INFORMATION AVAILABLE ONLINE. For details about the status of the application, visit the Commissioners' Integrated Database at www.tceq.texas.gov/goto/cid. Search the database using the permit number for this application, which is provided at the top of this notice.

Abbott envía inmigrantes de Texas a Los Ángeles por primera vez

Por tercera vez en menos de dos semanas, un grupo de solicitantes de asilo latinoamericanos fue enviado abruptamente el miércoles a California, el último episodio de una protesta política de meses de los gobernadores republicanos de Florida y Texas contra las políticas de inmigración demócratas.

El gobernador Greg Abbott de Texas dijo en una oración que su administración había orquestado la reubicación, en la que al menos 42 migrantes, incluidos niños y bebés, fueron transportados en autobús de Texas a Los Ángeles. Era la primera vez que uno de los dos gobernadores republicanos enviaba inmigrantes a la ciudad.

Autoridades de California y Los Ángeles confirmaron que el autobús llegó alrededor de las 4 pm a Union Station procedente de McAllen, Texas, y que a los migrantes, que habían viajado durante dos días, se les ofreció albergue y asistencia legal.

AMENDED NOTICE OF RECEIPT OF APPLICATION AND INTENT TO OBTAIN WATER QUALITY PERMIT

PROPOSED PERMIT NO. WQ0016323001

APPLICATION. City of Hudson Oaks, 210 Hudson Oaks Drive, Hudson Oaks, Texas 76087, has applied to the Texas Commission on Environmental Quality (TCEQ) for proposed Texas Pollutant Discharge Elimination System (TPDES) Permit No. WQ0016323001 (EPA I.D. No. TX0144363) to authorize the discharge of treated wastewater at a volume not to exceed an annual average flow of 1,190,000 gallons per day. The domestic wastewater treatment facility will be located approximately 1,150 feet west of the intersection of Clearview Court and Trinity River Drive, in Parker County, Texas 76087. The discharge route will be from the plant site via pipe to South Fork Trinity River, thence to Clear Fork Trinity River Below Lake Weatherford. TCEQ received this application on March 31, 2023. The permit application will be available for viewing and copying at City of Hudson Oaks City Hall, 210 Hudson Oaks Drive, Hudson Oaks, Texas prior to the date this notice is published in the newspaper. This link to an electronic map of the site or facility's general location is provided as a public courtesy and not part of the application or notice. For the exact location, refer to the application.
<https://gisweb.tceq.texas.gov/LocationMapper/?marker=-97.722,32.741&level=18>

ALTERNATIVE LANGUAGE NOTICE. Alternative language notice in Spanish is available at <https://www.tceq.texas.gov/permitting/wastewater/plain-language-summaries-and-public-notices>. El aviso de idioma alternativo en español está disponible en <https://www.tceq.texas.gov/permitting/wastewater/plain-language-summaries-and-public-notices>.

ADDITIONAL NOTICE. TCEQ's Executive Director has determined the application is administratively complete and will conduct a technical review of the application. After technical review of the application is complete, the Executive Director may prepare a draft permit and will issue a preliminary decision on the application. **Notice of the Application and Preliminary Decision will be published and mailed to those who are on the county-wide mailing list and to those who are on the mailing list for this application. That notice will contain the deadline for submitting public comments.**

PUBLIC COMMENT / PUBLIC MEETING. You may submit public comments or request a public meeting on this application. The purpose of a public meeting is to provide the opportunity to submit comments or to ask questions about the application. TCEQ will hold a public meeting if the Executive Director determines that there is a significant degree of public interest in the application or if requested by a local legislator. A public meeting is not a contested case hearing.

OPPORTUNITY FOR A CONTESTED CASE HEARING. After the deadline for submitting

public comments, the Executive Director will consider all timely comments and prepare a response to all relevant and material, or significant public comments. **Unless the application is directly referred for a contested case hearing, the response to comments, and the Executive Director's decision on the application, will be mailed to everyone who submitted public comments and to those persons who are on the mailing list for this application. If comments are received, the mailing will also provide instructions for requesting reconsideration of the Executive Director's decision and for requesting a contested case hearing.** A contested case hearing is a legal proceeding similar to a civil trial in state district court.

