Dear Mr. Ryan and Mr. Hobby,

As you know, the Chief Clerk's Office has referred this matter over to the State Office of Administrative Hearings (SOAH) for a contested case hearing on your application.

SOAH will conduct a preliminary hearing via Zoom video conference at:

10:00 a.m. – September 22, 2025

You are now required to publish notice for this hearing. To help you meet the requirements associated with this notice, we have enclosed the following items:

- o Notice for Newspaper Publication
- o Instructions for Notice of Hearing
- o Affidavit of Publication

Please note that it is VERY IMPORTANT that you follow ALL directions in the ENCLOSED INSTRUCTIONS. If you do not, you may be required to republish the notice. One of the most common mistakes we see is the unauthorized changing of notice wording or font. If you have any questions, please contact us before you proceed with publication.

The following items and time limitations are also described in the enclosed instructions. However, due to their importance, we want to highlight them for you.

1. Publish the enclosed notice within at least **30 calendar days** prior to the date of the hearing.
2. Return **acceptable proof of publication** of the complete notice, which shows publication date and newspaper name, to the TCEQ Office of the Chief Clerk within **10 business days** after notice is published in the newspaper.
3. File the original enclosed *Affidavit of Publication* with the TCEQ Office of the Chief Clerk within **30 calendar days** after the notice is published in the newspaper.

If you do not comply with all requirements described in the instructions, further processing of your application may be suspended or the commission may take other actions.

As required by 30 TAC § 80.118(c), the TCEQ Office of the Chief Clerk (OCC) will provide the administrative record to SOAH, and will retain one copy for its files. In addition, one copy of the administrative record will be provided to you by the OCC on CD. Neither SOAH nor TCEQ is responsible for providing additional copies to the parties. However, the OCC can provide copies upon request.

The administrative record is not in evidence until properly offered by motion of a party, and subsequently admitted by the Administrative Law Judge, pursuant to 30 TAC § 80.127(h). The party seeking admission of the administrative record must supply copies to the other parties in the proceeding at the time it is offered, or by agreement of the parties.

If you have any questions regarding publication requirements, or obtaining copies of the administrative record, please contact the SOAH Docket Clerk in the OCC at 512-239-3300. If you have any other questions, please contact Anthony Tatu at 512-239-0600.

Sincerely,

Laurie Gharis

**NOTICE OF HEARING
PC-II, LLC
SOAH Docket No. 582-25-23303
TCEQ Docket No. 2025-0468-MSW
MSW Permit No. 2406**

APPLICATION.

PC-II, LLC has applied to the Texas Commission on Environmental Quality (TCEQ) for a permit to authorize a new Municipal Solid Waste Type I Landfill. The proposed facility is located in San Jacinto County and does not have street address. Its physical location is approximately seven miles northwest of the intersection of US 59 and SH 105. The TCEQ received Parts I and II of this application on August 28, 2019 and Parts III and IV of the complete application on September 16, 2020. The application was revised on August 31, 2023 and February 23, 2024, to relocate the private access road that connects the proposed facility to the public road, and to reduce the proposed site acreage. The following link to an electronic map of the site or facility's general location is provided as a public courtesy and is not part of the application or notice: <https://arcg.is/08jO4L>. For the exact location, refer to the application.

The TCEQ Executive Director has completed the technical review of the application and prepared a draft permit. The draft permit, if approved, would establish the conditions under which the facility must operate. The Executive Director has made a preliminary decision that this permit, if issued, meets all statutory and regulatory requirements. The permit application, Executive Director's preliminary decision, and draft permit are available for viewing and copying at the Shepherd Public Library, 30 North Liberty Street, Shepherd, Texas 77371. The permit application may be viewed online at <https://peachcreekep.com/resources/>.

CONTESTED CASE HEARING.

The State Office of Administrative Hearings (SOAH) will conduct a preliminary hearing via Zoom videoconference. A Zoom meeting is a secure, free meeting held over the internet that allows video, audio, or audio/video conferencing.

10:00 a.m. – September 22, 2025

**For questions regarding the preliminary hearing, visit the SOAH website at:
<http://www.soah.texas.gov/>
or call SOAH at (512) 475-4993.**

The purpose of a preliminary hearing is to establish jurisdiction, name the parties, establish a procedural schedule for the remainder of the proceeding, and to address other matters as determined by the judge. The evidentiary hearing phase of the proceeding, which will occur at a later date, will be similar to a civil trial in state district court. The hearing will address the disputed issues of fact identified in the TCEQ order concerning this application issued on June 10, 2025. In addition to these issues, the judge may consider additional issues if certain factors are met.

The hearing will be conducted in accordance with Chapter 2001, Texas Government Code; Chapter 361, Texas Health and Safety Code; TCEQ rules including 30 Texas Administrative Code (TAC) Chapter 330; and the procedural rules of the TCEQ and SOAH, including 30 TAC Chapter 80 and 1 TAC Chapter 155. The hearing will be held unless all timely hearing requests have been withdrawn or denied.

To request to be a party, you must attend the hearing and show you would be adversely affected by the application in a way not common to members of the general public. Any person may attend the hearing and request to be a party. Only persons named as parties may participate at the hearing.

In accordance with 1 Tex. Admin. Code § 155.401(a), Notice of Hearing, “Parties that are not represented by an attorney may obtain information regarding contested case hearings on the public website of the State Office of Administrative Hearings at www.soah.texas.gov, or in printed format upon request to SOAH.”

REVISED NOTICE OF APPLICATION AND PRELIMINARY DECISION FOR MUNICIPAL SOLID WASTE PERMIT

PROPOSED PERMIT NO. 2406

This application has been significantly revised since the notice of preliminary decision was published on February 24, 2022. Significant revisions include the reduction in the proposed facility acreage and the relocation of the private access road that connects the proposed facility to the public road. This notice extends the comment period for at least 30 days.

Application and Preliminary Decision. PC-II, LLC has applied to the Texas Commission on Environmental Quality (TCEQ) for a permit to authorize a new Municipal Solid Waste Type I Landfill. The proposed facility is located in San Jacinto County and does not have street address. Its physical location is approximately seven miles northwest of the intersection of US 59 and SH 105. The TCEQ received Parts I and II of this application on August 28, 2019 and Parts III and IV of the complete application on September 16, 2020. The application was revised on August 31, 2023 and February 23, 2024, to relocate the private access road that connects the proposed facility to the public road, and to reduce the proposed acreage. The following link to an electronic map of the site or facility's general location is provided as a public courtesy and is not part of the application or notice: <https://arcgis.com/webapp/viewer/index.html?appid=8006d874040&appid=8006d874040>. For the exact location, refer to the application.

The TCEQ Executive Director has completed the technical review of the application and prepared a draft permit. The draft permit, if approved, would establish the conditions under which the facility must operate. The Executive Director has made a preliminary decision that this permit, if issued, meets all statutory and regulatory requirements. The permit application, Executive Director's preliminary decision, and draft permit are available for viewing and copying at the Shepherd Public Library, 30 North Liberty Street, Shepherd, Texas 77371. The permit application may be viewed online at <https://publiccomment.tceq.com/resources/>.

Public Comment/Public Meeting. The TCEQ held two public meetings on September 28, 2021 and March 22, 2022. You may submit additional public comments or request another public meeting about this application. The purpose of a public meeting is to provide the opportunity to submit comments or to ask questions about the application. TCEQ holds a public meeting if the Executive Director determines that there is a significant degree of public interest in the application or if requested by a local legislator. A public meeting is not a contested case hearing.

Opportunity for a Contested Case Hearing. After the deadline for submitting public comments, the Executive Director will consider all timely comments and prepare a response to all relevant and material, or significant public comments. Unless the application is directly referred for a contested case hearing, the response to comments and the Executive Director's decision on the application will be mailed to everyone who submitted public comments and to those persons who are on the mailing list for this application. If comments are received, the mailing will also provide instructions for requesting a contested case hearing or reconsideration of the Executive Director's decision. A person who may be affected by the proposed facility is entitled to request a contested case hearing from the commission. A contested case hearing is a legal proceeding similar to a civil trial in a state district court.

To Request a Contested Case Hearing, You Must Include The Following Items in Your Request: your name, address, phone; applicant's name and permit number; the location and distance of your property/activities relative to the facility; a specific description of how you would be adversely affected by the facility in a way not common to the general public; a list of all disputed issues of fact that you submit during the comment period; and the statement "If/when request a contested case hearing." If the request for contested case hearing is filed on behalf of a group or association, the request must designate the group's representative for receiving future correspondence; identify by name and physical address an individual member of the group who would be adversely affected by the facility or activity; provide the information discussed above regarding the affected member's location and distance from the facility or activity; explain how and why the member would be affected; and explain how the interests the group seeks to protect are relevant to the group's purpose.

Following the close of all applicable comment and request periods, the Executive Director will forward the application and any requests for reconsideration or for a contested case hearing to the TCEQ Commissioners for their consideration at a scheduled Commission meeting. The Commission may only grant a request for a contested case hearing on issues the requestor submitted in their timely comments that were not subsequently withdrawn.

If a hearing is granted, the subject of a hearing will be limited to disputed issues of fact or mixed questions of fact and law that are relevant and material to the Commission's decision on the application submitted during the comment period.

Executive Director Action. The Executive Director may issue final approval of the application unless a timely contested case hearing request or request for reconsideration is filed. If a timely hearing request or request for reconsideration is filed, the Executive Director will not issue final approval of the permit and will forward the application and request to the TCEQ Commissioners for their consideration at a scheduled Commission meeting.

Mailing List. If you submit public comments, a request for a contested case hearing, or a reconsideration of the Executive Director's decision, you will be added to the mailing list for this application to receive future public notices mailed by the Office of the Chief Clerk. In addition, you may request to be placed on: (1) the permanent mailing list for a specific applicant name and permit number; and/or (2) the mailing list for a specific county. To be placed on the permanent and/or the county mailing list, clearly specify which list(s) and send your request to TCEQ Office of the Chief Clerk at the address below.

Information Available Online. For details about the status of the application, visit the Commissioners' Integrated Database (CID) at www.tceq.com/gis/cid. Once you have access to the CID using the above link, enter the permit number for this application, which is provided at the top of this notice.

Agency Contacts and Information. All public comments and requests must be submitted within 30 days from the date of newspaper publication of this notice either electronically at www.tceq.com/gis/cid or in writing to the Texas Commission on Environmental Quality, Office of the Chief Clerk, MC-105, P.O. Box 13087, Austin, Texas 78711-3087. Please be aware that any contact information you provide, including your name, phone number, email address and physical address will become part of the agency's public record. Significant revisions include the reduction in the proposed facility acreage and the relocation of the private access road that connects the proposed facility to the public road. This notice extends the comment period for at least 30 days.

Application and Preliminary Decision. PC-II, LLC has applied to the Texas Commission on Environmental Quality (TCEQ) for a permit to authorize a new Municipal Solid Waste Type I Landfill. Revised Notice of Application and Preliminary Decision for Municipal Solid Waste Permit

Proposed Permit No. 2406

This application has been significantly revised since the notice of preliminary decision was published on February 24, 2022. Significant revisions include the reduction in the proposed facility acreage and the relocation of the private access road that connects the proposed facility to the public road. This notice extends the comment period for at least 30 days.

Application and Preliminary Decision. PC-II, LLC has applied to the Texas Commission on Environmental Quality (TCEQ) for a permit to authorize a new Municipal Solid Waste Type I Landfill. The proposed facility is located in San Jacinto County and does not have street address. Its physical location is approximately seven miles northwest of the intersection of US 59 and SH 105. The TCEQ received Parts I and II of this application on August 28, 2019 and Parts III and IV of the complete application on September 16, 2020. The application was revised on August 31, 2023 and February 23, 2024, to relocate the private access road that connects the proposed facility to the public road, and to reduce the proposed site acreage. The following link to an electronic map of the site or facility's general location is provided as a public courtesy and is not part of the application or notice: <https://arcg.is/08jO4L>. For the exact location, refer to the application.

The TCEQ Executive Director has completed the technical review of the application and prepared a draft permit. The draft permit, if approved, would establish the conditions under which the facility must operate. The Executive Director has made a preliminary decision that this permit, if issued, meets all statutory and regulatory requirements. The permit application, Executive Director's preliminary decision, and draft permit are available for viewing and copying at the Shepherd Public Library, 30 North Liberty Street, Shepherd, Texas 77371. The permit application may be viewed online at <https://peachcreekep.com/resources/>.

Public Comment/Public Meeting. The TCEQ held two public meetings on September 28, 2021 and March 22, 2022. You may submit additional public comments or request another public meeting about this application. The purpose of a public meeting is to provide the opportunity to submit comments or to ask questions about the application. TCEQ holds a public meeting if the Executive Director determines that there is a significant degree of public interest in the application or if requested by a local legislator. A public meeting is not a contested case hearing.

Opportunity for a Contested Case Hearing. After the deadline for submitting public comments, the Executive Director will consider all timely comments and prepare a response to all relevant and material, or significant public comments. **Unless the application is directly referred for a contested case hearing, the response to comments and the Executive**

Director's decision on the application will be mailed to everyone who submitted public comments and to those persons who are on the mailing list for this application. If comments are received, the mailing will also provide instructions for requesting a contested case hearing or reconsideration of the Executive Director's decision. A person who may be affected by the proposed facility is entitled to request a contested case hearing from the commission. A contested case hearing is a legal proceeding similar to a civil trial in a state district court.

To Request a Contested Case Hearing, You Must Include The Following Items in Your Request: your name, address, phone; applicant's name and permit number; the location and distance of your property/activities relative to the facility; a specific description of how you would be adversely affected by the facility in a way not common to the general public; a list of all disputed issues of fact that you submit during the comment period; and the statement " [I/we] request a contested case hearing." If the request for contested case hearing is filed on behalf of a group or association, the request must designate the group's representative for receiving future correspondence; identify by name and physical address an individual member of the group who would be adversely affected by the facility or activity; provide the information discussed above regarding the affected member's location and distance from the facility or activity; explain how and why the member would be affected; and explain how the interests the group seeks to protect are relevant to the group's purpose.

