SOAH Docket No. 582-22-02856
TCEQ Docket No. 2022-0326-MWD
Permit No. WQ0016003001

APPLICATION.

Restore the Grasslands, LLC and Harrington/Turner Enterprises, LP, 4801 West Lovers Lane, Dallas, Texas 75209, has applied to the Texas Commission on Environmental Quality (TCEQ) for a new Texas Pollutant Discharge Elimination System (TPDES) Permit No. WQ0016003001, to authorize the discharge of treated domestic wastewater at a daily average flow not to exceed 200,000 gallons per day.

The facility will be located approximately 0.4 miles northwest from the intersection of North Murphy Road and Rolling Ridge Drive, in Collin County, Texas 75002. The treated effluent will be discharged to Maxwell Creek, thence to Muddy Creek, thence to Lake Ray Hubbard in Segment No. 0820 of the Trinity River Basin. The unclassified receiving water use is high aquatic life use for Maxwell Creek. The designated uses for Segment No. 0820 are primary contact recreation, public water supply, and high aquatic life use. In accordance with 30 Texas Administrative Code (TAC) § 307.5 and the TCEQ's *Procedures to Implement the Texas Surface Water Quality Standards* (June 2010), an antidegradation review of the receiving waters was performed. A Tier 1 antidegradation review has preliminarily determined that existing water quality uses will not be impaired by this permit action. Numerical and narrative criteria to protect existing uses will be maintained. A Tier 2 review has preliminarily determined that no significant degradation of water quality is expected in Maxwell Creek, which has been identified as having high aquatic life use. Existing uses will be maintained and protected. The preliminary determination can be reexamined and may be modified if new information is received.

The TCEQ Executive Director has prepared a draft permit which, if approved, would establish the conditions under which the facility must operate. The Executive Director has made a preliminary decision that this permit, if issued, meets all statutory and

regulatory requirements. The permit application, Executive Director's preliminary decision, and draft permit are available for viewing and copying at Rita & Truett Smith Public Library, 300 Country Club Road, #300, Wylie, Texas.