TO REQUEST A CONTESTED CASE HEARING, YOU MUST INCLUDE THE FOLLOWING ITEMS IN YOUR REQUEST: your name, address, phone number; applicant's name and proposed permit number; the location and distance of your property/activities relative to the proposed facility; a specific description of how you would be adversely affected by the facility in a way not common to the general public; a list of all disputed issues of fact that you submit during the comment period and, the statement "[I/we] request a contested case hearing." If the request for contested case hearing is filed on behalf of a group or association, the request must designate the group's representative for receiving future correspondence; identify by name and physical address an individual member of the group who would be adversely affected by the proposed facility or activity; provide the information discussed above regarding the affected member's location and distance from the facility or activity; explain how and why the member would be affected; and explain how the interests the group seeks to protect are relevant to the group's purpose.

Following the close of all applicable comment and request periods, the Executive Director will forward the application and any requests for reconsideration or for a contested case hearing to the TCEQ Commissioners for their consideration at a scheduled Commission meeting.

The Commission may only grant a request for a contested case hearing on issues the requestor submitted in their timely comments that were not subsequently withdrawn. **If a hearing is granted, the subject of a hearing will be limited to disputed issues of fact or mixed questions of fact and law relating to relevant and material water quality concerns submitted during the comment period.**

MAILING LIST. If you submit public comments, a request for a contested case hearing or a reconsideration of the Executive Director's decision, you will be added to the mailing list for this specific application to receive future public notices mailed by the Office of the Chief Clerk. In addition, you may request to be placed on: (1) the permanent mailing list for a specific applicant name and permit number; and/or (2) the mailing list for a specific county. If you wish to be placed on the permanent and/or the county mailing list, clearly specify which list(s) and send your request to TCEQ Office of the Chief Clerk at the address below.

INFORMATION AVAILABLE ONLINE. For details about the status of the application, visit the Commissioners' Integrated Database at www.tceq.texas.gov/goto/cid. Search the database using the permit number for this application, which is provided at the top of this notice.

Comisión de Calidad Ambiental del Estado de Texas

AVISO MODIFICADO DE RECIBO DE LA SOLICITUD Y EL INTENTO DE OBTENER PERMISO PARA LA CALIDAD DEL AGUA

PERMISO PROPUESTO NO. WQ0016323001

SOLICITUD. La Ciudad de Hudson Oaks ha solicitado a la Comisión de Calidad Ambiental del Estado de Texas (TCEQ) para el propuesto Permiso No. WQ0016323001 (EPA I.D. No. TX0144363) del Sistema de Eliminación de Descargas de Contaminantes de Texas (TPDES) para autorizar la descarga de aguas residuales tratadas en un volumen que no sobrepasa un flujo promedio diario de 1, 190,000 de galones por día. La planta está ubicada aproximadamente a 1,150 pies al Oeste de la intersección de la calle Clearview Ct y la calle Trinity River, en el Condado de Parker, Texas 76087. La ruta de descarga consiste del sitio de la planta a través de tubería a el río South Fork Trinity, después al río Clear Fork Trinity, ubicada debajo del lago Weatherford. La TCEQ recibió esta solicitud el 31 de Marzo del 2023. La solicitud para el permiso estará disponible para leerla y copiarla en el ayuntamiento de la Ciudad de Hudson Oaks localizado en la calle 210 Hudson Oaks Dr, Hudson Oaks, Texas 76087 antes de la fecha de publicación de este aviso en el periódico. Para la ubicación exacta, consulte la solicitud.