Following the close of all applicable comment and request periods, the Executive Director will forward the application and any requests for reconsideration or for a contested case hearing to the TCEQ Commissioners for their consideration at a scheduled Commission meeting. The Commission may only grant a request for a contested case hearing on issues the requestor submitted in their timely comments that were not subsequently withdrawn.

If a hearing is granted, the subject of a hearing will be limited to disputed issues of fact or mixed questions of fact and law that are relevant and material to the Commission's decision on the application submitted during the comment period.

Executive Director Action. The Executive Director may issue final approval of the application unless a timely contested case hearing request or request for reconsideration is filed. If a timely hearing request or request for reconsideration is filed, the Executive Director will not issue final approval of the permit and will forward the application and request to the TCEQ Commissioners for their consideration at a scheduled Commission meeting.

Mailing List. If you submit public comments, a request for a contested case hearing, or a reconsideration of the Executive Director's decision, you will be added to the mailing list for this application to receive future public notices mailed by the Office of the Chief Clerk. In addition, you may request to be placed on: (1) the permanent mailing list for a specific applicant name and permit number; and/or (2) the mailing list for a specific county. To be placed on the permanent and/or the county mailing list, clearly specify which list(s) and send your request to TCEQ Office of the Chief Clerk at the address below.

Information Available Online. For details about the status of the application, visit the Commissioners' Integrated Database (CID) at www.tceq.texas.gov/goto/cid. Once you have access to the CID using the above link, enter the permit number for this application, which is provided at the top of this notice.

Agency Contacts and Information. All public comments and requests must be submitted within 30 days from the date of newspaper publication of this notice either electronically at www14.tceq.texas.gov/epic/eComment/ or in writing to the Texas Commission on

Environmental Quality, Office of the Chief Clerk, MC-105, P.O. Box 13087, Austin, Texas 78711-3087. Please note that a Bilingual Education Program is different from an "English as a Second Language" (ESL) program. There is no requirement to publish notice in an alternative language if the elementary or middle school offers only ESL.

- ☐ **d.** None of the above (*skip to item 5, Requirement for Alternative Language Notice, in this section*).

If **a**, **b**, or **c** is checked, then an alternative language notice *is required*. If **d** ("None of the above") is checked, then an alternative language notice *is not required*.

Dear Mr. Hobby:

We have completed the technical review of your application for a municipal solid waste permit for the referenced facility and have prepared a preliminary decision and draft permit.

You are now required to publish a *Notice of Application and Preliminary Decision* of your proposed activity. To help you meet the requirements associated with this notice, we have included the following items:

- Technical Summary
- Compliance History
- Draft Permit
- Instructions for Public Notice
- Publisher's Affidavits
- Public Notice Verification Form
- Notice (Notice of Application and Preliminary Decision) for Newspaper Publication
- Executive Director's Preliminary Decision

If you owe any delinquent administrative penalties or fees to the TCEQ be sure to pay them. Failure to do so may delay final action on this application.

You must follow all the directions in the enclosed instructions. The most common mistakes are the unauthorized changing of notice, wording, or font. If you fail to follow these instructions, you may be required to republish the notices.

Texas Commission on Environmental Quality

Instructions for Public Notice: Notice of Application and Preliminary Decision (NAPD) for Municipal Solid Waste Permit Applications

The Executive Director has completed the technical review of your application and issued a preliminary decision. Now you must comply with the following instructions. Please read all instructions carefully. If you have questions, contact the Waste Permits Division at WPD-PNV@tceq.texas.gov or (512) 239-2335. When contacting TCEQ regarding this application, please refer to the permit number at the top of the enclosed Notice of Application and Preliminary Decision.

A. Reviewing the Notices

We have enclosed:

1. Notice of Application and Preliminary Decision (Notice)
2. Notice of Application and Preliminary Decision (Spanish Notice), *if applicable*

All necessary information is included in the notices. Please read them carefully and notify us immediately if they contain any errors or omissions. You are responsible for ensuring the accuracy of all information published. However, you may not change the text or formatting of the notices or any affidavit of publication without prior approval from TCEQ. If you have any questions regarding the content of the notices, please contact the person reviewing your application (named in the cover letter).

B. Publishing the Notice

You must follow these instructions when publishing the enclosed Notice.

1. Publish at your expense within **45 calendar days** after the date this information was mailed to you (the date of the cover letter).
2. Preserve the original text and emphasis. The **bold** text of the enclosed Notice must be printed in the newspaper in a font style or size that distinguishes it from the rest of the notice (**bold** or *italics*). Failure to do so may require re-notice.
3. Publish in a newspaper (or newspapers) meeting these two requirements. One newspaper may be used if it satisfies both requirements:
 - a. **First Requirement.** You must publish the Notice in either—
 - 1) The newspaper of largest general circulation that is published in the county where the facility is located or is proposed to be located, **or**
 - 2) If a newspaper is not published in the county, any newspaper of general circulation in the county.
 - b. **Second Requirement.** You must publish the Notice at least once in the same newspaper as the Notice of Receipt of Application and Intent to Obtain Permit.

C. Publishing the Alternative Language Notice

If your responses on the NORI Public Notice Verification form (which you submitted for the first notice of your application) indicated that a Spanish-language translation of the Notice is required, then we have included the Spanish Notice in this NAPD package. For further guidance, please review the following requirements.

1. You must publish the public notice in an alternative language if the elementary or middle school nearest to the facility or proposed facility:

- a. Is required to provide a Bilingual Education Program [as required by Texas Educ. Code, Chapter 29, Subchapter B, and 19 Texas Admin. Code §89.1205(a)]

and

- b. At least one of the following conditions is met—
 - Students are enrolled in a Bilingual Education Program at that school; or
 - Students from that school attend a Bilingual Education Program at another location; or
 - The school that otherwise would be required to provide a Bilingual Education Program has waived out of the requirement under 19 Texas Admin. Code §89.1207(a).

2. If you are required to publish an Alternative Language Notice, then you must follow these instructions:

- a. The notice must be written in the alternative language that is taught in the Bilingual Education Program.
- b. You must publish the Alternative Language Notice in a newspaper or publication that is—
 - Primarily published in that alternative language.
 - Of general circulation in the county in which the facility is located or proposed to be located. (**Exception:** If the facility is located or proposed to be located in a municipality, and there exists a newspaper or publication of general circulation in the municipality, you must publish the notice only in the newspaper or publication in the municipality.)
- c. The Notice must be translated as follows—
 - **If translating into Spanish** – The Spanish Notice is enclosed. You may not change the text or formatting of the Notice without prior approval from TCEQ. If the Notice is missing or insufficient, contact the person reviewing your application (named in the cover letter).
 - **If translating into a language other than Spanish** – You must translate the entire Notice at your own expense and submit a copy to TCEQ for posting on the TCEQ website. Before publication, email a copy to the person reviewing your application (named in the cover letter).

You must demonstrate a good faith effort to identify a newspaper or publication in the required language. If there is no general-circulation newspaper or publication printed in such language, then publishing in that language is not required. *Publication in an alternative language section or insert within a large publication which is not printed primarily in that alternative language does not satisfy these requirements.*

D. Posting the Application in a Public Place

Beginning on **the first day of newspaper publication**, you must post copies of the application documents in a public place, for review and copying by the public. In doing so, you must make sure to meet these requirements.

1. The set of copies must include:
 - a. The complete application
 - b. The Executive Director's Preliminary Decision, as contained in the technical summary and fact sheet
 - c. The draft permit
 - d. Any subsequent revisions to these documents

2. The public place must be:
 - a. Located in the county where the facility is located or proposed to be located
 - b. Publicly owned or operated, such as a library, county courthouse, or city hall
3. These copies must be accessible to the public for review and copying and remain in place until TCEQ has either taken action on the application or referred issues to the State Office of Administrative Hearings (SOAH).
4. If the application is submitted to the TCEQ with information marked as **confidential**, you must indicate which specific portions of the application are not being made available to the public. These portions of the application must be accompanied with the following statement:

"Any request for portions of this application that are marked as confidential must be submitted in writing, pursuant to the Public Information Act, to TCEQ Public Information Coordinator, MC 197, P.O. Box 13087, Austin, Texas 78711-3087."

E. Completing the Public Notice Verification Form

You must fill out and submit the attached Public Notice Verification Form. It contains seven sections, six of which are applicable to Municipal Solid Waste permit applications (the broadcast section applies only to Industrial and Hazardous Waste permit applications). All information must be complete and accurate:

- Applicant and Facility Information
- Alternative Language Determination – Recording your completion of required steps.
- Publication Availability for Alternative Language Notice – Documenting your good faith effort to publish the Alternative Language Notice (if applicable).
- Proof of Publication – Noting required attachments and previous submissions.
- Proof of Broadcast – *Not applicable to Municipal Solid Waste permit applications.*
- Public Place for Viewing Application – Recording the location's name and address.
- Verification – Containing signature verifying information is correct; *Unsigned verification forms will be returned.*

Sections F through H, below, provide instructions and deadlines for preparing and submitting the Public Notice Verification Form and supporting documents.

F. Preparing the Proof of Publication

Check each publication to ensure that the notices were accurately published. If a notice was not published correctly, you may have to republish. For each newspaper in which you published, you must obtain proof of publication (a newspaper clipping or "tear sheet") that shows all of the following:

1. Entire text of the notice
2. Date of publication
3. Name of newspaper

G. Preparing the Publisher's Affidavits

Included with these instructions, you will find three Affidavit forms—

1. Publisher's Affidavit #1
2. Publisher's Affidavit #2
3. Publisher's Affidavit for Alternative Language (to be used only if applicable)

You are responsible for ensuring that the enclosed Affidavit forms are completed and notarized according to the following requirements—

1. Make sure each Affidavit clearly identifies the applicant's name and permit number.
2. **Fill out both Affidavits #1 and #2.** *Important: Even if you are using one newspaper to satisfy all publication requirements, you must submit both affidavits.* Check the relevant boxes on both forms to show the criteria that the newspaper satisfies.

H. Submitting the Forms and Supporting Documents to TCEQ

1. Within 10 business days after the date of publication, email copies or scans of the Proof of Publication documents to the Waste Permits Division at WPD-PNV@tceq.texas.gov. (It is recommended that you retain the original newspaper clippings or tear sheets for your records.)
2. Within 30 calendar days after the date of publication, email copies or scans of the remaining documents to the Waste Permits Division at WPD-PNV@tceq.texas.gov.
 - a. Public Notice Verification Form for NAPD
 - b. Publisher's affidavits for each publication (You are encouraged to submit the Affidavits earlier, with the Proof of Publication, if you are able.)

If you fail to publish the notice or submit proof of publication by the deadlines set forth above, TCEQ may suspend further processing on your application or take other actions.

The following requirements are also described in the enclosed instructions. However, due to their importance, they are highlighted here as well.

1. Publish the enclosed notice within *45 calendar days after the date of this cover letter*. You may be required to publish the notice in more than one newspaper, including a newspaper published in an alternative language, to satisfy all of the notice requirements.
2. On or before the date you publish notice, you must place the following items in a public place in the county where the facility is or will be located: (a) a copy of your permit application, including any subsequent revisions; (b) the Technical Summary and Executive Director's Preliminary Decision; and (c) the draft permit, including any subsequent revisions. These items must be accessible to the public for review and copying, must be updated to reflect changes to the application, and must remain in place until the commission has taken action on the application or the commission refers issues to the State Office of Administrative Hearings.
3. For each publication, return *proof of publication* of the newspaper notice that shows the publication date and newspaper name to the TCEQ Waste Permits Division within *10 business days* after notice is published in the newspaper.
4. Return copies of the completed *Public Notice Verification* form, *Publisher's Affidavits*, and *proofs of publication* to the Waste Permits Division within *30 calendar days* after the notice is published in the newspaper.

If you do not comply with *all* the requirements described in the instructions, further processing of your application may be suspended or the agency may take other actions.

If you have any questions regarding publication requirements, please contact the Waste Permits Division at 512-239-2335. If you have any questions regarding the content of the notice, please contact the project manager, Mr. Frank Zeng by email to Frank.Zeng@tceq.texas.gov, or in writing at the address on our letterhead (please include mail code MC 124 on the first line).

In accordance with 30 TAC §330.59(c)(3)(B) and §305.45(a)(6)(D), the landowners' list presents the names and mailing addresses of the landowners of property within one-quarter (1/4) mile of the facility, as provided in Table 5-1 below. The numbering in the landowners' list corresponds to the numbers on Drawing C0.03, which depicts the locations of the landowners' tracts. The landowners' list and map are based on the San Jacinto County Appraisal Districts' property records, which do not identify any mineral interest ownership under the facility. Mailing labels have been included Appendix D with the permit application containing the landowners' information below.

The comments and questions submitted orally during the Informal Discussion Period will not be considered before a decision is reached on the permit application and no formal response will be made. Revised Notice of Application and Preliminary Decision for Municipal Solid Waste Permit

Proposed Permit No. 2406

The notice issued on December 9, 2021 is being revised and reissued to extend the public comment period for at least 30 days. As a result, the application, Executive Director's preliminary decision, and draft permit will be available to the public in the local library for at least 30 days.

