not require the separation of church and public schools, was backed by Recover America, a group dedicated to electing Christians to school boards and led by Rick Scarborough, a prominent Christian nationalist.

Christian conservatives celebrated again this past November when their candidates won three more seats. Those candidates were financially backed by Texans for Educational Freedom and Cy-Fair for Liberty Political Action Committee, which calls “for public schools to end all teaching of immoral and anti-American values.”

The political activists behind these PACs are part of a coalition of Christian nationalist groups called the Remnant Alliance. The Texas Observer, a nonprofit news site, recently investigated the financial and political ties between a dozen alliance members and hundreds of member churches.

The alliance’s vision is “to see the body of Christ awaken across our republic, exercise their leadership role to influence others for God, and in turn, restore the Judeo-Christian foundations that brought America’s great blessings and welfare,” the group’s website says.

candidates and state and national activists is to create a separate PAC for each school district, such as Cy-Fair for Liberty. Dozens of these groups have backed 105 candidates in 35 districts who believe Christians should hold every leadership position and prioritize a biblical world view, the Observer’s Steve Monacelli report-

ed.

National groups play a critical role in developing strategy and ideology, though, including Turning Point USA. Founder Charlie Kirk has smeared Martin Luther King, made racist comments, demeaned immigrants, pushed ridiculous conspiracy theories and has become a key ally of former Pres-

ident Donald Trump.

A consistent conservative campaign theme is old-fashioned gay bashing. They start by banning drag performers from reading books to children, then clear library shelves of LGBTQ materials. They make baseless accusations that defenders of LGBTQ rights are perverts and pedophiles.

Hard-right groups have successfully mobilized their voters in low-turnout elections, particularly those held in May or odd-numbered years. This is how democracy is supposed to work. If you win a majority of votes, no matter how few, you get to implement your plan.

Christian nationalists have also lost elections. This month, voters in North East ISD in San Antonio rejected all five conservative candidates. Voters even ousted a well-known incumbent, thanks to the district employee’s union and a PAC called Bexar County Champions for Public Education.

The culture war between conservatives demanding conformity to their world view and secularists espousing individual liberty to live freely will define the 2024 elections. Voters must not forget, though, that culture has economic consequences too.

Our economy thrives on immigration, innovation, diversity and free thinking; turning Texas into Margaret Atwood’s Republic of Gilead will only squelch what makes our society thrive.

**PUBLIC COMMENT / PUBLIC MEETING.** You may submit public comments or request a public meeting on this application. The purpose of a public meeting is to provide the opportunity to submit comments or to ask questions about the application. TCEQ will hold a public meeting if the Executive Director determines that there is a significant degree of public interest in the application or if requested by a local legislator. A public meeting is not a contested case hearing.

**OPPORTUNITY FOR A CONTESTED CASE HEARING.** After the deadline for submitting public comments, the Executive Director will consider all timely comments and prepare a response to all relevant and material, or significant public comments. Unless the application is directly referred for a contested case hearing, the response to comments, and the Executive Director's decision on the application, will be mailed to everyone who submitted public comments and to those persons who are on the mailing list for this application. If comments are received, the mailing will also provide instructions for requesting reconsideration of the Executive Director's decision and for requesting a contested case hearing. A contested case hearing is a legal proceeding similar to a civil trial in state district court.

**TO REQUEST A CONTESTED CASE HEARING, YOU MUST INCLUDE THE FOLLOWING ITEMS IN YOUR REQUEST:** your name, address, phone number; applicant's name and proposed permit number; the location and distance of your property/activities relative to the proposed facility; a specific description of how you would be adversely affected by the facility in a way not common to the general public; a list of all disputed issues of fact that you submit during the comment period and, the statement "(I/we) request a contested case hearing." If the request for contested case hearing is filed on behalf of a group or association, the request must designate the group's representative for receiving future correspondence; identify by name and physical address an individual member of the group who would be adversely affected by the proposed facility or activity; provide the information discussed above regarding the affected member's location and distance from the facility or activity; explain how and why the member would be affected; and explain how the interests the group seeks to protect are relevant to the group's purpose.

Following the close of all applicable comment and request periods, the Executive Director will forward the application and any requests for reconsideration or for a contested case hearing to the TCEQ Commissioners for their consideration at a scheduled Commission meeting.

The Commission may only grant a request for a contested case hearing on issues the requestor submitted in their timely comments that were not subsequently withdrawn. If a hearing is granted, the subject of a hearing will be limited to disputed issues of fact or mixed questions of fact and law relating to relevant and material water quality concerns submitted during the comment period.

TCEQ may act on an application to renew a permit for discharge of wastewater without providing an opportunity for a contested case hearing if certain criteria are met.