<https://gisweb.tceq.texas.gov/LocationMapper/?marker=-97.722,32.741&level=18>

AVISO ADICIONAL. El Director Ejecutivo de la TCEQ ha determinado que la solicitud es administrativamente completa y conducirá una revisión técnica de la solicitud. Después de completar la revisión técnica, el Director Ejecutivo puede preparar un borrador del permiso y emitirá una Decisión Preliminar sobre la solicitud. **El aviso de la solicitud y la decisión preliminar serán publicados y enviado a los que están en la lista de correo de las personas a lo largo del condado que desean recibir los avisos y los que están en la lista de correo que desean recibir avisos de esta solicitud. El aviso dará la fecha límite para someter comentarios públicos.**

COMENTARIO PUBLICO / REUNION PUBLICA. Usted puede presentar **comentarios públicos o pedir una reunión pública sobre esta solicitud.** El propósito de una reunión pública es dar la oportunidad de presentar comentarios o hacer preguntas acerca de la solicitud. La TCEQ realiza una reunión pública si el Director Ejecutivo determina que hay un grado de interés público suficiente en la solicitud o si un legislador local lo pide. Una reunión pública no es una audiencia administrativa de lo contencioso.

OPORTUNIDAD DE UNA AUDIENCIA ADMINISTRATIVA DE LO CONTENCIOSO. Después del plazo para presentar comentarios públicos, el Director Ejecutivo considerará todos los comentarios apropiados y preparará una respuesta a todo los comentarios públicos esenciales, pertinentes, o significativos. **A menos que la solicitud haya sido referida**

directamente a una audiencia administrativa de lo contencioso, la respuesta a los comentarios y la decisión del Director Ejecutivo sobre la solicitud serán enviados por correo a todos los que presentaron un comentario público y a las personas que están en la lista para recibir avisos sobre esta solicitud. Si se reciben comentarios, el aviso también proveerá instrucciones para pedir una reconsideración de la decisión del Director Ejecutivo y para pedir una audiencia administrativa de lo contencioso. Una audiencia administrativa de lo contencioso es un procedimiento legal similar a un procedimiento legal civil en un tribunal de distrito del estado.

PARA SOLICITAR UNA AUDIENCIA DE CASO IMPUGNADO, USTED DEBE INCLUIR EN SU SOLICITUD LOS SIGUIENTES DATOS: su nombre, dirección, y número de teléfono; el nombre del solicitante y número del permiso; la ubicación y distancia de su propiedad/actividad con respecto a la instalación; una descripción específica de la forma cómo usted sería afectado adversamente por el sitio de una manera no común al público en general; una lista de todas las cuestiones de hecho en disputa que usted presente durante el período de comentarios; y la declaración "[Yo/nosotros] solicito/solicitamos una audiencia de caso impugnado". Si presenta la petición para una audiencia de caso impugnado de parte de un grupo o asociación, debe identificar una persona que representa al grupo para recibir correspondencia en el futuro; identificar el nombre y la dirección de un miembro del grupo que sería afectado adversamente por la planta o la actividad propuesta; proveer la información indicada anteriormente con respecto a la ubicación del miembro afectado y su distancia de la planta o actividad propuesta; explicar cómo y porqué el miembro sería afectado; y explicar cómo los intereses que el grupo desea proteger son pertinentes al propósito del grupo.

Después del cierre de todos los períodos de comentarios y de petición que aplican, el Director Ejecutivo enviará la solicitud y cualquier petición para reconsideración o para una audiencia de caso impugnado a los Comisionados de la TCEQ para su consideración durante una reunión programada de la Comisión. La Comisión sólo puede conceder una solicitud de una audiencia de caso impugnado sobre los temas que el solicitante haya presentado en sus comentarios oportunos que no fueron retirados posteriormente. Si se concede una audiencia, el tema de la audiencia estará limitado a cuestiones de hecho en disputa o cuestiones mixtas de hecho y de derecho relacionadas a intereses pertinentes y materiales de calidad del agua que se hayan presentado durante el período de comentarios.