Application and Preliminary Decision. PC-II, LLC, 300 Concourse Boulevard, Suite 101, Ridgeland, Mississippi 39157, a Mississippi limited liability company, has applied to the Texas Commission on Environmental Quality (TCEQ) for a permit to authorize a new Municipal Solid Waste Type I Landfill. The proposed facility is located in San Jacinto County and does not have a street address. Its physical location is from the intersection of FM 1725 and Fostoria Tram Road, south 1.9 miles on Fostoria Tram Road to Jayhawker Road, west approximately 0.7 mile to Rajak Road, north 0.3 mile to the facility entrance road. The TCEQ received Parts I and II of this application on August 28, 2019 and Parts III and IV of the complete application on September 16, 2020. The following link to an electronic map of the site or facility's general location is provided as a public courtesy and is not part of the application or notice: <https://arcg.is/08jO4L>. For the exact location, please refer to the application.

The TCEQ Executive Director has completed the technical review of the application and prepared a draft permit. The draft permit, if approved, would establish the conditions under which the facility must operate. The Executive Director has made a preliminary decision that this permit, if issued, meets all statutory and regulatory requirements. The permit application, Executive Director's preliminary decision, and draft permit are available for viewing and copying at the Shepherd Public Library, 30 North Liberty Street, Shepherd, Texas 77371. The permit application may also be viewed online at <https://peachcreekp.com/resources/>.

Public Comment/Public Meeting. The TCEQ will hold a second public meeting at a future date. The date and time for the second public meeting will be published in a separate notice. The comment period will extend to the end of the second public meeting, or to 30 days from the date of newspaper publication of this notice, whichever is later. The TCEQ held an initial public meeting at 7:00 PM on September 28, 2021 via webcast. You may submit additional public comments or request another public meeting about this application. The purpose of a public meeting is to provide the opportunity to submit comments or to ask questions about the application. TCEQ holds a public meeting if the Executive Director determines that there is a significant degree of public interest in the application or if requested by a local legislator. A public meeting is not a contested case hearing.

Opportunity for a Contested Case Hearing. After the deadline for submitting public comments, the Executive Director will consider all timely comments and prepare a response to all relevant and material, or significant public comments. **Unless the application is directly referred for a contested case hearing, the response to comments and the Executive Director's decision on the application will be mailed to everyone who submitted public comments and to those persons who are on the mailing list for this application.** If comments are received, the mailing will also provide instructions for requesting a contested case hearing or reconsideration of the Executive Director's decision. A person who may be affected by the proposed facility is entitled to request a contested case hearing from the commission. A contested case hearing is a legal proceeding similar to a civil trial in a state district court.

To Request a Contested Case Hearing, You Must Include The Following Items in Your Request: your name, address, phone; applicant's name and permit number; the location and distance of your property/activities relative to the facility; a specific description of how you would be adversely affected by the facility in a way not common to the general public; a list of all disputed issues of fact that you submit during the comment period; and the statement " [I/we] request a contested case hearing." If the request for contested case hearing is filed on behalf of a group or association, the request must designate the group's representative for receiving future correspondence; identify by name and physical address an individual member of the group who would be adversely affected by the facility or activity; provide the information discussed above regarding the affected member's location and distance from the facility or activity; explain how and why the member would be affected; and explain how the interests the group seeks to protect are relevant to the group's purpose.

Following the close of all applicable comment and request periods, the Executive Director will forward the application and any requests for reconsideration or for a contested case hearing to the TCEQ Commissioners for their consideration at a scheduled Commission meeting. The Commission may only grant a request for a contested case hearing on issues the requestor submitted in their timely comments that were not subsequently withdrawn.

If a hearing is granted, the subject of a hearing will be limited to disputed issues of fact or mixed questions of fact and law that are relevant and material to the Commission's decision on the application submitted during the comment period.

Executive Director Action. The Executive Director may issue final approval of the application unless a timely contested case hearing request or request for reconsideration is filed. If a timely hearing request or request for reconsideration is filed, the Executive Director will not issue final approval of the permit and will forward the application and request to the TCEQ Commissioners for their consideration at a scheduled Commission meeting.

Mailing List. If you submit public comments, a request for a contested case hearing, or a reconsideration of the Executive Director's decision, you will be added to the mailing list for this application to receive future public notices mailed by the Office of the Chief Clerk. In addition, you may request to be placed on: (1) the permanent mailing list for a specific applicant name and permit number; and/or (2) the mailing list for a specific county. The proposed facility is located in San Jacinto County and does not have a street address. Its physical location is from the intersection of FM 1725 and Fostoria Tram Road, south 1.9 miles on Fostoria Tram Road to Jayhawker Road, west approximately 0.7 mile to Rajak Road, north 0.3 mile to the facility entrance road. The TCEQ received Parts I and II of this application on August 28, 2019 and Parts III and IV of the complete application on September 16, 2020. The following link to an electronic map of the site or facility's general location is provided as a public courtesy and is not part of the application or notice: <https://arcgis/08jO4L>. For the exact location, please refer to the application.

The TCEQ Executive Director has completed the technical review of the application and prepared a draft permit. The draft permit, if approved, would establish the conditions under which the facility must operate. The Executive Director has made a preliminary decision that this permit, if issued, meets all statutory and regulatory requirements. The permit application, Executive Director's preliminary decision, and draft permit are available for viewing and copying at the Shepherd Public Library, 30 North Liberty Street, Shepherd, Texas 77371. The permit application may also be viewed online at <https://peachcreekep.com/resources/>.

Public Comment/Public Meeting. The TCEQ will hold a second public meeting at a future date. The date and time for the second public meeting will be published in a separate notice. The comment period will extend to the end of the second public meeting, or to 30 days from the date of newspaper publication of this notice, whichever is later. The TCEQ held an initial public meeting at 7:00 PM on September 28, 2021 via webcast. You may submit additional public comments or request another public meeting about this application. The purpose of a public meeting is to provide the opportunity to submit comments or to ask questions about the application. TCEQ holds a public meeting if the Executive Director determines that there is a significant degree of public interest in the application or if requested by a local legislator. A public meeting is not a contested case hearing.

Opportunity for a Contested Case Hearing. After the deadline for submitting public comments, the Executive Director will consider all timely comments and prepare a response to all relevant and material, or significant public comments. Unless the application is directly referred for a contested case hearing, the response to comments and the Executive Director's decision on the application will be mailed to everyone who submitted public comments and to those persons who are on the mailing list for this application. If comments are received, the mailing will also provide instructions for requesting a contested case hearing or reconsideration of the Executive Director's decision. A person who may be affected by the proposed facility is entitled to request a contested case hearing from the commission. To Request a Contested Case Hearing, You Must Include The Following Items in Your Request: your name, address, phone; applicant's name and permit number; the location and distance of your property/activities relative to the facility; a specific description of how you would be adversely affected by the facility in a way not common to the general public; a list of all disputed issues of fact that you submit during the comment period; and the statement " [I/we] request a contested case hearing." If the request for contested case hearing is filed on behalf of a group or association, the request must designate the group's representative for receiving future correspondence; identify by name and physical address an individual member of the group who would be adversely affected by the facility or activity; provide the information discussed above regarding the affected member's location and distance from the facility or activity; explain how and why the member would be affected; and explain how the interests the group seeks to protect are relevant to the group's purpose.

Following the close of all applicable comment and request periods, the Executive Director will forward the application and any requests for reconsideration or for a contested case hearing to the TCEQ Commissioners for their consideration at a scheduled Commission meeting. The Commission may only grant a request for a contested case hearing on issues the requestor submitted in their timely comments that were not subsequently withdrawn.

If a hearing is granted, the subject of a hearing will be limited to disputed issues of fact or mixed questions of fact and law that are relevant and material to the Commission's decision on the application submitted during the comment period.

Executive Director Action. The Executive Director may issue final approval of the application unless a timely contested case hearing request or request for reconsideration is filed. If a timely hearing request or request for reconsideration is filed, the Executive Director will not issue final approval of the permit and will forward the application and request to the TCEQ Commissioners for their consideration at a scheduled Commission meeting.

Mailing List. If you submit public comments, a request for a contested case hearing, or a reconsideration of the Executive Director's decision, you will be added to the mailing list for this application to receive future public notices mailed by the Office of the Chief Clerk. In addition, you may request to be placed on: (1) the permanent mailing list for a specific applicant name and permit number; and/or (2) the mailing list for a specific county. Proposed Permit No. 2406

Application and Preliminary Decision. PC-II, LLC, 300 Concourse Boulevard, Suite 101, Ridgeland, Mississippi 39157, a Mississippi limited liability company, has applied to the Texas Commission on Environmental Quality (TCEQ) for a permit to authorize a new Municipal Solid Waste Type I Landfill. The proposed facility is located in San Jacinto county and does not have street address. Its physical location is from the intersection of FM 1725 and Fostoria Tram, south 1.9 miles on Fostoria Tram Road to Jayhawker Road, west approximately 0.7 mile to Rajak Road, north 0.3 mile to facility entrance road. For the exact location, please refer to the application.

The TCEQ executive director has completed the technical review of the application and prepared a draft permit. The draft permit, if approved, would establish the conditions under which the facility must operate. The executive director has made a preliminary decision that this permit, if issued, meets all statutory and regulatory requirements. The permit application, executive director's preliminary decision, and draft permit are available for viewing and copying at the Shepherd Pubic Library, 30 North Liberty Street, Shepherd, Texas 77371. The permit application may be viewed online at <https://peachcreekep.com/resources/>.

Public Comment/Public Meeting. The TCEQ held a public meeting at 7:00 PM on September 28, 2021 via webcast. You may submit additional public comments or request another public meeting about this application. The purpose of a public meeting is to provide the opportunity to submit comments or to ask questions about the application. TCEQ holds a public meeting if the executive director determines that there is a significant degree of public interest in the application or if requested by a local legislator. A public meeting is not a contested case hearing.

Opportunity for a Contested Case Hearing. After the deadline for submitting public comments, the executive director will consider all timely comments and prepare a response to all relevant and material, or significant public comments. Unless the application is directly referred for a contested case hearing, the response to comments and the executive director's decision on the application will be mailed to everyone who submitted public comments and to those persons who are on the mailing list for this application. If comments are received, the mailing will also provide instructions for requesting a contested case hearing or reconsideration of the executive director's decision. A person who may be affected by the proposed facility is entitled to request a contested case hearing from the

commission. A contested case hearing is a legal proceeding similar to a civil trial in a state district court.

To Request a Contested Case Hearing, You Must Include The Following Items in Your Request: your name, address, phone; applicant's name and permit number; the location and distance of your property/activities relative to the facility; a specific description of how you would be adversely affected by the facility in a way not common to the general public; a list of all disputed issues of fact that you submit during the comment period; and the statement " [I/we] request a contested case hearing." If the request for contested case hearing is filed on behalf of a group or association, the request must designate the group's representative for receiving future correspondence; identify by name and physical address an individual member of the group who would be adversely affected by the facility or activity; provide the information discussed above regarding the affected member's location and distance from the facility or activity; explain how and why the member would be affected; and explain how the interests the group seeks to protect are relevant to the group's purpose.

Following the close of all applicable comment and request periods, the executive director will forward the application and any requests for reconsideration or for a contested case hearing to the TCEQ Commissioners for their consideration at a scheduled Commission meeting. The Commission may only grant a request for a contested case hearing on issues the requestor submitted in their timely comments that were not subsequently withdrawn.

If a hearing is granted, the subject of a hearing will be limited to disputed issues of fact or mixed questions of fact and law that are relevant and material to the Commission's decision on the application submitted during the comment period.

Executive Director Action. The executive director may issue final approval of the application unless a timely contested case hearing request or request for reconsideration is filed. If a timely hearing request or request for reconsideration is filed, the executive director will not issue final approval of the permit and will forward the application and request to the TCEQ Commissioners for their consideration at a scheduled Commission meeting.

Mailing List. If you submit public comments, a request for a contested case hearing, or a reconsideration of the executive director's decision, you will be added to the mailing list for this application to receive future public notices mailed by the Office of the Chief Clerk. In addition, you may request to be placed on: (1) the permanent mailing list for a specific applicant name and permit number; and/or (2) the mailing list for a specific county. To be placed on the permanent and/or the county mailing list, clearly specify which list(s) and send your request to TCEQ Office of the Chief Clerk at the address below.

Notice of Application and Preliminary Decision for Municipal Solid Waste Permit

Proposed Permit No. 2406

Application and Preliminary Decision. PC-II, LLC, 300 Concourse Boulevard, Suite 101, Ridgeland, Mississippi 39157, a Mississippi limited liability company, has applied to the Texas Commission on Environmental Quality (TCEQ) for a permit to authorize a new Municipal Solid Waste Type I Landfill. The proposed facility is located in San Jacinto county and does not have street address. Its physical location is from the intersection of FM 1725 and Fostoria Tram, south 1.9 miles on Fostoria Tram Road to Jayhawker Road, west approximately 0.7 mile to Rajak Road, north 0.3 mile to facility entrance road. The TCEQ received Parts I and II of this application on August 28, 2019 and Parts III and IV of the complete application on September 16, 2020. The following link to an electronic map of the site or facility's general location is provided as a public courtesy and is not part of the application or notice: <https://arcg.is/08jO4L>. For the exact location, please refer to the application.

The TCEQ executive director has completed the technical review of the application and prepared a draft permit. The draft permit, if approved, would establish the conditions under which the facility must operate. The executive director has made a preliminary decision that this permit, if issued, meets all statutory and regulatory requirements. The permit application, executive director's preliminary decision, and draft permit are available for viewing and copying at the Shepherd Pubic Library, 30 North Liberty Street, Shepherd, Texas 77371. The permit application may be viewed online at <https://peachcreekep.com/resources/>.

Public Comment/Public Meeting. The TCEQ held a public meeting at 7:00 PM on September 28, 2021 via webcast. You may submit additional public comments or request another public meeting about this application. The purpose of a public meeting is to provide the opportunity to submit comments or to ask questions about the application. TCEQ holds a public meeting if the executive director determines that there is a significant degree of public interest in the application or if requested by a local legislator. A public meeting is not a contested case hearing.