**MAILING LIST.** If you submit public comments, a request for a contested case hearing or a reconsideration of the Executive Director's decision, you will be added to the mailing list for this specific application to receive future public notices mailed by the Office of the Chief Clerk. In addition, you may request to be placed on: (1) the permanent mailing list for a specific applicant name and permit number; and/or (2) the mailing list for a specific county. If you wish to be placed on the permanent and/or the county mailing list, clearly specify which list(s) and send your request to TCEQ Office of the Chief Clerk at the address below.

**INFORMATION AVAILABLE ONLINE.** For details about the status of the application, visit the Commissioners' Integrated Database at [www.tceq.texas.gov/goto/cid](http://www.tceq.texas.gov/goto/cid). Search the database using the permit number for this application, which is provided at the top of this notice.

**AGENCY CONTACTS AND INFORMATION.** All public comments and requests must be submitted either electronically at <https://www14.tceq.texas.gov/epic/eComment/>, or in writing to the Texas Commission on Environmental Quality, Office of the Chief Clerk, MC-105, P.O. Box 13087, Austin, Texas 78711-3087. Please be aware that any contact information you provide, including your name, phone number, email address and physical address will become part of the agency's public record. TEXAS COMMISSION ON ENVIRONMENTAL QUALITY

**NOTICE OF DISTRICT PETITION**  
**TCEQ Internal Control No. D-01182024-023**

**PETITION.** Bissonnet 136, LLC, a Texas limited liability company, ("Petitioner") filed a petition for creation of Harris County Municipal Utility District No. 584 (District) with the Texas Commission on Environmental Quality (TCEQ). The petition was filed pursuant to Article XVI, Section 59 of the Constitution of the State of Texas; Chapters 49 and 54 of the Texas Water Code; 30 Texas Administrative Code Chapter 293; and the procedural rules of the TCEQ.

The petition states that: (1) the Petitioner is the owner of a majority of the assessed value of the land to be included in the proposed District; (2) there is one lienholder on the property to be included in the proposed District, International Interests, LP, and evidence was provided that the lienholder has consented to creation of and inclusion of the land in the proposed District; (3) the proposed District will contain approximately 136.892 acres of land, located within Harris County, Texas; (4) the land to be included in the proposed District is within the corporate limits of the City of Houston, Texas (City), and (5) by Resolution No. 2023-1109, passed and adopted on December 13, 2023, the City gave its consent to the creation of the proposed District, pursuant to Texas Water Code Section 54.016.

The land to be included in the proposed District is depicted on the vicinity map designated as Exhibit "A," which is attached to this document.

The petition further states that the proposed District will (1) purchase, design, construct, acquire, maintain, own, operate, repair, improve and extend a waterworks and sanitary sewer system for residential and commercial purposes; (2) construct, acquire, improve, extend, maintain and operate works, improvements, facilities, plants, equipment and appliances helpful or necessary to provide more adequate drainage for the District, and to control, abate and amend local storm waters or other harmful excesses of waters; and (3) such other purchase, construction, acquisition, maintenance, ownership, operation, repair, improvement and extension of such additional facilities, including roads, parks and recreation facilities, systems, plants and enterprises as shall be consistent with all of the purposes for which the District is created.

According to the petition, a preliminary investigation has been made to determine the cost of purchasing and constructing the project, and it is estimated by the Petitioner, from the information available at this time, that the cost of said project will be approximately \$36,780,000, including \$24,630,000 for water, wastewater and drainage, \$7,640,000 for roads, and \$4,510,000 for recreational facilities.

**CONTESTED CASE HEARING.** The TCEQ may grant a contested case hearing on this petition if a written hearing request is filed within 30 days after the newspaper publication of this notice.

To request a contested case hearing, you must submit the following: (1) your name (or for a group or association, an official representative), mailing address, daytime phone number, and fax number, if any; (2) the name of the petitioner and the TCEQ Internal Control Number; (3) the statement "I/we request a contested case hearing"; (4) a brief description of how you would be affected by the petition in a way not common to the general public; and (5) the location of your property relative to the proposed District's boundaries. You may also submit your proposed adjustments to the petition which would satisfy your concerns. Requests for a contested case hearing must be submitted in writing to the Office of the Chief Clerk at the address provided in the information section below.

The Executive Director may approve the petition unless a written request for a contested case hearing is filed within 30 days after the newspaper publication of this notice. If a hearing request is filed, the Executive Director will not approve the petition and will forward the petition and hearing request to the TCEQ Commissioners for their consideration at a scheduled Commission meeting. If a contested case hearing is held, it will be a legal proceeding similar to a civil trial in state district court.

**INFORMATION.** Written hearing requests should be submitted to the Office of the Chief Clerk, MC 105, TCEQ, P. O. Box 13087, Austin, TX 78711-3087. For information concerning the hearing process, please contact the Public Interest Counsel, MC 103, at the same address.