LISTA DE CORREO. Si somete comentarios públicos, un pedido para una audiencia administrativa de lo contencioso o una reconsideración de la decisión del Director Ejecutivo, la Oficina del Secretario Principal enviará por correo los avisos públicos en relación con la solicitud. Además, puede pedir que la TCEQ ponga su nombre en una o más de las listas correos siguientes (1) la lista de correo permanente para recibir los avisos de el solicitante indicado por nombre y número del permiso específico y/o (2) la lista de correo de todas las solicitudes en un condado específico. Si desea que se agregue su nombre en una de las listas designe cual lista(s) y envía por correo su pedido a la Oficina del Secretario Principal de la TCEQ.

The bold text of the enclosed notice must be printed in the newspaper in a font style or size that distinguishes it from the rest of the notice (i.e., bold, italics). Failure to do so may require re-notice.

3. PUBLISH THE NOTICE IN AN ALTERNATIVE LANGUAGE

You must publish notice in an alternative language IF: either the elementary or middle school nearest to the facility or proposed facility is required to provide a "bilingual education program" (BEP) as required by Texas Education Code (TEC), Chapter 29, Subchapter B, and 19 Tex. Admin. Code §89.1205(a) AND one of the following conditions is met:

- students are enrolled in a program at that school;
- students from that school attend a bilingual education program at another location; or
- the school that otherwise would be required to provide a bilingual education program has been granted an exception from the requirements to provide the program as provided for in 19 Tex. Admin. Code §89.1207(a).

A "bilingual education program" is different from an "English as a second language program" (ESL). An ESL program alone, will not require public notice in an alternative language.

If triggered, you must publish the notice in a newspaper or publication primarily published in the alternative language taught in the bilingual education program. Publication in an alternative language section or insert within a large publication which is not printed primarily in that alternative language does not satisfy these requirements. The newspaper or publication must be of general circulation in the county in which the facility and discharge point are located or proposed to be located. If the facility and discharge point are located or proposed to be located in a municipality, and there exists a newspaper or publication of general circulation in the municipality, you must publish the notice only in the newspaper or publication in the municipality.

You must demonstrate a good faith effort to identify a newspaper or publication in the required language. If there is no general circulation newspaper or publication printed in such language, then publishing in that language is not required. You have the burden to demonstrate compliance with these requirements.

If you are required to publish notice in Spanish, you must translate the site-specific information in the notice that is specific to your application, at your own expense. You may then insert the Spanish translation of your site-specific information into a Spanish template developed by the TCEQ. The Spanish templates are available on the TCEQ website at http://www.tceq.texas.gov/permitting/wastewater/review/wqspanish_nori.html. If you are required to publish notice in a language other than Spanish, you must translate the entire public notice, at your own expense.

4. PUT THE APPLICATION IN A PUBLIC PLACE

You must put a copy of the administratively complete application in the public place identified in the enclosed notice.

This copy must be accessible to the public for review and copying beginning on the first day of newspaper publication and remain in place for the publication's designated comment period.

During the technical review, you must update the publicly available application so that it includes all application revisions within 10 business days from the date the revision is transmitted to the TCEQ.

For confidential information contained in the application, you must indicate which specific portions of the application cannot be made available to the public. These portions of the application must be accompanied with the following statement: "Any request for portions of this application that are marked as confidential must be submitted in writing, pursuant to the Public Information Act, to the TCEQ Public Information Coordinator, MC 197, P.O. Box 13087, Austin, Texas 78711-3087."

5. PROVIDE PROOF OF PUBLICATION

For each newspaper in which you published, you must submit proof of publication. Proof of publication must include the following:

- a completed Publisher's Affidavit (enclosed); and
- a copy of the published notice which shows the notice, the date published, and the newspaper name. The copy must be on standard-size 8½ x 11" paper and must show the actual size of the published notice. Do not reduce the

image when making copies. Published notices longer than 11" must be copied onto multiple 8½ x 11" pages. Or you can submit the original newspaper clipping.

If you are required to publish notice in an alternative language and are unable to do so, complete and submit the Alternative Language Exemption form (enclosed).