Opportunity for a Contested Case Hearing. After the deadline for submitting public comments, the executive director will consider all timely comments and prepare a response to all relevant and material, or significant public comments. **Unless the application is directly referred for a contested case hearing, the response to comments and the executive director's decision on the application will be mailed to everyone who submitted public comments and to those persons who are on the mailing list for this application.** If comments are received, the mailing will also provide instructions for requesting a contested case hearing or reconsideration of the executive director's decision. A person who may be affected by the proposed facility is entitled to request a contested case hearing from the

commission. A contested case hearing is a legal proceeding similar to a civil trial in a state district court.

To Request a Contested Case Hearing, You Must Include The Following Items in Your Request: your name, address, phone; applicant's name and permit number; the location and distance of your property/activities relative to the facility; a specific description of how you would be adversely affected by the facility in a way not common to the general public; a list of all disputed issues of fact that you submit during the comment period; and the statement " [I/we] request a contested case hearing." If the request for contested case hearing is filed on behalf of a group or association, the request must designate the group's representative for receiving future correspondence; identify by name and physical address an individual member of the group who would be adversely affected by the facility or activity; provide the information discussed above regarding the affected member's location and distance from the facility or activity; explain how and why the member would be affected; and explain how the interests the group seeks to protect are relevant to the group's purpose.

Following the close of all applicable comment and request periods, the executive director will forward the application and any requests for reconsideration or for a contested case hearing to the TCEQ Commissioners for their consideration at a scheduled Commission meeting. The Commission may only grant a request for a contested case hearing on issues the requestor submitted in their timely comments that were not subsequently withdrawn.

If a hearing is granted, the subject of a hearing will be limited to disputed issues of fact or mixed questions of fact and law that are relevant and material to the Commission's decision on the application submitted during the comment period.

Executive Director Action. The executive director may issue final approval of the application unless a timely contested case hearing request or request for reconsideration is filed. If a timely hearing request or request for reconsideration is filed, the executive director will not issue final approval of the permit and will forward the application and request to the TCEQ Commissioners for their consideration at a scheduled Commission meeting.

Mailing List. If you submit public comments, a request for a contested case hearing, or a reconsideration of the executive director's decision, you will be added to the mailing list for this application to receive future public notices mailed by the Office of the Chief Clerk. In addition, you may request to be placed on: (1) the permanent mailing list for a specific applicant name and permit number; and/or (2) the mailing list for a specific county. To be placed on the permanent and/or the county mailing list, clearly specify which list(s) and send your request to TCEQ Office of the Chief Clerk at the address below.

Information Available Online. For details about the status of the application, visit the Commissioners' Integrated Database (CID) at www.tceq.texas.gov/goto/cid. Once you have access to the CID using the above link, enter the permit number for this application, which is provided at the top of this notice.

Agency Contacts and Information. All public comments and requests must be submitted within 30 days from the date of newspaper publication of this notice either electronically at www14.tceq.texas.gov/epic/eComment/ or in writing to the Texas Commission on Environmental Quality, Office of the Chief Clerk, MC-105, P.O. Box 13087, Austin, Texas 78711-3087. Please be aware that any contact information you provide, including your name, phone number, email address and physical address will become part of the agency's public record. Its physical location is from the intersection of FM 1725 and Fostoria Tram Road, south 1.9 miles on Fostoria Tram Road to Jayhawker Road, west approximately 0.7 mile to Rajak Road, north 0.3 mile to the facility entrance road. The TCEQ received Parts I and II of this application on August 28, 2019 and Parts III and IV of the complete application on September 16, 2020. The following link to an electronic map of the site or facility's general location is provided as a public courtesy and is not part of the application or notice: <https://arcgis/08jO4L>. For the exact location, please refer to the application.

The TCEQ Executive Director has completed the technical review of the application and prepared a draft permit. The draft permit, if approved, would establish the conditions under which the facility must operate. The Executive Director has made a preliminary decision that this permit, if issued, meets all statutory and regulatory requirements. The permit application, Executive Director's preliminary decision, and draft permit are available for viewing and copying at the Shepherd Public Library, 30 North Liberty Street, Shepherd, Texas 77371. The permit application may also be viewed online at <https://peachcreekep.com/resources/>.

Public Comment/Public Meeting. The TCEQ will hold a second public meeting at a future date. The date and time for the second public meeting will be published in a separate notice. The comment period will extend to the end of the second public meeting, or to 30 days from the date of newspaper publication of this notice, whichever is later. The TCEQ held an initial public meeting at 7:00 PM on September 28, 2021 via webcast. You may submit additional public comments or request another public meeting about this application. The purpose of a public meeting is to provide the opportunity to submit comments or to ask questions about the application. TCEQ holds a public meeting if the Executive Director determines that there is a significant degree of public interest in the application or if requested by a local legislator. A public meeting is not a contested case hearing.

Opportunity for a Contested Case Hearing. After the deadline for submitting public comments, the Executive Director will consider all timely comments and prepare a response to all relevant and material, or significant public comments. **Unless the application is directly referred for a contested case hearing, the response to comments and the Executive Director's decision on the application will be mailed to everyone who submitted public comments and to those persons who are on the mailing list for this application.** If comments are received, the mailing will also provide instructions for requesting a contested case hearing or reconsideration of the Executive Director's decision. A person who may be affected by the proposed facility is entitled to request a contested case hearing from the commission. A contested case hearing is a legal proceeding similar to a civil trial in a state district court.

To Request a Contested Case Hearing, You Must Include The Following Items in Your Request: your name, address, phone; applicant's name and permit number; the location and distance of your property/activities relative to the facility; a specific description of how you would be adversely affected by the facility in a way not common to the general public; a list of all disputed issues of fact that you submit during the comment period; and the statement " [I/we] request a contested case hearing." If the request for contested case hearing is filed on behalf of a group or association, the request must designate the group's representative for receiving future correspondence; identify by name and physical address an individual member of the group who would be adversely affected by the facility or activity; provide the information discussed above regarding the affected member's location and distance from the facility or activity; explain how and why the member would be affected; and explain how the interests the group seeks to protect are relevant to the group's purpose.

Following the close of all applicable comment and request periods, the Executive Director will forward the application and any requests for reconsideration or for a contested case hearing to the TCEQ Commissioners for their consideration at a scheduled Commission meeting. The Commission may only grant a request for a contested case hearing on issues the requestor submitted in their timely comments that were not subsequently withdrawn.

If a hearing is granted, the subject of a hearing will be limited to disputed issues of fact or mixed questions of fact and law that are relevant and material to the Commission's decision on the application submitted during the comment period.

Executive Director Action. The Executive Director may issue final approval of the application unless a timely contested case hearing request or request for reconsideration is filed. If a timely hearing request or request for reconsideration is filed, the Executive Director will not issue final approval of the permit and will forward the application and request to the TCEQ Commissioners for their consideration at a scheduled Commission meeting.

Mailing List. If you submit public comments, a request for a contested case hearing, or a reconsideration of the Executive Director's decision, you will be added to the mailing list for this application to receive future public notices mailed by the Office of the Chief Clerk. In addition, you may request to be placed on: (1) the permanent mailing list for a specific applicant name and permit number; and/or (2) the mailing list for a specific county. A contested case hearing is a legal proceeding similar to a civil trial in a state district court.

To Request a Contested Case Hearing, You Must Include The Following

Items in Your Request: your name, address, phone; applicant's name and permit number; the location and distance of your property/activities relative to the facility; a specific description of how you would be adversely affected by the facility in a way not common to the general public; a list of all disputed issues of fact that you submit during the comment period; and the statement "[I/we] request a contested case hearing." If the request for contested case hearing is filed on behalf of a group or association, the request must designate the group's representative for receiving future correspondence; identify by name and physical address an individual member of the group who would be adversely affected by the facility or activity; provide the information discussed above regarding the affected member's location and distance from the facility or activity; explain how and why the member would be affected; and explain how the interests the group seeks to protect are relevant to the group's purpose.

Following the close of all applicable comment and request periods, the Executive Director will forward the application and any requests for reconsideration or for a contested case hearing to the TCEQ Commissioners for their consideration at a scheduled Commission meeting. The Commission may only grant a request for a contested case hearing on issues the requestor submitted in their timely comments that were not subsequently withdrawn.

If a hearing is granted, the subject of a hearing will be limited to disputed issues of fact or mixed questions of fact and law that are relevant and material to the Commission's decision on the application submitted during the comment period.

Executive Director Action. The Executive Director may issue final approval of the application unless a timely contested case hearing request or request for reconsideration is filed. If a timely hearing request or request for reconsideration is filed, the Executive Director will not issue final approval of the permit and will forward the application and request to the TCEQ Commissioners for their consideration at a scheduled Commission meeting.

Mailing List. If you submit public comments, a request for a contested case hearing, or a reconsideration of the Executive Director's decision, you will be added to the mailing list for this application to receive future public notices mailed by the Office of the Chief Clerk. In addition, you may request to be placed on: (1) the permanent mailing list for a specific applicant name and permit number; and/or (2) the mailing list for a specific county. To be placed on the permanent and/or the county mailing list, clearly specify which list(s) and send your request to TCEQ Office of the Chief Clerk at the address below.

Issued Date: February 18, 2022

NOTICE TO IMPLEMENT REVISED FIXED FUEL FACTOR

Entergy Texas, Inc. hereby publishes NOTICE that, pursuant to Section 36.203 of the Public Utility Regulatory Act (codified in TEX. UTIL. CODE) and 16 TEX. ADMIN. CODE § 25.235(b), it filed with the Public Utility Commission of Texas (the "Commission") on February 22, 2022, a tariff to implement a revised fixed fuel factor. All of Entergy Texas' retail customers whose fuel charges are calculated under the Texas fixed fuel factor tariff—including but not limited to residential, Small General Service, Large General Service, Large Industrial Power Service, and Street and Outdoor Lighting Service—will be affected by the Commission's approval of the revised fixed fuel factor. The revised fixed fuel factor, if approved, will affect only the fuel portion of the rates charged by Entergy Texas and will have no effect on non-fuel base rates.

Entergy Texas seeks Commission approval to revise the fixed fuel factor effective with the first billing cycle of the March 2022 billing month. Entergy Texas proposed that the fixed fuel factor be changed pursuant to a semi-annual filing to be made each February and August, with revised fuel factors to be effective with the first billing cycle of the March and September billing months, pursuant to a methodology that changes the fuel factor based upon changes in the published price of natural gas. This methodology was authorized for use in Docket No. 32915.

The revised fixed fuel factor, differentiated by voltage level, is as follows:

FACTOR BY VOLTAGE LEVELS

Delivery Voltage	Fixed Fuel Factor
Secondary	\$0.038066 per kWh
Primary	\$0.037048 per kWh
69KV/138KV	\$0.035931 per kWh
230KV	\$0.035497 per kWh

The revised fuel factor would result in an increase in Entergy Texas' annual Texas retail fuel and purchased power revenues by approximately \$71.3 million, or 11.8% on an annual basis. Compared to the fixed fuel factor approved by the Commission effective August 2021, a residential customer using 1000 kilowatt-hours (kWh) of electricity per month would see an approximate increase of 9.7% annually, or \$3.35 on average per month, on his/her electric bill. The fixed fuel factor rate is designed to pass through to customers the actual fuel costs incurred by Entergy Texas to serve customers. Entergy Texas is not allowed to make a profit on fuel costs. These changes will be subject to final review by the commission in the electric utility's next reconciliation. Entergy Texas expects the revised fixed fuel factor to be in effect for the billing period of March 2022 through August 2022.

Persons with questions or who want more information on this petition may contact Entergy Texas at Attn: Customer Service - Fuel Factor, 330 Pine Street, Beaumont, Texas 77701, or call (866) 981-2602 during normal business hours. A complete copy of this petition is available for inspection at the address listed above. Persons may also email to entergy.com with questions or to request more information.

The Commission has assigned Docket No. 33255 to this proceeding. Revised Notice of Application and Preliminary Decision for Municipal Solid Waste Permit

Proposed Permit No. 2406

The notice issued on December 9, 2021 is being revised and reissued to extend the public comment period for at least 30 days. As a result, the application, Executive Director's preliminary decision, and draft permit will be available to the public in the local library for at least 30 days.

Application and Preliminary Decision. PC-II, LLC, 300 Concourse Boulevard, Suite 101, Ridgeland, Mississippi 39157, a Mississippi limited liability company, has applied to the Texas Commission on Environmental Quality (TCEQ) for a permit to authorize a new Municipal Solid Waste Type I Landfill. The proposed facility is located in San Jacinto County and does not have a street address. Its physical location is from the intersection of FM 1725 and Fostoria Tram Road, south 1.9 miles on Fostoria Tram Road to Jayhawker Road, west approximately 0.7 mile to Rajak Road, north 0.3 mile to the facility entrance road. The TCEQ received Parts I and II of this application on August 28, 2019 and Parts III and IV of the complete application on September 16, 2020. The following link to an electronic map of the site or facility's general location is provided as a public courtesy and is not part of the application or notice: <https://arccg.is/08jO4L>. For the exact location, please refer to the application.

The TCEQ Executive Director has completed the technical review of the application and prepared a draft permit. The draft permit, if approved, would establish the conditions under which the facility must operate. The Executive Director has made a preliminary decision that this permit, if issued, meets all statutory and regulatory requirements. The permit application, Executive Director's preliminary decision, and draft permit are available for viewing and copying at the Shepherd Public Library, 30 North Liberty Street, Shepherd, Texas 77371. The permit application may also be viewed online at <https://peachcreekep.com/resources/>.

Public Comment/Public Meeting. The TCEQ will hold a second public meeting at a future date. The date and time for the second public meeting will be published in a separate notice. The comment period will extend to the end of the second public meeting, or to 30 days from the date of newspaper publication of this notice, whichever is later. The TCEQ held an initial public meeting at 7:00 PM on September 28, 2021 via webcast. You may submit additional public comments or request another public meeting about this application. The purpose of a public meeting is to provide the opportunity to submit comments or to ask questions about the application. TCEQ holds a public meeting if the Executive Director determines that there is a significant degree of public interest in the application or if requested by a local legislator. A public meeting is not a contested case hearing.

Opportunity for a Contested Case Hearing. After the deadline for submitting public comments, the Executive Director will consider all timely comments and prepare a response to all relevant and material, or significant public comments. **Unless the application is directly referred for a contested case hearing, the response to comments and the Executive Director's decision on the application will be mailed to everyone who submitted public comments and to those persons who are on the mailing list for this application.** If comments are received, the mailing will also provide instructions for requesting a contested case hearing or reconsideration of the Executive Director's decision. A person who may be affected by the proposed facility is entitled to request a contested case hearing from the commission. A contested case hearing is a legal proceeding similar to a civil trial in a state district court.

To Request a Contested Case Hearing, You Must Include The Following Items in Your Request: your name, address, phone; applicant's name and permit number; the location and distance of your property/activities relative to the facility; a specific description of how you would be adversely affected by the facility in a way not common to the general public; a list of all disputed issues of fact that you submit during the comment period; and the statement " [I/we] request a contested case hearing." If the request for contested case hearing is filed on behalf of a group or association, the request must designate the group's representative for receiving future correspondence; identify by name and physical address an individual member of the group who would be adversely affected by the facility or activity; provide the information discussed above regarding the affected member's location and distance from the facility or activity; explain how and why the member would be affected; and explain how the interests the group seeks to protect are relevant to the group's purpose.

Following the close of all applicable comment and request periods, the Executive Director will forward the application and any requests for reconsideration or for a contested case hearing to the TCEQ Commissioners for their consideration at a scheduled Commission meeting. The Commission may only grant a request for a contested case hearing on issues the requestor submitted in their timely comments that were not subsequently withdrawn.

If a hearing is granted, the subject of a hearing will be limited to disputed issues of fact or mixed questions of fact and law that are relevant and material to the Commission's decision on the application submitted during the comment period.

Executive Director Action. The Executive Director may issue final approval of the application unless a timely contested case hearing request or request for reconsideration is filed. If a timely hearing request or request for reconsideration is filed, the Executive Director will not issue final approval of the permit and will forward the application and request to the TCEQ Commissioners for their consideration at a scheduled Commission meeting.

Mailing List. If you submit public comments, a request for a contested case hearing, or a reconsideration of the Executive Director's decision, you will be added to the mailing list for this application to receive future public notices mailed by the Office of the Chief Clerk. In addition, you may request to be placed on: (1) the permanent mailing list for a specific applicant name and permit number; and/or (2) the mailing list for a specific county. To be placed on the permanent and/or the county mailing list, clearly specify which list(s) and send your request to TCEQ Office of the Chief Clerk at the address below.

Information Available Online. For details about the status of the application, visit the Commissioners' Integrated Database (CID) at www.tceq.texas.gov/goto/cid. Once you have access to the CID using the above link, enter the permit number for this application, which is provided at the top of this notice.

Agency Contacts and Information. All public comments and requests must be submitted within 30 days from the date of newspaper publication of this notice, or by the end of the second public meeting, whichever is later, either electronically at www14.tceq.texas.gov/epic/eComment/ or in writing to the Texas Commission on Environmental Quality, Office of the Chief Clerk, MC-105, P.O. Box 13087, Austin, Texas 78711-3087. Please be aware that any contact information you provide, including your name, phone number, email address and physical address will become part of the agency's public record. Notice of Public Meeting for Municipal Solid Waste Permit

Proposed Permit No. 2406

Application. PC-II, LLC, 300 Concourse Boulevard, Suite 101, Ridgeland, Mississippi 39157, a Mississippi limited liability company, has applied to the Texas Commission on Environmental Quality (TCEQ) for a permit to authorize a new Municipal Solid Waste Type I Landfill. The proposed facility is located in San Jacinto County and does not have a street address. Its physical location is from the intersection of Farm to Market 1725 and Fostoria Tram Road, south 1.9 miles on Fostoria Tram Road to Jayhawker Road, west approximately 0.7 miles to Rajak Road, north 0.3 miles to the facility entrance road. The TCEQ received Parts I and II of this application on August 28, 2019, and Parts III and IV of the complete application on September 16, 2020. The following link to an electronic map of the site or facility's general location is provided as a public courtesy and is not part of the application or notice: <https://arcg.is/08jO4L>. For the exact location, please refer to the application.

The TCEQ Executive Director has completed the technical review of the application and prepared a draft permit. The draft permit, if approved, would establish the conditions under which the facility must operate. The Executive Director has made a preliminary decision that this permit, if issued, meets all statutory and regulatory requirements.

Public Comment/Public Meeting. A public meeting was held on September 28, 2021. A second public meeting will be held and will consist of two parts, an Informal Discussion Period and a Formal Comment Period. A public meeting is not a contested case hearing under the Administrative Procedure Act. During the Informal Discussion Period, the public will be encouraged to ask questions of the applicant and TCEQ staff concerning the permit application. The comments and questions submitted orally during the Informal Discussion Period will not be considered before a decision is reached on the permit application and no formal response will be made. Responses will be provided orally during the Informal Discussion Period. During the Formal Comment Period on the permit application, members of the public may state their formal comments orally into the official record. A written response to all formal comments will be prepared by the Executive Director. All formal comments will be considered before a decision is reached on the permit application. A copy of the written response will be sent to each person who submits a formal comment or who requested to be on the mailing list for this permit application and provides a mailing address. Only relevant and material issues raised during the Formal Comment Period can be considered if a contested case hearing is granted on this permit application.

Good morning:

We will make the edit regarding the phone extension for Mr. Hobby.

Regarding the paragraph about submitting written comments - that is boiler-plate language. It appears in the "Information" section of all notices of public meetings. After conferring with Waste Permits Staff and the Environmental Law Division, we determined to not accept that edit.

Thank you for responding in a timely manner.

Texas Commission on Environmental Quality

Revised Notice of Application and Preliminary Decision for Municipal Solid Waste Permit

Proposed Permit No. 2406

The notice issued on December 9, 2021 is being revised and reissued to extend the public comment period for at least 30 days. As a result, the application, Executive Director's preliminary decision, and draft permit will be available to the public in the local library for at least 30 days.

Application and Preliminary Decision. PC-II, LLC, 300 Concourse Boulevard, Suite 101, Ridgeland, Mississippi 39157, a Mississippi limited liability company, has applied to the Texas Commission on Environmental Quality (TCEQ) for a permit to authorize a new Municipal Solid Waste Type I Landfill. The proposed facility is located in San Jacinto County and does not have a street address. Its physical location is from the intersection of FM 1725 and Fostoria Tram Road, south 1.9 miles on Fostoria Tram Road to Jayhawker Road, west approximately 0.7 mile to Rajak Road, north 0.3 mile to the facility entrance road. The TCEQ received Parts I and II of this application on August 28, 2019 and Parts III and IV of the complete application on September 16, 2020. The following link to an electronic map of the site or facility's general location is provided as a public courtesy and is not part of the application or notice: <https://arcg.is/08jO4L>. For the exact location, please refer to the application.

The TCEQ Executive Director has completed the technical review of the application and prepared a draft permit. The draft permit, if approved, would establish the conditions under which the facility must operate. The Executive Director has made a preliminary decision that this permit, if issued, meets all statutory and regulatory requirements. The permit application, Executive Director's preliminary decision, and draft permit are available for viewing and copying at the Shepherd Public Library, 30 North Liberty Street, Shepherd, Texas 77371. The permit application may also be viewed online at <https://peachcreekep.com/resources/>.

Public Comment/Public Meeting. The TCEQ will hold a second public meeting at a future date. The date and time for the second public meeting will be published in a separate notice. The comment period will extend to the end of the second public meeting, or to 30 days from the date of newspaper publication of this notice, whichever is later. The TCEQ held an initial public meeting at 7:00 PM on September 28, 2021 via webcast. You may submit additional public comments or request another public meeting about this application. The purpose of a public meeting is to provide the opportunity to submit comments or to ask questions about the application. TCEQ holds a public meeting if the Executive Director determines that there is a significant degree of public interest in the application or if requested by a local legislator. A public meeting is not a contested case hearing.

Opportunity for a Contested Case Hearing. After the deadline for submitting public comments, the Executive Director will consider all timely comments and prepare a response to all relevant and material, or significant public comments. **Unless the application is directly referred for a contested case hearing, the response to comments and the Executive Director's decision on the application will be mailed to everyone who submitted public comments and to those persons who are on the mailing list for this application.** If comments are received, the mailing will also provide instructions for requesting a contested case hearing or reconsideration of the Executive Director's decision. A person who may be affected by the proposed facility is entitled to request a contested case hearing from the commission. A contested case hearing is a legal proceeding similar to a civil trial in a state district court.

To Request a Contested Case Hearing, You Must Include The Following Items in Your Request: your name, address, phone; applicant's name and permit number; the location and distance of your property/activities relative to the facility; a specific description of how you would be adversely affected by the facility in a way not common to the general public; a list of all disputed issues of fact that you submit during the comment period; and the statement " [I/we] request a contested case hearing." If the request for contested case hearing is filed on behalf of a group or association, the request must designate the group's representative for receiving future correspondence; identify by name and physical address an individual member of the group who would be adversely affected by the facility or activity; provide the information discussed above regarding the affected member's location and distance from the facility or activity; explain how and why the member would be affected; and explain how the interests the group seeks to protect are relevant to the group's purpose.

Following the close of all applicable comment and request periods, the Executive Director will forward the application and any requests for reconsideration or for a contested case hearing to the TCEQ Commissioners for their consideration at a scheduled Commission meeting. The Commission may only grant a request for a contested case hearing on issues the requestor submitted in their timely comments that were not subsequently withdrawn.

If a hearing is granted, the subject of a hearing will be limited to disputed issues of fact or mixed questions of fact and law that are relevant and material to the Commission's decision on the application submitted during the comment period.

Executive Director Action. The Executive Director may issue final approval of the application unless a timely contested case hearing request or request for reconsideration is filed. If a timely hearing request or request for reconsideration is filed, the Executive Director will not issue final approval of the permit and will forward the application and request to the TCEQ Commissioners for their consideration at a scheduled Commission meeting.

Mailing List. If you submit public comments, a request for a contested case hearing, or a reconsideration of the Executive Director's decision, you will be added to the mailing list for this application to receive future public notices mailed by the Office of the Chief Clerk. In addition, you may request to be placed on: (1) the permanent mailing list for a specific applicant name and permit number; and/or (2) the mailing list for a specific county. To be placed on the permanent and/or the county mailing list, clearly specify which list(s) and send your request to TCEQ Office of the Chief Clerk at the address below.

Information Available Online. For details about the status of the application, visit the Commissioners' Integrated Database (CID) at www.tceq.texas.gov/goto/cid. Once you have access to the CID using the above link, enter the permit number for this application, which is provided at the top of this notice.

Agency Contacts and Information. All public comments and requests must be submitted within 30 days from the date of newspaper publication of this notice, or by the end of the second public meeting, whichever is later, either electronically at www14.tceq.texas.gov/epic/eComment/ or in writing to the Texas Commission on Environmental Quality, Office of the Chief Clerk, MC-105, P.O. Box 13087, Austin, Texas 78711-3087. Please be aware that any contact information you provide, including your name, phone number, email address and physical address will become part of the agency's public record. For more information about this permit application or the permitting process, please call the TCEQ's Public Education Program, Toll Free, at 800-687-4040 or visit their website at www.tceq.texas.gov/goto/pep. Si desea información en español, puede llamar al 800-687-4040.

Further information may also be obtained from PC-II, LLC at the address stated above or by calling Mr. Jeffery Hobby, Project Manager at (601) 362-3333.

Instructions for Public Notice for Municipal Solid Waste Permit Notice of Application and Preliminary Decision

The Executive Director has completed the technical review of your application and issued a preliminary decision. You must comply with the following instructions:

Please Review Notice

We have included in the notice all of the information that we believe is necessary. Please read it carefully and notify us immediately if it contains any errors or omissions. You are responsible for ensuring the accuracy of all information published. You may not change the text or formatting of the notice or affidavit of publication without prior approval from the TCEQ.

Newspaper Notice

- You must publish the enclosed Notice of Application and Preliminary Decision within 45 calendar days after the date this information was mailed to you (see date of cover letter).
- You must publish the enclosed Notice of Application and Preliminary Decision at your expense, in a newspaper(s) that meets the following requirements:
 - First. You must publish notice either: (1) in the newspaper of largest general circulation that is published in the county in which the facility is located or is proposed to be located, or (2) if a newspaper is not published in the county, the notice must be published in any newspaper of general circulation in the county; and
 - Second. You must publish the enclosed Notice of Application and Preliminary Decision at least once in the same newspaper as the Notice of Receipt of Application and Intent to Obtain Permit
- The bold text of the enclosed notice must be printed in the newspaper in a font style or size that distinguishes it from the rest of the notice (i.e., bold, *italics*). Failure to do so may require re-notice.

Alternative Language Notice

If your application was received on or after November 30, 2005, you must publish notice in an alternative language if the following criteria are met.