6. PROVIDE PROOF OF APPLICATION VIEWING LOCATION

You must submit a completed Public Notice Verification Form (enclosed) which certifies that the administratively complete application was placed at the public place identified in the enclosed notice.

7. SUBMIT PROOFS TO TCEQ

The proof of publication documents (Step 5) and the completed Public Notice Verification Form (Step 6) must be submitted to TCEQ within 30 days of publication.

By email to: PROOFS@tceq.texas.gov

OR by mail at:
TCEQ
Office of the Chief Clerk, MC 105
Attn: Notice Team
P.O. Box 13087
Austin, Texas 78711-3087

NOTE: If proofs are submitted by email, you do not have to mail in the original documents.

Additional Information

If you fail to publish the notice or submit proofs within the timeframes noted above, the TCEQ may suspend further processing on your application or take other actions in accordance with 30 Tex. Admin. Code §39.405(a).

If you have any questions regarding publication requirements, please contact the Office of Legal Services at 512-239-0600. Following the close of all applicable comment and request periods, the Executive Director will forward the application and any requests for reconsideration or for a contested case hearing to the TCEQ Commissioners for their consideration at a scheduled Commission meeting.

The Commission may only grant a request for a contested case hearing on issues the requestor submitted in their timely comments that were not subsequently withdrawn. **If a hearing is granted, the subject of a hearing will be limited to disputed issues of fact or mixed questions of fact and law relating to relevant and material water quality concerns submitted during the comment period.**

La Comisión sólo puede conceder una solicitud de una audiencia de caso impugnado sobre los temas que el solicitante haya presentado en sus comentarios oportunos que no fueron retirados posteriormente. Después del cierre de todos los períodos de comentarios y de petición que aplican, el Director Ejecutivo enviará la solicitud y cualquier petición para reconsideración o para una audiencia de caso impugnado a los Comisionados de la TCEQ para su consideración durante una reunión programada de la Comisión. La Comisión sólo puede conceder una solicitud de una audiencia de caso impugnado sobre los temas que el solicitante haya presentado en sus comentarios oportunos que no fueron retirados posteriormente. Dear Mr. Kubista:

The executive director has declared the above referenced application, received on March 31, 2023, administratively complete on June 5, 2023.

- Instructions for Public Notice
- Notice for Newspaper Publication
- Public Notice Verification Form
- Publisher's Affidavits

You must follow all the directions in the enclosed instructions. The most common mistakes are the unauthorized changing of notice, wording, or font. If you fail to follow these instructions, you may be required to republish the notices.

The following requirements are also described in the enclosed instructions. However, due to their importance, they are highlighted here as well.

1. Publish the enclosed notice within **30 calendar days** after your application is declared administratively complete. (See this letter's first paragraph for the declaration date.) **You may be required to publish the notice in more than one newspaper, including a newspaper published in an alternative language, to satisfy all of the notice requirements.**
2. On or before the date you publish notice, place a copy of your permit application in a public place in the county where the facility is or will be located. This copy must be accessible to the public for review and copying, must be updated to reflect changes to the application, and must remain in place throughout the comment period.

Enclosures

Texas Commission on Environmental Quality
Instructions for Public Notice for a Water Quality Permit
Notice of Receipt of Application and Intent to Obtain Permit (NORI)

Your application has been declared administratively complete. You must comply with the following instructions. There are seven (7) steps involved in publishing notice. Complete each step.

1. REVIEW THE NOTICE FOR ACCURACY

Read the enclosed notice carefully and notify the Application Review and Processing Team at 512-239-4671 immediately if it contains any errors or omissions. You are responsible for ensuring the accuracy of all information published. Do not change the text or formatting of the notice or affidavit of publication without prior approval from the TCEQ. Changing the text or formatting of the notice may require new publication at your expense and delay processing of your application.

2. PUBLISH THE NOTICE IN THE NEWSPAPER

You must publish the enclosed notice within 30 days after the date of administrative completeness. Refer to the cover letter for the date of administrative completeness.