- You must publish the public notice in an alternative language if either the elementary or middle school nearest to the facility or proposed facility is required to provide a bilingual education program as required by Texas Education Code, Chapter 29, Subchapter B, and Title 19 Texas Administrative Code § 89.1205(a) and one of the following conditions is met:
 - students are enrolled in a program at that school;

- students from that school attend a bilingual education program at another location; or
- the school that otherwise would be required to provide a bilingual education program waives out of this requirement under 19 Tex. Admin. Code § 89.1205(g).
- If triggered, you must publish the notice in the alternative language taught in the bilingual education program. You must publish this notice in a newspaper or publication primarily published in that alternative language. The newspaper or publication must be of general circulation in the county in which the facility is located or proposed to be located. If the facility is located or proposed to be located in a municipality, and there exists a newspaper or publication of general circulation in the municipality, you must publish the notice only in the newspaper or publication in the municipality.
- You must demonstrate a good faith effort to identify a newspaper or publication in the required language. If there is no general circulation newspaper or publication printed in such language, then publishing in that language is not required. Publication in an alternative language section or insert within a large publication which is not printed primarily in that alternative language does not satisfy these requirements.
- You have the burden to demonstrate compliance with these requirements. To assist you in meeting these requirements, the TCEQ has provided a Public Notice Verification Form (enclosed). You must fill out the attached Public Notice Verification Form indicating your compliance with the requirements regarding publication in an alternative language.
- If you are required to publish notice in Spanish, you must translate the site-specific information in the notice that is specific to your application, at your own expense. You may then insert the Spanish translation of your site-specific information into a Spanish template developed by the TCEQ. You may obtain the electronic version of the Spanish template from the TCEQ website at www.tceq.texas.gov/permitting/waste_permits/wastespanishtemplates.html
- If you are required to publish notice in a language other than Spanish, you must translate the entire public notice, at your own expense.

Proof of Publication

Check each publication to ensure that the notices were accurately published. If a notice was not published correctly you may have to republish.

- For *each* newspaper in which you published, you must submit **proof of publication** that shows the notice, the date of publication, and the name of the newspaper to the TCEQ Waste Permits Division (WPD) within *10 business days* after the date of publication. It is recommended that you maintain the original newspaper clipping or tear sheet of the notice for your records.
- For each newspaper notice, you must submit a **Publisher's Affidavit** to the TCEQ WPD within 30 calendar days after the date of publication. For each required published notice, you must use the appropriate Publisher's Affidavit form that is enclosed with these instructions. The affidavit must clearly identify the applicant's name and permit number. If you are using one newspaper to satisfy all publication requirements, you must still fill out all affidavits checking the relevant boxes for the criteria that the newspaper satisfies.
- You are encouraged to submit the affidavits with the proof of publication described above. However, the affidavits must be submitted no later than 30 calendar days after publication of the notice.
- You must fill out the attached *Public Notice Verification* form. On this form, you must verify that you submitted the notices and the *Publisher's Affidavits* as required by the TCEQ's

regulations and instructions. This form must be submitted with the *Publisher's Affidavit* within 30 calendar days after publication of the notice.

- Email copies of the ***Publisher's Affidavits, the Public Notice Verification Form, and the proofs of publication*** to WPD-PNV@tceq.texas.gov.

Failure to Publish and Submit Proof of Publication

If you fail to publish the notice or submit proof of publication by the deadlines set forth above, then the TCEQ may suspend further processing on your application or take other actions.

Application in a Public Place

- You must put a copy of the complete application, the Technical Summary and Executive Director's Preliminary Decision, the draft permit, and any subsequent revisions to these documents, in a public place for review and copying by the public. This public place must be located in the county where the facility is located or proposed to be located.
- A public place is one that is publicly owned or operated (ex: libraries, county courthouses, or city halls).
- This copy must be accessible to the public for review and copying beginning on the first day of newspaper publication and remain in place until the commission has taken action on the application or the commission refers issues to the State Office of Administrative Hearings.
- If the application is submitted to the TCEQ with information marked as confidential, you are required to indicate which specific portions of the application are not being made available to the public. These portions of the application must be accompanied with the following statement: Any request for portions of this application that are marked as confidential must be submitted in writing, pursuant to the Public Information Act, to the TCEQ Public Information Coordinator, MC 197, P.O. Box 13087, Austin, Texas 78711-3087."
- You must fill out the attached Public Notice Verification form. On this Form, you must verify that a complete application and all subsequent revisions are available for review and copying in a public place as required by the TCEQ's regulations and instructions. This Form must be submitted with the Publisher's Affidavits within *30 calendar days* after publication of the notice.

Notice of Application and Preliminary Decision for Municipal Solid Waste Permit

Proposed Permit No. 2406

Application and Preliminary Decision. PC-II, LLC, 300 Concourse Boulevard, Suite 101, Ridgeland, Mississippi 39157, a Mississippi limited liability company, has applied to the Texas Commission on Environmental Quality (TCEQ) for a permit to authorize a new Municipal Solid Waste Type I Landfill. The proposed facility is located in San Jacinto county and does not have street address. Its physical location is from the intersection of FM 1725 and Fostoria Tram, south 1.9 miles on Fostoria Tram Road to Jayhawker Road, west approximately 0.7 mile to Rajak Road, north 0.3 mile to facility entrance road. The TCEQ received Parts I and II of this application on August 28, 2019 and Parts III and IV of the complete application on September 16, 2020. The following link to an electronic map of the site or facility's general location is provided as a public courtesy and is not part of the application or notice: <https://arcg.is/08jO4L>. For the exact location, please refer to the application.

The TCEQ executive director has completed the technical review of the application and prepared a draft permit. The draft permit, if approved, would establish the conditions under which the facility must operate. The executive director has made a preliminary decision that this permit, if issued, meets all statutory and regulatory requirements. The permit application, executive director's preliminary decision, and draft permit are available for viewing and copying at the Shepherd Pubic Library, 30 North Liberty Street, Shepherd, Texas 77371. The permit application may be viewed online at <https://peachcreekep.com/resources/>.

Public Comment/Public Meeting. The TCEQ held a public meeting at 7:00 PM on September 28, 2021 via webcast. You may submit additional public comments or request another public meeting about this application. The purpose of a public meeting is to provide the opportunity to submit comments or to ask questions about the application. TCEQ holds a public meeting if the executive director determines that there is a significant degree of public interest in the application or if requested by a local legislator. A public meeting is not a contested case hearing.

Opportunity for a Contested Case Hearing. After the deadline for submitting public comments, the executive director will consider all timely comments and prepare a response to all relevant and material, or significant public comments. **Unless the application is directly referred for a contested case hearing, the response to comments and the executive director's decision on the application will be mailed to everyone who submitted public comments and to those persons who are on the mailing list for this application.** If comments are received, the mailing will also provide instructions for requesting a contested case hearing or reconsideration of the executive director's decision. A person who may be affected by the proposed facility is entitled to request a contested case hearing from the

commission. A contested case hearing is a legal proceeding similar to a civil trial in a state district court.

To Request a Contested Case Hearing, You Must Include The Following Items in Your Request: your name, address, phone; applicant's name and permit number; the location and distance of your property/activities relative to the facility; a specific description of how you would be adversely affected by the facility in a way not common to the general public; a list of all disputed issues of fact that you submit during the comment period; and the statement " [I/we] request a contested case hearing." If the request for contested case hearing is filed on behalf of a group or association, the request must designate the group's representative for receiving future correspondence; identify by name and physical address an individual member of the group who would be adversely affected by the facility or activity; provide the information discussed above regarding the affected member's location and distance from the facility or activity; explain how and why the member would be affected; and explain how the interests the group seeks to protect are relevant to the group's purpose.

Following the close of all applicable comment and request periods, the executive director will forward the application and any requests for reconsideration or for a contested case hearing to the TCEQ Commissioners for their consideration at a scheduled Commission meeting. The Commission may only grant a request for a contested case hearing on issues the requestor submitted in their timely comments that were not subsequently withdrawn.

If a hearing is granted, the subject of a hearing will be limited to disputed issues of fact or mixed questions of fact and law that are relevant and material to the Commission's decision on the application submitted during the comment period.

Executive Director Action. The executive director may issue final approval of the application unless a timely contested case hearing request or request for reconsideration is filed. If a timely hearing request or request for reconsideration is filed, the executive director will not issue final approval of the permit and will forward the application and request to the TCEQ Commissioners for their consideration at a scheduled Commission meeting.

Mailing List. If you submit public comments, a request for a contested case hearing, or a reconsideration of the executive director's decision, you will be added to the mailing list for this application to receive future public notices mailed by the Office of the Chief Clerk. In addition, you may request to be placed on: (1) the permanent mailing list for a specific applicant name and permit number; and/or (2) the mailing list for a specific county. To be placed on the permanent and/or the county mailing list, clearly specify which list(s) and send your request to TCEQ Office of the Chief Clerk at the address below.

Information Available Online. For details about the status of the application, visit the Commissioners' Integrated Database (CID) at www.tceq.texas.gov/goto/cid. Once you have access to the CID using the above link, enter the permit number for this application, which is provided at the top of this notice.

Agency Contacts and Information. All public comments and requests must be submitted within 30 days from the date of newspaper publication of this notice either electronically at www14.tceq.texas.gov/epic/eComment/ or in writing to the Texas Commission on Environmental Quality, Office of the Chief Clerk, MC-105, P.O. Box 13087, Austin, Texas 78711-3087. Please be aware that any contact information you provide, including your name, phone number, email address and physical address will become part of the agency's public record. For more information about this permit application or the permitting process, please

call the TCEQ's Public Education Program, Toll Free, at 800-687-4040 or visit their website at www.tceq.texas.gov/goto/pep. Si desea información en español, puede llamar al 800-687-4040.

Tracking No. 24468988; RN110843042/CN605694611

Dear Mr. Hobby:

We have completed the technical review of your application for a municipal solid waste permit for the referenced facility and have prepared a preliminary decision and draft permit.

You are now required to publish a *Notice of Application and Preliminary Decision* of your proposed activity. To help you meet the requirements associated with this notice, we have included the following items:

- Technical Summary
- Compliance History
- Draft Permit
- Instructions for Public Notice
- Publisher's Affidavits
- Public Notice Verification Form
- Notice for Newspaper Publication
- Executive Director's Preliminary Decision

If you owe any delinquent administrative penalties or fees to the TCEQ be sure to pay them. Failure to do so may delay final action on this application.

You must follow all the directions in the enclosed instructions. The most common mistakes are the unauthorized changing of notice, wording, or font. If you fail to follow these instructions, you may be required to republish the notices.

The following requirements are also described in the enclosed instructions. However, due to their importance, they are highlighted here as well.

1. Publish the enclosed notice within *45 calendar days after the date of this cover letter*. You may be required to publish the notice in more than one newspaper, including a newspaper published in an alternative language, to satisfy all of the notice requirements.
2. On or before the date you publish notice, you must place the following items in a public place in the county where the facility is or will be located: (a) a copy of your permit

application, including any subsequent revisions; (b) the Technical Summary and Executive Director's Preliminary Decision; and (c) the draft permit, including any subsequent revisions. These items must be accessible to the public for review and copying, must be updated to reflect changes to the application, and must remain in place until the commission has taken action on the application or the commission refers issues to the State Office of Administrative Hearings.

3. For each publication, return *proof of publication* of the newspaper notice that shows the publication date and newspaper name to the TCEQ Waste Permits Division within *10 business days* after notice is published in the newspaper.
4. Return copies of the completed *Public Notice Verification* form, *Publisher's Affidavits*, and *proofs of publication* to the Waste Permits Division within *30 calendar days* after the notice is published in the newspaper.

If you do not comply with *all* the requirements described in the instructions, further processing of your application may be suspended or the agency may take other actions.

If you have any questions regarding publication requirements, please contact the Waste Permits Division at 512-239-2335. If you have any questions regarding the content of the notice, please contact the project manager, Mr. Frank Zeng at (512) 239-1132, by email to Frank.Zeng@tceq.texas.gov, or in writing at the address on our letterhead (please include mail code MC 124 on the first line).

Notice of Application and Preliminary Decision for Municipal Solid Waste Permit

Proposed Permit No. 2406

Application and Preliminary Decision. PC-II, LLC, 300 Concourse Boulevard, Suite 101, Ridgeland, Mississippi 39157, a Mississippi limited liability company, has applied to the Texas Commission on Environmental Quality (TCEQ) for a permit to authorize a new Municipal Solid Waste Type I Landfill. The proposed facility is located in San Jacinto county and does not have street address. Its physical location is from the intersection of FM 1725 and Fostoria Tram, south 1.9 miles on Fostoria Tram Road to Jayhawker Road, west approximately 0.7 mile to Rajak Road, north 0.3 mile to facility entrance road. The TCEQ received Parts I and II of this application on August 28, 2019 and Parts III and IV of the complete application on September 16, 2020. The following link to an electronic map of the site or facility's general location is provided as a public courtesy and is not part of the application or notice: <https://arcg.is/08jO4L>. For the exact location, please refer to the application.

The TCEQ executive director has completed the technical review of the application and prepared a draft permit. The draft permit, if approved, would establish the conditions under which the facility must operate. The executive director has made a preliminary decision that this permit, if issued, meets all statutory and regulatory requirements. The permit application, executive director's preliminary decision, and draft permit are available for viewing and copying at the Shepherd Pubic Library, 30 North Liberty Street, Shepherd, Texas 77371. The permit application may be viewed online at <https://peachcreekep.com/resources/>.

Public Comment/Public Meeting. The TCEQ held a public meeting at 7:00 PM on September 28, 2021 via webcast. You may submit additional public comments or request another public meeting about this application. The purpose of a public meeting is to provide the opportunity to submit comments or to ask questions about the application. TCEQ holds a public meeting if the executive director determines that there is a significant degree of public interest in the application or if requested by a local legislator. A public meeting is not a contested case hearing.

Opportunity for a Contested Case Hearing. After the deadline for submitting public comments, the executive director will consider all timely comments and prepare a response to all relevant and material, or significant public comments. **Unless the application is directly referred for a contested case hearing, the response to comments and the executive director's decision on the application will be mailed to everyone who submitted public comments and to those persons who are on the mailing list for this application.** If comments are received, the mailing will also provide instructions for requesting a contested case hearing or reconsideration of the executive director's decision. A person who may be affected by the proposed facility is entitled to request a contested case hearing from the

commission. A contested case hearing is a legal proceeding similar to a civil trial in a state district court.