You must publish the enclosed notice at your expense, at least once in the newspaper of largest circulation within each county where the facility and discharge point are located or will be located. If the facility and discharge point are located or will be located in a municipality, the enclosed notice must be published at least once in a newspaper of general circulation in the municipality. These requirements may be satisfied by one publication if the newspaper meets all of the above requirements.

The bold text of the enclosed notice must be printed in the newspaper in a font style or size that distinguishes it from the rest of the notice (i.e., bold, italics). Failure to do so may require re-notice.

3. PUBLISH THE NOTICE IN AN ALTERNATIVE LANGUAGE

You must publish notice in an alternative language IF: either the elementary or middle school nearest to the facility or proposed facility is required to provide a "bilingual education program" (BEP) as required by Texas Education Code (TEC), Chapter 29, Subchapter B, and 19 Tex. Admin. Code §89.1205(a) AND one of the following conditions is met:

- students are enrolled in a program at that school;
- students from that school attend a bilingual education program at another location; or
- the school that otherwise would be required to provide a bilingual education program has been granted an exception from the requirements to provide the program as provided for in 19 Tex. Admin. Code §89.1207(a).

A "bilingual education program" is different from an "English as a second language program" (ESL). An ESL program alone, will not require public notice in an alternative language.

If triggered, you must publish the notice in a newspaper or publication primarily published in the alternative language taught in the bilingual education program. Publication in an alternative language section or insert within a large publication which is not printed primarily in that alternative language does not satisfy these requirements. The newspaper or publication must be of general circulation in the county in which the facility and discharge point are located or proposed to be located. If the facility and discharge point are located or proposed to be located in a municipality, and there exists a newspaper or publication of general circulation in the municipality, you must publish the notice only in the newspaper or publication in the municipality.

You must demonstrate a good faith effort to identify a newspaper or publication in the required language. If there is no general circulation newspaper or publication printed in such language, then publishing in that language is not required. You have the burden to demonstrate compliance with these requirements.

If you are required to publish notice in Spanish, you must translate the site-specific information in the notice that is specific to your application, at your own expense. You may then insert the Spanish translation of your site-specific information into a Spanish template developed by the TCEQ. The Spanish templates are available on the TCEQ website at http://www.tceq.texas.gov/permitting/wastewater/review/wqspanish_nori.html. If you are required to publish notice in a language other than Spanish, you must translate the entire public notice, at your own expense.

4. PUT THE APPLICATION IN A PUBLIC PLACE

You must put a copy of the administratively complete application in the public place identified in the enclosed notice.

This copy must be accessible to the public for review and copying beginning on the first day of newspaper publication and remain in place for the publication's designated comment period.

During the technical review, you must update the publicly available application so that it includes all application revisions within 10 business days from the date the revision is transmitted to the TCEQ.

For confidential information contained in the application, you must indicate which specific portions of the application cannot be made available to the public. These portions of the application must be accompanied with the following statement: "Any request for portions of this application that are marked as confidential must be submitted in writing, pursuant to the Public Information Act, to the TCEQ Public Information Coordinator, MC 197, P.O. Box 13087, Austin, Texas 78711-3087."

5. PROVIDE PROOF OF PUBLICATION

For each newspaper in which you published, you must submit proof of publication. Proof of publication must include the following:

- a completed Publisher's Affidavit (enclosed); and
- a copy of the published notice which shows the notice, the date published, and the newspaper name. The copy must be on standard-size 8½ x 11" paper and must show the actual size of the published notice. Do not reduce the

image when making copies. Published notices longer than 11" must be copied onto multiple 8½ x 11" pages. Or you can submit the original newspaper clipping.

If you are required to publish notice in an alternative language and are unable to do so, complete and submit the Alternative Language Exemption form (enclosed).

6. PROVIDE PROOF OF APPLICATION VIEWING LOCATION

You must submit a completed Public Notice Verification Form (enclosed) which certifies that the administratively complete application was placed at the public place identified in the enclosed notice.