To Request a Contested Case Hearing, You Must Include The Following Items in Your Request: your name, address, phone; applicant's name and permit number; the location and distance of your property/activities relative to the facility; a specific description of how you would be adversely affected by the facility in a way not common to the general public; a list of all disputed issues of fact that you submit during the comment period; and the statement " [I/we] request a contested case hearing." If the request for contested case hearing is filed on behalf of a group or association, the request must designate the group's representative for receiving future correspondence; identify by name and physical address an individual member of the group who would be adversely affected by the facility or activity; provide the information discussed above regarding the affected member's location and distance from the facility or activity; explain how and why the member would be affected; and explain how the interests the group seeks to protect are relevant to the group's purpose.

Following the close of all applicable comment and request periods, the executive director will forward the application and any requests for reconsideration or for a contested case hearing to the TCEQ Commissioners for their consideration at a scheduled Commission meeting. The Commission may only grant a request for a contested case hearing on issues the requestor submitted in their timely comments that were not subsequently withdrawn.

If a hearing is granted, the subject of a hearing will be limited to disputed issues of fact or mixed questions of fact and law that are relevant and material to the Commission's decision on the application submitted during the comment period.

Executive Director Action. The executive director may issue final approval of the application unless a timely contested case hearing request or request for reconsideration is filed. If a timely hearing request or request for reconsideration is filed, the executive director will not issue final approval of the permit and will forward the application and request to the TCEQ Commissioners for their consideration at a scheduled Commission meeting.

Mailing List. If you submit public comments, a request for a contested case hearing, or a reconsideration of the executive director's decision, you will be added to the mailing list for this application to receive future public notices mailed by the Office of the Chief Clerk. In addition, you may request to be placed on: (1) the permanent mailing list for a specific applicant name and permit number; and/or (2) the mailing list for a specific county. To be placed on the permanent and/or the county mailing list, clearly specify which list(s) and send your request to TCEQ Office of the Chief Clerk at the address below.

Texas Commission on Environmental Quality

Instructions for Public Notice for Municipal Solid Waste Permit Notice of Application and Preliminary Decision

The Executive Director has completed the technical review of your application and issued a preliminary decision. You must comply with the following instructions:

Please Review Notice

We have included in the notice all of the information that we believe is necessary. Please read it carefully and notify us immediately if it contains any errors or omissions. You are responsible for ensuring the accuracy of all information published. You may not change the text or formatting of the notice or affidavit of publication without prior approval from the TCEQ.

Newspaper Notice

- You must publish the enclosed Notice of Application and Preliminary Decision **within 45 calendar days** after the date this information was mailed to you (see date of cover letter).
- You must publish the enclosed Notice of Application and Preliminary Decision at your expense, in a newspaper(s) that meets the following requirements:
 - First. You must publish notice either: (1) in the newspaper of largest general circulation *that is published in the county* in which the facility is located or is proposed to be located, or (2) if a newspaper is not published in the county, the notice must be published in any newspaper of general circulation in the county; and
 - Second. You must publish the enclosed Notice of Application and Preliminary Decision at least once in the same newspaper as the Notice of Receipt of Application and Intent to Obtain Permit
- The bold text of the enclosed notice must be printed in the newspaper in a font style or size that distinguishes it from the rest of the notice (i.e., **bold**, *italics*). *Failure to do so may require re-notice.*

Alternative Language Notice

If your application was received on or after November 30, 2005, you must publish notice in an alternative language if the following criteria are met.

- You must publish the public notice in an alternative language if either the elementary or middle school nearest to the facility or proposed facility is required to provide a bilingual education program as required by Texas Education Code, Chapter 29, Subchapter B, and Title 19 Texas Administrative Code § 89.1205(a) and one of the following conditions is met:
 - students are enrolled in a program at that school;

- students from that school attend a bilingual education program at another location; or
- the school that otherwise would be required to provide a bilingual education program waives out of this requirement under 19 Tex. Admin. Code § 89.1205(g).
- If triggered, you must publish the notice in the alternative language taught in the bilingual education program. You must publish this notice in a newspaper or publication primarily published in that alternative language. The newspaper or publication must be of general circulation in the county in which the facility is located or proposed to be located. If the facility is located or proposed to be located in a municipality, and there exists a newspaper or publication of general circulation in the municipality, you must publish the notice only in the newspaper or publication in the municipality.
- You must demonstrate a good faith effort to identify a newspaper or publication in the required language. If there is no general circulation newspaper or publication printed in such language, then publishing in that language is not required. Publication in an alternative language section or insert within a large publication which is not printed primarily in that alternative language does not satisfy these requirements.
- You have the burden to demonstrate compliance with these requirements. To assist you in meeting these requirements, the TCEQ has provided a Public Notice Verification Form (enclosed). You must fill out the attached Public Notice Verification Form indicating your compliance with the requirements regarding publication in an alternative language.
- If you are required to publish notice in Spanish, you must translate the site-specific information in the notice that is specific to your application, at your own expense. You may then insert the Spanish translation of your site-specific information into a Spanish template developed by the TCEQ. You may obtain the electronic version of the Spanish template from the TCEQ website at www.tceq.texas.gov/permitting/waste_permits/wastespanishtemplates.html
- If you are required to publish notice in a language other than Spanish, you must translate the entire public notice, at your own expense.

Proof of Publication

Check each publication to ensure that the notices were accurately published. If a notice was not published correctly you may have to republish.

- For *each* newspaper in which you published, you must submit **proof of publication** that shows the notice, the date of publication, and the name of the newspaper to the TCEQ Waste Permits Division (WPD) within *10 business days* after the date of publication. It is recommended that you maintain the original newspaper clipping or tear sheet of the notice for your records.
- For each newspaper notice, you must submit a ***Publisher's Affidavit*** to the TCEQ WPD within *30 calendar days* after the date of publication. *For each required published notice, you must use the appropriate Publisher's Affidavit form that is enclosed with these instructions.* The affidavit must clearly identify the applicant's name and permit number. *If you are using one newspaper to satisfy all publication requirements, you must still fill out all affidavits checking the relevant boxes for the criteria that the newspaper satisfies.*
- You are encouraged to submit the affidavits with the proof of publication described above. However, the affidavits must be submitted no later than *30 calendar days* after publication of the notice.
- You must fill out the attached *Public Notice Verification* form. On this form, you must verify that you submitted the notices and the *Publisher's Affidavits* as required by the TCEQ's

regulations and instructions. This form must be submitted with the *Publisher's Affidavit* within *30 calendar days* after publication of the notice.

- Email copies of the ***Publisher's Affidavits, the Public Notice Verification Form, and the proofs of publication*** to WPD-PNV@tceq.texas.gov.

Failure to Publish and Submit Proof of Publication

If you fail to publish the notice or submit proof of publication by the deadlines set forth above, then the TCEQ may suspend further processing on your application or take other actions.

Application in a Public Place

- You must put a copy of the complete application, the Technical Summary and Executive Director's Preliminary Decision, the draft permit, and any subsequent revisions to these documents, in a public place for review and copying by the public. This public place must be located in the county where the facility is located or proposed to be located.
- A public place is one that is publicly owned or operated (ex: libraries, county courthouses, or city halls).
- This copy must be accessible to the public for review and copying beginning on the first day of newspaper publication and remain in place until the commission has taken action on the application or the commission refers issues to the State Office of Administrative Hearings.
- If the application is submitted to the TCEQ with information marked as confidential, you are required to indicate which specific portions of the application are not being made available to the public. These portions of the application must be accompanied with the following statement: Any request for portions of this application that are marked as confidential must be submitted in writing, pursuant to the Public Information Act, to the TCEQ Public Information Coordinator, MC 197, P.O. Box 13087, Austin, Texas 78711-3087."
- You must fill out the attached Public Notice Verification form. On this Form, you must verify that a complete application and all subsequent revisions are available for review and copying in a public place as required by the TCEQ's regulations and instructions. This Form must be submitted with the Publisher's Affidavits within *30 calendar days* after publication of the notice.

Notice of Application and Preliminary Decision for Municipal Solid Waste Permit

Proposed Permit No. 2406

Application and Preliminary Decision. PC-II, LLC, 300 Concourse Boulevard, Suite 101, Ridgeland, Mississippi 39157, a Mississippi limited liability company, has applied to the Texas Commission on Environmental Quality (TCEQ) for a permit to authorize a new Municipal Solid Waste Type I Landfill. The proposed facility is located in San Jacinto County and does not have a street address. Its physical location is from the intersection of FM 1725 and Fostoria Tram, south 1.9 miles on Fostoria Tram Road to Jayhawker Road, west approximately 0.7 mile to Rajak Road, north 0.3 mile to the facility entrance road. The TCEQ received Parts I and II of this application on August 28, 2019 and Parts III and IV of the complete application on September 16, 2020. The following link to an electronic map of the site or facility's general location is provided as a public courtesy and is not part of the application or notice: <https://arcgis/08jO4L>. For the exact location, please refer to the application.

The TCEQ executive director has completed the technical review of the application and prepared a draft permit. The draft permit, if approved, would establish the conditions under which the facility must operate. The executive director has made a preliminary decision that this permit, if issued, meets all statutory and regulatory requirements. The permit application, executive director's preliminary decision, and draft permit are available for viewing and copying at the Shepherd Public Library, 30 North Liberty Street, Shepherd, Texas 77371. The permit application may also be viewed online at <https://peachcreekep.com/resources/>.

Public Comment/Public Meeting. The TCEQ held a public meeting at 7:00 PM on September 28, 2021 via webcast. You may submit additional public comments or request another public meeting about this application. The purpose of a public meeting is to provide the opportunity to submit comments or to ask questions about the application. TCEQ holds a public meeting if the executive director determines that there is a significant degree of public interest in the application or if requested by a local legislator. A public meeting is not a contested case hearing.

Opportunity for a Contested Case Hearing. After the deadline for submitting public comments, the executive director will consider all timely comments and prepare a response to all relevant and material, or significant public comments. **Unless the application is directly referred for a contested case hearing, the response to comments and the executive director's decision on the application will be mailed to everyone who submitted public comments and to those persons who are on the mailing list for this application.** If comments are received, the mailing will also provide instructions for requesting a contested case hearing or reconsideration of the executive director's decision. A person who may be affected by the proposed facility is entitled to request a contested case hearing from the

commission. A contested case hearing is a legal proceeding similar to a civil trial in a state district court.

To Request a Contested Case Hearing, You Must Include The Following Items in Your Request: your name, address, phone; applicant's name and permit number; the location and distance of your property/activities relative to the facility; a specific description of how you would be adversely affected by the facility in a way not common to the general public; a list of all disputed issues of fact that you submit during the comment period; and the statement " [I/we] request a contested case hearing." If the request for contested case hearing is filed on behalf of a group or association, the request must designate the group's representative for receiving future correspondence; identify by name and physical address an individual member of the group who would be adversely affected by the facility or activity; provide the information discussed above regarding the affected member's location and distance from the facility or activity; explain how and why the member would be affected; and explain how the interests the group seeks to protect are relevant to the group's purpose.

Following the close of all applicable comment and request periods, the executive director will forward the application and any requests for reconsideration or for a contested case hearing to the TCEQ Commissioners for their consideration at a scheduled Commission meeting. The Commission may only grant a request for a contested case hearing on issues the requestor submitted in their timely comments that were not subsequently withdrawn.

If a hearing is granted, the subject of a hearing will be limited to disputed issues of fact or mixed questions of fact and law that are relevant and material to the Commission's decision on the application submitted during the comment period.

Executive Director Action. The executive director may issue final approval of the application unless a timely contested case hearing request or request for reconsideration is filed. If a timely hearing request or request for reconsideration is filed, the executive director will not issue final approval of the permit and will forward the application and request to the TCEQ Commissioners for their consideration at a scheduled Commission meeting.

Mailing List. If you submit public comments, a request for a contested case hearing, or a reconsideration of the executive director's decision, you will be added to the mailing list for this application to receive future public notices mailed by the Office of the Chief Clerk. In addition, you may request to be placed on: (1) the permanent mailing list for a specific applicant name and permit number; and/or (2) the mailing list for a specific county. To be placed on the permanent and/or the county mailing list, clearly specify which list(s) and send your request to TCEQ Office of the Chief Clerk at the address below.

Information Available Online. For details about the status of the application, visit the Commissioners' Integrated Database (CID) at www.tceq.texas.gov/goto/cid. Once you have access to the CID using the above link, enter the permit number for this application, which is provided at the top of this notice.

Agency Contacts and Information. All public comments and requests must be submitted within 30 days from the date of newspaper publication of this notice either electronically at www14.tceq.texas.gov/epic/eComment/ or in writing to the Texas Commission on Environmental Quality, Office of the Chief Clerk, MC-105, P.O. Box 13087, Austin, Texas 78711-3087. Proposed Permit No. 2406

Application. PC-II, LLC, 300 Concourse Blvd., Suite 101, Ridgeland, Madison County, Mississippi 39157, a Mississippi limited liability company, has applied to the Texas Commission on Environmental Quality (TCEQ) for a permit to authorize a new Municipal Solid Waste Type I Landfill. The facility is proposed to be located approximately six miles northwest of the intersection of US 59 and Business SH 105, in San Jacinto County, Texas. The TCEQ received Parts I and II of this application on August 28, 2019 and Parts III and IV of the complete application on September 16, 2020; as such, this is a continuation of that application and not a new application. The following link to an electronic map of the site or facility's general location is provided as a public courtesy and is not part of the application or notice: <https://arcgis/08jO4L>. For the exact location, refer to the application.

Additional Notice. TCEQ's Executive Director has determined that the application is administratively complete and is conducting a technical review of the application. After the technical review of the application is complete, the Executive Director may prepare a draft permit and will issue a preliminary decision on the application. **Notice of the Application and Preliminary Decision will be published by the applicant in newspapers that meet the TCEQ requirements and mailed to those who are on the county-wide mailing list and to those who are on the mailing list for this application. That notice will contain the deadline for submitting public comments.**

Public Comment/Public Meeting. A public meeting will be held and will consist of two parts, an Informal Discussion Period and a Formal Comment Period. A public meeting is not a contested case hearing under the Administrative Procedure Act. During the Informal Discussion Period, the public will be encouraged to ask questions of the applicant and TCEQ staff concerning the permit application. The comments and questions submitted orally during the Informal Discussion Period will not be considered before a decision is reached on the permit application and no formal response will be made. Responses will be provided orally during the Informal Discussion Period. During the Formal Discussion Period on the permit application, members of the public may state their formal comments orally into the official record. A written response to all formal comments will be prepared by the Executive Director. All formal comments will be considered before a decision is reached on the permit application. A copy of the written response will be sent to each person who submits a formal comment or who requested to be on the mailing list for this permit application and provides a mailing address. Only relevant and material issues raised during the Formal Comment Period can be considered if a contested case hearing is granted on this permit application.

The Public Meeting is to be held:

Texas Commission on Environmental Quality

Notice of Receipt of Application and Intent to Obtain Municipal Solid Waste Permit

Proposed Permit No. 2406

Application. PC-II, LLC, 300 Concourse Blvd., Suite 101, Ridgeland, Madison County, Mississippi 39157, a Mississippi limited liability company, has applied to the Texas Commission on Environmental Quality (TCEQ) for a permit to authorize a new Municipal Solid Waste Type I Landfill. The facility is proposed to be located approximately seven miles northwest of the intersection of US 59 and SH 105, in San Jacinto County, Texas. The TCEQ received Parts I and II of this application on August 28, 2019 and Parts III and IV of the complete application on September 16, 2020; as such, this is a continuation of that application and not a new application. The permit application is available for viewing and copying at the Shepherd Pubic Library, 30 North Liberty Street, Shepherd, Texas 77371, and may be viewed online at <https://peachcreekep.com/resources/>. The following link to an electronic map of the site or facility's general location is provided as a public courtesy and is not part of the application or notice: <https://arcg.is/08jO4L>. For exact location, refer to application.

Additional Notice. TCEQ's Executive Director has determined the application is administratively complete and will conduct a technical review of the application. After technical review of the application is complete, the Executive Director may prepare a draft permit and will issue a preliminary decision on the application. **Notice of the Application and Preliminary Decision will be published and mailed to those who are on the county-wide mailing list and to those who are on the mailing list for this application. That notice will contain the deadline for submitting public comments.**

Public Comment/Public Meeting. You may submit public comments or request a public meeting on this application. The purpose of a public meeting is to provide the opportunity to submit comments or to ask questions about the application. TCEQ will hold a public meeting if the Executive Director determines that there is a significant degree of public interest in the application or if requested by a local legislator. A public meeting is not a contested case hearing.

Opportunity for a Contested Case Hearing. After the deadline for submitting public comments, the Executive Director will consider all timely comments and prepare a response to all relevant and material, or significant public comments. **Unless the application is directly referred for a contested case hearing, the response to comments, and the Executive Director's decision on the application, will be mailed to everyone who submitted public comments and to those persons who are on the mailing list for this application. If comments are received, the mailing will also provide instructions for requesting reconsideration of the Executive Director's decision and for requesting a contested case hearing. A person who may be affected by the facility is entitled to request a contested case hearing from the commission. A contested case hearing is a legal proceeding similar to a civil trial in state district court.**

To Request a Contested Case Hearing, You Must Include The Following Items in Your Request: your name, address, phone number; applicant's name and permit number; the location and distance of your property/activities relative to the facility; a specific description of how you would be adversely affected by the facility in a way not common to the general public; a list of all disputed issues of fact that you submit during the comment period, and the statement "[I/we] request a contested case hearing." If the request for contested case hearing is filed on behalf of a group or association, the request must designate the group's representative for receiving future correspondence; identify by name and physical address an individual member of the group who would be adversely affected by the facility or activity; provide the information discussed above regarding the affected member's location and distance from the facility or activity; explain how and why the member would be affected; and explain how the interests the group seeks to protect are relevant to the group's purpose.

Following the close of all applicable comment and request periods, the Executive Director will forward the application and any requests for reconsideration or for a contested case hearing to the TCEQ Commissioners for their consideration at a scheduled Commission meeting. The Commission may only grant a request for a contested case hearing on issues the requestor submitted in their timely comments that were not subsequently withdrawn.

If a hearing is granted, the subject of a hearing will be limited to disputed issues of fact or mixed questions of fact and law that are relevant and material to the Commission's decision on the application submitted during the comment period.

Mailing List. If you submit public comments, a request for a contested case hearing or a reconsideration of the Executive Director's decision, you will be added to the mailing list for this application to receive future public notices mailed by the Office of the Chief Clerk. In addition, you may request to be placed on: (1) the permanent mailing list for a specific applicant name and permit number; and/or (2) the mailing list for a specific county. To be placed on the permanent and/or the county mailing list, clearly specify which list(s) and send your request to TCEQ Office of the Chief Clerk at the address below.

Information Available Online. For details about the status of the application, visit the Commissioners' Integrated Database (CID) at <www.tceq.texas.gov/goto/cid>. Once you have access to the CID using the above link, enter the permit number for this application, which is provided at the top of this notice.

Agency Contacts and Information. All public comments and requests must be submitted either electronically at <www14.tceq.texas.gov/epic/eComment/> or in writing to the Texas Commission on Environmental Quality, Office of the Chief Clerk, MC-105, P.O. Box 13087, Austin, Texas 78711-3087. Please be aware that any contact information you provide, including your name, phone number, email address and physical address will become part of the agency's public record. Proposed Permit No. 2406

Application. PC-II, LLC, 300 Concourse Blvd., Suite 101, Ridgeland, Madison County, Mississippi 39157, a Mississippi limited liability company, has applied to the Texas Commission on Environmental Quality (TCEQ) for a permit to authorize a new Municipal Solid Waste Type I Landfill. The facility is proposed to be located approximately seven miles northwest of the intersection of US 59 and SH 105, in San Jacinto County, Texas. The TCEQ received this application on September 16, 2020. The permit application is available for viewing and copying at the Shepherd Public Library, 30 North Liberty Street, Shepherd, Texas 77371, and may be viewed online at <https://peachcreekep.com/resources/>. The following link to an electronic map of the site or facility's general location is provided as a public courtesy and is not part of the application or notice: <https://arcg.is/08jO4L>. For exact location, refer to application.

Additional Notice. TCEQ's Executive Director has determined the application is administratively complete and will conduct a technical review of the application. After technical review of the application is complete, the Executive Director may prepare a draft permit and will issue a preliminary decision on the application. **Notice of the Application and Preliminary Decision will be published and mailed to those who are on the county-wide mailing list and to those who are on the mailing list for this application.** That notice will contain the deadline for submitting public comments.

Public Comment/Public Meeting. You may submit public comments or request a public meeting on this application. The purpose of a public meeting is to provide the opportunity to submit comments or to ask questions about the application. TCEQ will hold a public meeting if the Executive Director determines that there is a significant degree of public interest in the application or if requested by a local legislator. A public meeting is not a contested case hearing.

Opportunity for a Contested Case Hearing. After the deadline for submitting public comments, the Executive Director will consider all timely comments and prepare a response to all relevant and material, or significant public comments. **Unless the application is directly referred for a contested case hearing, the response to comments, and the Executive Director's decision on the application, will be mailed to everyone who submitted public comments and to those persons who are on the mailing list for this application.** If comments are received, the mailing will also provide instructions for requesting reconsideration of the Executive Director's decision and for requesting a contested case hearing. A person who may be affected by the facility is entitled to request a contested case hearing from the commission. A contested case hearing is a legal proceeding similar to a civil trial in state district court.

To Request a Contested Case Hearing, You Must Include The Following Items in Your Request: your name, address, phone number; applicant's name and permit number; the location and distance of your property/activities relative to the facility; a specific description

of how you would be adversely affected by the facility in a way not common to the general public; a list of all disputed issues of fact that you submit during the comment period, and the statement "[I/we] request a contested case hearing." If the request for contested case hearing is filed on behalf of a group or association, the request must designate the group's representative for receiving future correspondence; identify by name and physical address an individual member of the group who would be adversely affected by the facility or activity; provide the information discussed above regarding the affected member's location and distance from the facility or activity; explain how and why the member would be affected; and explain how the interests the group seeks to protect are relevant to the group's purpose.

Following the close of all applicable comment and request periods, the Executive Director will forward the application and any requests for reconsideration or for a contested case hearing to the TCEQ Commissioners for their consideration at a scheduled Commission meeting. The Commission may only grant a request for a contested case hearing on issues the requestor submitted in their timely comments that were not subsequently withdrawn.

If a hearing is granted, the subject of a hearing will be limited to disputed issues of fact or mixed questions of fact and law that are relevant and material to the Commission's decision on the application submitted during the comment period.

 - students are enrolled in a program at that school;
 - students from that school attend a bilingual education program at another location; or
 - the school that otherwise would be required to provide a bilingual education program waives out of this requirement under 19 Tex. Admin. Code § 89.1205(g).
- If triggered, you must publish the notice in the alternative language taught in the bilingual education program. You must publish this notice in a newspaper or publication primarily published in that alternative language. The newspaper or publication must be of general circulation in the county in which the facility is located or proposed to be located. If the facility is located or proposed to be located in a municipality, and there exists a newspaper or publication of general circulation in the municipality, you must publish the notice only in the newspaper or publication in the municipality.
- You must demonstrate a good faith effort to identify a newspaper or publication in the required language. If there is no general circulation newspaper or publication printed in such language, then publishing in that language is not required. Publication in an alternative language section or insert within a large publication which is not printed primarily in that alternative language does not satisfy these requirements.
- You have the burden to demonstrate compliance with these requirements. To assist you in meeting these requirements, the TCEQ has provided a Public Notice Verification Form (enclosed). You must fill out the attached Public Notice Verification Form indicating your compliance with the requirements regarding publication in an alternative language.
- If you are required to publish notice in Spanish, you must translate the site-specific information in the notice that is specific to your application, at your own expense. You may then insert the Spanish translation of your site-specific information into a Spanish template developed by the TCEQ. You may obtain the electronic version of the Spanish template from the TCEQ website at www.tceq.texas.gov/permitting/waste_permits/wastespanishtemplates.html.
- If you are required to publish notice in a language other than Spanish, you must translate the entire public notice, at your own expense.

Proof of Publication

- Check each publication to ensure that the notices were accurately published. If a notice was not published correctly you may have to republish.
- For **each** newspaper in which you published, you must submit **proof of publication** that shows the notice, the date of publication, and the name of the newspaper to the Office of the Chief Clerk within **10 business days** after the date of publication. Acceptable proof of publication is: (1) a copy of the published notice; or (2) the original newspaper clipping of

the published notice. If you choose to submit a copy of the published notice to the Office of the Chief Clerk, the copy must be on standard-size 8½" x 11" paper. Published notices longer than 11" must be copied onto multiple 8½" x 11" pages. Please note, submitting a copy of your published notice could result in faster processing of your application. It is recommended that you maintain the original newspaper clipping or tear sheet of the notice for your records.

- For each newspaper notice, you must submit an **original Publisher's Affidavit** to the Office of the Chief Clerk within **30 calendar days** after the date of publication. **For each required published notice, you must use the appropriate Publisher's Affidavit form that is enclosed with these instructions.** The affidavit must clearly identify the applicant's name and permit number. **If you are using one newspaper to satisfy all publication requirements, you must still fill out affidavits #1 and #2, checking the relevant boxes for the criteria that the newspaper satisfies.**
- You are encouraged to submit the affidavits with the proof of publication described above. However, the affidavits must be submitted no later than **30 calendar days** after publication of notice.
- You must fill out the attached Public Notice Verification form. On this Form, you must verify that you submitted the notices and the original Publisher's Affidavits as required by the TCEQ's regulations and instructions. This form must be submitted with the Publisher's Affidavits within **30 calendar days** after publication of the notice.
- The **original Publisher's Affidavits, the Public Notice Verification form, and the proof of publication** must be mailed to:

TCEQ
Office of the Chief Clerk, MC 105
Attn: Notice Team
P.O. Box 13087
Austin, Texas 78711-3087

Failure to Publish and Submit Proof of Publication

If you fail to publish the notice or submit proof of publication by the deadlines set forth above, the TCEQ may suspend further processing of your application or take other action.

Application in a Public Place

- You must put a copy of the administratively complete application in a public place for review and copying by the public. This public place must be located in the county where the facility is or proposed to be located.
- A public place is one that is publicly owned or operated (ex: libraries, county courthouses, or city halls).
- The administratively complete application must be available **beginning on the first day of newspaper publication and must remain in place until the end of the comment period.**
- During the technical review, you must update the publicly available application so that it includes all application revisions within **10 business days** from the date the revision is transmitted to the TCEQ.

- If the application was submitted to the TCEQ with information marked as confidential, you must indicate in the public copy of the application that there is additional information in a confidential file. These portions of the application must be accompanied with the following statement: "Any request for portions of this application that are marked as confidential must be submitted in writing, pursuant to the Public Information Act, to the TCEQ Public Information Coordinator, MC 197, P.O. Box 13087, Austin, Texas 78711-3087."
- You must fill out the attached Public Notice Verification form. On this Form, you must verify that a complete application and all subsequent revisions are available for review and copying in a public place as required by the TCEQ's regulations and instructions. This Form must be submitted with the Publisher's Affidavit within **30 calendar days** after publication of the notice.