7. SUBMIT PROOFS TO TCEQ

The proof of publication documents (Step 5) and the completed Public Notice Verification Form (Step 6) must be submitted to TCEQ within 30 days of publication.

By email to: PROOFS@tceq.texas.gov

OR by mail at:
TCEQ
Office of the Chief Clerk, MC 105
Attn: Notice Team
P.O. Box 13087
Austin, Texas 78711-3087

NOTE: If proofs are submitted by email, you do not have to mail in the original documents.

Additional Information

If you fail to publish the notice or submit proofs within the timeframes noted above, the TCEQ may suspend further processing on your application or take other actions in accordance with 30 Tex. Admin. Code §39.405(a).

If you have any questions regarding publication requirements, please contact the Office of Legal Services at 512-239-0600. If you have any questions regarding the content of the notice, please contact the Wastewater Permitting Section at 512-239-4671. <https://gisweb.tceq.texas.gov/LocationMapper/?marker=-97.722,32.741&level=18>

ALTERNATIVE LANGUAGE NOTICE. Alternative language notice in Spanish is available at <https://www.tceq.texas.gov/permitting/wastewater/plain-language-summaries-and-public-notices>. El aviso de idioma alternativo en español está disponible en <https://www.tceq.texas.gov/permitting/wastewater/plain-language-summaries-and-public-notices>.

ADDITIONAL NOTICE. TCEQ's Executive Director has determined the application is administratively complete and will conduct a technical review of the application. After technical review of the application is complete, the Executive Director may prepare a draft permit and will issue a preliminary decision on the application. **Notice of the Application and Preliminary Decision will be published and mailed to those who are on the county-wide mailing list and to those who are on the mailing list for this application. That notice will contain the deadline for submitting public comments.**

PUBLIC COMMENT / PUBLIC MEETING. You may submit public comments or request a public meeting on this application. The purpose of a public meeting is to provide the opportunity to submit comments or to ask questions about the application. TCEQ will hold a public meeting if the Executive Director determines that there is a significant degree of public interest in the application or if requested by a local legislator. A public meeting is not a contested case hearing.

OPPORTUNITY FOR A CONTESTED CASE HEARING. After the deadline for submitting public comments, the Executive Director will consider all timely comments and prepare a response to all relevant and material, or significant public comments. **Unless the application is directly referred for a contested case hearing, the response to comments, and the Executive Director's decision on the application, will be mailed to everyone who submitted public comments and to those persons who are on the mailing list for this application. If comments are received, the mailing will also provide instructions for requesting reconsideration of the Executive Director's decision and for requesting a contested case hearing.** A contested case hearing is a legal proceeding similar to a civil trial in state district court.

TO REQUEST A CONTESTED CASE HEARING, YOU MUST INCLUDE THE FOLLOWING ITEMS IN YOUR REQUEST: your name, address, phone number; applicant's name and proposed permit number; the location and distance of your property/activities relative to the proposed facility; a specific description of how you would be adversely affected by the facility in a way not common to the general public; a list of all disputed issues of fact that you submit during the comment period and, the statement "[I/we] request a contested case hearing." If the request for contested case hearing is filed on behalf of a group or association, the request must designate the group's representative for receiving future correspondence; identify by name and physical address an individual member of the group who would be adversely affected by the proposed facility or activity; provide the information discussed above regarding the affected member's location and distance from the facility or activity; explain how and why the member would be affected; and explain how the interests the group seeks to protect are relevant to the group's purpose.

Following the close of all applicable comment and request periods, the Executive Director will forward the application and any requests for reconsideration or for a contested case hearing to the TCEQ Commissioners for their consideration at a scheduled Commission meeting.

The Commission may only grant a request for a contested case hearing on issues the requestor submitted in their timely comments that were not subsequently withdrawn. **If a hearing is granted, the subject of a hearing will be limited to disputed issues of fact or mixed questions of fact and law relating to relevant and material water quality concerns submitted during the comment period.**

MAILING LIST.
